Nedávno posílený pilot pro WBTV, pobočku CNN, zemřel v úterý odpoledne, když se helikoptéra, kterou řídil, vymkla kontrole a zřítily se na poli poblíž Interstate 77 v Charlotte v Severní Karolíně. Ve vrazu zahynul i cestující Jason Myers, meteorolog.

Přestože Národní úřad pro bezpečnost dopravy ještě nezveřejnil předběžnou zprávu o nehodě, dva zdroje na WBTV řekly Real Raw News, že pilot Chip Tayag dostal čtvrté očkování proti Covid-19 čtyři hodiny před osudným letem. Vyjádřili by se pouze pod podmínkou

anonymity, protože, jak řekli, právníci WBTV vydali směrnici pro všechny zaměstnance – vyhněte se zmiňování vakcín při diskuzi o havárii, nebo o ní nediskutujte vůbec, ať už ve vysílání nebo mimo ni.

Mnoho zaměstnanců v Charlotte Studio na WBTV vědělo, že Tayag byl čerstvě nasraný, protože se otevřeně chlubil stavem své vakcíny a prosil spolupracovníky, aby zůstali aktuální ve svých očkovacích režimech.

"Chip miloval své vakcíny," řekl jeden zdroj. "Kdyby slyšel, že někdo není na svých posilovačích, něco by řekl." To ráno byl ve studiu chytit Jasona. Chip se usmíval a ukazoval na malou náplast na paži a říkal lidem, že dostal další dávku podle doporučení CDC. Tehdy byl v pořádku, vypadal zdravě a sršel vtipy.

Druhý zdroj potvrdil příběh a dodal, že Tayag byl zručný a kompetentní pilot s 20 lety letových zkušeností a tisíci hodin letového času na staničním vrtulníku Robinson R44, světově nejprodávanějším vrtulníku pro všeobecné letectví od roku 1999. Postavil Robinson Společnost Helicopter Company, R44 má vynikající bezpečnostní výsledky; piloti říkají, že je spolehlivý, spolehlivý, rychlý a snadno se udržuje.

RRN nemohlo získat záznamy o údržbě WBTV R-44.

"Počkáme a uslyšíme, co řekne NTSB, ale mám problém uvěřit, že Chip ztratil kontrolu nad ptákem." Na to byl příliš dobrý. Nesnáším pomyšlení, že ho vakcína zasáhla; Sám jsem dostal pár ran," řekl zdroj.

Skutečné syrové zprávy nepřipisují úmrtí WBTV výstřelu sraženiny, protože je zapotřebí podstatných důkazů. Existuje však nepopíratelná korelace mezi vakcínami a piloty, kteří onemocněli nebo zemřeli během letu.

Real Raw News začaly o těchto jevech informovat v září 2021, kdy piloti USAF začali hromadně rezignovat na protest proti očkovacímu mandátu ministra obrany Lloyda Austina a poté, co se jejich očkovaní bratři začali vrhat z čistého modrého nebe v to, co ministerstvo obrany nazývalo „nehody při výcviku“. Dne 15. října 2021 utrpěl otrávený pilot na sedadle číslo 1 v letounu American Airlines A320 srdeční infarkt v důsledku akutní myokarditidy. Reflexy druhého pilota zabránily pádu draku letadla z oblohy.

Now, the regime's HHS wants to reimpose mask and vaccination mandates, which could endanger the lives of even more naïve sheeple. Yesterday the regime used a prop to scare people into getting tested and boosted before the Thanksgiving travel rush. A facsimile of the late Dr. Anthony Fauci, also known as Doctor Death, appeared alongside administration Spokesdemon Karine Jean-Pierre in a replica of the White House Briefing Room before a press pool that has long abetted the regime's charade. One reporter, though, flipped the script and challenged the fake Fauci on the origins of the virus. The body double or projection was apparently coached to answer only softball questions, prompting Jean-Pierre to erupt in a maniacal tirade and end the briefing prematurely.

Thank you Michael! They're trying to push to "single-pilot" flights as well, meaning there WON'T be someone to take over the controls if/when the pilot has a heart issue. Stay safe.

