"Deep" State Department hromadí nezkaženou krev nebo krev bez vakcín v chlazeném bunkru někde v centrální Pensylvánii, aby ji údajně použil na sebe v případě národní nouze, řekl zdroj kybernetického velitelství americké armády (ARCYBER) Real Raw. Zprávy.

ARCYBER zachytil e-maily, ve kterých Dr. Richard Otto, hlavní lékař Úřadu lékařských služeb, psal Antonymu Blinkenovi, že „studna“ je zabezpečená a obsahuje 50 000 pint „nekontaminované“ krve od neočkovaných dárců. V e-mailu bylo uvedeno, že stávající krev bude muset být zničena a nahrazena každých 35 dní – navrhuje se, aby byla z neznámých důvodů uchovávána celá a zmražená v chladničce.

Další zachycená korespondence se zmiňovala o umístění Studny. 15. února se Dr. Cary Fowler, zvláštní zmocněnec pro globální potravinovou bezpečnost, zeptal Otta e-mailem, zda 50 000 pŭllitrů „stačí pro nás všechny“ a zda prozkoumal místa mimo „to, co máme v Pensylvánii“.

Pokud „my všichni“ znamená celé nabubřelé ministerstvo zahraničí, které zaměstnává 72 000 přeplácanych tvorů z bažin, 50 000 pŭllitrů by jen stěží pojalo hromadnou nehodu, kdy desetitisíce náhle potřebují transfuzi.

Zájem Deep State získat neočkovanou krev vyvolal v armádě zvědavost, protože režim neústupně trval na tom, že očkovaná a neočkovaná krev jsou stejně bezpečné. FDA řekl: "Úřad pro potraviny a léčiva několikrát potvrdil, že neexistují žádné důkazy, které by podporovaly obavy související s bezpečností krve darované očkovanými jednotlivci."

"Lžou veřejnosti," řekl náš zdroj. "Máme dobrou představu, proč shromažďují pouze krev od neočkovaných dárců - protože Deep State, alespoň většina, je neočkovaná." Nikdy nebyli pobodáni. Víme jako fakt, že Anthony Fauci, Deborah Birx a Francis Collins nebyli poškozeni, což potvrdily testy, když byli zatčeni. Celý aparát Deep State chce zůstat bez znečišťujících látek z vakcín, a to bylo prokázáno v e-mailech, které jsme viděli."

Odkazoval na e-mail, který Otto koncem ledna zaslal řediteli HHS Xavieru Becerrovi. "Jak jste nařídili, přísně kontrolujeme dárce, abychom zajistili, že veškerá odebraná krev neobsahuje

kontaminanty." Bohužel jsme vakcíny tak prosadili, že je stále obtížnější najít neočkované dárce. Možná budeme muset začít darovat sami sebe, abychom si udrželi adekvátní zásoby," stálo v části.

Není jasné, jak a kde Deep State izoluje neočkované dárce a které agentury (tj. Červený kříž) odebírají krev jeho jménem, a je děsivé si myslet, že Deep State by mohl oklamat neočkované patrioty, aby darovali krev.

White Hats, řekl náš zdroj, touží zjistit přesnou polohu „Studny“, ale zatím vědí, že je někde v centrální Pensylvánii.

"Bez jasnějších informací by to bylo jako hledat jehlu v kupce sena," řekl náš zdroj. "Na vedení soukromé krevní banky není nic zločinného." udržujeme přebytek krve od neočkovaných dárců, stejně jako většina instalací White Hat. Ale HHS, State, CDC a FDA jsou duplicitní, říkají jednu věc a dělají druhou, a jejich motivy jsou hanebné."

pure blood here also, but have too much iron, and have to get rid of a pint frequently. You would not believe how difficult and expensive that is to do, thanks to fda rules. It goes to waste.

Many Apologies, I meant to post my rubbish comment below as a joke. At that time I'd just finished watching that YT movie – it had a poor rating – that's why it's free.

