„Objekt“ sestřelený v pátek nad aljašským vzdušným prostorem byl „letecký cílový dron USAF“, nikoli balón nebo mimozemská kosmická loď, uvedly zdroje z kanceláře generála Erica M. Smitha pro Real Raw News.

Minulý týden došlo nad Severní Amerikou k řadě takzvaných sestřelů neidentifikovaných objektů. Za prvé, režim tvrdil, že vyřadil z provozu čínský sledovací balón poté, co proletěl celou zemí. Mezitím

White Hats uvedl, že špionážní balón Deep State monitorující aktivitu milice v Montaně byl sestřelen kvůli fakturaci, což je tvrzení podložené 50 svědky, kteří viděli trosky padající z oblohy. V sobotu pak socialista Justin Trudeau tvrdil, že nařídil americkému F-22 Raptor, aby zaútočil na válcový objekt nad kanadským Yukonem. A v neděli zločinec John Kirby oznámil zničení dalšího záhadného objektu, tentokrát nad Huronským jezerem.

Kancelář generála Smithe se k incidentům na Yukonu nebo Huronu nevyjádřila, ale uvedla, že objekt sestřelený na Aljašce byl vzdušný cílový letoun USAF BQM-167A, vysoce výkonný, dálkově ovládaný cíl používaný k zajištění cílového dronu reprezentujícího hrozbu k podpoře Program hodnocení systému zbraní vzduch-vzduch a další zkušební a vyhodnocovací programy vzduch-vzduch letectva a ministerstva obrany. Je 20 stop dlouhý, může dosáhnout rychlosti 600 uzlů, provést 9g zatáčky a dosáhnout 50 000' výšky. Dron je vypuštěn ze země pomocí raketového startu a vypuštěn z kolejového systému. Dron může být vytažen pomocí padákového záchranného systému buď ze země, nebo z vody. Jeho maximální dosah je 1400 námořních mil.

Náš zdroj uvedl, že generálská kancelář začala incident vyšetřovat téměř okamžitě poté, co jej režim učinil veřejným záznamem, protože Bidenovi kumpáni byli klamaví v používání leteckého sledování k nelegálnímu špehování vlasteneckých Američanů. Navíc generálu Smithovi připadalo zvláštní, že k druhému sestřelu došlo tak brzy poté, co byl Biden široce kritizován za zdržování zničení čehokoli, co sestřelili poblíž Jižní Karolíny.

"Bidena nebo jeho dvojníka nepochybně rozzlobilo, že byl sestřelen za to, že nechal balón létat po americkém nebi, aniž by ho to odradilo." Když se objevila zpráva o objektu Aljašky, bylo to podezřelé a naše podezření, že jeho manipulátoři vyrobili událost, aby vypadal rozhodnější, prezidentštější," řekl náš zdroj.

Toho dne se styčníci pro generála Smitha dotázali na USNORTHCOM na letecké základně Elmendorf, Anchorage, AK., odkud F-22 vzlétl při honbě za bogey. Generálovi kontakty se pokusily získat podrobnosti od vyšších důstojníků 90. stíhací perutě, která provozuje Elmendorfovy F-22, ale s odvoláním na provozní bezpečnost odmítli o incidentu mluvit. Stejně tak byl generálovým mužům odepřen přístup k pilotovi, který na vetřelce údajně vypálil střelu AIM9X Sidewinder.

"Utrpení bylo zahaleno tajemstvím," řekl náš zdroj. „Pro funkční armádu je samozřejmě nezbytné nezveřejňovat citlivé materiály, ale mluvíme o vyšších důstojnících, kteří mluví s jinými vyššími důstojníky. Stalo se tam něco stinného. A pilot připoutaný k utajení byl jen další dílek skládačky,“ řekl náš zdroj.

V pátek večer však dvouhvězdičkový generál letectva, který tvrdil, že zná pravdu, kontaktoval kancelář generála Smithe s věrohodnějším příběhem než F-22, který zapojoval druhé čínské špionážní zařízení nebo loď pilotovanou Greyovými. Řekl Smithově kanceláři, že ministr obrany Lloyd Austin nařídil veliteli 90. stíhací perutě podplukovníku Ryanu Reese, aby vypustil dron BQM-167A a použil F-22 k jeho odvezení do Prudhoe Bay na Aljašce, vzdálené tundře bez kamer. nebo zvědavýma očima.

