Tři vysocí vojenští důstojníci, kteří se zřekli zločinného Bidenova režimu ve prospěch toho, aby stáli po boku generála námořní pěchoty Davida H. Bergera a konstituční frakce ozbrojených sil USA, předvedli krutou tvář poté, co se nerealizovala republikánská Rudá vlna. zdroj z generálovy kanceláře řekl Real Raw News.

Ve středu ráno obdržel generál Berger e-maily nebo textové zprávy od následujících důstojníků: generálporučík USAF Lori Jean Robinson, zástupce velitele letecké základny Langley; Gen. David D. Thompson, zástupce velitele vesmírných operací, United States Space Force; a admirál amerického námořnictva Joey B. Dodgen, velitel, Velitelství rezervních sil námořnictva, Norfolk, Virginie.

Ten napsal: „Udělal jsem chybu v úsudku. Jsem vázán přísahou, že budu podporovat vrchního velitele prezidenta Josepha R. Bidena a bránit náš národ proti všem nepřátelům, zahraničním i domácím. O svém pochybení jsem již informoval ministra obrany Lloyda Austina; snad mi odpustí...“

Ostatní zprávy, řekl náš zdroj, měly podobný tón. Generál Robinson napsal v dlouhém e-mailu, že ani ona, ani osoby pod jejím velením nemají pravomoc zpochybňovat výsledky voleb v roce 2020 nebo Bidensovo právoplatné vedení národa. Řekla, že byla „donucena“ k podpoře „disidentské“ armády a že se vydá na milost a nemilost administrativě a dodala, že je připravena přijmout jakýkoli trest, který jí přijde do cesty.

„Byl jsem oklamán lží, vašimi a Trumpovými lžemi, abych uvěřil, že volby byly ukradeny. Udělal jsem vážnou chybu a odčiním ji,“ napsal Robinson.

Stejně tak admirál Dodgen měl tvrdá slova na adresu generála Bergera: „Generále Bergere, dnes ráno jsem mluvil s ministrem obrany Lloydem Austinem a informoval jsem ho, že jsem v trestném činu porušování Jednotného kodexu vojenské spravedlnosti, konkrétně článku 94, spáchání vzpoury nebo velezrady. . Uvědomuji si, že to povede k válečnému soudu, ale vysvětlil jsem, jak jste vy a váš kádr přesvědčivě argumentovali, že Trump je stále zákonně zvoleným prezidentem Spojených států.“

Náš zdroj řekl, že generál Berger označil všechny tři zrádce, jejichž bezstarostnost nakonec povede k jejich vlastním vojenským tribunálům v zálivu Guantánamo.

Real Raw News poskytne více podrobností o tomto vývoji, jakmile to bude možné.

General Berger got it right. Again. It's great that they outed themselves and saved the White Hats a lot of grief trying to ferret them out.

Fuck these treasonous cowards...

Time to roll out the tanks and APCs. Civil war is much better than the Deep State dominance!!

No it's not. A civil war fight is against us the people not the true enemy that is causing all this pain and suffering. The cabal wants us to go into a fight against our brothers. We must stay strong and not go to civil war. The fight is against the cabal.

How? We need someone to take an action now, right now! No Rally, no social media, but do the massive arrest as generals and colonels suggested during the summer. Trump has been slammed on his face by Democrats, RINOs and cabals twice since 2020 by just showing the results against his rallies. Why he didn't learn the lesson from 2020? Biden sat in his basement and did nothing, but conspired with those cabals and communist in Europe and China, using their military apparatus to switch his votes to Biden's, and he did nothing about these. The people in China have been laughing Trump by saying that he just has a big mouth but no action at all. Putin didn't talk much like Trump, but he is action taken man and his opponents in Russia knew it, but did nothing to him. The United States needs someone just like Putin, not a businessman only talk, no action.