They're no vampires, lycans, werewolves, etc. There is the one true God, the saviour Jesus, Angels & demons. Plz see YT: Many Types of Angels & Demons – DTBM. I don't believe in reptilians (shapeshifters), extraterrestrial beings found in dumps & Antarctica, nor in any other powers besides God + Jesus. As for V Thor, light beings & Galactic Confederation put out by some "patriotic truthers": I hope it's a PsyOp to counter those of the deep state. U r free to believe it or not.

Choose what you will, but as for me we're all fallen beings & by calling out to Jesus & receiving him, we'll be saved from this wretched world & the power of sin. Thank you Jesus

All medical offices use ICD9 billing codes. They have a designated code for unvaccinated patients, so they are easily traceable....marked.

Absolutely correct ... commie pukers' "motives are nefarious"! Line them against a wall, and machine-gun the demons to death ... all six living generations of them!

Thanks for the update Michael. Not long ago Red Cross was advertising a blood drive for donors ... it's logical.

I recall reading on this site of a military guy who had not been vaccinated, being given vaccinated blood since blood donation records do not include that information, & him dying shortly after. My husband and I both recently had medical treatments at Hershey Medical Center – which IS in Central PA (only great things to say about our treatments there, & I don't think any medical personnel have awareness of this if they ARE involved) and not one person asked either of us about our vaccine status. We WERE asked about blood transfusion authority should it be needed, & when told they had no idea whether they could assure it would not be, we elected to say "No". And that was that. Of course, I'm real thankful neither of us needed it!

I will add this: When I went for my 1st MRI there, there was a significant time delay due to "something that happened" to a man. That's all I know. "Something Happened" to someone while having an MRI. I've now had 10 or so in the last 5 years & they make a great point of asking each time about metal in your body prior to the procedure. If you've watched "Died Suddenly" which shows what morticians and coroners are finding in the vaccinated that they've never seen before, it occurred to me that it is highly likely the person had been vaccinated, & it caused a reaction with the MRI procedure, & it wasn't just some "random" & odd reaction. Have any of you heard about such things happening?

Not with the mRIs. But those wormy clots are there whether the dead received an MREI or not. It's still very evil to me.

The Covid injections are chemical-bioweapons. Possibly blood and mutation agents. Attacking civilian populations violates the Nuremberg codes on multiple levels. Why hasn't the EBS been activated yet?!!

This is horrible... Makes me think I should start saving my own blood!! But, of course, as a Christian, I shouldn't need to do that, because Jesus is my sword and shield. May God help us...i.e., COME LORD JESUS, COME!

@Syrin — There are too many demons seeking too many patriots to murder. Remember the ORDER OF OPERATION in sequencing priorities. Stay focused on the three marques and pay attention to the worldwide events to put together the movie climax that's nearing its end.

1. Guardians of the Pedophiles
2. FISA Gate
3. Panic in DC

No, the white hats added the art of war into the play book, and needed deep state to play it once more, i say better safe than sorry.

They needed one full season of treason, i can see that now.
Will be cleared before 2024 season starts.

Anyone who cant wait for bloody one season is "good" as one of them.

The enemy has haste gogogo mentality, that is their failure.

Do it properly or none at all.

You know, these people are SICK. Imma submit that they don't have enough "for all" of them EVER, because they roll all over their greedy selves at the drop of a hat. On the way to gitmo – heck, probably the minute they are cuffed and placed in custody – they are ready to throw their pards under the bus. Clinton threw his WIFE under the bus – so did pelosi...I heard Michele and Melinda both turned on their "husbands..." I bet they play "optics" with each other, just as much as they do it to us.

And Ghisaine Maxwell threw WJC under the bus when he denied having anything to do with having sex with children... he was so shocked, because he thought he would have forever loyalty from his cohorts in crime. She testified that he did engage in statutory rape, even off American shores at his tribunal. That's when it really hit him and he did not want to be executed.