Generál letectva, řekl náš zdroj, poskytl generálu Smithovi časové razítko záběrů startů BQM-167A a F-22, ačkoli RRN toto video nevidělo.

„Tohle bylo plánované. Dron se vznesl a stíhačky se hned poté zvedly z ranveje. Následovali ho a sestřelili ho na rozkaz Lloyda Austina. Vypadá to jako PR trik,“ řekl náš zdroj. "Správa řekla, že to byl vznášející se objekt, nebyl." Mohou si vymyslet, co chtějí, protože tam venku není žádný život. Pokud někdy ukážou trosky nebo video z kokpitu, jsem si jistý, že to bude upravené,“ řekl náš zdroj.

V pondělním večeru jsme požádali náš zdroj, aby se vyjádřil k vytvoření „pracovní skupiny pro UFO“ administrativou.

"Udit. Klamání. Vyhozené dolary daňových poplatníků," řekl.

If everything went A-OK for the Biden gang, by 2024 they were planning on using halographic alien starships to fool and scare the morbidly dumbed down little people into thinking there was a space invasion from “Com mies from Mars”, the red planet....

Thanks, Michael for the confirmation. We’ve been expecting a flood of fake events. After Biden screws up, his PR mob waste no time to ‘clean up’ after him. What a shame he can’t do something positive and good for our country, has to create a presidential image rather than actually earning real kudos for FFs they have to manufacture at taxpayers expense.

Tin soldiers and Biden coming,
We’re finally on our own.
This winter I hear the drumming,
How many dead in Ohio.

Gotta get down to it
CIA agents are cutting us down
Should have been done long ago.
What if you knew her
And found her dead on the ground
How can you run when you know?

Gotta get down to it
FBI agents are cutting us down
Should have been done long ago.

What if you knew her
And found her dead on the ground
How can you run when you know?

Tin soldiers and Biden coming,
We're finally on our own.
This summer I hear the drumming,
How many dead in Ohio.
How many dead in Ohio (How many dead)
How many dead in Ohio (How many)
How many dead in Ohio (How many?)
How many dead in Ohio (How many more?)
How many dead in Ohio (Why?)
How many dead in Ohio (Oh!)
How many dead in Ohio (Four)
How many dead in Ohio (Why?)
How many dead in Ohio (Why?)

This is a bullshit diversion article. There are plenty of things to write about and MB writes about another decoy. The Ohio river is contaminated through many states, along with the air, soil and food because of an incompetent administration and we read about some distraction. WTF!!! This psyop site is doing what the Military wants- keep people distracted about unnecessary bullshit so they masses don't rise against the government.

@trust nothing — "... socialist Justin Trudeau claimed he had ordered a U.S. F-22 Raptor to engage a cylindrical object over the Canadian Yukon."

When did Americans begin taking orders from neighboring leaders, especially a BASTARD son COMMUNIST of the late Fidel Castro? Something stinks to the high heavens!

It's safe to wager that most all "alternative" information accessible to the public is controlled opposition. Any real, actual opposition would be keeping a tight lid on their operations. However, I have yet to see any tangible victories from the so-called "white hats".

Well it's nice to get the truth instead of all the bovine excrement they are shoveling at us.

That was the best these idiots could do in faking an extraterrestrial UFO? A small cylindrical BQM-167A drone with an obvious turbojet engine underneath? Not really much of an improvement over weather balloons.

"The administration said it was a hovering object, it wasn't. They can make up whatever they want since there's no life out there. If they ever show debris, or cockpit video, I'm sure it'll be doctored," our source said."

