White Hats vyzvali své vlastní, aby dočasně deaktivovali mobilní telefony mezi 14:00 a 15:00 4. října, kdy má Federální agentura pro nouzové řízení provést celostátní test nového nouzového akčního

systemu (EAS), zdroj v Real Raw News to řekl úřad generála Erica M. Smithe.

Jak bylo oznámeno v březnu 2022, White Hats obsadili pevnost Mount Weather FEMA v Blue Ridge Mountains a převzali kontrolu nad národním centrálním vysílačem EAS hluboko v podzemní pevnosti. Krvavá potyčka mezi White Hat Delta Force/Army Rangers a silami režimu měla za následek smrt dvou tuctů personálu FEMA. Koalice Bílého klobouku utrpěla několik obětí, ale žádné oběti.

V následujících měsících FEMA provedla tři pokusy dobýt horu zpět, ale White Hats odrazily každou invazi a seznam obětí FEMA se rozšířil. Poslední útok režimu byl v září 2022 a do pytlů na mrtvolky bylo uloženo 30 federálních gaunerů, protože do té doby téměř 2 500 vojáků americké námořní pěchoty a armády neustále bdělo v hoře a kolem ní.

Když jsme mluvili o náletech, náš zdroj otevřeně řekl, že kdyby Bidenův režim zpočátku masivně odvetil místo expedičních sil, pravděpodobně by mohl znovu dobýt horu, obrovský arzenál a síť EAS.

„Pokračovali jsme v posilování obrany, přidávání lidské síly a reálně jsme očekávali, že se objeví prapor. Nebyla to nerozumná víra. Po SAC a NORADu je Mt. Weather nejnedobytnějším bunkrem v zemi. Věděli jsme, že chtějí zpět EAS-EBS,“ řekl náš zdroj.

Generál David H. Berger, dodal, byl na příjmu nekonečného přívalu výhružných zpráv, jejichž autorem byl Lloyd Austin, který mu přikázal vzdát se hory „nebo jinak“. Ignoroval nejméně tucet hrozeb, než konečně odpověděl: "Nebo co jinak," načež zastrašování přestalo a žádná další FEMA se k hoře nepřibližovala.

White Hats dlouho tušili, že „nebo jinak“ znamená budoucí invazi Mount Weather, ale v červenci 2023 si uvědomili, že FEMA opustila svou marnou snahu dobýt horu a místo toho postavila nový EAS na neznámém místě.

„Jednoduše řečeno, podělali jsme to. Bylo to velké selhání zpravodajských služeb, protože na tom pracovali 18 měsíců. Až do července jsme zachytili závan, ani slovo. Snažili jsme se to najít, ale bez úspěchu a ani jsme nevěděli, že to dokončili, až do začátku srpna, kdy řekli, že to otestují,“ řekl náš zdroj.

3. srpna FEMA zveřejnila na svých webových stránkách, že ona a Federal Communications Commission provedou celostátní test EAS dne 4. října 2023 přibližně ve 14:20 EST. Signál bude odeslán do všech televizí a mobilních telefonů spotřebitelů a bude obsahovat zprávu ubezpečující občany, že „TO JE TEST Národního bezdrátového nouzového výstražného systému. Není potřeba žádná akce.“

White Hats věří, že FEMA má pro testování své nové hračky postranní motiv: vystopovat a sledovat jak členy komunity White Hat, tak patrioty, které FEMA označila za domácí teroristy, po celých Spojených státech.

„EAS at Weather byl několikrát modernizován, ale stále jde o starší architekturu, než jaká je právě teď. Neznáme technická specifika nového a je jistě možné, že když tato zpráva zasáhne chytrá zařízení – telefony a televize – mohla by ping zpět signál do FEMA, signál FEMA může snadno triangulovat. Neříkáme, že se to stane, pouze že existuje šance, a proto neriskujeme,“ řekl náš zdroj.

Dne 6. srpna generál Smith a rada White Hat vyzvali velitele White Hat v amerických vojenských zařízeních, aby deaktivovali mobilní zařízení a umístili je do Faradayovy tašky – pouzdra, které blokuje elektromagnetická pole – po dobu trvání testu.

"Deaktivace znamená vypnutí služeb určování polohy GPS a vytažení baterie a SIM karty," řekl náš zdroj. "Doufáme, že se zpráva rozšíří přes vojenskou linii po řadách."