So he got life... before the perp in the kitchen poisoned him with the ricin, and they still haven't arrested that perp. yet. Somebody did it and they have to pay for that, even If Bill was a sex offender – just by virtue of the fact tat he slept with underage minors.

I'm making \$90 an hour working from home. i was greatly surprised at the same time as my neighbour advised me she changed into averaging \$100 however I see the way it works now. I experience mass freedom now that I'm my non-public boss. Everybody must try this job now by just using this website.. <http://www.Payathome7.com>

So let me digress; vaccinated blood is for the general public, hopefully, to eventually kill them. Unvaccinated blood is for the SPECIAL DEEP STATERS, IN CASE THEY NEED IT. Treason to me, treasonous activity is putting yourselves first and the people at risk, last. The Blood bank is still taking vaccinated and boosted people's

blood to give to the unsuspecting. I know this, because, my daughter has been giving blood for a long time on schedule. She is 2x vaccinated and 2 boosters. She refused to listen to me or read anything about it. She is so smart, 'cause, she is a college masters graduate. Let's not think outside the box diploma. So people beware. Get your family and unvaccinated friends to donate for you in case you are injured or have to have surgery. Plan! Support each other.

The hospitals would probably switch it and keep the untainted blood. I don't trust any of them. My dr is having a fit because I will not make an appt. I went from quarterly visits with lab work to zero.

Haven't seen a Dr since I was 50. I am 58 now. I never will see a Dr ever again! Liars and murderers one and all. God forbid I am in an accident and need emergency help. I'll soon die shortly after I'm sure.

I'm the same: I used to look at the regular images of medical figures – always in white coats with stethoscopes round their necks – and regard them as examples of people in society you could trust. This whole Covid affair has opened my eyes. It reminds me of Jack Skellington in Nightmare Before Christmas, when he is in the sky in his sleigh behind his reindeer and being shot at from the ground: it dawns on him and he exclaims to his dog: “They're TRYING to kill us!”

Last edited 37 minutes ago by Dave Strickland

You should inform your wanna-be brainiac daughter that she is committing murder and military shall hunt her down and hang her for TREASON. Thanks for sharing your location coordinates with them.

Just like my friend in the medical profession who insisted on the shot for herself, her daughter and her mother....despite the dangers and the research readily available which I offered her to see... and now

she claims Covid is not prevented by the shot but takes the shot anyway.

They're seems to be no limit on stupidity for those who drink the deep state "Kool-aid."

Exactly. People are too naive & trusting of phony clowns. The world needs to know that these injections are causing millions of injuries and deaths.

Which is why we need to expose everything, and to hell with the hurt feelings. Life is sacred.

How does one store blood? In fact, I guess I would need to be a nurse to even GET my blood. Sheesh...

Medium Kimberly Palm channeled that the White Hats effectiveness overall has been an 'Epic Failure' and soon another super natural intervention will step in.

You guys talk about blood, pure blood, bad blood & more blood. Is America under attack by Vampires & Lycans from the underworld? Got your silver bullets & stakes ready? Stay away from old castles, don't go out during full moons. Contact Kate Beckinsale for help!

Many Apologies, I meant to post my rubbish comment as a joke. At that time I'd just finished watching that YT movie – it had a poor rating, that's why it's free.

Choose what you will but as for me we're all fallen beings & by calling out to Jesus & receiving him, we'll be saved from this wretched world & the power of sin. Thank you Jesus

"If "all of us" means the entirety of the bloated State Department, which employs 72,000 overpaid swamp creatures, 50,000 pints would hardly accommodate a mass casualty event where tens of thousands suddenly need a transfusion."

Demonic dirtbags. This depopulation stops here, right now. Trump, Putin, take them all down!!

Glad you're okay, Michael. Excellent work. Please continue.