A person would think that senior officers would know if the **ETs** they would have to wage war against were real or not. And why would said **ETs** form an alliance with the Globalists who openly planned to depopulate 8.5 billion people? The civilized **ETs** would be party to mass genocide. Why wouldn't the bad **ETs** just wipe us out themselves, along with the Globalists? And if these fictional **ETs** were allied with our white hats, why would the Globalists be faking them to scare us? Besides, if these **ETs** were real, they would be capable of crossing hundreds of light years of empty space, and we are so primitive, we cannot even land on our own moon, let alone neighboring planets.

Helpful article, I was getting dizzy from the news about the 3 bullshits in the skies. Kim Goguen said the first thing in the sky was trying to poke a hole in the sun corona and she got it taken care of. Her whatever testimony was taken down the next day.

In the meantime aren't we supposed to know what the Russian Navy is threatening off the east coast?

When might I ask is general Smith going to start selling his Girl scout cookies sounds like that's all they've been doing over there making Girl scout cookies thought we were going to up the ante here Mr Smith... I want six boxes of peanut butter chocolate six boxes of mint chocolate

All these globalists elites and their satanic aliens/ UFOs can all go straight to Hell!! Sick and tired of all their lies and bull crap.

Test #2 Rebel News..

“Did you see that train derailment in Ohio? The one with the huge explosion and fire?

What's really going on there? *And why has it been almost completely ignored by the mainstream media?*

We're going to find out.

This morning, two Rebel News journalists arrived in the small village of East Palestine, Ohio, near the Pennsylvania border. Their mission: to follow the facts wherever they lead.”

UFOs and aliens are nonsense. However, the masses have been brainwashed by Hollyweird for so long they'll believe anything. Fear is an effective control tool.

If anything resembling one is seen it should be shot down by anyone in range.

Shoot it down even if Nicola Tesla is in it? He is from Venus. Many that work in the Pentagon are from Venus. If your common sense IQ is low then this post is not for you. Have a great life.

Far too sweeping. True, a lot of nonsense is written about ufo's and the US govt seems to be drumming up a fake "UFO invasion" narrative. But there are also UFO's for real. And some (most) are good but a few are bad. There are so many ET races. And the DS were in collusion with some really bad ET's but the good ET's have this last couple of years stopped it thank God – stopped the off-planet wars we humans fighting for justice could not have won unaided. But we still gotta clean up shit. Current flap is a DS non-starter.

Nonsense. They are all demons, fallen angels, or CGI holography from the globalists, practicing their sorcery on easily conned people like you.

Star Wars, Star Trek, Battlestar Galactica are all fiction, money making movies, the ETs vivid imaginations of mere artists, same creative mask makers that gave us Resident Biden and VP Resident Harris.

"Good ET's" "Bad Et's" ...People are all ready brainwashed, so sad... they are the ones that will get all fearfull and jump when they are told to save their lives.

Something go'in on in Ohio? Rebel News..

Well like all UFO deceptions, if anybody saw it from the ground, the debunkers from the Lying Legacy Media write it off as "swamp gas", "light house glare" or some other deceptive lie and if the little people see it, the rulers will write you off as "crazy", loco en cabasa, veruct

im kopf, too high or been drinking too much or smoking dope. They got the 99 % so dumbed down, they don't even give a rip for some dopey kind of explanation and the little people will lap up their excuse with a ladel.....

why are you humans here so stupid?

there is life, we are not alone.

this is how an alien invasion starts, lol.

always deny aliens existent. then boom. here we are motherfuckers!

humans: pikachu face.

The ALIEN invasion that you are referring to is the Lord of Hosts and his Angel Army, which is invading EARTH. He will deal with those who have tried to do evil upon His Eagle and the rest of the world. He will take them down and remove them from power. Expect changes in weather, as adjustments are made to the planet.

Discipline will begin with shaking in the churches, and will extend to remove the rest who are UNREPENTANT evildoers! God has told the prophets that He HAS this and will be separating His sheep from the goats. Scriptures said this was coming, and the prophets are confirming this. Keep the faith, continue praying, and above all REPENT!

You're pretty dumbed down if you can't see that God is already here working through those involved in the fight on earth. We're not waiting for God to arrive. God is already here.

Stop drinking the religious cool aid.

i'm the dumbest fucking guy on the planet then because God isn't doing shit but laughing. drink the jim jones purple drink

im starting to really hate this community. since this community thinks they are superior than everyone else.

ok russian fanboy.