On the contrary the CCP was admitted by George Soros in 1987 that he owned the CCP so what's happening in China is a massive coup where president she is with the white hats and the CCP tried to take him out failed ask yourself these questions why is it that Jacob Rothschild in 2015 said Vladimir Putin is destroying the globalist agenda ask yourself when George Soros and Klaus Schwab and the Rockefellers and the Rothschilds all say that Vladimir Putin and president Chi should be taken out when you have some of the most vilest people on the planet from Bloodlines that are back to the Cesarean Mafia saying things like that towards other people like President XI and Vladimir Putin you got to wonder whose side who's on behind the curtain we the people will win the Constitution is in play God bless protect your protect your families stand for your rights as a citizen of this Republic

““I was deceived by a lie, your and Trump's lies, into believing the election was stolen. I made a grave mistake, and I'll atone for it,” Robinson wrote.”

This is the comment of a weak and lazy mind, one who only does what is easiest for the moment. It reveals laziness in being able to investigate things for themselves while also revealing a disposition to

look popular to others. When it comes to serious matters, its incumbent on the individual to, on their own, get the facts straight and not excuse oneself by blaming someone else. Bottom line – this reveals very poor substance and character in this person and those like her. And yet she is a general?????

Generals are some of the smartest people around. Well-informed as well. and they can still have a black heart.

You obviously didn't serve in the military. Generals are not, 'intelligent.' They are self serving, vicious – especially the ones who are loyal to wokeness.

“Generals are not, ‘intelligent.’” They should have some smarts – far and above what this “general” has conveyed. To become an officer in the US military, as I understand it, one needs to take university like courses in a number of things, such as calculus (so you have some concept of how to fire an artillery shell). There are other very involved engineering like things as well one needs to know. This means there is NO EXCUSE for the choice a general makes, such as was done by Lori Jean Robinson. Maybe the question should be: how did the system fail in allowing someone like this to advance as far as she did? This is a very deep soul-searching question.

There also freemasons, this all sounds crazy cyber security had the water marked ballots .something not right

It might not have been a landslide win for the Republicans but we still won the House Majority and quite possibly still Senate Majority. What are these traitors generals and admirals going to say then.

Reflecting on General Berger's words....Distinct possibility you are focusing on deflection. It ain't over until it is over. Obviously, there is more to come.

It's not about the facts, she knows the facts are the same. but she thinks the wind is blowing in a different direction and is going with who she thinks is the winning side. It was never about loyalty. It was always a career move and a cya move.

They may have gotten paid well by the DS for those statements. They will leave it for their families or try to disappear.

I hate to think that so many Americans are so asleep or stupid.

More likely that the vote counters are under Deep State control!

Yes. It's time for heavy tribunals. This has to stop! Unleash Berger!
Let him do his thing!

He's under orders and will stay there. That is the military. I'm not in it and never was cause I am too much a free spirit.

Berger isn't a 'White Hat' and he supports the vaccine and the military vaccine mandate, my friend

www.cmc.marines.mil/?videoid=820211

Agreed , Berger is a stand up guy.... Needs to be promoted.... We need more like him....

“I hate to think that so many Americans are so asleep or stupid.”

You are right about this. Back in 2019 I decided to see if high levels of rigging were occurring in elections, so I did a simple analysis. I looked at a few unimportant elections in a few states and found an odd pattern. It went something like this. In 2016 (to illustrate) 460,000 voted for party A and 440,000 for party B. 2 years later, when everyone was upset at party A, Party B had 650,000 votes but for some reason party A had 700,000 votes. For party B to have had an increase of 190,000 votes, means party A should have had a loss of 190,000 votes. But instead of a loss despite being unpopular, party A had a gain of 240,000 votes. For the state, this was a massive increase in voter interest of something like 50% when voter interest

should have declined. Right there I knew things were being grotesquely faked/rigged and right there I knew the so-called “conspiracy theorists” were right. Anyone in a position of authority who dismisses something like this has no business being in that position.

Not stupid ignorant if you go to a fair and the hypnotist up there brings 15 to 20 people up what happens is he weeds out the Lesser intelligent people because the smarter people can go under hypnotism deeper so brainwashing to super intelligent people is an easy access

They evidently don't understand that Donald J. Trump IS the Commander-in-Chief, see Derek Johnson and 1776Nation.

the disappointing mid terms ? really ? where do those of you naysayers get your info? from the MsM ? We now have control of the house. That was 45's primary focus. Would we have liked total domination in Congress? probably but it is NOT the end of the story. Much more to come. True Patriots will NOT be discouraged. Stop the negative thinking and pray. God is in control. HE has 45's back.

we only needed the House and now we have it. You democrats are evil and could never win an honest election. Good vs Evil. You may have won this skirmish but you will lose the war. Most of your side are already dead and replaced by clones/dummies with masks. Enjoy your short term victory. That is all you have and that is all you will receive. Hell awaits all of YOU.

