Lékaři z námořní nemocnice Camp Pendleton vyvodili, že generál Eric M. Smith byl zasažen projektilem chvíli předtím, než měl před týdnem v neděli infarkt, řekly zdroje z generálovy kanceláře Real Raw News.

Přímo po události stáli námořníci ve Walter Reed na stráži nad generálem, zatímco lékaři přátelští k věci ho vyšetřovali, prováděli krevní testy a prováděli testy EKG a EGG. Srdeční infarkt, řekl náš zdroj, je zarazil, protože generál Smith byl považován za pilíře zdraví a nadšence cvičení, který se dvakrát umístil na prvním místě v Poháru velitele námořní pěchoty. Jeho předchozí zdravotní stav byl v září a jeho krevní tlak, cholesterol a triglyceridy spadaly do stanovených norem. Neměl v minulosti žádné očkování proti Covid-19 a jeho krev byla bez spike proteinů.

Jakmile byl generál stabilní, byl převezen do Pendletonu k dalšímu hodnocení. Tam generálův atypický infarkt myokardu zmátl zástupy kardiologů a neurologů, kteří ho také testovali a znovu testovali v

naději, že racionalizují jeho kolaps. Věnovali pilnou pozornost výsledkům, ale nenašli nic, co by naznačovalo, že generál byl kandidátem na infarkt.

Důkladnější vyšetření však odhalilo malou kruhovou modřinu a mělkou bodnou ránu na generálově vnitřním lýtku a také skleněnou třísku zasazenou do jeho kůže.

Generál údajně řekl, že modřiny a boule „přicházejí s územím“, ale nedokázal vysvětlit bodnou ránu. Řekl, že se před infarktem cítil, jako by ho při běhání kousla „moucha kůň“.

Lékařští technici provedli další odběr krve, tentokrát zkontrolovali přítomnost exotických toxinů, a našli stopy paralytického jedu měkkýšů, který v koncentrovaných dávkách vypíná kardiovaskulární systém a šíří se do srdce oběti, napodobuje infarkt a během několika minut způsobuje smrt.

Lékaři došli k závěru, že generál Smith byl zasažen skleněnou kuličkou, která se při nárazu roztříštila a dostala jed do jeho krevního oběhu.

"Kdo střílel, je zkušený střelec," řekl náš zdroj. "Gen. Smith měl na sobě šortky a tričko, takže střelec chtěl zasáhnout holou kůži. Zasáhnout zadní část mužského lýtku není snadný úkol. Právě teď máme balistické experty, kteří pracují na sledování trajektorie a doufáme, že zjistíme, odkud výstřel přišel. Gen. Smith má štěstí, že přežil."

BREAKING: Právníci se chtějí setkat s Florida AG Ashley Moody ohledně stíhání Anthonyho Fauciho a dalších federálních činitelů.

@GeneralMCNews

Je mi VELMI líto, že slyším, že The Black Hats ve Washingtonu a/nebo ti, kteří žalují/pronásledují Trumpa u soudu, nejsou v tuto chvíli ti, kdo jsou obžalováni místo Fauciho.

Prioritou je záchrana prezidenta Trumpa, ne Fauciho!!

Patetické zprávy. 🙄

Snad nemají pocit, že Trump má potíže! Myslím, že všechna Trumpova obžaloba NIKAM NEPŘEDE nebo ho nedostanou do ŽÁDNÝCH skutečných problémů.

Raději se začni pohybovat chytřeji, nechápu, jak se vědělo o jeho rutině a souřadnicích. Nemůžeme si dovolit tento typ ztráty v této fázi hry. SCORTCH ZEMĚ NA TĚCHTO MF

Místo toho, aby se právníci motali kolem předběžných právních kroků proti Faucimu,....

.. DOUFÁM, že uslyším, že prezident Trump má za sebou moc, aby se zachránil před uvržením do vězeňské cely jako Epstein!!

Naposledy upravila Kay Mitchell před 11 hodinami

Vydělávám 290 dolarů za hodinu prací z domova. Nikdy jsem si nepředstavoval, že je to upřímné, ale můj nejbližší společník vydělává 16 000 amerických dolarů měsíčně prací na spojení, což pro mě bylo opravdu ohromující, předepsala mi, abych to jednoduše zkusil. Každý si teď musí tuto práci vyzkoušet tím, že použije tuto webovou stránku.....

Www.BizWork1.Com

Na záchranu prezidenta Trumpa z vězeňské cely je na to příliš pozdě.

Pokud by tento seznam vyšel před lety, odstranil by VŠECHNY tvory z bažin ve Washingtonu, kteří jsou v současnosti blízko uvěznění prezidenta Trumpa.

Předvolání k soudu není totéž, jako mít tyto protokoly v ruce.

Kabala může zdržovat a odepřít předání čehokoli, dokud nebude prezident Trump ve vězení nebo jim „nebude z cesty“, a pak mohou pravděpodobně jen ignorovat předvolání s nějakým právním manévrem.

For the same reason, I don't ever want to hear "Breaking News" that the Biden tax and bank records have been subpoenaed Unless President Trump is out of danger!!

You actually believe what your TV use telling you? You believe they pulled a new trick and TRAPPED Donald? What IF, He's actually Not in Any Real Danger! Those indictments are not going to amount to any harm to him. He has become a scape goat for us actually. More & more

are coming to the realization of the deep state. All the while the white hats & JAG have arrested so many players on the Biden side. I say this is all going according to plans. Trump isn't in danger. It's Cost him immensely... That's just another reason we Love him so.