Na otázku, jak budou White Hats komunikovat, pokud například režim během testu vyhlásí stanné právo, náš zdroj odpověděl: „Máme zabezpečené vysílačky a vždy je k dispozici stará dobrá krátká vlna pro případ, že by to sračky skutečně zasáhlo ventilátor.“

Na otázku, co by se mohlo stát, kdyby FEMA zahájí neohlášený test, odpověděl: „Je zřejmé, že ze strachu se nemůžeme navždy odpojit. Přijímáme preventivní opatření, kdy a kde můžeme. Naštěstí má Deep State zvláštní touhu předem oznámit své plány. Testování může selhat a může nám pomoci izolovat zdroj přenosu.“

„FEMA podala výpověď 3. srpna, takže jejich EAS byl tehdy funkční. Koukněte na tohle: Pokud FEMA chtěla zachraňovat životy, proč neudělala EAS na Havaji 8. Jsem si jistý, že mohli.“

Na závěr náš zdroj řekl, že veřejnost si špatně vyložila impuls Bílých klobouků k zachycení EAS Mount Weather.

"Zdá se, že existuje myšlenka, že jsme to vzali, abychom řekli patriotům, kdy mají vzít zbraně a vyrazit do ulic." To nikdy nebyl náš cíl. Udělali jsme tento krok, protože jsme měli důvod se domnívat, že FEMA by to zneužila právě takhle, předstíráním zprávy od prezidenta Trumpa, která říká občanům, aby vzali zbraně a zaútočili na Washington, a v tuto chvíli je strach opět možnou realitou, " řekl.

Someone I know lives in the area and witnessed multiple low flying military helicopters at night (I forget which month, could have been early fall 2022) descend upon Mt. Weather area. Berriville, Purcerville, Lovettsville VA area. They stated they felt they were following them. While reading this I remember the conversation and this could have been related to that incident. It was like they were searching for someone or something. Low flying helicopters right above the roads multiple military helicopters 🤔🤔🤔🤔🤔🤔

I'm just concerned about the weather warfare. I know we have weather weapons too but now they're doing a fake heat wave. It's supposed to be 100 degrees on the East Coast this week and we're heading into September. It has not been a hundred degrees even all Summer. I hope they're not going to Lahaina us.

truthfully why wouldnt they?.... the so called white hats 65 years into the plan dont even have the stones to speak on the subject.

WELL NOW WE CAN BE GUARANTEED THAT NO 10 DAYS OF DARKNESS IS GOING TO HAPPEN IN SEPT. BUT ONLY EXPANDED INTO OCTOBER NOW. AND NO NESARA & NO MED BEDS & NONE OF THIS IS GOING TO HAPPEN UNTIL ALL THE DEEP STATE SCUM HAVE BEEN TAKEN DOWN.

So what are we all missing here? Oct 4th? We are in September already and talking about October and a fake EBS!! With the promised "imminent" real EBS no where in sight? These lunatics are murdering American citizens in Maui and throughout the Western States with their weapons and destroying how much land and animals? They just love death and destruction. It all seems to be getting worse, not better. For anyone saying trust the "plan" or get the popcorn it is all just a movie...I think they have been MK mind controlled! No way is this situation improving! We have President

Trump being charged with all kinds of crimes which they intend to litigate. Does anyone know how long it takes to litigate a case? Months and sometimes years! Look how long the OJ trial took!! And how many cases does President Trump have charged against him? This could all go on forever! Is the Military gonna allow our Commander in Chief to be treated like some type of criminal and if so, for how long? It is all getting ridiculous! All one has to do is read the Bible and we are watching Revelation unfold before our very eyes! On top of that we have people like victim/witness Jessie Czebotar saying she has first hand info that Antichrist comes out of these lunatics. So in the end, who is really gonna win this War? On top of that, there are only 4 more months left to 2023!! We were told this would all be over by 2024. Here we are about to enter 2024 and still waiting for the EBS which never seems to come and each day that passes we hear how these Lunatics are destroying more and more lands and murdering American citizens. This war has come out into the public domain-the whole world witnessed Lahaina! Here we all are, trusting the "plan" that Military has everything under control and being complacent and waiting. I am just wondering here...for how long should we all be doing this as they murder our citizens? If our Military does not have everything under control which is obviously the case, when are we suppose to act to protect this country and what does that look like in real time? It appears the White Hats are not in as much control as all of us were led to believe. After all, how did the Deep State do to Lahaina what they did? How do they still have these weapons of mass destruction? Forget nuclear-they have weather warfare weapons and DEWs! They don't need nuclear! Nuclear and Russia are just the big boogy men they use to create fear! Now we hear they have built a new EAS at an unknown location which they intend to test on October 4th!!! I thought we were told they were bankrupt? How are they getting the monies to do what they are doing? Not to mention all the actors they

are paying to pretend to be the people the Military claims to have executed. Something is very wrong or am I the only one who thinks something is seriously amiss here? Deeply concerned....

firstly trump and the white hats are compulsive liars. secondly " the plan" is just a way to keep the folks with guns sitting on their recliners while the satanists destroy the plant and murder us. Af far as the money, they control the banking cartels. they have unlimited fake digits. whomever told you the satanists were broke lies like drump does.