“We only need the House” ... you obviously don't know how government works if you believe that.

Their reasoning is irrational! We're they just on board because it was the popular thing to do? 2020 was stolen end of story! They are so brainwashed that they don't see a thing. They were waiting for this

moment and because there was once again more stealing, they went with what they thought was the popular way to go. They don't even belong in the military!

QBall

Despite any disappointment (over yesterday's results), I trust MB's accuracy, so I'm going to push back any disappointment I have for another week, as I believe god stuff will start to happen by then.

Yep, the true colors shine. Number one

Title 28 USC 3002 SECTION 15A is the Law period. They are traitors because they are giving their life to a corporation not a Republic. Shame on them.

Hoping that along with Trump, General Berger is well protected... we don't want anyone snatching HIM in the middle of the night!

They were never loyal patriots to begin with then, a child can see this is still fraud. May God help this country, so many turncoats.

There's a cracking good article here, showing there's really good news about where we really are – and that we have every reason to still Hold The Line and Trust The Plan. [sbierma \[dot\] substack \[dot\] com/p/the-morning-after](http://sbierma.com/p/the-morning-after)

These stories are all BS. The proof is the simple fact that Trump never came back and there is not even a teaspoon of truth that can be validated.

these vaccine injured retards will still be trusting the plan while they are hauled off and murdered.

We don't vaxinate. We have brains. And The Plan doesn't seem to be working for us. What can we do but wait. "It has to be this way".

A plan is in place to rid 6,000 years of World EVIL; Baal Satanism Blood Sacrifice & Eugenics. This is not about just you and USA elections. It's about the death of an evil system that may be 17,000

years old. Six more months or so if it has to be is NOTHING compared to what work has to be done to finish off EVIL once and for all. This is a huge war which many do not understand as you've been socially engineered not to understand deep war game patterns. But this is the most righteous war ever. Study Hitler WW2 game plans he allowed and eugenics. What we are alive to witness today is worse, bigger, but. it's the plan to end it all and may still be uncomfortable for another year or so for total clean up of the huge filthy swamp. Wake up to the reality what really IS.

You'll be telling yourself this for the rest of your miserable life while it never actually happens

There's nothing else but trust the plan we can do. The DS has the righteous almost completely locked down, with no means to form any resistance, other than to complain.

You could just live your life without obsessing over a bunch of imaginary internet bullshit about White Hats and Deep States and junk, you know

I've been trusting the plan since DT came down the golden escalator.....and I will continue until he, the White Hats, and the military have completed their mission. God bless and protect them all.

Don't you wish ! I pray you are one that is rounded up and hung for treason.

Ha – yeah, and there's so much proof of what CNN MSNBC Fox tells us.

Traitors they are & complete cowards neeling before a resident Biden that only represents a defunct & bankrupt foreign run & owned corporation that is completely antithetical to The United States

Constitution. They definitely are totally guilty of Treason & sedition against their own country & should immediately be stripped of their ranks & be scheduled for their Military Tribunals ASAP!

So.. no EBS then, huh. Military can't even band together despite having even more evidence of fraud on top of all the 2020 evidence you said they had

Agreed... I want to know of Berger and the ganks will do mass arrest after 48 hours or they will come up with f@&\$^\$^ lame excuses again along with Trump.

Never bro, Berger isn't a 'White Hat' and he supports the vaccine and the military vaccine mandate.

www.cmc.marines.mil/?videoid=820211

well Don, it has not been activated yet. That will come at the appropriate time, not when YOU will it. Go hide in a closet until then.

They will organize a committee, which decide when to create a new committee in the future after watching for 30-40 years the NWO, maybe they get tired or old age finishes them. Then comes the new committee, which will wait for another century...

absolutely nothing. When the school bully hits on all the kids because they let him, is he going to stop? Of course not, he's got the power. It was clear what would happen because nothing was fixed from two years ago. And it'll happen again in two more years. This is all a facade to keep us quiet and waiting.

were you not paying attention ?

three high ranking military just got snagged in this net...