Why a few here have problems with MB's big words...

Must see video: *THIS is how they are programming YOUR brain.*

The Education Racket was against you if you stayed in the education system too long and how YOUR brain was programmed, indoctrinated to wokeness mental slavery like Nazism. –

You're failing in a full life because you have no ability in Creative FREE WILL.

Up until the late 1800s, a child's Education was ALWAYS the responsibility of his parents and not the state.

Last edited 20 hours ago by Zee

On the last part, sometimes the parents were the problem because they were ignorant, uneducated themselves, , cultist and evil. Not every set of parents is perfect and good. .

But when a family could educate their children it was a classic education — i am old I had a more classical educ.. thanks to my parents. But today we have lost so much in what is important to have a worth while life.

COMMANDER THOR INTEL 11/7/23 PART 1

The Intel I received last week, I received with no details, I'm just going to say what I was told, so please don't ask questions or for proof, as I don't have it.>1st. EBS should take place between this month and end of December.>2nd Trump will be back in office by January,>3rd NESARA will take place between April and June>4th Trump is married to Princess Diana and have a son Baron. This information will come out within next 6 to 8 months. Melania was a stand in for Trump's presidency and everyone knows why.

There is a lot of reptillian shapeshifters on this planet that want Diana

dead, the problem they have is it will never happen, as myself and my Families are eradicating them. Please remember that different situations and occurrences can change the timeline.

PS my Families may have to go to Israel.

11/7/23 part 2

Myself and my Light Being Families may have to go to Israel, once the Special Forces can't go down any further.

I will keep you patriots updated, in the meantime 1,000s of my Family are still eradicating demons under Geneva. If we have to go to Israel we will bring in more of my Family to eradicate whatever the Special Forces can't get to. It will be our pleasure to help eradicate what the humans can't. Just more smiles on our faces to help save our children of the Galaxy. Update coming...

YUP, Aak why car went a different route did a left turn instead of a right turn?

Why did the Ambulance stop by the side of the road and then up at the hospital about an hour later than expected?

Different route? So that was an imposter?

Oh oh.

Oh boy, there's going to be shock heads.

Her heart STOPPED en route to the hospital.

They had a Doctor on board and everything they needed to restart it.

But they only had 4 to 6 minutes MAXIMUM to do it before Permanent brain damage would be done.

So they had to surgically open her chest,(thoracotomy) to manually massage her heart periodically while attempting to suture her torn aorta.

That could not have been done while the ambulance was moving.

It's Ridiculous that people who have no actual knowledge or true information think they can make Outrageous statements here and think somehow they might be true.

Last edited 10 hours ago by Kay Mitchell

Of course.

And JFK jr, Jeffrey Epstein, and Santa Claus too.

Do you Actually think Diana would give up seeing her sons again or her grandchildren??

Last edited 10 hours ago by Kay Mitchell

I have heard some of this before from another credible source who I shall not name for the sake of argument.

So what density is CmdrValiantThor369? He presents a likable character. Elena Daanan thinks it's a grey alien. They are master tricksters. The greys work for the reptilians. IDK but I find it odd the rescue crowd don't take over MSM and put real news out already. Why leave these liars running television news? If the truth sets you free, I'm certainly not free of being stuck on wondering if this is true.

Now they say by end of December is EBS. They are not saying anything else that goes with this particular EBS. Stimulus Checks? Free rent again? Lockdowns and true news? Just Trump back in office? He was he was building 10+ new cities and it conjures up more images of concrete jungles to my mind.

Isn't it sounding kinda odd how in history can they find a way to present another 1st lady and the Melania being a coverup character? Seems to me Melania's life would be in danger also. It has the essence of a soap opera stronger than Jesus coming back. Ongoing and I don't mind, unless it's not true, then it becomes curious how to get on with whatever truth is.

The Solar Flash guy Thor recommended has a new video out with Jesus turning into a demon with wings at 3:20 rumble.com/v3sqvo7-lies-and-deceptions.html

If Solar Flash was going to be the case, it don't matter about realrawnews we just wait. Realrawnews makes sense we don't wait and act.

Thor calls demons "red goo monsters" that's kinda cute sounding, so I'm assuming they really are red and maybe because they manifest full of human blood, same as a bed bug or a tick swells up. I don't really know what their function looks like. They are allegedly predator beings, nobody can see. It's perfectly understandable Thor has no proof but someone does and he sais there's thousands working on this.

There has been proof of demons to a lot of people in history and they draw them and put up the stories in the holy books. Last I heard from Christian21 on McAllisterTV on rumble and his site callmestory.net is these reptilians work for the demons (but some reptilians are good). He just blasts out using his voice sounding too flabbergasted to articulate well.

No one can even show us what a stable well run world really looks like (without demons and serpent creatures being killed by Thor et al.)

OMG!

I see there is not going to be any Real, credible information on this site.

Just a ton of wishful thinking and science fiction.

This has been my “Hopeium” site for months but the Bullshit is just too deep without a shred of proof and I can’t explain it all away.

I’m guessing 80% of the posts on this site are Michael’s Alts and other clowns.

So I need a little break.

Happy Holidays to the rest of you.