Exactly... how do you calm a very well -armed populace... tell them you have a "plan", we've got this, don't worry about it, we'll make a movie, enjoy your popcorn, and the ebs and Nesara will be here on , or on , or on , or on as the "military" is the only way! The supposed and fictional white hats control nothing. If they do, they have killed millions, either on purpose, or by not alerting the public to get out of harm's way! When the 70% vaxed get wind of how this has been handled, they will be the uprising, assuming they are alive and can even get out of bed!! On top of this, there is no way anyone in control (either side) would cede the multi trillion dollar printing press of the federal reserve..Trump included!! This will come down to the 2nd Amendment! And pls don't go down the civil war scare tactic road! I think anyone would choose to fight than be fodder for killing by the "plan"!! It's time to alert the public.... NOW!!!!!!

At the end of Trump's "we will not comply" message August 30, 2023 , he said He would "every available authority cut funding to any school, college, airline, or public transportation who opposes a mask mandate or vaccine mandate."

I am concerned we are being played.

of course youre being played. didnt the fact the tried to murder your small children with a bio weapon clue you in even a little bit? jesus lord the folks here are insane.

TIME TO TAKE DOWN THE FCC & BAG EVERY HEAD & INTERROGATE EVERY SINGLE ONE OF THE HEADS UNTIL U FIND OUT WHERE THE NEW FACILITY IS & KEEP THEM CAPTIVE UNTIL THEY COMPLY & USE THEM IN ANY & EVERY WAY POSSIBLE TO DESTROY THE DEEP STATE. WHAT HAPPENED TO "LOOKING GLASS"??

thats gonna happen shoon. VERY SHOON. 65 years into the plan and they are almost there

THEY , thinking themselves , Wise ; Only Proved Themselves Fools History has already written these fools as Eternal Failures , Choosing Willingly , to Follow A TRAITOR To Heaven THEY , may try changing locations , Again probably into another deep dark hole but They'll Not Escape Judgment and that is so very near that they're only fooling themselves , if THEY think they'll Escape ! No Escape , No Mercy , they've doomed themselves by staying upon a Sinking Ship bound for hell ! We will pursue them , we will bury them , in the deep underground hiding places where they will beg the rocks to hide them from The Eternal Sovereign's Wrath of Judgement Like Cockroaches trapped , in The Roach Motel . Nick , NavyBlueSmoke , LST-1195

Since most cellphones now have permanently bonded batteries in them , they cannot be removed except by destroying the phone. Also since the new phones have extremely low electrical consumption , the back up phone power will probably still keep the cell pinging function active for a day or two ! Capacitors can hold that much power in modern circuits. The cabal always wants to track everyone. Taking out the sim card is easy and might seem advisable , however if the faraday bag or cage is really effective , there's really no need for that action. If it makes you feel better , do it ; just make sure you

keep the sim card within the faraday bag ! If sim is outside of the protection , it can still be affected by the EBS signal & since a sim card is designed to be programmable , it can be remotely programmed to send a call back signal (with precise location parameters) to the FEMA or cabal center now held by snakes organization. I have no phone of my own and haven't used one very much since a few years ago , when my surgeon found a strange metallic device embedded in my trigger finger. I assume it was some futuristic tracking device as it refused to show up on repeated X-rays at VA La Jolla. If DS wants to track you , they'll try desperately to do so , I don't know how they ever planted a device within my trigger finger without my knowledge ! /// if you can get faraday bag that's same as one on Satellite phone store website , use that one and then get fine wire mesh screen , copper preferably , and wrap the faraday bag with contents in that screen mesh. If you have any metal pipes going through nearby moist ground , find where pipe exits to above ground and place your wrapped package on the pipe so good contact is made with the wire mesh. You now have a multilayered protection that will keep every wave except gravity wave from penetrating it. It is impossible for the cabal to get a signal into your phone unless they take over the gravity force within the universe. Stay Frosty , Did I mention , you look like a dog face Marine ? ? Nick , NavyBlueSmoke , LST-1195

HOW THE HELL ARE THEY GOING TO SEPERATE THE PATRIOTS FROM THE DEEP STATE SHILLS? BY READING YOUR CELL PHONE MESSAGES?

This is just weird for me. Why would you give out a test date if you where going to use it to ping people.

If I was the bad guy I would just test it on a different date and ruin everyone's plans.

People let out bad info on purpose to lead people down the wrong

path. This is just silly. If they are going to test their system they will do it when ever they want to just to show they are in control still. Giving out the exact time down to the hour and date is just weird.