“grey aliens are so evil, must kill them all”. no wonder how sicko you humans are.

Anti grav or ET ships cannot be downed by conventional weaponry but about 40 years ago the one over South Africa was downed by conventional weaponry and seems to be the only one done so. It takes a DEW class 5 equipped vehicle to down or destroy smaller ones but the larger ships have virtually impenetrable shields. The reason for so much secrecy and the downing of the “balloons” over remote areas or ocean waters is to prevent prying eyes to find out the truth. They seem to be part of the deepstate secret space program which is responsible for the quarantine enslavement of the whole planet. The secret branches of the military and CIA extend to many above and off planet operations. They are the major human traffickers responsible for horrible crimes against humanity.

oh look people disagreeing. which means they are soft and disgusted of having superior forces. imagine killing them cause of humans not being nazi race.

realrawnews.com has to have military okay for all their posts. They are the only ones that receive the intel. That’s why the fake msm, And every Fake Fact checker is allowed to debunk them on googles and other lib sites because they know once people read their lies- they believe anybody that adds fact checker to their names people fall for it and read no further.

So if I read into this correctly.

Deep state launch a Balloon of Air ship from Washington State, to spy on White Hats in Montana. It was shot down over Billings, by who we are not sure.

As they have no access to Satellite as White Hat Alliance or Space-force, have control.

Then Deep State launch a Drone, designed as test bait for to test Missiles. And fly it to north Alaska and pretend too shot it down. Making out it's a space craft.

Let the movie continue.

I'm nearly sure that there is life out there. Just not the hostile aliens that will soon be faked via project bluebeam.

Without context, readers choose the context that last stuck in their minds [Prudhoe Bay? Space?]

too busy or lazy to research, but just emotional enough to make pointless comments about hostile aliens to advertise their 2-digit IQ.

humans are funny thinking they are superior to other races cause they have jesus, lol.

its funny too, they forget if were to start a fight. we would loose. they are highly superior and more intelligent.

imagine fighting the predators. we would loose.

they have telekinesis too.

what do we have?

The DS have already bred bioengineered, rather nasty aggressive beings to resemble ferocious space aliens that will attack humans and they were going to be released after Hillary got in, but Trump blocked it and the DS could not pull off the alien invasion stunt and that would have been phase I of the NWO take down of humanity. They still had these aliens locked up, but have released them in Nat'l Parks and other places. They can be taken down with a 9mm pistol, though. They resemble a werewolf, but are referred to as "dogman". Phase II, could also not be implemented, by using earthquake and sunami weapons, because the WEF would have been affected too. Phase II was a planned scandemic hoax, but would cost huge sums of money to bribe off the state govts. and the whole ordeal would be

“iffy” to our rotten rulers, because their was too much to go wrong, as your seeing now by the collapsing WEF’ers, the US deep state..... A lot of bribed off govt. politicians, lawyers and judicials want their bribe payments and they are not getting them, because the tit has dried up, plus they don’t have any more immunity from prosecution...that they thought they were told by deep staters. Is psychopathy a disease or a god given right....?

CargoBB: good catch. According to 2010 census there 2,174, with temporary workers coming in when the oil drilling/ pumping machines are more accessible. Rte 11N goes directly into Pruhoe Bay (town?). After it freezes, they build “ice roads” west from there, to travel back and forth in the “oil fields” (frozen Arctic swamp and mud).

“The administration said it was a hovering object, it wasn’t. They can make up whatever they want since there’s no life out there. If they ever show debris, or cockpit video, I’m sure it’ll be doctored,” our source said.”

I agree with the commentary that eludes to the shit show coming to an end.

Whoever gave the order to hold off on the unmasking, needs to reconsider their thinking.

Old Mr. Nilly had a cat he called his own;

couldn't get that G-damn thing to go & leave his home;

gave it to a fella going far far away;

But the cat came back the very next day...the cat came the very next day...

When the cat's away, the mice will play, but only til the cat comes back...