My Companion mother makes 50 bucks an hour on the PC(Personal PC). She has been out of work for quite some time however last month her check was 11,500 bucks only working on the PC(Personal PC) for 9 hours per day. For more detail visit this article..

Don't fly if they do that. I am not sure that is legal and boy that will drain the airlines due to the law suits.

I quit flying as soon as they created TSA and placed them in all airports, I have no flown since, nor will I until TSA is gone and there are no more jabbed pilots flying planes anywhere!

They have a auto pilot control, the plane could land by itself if it had to. Not a good scenario, but my husband is Avionics/ Aircraft specialist, he works on the auto pilot controls for a major airline.

The trail forward is becoming impossible. Let there be booms, fire, and visible retribution for the bastards-in-charge of our collective demise.

I have a passion for helicopters I think they are the most magnificent aircraft. I use a flight simulator to fly them. In the sim, that Robinson 44 can be a hand full compared to a Bell 206B. I always hate to hear when they go down.

Today is the day the supreme court must decide on the case about fraud and the 388 congress members named as defendants. We will know what happened ... probably nothing ... in a few hours.

[.supremecourt.gov/DocketPDF/22/22-380/243739/20221027152243533\\_20221027-152110-95757954-00007015.pdf](https://www.supremecourt.gov/DocketPDF/22/22-380/243739/20221027152243533_20221027-152110-95757954-00007015.pdf)

Holy jumping catfish! I just saw it from your link. The biggest boom since Hiroshima! Many thanks, bro. wwg1wga

I hope, but afraid they will kick it to the side, like the other ones? People are loosing hope, in that will happen. It will probably be 2024 unfortunately...

The only part we could see of Fauci yesterday was Karine's hair flopping around as she lied to the fake news as she scolded them

That looked like a different Fauci to me yesterday. He looked cleaner and younger in the face than the Fauci I'm use to seeing on the news. He didn't talk much or at all from what I saw as well.

You are 100% correct! That was not the original Fauci! It is a body double. Everything about "him" was completely different.

And also The Scarf Lady Deborah Birx, Dr Death Fauci & Fauci's Boss Collins have already arrived to the gates of Hell with their hero Lucifer watching them all burn to a crisp 24/7 in a never ending eternity!

Karine has no clue what the truth is. She's a puppet and only says/does what she's told.

Passed out maybe, or literally dropped dead and the meteorologist was on his own,. probably in shock at what was happening, allegedly. If you know they've just been vaxxed don't get into a car, plane, cruise whatever else when they are at the helm. Sad times.

Suicide. He realized he was a worthless POS working for communists and fascists. In a moment of clarity, he denuded the earth of his idiocy.

Thanks mate!

When they get done way less people will fly. I all ready stopped flying 2 years ago when they made it mandatory for them to be vaxxed. I will never fly again if the only pilots on planes are vaxxed. I will rent a car and drive places and enjoy the route with family stopping and enjoying different places alone the way.

wELL JUST SO YOU KNOW IF YOU STOP ALONE THE WAY YOUR FAMILY WON'T BE W/U,,, LOL

I wonder how many more people will have to die before they expose everything...you would think it would all be stopped by now

Maybe his employer told him to get jabbed. After all CNN worked for the deep state and big pharma and pushed the jab a lot like all MSM. The pilot's company might be complicit in his murder.

I thought if you worked for the deep state you didn't have to get jabbed, like the WH, the USPS, the FBI, the CIA and other deep state enclaves that don't require its adherents to take the poison shots.

A jabbed relative tried to say "did you get your vaccine yet?" Pushing it hard saying "It's okay, we (her family) only threw up for a couple of days, then we were fine". They thought strong people could work through the rough part of the jab, and the weaker one's weren't meant to survive this monster virus or vaccine. Death is here, they were accepting the risks, and figuring the losses, using false data, a "deadly virus" had arrived.

Oddly enough the husband has 3 doctorates in chemistry and physics and gets his jabs also. Goes to show how any people can be lied to. Why? Blue pill choices. They vote blue also. Science degrees don't seem to be what they are cracked up to be.