And MUCH more that you DON'T know about. !

This is progress... And a few articles just today....

What have you done other than keep hopium high and say to yourself everything would be better in next two freaking years???

No;

If they had solid proof with the 2020 election and nothing was done than they will do even less this time around.

“What are the whitehats gonna do about it this time? Anything?”

Time will tell. But what I can tell is this – there are some seriously big problems brewing right now in Europe and the Middle East. And they are so big so as to pre-empt anything going on in the US right now. If (when?) Europe collapses, kiss the world’s banking system goodbye. And everyone depends on the banking system each day. Then there is Israel which is at high risk of striking Iran, and even more so now given the anticipated “red wave” did not materialize. And this will be a whopper of a situation. I could go on, but you get the picture....

Nothing, MB will keep posting more articles and asking for your donation money for another 2 years though

Pathetic, absolutely pathetic. I guess your point of view is if YOU cant see it it does not exist. Pathetic, fairweather patriot.

Our source said Gen. Berger, in turn, branded all three traitors whose insouciance will ultimately bring about their own military tribunals at Guantanamo Bay.

I AGREE

And (Lloyd), should volunteer to defend them..and be HUNG along side them..killing two traitors with one stone..

Sadly, this very unfortunate news that some of our ranking military officers refuse to recognize the obvious election fraud. However if there are any more traitors, they should leave now and at least we’ll know who they are.

Meanwhile, there are many, many of us who will continue to stand with the Patriots in our fine Military against the DS communist Nazi World Order. Never forget the threat these enemies of humanity seek to implement. Can't stop now.

Even though so many patriots seem to be on the verge of black-pilling over the lengthy amount of time that has passed without a resolution, perhaps this story illustrates a possible purpose for the lengthy drawn-out operation: to flush out yet more sleepers in the military ranks.

That's the key! Why do you think the Fortune 500 CEO's act as they do?!! Money deposited at world bank. You do as NWO says and you keep \$\$ and your life. If not, you lose \$\$ and die! That simple!

MB, Just an interesting side note. The times that these articles are stamped at on Telegram change often. The previous article today was stamped at 10:04 central now it has changed to 10:02 am. How does that happen?

I bet they backed off because they know the so called white hats are not going to take any action after they do their little investigation. You don't think these guys have an inside scoop? You think they would back out knowing the white hats would take action???

Enough of the bullshit. Do something NOW ... no more waiting ... no more trust the fucking plan ... no more enjoy the show ... no more must wake up the masses.

One week to take action ... I don't want to hear "we need time to investigate" if we see the evidence now like in 2020 when that fraud took place ... so should the white hats even more so ... otherwise the so called white hats have been playing us.

there is no plan my friend. no one is coming to save us. trump isnt on our side. anyone believing in trump or q were conned. the last 6 years showed it. the last 3 election cycles showed it.

I give them one week to take action and that is more than enough time. Otherwise we are being played and I won't put up with their bullshit anymore.

Robin Earl Red Wine is playing you... And anyone who believes His. DRIVEL, since he is a known TROLL.

I said last week that something big has to go down, around now..or even I would "change directions".

.well the last several articles have been enough to hang in here on RRN.

It seems that very SERIOUS. SHTF SO SOON, that it WILL SHOCK US ALL !

Stay TUNED

It better ... and not next year either ... I'm talking days. Otherwise they have no credibility any more.

Exactly, or is "We have it all" another lame catchphrase like "NCSWIC". Bunch of fucks!

They got one week it will go from NCSWIC to NIC ... nothing is coming. I don't want to hear about how they got to investigate and the IF bullshit ... big red flag.

Yeah I find it extremely funny that you dummies have been falling for this shit for two years. I tried to warn ya bud

Good. They should have known full well about the EO's & what they were doing was 100% constitutional. Good riddance of bad rubbish. Biden isn't the one they should ask forgiveness from.

Which Biden would that be? The real, dead one, or the fake ones playing president in a studio? These Generals can't even tell the Biden on TV these days looks a lot different than the real one. Just how smart are these people?

HAHAHAHA! The narrative is slipping away. Trump was a tool in the game and was used very well to play with the masses. You get what you get.

correct... but the folks here will literally go to the grave trusting the vax pimp and cia psyop q.

