Sbor generálního advokáta soudce námořnictva Spojených států amerických zveřejnil jméno hollywoodského producenta, který byl zatčen poté, co se minulý čtvrtek večer zúčastnil banketu zločinného Bidenova režimu. Tou osobou je Eli Roth, americký filmový režisér, scénárista, producent a herec, jehož jméno je synonymem pro mučení-porno: Roth je nejlépe známý pro režii filmu *Hostel*, děsivý festival strachu, na kterém atraktivní, spoře oděné mladé ženy lákají.

nadržení vysokoškoláci do průmyslového skladu vlastněného tajnou společností. Tam jsou chlapci uvězněni a uhazováni bohatými, sadistickými elitami, které na oplátku mrzačí své oběti těmi nejhnusnějšími a nejgrotesknějšími způsoby, jaké si lze představit. Roth má na IMDB 43 producentských kreditů a také hrál roli Donnyho „The Bear Žida“ Donowitze ve válečném filmu Quentina Tarantina *Inglorious Basterds*. Kromě toho Roth koprodukoval film *2001 Maniacs*, ale nebyl pozván zpět do pokračování poté, co otevřeně ukázal pohrdání Jihem a gay filmařem Timem Sullivanem.

Eli Roth cvičil v reálném životě to, co vyprodukoval ve filmu, řekl zdroj JAG Real Raw News.

Podle vojenského zatykače, který přezkoumal RRN, nebyly Rothovy šňupací šňupání úplně smyšlené. Dokument tvrdí, že Roth se snažil, aby jeho filmy byly co nejrealističtější; Než začalo hlavní natáčení filmů *Hostel*, *Cabin Fever* a *The Green Inferno*, Roth si pronajal nemovitost v Bilishtu v Albánii a využil své konexe v podsvětí k najmutí členů albánské mafie k mučení a vraždění lidí způsoby, které se nakonec objevily ve filmech.

Oběťmi však byli američtí občané, především bezdomovci, které Rothovi lidé vyhnali z ulic Los Angeles. Bylo řečeno, že budou hrát ve filmu a budou dostávat peníze, oběti, z nichž mnozí měli údajně mentální postižení, byli letecky převezeni do Albánie, mučeni s přesností na palec svého života a rozřezáni, vykrváceni a sťati.

Ačkoli se v Rothových filmech neobjevily žádné skutečné vraždy, JAG uvedla, že získala audio a video, na nichž Roth přiznává, že osobně zorganizoval a dohlížel na smrt 16 mužů a žen v Albánii. Jedna byla 14letá žena na útěku, podle Rothova přiznání.

"Máme spoustu informací a informací o tom, že Roth je v kontaktu s ostatními elitami, které páchají stejné zlo." Tenhle zkurvený kurva byl zaměřený na zabíjení Američanů, protože to byli Američané, kdo by byl ve filmech mučen. Jeho zatčení povede k dalším," řekl náš

zdroj JAG. „Vliv Hollywoodu nechal mnoho těchto dementních herců nepotrestaných systémem trestní justice. Vojenský soudní systém není tak laskavý.“

Mate. I get it that you don't think much of this site. But then say something intelligent about it rather than just post the same meaningless drivel about how much you earn. That's just as crass as some of the other things that people say here and totally pointless other than exposing your own lack of imagination.

The most fitting death sentence for this vermin would be placing him in a room and introducing a Dogman to scare the shit out of him by the sheer ferocity of this genetically bred thing, then the beast will rip him to mincemeat and then feed the scraps to hogs....

Totally agree! Everyone even vaguely associated with this sort of behaviour needs to be removed permanently from society. Whether a producer/contributor or someone that supports them. Once they are involved in this there is no turning back.

I was not able to get through the movie Hostile as it is terribly !
Thank you for this chilling update, MB!

Disgusting being....I am so grateful to have disengaged from all things hollywood and TV and "star" worship. I don't know who any of the so called "famous" people are, but what I do know makes me

sick to my stomach and breaks my heart to be living in a world with such horrific energies

And DeSantis has caved to the sick, pedophile bastards at Disney. Trump needs to arrest fake patriot DeSantis. Sorry deep state bastard.

I believe it was reported here that DeSatanist was at GITMO for one of the executions. He knows how he will end up, the choice is his.