A few thoughts on the elections—abortion is a false flag !!!! With the country in a disaster mode do you really think the majority of those that vote would alter votes just for abortion. Now think of those who would be most influenced by abortion and what age group would that be then think of who would be the most steadfast on voting—-. the younger people that would be most sexually active and care free are less likely if I may use that term and of course those intent on bringing down the country. Now look at the loud mouths—most couldn’t get a guy to do them even if they paid for it—lol—Now the real voting populous are 40 and above and what do you think they are most concerned about—— do you think those that voted for Youngkin are now all of a sudden

going to vote for a Rep etc. because of abortion——Call me dubious at best and most Republicans are RINO's —just look at who they keep to run getting elected——Ronna—— seems that says a lot and if you think there was no illegal vote gathering or somehow the computer systems got fixed then tell me by whom——Ronna and friends——But hey that is just me—

And as usual if you don't like my post I don't give a crap so stuff it——

Thanks for your post!! You are absolutely correct. Abortion is on the back burner. People need jobs and freedom to decide.

Thanks again

Is it your conclusion that the abortion issue will not affect DJT winning the presidential election in 2024?

If so, I do hope and pray that you're right or else the world is going to Hell in a hand-basket.

Thank Goodness General Smith is okay, however, these criminals needs to meet their demise & answer to The One & Only Father for their actions against another human being. We need our strongest men on the forefront of this battle to help along side the world population to defeat our enemies & take back our sovereignty & free our generations to come for 1000 years. Don't think that building back our countries will be easy bc that is when Satan will rise up & fool those that have never been connected with Our One & Only Father. Their days are number, however, some will be the sheep in wools clothing to live in shadows to bring in the Serpent to stand in the temple to declare he is God (don't be fooled). God doesn't need to declare himself bc he knows who he is & his love for you is more powerful (remember actions speak louder then words).

MB I saw a update list of gitmo from Nov 4, 2023. According to their list...Putin, Rocketman, x, Bibi and Jared K.u.s.h.e.r are listed as executed. They had the standard names we have been reading since 2017 I think. Why would these be listed or do you have intel on these?

and you know they are dead because a little fairy told you—how do you know—

Psst. Little secret TCM. The fruit loops who run these sites copy from each other because it saves time retyping a laundry list of names. But some sites have already “whacked” people who are not on the master list, so in order to keep the tales consistent they add them. In any case, none of the people on any of those lists have been executed by anyone. It’s a LARP

Lists are somewhat meaningless such as ‘Troll List’ herein, anyone could put together a list.

Myself takes pride being on Popo’s ‘usual suspect list’ for creating public disturbance via anti-leafleting libtarts.

Just off the top of my thinker—it would be almost impossible to get even one of these in captivity so someone or something is messing with you—Jared maybe but then what do you think Daddy -in-law would say—

The Putin & others you speak of is bc they were conspiring against humanity. It has been said, that Putin’s wife left him many years back bc he wasn’t the man she married. They have a clone doing his part is what I have gathered.

I’m pretty sure things are a whole lot more far out than we are presented with from official sources.

I agree we don’t know the truth on anything.

But that's no reason to believe hair-brained, science fiction, wishful thinking, crip-crap without a shred of proof.

Patriot guy and SG anon have intimidated that BIBi is in hiding in the underground DUMBS. I've heard other intel that says BIBi is gone. I've also heard through credible sources that Elon Musk and Putin were switched out awhile ago. We can't verify Yea or Nay on any of this so in the end does it sound plausible or keep it to yourself. Oh I heard Kushner was switched out a long time ago for treason. We won't know until this nonsense is finally concluded.

Too many people believe everything they hear even if it's unverified without a grain of truth or Proof.

The term "credible sources" is a HUGE RED FLAG to me.

It's just like some stranger saying:

"I'm not gonna lie to you"

The US government have done the following:

- Created and released a biological weapon that killed 7+ million people.
- Sent \$200+ billion to fund the only Nazi military on Earth, and they lost.
- Weaponized media and social media to brainwash and censor the public, to cover up their crimes and attack their political opposition.
- Promoted harmful experimental injections to billions of people, that did not prevent transmission or disease, and harshly discriminated against those who questioned the safety or efficacy.

-Funded both sides of the conflict in the Middle East and influenced the slaughter of thousands upon thousands of innocent civilians on both sides.

-Destroyed every fabric of American society, ruined our cities, ruined our culture, ruined our academics, ruined our quality and way of life.

While the GOP and DNC are arguing over which war to fund next, I'm picking out which suit I'm gonna wear to their international military tribunals.

The People have had enough. Justice is all that matters now.

I think we should leave vengeance and Justice to God and just focus on getting president Trump back into the White House.

He will take it from there.

God willing, If you like.

From what I'm hearing the 5G towers have been contained. And, to support this the FCC has stated that Joe Biden has demonstrated overreach in attempting to take total control of the internet.

A vote on this matter is up for Nov 12th....lets see the vote, but the FCC has always been apart of the DS. Prior issues have had the FCC voting against the health of Americans.

I hope they are disabled, however, I drove 200 miles couple days ago, and saw those flat things on the high poles, which indicate the technology of 5G everywhere. Unless they are being used or some thing other than 5 or 10G, there are a lot of those things Being built. I don't like smart meters either. I still have a five year old Iphone bc I don't want 5G and think it's dangerous unless someone has intervened

Not familiar with the 'high poles', but the vote on the 12th will be telling....that's on Sunday...strange.