Some are saying the jab toxins add up cumulative. Chip Tayag, feels good enough after 3 doses to get a 4th. But the quick timing to get up in the air right while jab was hours fresh seems medical negligent.

There's no telling yet why he didn't feel bad after jab 1,2,3. The pilot killed himself and passenger Jason Chip, is what happened.

I would think about suing the pilots estate and give the money to Jason Myer's family.

Was it the deep state or was it his stupidity??? I mean think about it w/all the people falling dead and this dummy gets a 4th and brags about! Well so long as fred use to say YOU BIG DUMMY!

Who knows? and who knows if he really bragged about it,at this point we still don't know anything

Four vaccines? That is absolutely stupid. I got covid and kicked it in 3 days without a vaccine and im not a young man. This is a crime against humanity what they have done and it has to be put on display in the mass media for the whole world to see and not just on obscure websites like this.

Me also, I am 78 and got the so called certificate of vax. id [BETTER KNOWN AS COVID] I make my own Colloidal silver and was over it in three days!!!

That's the problem. Those who need to see this info most, are the least likely to ever see it.

Sadly, they are tethered to the lying MSM.

Hopeless.

Go watch Stew Peters, "Died Suddenly" video that came out! Spread it around as well!

"Now, the regime's HHS wants to reimpose mask and vaccination mandates, which could endanger the lives of even more naïve sheeple. Yesterday the regime used a prop to scare people into

getting tested and boosted before the Thanksgiving travel rush. “  
NO WAY IN HELL. STICK IT UP YOUR ASS, FDA AND CDC AND  
WHO AND CNN FAKE NEWS.

Excellent job, Michael, thank you, Please continue.

something unrelated but very important...Russian massive missile  
attack on energy infrastructure of 404 country- 14 major cities-  
include Kyiv- also major blackout in the Moldava....

we want the blackout in the US! dark atm's. no commerce unless  
cash or barter. no stupid fucking internet or phone

Then go live in a cave and leave us the hell alone. We have to live our  
lives in peace, and we don't need to do it with you around.

“Safe and effective,” isn't that what the experts in the medical field  
(and politicians, CEO's, and others in “leadership” positions) told us  
over and over regarding the covid vax?!

VACCINE COURT , GO look this up, the existence of VACCINE  
COURT is all the PROOF you will need to understand , vaccines are  
NOT safe, NOT effective, and have NEVER been safe , and NEVER  
been effective. But go look for yourself.

But why would the Globalists hide their plan to establish a one world  
government under their total control, and suddenly decide that We  
the People of the world deserve the truth when it comes to our health  
and well-being? What they really mean is “a safe and effective means  
of depopulation”, toward their goal of complete dominion over the  
earth and its resources.

To paraphrase Indian activist and anti-globalist Vandana Shiva,  
“This is really about our right to create, to conduct business, to feed  
our families, in essence, about the very right to live.” Perhaps now  
that the covid cat is out of the bag, we may more fully appreciate the

Declaration of Independence as it enumerates our rights, as bestowed upon us by God, to “Life, Liberty and the Pursuit of Happiness”,

Doesn't surprise hardly anyone anymore  
but mainstream media will just sweep this under a carpet. !  
just the same everyone have a Happy Thanksgiving

I'll call you on that, please take all of mine, my wife's, and all of our children for us. Then you will be even more beautiful than you already are, if that's possible. Btw that would be 32 shots at 4 per person.

If you act like a resident combatant, realize you have behaved as an enemy. Hardly surprising that taking you out might be part of wartime.

Reaching altitudes seems to be a problem for pilots who get the jab. Their clotted arteries can't withstand the heightened pressure. So many casualties and deaths, all to prevent the same...We aren't sure what happened here yet but it keeps happening over and over so go figure. Jabbed people keep jabbering about how good the jabs are because they cannot admit, at all, what they have done to themselves just like the pilot here. So typical and very sad.

I think if there are realjabbed people peeps writing here and they're not bots /shills etc...then they got the saline jab way back

Shameful that we aren't even allowed to protect peoples' lives by telling the truth more mainstream.