NOTHING

There are a lot of mass arrests going on world wide right now, just because others don't know about them doesnt make it false.

Yeah, I keep wondering why the white hats haven't done mass arrests, and/or did the EBS, and/or arrested people for election hacking, and/or published a website with free energy tech and also proof of "people loving children too much."

It seems they have all these knockout cards they could play, but they just don't.

maybe it says that this is just a spoof site and not really telling us the truth. Don't get me wrong, i hope it is all true, what Michael publishes here.

With such volumes of organized disinformation, it's hard to know what is true, and what's fair tales.

It is all very true, if not Michael would be serving 99 years in prison right about now!

Most of us know it's all fake to frighten and to distract us. We don't believe this bs. I watched a video about 1-2 years ago where they were saying that they will use UFOs to frighten us and they will do it using Project Blue Beam. I'm not buying any of what is happening and I don't buy what happened in East Palestine Ohio as an accident.

That, I would guess, was planned to scare us to think the NWO is in control. Not for long, I hope.

“We'll know our disinformation program is complete when everything the American public believes is false” – William J. Casey, CIA Director, 1981

So for how long are they going to let “publicity stunts” come from this NON -Elected, fake-ass, genocidal govt.??

We all know anything they tell us is a lie!

This is huge!

The fraud of NGOs! i. e.

1) Prudhoe Bay has plenty of life. That's where Alaska gets its oil. It's lively 24/7.

2) Notice how the public was lukewarm to the story of aliens. Muh. Anshar or Pleidian craft.

3) If the bad guys are using aliens, we're getting close to the final win for the good guys.

I would say the PR stunt worked. The sheeple believe everything the mind milling media say as truth. Like that exdirector of the CIA once said " we know our job is complete when everthing the American people think is true is false" or something like that..

I know the lies go back before the civil war. As the discovery of the Original constitutions 13 amendment

That forbid lawyers from taking office in government. Was changed illegally. So think about that. Lincoln was a lawyer, so who changed it so he could become president. So is it true Lincoln and Karl Marx was friends? So fucking many questions that need to be answered But the lies on both side never stop lieing...

So it would seem there ae more black hats than white hats. Who is in control?

Military pretty much knows what's in the skies. But things can come in from portals, stargates, time travel or other dimensions? Maybe just decloak what's already there?

It had that empty, helpless feeling on truth watching the sites came up with 3 mass hysteria narratives with these crazy sites and titles. 'First, the regime claimed to have decommissioned a Chinese surveillance balloon after it traversed the entire country.'

'Meanwhile, White Hats said a Deep State spy balloon monitoring militia activity in Montana was downed over Billings, Montana, claim substantiated by 50 witnesses who saw debris plummeting from the sky. Then, on Saturday, socialist Justin Trudeau claimed he had ordered a U.S. F-22 Raptor to engage a cylindrical object over the Canadian Yukon. And on Sunday the criminal John Kirby announced the destruction above Lake Huron.'

No comment on the Yukon or Huron incidents but said the object downed in Alaska was a USAF BQM-167A aerial target plane, 20-foot-long, can reach 50,000' in altitude.

So war games, and the Palestine, Ohio could have been done to raise the price of PVC PIPES FOR HOUSING, ETC. who knows how to do chemical explosions? Pharma Scientists?

I would like to read more about Tribunals of detained criminal Biden regime..

Then of course the Executions
ASAP... Thanks Michael Baxter

Wow did Michael Baxter really delete my comment questioning if it might have been a recon drone sent from planet Nibiru? What does he not want to us to know about Nibiru? 🤔

Uh oh, Mike doesn't want us peasants to know the truth about this drone and Nibiru!

It's real strange that the Airforce Senior Officers would not speak with the other Senior Officers, then to cover it up they get a call a couple days later from a lower General and give their "version" of what happened. How arrogant of these Air Force dudes. I don't trust them as far as I could throw them. Next time JAG speaks with them tell them to stop dropping the chemtrails on us.

Can't tell where EVERYONE in the Military loyalties are at. Must know who some White Hats are and who some traitors are, but don't trust all of that either bc infiltrators on both sides too.