Having a hard time understanding the change of heart. How has the election results changed their beliefs?

if they believed the 2020 election was stolen why not 2022? At least give it more than 20 hours.

I wonder if all 3 were Deep State plants from the beginning as we have seen over and over the words 'someone leaked'

If each of the three were being ferreted out for the various leaks esp after the most recent one that would explain the changes of heart. It suddenly became safer over in Biden's corner.

None of this actually happened dude, this is just Michael Baxter making up fictional 'setbacks' for the fictional White Hats as yet another excuse why there will still be no EBS, no mass arrests, no big voter fraud reveal, and all that other fake shit he keeps promising you over and over again

I mean things aren't ideal here in reality but completely losing yourself into a fantasy world isn't a great way of coping with it

You are RIGHT..... They must have been DEEP STATE PLANTS !
DONT LISTEN TO LLOYD ...HE IS A KNOWN TROLL...

The man in the photo above wearing a military outfit is willing to fraudulently represent himself as female, so, why would anyone believe he won't say or do what he must in order to serve his own delusions? An American man would never flip to the other side unless he has a personal goal to reach. American men have stealth and alpha characteristics.

The military seems to need powder puffs instead of bombs. Why are we paying for all this nonsense? I would like receipts disclosing how my money is being spent.

I call bull on this for if they go back to the Biden team they will be put in prison. Or they are just too stupid to understand that.

Harsh. I stand with the USMC. The die is cast. There will be no civil war in the United States. 90% against 10% is no civil war. My advice to Trump Team; open fire.

but you know they wont. they are complete and utter cowards. at best. at worst they are satanists.

Bullshit. This story is simply cover for why nothing will happen after this election. Nothing was ever going to happen. We've all been duped. Are we just going to wait some more until all the white hats defect? That seems like a great plan...

So then? They should be facing a military tribunal from the Biden regime? i mean, after all, isn't it still treason? Treason regardless of whom they are betraying? These sad sacks have nowhere to run to! Unless they were infiltrators all along?

So we know of fraud in battleground states. Why the sudden flip? DS? Plants? Can this damn ride BE DONE, already, please?

Due to myriad Dem policy debacles made over time and its sail craft by then utterly in the doldrums, prevailing winds suddenly came to fill the Dem's bi-coastal sails ... Blaming DJT would be to shoot oneself in the foot!

This is all one big LIE.

Michael Baxter is serial LIAR.

This site is "Q BULLSHIT".

Not ONE US Military member is trustworthy and all should be shot

on sight.

Trump is a globalist scumbag, Q is BULLSHIT and MB is a LIAR.
GFY RRN

true true true and true. no one is coming to save us. most people here will still be trusting the plan when they are hauled off and murdered by the deep state.

I think we are all Questioning this election like; Is there really that many citizens supporting the Biden criminal cartel? 2020 and 2022? The problem is these traitors are jumping ship thinking it will save them shows no courage. These are military leaders? I imagine in a war if they were captured and tortured they would crumble. We are at war.

Yes....we have been at war for years. It is now starting to come to a head. These traitors will probably regret the day they were born. Running to Biden for forgiveness and to hide under his chicken wings, will not save them. They will be hunted down by the White Hats and taken to GITMO where they belong. They were always DS and Biden's demons know that. They have just decided to show their true colors because demons can't pretend to help others for very long before they have to turn back to their evil.

Many of these TRAITORS will never make it to GITMO, they will be shot on sight as ENEMY COMBATANTS EXECUTED ON THE BATTLE FIELD.FUCK'EM

These assholes were never on board to begin with. They think this election we just had is legit? Dumbshits.

It was meant as a compliment, bozo.

You must have woke up on the wrong side of the bed.

For those who already forgot
Trump did gave his OKAY to make Mass Arrest

So, blaming Trump right now is a bunch of BS !!

Trump had 4 years and arrested no one. He is the commander in chief. Are you implying the entire military disobeyed him for 4 years? You sound like you have severe vaccine injuries and are borderline retarded.

I do not need your insult

Trump gave his okay only a few weeks back

Step back and read past articles

Keep your insult for yourself !!