Not really about blood supply for accidents so much...Thanks to white hats, their sources of adrenochrome and other blood related products for addictions and their religion of de@th have dried up. We can all rejoice about that!

YES, these lowlifes do not want THEIR ADRENOCHROME TAINTED BY THE COUNTERMEASURES " EXERCISE " mRNA Gene Therapy, covid vaccines blood supply. LoL have to laugh at the Deep State , establishment inbreds , zionist satanist jews , kikes planning, not too much depth. This is again the results of Deep State etc. PANIC. I sure do hope the White Hats , Gen. Smith take advantage of this reality and not listen the the DECEIVER TRUMP, he will SLOW-PLAY and FUCK THINGS UP, NO DOUBT.. Gen. Smith and compay should do what they can to see that Pedo-joe Biden gets some very TAINTED CHERRY.

“the Well” was secure and held 50,000 pints of “uncontaminated” blood from unvaccinated donors. The email said existing blood would have to be destroyed and replaced every 35 days—suggesting it, for reasons unknown, is kept whole and refrigerated instead of frozen.”

Perhaps it is because they are frigging vampires and they require fresh adrenochrome to sate their habit?

It has been reported a long time ago, that Al Gore travels with a suit case full of Blood for his own personal use, he has been caught at airports all over the planet by airport security with his suit case full of Blood. Just figured I would add this bit of info so if you are looking for vampires , you can look to Al “climate change bs ” Gore.

My thoughts are, that the blood is for their candy making process and for all the so called clones that are being hatched.

I don't think so. The individual whom the blood came from would have had to have been terrorised prior to the blood being taken for it to be any use for 'candy'.

Nope, they need kids' blood for that. The donated blood is for medical emergencies for them, but not for us, obviously!!

Sounds like a BLOODY dilemma! So very grossed out by the evil they continue to do... Can't wait for the RETURN OF JESUS!!...who will “drain the swamp” unlike anything ever seen!

What if they are taking blood from children in hospitals or at Dr. office? “We have to check little Susie for _____ before we can do procedure. It could be a stockpile from adults and children.

It would be for the candy making process but not the clone process. DNA for clones comes from the original donor only.

Maybe the clones have different blood. Supposedly, they don't have genitals, don't need restroom stops, no molars, flat footed, dual eye colors. Whose to say, maybe their blood is green or black or lubrication fluid.

We know Hillary is supposed to have been executed. Her clone was seen in a posh DC restaurant recently, eating. How does that work? What goes in comes out somewhere, right?. Above my pay grade.

Adrenochrome won't be wasted on clones because their bodies aren't human to feel the euphoria. Euphoria is the reason / intent that humans self-medicate for any reason other than pain. 😞

The Deep State knows the war between the Public, White Hats and Constitutionals will escalate to an all-out war soon. There also could be another reason, the release of a Blood Born virus that kills in weeks if a transfusion does not take place. Do not put anything past the Deep State, rumors are that unvaccinated blood is worth more than gold by weight and the price is skyrocketing higher. There is no time to dilly dally around, let's get on with it!

And worse yet, the deep state could put deliberately tainted blood into somebody, lie and call it disease they didn't see before, and more depopulation takes place. Blood terrorism is not past the cabal. Look at what happened to that poor baby whose parents refused to have tainted vaxxed blood transfused into him and the doctors, paid by the deep state, ignored them. refused the unvaxxed blood other provided for the little guy, and forcibly had him transfused with the vaxx blood. That baby is now dead and the parents are shattered. **HANG THESE DOCTORS!!**

No, you just sit in your movie chair and eat your popcorn until Father Jesus, POTUS Trump, Military, National Guard, Militias, Veterans, and Deputized Veterans blow the bugle for We the People for backup!

They've all worked on "The Plan" since Deep State executed POTUS John F. Kennedy, so, no, The Plan must not be buggered by fool-hardy impatience!