I'm curious where you got information that DeSantis is already at GTMO? I agree that he's got all the marks of Deep State – which is pretty much a forgone conclusion – just knowing that he's a Skull & Bones member & a Mason. But there's no way I can validate what you posted without a lot of work. Care to reveal how you know?

I thought I was the only one who doesn't trust DeSantis. I stopped liking him right after he got re-elected the 2020 because of Trump and then seemed to turn his back on Trump just like Mitch and a lot of the GOP that got re-elected in 2020.

The thing is I try to stay grounded since I've heard from some back ground noise that some of these people are also playing a role so as to stay in with the crowd and gather information. With the above being said he would have to distance himself from Trump in order to fix in with the Dirty GOP and gather information.

If they say the like Trump no one will trust them in the Dems or the

corrupt GOP. The only way they will trust you at all is if they blend in with the haters and backstabbers. Spies have to play dirty to be trusted by the bad guys.

It's hard for me to not like DeSantis when I know he has done well with Florida and then he says things about Trump when everyone knows he is running Florida kind of the way Trump ran America. Only time will tell.....

God Bless

I love DeSantis. He's done some great things. However the evidence just keeps accumulating that he's probably not our friend:

1. He's Skull & Bones. That's such an indictment in itself.
2. He let FEMA have their way with his constituents & turned his head.
3. He's a Mason
4. He's caved to Disney.

That said – things are not always as they appear. For me the jury is still out but the trend is always toward the truth over time so this will either get worse, with moderate corrections, followed by a steady grind downwards or it will bottom out when the destruction becomes too great to tolerate.

He might be a double white hat agent too, playing to the black hats to take various baits, then infiltrate them as one of their buddies, then set traps for them to fall in...We are in a giant James Bond movie of trying to figure out who is who, with 20 plots and 50 subplots, along while at the same time, congress, political parties, prosecutors, judges and the legal system has been infiltrated by the Rothchilds/Rockefellers cabal to depop the earth and the banksters stealing the cash...

Can you imagine all of the documentaries, books and talk show clowns that will be talking about this giant fiasco, WW III for the next 100 years....!

And they'll be asking, "how could anybody fall for a stupid trick and be that dumbed down" to take the clot shot?

Easy; TV and radio, fluoride in water and toothpaste, chem trails, nasty ingredients in food, vaccines and nonstop propaganda....

Before Aurelius Augustine (St. Augustine) was converted he led a similar life, though no mention of this level of depravity. He left the entertainment business and later became the light in the dark ages. I would say there is hope, but for these kinds of sins one must pay with their life.

Look, not all famous people are bad. Evil people are bad, famous or not. It has nothing to do with the money or fame, but it have everything to do with the heart. The heart is deceitful above all things, it is written, and these people choose to align themselves with demonic entities. It is not a sin to be successful and rich and popular, however it is a sin to commit atrocities on innocent people and worship a god or deity or idol commanding a person to do them. And Eli Roth will pay the price for his flatigious actions, that is a guarantee.

Hollywood is not bad. It did not start out bad. the actors and producers who began their careers using the new technology of film were not bad. It is a city of filmmaking and TV and online artistic performances and theatre. I've been to Los Angeles and it's a beautiful city. I've been to Washington D.C. and I love the historic

buildings in our nation's capital. The world-renowned filming town itself is not evil, however the people who belong to these secret societies raping and trafficking and killing kids and harvesting their blood within this town are evil. The same is with the District of Columbia.

This is the evil that Hollywood director Eli Kazan tried to stop from infiltrating the town with their secret societies and communities and paedophilia back in the 50s, but he got blacklisted during the McCarthy hearings when he named names of persons of interest. that was a betrayal to the establishment His own secretary quit on him, saying she refused to work for a "stooge." That "stooge" was a patriot trying to stop socialistic infiltration, which would then spread all across America unabated.

Many people's lives were ruined for leftist affiliations and the cupboards were bare because Communism was so hated. Back then, nobody wanted to hire a socialist or a Communist or a Stalinist or a Marxist. Now, it is being embraced by the leftists; and this is why our society, inside of Hollywood and D.C. and outside of Hollywood and D.C., is getting filthier and more corrupt by the year. All because of silencing the good guys exposing corruption that leads to killing, torture, paedophilia and blood trafficking.