Watch “Died Suddenly” by Stew Peters! You will see just how large and rubbery those clots are! Its not just the pilots dying

My brother is everything to me. His wife made him get the shot. It did not take more than a couple of weeks for his body to break down. First his kidneys failed completely and he had to be hospitalized and put on dialysis for weeks on end. He never had kidney problems a

day in his life. Then, while in hospital he became paralyzed completely for about 7 days and couldn't wipe his own butt. Next he almost died from a severe drug reaction and finally he got a very bad blood infection from the dialysis entry point in his jugular. He had to really fight back from that as well...It has been eleven months now and he says he will never get another shot again. His wife is still gung ho. Some people you cannot help and she is one of them....others in my family, that I love so much have gotten the jab and I try to spend as much time with them as possible as I do not believe they will be here for very long. It breaks my heart in half.

I'm sorry about your brother. After all that medical drama, one would think the lady would change her mind. She must be hardwired brainwashed!!

Even if she can't sue the pharmaceutical company that made the shot, she can still sue the hospital to malpractice or misconduct, since the shot did so much damage to a family member, and they knew it was damaging to a family member and did it anyway.

Families are the worst enemies to fight in court. Any lawyer smelling a payout will find a way to prove it.

Some doctors will say "go screw yourself" to the higher ups and continue being healers and not murderers.

A little "patient does not need vaccine" on the chart can still stand under scrutiny.

Wish His Fraudulency would try to impose another vaccine and mask mandate. This might be the tipping point to finally wake the asleep masses and kick off the operation to remove the vermin that has overtaken this country and they can start paying for their crimes.

#NoAmnesty

We will never forget that our own military keeps looking the other way—it's shocking to see people keep dying over the jabs—All this info should be on the news—and yet it's not—people say well we got to do

this our Selves—fine-but were not able to fight back with a corrupted system. Nor do we the money to try—EBS—and QUIT TRAILS—or were doomed

I'm going to recommend that we all find and follow Derek Johnson who interprets Military and Constitutional Law along with President Trump's speeches where he drops comms right and left. Most of us don't recognize comms or can't interpret them for ourselves. Derek and SGAnon are leading the way.

Love SG Anon, & Derek knows military law like the back of his eyelids.

This is not a good time to take to the friendly Skies but in the next 72 hours a whole lot of people are going to travel for the holiday.! the bird brains are going to be taking to the airports.... When will they ever learn when will they ever learn ?

Can you say "genocide"? They even had it engraved in granite on the top of the Georgia guide stones, to " reduce the population to 500 million" Look it up, and see for yourself

Mandates = gratuitously... Which means Voluntary; without force, fear, or favor – Blacks Law Dictionary

Mandate; a contract which a lawful business is committed to the mgt of another, and by him undertaken to be performed "gratuitously".

In my view, it is commendable for Real Raw News to call it out when a body double makes an appearance. In this instance, according to RRN, it was the doppelganger of the late Dr. Fauci, not the real Dr. Fauci, who showed up in a replica of the White House Briefing Room. Personally, I see this as a useful clarification from Real Raw News. Unless I see a U.S. military statement to the contrary, I view Dr. Fauci as probably dead.

He has already assumed room temperature & immediately before Dr Death did he said: "Do you know who I am"!

These appear to be worms, parasites, living things. I would say, do anti-parasitics, of which Ivermectin is a dewormer. How interesting. Dr. Hulda Clark has excellent anti-parasite protocols.

With the corrosive toxins Drano has? There's a reason the poison control center is recommended to call in case of accidental ingestion by a child.

People aren't going to admit they are wrong. They will defend, attack and accuse the unjabbed as they slowly or not slowly die.

It was their choice. Well, actually MSM made it for them ,because they had no common sense!

painful in fact?

for fuck's sake this is part of the reason america sucks now, soft females like 'about time'.

Every time I explain these developments to my wife, she says I'm like the crazy guy on the Twilight Zone episode when William Shatner sees a man on the wing of the plane. Every time you [the wife] looks, 'he flies off!', William says.

lol

Meanwhile, when I observe Joe sniffing little girls and knowing what I know about what Obama did last summer, and having experienced FBI on the streets during 6 Jan first hand, I am absolutely convinced RRN is 100% legit.