The first thing that we, the awakened ones, learn is that the Matrix operates on "distractions." And still, all of us continue to encounter a conveyor belt of stories, opinions, polls, reports, and gut wrenching news. But have we actually gotten any better at telling a "distraction" from "real news?"

For my money, any story that advances what I know of the war is news. Any other story is "distraction."

If we took the 28 months from "election night" until now, it would equal the span of time from "Pearl Harbor" to March, 1944. Did the home folks go all that time knowing nothing about THEIR war?

Why are WE being kept in the dark...Mr. Baxter?

I have never gotten any of their kill shots, nor will I. In December 2020 I got Covid and it was like a mild head cold. After I got over Covid the local Grifols Plasma center would give me \$100 per session for my plasma so I did that several times. One of the questions on

their medical form asked if I had received any Covid shots (I refuse to call them vaccinations because they aren't) which I had not. I asked one of the med techs in there about that question and she told me that if I had received any of those shots they would NOT take my plasma nor blood under any circumstances.

As for me when I got covid in 2021 it was harsh because my lungs are not at their best, however, I survive it. Now I have natural immunity and I too did not take any of these shots. I am 100% pure blood and proud of it that I did not believe the lies and their hype. I knew in my heart that these shots were not going to be good, just my God given intuition which has served me well.

It would be interesting to know how many purebloods also believe in God. Count me as one.

I am also, 71 and had one flu shot as a kid, got sick from it and have never had the flu or any virus get me since, my pure blood is universal so in higher demand.

It's interesting to read that some clairvoyant people who can see into the state of a person's soul have noticed that taking the DNA-altering vaxx causes their consciousness of God to wane or even disappear. One's DNA is the interface between the physical world and the spirit world.

I started taking Dr Zelensky's Z stack four months before I caught Covid and, aside from some taste and smell loss, was completely asymptomatic while my husband was in bed for three days. I'm gonna take it for the rest of my life.

The covid PCR Tests are cloning devices, you can see and learn this at the NIH web site.

I have done a couple covid tests, but they were nasal swabs that I did myself. Did I make a mistake? I sure hope not because I've been avoiding the "vaxx" like the plague...which it is, even if man-made!

Nasal swabs are a trap and unnecessary. A mouth saliva swab is equally good. One up the nose is done to access the blood-brain barrier.

The PCR equipment was invented to detect BACTERIUM, not VIRUSES. The whole contrived plot is to beguile humankind to suicide. Anyone possessing common sense weren't beguiled; hence, the "non-beguiled" will be murdered unless Military hangs Deep State mercenaries, first.

Like I said the covid PCR Tests are cloning devices, used for cloning, you can see the info and details at the NIH web site, go check for your self.

Mr. Baxter,

If my deleted comment was out of line let me know; then it will not happen again.

Seemed like fair game at the time.

Thank you, R

This site tolerates the F word and the C word, both repugnant to me. But I do not read comments that contain those words.

That is the main reason I haven't donated blood to blood banks or let alone seen a doctor that believes in poking me with that mRNA stuff. Many of us can call ourselves pure bloods now & we are needed commodity now that they are unsure if they will need to begin donating to be sure they have enough on hand. If that's the case then we can be in this \$#!+ show for many more years to come. I'm feeling kind of down to this breaking news, it only means we haven't scraped the surface with the Deep State needing to be taken down. Who knows from other sources they have said, those truckers going in Canada & then back to the US only were about collecting funds & supplies to be taken to the DUMBS where a lot of these DS assets have gone to hide. Idk & I'm not trying to spread FEAR porn, but why have they been so untouchable for eons (just reproducing &

revamping their products & playbooks)? These are my questions & it doesn't seem like anyone has a clear answer to them. So, when they come back in 20-30+ years after the Phoenix Phenomenon (2040)& Vapor Canopy (2046)(it's a complete reset of the world every 138 years. Last time it occurred was in 1902) the we will be to blame for not doing a good enough job this time around.