If you don't want 'someone' to know 'something', DON'T TELL ANYONE.

It is not only Cabal planes spraying chem trails, also off planet, very odd looking craft in broad daylight. Friend or foe? Need USAF photo expert Bruce McAbee to analyze. This area was common flight path for cigar shape cargo ships in 65'.

It's just SO heinous. They are spraying us like bugs. As for off-worlders doing it? I guess nothing is off the table because we are mushrooms kept in the dark.

Even wives can smell a clone. She will know that other bald dude is not her hubby.

Michael Baxter,

Is there any word about the train wreck and ensuing explosion in New Palestine Ohio? Seems like a Black Hat operation. Police do not have authority to explode toxic chemicals from a train wreck. The whole thing seems shady and the environmental ramifications are huge.

The news cities they plan to build up in the deserts would use a lot of pvc for the housing and other building pipes. This might raise the price. The metal was discontinued because it clogs up like metal on the inside. I can guess pharma-chemical companies know how to do

this kind of explosion, and need the money. Seems how they make money is one manipulation after another, like the killing of millions of chickens.

The war looking thing seems like they want that too. They aren't nice guys unless they're rich and your not.

We need be concerned about all the aliens in the District of Columbia, that Trojan horse independent City_State run by the Inner City of London and the Vatican.

...AND the weirdos coming in from Jump Rooms on Mars and Devon Island! Like Barry Soetoro and Andy Basiago.

Maybe a submarine from Russia like the one's they say on the east coast Atlantic will scoot up the Potomac to DC and go BOOM. Putin did say he would clean out the deep state in USA.

It is time for the military to move into place as well as President Trump to take his position as the legitimate, duly elected President and CEO of our constitutional republic. It is time for The Military to arrest and remove the person acting as Joe Biden. This is way way overdue. To include the vice President also. Who is not legitimate either. All of this is a total mockery of our nation. The totally fake white house, the whole damn bit. We have to wake people up, good. Some will never wake up. Show the EBS,

This will go on for another 6 years...the DS Plan builds up to "Project 2030" which is total enslavement of their serfs...because you are willingly following partners of the Habsburg Empire (who do you think funded the Dot-comm boom to engineer vast fortunes to take over USA?...the most bloodthirsty of stone-age Empires.

No one is coming to your rescue – US Military wants to be the tool of enslavement..."praetorean guards" they call themselves...hasn't it struck you as odd that the people who are ostensibly running this

psyop have no fucking care for getting the messgae out to a broader audience?

Does anyone really think that the saving the largest economy on the planet is a hush-hush secret that can only be shared on a single blog? Seriously? Put on your critical thinking-cap for a moment.

Does anyone really believe a Special Forces General, or MARSOC General is Cuckold to a vegetable posing as Joe Biden? Jogn Fetterman? George Santos? Seriously?

Come on, people....the longer you attempt to maintain this steel-fisted grip on “the way things were”, the longer this goes on...you need to learn to vote with a different collection of filters...your first act in citizen-rehab is to learn how to evaluate human character and vote for people who are builders and makers....not sociopaths whose best attribute is their narcissism and ability to manipulate the naive as effortlessly as waving a hand in front of their eyes.

The US Military, and law-enforcement is mocking all of you with this ball-achingly slow narrative of absolutley nothing; this is a Seinfeld episode about what?. Too many of you actually believe Trump is your messiah-figure...and he reminds you of this...reinforcing your irrational bias. You speak in terms of angels and demons, but all you reveal is your basic and foundational naivete...and gullability.

I beg you, please abandon any hope of somebody else fixing your problems while you watch from the “cheap seats”. You are responsible for yourselves...start taking responsibility for your own actions...you now have the Government you deserve....how will you change it? Don't say you'll vote your way out of it because we both know that isn't true.

They told the truth I figure when they said white hat high rangers quit working for the deep state because they couldn't possibly win because DS is too huge. All I can say is they know way more than

they are telling and and can't control the local police to pick up local arm stabbers for prison. It's inconsistent.