There is a reason V.P. Al Gore was reportedly stopped at the airport carrying a case of blood. He said it was his blood he needed in case of medical emergencies; but he also went to Epstein Island with wife Tipper, so he could have sex with children. Virginia Giuffre exposed that fact, along with exposing politicians from New Mexico and other states visiting Epstein's homes for sex with underage women. Their marriage broke up after that. Why this dirtbag never got arrested can be laid at the feet of the secret societies keeping their crimes legal, and this is why people hate Hollywood and D.C. Not because of the good things they do, but for the evil they do behind close doors, the spiritual warfare raging in high places according to Ephesians 6, and people who know no better soon believe everything and everyone in that town is evil when they are not.

I refuse to paint every inhabitant of any town with the same broad brush on the good guys at the same time I do it for the bad guys. THAT'S NOT FAIR TO ANYONE.

Many judges, lawyers, politicians, clergy, producers, directors, teachers, artists, military leaders and studio owners belong to secret societies that do these nefarious acts against people and kids. It's totally legal because they are the lawmakers and they decriminalize crimes with their bills and use a little "persuasion" (as in the striking down of the Ashcroft v. Free Speech Coalition, which overturned the ban on virtual child porn in 2002, Docket 00-798) to further foul the stream.

It was Aleister Crowley who write "The Book of the Law" to further introduce secret society members to engage in paedophilia, and trafficking kids is a HUGE fortune in profits. That further fouled the stream, and this is why one who is a clean guy or gal in politics or any form of leadership can't get ahead unless they do something blackmailable. If they refused, they get set up and made to look evil and they have no choice but to play ball or else. That same book also prescribes consumption of child's blood.

Simple point: Corruption ruins good things we like and good people we love.

Jeannie Carmen was Marilyn Monroe's best friend in Hollywood, and the last person Marilyn talked to on the night she was murdered in 1962. Jeannie could not drive out to Marilyn's house that night because she was intoxicated and didn't want to get arrested for drunken driving. Had she risked driving under the influence, IMO that would have saved Marilyn's life because killers do not want witnesses to the crimes. After Marilyn was killed, Jeannie was told by one of the LCN-connected guys to leave town if she wanted to stay alive. And she did for 40 years. She returned and made a music video with her son.

Marilyn made the bad choice of doing the casting call on the "couch" which yielded the bigger roles she sought. One did what one was told if one wanted to get ahead. Jeanne was also approached to sleep with

producers and moguls for big parts in the movies, but she refused. And this is why we never hear of Jeannie Carmen's work, but Marilyn Monroe's work is everywhere. It's sad that people have to do that, but not everyone is like that. Marilyn was not evil, she was mistreated and abused, and yes, millions to this day love her; but she made some poor choices in life.

Nancy Reagan, nee Davis, was suspected on a Hollywood blacklist of having leftist affiliations, because she was confused with another Nancy Davis, and her future husband Ronald Reagan, future president, had to help her out. Not everyone in Hollywood is a morally reprehensible person engaging in filthiness and the dark arts.

Stop lumping things all in one basket, there are good people in Hollywood, even believers who do NOT do these things and they work making good things. They are just not well known because they refuse to do evil. And people like Mel Gibson who exposed the really heinous evil involving paedophilia and satanism have been blackballed from the industry. If they're not loving on Baphomet, they have to amass the funds elsewhere to produce their work. It's very expensive work.

What you say may be true however many wanted to be an actor or actress and basically sold their souls. They could have just as easily walked away from it all. Each and everyone made the choice to stay and reap the benefits of Hollywood. Many chose to just walk away and live normal lives. I have not one ounce of sympathy for anyone remaining in H'wood. They ultimately made their choice. Now they must pay the price. At least Gibson spoke out willing to expose it.

I know of half a dozen who are not even “Woke” and some who make Woke movies may not be monsters. But I’m often surprised by people I thought wouldn’t do Woke stuff, knuckled under and did some totally BS Woke work.

In 2004 Dennis Quaid did a completely Woke “Climate Change” movie, which surprised me somewhat. Some of you may know more than me, but I’m hoping he’s not done lots of such trash, and that he’s not another evil POS. Once I see an actor do one Woke picture though, I’m no longer surprised if the rabbit hole goes deeper.