If it happens again, I certainly hope I won't be around for that shit show..>One time is way more than enough..Still wondering what I did in a past life that made me say, I will be around for this?..I agree with you...How did it get so out of control...I guess the Rockefellers/Rothchilds were untouchable...From a few truthers I watch, I keep hearing we're winning and that the DS still has some control...Certainly seems like a lot more than some...This is the longest movie ever and the worst part is, we're all in it...I pray non stop that something happens soon....Never thought i'd question our military, that many are part of the DS...Our Constitution has been used for toilet paper by so many, for so long now..Time to stop already!!

For years I thought the same. In 1991 that changed when I discovered Jesus taught we live more than one earthly life. John 9:2 is one strong clue to it besides others in the New Testament. Jesus taught it in documents the Bible compilers of the 4th centuries rather people didn't know about. He even said that there was no wonder people would regard God as unjust if we made judgments based on only one lifetime.

Question, Are the vaxx'ed even human? mRNA changed their DNA. No? If not why would I sacrifice my blood for them?

It's interesting to read that some clairvoyant people who can see into the state of a person's soul have noticed that taking the DNA-altering vaxx causes their consciousness of God to wane or even disappear.

wow. comment count has been dropping bigly! looks like folks are tired of the BS white hats

Nah, they're having their comments auto-removed until they stop bothering. I haven't had a comment accepted in months now, ever since Baxter "dealt with the trolls". Well, I'm not a troll, yet can no longer comment on this site.

Personally I'm glad they are gone. If they can't post something without filthy, disgusting language then they shouldn't be allowed to post in the first place. Good riddens!!

Oh ..common ! Buck Fiden wasn't THAT BAD.. 😊
he was. Funny as hell. I liked him

I didn't like Buck's racism and sexism and I didn't agree with Buck on a lot of things, and I told him to shut up many times when he got offensive, but he had every right to speak as do the rest of us.

Everyone has the right to free speech like everyone else, whether we agree with them or not.

yeah , FUCKING RIGHT, no more ASSHOLES at RRN, fucking lowlife shit -bags and cock-suckers, stay the fuck away.

They are still here.

Only you don't recognize them

. They have changed to other names

OWD said some stuff and I responded to him that if he really felt that way... well then PROVE it.

Next day he was gone ! 🐱

Don't be afraid of the trolls, they're pieces of skin, they can't do anything to you, Just ignore them.

Question is that it is Pure Blood,..BUT NOT Adrenochrome..?
Unless it's procurement is done to a child who has been scared silly/
terrified. 😞

Maybe they figured out a way to oxidize it other than torture kids. Im thinking not as strong a solution, but hopefully their kid source is drying up.

Not a chance, they are too satanic to give up the kids. dealing with a predator is the hardest thing in the world when saving the prey from their claws. They hate that more than anything, they will kill you for that. Try taking a bone away from a dog and they will bite you. They will never ever stop pursuing you and getting revenge against you no matter how far you run. These are savage swine, not noble soldiers in battle.

You don't think Biden & Regime are now on the run do you?
After watching this, it'll make you actually wonder.
bitchute.com/video/EUsmmDpufbM/

Nope, they're in Canada hanging with Canada's top paedo protector, Trudeau himself. Incest Joe needs another "candy" source to get his fix, apparently.

Pedo-joe Biden is in Canada, now getting down with Pedo- Trudeau , no doubt doing Cherry and other heinous shit, so yeah Pedo-joe could be on the run sure.

I knew this was going to be the case, and I use to give blood regularly, but haven't given since 2019, for this reason. I have to admit, this ABSOLUTELY DOES NOT surprise me, considering how Evil the

Deep State is! 😞

It's a shame. Donating blood was such a noble thing to do to save lives. Everybody did it. Now, not anymore.

I been keeping track of the US millionaires on the U.S. National Debt Clock

Since 11:02am Wed. 15 Feb.2023 it was 22,693,504 today it is 22,760,480 I will continue to. Give updates if you like. Nesara, and Gesara, are coming!!!