Shills

Lol he gave the OK in Michael Baxter's canon fan-fiction bro. There are no mass arrests and there never will be

What can be said? The W.H. needs to move now. Otherwise more Mil will be lost. All we hear is 'the Storm has arrived', 'trust the Plan' and 'NCSWIC'. Well when!!!!?

It's too much pussy about going on!! Absolutely insane, Democrats are organized and they committed fraud again, what a surprise. And of course nothing will be done because they never even proved 2020 fraud yet. How on earth they trust the same voting system in advance? Just unbelievable somebody is naive

There are no F-ing white hats. Q is a psy op. I don't understand the doom and gloom at all. Because you don't allow comments and anyone who comments with an alternative point of view and tries to express those thoughts are deemed a troll and not worth listening to, so you don't understand. This election validates 2020. If you couldn't or were too stupid to catch them then, when you knew it was going to happen, you try to do it now when it is separate state elections, flat out incompetent. Q is so over. I have lost everyone I have tried to get into Q by bad intel nothing happening. From now on Q people can only tell me what Q did not what Q and the white hats are going to

do. Without proof Q psy op is like MSM, I will follow the story but won't believe a damn thing until I see the real PROOF. Q has played me one to many times. Call it dis mis information I don't care. At this point I'm calling it B.S. after several years of nothing I can prove.

Q, Gematria, Kaballah all are owned by the joo\$, for the joo\$ only..... Their plan to destroy our nation is almost at its end as Colombia, Brazil, Canada are all now bowing to China, ThE tribe's new \$LAV3 \$tate! We need to understand the mason's nor the joo\$ were our friend\$!

When people, especially those sitting on the fence, see no action, they lose faith. A four-star general should be smart enough to figure out what's going on. White Hats are better off and ahead to have this revelation. You don't want those kinds of people in your proverbial fox hole.

Sounds political to me! If the Republicans win we are on their side. If they don't, we are on Biden's side! They have exposed themselves. They should, at the least, be stripped of their rank and positions, denied any retirement benefits and be sent packing.

I can see the logic somewhat but I'm tired of being played. I will never believe Biden is a legit president. They stole that election in 2020. Just because they did it again pisses me off at being sold out by Q. All the Q intel said no midterms Scotus will Decertify 2020. That can't happen now and now Trump has lost 2020, and everyone I had interested in Q really thinks I am out there at this point. Just because I don't trust Q now, I trust MSM and Biden even less.

deliberate mis/disinformation to unnerve the DS rats
we were told it was going to be a bumpy ride

Amen. Let us not forget that God is on the side of right. God does things in his own time. I still believe that Donald Trump was chosen to be in the position he is in now and we are going to win. How else

can we allow ourselves to believe otherwise. We all must have some hope in this demonic world. God is my hope all the way. Prayers are powerful.

You treasonous fence straddler bastards have betrayed the American people, turned your backs on the Constitution, on your original oaths, on the real 2020 elected President. Strip them of their ranks. Biden is just a Resident you morons.

USAF Lt. General Lori Jean Robinson, vice commander, Langley Air Force Base; Gen. David D. Thompson, vice chief of Space Operations, United States Space Force; and U.S. Navy Admiral Joey B. Dodgen, commander, Navy Reserve Forces Command, Norfolk, Virginia, were leaning towards treason, now the cowards you are will be hung with the rest of the convicted traitors. Thanks for outing yourselves and coming out into the open.

We the people have the right and the duty to remove any and all selected or elected officials from office when they not longer work on behalf of the American people. ITS TIME TO STAND UP AMERICA

They no doubt were planted by the Biden Reich AKA Obama/Soros Reich. NWO. Sorry, Honey, neither side are forgiving. You made a big mistake.

I believe they were DS plants all along and now they want out. They fear the white hats are on to them. I am sure they were from the beginning and this is really no surprise. They know if the white hats get them, they will be executed. The white hats will get them too.

Turning against Trump right now is pointless.

Trump already gave his okay to Gen. H. Berger for a Mass Arrest. If they waited after The Mid-Term it was for a reason.

How many communists who are hiding and telling they are supporting Trump and just waiting a Faux Pas (if you think he is doing one) to turn against him and show their true colors???

I can see them, I can smell them... I do NOT want them 1 trillion miles around...

They all need to be identified.

You will see them coming out, you will have seen them chilling for Trump.