Fauci hangs while nurse Snake (not a real name) is stabbing and swabbing at the tiny local mental hospitals and other poverty homes daily today and the medical telemarketers are ringing the phones off the hook trying to get more stabs in arms. In New Zealand they have herded people in the latest floods that drowned 1/3 of the land, into masked environments tracking and arm stabbing people that are just flooded. Demon possession is called mental illness, and the people are plagued by them.

I'm figuring a guess that until people aren't demon possessed so much they will not see what's controlling who right in front of them. They are sheep herded to pharma like they flocked to churches with pedo's.

Yep , end this shit show, or at least leak some truth out there to the people that dont read this, but only trust Lester Holt, and the other TV actors!

Not for you to say when it's time. Higher Intelligences know when the time is right. First, more people MUST to wake up?

Well they just throw the ball into the court of the people and tell us it is all going on because we need to wake up, when in fact, it is all going on because the Military, and its' Commander have to wake up. This is how they blame us for them being asleep at the wheel. We people have been doing the best we can with the information given to us and with our efforts to vote. Alot of us have protested, changed our communities and done what we can. Some of us spread information. We are doing the best we can but someone and something isn't. I am getting tired of the lament that we are not waking up. How can we??? Under these circumstances??? I say we quit blaming ourselves, it is a tactic to keep us divided.

Agreed,. It is LONG overdue...

The entire criminal regime needs to be detained,sent to Gitmo and Executed.

Agree, it's been WAY too long.

I don't think that dragging out this farce any longer will have any benefit.

Figure Trump won't move to DC, but maybe if the underground is nuked will show up as a surface quake. They are all in the tunnel cities under the buildings. I mean the NWO shadow government. They must have a plan. Maybe implode the place and it looks like Turkey. The grand finale is said to be solar flash.

It is time for the military to move into place as well as President Trump to take his position as the legitimate,duly elected President and CEO of our constitutional republic. It is time for The Military to arrest and remove the person acting as Joe Biden. This is way way overdue.To include the vice President also.Who is not legitimate either.All of this is a total mockery of our nation. The totally fake white house,the whole damn bit.We have to wake people up,good.sSome will never wake up.Show the EBS,

Agree!!! We've been a witness to all of this nonsense for far too long.....Off with their heads!!!

agree! time to step up white hats. imo we dont even see these evil things coming! ohio? really? is that real? imo the wh have no clue whats going on. i thought once the wh had election proof they were going to shut it down and do the EBS. sad but alot of this is sounding pretty weak for being in control!

also this site sucks @mike, i can never log in and i cant make a comment unless i reply to anothers post!

You can comment, but you have to scroll to the bottom of the page to do it!??? Makes no sense

Know what's happening. It saves time.

UFO = unidentified flying object. A sea gull is a UFO if you don't know what a sea gull is. The...shenaniganists like to use semantics and changing or unclear definitions to confuse and disarm. Just because something is a UFO definitely does not mean that it's extraterrestrial.

Blue Beam/Blue Book, Orson Welles, "alien abductions" and... interstellar cow tipping, starting in the 50s, cosmology and science fiction have been used to make the non-retarded segment of the public cognitively prone to a fake alien invasion. Go read about the Fermi Paradox, and focus in special on what the cosmos call the Zoo Hypothesis. According to this highly suspicious hypothesis, K₃ (Kardashev 3, a species able to harness the energy of an entire galaxy) exist and have monitors in every solar system that awaken and annihilate any species that crosses certain thresholds, usually either AI, clones or nuclear war. And what, pray tell, are the shenaniganists currently busy either doing or convincing us they're doing? AI, clones and nuclear war. So spectacle of war, then benevolent UN/CIA "aliens" come down from on high and nuke us, or perhaps hit us with EMP attacks from Chinese weather balloons. Many people will believe this preposterous story, sadly, and will not even look for shenanigans.

If I have a grapefruit in New York and there's another grapefruit in Los Angeles, that is how far it is just to the nearest other star. The odds of anything flying on earth, unidentified or not, being from anywhere other than earth are close to zero. And earth is the sole place in the Universe we know for a fact has objects flying around on it anyway. Logic should tell you that a flying thing you can't identify is probably from earth. And the word "probably" is a massive understatement here. Why would anyone come here over such distances? How would they come here? Why this place out of literally

billions and billions of stars even if they could do it? Random luck? What is probable is what people should be asking, and it ain't K3 aliens being offended by nuclear war and AI.