Randy Quaid was harrassed by deep state creeps in Hollywood because of something he did or said, I forget what, and they didn’t like it; he and his wife suffered for it.

Randy and his wife were hiding out in Canada last I heard, he was exposing his handlers as they were told to shut him up aka off him because he was exposing corrupt people in the industry, the handlers then contact the media to report that him and his wife are doing drugs and are crazy to make them look bad...

Look at Steve Spielberg and the marvelous movies that he’s made and the actor; Tom Hanks have made together. Hanks was a great actor and these two guys are also hideous paedophelic monsters too. Hanks and his fag partner were hung at Gitmo and Spielberg also, might have already met his destiny at Gitmo too.

No, the wokey congress is starting to get real shakey now, because of all of the vax deaths that are happening and the tweeties are blabbing all over the airwaves and things are starting unravel for the bribed off goons that took the bribe money and they knew it was treason and it's getting close for them to pay the piper....Time to get out of dodge...

That would make it even better one bomb and they would all be gone with little to no collateral damage.

They were all in one location. In a huge tent. They were drunk and could have been bagged by the tent easily.....They don't really want to tangle with the enemy. They just pick off snotty little old ladies and her cohorts and call it a day....

They could put them all on no fly lists and sink fleeing yachts with the rods of god. I dont know why the whole thing is being treated with kid gloves. Consider how they invaded Iraq all willy nilly all elbows and assholes with no regard for anyone or anything else. But when it finally comes to confronting true evil they get all cautious, precise and gingerly about it.

Joan of Arc would have strategized differently. Oh yeah she would... She had more balls than any man alive, except Jesus

RRN is being quoted and referred to by a growing number of Truthers in their broadcasts. Friends who formerly would not accept anything I shared from RRN have now changed their opinion since their favorite Truthers are referring to this channel as a 'source'.

Imagine how much of this there is. We have to keep our collective eyes open in our communities for everyone's safety.

People of weakness fall into wickedness out of the heart's desire to be popular and wealthy. Poor choices from the start.

Let's see, Xena, where did this fiend go to school and what did the fiend major in?

MA Counter-Terrorism and Homeland Security student at Reichman University

Tel Aviv-Yafo, Tel Aviv District, Israel

Some of us still have our favorites. Pray for the ones looking to escape the evil. They need us.

That did not come as a surprise. I felt that about him in Rob Roy with Liam Neeson and Jessica Lange.

That was Tim Roth, in Rob Roy, rather than Eli. And from that movie was the best response I've ever heard in regard to Jessica Lange's character, the wife, considering ending her pregnancy after being raped by Tim Roth's despicable character. Rob Roy (Neeson's character) replied something along the lines of "it's not the child that needs killing." I wish a little more of that thinking was going on nowadays.

It appears in this case that art truly imitates life after all... unfortunately.

Mr. Roth's eventual death and damnation will imitate his art, which is the perfect inverse square of the trespasses he committed in life.

How fitting...

This is just another fluff piece to me, even though they might get a few more Hollywood elites. All that's needed is just a couple with a promise of death off the table they would squeal like pigs to save their own skin.

I didn't even know this guy was a director. I just thought he was some low level actor.

It's absurd to expect and demand Military war fighters to be "kind."

Thanks Michael for the update; hope it was not written on Sabbath, our rest day with Father Jesus ... just saying.

Have you never heard of jewish blood ritual sacrifices? These sick fucks engage in these rituals 8 times a year.

FYI Deviled Eggs were a jewish contribution to cuisine. The reason they were called "deviled" eggs, was because instead of being sprinkled with paprika they used to be sprinkled with the dried blood of Christians.

The reason the zionist owned and controlled media is always mocking blacks about watermelons is because Josephus the first century Jewish historian wrote that on the day of captivity all of the tribe of Judah members but the temple royal court jews were far away from Jerusalem working in the watermelon field. They know the truth. They know that they usurped the identity of the real tribe of Judah members.