It doesn't make any sense because it's made up bullshit. The actual EBS test is exactly that. Testing the alert system.

If it's as easy as flipping a switch or running some algorithm on a phone and computer system, there is very little chance people can avoid them testing it and pinging most every person's phones and TVs.

Getting interesting to see who runs the EBS first. I put money on the bad guys.

well since there are no good guys id probably agree. unless you count genocidal vax murderers.

I think it is but naive to think, the deepstate can be put down without civilian help. Also a bit naive to think it can be bloodless.

It's not bloodless millions have all ready died never knowing the truth to help protect them and their families and make educated decisions based on that truth.

Millions more will die before it's all said and done since the good guys don't think people can handle the truth.

They have had the goods on the bad guys but never brought it to light so the people could make decisions on the Truth and help.

Just think of all the eyes on the ground they would have had if they had just informed the people of the truth. The people would have stopped watching MSM completely and would have helped with all the information gathering as well as not letting the rats run.

I think the so called good guys screwed up not letting the truth out.

In my eyes there are times when I think the good guys are only slightly better than the bag guys. Both parties are operating behind

everyone's back, using the peoples money to fund and kill in the shadows without letting the people in on the Truth. Both sides are doing this not just the bad guys.

There are times when I think they have told all of us to sit back and wait to die.

I've been saying this for years! When has a country that has been Raheem over been returned to its intended self without rebellion and bloodshed!! NEVER! It will take as you say! The people just need direction/leaders, and Trump is not the one!

“but in July 2023, they realized FEMA had abandoned its futile quest to conquer the mountain and had instead built a new EAS at an unknown location.”

Imaoooooooooooooooooooo

If you're going to choose to come and read,comment,be a part of it,not as passerby as someone said.You are going to find yourself more awake and aware.The site is a must read for about everyone.Don't kid yourself about that.

From either sides point of view, you don't tell the enemy what you have planned unless it is false information. Perhaps the test will be sooner than Oct. 4th

or maybe youre being conned. 65 years into the plan and ive yet to hear one ebs. im sure its coming tomorrow though

We are way overdue for a massive strike on these bitches! Release the Kracken! Wasn't Maiu enough Fuk these &\$@*:!

I was in the IT industry for over three decades. While much of this story makes sense to me, I'm still looking at the overall EBS test with a degree of “how would this work?” from a technical perspective.

1. Upgrade your router firmware to the latest version to get the best security you can. Doing so updates the router security and closes holes in the security that there are known exploits for, but realize that home routers are, by their very nature, horrible at true home security. Still, upgrading the firmware is a good first response to taking a jab at making it that much harder for those trying to bust past the router security.
2. If you are tech-savvy and have an old PC and some gigabit ethernet cards laying around, you can create a much more defensible firewall/router that will frustrate the heck of of those who can saunter into your network at will. You can install PFSENSE on this PC and configure it to securely firewall your home network and make breaking into it that much tougher. See the video titled “your home router SUCKS!! (use pfSense instead)” to get a good intro to Pfsense and how to install and configure it. I highly recommend this to EVERYONE and to ditch your old routers, or repurpose them behind the firewall.
3. Your cell phone is the single most privacy invasive communications device ever created. Consider creating a place to store it at your home and use it ONLY if needed. The storage/charging location should be in front of a fan with the microphone pointed into the air stream of the fan at all times when not in us. This will create white noise to frustrate the listening in software constantly in use on the phone. Better yet, if you can live without a cell phone, do so. People got by for thousands of years without them before and can do so without them now. If you need a communications tech on your person, a VHF/UHF ham radio is a good alternative. Welcome to reality.
4. The EBS test – yes, a Faraday cage/bag is a good idea and frankly, has a lot of viability to use at ALL times if you have a cell phone and can't or won't give it up. Keeping the enemy guessing where you are and what you are doing without your constant tattletale tracking system attached to you is the first smart defense.

5. The EBS test system potentially is using text messages that are cued up for when the phones are turned on after the test. So I'm just curious if this EBS system is tied into text-messaging or is an entirely different beast altogether and how it's architecture works. I'm not savvy on all of this, so there are brighter people than me who can likely comment intelligently about it all.

The old saying in my industry was "Security is too much, until it is not enough." And in the case of modern telecommunications, I'd add a similar corollary that reads "Internet access is too much and reducing your Internet footprint can't happen soon enough."

Interested to hear comments on my casual thoughts...

Maybe a Schematic Diagram with devices, software etc...

Considering Hacking my Phones and Tablets over to True LINUX, not the Android Infested pseudo verse of it...