Well the electric company is paying me a visit on the 15th...they say their box is unresponsive and should be replaced.....should be an interesting conversation. It's been covered with tin foil and duct tape....their letter to me was so written by an attorney with all the t's crossed and l's dotted....

Unresponsive? I'll just bet. Maybe the bill has been lowered due to the tin foil & duct tape. Make sure & look up your rights & don't let them intimidate you. Its time we the people start suing these jackals for their "smart" meters.

I'm debating whether to remove the tin foil before they come. I've researched the law here and they are not going to have any flexibility. They said they would call me about my concerns and never did.

Give him cayenne pepper in capsules or liquid if he can stand it as it feeds the heart. One chiropractor who was waiting for patient to come in to office, went out to car after a long time and found man slumped over steering wheel, pulled him out of vehicle and used liquid cayenne, squirting some droppers full of this cayenne down his throat, which brought him back alive.

They're cheating again 🤡! Kentucky Governors race and The Democrats are flipping votes. It's no better in Virginia. I thought we were going to stop this White Hats!!!

my gut tells me that ALL elections since the beginning have been tampered with so much corruption and high stakes involved psychopaths at the top control everything and us regular decent folks mistakenly think they have our best interests at heart SELECTIONS NOT ELECTIONS is how it is and always has been

If elections mattered, would they let us do it?

It doesn't matter who votes. What matters is who does the counting.

Welcome to the real world!

Let's face it Mark. You and your friends are going to yell "fraud" anytime someone other than the candidate you like wins. If Trump loses in 2024, he'll scream "fraud." If he wins and the results are anything less than 100% for Trump and 0% for Biden, he'll scream "fraud." It's going to be this way from now on.

Let's face it "Harrison".

Someday you'll realize the official sources you follow have been lying to you.

Surprise!!! Newsflash ... the gray hats have no intention of removing the fraud machine. But that's okay ... the trumpsters are still looking forward to 2024 because this time Donny gonna win! And if he does win with the fraud machine still in place it will be because the DS allowed it as they did in 2016. It's pretty obvious both sides want the fraud machine to remain in place.

When are the trumpsters going to admit the lack of public action by the gray hats is a good indication that they want to keep the wealth, power, and control over the masses. We are being played.

Have you considered that Republicans just lost because they suck and they push deeply unpopular positions like no-exception abortion bans?

Praise God General Smith was in exceptional condition when they tried to kill him. The Deep State will stop at nothing to try to sabotage the military that are saving our Nation. May God protect them. 🙏🙏🙏

Thank you Michael for continued information!

He was not in exceptional condition. Thanks to the shitty football coach, he was working two jobs and stressed out. Maybe the Ananuki can provide a stress relief cure of some sort

After doing some research it appears all the high level military are vaccinated. They also supported the vaccine mandate. They must have rocks in their head for brains. All the true military men were removed many years ago.

Quoted from AMG....

“C. The Transition from Civil to Military Authority

The transition from civil to military authority is a turbulent process that upends the established order of governance. It’s a moment when democracy can teeter on the brink of collapse, and the very foundations of a nation’s identity are put to the test. This article will delve into the intricate details of this transition, from the legal mechanisms that enable it to the consequences it carries for individual rights and freedoms. By the time we’re through, you’ll have a comprehensive understanding of the metamorphosis that occurs when a nation falls under the shadow of Martial Law.”

From CHP Canada...

“Even in the United States of America, there is strong evidence that the 2020 Presidential Election may have been rigged in several key states. While the governing bodies in those states and the electoral commissions established by them to administer and supervise elections have not accepted the claims of election tampering, many Americans believe the published polling outcomes do not accurately reflect the will of the people. In fact, they believe there was deliberate manipulation and a subsequent cover-up.

In the 2020 US Elections, there was a significant increase in mail-in ballots, advanced polls and “ballot harvesting.” This was partly attributed to COVID fears and restrictions. Whatever the cause, any voting system that reduces eye contact and allows voters to submit their ballots remotely, introduces some risk of fraud. People can and do create multiple identities. A mail-in ballot can be forged so that the name on the ballot is not necessarily the same as the name of the person who filled it in. People have voted more than once in multiple locations.”

More CHP...

“I began this article by saying we should be thankful that Canadian ballots are still paper ballots counted by hand rather than by potentially programmable mechanical tabulators. But that is changing; while Elections Canada spokespeople retain a commitment to hand-counted paper ballots, the rising trend towards mail-in and drop-off ballots portends potential avenues of fraud . . . and in at least one province, those paper ballots in the next provincial election (scheduled for October 2024) will be mechanically tabulated. What could go wrong? They also plan to introduce voting by phone, another innovation fraught with potential for abuse.

It’s time we Canadians put our foot down and stop allowing corrupt politicians to tamper with an electoral system that’s already under siege. Our future may depend on it.”

There were way more votes than there were registered voters, simple as that.

So you're looking forward to a military dictatorship. Unelected guys with guns running the country. It's worked so well in North Korea there's no chance at all something will go wrong once its implemented here.

The more exotic, the better, as that makes them harder to detect or, for many people, even to imagine, let alone to think about. Hence the inundation of society with tropes about such things as mere science fiction through “fictionalization” narratives in entertainment.