Andromeda, is my usual ROOST. But, I understand the extreme sarcasm, although what I just read about those beings, is very TRUE. Life itself started far longer ago than most “hoomawnz” “think”. The education system is not allowed to “teach” certain “things”. I’m not speaking in code, it’s simply a way to put emphasis on these words. Anyway. Many within this REALM/WORLD/PARADIGM, do not practice with their minds. Most have no clue what is TRUE, and what is True, or true, or “true” (that’s like something is, because “they say so”, kin to sarcasm). Long before manufacturing, there WAS/IS MANIFESTATION. Most in “here”, “covid-19”, 2023, (99% sure, that’s not the actual “year”). Read up on the NORSE, read some Tolkien, Howard, Jordan, or even the Death Dealer books. I KNOW “demons” and I AM a DEAMON (as in past primitive emotions and “be lie fs” and EVOLVED SPIRITUALLY. Regardless of “be lie fe”, NOTHING, is a “NICK” name. Past Lives are FACT!! A pill 99.99% won’t grasp, or do “they”??? Hmmm??? Orion, another nm, and far too many others too COUNT. USMC, SSP, SPARTAN SPACE PROGRAM!!! From PLUTONIAN DAYS!! My AKASHIC and GENETIC MEMORY (the DNA “they” say is useless) is fairly POSITIVE, I’m RE-CALLING, correctly. But, in a world going on 1%, Hu’s to say??? Hmmm? The Shadow KNOWS

No. My dots assemble to show the Big-Sky-Freak-Show to have been intended to humiliate Television news. The Bookmark president will also be revealed soon, also adding to the growing public recognition of reporters as duplicitous henchmen of the world-wide consortium of globalist crime families. This establishes in-advance the “national shrug” as the wished-for outcome from a national network takedown. Once the tap is turned, staunching the flow of lies, the Great Reveal can begin. wwg1wga

Allow me to be the proverbial lone wolf here. Who is to say the DS is not the brainchild of Q+. It is suggested that Q+ is a time traveler. Just the messenger, please don't shoot me. Blessings, 🙏🙏

Think again my friend. The team is comprised of less than ten minds who asked Q+ to run for President. 🙏🙏

No. It was literally Paul Furber and Ron Watkins turning your smooth brains into mush

Because Q is either an info dump or a psyop, while the Derp State has ruled the USA with an iron fist since 1963. They are about as unconnected as two nebulous things can realistically hope to become. To pretend that the Derp State is the "brainchild" of anyone is to abdicate reason and sentience. Whoever lied systematically about the JFK assassination for sixty years straight and enforced it almost world wide on print, media, publishing, ed etc is the Derp State. What you call it is irrelevant. The lying is not. Whoever they happen to be they clearly have illegitimate power they should never have been allowed to acquire and which they can under no circumstances be allowed to keep. This has, I'm pretty sure, zero things whatsoever to do with whatever Q is.

The less than 1% that own more than 99% of what is worth owning on this planet, (molach & baal worshippers) would blow everything up rather than loose the control they have had for at least 2 millennia. They could make the North American continent completely uninhabitable and still be able to live high lives elsewhere on this planet.

Doesn't mean we stop trying.
Keep at it White Hats.

Q+ is the master of SunTzu the depth of which is very difficult if not close to impossible to comprehend by the common Joe blow. The future will prove past as WWC ended his recent post today at 1050 AM. Blessings,

Q is so great he stopped posting drops because nothing ever happened (and he lost his congressional race so his dad tried to a few drops and quit because he sucked)

“Q” stands for a Quantum main frame computer located in Prescott, AZ, that can see up to 200 years into the future, that the secret military and secret govt. use to develop weapon systems....

Yep they also caused a large derailment of chemicals rail cars with caustic and cancer causing effects. they'll do what ever they need to do to keep us off Bided