This is paranoia. No one is interested in tracking you, or most everyone who posts here. We're just not that important.

I was in the IT industry for over three decades. While much of this story makes sense to me, I'm still looking at the overall EBS test with a degree of "how would this work?" from a technical perspective.

What does strike me is that there needs to be some technical points and actions to consider regarding this EBS and Internet technology as a whole:

1. Upgrade your router firmware to the latest version to get the best security you can. Doing so updates the router security and closes holes in the security that there are known exploits for, but realize that home routers are, but their very nature, horrible at true home security. Still, upgrading the firmware is a good first response to taking a jab at making it that much harder for those trying to bust past the router security.

2. If you are tech-savvy and have an old PC and some gigabit ethernet cards laying around, you can create a much more defensible firewall/router that will frustrate the heck of of those who can saunter into your network at will. You can install PFSENSE on this PC and configure it to securely firewall your home network and make breaking into it that much tougher. See the video titled "*your home router SUCKS!! (use pfSense instead)*" to get a good intro to Pfsense and how to install and configure it. I highly recommend this to EVERYONE and to ditch your old routers, or repurpose them behind the firewall.
3. Your cell phone is the single most privacy invasive communications device ever created. Consider creating a place to store it at your home and use it ONLY if needed. The storage/charging location should be in front of a fan with the microphone pointed into the air stream of the fan at all times when not in us. This will create white noise to frustrate the listening in software constantly in use on the phone. Better yet, if you can live without a cell phone, do so. People got by for thousands of years without them before and can do so without them now. If you need a communications tech on your person, a VHF/UHF ham radio is a good alternative. Welcome to reality.
4. The EBS test – yes, a Faraday cage/bag is a good idea and frankly, has a lot of viability to use at ALL times if you have a cell phone and can't or won't give it up. Keeping the enemy guessing where you are and what you are doing without your constant tattletale tracking system attached to you is the first smart defense.
5. The EBS test system potentially is using text messages that are cued up for when the phones are turned on after the test. So I'm just curious if this EBS system is tied into text-messaging or is an entirely different beast altogether and how it's architecture works. I'm not savvy on all of this, so there are brighter people than me who can likely comment intelligently about it all.

The old saying in my industry was “Security is too much, until it is not enough.” And in the case of modern telecommunications, I’d add a similar corollary that reads “Internet access is too much and reducing your Internet footprint can’t happen soon enough.”

Interested to hear comments on my casual thoughts...

Thanks Michael, I would like to see this all come to an end and just mop the floor with them. Can’t wait to hear tomorrow about the 767 and FEMA agents, you would think about FEMA would think twice about starting shit with our Marines, well just bring them on.

IMO.. This is the time to rally around President Trump and the Good/White hats.. Lets show Trump and Family.. White Hat Military Members, we stand with them.. and do it on q...

Keep on Truck’in Patriot’s...

This shit show has gone on long enough. The real EBS needs to happen from Mt. Weather and put an end to this.

What are we waiting for? The economy and stock market to tank? I think that’s stupid.

It WOULD be.., if Blackrock, Vanguard and State Street didn’t OWN most of what is tanking. I’m pretty sure had WH’s tried to shut down trading on the NYSE, sabotaging their servers or simply cutting the power, the DS has back up/mirror exchanges operating elsewhere and we wouldn’t even SEE a glitch on our screen.

Sadly it had to be this way. Seen all those vid’s on empty malls and store closures..? Those are mostly DS-controlled fronts. Start seeing it as good news. Walmart moved out of Portland altogether.

the only folks who think ” its had to be this way” took way too many drump boosters. In fact nothing had to be this way. hopefully you gave your small children many boosters. Wal mart moved of portland bc they were being stolen out of existence.

It never happens because it's not real bro. There are no White Hats, there is only Michael Baxter qanon fan-fiction

you sure hate michael.

you just want all of us dead dont you.

you want that communist world so we can be fat and stupid.

your sick a bastard.

OL Pete, you going to left out i the dark when desperate times comes, then you will you turn to? Your momma.

Rest assured, it is #CCP's enterprise. Up until #Trump elected the #Kremlin were running their news cycles and Foreign Policies (via #France.)

My brother said that the Emergency ALERT system test just went off while he was watching Jeopardy. The word ALERT was WRITTEN in RED

capital letters.

This was different than the EBS that had been going off.

Lord let the system fail miserably. Let it boomerang back onto them. In Jesus name I pray, Amen.

'White Hats believe FEMA has an ulterior motive for testing its new toy: trace and track both members of the White Hat community and patriots, whom FEMA has labeled domestic terrorists, throughout the United States.'

These bastards know they're losing and they won't quit. KEEP FIGHTING BACK, WHITE HATS AND PATRIOTS!!