This article explains a lot.

Still, it's hard to understand how the entirety of the press core could keep this all under wraps. .

So what? He'll have whatever he wants. Lots of hot women love to chill with dudes posting on the web apparently!

They're paid off and complicit. They have to follow orders or they don't get paid. Nobody wants to give up a \$40,000,000.00 multiyear contract just for spilling the beans. That's how Dan Rather got fired, over the no-show at ROTC practice for W in 2004. That's how New York's Channel 2 News Vince DeMentri got fired from his job for correctly reporting explosions in the WTC on 9/11 when the narrative was Islamists flying planes into the buildings.

Dan Rather inspired REM to write "What's the frequency, Kenneth" after he was attacked on the street and the assailant spoke those words to Rather.

And your last sentence sums up the whole thing. If MSM reported truth people would react accordingly and the world would be a DIFFERENT place entirely! All for want of a little truth.

Although I never got the jab I am still very concerned about "Shedding". Its controlling a lot of my life. I wish we knew the whole truth

get a package of Chinese star anise \*(which contains Quercetin) and steep a couple of cloves into hot water and drink it as a tea. Soak in a tub of Borax and Epsom salt. or if you want to splurge, get the Z-pac online or pine needle tea online. which contains suramine.

Also, Suraminex is a tincture which you take under the tongue so it gets absorbed immediately to begin to inhibit clotting. It's a combination of Star Anise and Suramine with fennel added for taste.

Fennel contains quercetin and zinc. It is anti-viral and binds the spike protein as does anise.

Activated Charcoal capsules acts as a grabber, & Natto-Kinase (fermented soybeans) dissolve spike proteins. I think you are wise, however, to be concerned, as i am. Good suggestions, Xena.

Can somebody please clarify who is in charge. Trump started operation warp speed (maybe with manipulated advice) and the program is still continuing and still killing people. Apparently, the military are now stating that the vaccine is a con. The military are in charge and Biden is in a fake WhiteHouse but the vaccine is still being mandated everywhere. People have been executed for treason but their Clone doubles are are still continuing to push the fake agenda. So who is in charge and when will it be resolved?

Very gladly.

First, think about how the Illuminati have been prepping their murder vaxxes for over 30+ years prior to the COVID hoax — RIGHT NOW THE WORLD POPULATION IS AT 8,000,000,001 AND COUNTING. There is no way in 9 months, Operation Warp Speed or not, that any vaccine can be successfully completed and safely tested on animals and humans in 9 months for over 8,000,000,000+ since the start of the plague in March 2020, even with multiple pharmaceutical companies all world the world collaborating to save the human race. NO WAY.

It takes up to 10 years to verify, test, do clinical trials and approve any vaccine for any sickness. 9 months is a pregnancy, 36 weeks, ask any obstetrician. 9 months is not, I repeat, not a decade. So this genocide jab program started before C19 in 2020, WAY BEFORE. At first, we thought it was a miracle when Dr. Maciej Drag from Poland announced he had a vaccine C19, but then he was silenced. AND WE KNOW MSM DID NOT COVER THAT GREAT EVENT!! During the plague, I contacted President Trump and Dr. Drag, and asked them both to work together to fight this plague and save the world — this was before we all found out we were lied to by the Rothschilds about C19 being a lethal epidemic, because they want to kill us all and to worship the devil himself with human sacrifices via

the jab. So C19 was a P-L-A-N-D-E-M-I-C. Everybody got lied to and deceived into it.

Then I found out that the genocide jabs were created for the plague over a period of 30 years prior to Joe Biden working with China and selling us out to the deep state, to bring the plague to the world, starting in Italy of all places — this is the same flu everybody gets every year and is not fatal. This means this starting in the 90s under Bush Snr., Clinton, Bush Jnr., Obama, Trump and now Biden, they were making the vaccines to kill off 7,500,000,000+ people to reduce the population to 500,000,000 to be WEF/MOTB slaves for the NWO elites.