I am grateful for your reports. Indeed, I am grateful. However, would you please stop trying to use words periodically that cause people to run for the dictionary. You know what I'm talking about. Knock it off. It's just not necessary. You don't need to prove your obscure vocabulary. It

does not improve your reputation or add to your persona in a positive way. I am often seeing words that are so unfamiliar. It ends up being glossolalia.

I love the obscure words.. Someone has to educate us as certainly the schools don't deliver a full and proper education these days.. If someone doesn't like using a dictionary, it means they are a product of Common Core and have closed minds.. Only my opinion, of course..

I went to school with someone like that. They didn't want to write a bunch of words they deemed unnecessary. I said try it anyway,. but she would not. Even her other classmates encouraged her to try and get over it, but she would not.

Chuck berry was good at it,"she swung down and grabbed my ding-a-ling!"

Don't you just hate when people do that crap, it's like you almost want to tell them- why don't they become a teacher and help the kids out, 😄
🙄

glossowhatlia? Now there's one I had to look up! It's his style, Biff. Just roll with it, do some research. I know that every MB article I read there will be a word to look up. Highlight the word, click on it, and hit 'define'. It's not that hard. Shape up Biff, we're gonna need ya, bro.

Sure is for Biff. I use big fancy words too, but some of my friends think I'm too highbrow because I do. Expanding the vocabulary is fascinating, I did that when I was a kid. But after I became an adult, one of them told me to dumb it down, because they had trouble getting through school and couldn't understand the sophisticated vocabulary i was using.

Just shows he is intelligent, someone has always got to find something to criticize. Can't you just be grateful and thankful for the amazing job he is doing to enlighten us all, and encourage him to continue?

I do have a question for our host. Do you know how you were selected to be the Commandant's spoke person? Or for that matter, why? Just curious.

They saw MB's work on his previous website twistedtruth.net and thought, "Oh yeah, this is the guy. This weirdo who writes goofy nonsense stories about Planet Nibiru and Anunnaki lizard-people is the one and only journalist in America trustworthy enough to reveal all the super-secret invisible arrests and executions we're doing."

Welcome to the real world.

That's been my main point all along here, and elsewhere.

Anyone can write anything, anywhere. Especially with "AI".

You sure did a 360 on us, Kay.

First you were gun ho

Now you say it isn't so.

Lol this is the only name I post under Kay. Why would I bother posting with a dozen different names? What would be the point when I can already say whatever I want with this account?

Michael allows it because he really cannot be bothered to spend his time reading and moderating this place. Besides I'm probably his biggest fan tbh. Did you even know about his fantastic work on twistedtruth.net, Kay? Long-time MB fans like me know.

Exactly. This troll turd a/k/a B1ggs is not fooling anyone, as it posts under many other names like Harr1son, Exi1e, Ethe1, J Bi11, N0name, DesChumps, and has had many previous names blocked, such as W0zz, B0fa, LI0yd, Russe11, et c.

So Biggs, amplify. You're a fan because you enjoy the more spicy ET theme, or you just think it's creative fiction? And long-time as in how long?

So says another alt of Michael's?

"BIGGS" the Alt lies and

"J BILL" the Alt swears to it.

How convenient.

He's self-appointed. Writing this stuff is easier than working a real job.

I really doubt that. I spent too many years in Navy Intel to accept that answer.

I spent too many years in sigint to accept that answer.

see how easy that is? lmao

Gerald, do you mean by that that this has enough real intel vibe to you that it would be too much work to try and fake it, or what more precisely?

It has enough to make me curious enough to ask him, how and why he was selected for this job.

You couldn't have been very good at your job. All this stuff is from MB's imagination spiced up with information from various open source military websites, Wikipedia, and like-minded conspiracists. A career Navy man would know that stunts like having a Marine general order a guided missile frigate into action or a Naval assault on Guantanamo are just not possible. Nor could these arrests, prosecutions and executions go on without the chain of command finding out and allowing it to happen. These plot lines are too cheesy even for Clancy.

You seem to forget, or never knew, that the Marines are the personal branch that protect the President. They are his to command and if he wants a frigate moved he will have the General notify the skipper of the frigate. Pretty simple really.

The President is in command of all military forces. I dispute the idea that the Marines exist to be the president's personal bodyguard and have plenary power to do whatever the president wants at any time.

The frigate belongs to the Navy, not the Marines. Moving one requires the Navy to agree to the movement, provide the crew and fuel, and all the logistics that come with it. As for a president phoning a general and ordering up a ship, I assume you are familiar with the chain of command. No captain is going to step that far outside his lane on the word of an officer from another service, especially if the plan is to have the ship engage in combat. If the president called directly, he would still

check with his bosses before weighing anchor. Also, Trump is no longer president — he's said so himself — so he's not ordering military assets of any kind to go anywhere.

Now, I assume you live in that alternative world where Trump is secretly still in charge and not spending all his time in court or playing golf. In that special place, that magical place, a Marine gunnery sergeant could order the U.S.S. Gerald Ford to sail into New York harbor and level lower Manhattan. That world is imaginary and if you are what you say you are, you know what's true and what's made up. These stories are the world as you would like it to be, not the world as it is.

Anchors aweigh.

DJT may be in charge. You don't know.

If you believe official sources, you're in deep trouble.

As I've said elsewhere, the reality is, we have no idea what reality is.

Going to disagree.