Thanks for rhe article Michael, please keep us posted.

I just watched a video stating they were able to kill many in Maui via smart devices. Smart cars, smart phones. So with this EAS from FEMA who to say they will do this all over the country with their

suposed EAS?

So not far from the Mt. Weathers facility (north west and closer to Maryland) is another mountain top base owned by AT&T if the helipad i saw up there was an indicator of ownership – then there is the Raven Rock facility on the Pennsylvania border; I would not be surprised if either of these are the new EBS for the Deep State.

As for the Satanists desire to give advance notice, that was required of Satan when he was given dominion over the earth. Until the end times, which is now.

But Satan reportedly returned to this universe years ago seeking and being granted absolution. For further information, see Near Death Experiencer videos on YouTube channels like NDE Diary.

Universal law states they have to give notice. And if no one objects, they are good to go. (Like someone not showing up in our courts). So in your prayers, object to everything ds is doing.

Things seem to be getting super HOT now.... Thank you Michael so much for all your fantastic reporting.... Look forward to the one about the 767 going down with 180 fema individuals on the plane.... Bad garbage and not helping the people in Maui.... They acted like Criminals..... Michael bless you for all that you do...

Is that q retard speak for patriots in total control?

Wake me up when your supposed white hats have the guts to speak the truth

So far 7 years of cowardly lies.

Why did the crooked lying corrupt democrats open our borders to tens of millions of illegal migrants? They want their Votes!

They forgot about your votes. Stop voting democrats.

White Hats have encouraged their own to temporarily disable cellular phones between 2:00-3:00 p.m. on October 4 when the criminal Federal Emergency Management Agency is scheduled to conduct a nationwide test of a new Emergency Action System (EAS,) a source in General Eric M. Smith's office told Real Raw News.

I guess this means us, too. Perhaps...any downside to leaving the phone on? FEMA gonna get you..

Well, it looks like Governor Green was replaced by Luitenant Gov Sylvia Lake...as Acting Governor. I guess he got fired after all, I don't know....LOL I hope that's the case. Here is s short intro

OFFICE OF THE GOVERNOR STATE OF HAWAI'I SIXTH
PROCLAMATION RELATING TO WILDFIRES By the authority vested in me by the Constitution and laws of the State of Hawai'i, in order to provide relief for disaster damages, losses, and suffering, and to protect the health, safety, and welfare of the people, I, JOSH GREEN, M.D., Governor of the State of Hawai'i, hereby determine, designate and proclaim as follows:

WHEREAS, on August 8, 2023, Acting Governor Sylvia Luke issued the Proclamation Relating to Wildfires and declared a state of emergency to exist in the counties of Maui and Hawai'i; WHEREAS, on August 9, 2023, after wildfires spread considerably and burned a number of structures in and around Lahaina, Acting Governor Sylvia Luke issued the Second Proclamation Relating to Wildfires, which extended the emergency declaration to the entire State; WHEREAS, also on August 9, 2023, Acting Governor Sylvia Luke issued the Third Proclamation Relating to Wildfires; WHEREAS, on August 10, 2023, I issued the Fourth Proclamation Relating to Wildfires; WHEREAS, on August 13, 2023, I issued the Fifth Proclamation Relating to Wildfires; WHEREAS, these fires have burned thousands of acres, cut off communications, and forced closure of roads and schools, and evacuations in the Kohala Ranch and Kula areas; WHEREAS, the fires have caused significant loss of life and property in Maui County. Thousands of people are without adequate shelter. The town of Lahaina has been destroyed; WHEREAS, it is

necessary to supplement the fifth proclamation to ensure a continued and effective statewide response to the wildfire emergency; WHEREAS, the Legislature of the State of Hawai'i has appropriated from the general revenues of the State monies as may be necessary for expenditure by or under the direction of the Governor for the immediate relief of the conditions created by the emergency; WHEREAS, in expending such monies, the Governor may allot any portion to any agency, office, or employee of the State or to any county for the most expeditious and efficient relief of the conditions created by the emergency; WHEREAS, pursuant to sections 127A-14 and 127A-16, Hawaii Revised Statutes, the Governor may determine whether an emergency or disaster has occurred, or whether there is an imminent danger or threat of an emergency or disaster and authorize actions under chapter 127A, Hawaii Revised Statutes, and the expenditure of funds thereunder; WHEREAS, pursuant to section 127A-13(a)(3), Hawaii Revised Statutes, the Governor may suspend any law that impedes or tends to impede or is detrimental to the expeditious and efficient execution of, or that conflicts with, emergency functions, including laws specifically made applicable to emergency personnel; WHEREAS, pursuant to section 127A-13(a)(2), Hawaii Revised Statutes, the Governor may relieve hardships and inequities, or obstructions to the public health, safety, and welfare found by the Governor to exist in the laws and to result from the operation of federal programs or measures taken under chapter 127A, Hawaii Revised Statutes (HRS), by suspending laws, in whole or in part, or by alleviating the provisions of laws on such terms and conditions as the Governor may impose; and NOW, THEREFORE, I, JOSH GREEN, M.D., Governor of the State of Hawai'i, hereby determine that an emergency or disaster contemplated by section 127A-14, HRS, is occurring in the State of Hawai'i, and do hereby authorize and invoke the following emergency provisions which are expressly invoked, if not already in effect upon this declaration of an emergency: I. ESSENTIAL TRAVEL ONLY TO WEST MAUI Nonessential travel to