Infiltration instead invasion

This is who they really are... FAKES like FAKES ballots and acting like a voting machine engineered to deceive those who use them.

Watch-out for the flow of communists who will turn their back against Trump.

If you do know Trump, you know he is FOR The People as well as Gen. H. Berger and most Military.

I expect deSantis to push the anti-trump propaganda agenda and the 3 yellow stars (remember WWII and the infamous yellow star) to make wave from it...

Until they become all exposed...

Who says he HAD ???

I said Trump gave is OKAY to Gen. H. Berger

Don't distort my words !

Berger isn't a 'White Hat' and he supports the vaccine and the military vaccine mandate. You've been conned, buddy.

www.cmc.marines.mil/?videoid=820211

100% correct.. . YES they are exposed

Rats jumping ship, this shows WHO they really are. !

Weather the deep state executes them or they swing

At GITMO..is FINE with me.

As for the NON- election,.. It will be exposure for ALL the cabal

Supported candidates...
MORE. EXECUTIONS....
Everyone WINS !

Remember, even Jesus had Judas among his disciples. Judas wound up on the end of a rope too.. appears there is symmetry.

I told recently the recipe to have a “Color Revolution” which is what the Biden admin wants...

They wants a civil war by angering people.

People wanted a “Red Wave” that wave as flopped

People are angered

Sounds like if it was planned to me

angering people to get the civil war and bring the “color revolution”

If you can't see it, I wonder on which side you are...

This is confusing. Why would they defect if they know the truth and have seen all the evidence on vote rigging and Deep State activities? I don't get it.

Only snakes that were never loyal to begin with and were waiting for the right moment, is one possibility.

MB is just making up more ‘setbacks’ for the White Hats so he has an excuse for why they will continue to never do the EBS or mass arrests or anything at all that even proves they exist. It's a larp, bro

I think they were exposed to the real white hats and they had to make a hasty retreat and make it look like they were brainwashed into believing the truth. They belonged to Biden and the demons the entire time.

So they were “planted”? That's even worse. Now they have the secrets of white hats they are going to spill the beans.

I don't think that's the case at all. They know something we don't know ... I figure they have more inside information than we do ... like you said they now have the white hat secrets ... like the so called white hats have no intentions of addressing the fraud. And the deep state prove to them that elections can be stolen with impunity.

The military should have been on it, with all the evidence they have of fraud in 2020 and KNOWING this election was going to be stolen too. But you read MB report ... the white hats have to do an investigation, and IF and I mean a big IF they find something they will take action ... no mention of when though. Sounds like another carrot on a stick to me. There is NO excuse what so ever if action is not taken within a week. NONE.

Michael Baxter, some confusion here that you might explain.
“General Lori J. Robinson retired from the Air Force in July 2018 following a 36-year military career, including Commander of North American Aerospace Defense Command (NORAD) and US Northern Command (NORTHCOM).”

Almost correct. According to her bio at [militaryhalloffhonor \(dot\) com/honoree-record.php?id=318493](http://militaryhalloffhonor.com/honoree-record.php?id=318493), she retired on June 7, 2018. She was only Vice-Commander at Langley from May 2013 to October 2014. You can see her credentials there. So she RESIGNED (???) AFTER SHE RETIRED? Something doesn't compute.

I heard some military people were called out of retirement after the election was stolen etc

MB isn't really trying anymore. I bet he's shocked so many people here believe his utter garbage about “White Hats.”
Not one story written here is remotely true.

This is puzzling.
It looks like she left several years ago.

Perhaps recommissioned by “biden”?

No, MB just didn't do even the most basic amount of research. It's like when he incorrectly called Crandall a 'Rear Admiral' for six months after the real-world Crandall had been promoted to Vice Admiral. He doesn't actually follow or research these people, he just copy/pastes some names and runs with it

i cant fathom the sheep. the Christians even follow the bible over the reality. if you are anon and have done your research! we know and see the truth, god will take revenge. sad the deception and divide.

Bůh JE realita. To, v čem žijeme, není vůbec realita. Většina lidstva nebude schopna zvládnout pravdu a odmítne ji přijmout. Nemáte vůbec ponětí, kdo nebo co ovládá tento svět. To je skutečná bitva, kterou vedou WHats.