This is why King Faisal said the Jews left black and came back white. He also said that Jerusalem was nothing more than a Russian/East European invasion. Look up the Haavara coin nazis. They migrated to Israel after the holohoax. Thank God their antisemitic pity card expired on Epstein Island. That was an Israel/Mossad pedophile honey trap that was being baited with Goyim children. So that sick nation of degenerate parasites could maintain their death grip on Americas military and purse strings. There is a video on youtube of fallen angels under the Euphrates where you can hear an audio of them. I cant wait until they are released and permanently round up all the Babylonian Radanhites around the world and seperate them from believers permanently.

For any fiend helper, down voting aimee for her post she's just giving you FACTS, and if your feelz don't like the facts, then you don't do discursive logic well.

Yeah, Blah, blah, blah... “fake Jew,” but is he? Eli and Roth, both serious Jewish names, and went to Tel Aviv University and Studied for Counter Terrorism (for Mossad?) Is that all ‘Fake Jews’, then where are any real Jews). Maybe all Jews are Fake Jews?

Well, aimee, I up voted you. it will soon be time to explore all these Jews.

And, yep, Epstein Island was was “an Israel/Mossad pedophile honey trap that was being baited with Goyim children.” So, all the Israel intelligence people were behind that operation, so not room for the so-called division between Fake and Real Jew there as they were ALL in on it.

These people are demon possessed monsters. There are so many of them it is unreal!! I am sickened every time I read about them!! Politicians are in it up to their eyeballs!! God help us protect our children from these demonic monsters!!

You are MENTALLY ILL. What an asinine question to address Michael!

Were YOU a star in Roth’s movies? Normal people do not watch those films. They have better things to do.

GET A LIFE FOR YOURSELF.

SWEET! Another time where the punishment should fit the crime and anything fast is too good for these “twisted f*cks”.

They call themselves “Hollywood” while actually they are ‘Demonwood’

Horrible disgusting demons

Thank you MB for your reporting, waiting to hear more have been arrested

Funny how we never heard of all the A-list celebs and directors that were supposedly arrested and executed but you put a whole page out on some creep nobody’s ever heard of? I’m glad he’s been caught but honestly.. there are high ranking figures who are still free and wreaking havoc with people’s lives. Surely there’s enough military personnel to get them all? Jesus... how much longer are they going to drag this out? Until all pilots die on the job? Until half the population keels over?

The pilots took the jab.. releasing information is not going to stop the deaths and illnesses due to the jab. The poison is already in their bodies.

The site AMG has a list of your so called A-list celebs and directors who have either been arrested or arrested and executed. Spielberg and Tarantino come to mind. As a bonus the list include royalties far and wide. Blessings,

While it's distressing to watch our nation willfully devolve into a retarded but zealous slave to the will of Communist China there are moments of satisfaction to be gained reading these articles. Roth deserves to be executed for the murders he's committed and the filthy, subhuman appetites he's nurtured.

According to citizenfreepress.com, an article showed the list of guests at Biden's bacchanalia, and lo and behold Chucky Schumer was there with his wife. Did JAG pick him up also, Michael?

Perhaps we might paint the Hollywood Walk of Fame with “pink” over the names and stars of the depraved and of the traitorous. Better to leave their stars in-place so that future generations might see how little we understood human nature and with what ease our slave masters shaped our state of mind.

I would say this story has too many details to dream up. Man their are SMF’s in this world..

Eli Roth’s clone will hit the ground running without missing a beat and display the same level of perversion.

Ye should have rolled up the mask that he wore during the Alex Jones interview into a small yarmulke to appease his detractors.

Wow. The push for rough blood shot gory films has been on the increase over the years. And it's guys like this that make sure the boundaries are ever increasing. Which in the end lead to snuff movies.

Well his life is not far from being snuffed out. I wonder if he will enjoy it?

Už jsem vám mohl říct, abyste prozkoumali Eli Rotha, před mnoha lety. To, že to mělo být způsobeno jeho náhodným nálezem za těchto okolností, spíše než zábleskem vhledu do vyšetřovacího aparátu JAG, je jediná věc na tomto příběhu, která mě nepřekvapuje. Vaše bílé klobouky, ať už jsou skutečné nebo domnělé, potřebují lepší vyhledávač. Potřebují přístup k informacím na úrovni Fusion Center. Proč to nemají? Pak by se měli začít učit, jak s námi pracovat Open Source Intelligence. Jako by do toho šli náměsíčně.