West Maui is strongly discouraged for the duration of this proclamation. Visitors have largely heeded the call to vacate West Maui, so hotels and other accommodations can be used for displaced residents and emergency workers. I order all affected State agencies to assist as needed. 3 II. Invocation of Laws Section 121-30, HRS, and I hereby authorize the Adjutant General to activate such units of the Hawai'i National Guard as may be necessary to assist and aid civilian authorities in disaster relief and in averting any imminent public danger and threat and to ensure the compliance with the civil laws of the State of Hawai'i. Sections 127A-12 and 127A-13, HRS, in order for county and State agencies to provide emergency relief and engage in emergency management functions as defined in section 127A-2, HRS, as a result of and in response to this event. Section 127A-13(a)(1), HRS, and determine that disaster-generated debris on private property in impacted areas constitutes an immediate threat to life, public health

What makes you think Hawaii was an EAS !?! And if you don't get your sh!t together WE may have to act. WE don't like Americans dying and children grabbed and trafficked!!!

Knew this along time ago.Kidman is dead Cruise was an agitation.Reverse engineering shall set you free.

Unfortunately, the microwave is more of a RF choke for this purpose than a true faraday cage... It can only screen out radiation in the 2.4 ghz portion of the radio spectrum. Best bet is to put the phone in a sealed faraday bag or to wrap the phone entirely in foil and place it in a sealed metal box to full isolate it from all frequencies.

Trust the plan... it seems as if WH bit off more than they can handle . Sheer numbers it's against us there's not enough military personnel to fulfill the mission , I know I've been in this since day one of Q posts this is beyond the pale... people are hurting being murdered with lasers and earthquakes and flooded with hurricanes why are the WH who are in control allowing this ? Why did Scavino tell us The

SC ruled on Brunson case yet they are stringing this out we know election results yet we're living under a bullshit regime , they all have been tribunaled and gone but they continue too play this out as who the fuck knows Why ? Now we're entering a new school year and all this continues... I personally wish they would not give us false hope ... and just let this happen when it happens instead of saying we are so close ... every month they give us clues and hints and we share and then nothing happens we look insane ... I understand why people think that ... I hate the phrase moving the goal posts ... but it describes this shitshow to a tee ...

the people you trust with this plan are not good people. good people dont compulsively lie to folks and allow them to be murdered. yes this includes trump jfk jr scavino patel and everyone else on team q. They simply arent not good human beings. At the very least we should have been told there is a war going on and your lives are in danger. protect yourselves at all cost. those bad people couldnt even manage that.

The fact the Simpsons predicted Trump on the escalator is proof! Multiple times Simpson's writers have done this! It is not a coincidence!

Michael, ok, so we are disabling for the weaponization of communication.. WHEN, our the Whitehats, Marines going to DEWEAPONIZE those companies that are SEEDING our weather for DESTRUCTION. I know what they use to do so. If me, a little pion on this earth knows about the Iodide Nuclei, etc.. WHY hasn't the good guys done something to get rid of the EVIL ones Destroying our Americans with the DEW's? 🙄

The obvious answer is they either were not willing to or were not able to do it. I would think they were not able to yet. That's how war is.

interesting... sure appears the satanists have done w hatever they wanted the last 65 years. i guess the term " thats how war is" only applies to these clueless dipshits yall call white hats.

Oh how you've been duped with hopium.. there's not going to be any money for the people. Oh sure, your mortgage may go to zero, but you don't get to keep the home. Sure, your credit cards may go to zero, but you don't get to keep those neither. And, if you do, your interest rate will be so high, you couldn't pay them off anyway.. you'll say forget it.. Same with any other loans.. If you have a Vehicle loan and it goes to zero.. bye bye vehicle.. you don't get to keep it... Why? Because you don't own it.. Period.. don't believe me.. you can do in depth research and see the truth OR listen to BS.. The Elite will never give up their income from us..OR give us any....Sorry, but that's just how it is.. FREE no longer exists on this realm.. 