The nasty Fauci and Birx and Tedros and Gates and Xi and Shengli aka Bat Lady and Daszak and Pence all collaborated together to lie to Trump and lie to the American people and the world about how bad the plague is, and how good the genocide jab is, so we could all say yes to the jab and “do the right thing for the greater good” — in other words, agree to commit suicide T4-style under their Nazi Germany-style death panel plan for our depopulation for Lucifer to be happy. THIS WAS THEIR PLAN FOR THE GLOBAL TAKEOVER.

But the deep state did not anticipate Trump tripping them up — he’s been fighting and double-crossing the Rothschilds from day 1. He put out clean shots with saline or serum, claiming this is the vaxx to fight COVID. Sometimes disinformation is necessary to trip up the enemy, everyone in war knows that. Trump’s been saying he took the shot, but he’s been taking the natural cures like Ivermectin and other drugs that did not involve the poison Illuminati jab before and after he got sick — that sickness he, and Melania, and Barron got in October 2020 was not COVID — they were trying to poison Trump and his family to bring in the shots faster and kill the Trumps, because Satan was pushing the clot shot ahead of schedule and forcing his archdevils to do it.

Thinking Trump capitulated to them and their evil plans, the bad guys started shooting everybody up with the clean stuff. But then when they realized nobody was dying fast enough, they realized

Trump tricked them and they started tainting the clean shots with the snake venom, the HIV, the fetal cells, the self-replicating hydras, the living baby cells, the graphene, the carcinogens, the worm-shaped clots that morticians are pulling out of corpses –and then they really got greedy for money because the companies were competing with other for profits – Moderna made Stephane Bancel \$504,000,000,000.00+ and he is not even a doctor or PhD scientist. BioNTech has the moneymaking contract on lock in Israel, and they got globalist Prime Minister Netanyahu to start pushing the jab on every Israeli citizen and resident living there, jabbing everybody in the nation to the globalists' satisfaction.

And prior to that, Bibi is on record saying he wants to microchip all the kids in Israel – and we know Israel is God's turf, and God doesn't like microchipping.

And the Rothschilds told Traitor Joe to mandate the jab in the U.S., to FORCIBLY jab the population, to MAKE THEM COMPLY OR DIE as the Nazis did what they did to makes Germans comply to their evil Reich. No jab, no job. Get it? Comply or die. No jab, no job, no school (even online classes), no food, no money, no travel, no shopping, no family holidays, no family get-togethers, no this, no that, nothing. And Taliban Joe KNOWS the clotshots are lethal, especially to babies and children who don't even get C19. When the SCOTUS ruled his forced vaxx mandates were unconstitutional, Joey flipped them the bird and continued his “get vaccinated” mandate orders anyway. Talk about disrespecting the laws and the courts!!

And now at the G20 conference in Bali, many leaders agreed to start mandating global vaccine passports, or people can't get around; and New Zealand's Prime Minister Jacinda Ardern spoke of the requirement to stop the truth from getting out, calling it “fake news” or “misinformation” online. LYING WITCH!!

President Reagan signed the National Childhood Vaccine Injury Act on November 14th 1986 which strips the vaccine-injured person of any ability to sue the pharmaceutical companies that made the vaccines in federal court, and it gave Big Pharma liability protection.

That protection covers the genocide jabs Rothschild Joe loves so much, because he LOVES the New World Order, he is on record for saying that in public numerous times, and will do anything they tell him to do even if it means breaking every international law in the book, including the Nuremberg Code, the Syracuse Protocols, the U.N. Charter, the Geneva conventions — yes, Defense Secretary Lloyd Austin demanded that even the military start getting genocide-jabbed or they face disciplinary action and dishonorable discharge. The ones that complied wound up dead or maimed, unable to serve. But China Joe doesn't care about that, he is following orders and he is telling Austin and the military to follow his orders.