MB has already explained more than once DJT's authority for retaining CIC command. So apparently you're not sharp enough to pay attention.

Leveling Manhattan is an ENTIRELY different thing from standing down from an illegitimate order by an illegitimate, and masquerading, Pedodent.

You might have to do better than that.

For tribunals etc. this is the place. For Finance follow the X22 Report. Dave the site owner was a precious metals and bond trading industry insider for years.

The big problem had been, Visa and MasterCard held proprietary technology to support hundreds of 1,000's of debit and credit purchases per minute. Tens of millions over the course of the day. Think how many times you swipe your card in a typical day then multiply by the adult pop. of the U.S.

Deep State controlled banks are NOT going to let -anyone- piggyback on THEIR system. So replacing the age old SWIFT sys has been the challenge. Recall, thru the [analog] 1970's, Wall Street had thousands of clerks manually working the trade floor after the close. Before Dot and Super Dot, they struggled all NIGHT just to have trades settled in time for the following open of the market!

Telling citizens and consumers you're offering this "new liberating financial system!" isn't going to fly if they have to wait 1/2 an hour to process the grocery purchases.

Doesn’t that show you just how important and necessary it is, to ramp up security for top level Military personnel.

IF this was the case they would be exposing ALL of this heinous shit, but NO they only have this information released UN-VERIFIED at an OBSCURE WEB SITE, known as RRN. Anyone that wants to argue this FACT , please, lets get it ON!

Again, red LINES.

The DS was never stupid. They've made clear any divulging of the secrets they HAVE to know WH's gained access to, if released and "red lines" were crossed, those disclosures would be met swift and severe retaliation.

Go ahead, TELL your MAGA patriot deplorables about our Chrome harvesting.., we'll nuke Toledo..! So until we could be certain we'd commandeered their most heinous weapons caches, we had to play ball.

Would it surprise you to learn the CIA developed a "Club K" mini-nuke weapon that.., wait for it... fits inside a shipping container..! The roof raises hydraulically and they can launch (2) missiles via remote activation. So basically ANY cargo vessel is a *combatant* vessel to be taken seriously. They don't even need be all that accurate! As long as it leaves a mess it suffices for the DS agenda.

Plus God KNOWS how many pre-staged dirty bombs and nasty viruses along w/ conventional arms for their rent-a-thugs to launch REAL insurrections. And millions of people get hurt. It's easy for we, The Impatient to say.., "Well I don't have any relatives in Toledo..?"

I just saw a twitter post that Buttigieg is in Ukraine. There is a little video of him and the weasel (Zelenskyy) shaking hands and probably making eyes at each other. People want to know what is Buttplug doing in Ukraine? I wonder if he is on the list for a vacation at GITMO!!

All that Buttigieg knows about transportation is that he has been rear-ended more times than he can count.

Adrenochrome has been proven to be a chemical and not a drug . It doesn't do anything and can be synthesized. So much for being a scarce exotic drug . Check it .

Again, you and I may know that. But it doesn't mean those involved in Satanic rituals (backed by a s/t o' dirty money to prove it!) don't believe that..?

They deprive us of our humanity DAILY.., just because it amuses them.

Adrenochrome doesn't do anything? I guess that means you know from experience? Where was it that you tried it for the first time?

Well it's not illegal and no one in congress or Trump has ever mentioned it in public or that we have a terrible adrenochrome problem like fentanyl. Have you ever read about anyone being arrested for possession or distribution of adrenochrome? No . Our knowledge of it springs from Hunter Thimopsons twisted mind .

then why isn't it legal and sold over the counter—you seem to be in the know—give us the chemical composition, I can't seem to find it— Funny how and why the Russians with aid of some Special Ops from US are taking down labs and trucks full of it—but hey you must have inside intel so help us out and don't do your usual bs cop out—show us how smart you are—

It's easy to find and it is sold over the counter for research purposes . It does nothing , doesn't keep your youth . Formula is C 9. H 9 NO 3 . 3 hydroxy-1-Methel-2,3-dihydro-1H-indole-5,6, dione No proof at all the Russians are doing that. It's a myth , why hasn't Trump mentioned it like he has other drugs ? No big ruckus in congress about it . No stats about it at all . Look it up , you can find it . Unless you don't trust any search engines . Did you read about Hunter Thompson and his invention of recreational adrenochrome? It's a riot .

YOU are WONDERING, THESE TWO RUMP RANGERS were doing more than shaking hands , more like shaking glands.

 **BREAKING**

BIG DEAL, just more lame bullshit, US CONGRESS are CRIMINALLY COMPLICIT with so much heinous TREASONOUS SHIT, they are FUCKING USELESS and essentially IRRELEVANT . the RIGHTEOUS , TRUSTED US MILITARY, US SPECIAL FORCES and US SPECIAL OPERATIONS UNITS should have taken – down and taken – out the ENTIRE US CONGRESS, Legislative Branch and the EXECUTIVE Branch by FORCE using EXTREME PREJUDICE QUITE SOME TIME AGO , DECEIVER and LIAR TRUMP and BAD BERGER SLOW-PLAYED this entire take down for over TWO FUCKING YEARS, yeah trump!

A bucket of ice cold water dropped on your head will sort your triggered behavior out. Dude, you are losing it big time.

Lol James Comer has been at this bullshit for like 2 years and none of these subpoenas ever amount to anything.