Recently, we heard, turn off your alerts in England. Then, we heard, turn on your alerts to receive the EBS /EAS. Now this. I loathe Smart phones. Maybe I will turn off location alerts, dismantle it, wrap it in aluminum foil, then throw it into the sea.

Good call. In the interim, we've always kept a landline. I know it sounds old fashioned but it may provide another option.

For those who've followed the Truther movement from inception, we already have a pretty good idea what will be in the EBS. However; we'll be taking every precaution to preserve viable means of comm.

send me this link that shows what will be in the ebs? and yes ive listened to all the same grifters you have for the last 20 years. IM aware of what the grifters claim. thats not proof or even remotely factual. its just you spreading bullshit.

Michael, did you mean September 4th? Why would they give us a whole month to know this information?

To keep us scared.. where have you been? 🤔 Have no fear.. I actually believe it's the other way around. I think they DONT want us to be able to communicate, hence the heads up about disabling. Plenty of time to get everyone SHUT DOWN.. that's just my opinion tho.. so, I will have one in a faraday bag and cage, but another just sitting up on top of the refrigerator just waiting to hear it... 🇺🇸

How is keeping us scared helping any mattes why not just say when it actually is going to happen how is telling someone a false date good keeping people scared is good ? Am I missing something I'm just curious

Most cell phones are almost always on. Why worry about one announced date and time? Surely the Black Hats could ping us at any time, and the "announced" schedule could be a diversion to see and identify how many people are taking directions from White Hats about their phones when they suddenly get shut off at the aforementioned date and time. The importance of the announcement seems to be more about WHO will turn their phones OFF, and THAT is why they are doing it, confirming who the White Hat fans really are. I'm leaving mine ON.

How you charge you your cell phone with no electricity though ? What about generators? Hospitals ? Things like that how is that going to work if they shut everything off ?

Our gas gen has been a pita. Rotated gas, back up propane... But, necessary! We also picked up an Eco-Flow Delta Max which has already come in handy.

If you're not running an electric dryer/water heater it can keep the entire house up & running for 24 hrs. THEN, it goes back on the gen...

We both have e-bikes we keep charged and only lived 1-2 miles to a store. About a 25 mi. range, IF you peddle now & then... lol

Yes, so the turning off phones by White Hat followers is a way for them to IDENTIFY AND TRACK WHITE HATS WITH THEIR PHONE NUMBERS because the phones that disappeared for a while then returned are an indication of White Hat followers and sympathizers.

That logic has one slight flaw: The fact that many phones of often offline and out of service at any one moment in time. Frankly, the best action is to turn off cell phones permanently and go with ham radio and forget the cellular network altogether, since it is clearly compromised. Yes, it is a hindrance, but it has clearly been used as a weapon and control mechanism in recent years and has become a clear and present danger to the populace at large.

Thank you Mr.Baxter for the information. I will have my cell phone disabled on 10/04/2023. I will also have the device in a Faraday cage and "locked" away.

Civilians taking to the streets with guns??

The military better be behind President Trump If it comes to that or else we're all screwed.

so what if they aren't.... at least something real will happen and the truth will come to a head. Fighting and dying would be much better than living through the last 7 years again.

i want no one to die, but you, unlike your leader the vax pimp . i just actually believe in fighting the satanists not talking about it for 65 years. keep coming on here talking about taking the satanists down though... its worked out well the last 65 years. talk them to death vax retard.

specifically what has happened since 1963, the supposed beginning of the q movement, that has in any manner led you to believe that the supposed white hats have any clue at all? the last 7 years have been the most moronic charade this planet has ever seen.

No..the last 65 years have proved they are compulsive lying stooges

No, but a heads up to be aware and that we are all in danger and are in the line of fire would be awfully kind of them!! Sheesh! Telegram videos and live broadcasts do not reach but a very very small percentage of the population! The number of people truly awake is minuscule! Many may know things are bad, but truly have no clue as to why, other than blaming the potato head in the WH that reports to a higher power!

Not since this morning when MB decided to retcon that part of the story

The question everyone should be asking is why the [DS] are so hung up about the EAS/EBS. What is the real reason they are pushing so hard at this late stage? What is everybody missing? Perhaps a tarot session, divination or remote viewing session will provide the answers. Time to email Tarot by Janine.

the supposed white hats are compulsive liars. by using the ebs to tell the actual truth they wouldnt be able to compulsively lie any longer.

So, you think the White Hats tell us everything they are up to? Are you dense?

Ne ..Myslím, že bílé klobouky jsou nutkaví lháři

Vaše čtení s porozuměním musí být hrozné