But what if Trump tripped up the deep state to make them get so greedy, so sloppy, so rapacious that they overplay their hand and reveal how many people died by their tainting the clean vaccines? not only that, they are bringing out the vaccine they have been bringing out the vaccines they had been preparing for 30+ years for just such an event. Satan tried to ramp up his timeline and make more people die faster and bring in the New World Order faster. But God was not having it, and stopped his timeline and revealed the deception and the malevolent intent of the deep state upon the world. Now we know what the Illuminati are up to. People can sue the FDA, the CDC, the pharmaceutical companies for misconduct — misconduct strips them of liability protection, even if they can't sue for liability prohibited by the vaccine act Reagan signed in 1986. That will bring in boatloads of litigations on the part of vaccine-injured victims, including military servicemembers who were forced to get jabbed or lose their jobs and pensions.

Well written indeed.... When you said they can sue for MISCONDUCT that is good and another angle is BREACH OF TRUST. My Dad is a Q.C. and he said when you can't get them on anything else you can always get them on Breach of Trust proceedings. It is not hard to prove Breach of Trust.

We really have no proof of what the worldwide population is. I don't believe any polls or statistics. But great post though as usual.

It is my present understanding, that by rushing the deep state to unroll their vaccine program before they were ready, prevented perhaps 90% of people being forced to take the jabs. The control mechanism had to be slow & subtle to work, & instead, on full blast, acted to wake up many of us. By rolling it out prior to it becoming LAW, only mandate, it kept it at the level of a suggestion, tho' firmly forced & followed by many complicit-with-the-agenda businesses, such as hospitals. Even so, there was no time to falsify docs to support it as safe, & so it was never eligible as a LAW. Doing so quickly, perhaps saved many millions of lives, perhaps the greater majority of humanity. Big Pharma has been the devil itself, very dangerous to go up against. Trump certainly tried to push alternatives which would have simply healed people without any harm. Also, in The Art of War, it is unwise to interrupt your enemy while they are busy destroying themselves. Giving the deep state enough rope to hang themselves, there is much more than jail sentences. There is the entire wipe-out of deep state nefarious activities, constructs, organizations, & evil monsters. They go to Gitmo, not a brief jail term.

I don't think the comments are working again. My comment disappeared and apparently 34 other comments as well if the number above is correct.

lol, because to cali leftist cucks whose minds have been addled with puberty-blockers Julie usually does yankage! ffs

Every day these younger people are just dropping dead for no apparent reason!! We have every reason to believe it is these horrid vaccines!! The demons are so angry that so many of us refused to let them poison us. Our Dr.'s shake their heads and mumble when you

say “no”. They keep pushing though!! I have not had Covid either. It is time to tell the people the truth about these vaccines. Fauci deserved a public hanging!! God please continue to protect us from this evil!!

“The Big Reset” movie is out. Quite well done. Also, Stew Peters’ “Died Suddenly.”

Let the people know the truth and i mean the people who have been brainwashed harsh reality check is needed some will be able to handle it some wont not my circus not my monkeys 100% of the people need 100% of the truth

Show them everything. Even if they have hyperemesis and projectile diarrhea and last stage labor contractions with no pain relief at 75 units of pain. Let then see it all what their idols pushed on the world.

In my city, there have been many deaths of younger people (40’s and 50’s). Most died at home and no mention of an illness.

How would that make it different?

Are you sure that you understand Russian roulette?

So sad and could be avoided with just a little bit of research! Have you seen the new video Sudden Death? Rumble. For most of us, we’ve already heard 95% of it but it’s worth passing around.

The mockingbird media watchers are already back in masks in the grocery store by my house in Chandler, AZ. Not holding a lot of hope that they will stand up this time any more than they did last time.

Fuck no womb-man! Maricopa Cty stole the election again and the folks accept it. Americans have too much money, comforts, and means of pleasure to give a fuck.

Today, on Telegram i believe, Trump announced John F. Kennedy, Jr. as VP, & alive. There are major & monumental court actions before SCOTUS right now, pertaining to the Election Fraud, & Biden as a National Security Risk. Military standing at the ready, waiting on the word go, all around the planet, for a simultaneous take-down. Get ready to defend your family, & feed 'em.

Just looked at a chest xray radiology report from a neurosurgeon's clotshotted mother who presented with cough and shortness of breath persisting >8weeks! The report stated she had 'abnormal interstitial lung markings indicative of pulmonary FIBROSIS with pneumonitis. I spoke with her son who appeared alarmed.