On January 25th, it was 22,677,382. it was around 8pm that evening. Ive been watching that myself. Right now ,6:24pm its at 22,760.662

The red cross has been hounding me to give my blood. Thanks to this article I may not give it until Trump is back in office. 🚫 vax

Me, as well! I get phone calls and texts regularly! They are wasting their time with me... and many of my friends as well!

And the bad part is they teach people how to save lives with stuff like CPR and first aid. Always respected the Red Cross.

Later when I found out they were giving Nazis travel passes through the ratlines and now that they've started working with Hillary to get kids out of Haiti, this is the pits for them.

FEMA only shows up at liberal disasters. If disasters happen in a right-wing area (Palestine, Ohio), they're ignored until Trump says he will be there! God bless Donald Trump (and keep him safe!)

In other words, never. It's pretty clear the oathbreaking pussies have conceded 2018, 2020, and 2022. Here are the polls for 2024.

Trump – 2%

Dominion – 98%

And I just read they have developed something more advanced and worse than Dominion. The white hats are either non-existent or should be arrested en masse and executed for treason.

Interesting story. True storing safe blood is not a crime in itself. But lying and trying to kill the public surely is!

Makes you wonder what they might be up to when they ask about a “mass casualty event”. Maybe those words where just the hot button words for the article.

Al Gore was stopped at the airport carrying a case full of blood. Makes you wonder if he is part of the elites that take adrenochrome. Now we know for sure since he was witnessed being on Jeffrey Epstein famous island for underage sex. Makes sense.

Dr. B Ardis has a show on Brighton had a show recently with former pharmacist Liz Cheney has a site “Blessed by His blood” about cleaning blood. Haven’t been able to watch whole video because it always freezes.

Dr. Suk Muhdik has a great show too. I highly recommend it! You can find it on Rumble

Because I am a PureBlood.!

Unvaccinated

No kill shot for me...

TRUMP is still my PRESIDENT...

He never resigned

Biden is a clone.

And

You are a TROLL....pewee herman

In Ohio if you need blood and want to get it from a known unvaccinated family member it would take about a month for the paper work to go through and I doubt if med insurance would cover all the charges.

Alan said “from a known, unvaccinated family member”. There is a better chance there of getting honestly untainted blood.

I pray a “known family member” would be honest and that you could witness the blood go from them into you.

IF you can get YOUR blood... I heard a story where someone was going in for heart surgery, so they prepared early to have family members give 3 pints... long story short, when they were ready for surgery, the patient reminded them that they had 3 pints of blood saved for them, and the Hospital flat out told them that they could NOT guarantee that they would be getting THAT blood... but, not to worry, the blood is cleaned! The patient was already prepped for surgery, or they would have walked out! It's just sad! 🙄

I would of walked out & put my life in God's hands. Heart Surgery or die from vaccine & be a spreader to my family & friends. No thanks!

BUT BUT BUT they keep calling me for donating my un-vaxed blood...

And I refuse..... I knew this would happen.

I have not had a call but who knows when they might just start kidnapping us for it?

It may very well come to that. No one on here should talk about their blood type, etc.

Next time just tell them you caved and got the shot after all! lol

Executive orders that he is signed shows hes a good guy if you look up 13 8 1 8 13 8 4 9 13 9 5 9 . 13 8 1 8 is the eradication of the pedophile trafficking system all these have something to do With

President Donald J Trump is the good guy. He gave us the information we needed to realize just what the DS had in mind for us. He woke us up! The man is more than a hero at this point.

You mean the guy who told us OVER two YEARS ago that he “caught them all”? THEN WHAT?!?! He LET THEM GO to destroy the country! This is the “good guy”? Oathbreaking traitor.

Good grief. He’s a brave human being who loves his country. Are you a good woman or a bad woman?