Hunter Biden's lawyer sent a letter Wednesday to newly elected House Speaker Mike Johnson, asking him to intervene against three Republican chairmen who have investigated the president's son and threatened to subpoena him, his relatives and business associates.

"We write today to urge you, Mr. Speaker, to use your newly minted leadership post responsibly and ask you to think twice before joining this spectacle," Lowell wrote in his 12-page letter obtained by USA TODAY.

USA Today

Sounds like the DS lawyer is sending the speaker a threat. I hope the speaker stands strong. I would love to see a bunch of fried Bidens. Of course, we know the Hunter they have is a doppelganger and not the real demon.

and you say your self – image is doing fine? Well, it has claimed you. So now you are its bitch. What you made has made you, as per your election.

Where are we today?

Ha, ha, If you can look at what's happening on the planet as a chess game, a multi dementional chess game. You have 3rd density, 4th density,

5th density and now we a 6th dementional component, in this chess game. And we are down to the last 4 moves. For the freedom of humanity. 4 moves that is all that is left! Now the dark side, which doesn't

want to move, they don't want to use there last, really one move. They really have left. So what they are doing is causing havoc, COVID, Afganastan, and other false flags, that were going to see happening here very shortly, they going to create kayos, and pandamonium, and the reason for that is they are trying to delay from having to make a move, well the belevance. Which involve white hat humans, and and off planet bevelvalant star nations, they are forceing there moves now. They want this whole thing done and resolved by this Dec. on our clock. Ha ha yes it's outstanding. Now, I have to cation you it's going to get wild. Really wild, and it's going to get down and dirty. You know the controllers of this planet which have had control of it over 10,000 years. Ah they have no where to go. When they are removed from power here, they will no longer exist. There are no plans for prison, it's terminate. And they absolutely deserve it.

“belevance”

“off planet bevelvalant star nations”

Lol was he trying to say 'benevolent'? Not even close bro

It was a video so i typed letters for words not bad if that all you find don't have spell check on my flip phone but glad you easily figure it out. You got the point though.

Strike, I think that assessment is backed up by Project Looking Glass. From what I understand, from the late 80's to the early 2000's, bad actors were peering into their magic 8 ball, but the answer was always the same!

After querying their system every way they could think of, conjuring both false flags and real events to reshuffle the deck and reload the game, the DS-CIA shut the project down and we got.., 9/11.

Another example of Guild 6ack 6etter in action.... 😞

Will vouch for the uploader and by extension the content on his channel. I first saw his work many years ago—he is a REAL truther who presents breaking news in a straightforward, no-nonsense manner that Jack Webb’s Joe Friday of DRAGNET (1949 – 2003) fame would be proud off. Long ago in a clip (if I am not mistaken), he called out the UN crowd for their treachery several(/many?) years before their announcement/involvement with the Plandemic (2020 –) via the UN WHO.

Sixuild sixack sixetter? Like yes I know what you’re going for, build back better + 666, but it really is not excellent, it kinda looks like shit.

I didn’t see that anyone on here asked you to open your pie hole and start spewing.

I didn’t come up with that, another truther somewhere pointed it out.

It’s SO TRUE!

As part of the bargain they make with Satan, his helpers have to ‘hide’ his signature in plain sight in order to ‘sign the work’ for him ‘by proxy’.

To date, that is the best ‘hidden 666’ I know of and that ‘build back better’ was the ‘catchphrase’ of the minions that brought you the ‘Brandon’ Administration and the Plandemic.

Two other famous ‘hidden 666s’ are the WEF (Klaus Schwab) and Google Chrome logos.

Somebody somewhere said that ‘signs and symbols rule the world’ — it is how evil communicates in the open.

FREEMASONRY A JEWISH LUCIFERIAN CULT. [A RARE DARING INVESTIGATION]

(Banned and scrubbed off YouTube. Re-uploaded to Bitchute by the author)

<https://www.bitchute.com/video/HNfPDAf2rj5U/>

131-minute historical walkthrough of the conspiracy. Lots of dots are connected and are confirmed by prior online research I've done before I saw this documentary. Was surprised this conspiracy goes back over 2000 years based on info in the documentary I didn't (already) know about. I watched it at 2x inside the VideoLAN media player to save time. I had to pause it now and then because there was so much information shown on the screen to (speed) read through. There is no dialogue but a 131-minute BackGround Music soundtrack that you may find annoying which can be muted so you can watch this documentary in silence or with other audio of your choosing. The key takeaway in this documentary is this—there is Capitalism and Socialism—two sides of the same New World Order coin that look like this:

Capitalism Socialism

BANKS BANKS

COMPANIES GOVERNMENT

GOVERNMENT COMPANIES

Capitalism – Banks control companies that influence government politicians through lobbyists/Political Action Committees. The most famous example of this is the United States Of America (1776 –).

Socialism – Banks control governments that own all companies in existence as a ‘state run monopoly’. The most famous example of this is the Soviet Union (1917 – 1991).

Please read the text in the description box for more information—it tells you how this documentary came to be censored. For more information on that, watch

This epic 317-minute documentary is a must-see and should be seen from start to finish. It is basically a combination eyewitness account of the author’s time inside Freemasonry, his brush with death, which motivated him to make this documentary to warn/inform others. If you are pressed for time, watch it in sections as shown above after you’ve seen the first documentary at the top first. In the space of about 2.5 hours minimum, you will get a clear understanding of why things are the way they are in this world today—the (end) product of a very, very old conspiracy of evil to enslave the world.

and yet the agent kept her gunbelt on whiling away the hours before the WH's fulfilled her destiny, er, I meant destiny!