The clots extracted from clotshotted patients by vascular surgeons reveal a different type of clot heretofore unclassified. The micro-clotting in the finely subdivided vasculature of the lungs is now presenting on chest xrays frequently.

We are amidst an irrevocable DIE OFF. Assume crash position.

Lloyd is Bofa, Del+a, Russe11, and several other troll turd names too. Don't sweat any details with this trolls and you'll be happier ]with what you're doing.

Will microclotting in the lung present similarly to PF on a chest xray?

If so, then as per the radiologist's report the abnormal lung markings are severe enough such that a CT scan of the chest be ordered as well.

Are you anxious about your shot? Get a d-dimer test from your GP. That will reveal microclotting. But shit, you don't have to take it from a MD/PhD.

I had an interesting conversation with the elderly lady who works part time and does the laundry at the local gym. She's close to 80 and I hadn't seen her for a few months and thought she had retired.

Found out she had been out sick for several weeks. She had received her 4th shot at the local clinic, and a few other elderly ladies she knew were also getting their 4th shots. Just under a week later, she started getting numbness in her left fingers and it migrated up her arm to her elbow. Then it subsided. Then about 10 minutes later it did it again but it went up halfway between her elbow and shoulder. She got alarmed and drove herself to the hospital. They admitted her, did a thorough examination and told her she had a mini-stroke. She's been in good health and walks a lot on the treadmills so this surprised her. When they took her out to the waiting room for her ride to pick her up, there were 3 of the other ladies who had also gotten their shots, waiting to leave. They talked amongst themselves and they ALL HAD MINI-STROKES the same day after taking the 4th shot at the same time. They are all just furious and will not take any more shots. Glad I didn't get any.

It shouldn't be too much longer until the already catastrophic death toll, skyrockets.

It will be interesting to see how the propaganda machine "explains it away".

I would agree with you in general; however, I've seen too many fruitcakes who appear to be inexplicably and overtly enamored of their experimental chemicals. Whatever.

My brother thinks Fauci & Biden are saints, & that i am of the devil. I think that they have nanobots & luciferase in their bodies, as well as aluminum, allowing them to be controlled in their thinking. Not to mention the propagandizing. To say they LOVE their vaccines is putting it mildly. Greatest thing since sliced bread.

One of SG anons comments that he knows that at least 75% of RRN is correct and seems sure Michael has a good contact /s.

Yes, & that some disinformation is necessary in wartime. They will never reveal their real actions until the matter is handled.

I believe and am not ashamed to admit that Jesus having Mary Madeline as a lover, a confidant, is probably the very best times of Jesus eternity physical being.

Not written by Baxter.

Baxter never wrote about this stuff, never had SO MANY DETAILS as though he were there, and the style of writing DOES NOT MATCH ANY of Baxters reports BEFORE he went away for that "HOLIDAY" to Alaska.

Figure it out people.

This ain't BAXTER.

Emergency Replacement. Mike was abducted by the Anunnaki in early 2021. Mike had a face off with Steven Steven Seagal on the planet Niebru, by the old saw mill. Mike was severely beaten whereas his fingernails mostly needed amputation. He's improving....

Thank you Kelly Brown, we all know you miss the original Baxter, before he was replaced with BAX1 abcdefg-clone. The new BAX1 looks a bit like R2D2 but has green and purple highlights. RIP BUDDY you were the jest.

he is having a grand time excavating Katie Hobbs' vaginal chasm. Don't worry. He was adequately prepared with a CRBN gas mask for the yeast and fish dish.

You really are a gross bastard. What are you trying to prove to whom? Whatever it is it doesn't belong here.

It is my opinion with all the people that are falling dead and he has to know and still get a 4th shot i can not feel sympathy or sorry for his stupidity the only thing he took someone else w/him!!! How many of you have ever read in the bible that in the end times people will be falling out of the sky???

Hi Sandy, I can't remember right off but will do some research, I do remember reading it a long time ago

I read in the Bible where birds will be falling from the sky, I believe its this 5G that it is causing those poor birds to fall and died.