 I hope this actually happened a few years ago. Because you all who are fighting have to know you have a big target on your backs.♥Take care. 

uh, WHITE MEN in the US and EU are walking targets. I can't believe young white men have not been training judo, kickboxing, jiu-jitsu!

FOR THE WARRIORS FIGHTING THE CABAL BETWEEN ISRAEL AND GAZA:

(IF YOU ARE A MATURE CHRISTIAN, PLEASE PROCEED.)

We rebuke the traitors who engineered this war in Jesus name. We expose, shame and reject those depraved individuals and groups who deliberately steal, burn, kill and destroy innocent human beings. We call out those who forcibly withhold, food, water, medicine, diapers, rescue vehicles, emergency medical assistance and stop any and all humanitarian aid from inhabitants, travellers and residents under threat by Satanic workers.

We declare these devastated people who lost family members and friends and pets and land and homes and fortunes in this conflict ***will be repaid seven times more*** by the father of all thieves in Jesus Name according to Joel 2:23 and Proverbs 6:31.

We declare and decree that every man, woman, boy and girl who has

been displaced, traumatized, injured, is hungry, thirsty, sick, persecuted, threatened by workers of iniquity, in need of housing, in need of loving neighbors to protect them according to Jesus's teaching in Matthew Mark and Luke, will have them in abundance.

We declare and decree that every patriot, every prayer warrior, and all the men and women in and out of uniform defending the innocents will defend them from these malevolent agents of evil and the Luciferian agents of the cabal against the innocents.

Satan, you lost this battle. You will no longer harm the families and travelers in Israel or Gaza anymore. You will not destroy them, nor through your human agents fire on civilians, or use them as human shields anymore. You will not loot the properties and fortunes anymore, they belong to God, not you, according to Haggai 2:8.

You will not burn and rape and burn and kill the defenseless women and children anymore. You will not divide people by civil war anymore through your human operatives. You are done, finished, denuded of whatever power you claim to have according to Ephesians 6:10-18. You will not harm another soul again in Israel or Gaza through your agents of Gehenna. Go back to hell with your demonic agents and never come back.

Father, our hearts are hurting with the extreme damage and deaths and injuries and betrayals and firefights between Your warriors and Satan's warriors. We call on Your warrior angels to confuse the enemy and apprehend those hellish spirits in Jesus Name. We declare and decree these demonic miscreants will be speedily brought to justice in Jesus name.

We are sad and angry at the ruination these engineers of evil have wrecked on Your beautiful land, that You swore to give to Your patriarchs in the Old Testament. It is still Your land today because You own it. Holy Spirit, help us rebuild the lands so new life can be born. Lord, please have mercy and make every way of escape available for those trapped in Gaza and make every way possible for those kind and

gracious people trying to help but are prohibited and blackmailed from helping these hostages, including Your kids who are crying out for assistance and mercy In Jesus Name.

Please comfort the families who were killed in this bitter conflict and those saving the innocent, and protect them from any who wish them harm or danger In Jesus Name.

Please make a way of escape for the innocent and kidnapped so they will not die or be maimed or raped in this evil conflagration.

Enable from every humanitarian who loves and honors You a literal tsunami of material and spiritual help to those in need so they can rebuild and recover.

Give wisdom, understanding and power to those leaders to stop the killing, that this conflict may stop and peace will return in Jesus Name.

Protect our President Trump, President Putin and their families as they marshal special military and rescue forces to stop the cabal from inflicting further damage to our world, including the agents from hell who engineered these attacks on Gaza, as well as to apprehend those who commit crimes of human trafficking, child rape, murder and exsanguination from adrenochrome.

Enable us and enable them to bring to justice every worker of evil, whether they are small, or great, or high or low without delay in Jesus Name.

We thank You for giving us the honor and privilege of serving such an awesome God and to love our fellow humans beings with the agape love Your Son Has for us all.

In Jesus Mighty Name, Amen.

It is NOT too late—follow the prophets! Everyone here at the present time was INTENTIONALLY put/left here for this final battle. God has said they will NOT take his EAGLE (America). Prophets say that God

wants us to put on the armor of God everyday and to stand tall and fight and resist with all our might! What God has planned to do here will be bigger than the Red Sea. God says we are to declare that our enemy (ies) are through and they have been defeated. SHOUT THAT!

Před pár lety zlatý chlapík z Austrálie řekl, že celá planeta dostala své zlato, kromě toho, že nevěřil Trumpovi, protože ukradl naše kouzla 5g JAB otrávil vše, co

Myslím si, že Trump „přecenil“ etiku každého jednotlivého člověka, od kterého se očekávalo, že mu jako prezidentovi POMŮŽE. Kdo by hádal, že NIH nebo CDC NĚKDY doporučí vakcínu, o které věděli, že zabije několik milionů lidí, jen aby vyhráli volby??? Zrádci každého z nich!

Spousta z nás to tušila.

Ti, kteří důvěřují „autoritě“, by neměli.

Kromě toho jsou všechny „vakcíny“ zlé. Někteří zabíjejí rychleji než jiní...
