Congratulations to Speaker Kevin McCarthy!

In the 118th Congress, House Republicans will restore the People's House and pass our Commitment to America.  pic.twitter.com/1uO9vq6YWg

Kevin McCarthy byl nakonec v sobotu ráno po půlnoci zvolen předsedou sněmovny.

Krátce před hlasováním se Matt Gaetz objevil v hrozném televizním pořadu Seana Hannityho a řekl, že od McCarthyho dostal vše, co chtěl.

This has never been about me or Kevin McCarthy. It's about the American people.

America wants to know that the rules of the House of Reps would never allow something like this horrendous omnibus bill to ever pass ever again.

That's what [@RepBoebert](#) and I have been working on. pic.twitter.com/TpBr2xZs0X

— Rep. Matt Gaetz (@RepMattGaetz) [January 7, 2023](#)

Jak jsme předpokládali, poslední požadavky od McCarthyho zahrnovaly specifické změny politiky, spíše než procedurální změny, které McCarthy původně nabízel.

Gaetz stále odmítal hlasovat pro McCarthyho, ale on a další členové jeho posádky hlasovali „přítomně“, což McCarthymu umožnilo vyhrát s 216.

Naneštěstí pro Gaetze, nyní fakticky slouží jako ručitel pro McCarthyho, když uvedl své vlastní jméno na tvrzení, že McCarthy bude mít na příští dva roky zakázáno šilinkovat. McCarthy je rozený shill, bezpáteční popelář, který nic neví a o nic se nestará, takže je velmi těžké uvěřit, že to pro lobbisty zvládne dva roky bez šilinků, ale hádám uvidíme.

Ať McCarthy souhlasil s čímkoli, pořád je to ten chlapík, který nosil dvojí ukrajinské barvy a na jeho šatech nebyla vidět žádná americká vlajka.

Shut the hell up you fraud pic.twitter.com/F9bmMZF1Sd

— Anthony Sabatini (@AnthonySabatini) [January 7, 2023](#)

Říct, že „nenávidí Ameriku“, by mu pravděpodobně dalo příliš velkou zásluhu. Na Ameriku vůbec nemyslí.

Dokonale zastupuje židovskou shillovou pozici, která je jen shazovat, shazovat, shazovat, bezmyšlenkovitě.

Není mi jasné, jestli vůbec někdy došlo k ústupku na Ukrajině, což je opravdu hrozné.

Krátce před hlasováním vystoupila Liz Cheney a řekla, že ústupku vůči Ukrajině nelze udělat.

Ronald Reagan taught us that weakness is provocative. China and Russia are watching. If @GOPLLeader agreed to weaken our national defense for his own personal gain, that will be his legacy, and our nation will suffer. <https://t.co/H9IKZ9JZPo>

— Liz Cheney (@Liz_Cheney) [January 6, 2023](#)

Podle Politico , Roll Call a The Hill jsou to ústupky po hlasování 12 (za Mediaite):

1. Pouze jeden člen sněmovny potřeboval podat návrh na „uvolnění předsedy“
2. Členové Freedom Caucus mají několik křesel ve výboru pro pravidla sněmovny, což těmto členům umožní využít určitá kritéria pro hlasování o zákonech.
3. Hlasování o návrhu zákona o omezení funkčních období členů Kongresu
4. Individuální hlasování o každém z 12 návrhů zákonů o přidělení a vyloučení vyčlenění z těchto návrhů zákonů
5. Hlasování o legislativě týkající se bezpečnosti hranic
6. 72 hodin předem od vydání zákona před hlasováním o něm
7. Hlasování o pozměňovacím návrhu o vyrovnaném rozpočtu

Myslím, že brzy budeme mít lepší seznam skutečných koncesí, které nejsou veřejné, ale tento seznam se také objevil:

Je alespoň potvrzeno, že Thomas Massie bude ve výboru, který bude vyšetřovat zpravodajské agentury, a la církevní výbor.

Rep. Thomas Massie admits Tucker Carlson had a role in McCarthy's concessions. Carlson has been pushing for a Frank Church-style committee led by Massie throughout this week.

"I don't know if you're clairvoyant or just made the future happen but it's happening."

Média připravují tento příběh (protože samozřejmě):

McCarthy's concessions to far-right Republicans could end up tanking global economy

Takže kdo ví.

Stalo se alespoň toto:

Tito lidé své Židy opravdu milují! Zbijí tě za Sion!

My expectations were always very low. It wasn't like the House had the power to shut down the Ukraine war anyway. At best, maybe they could gum up some of the funding and give Russia a bit of breathing room, but presumably anything they cut would be covered by untouchable black budgets anyway. The Congress only has control over official packages that send new weapons systems – much of the funding is always going to be a black hole, because in real life, the American government is not run by elected politicians.

It was a funny little thing that happened, and there were definitely no downsides. Yes, it would have been funnier if Trump or the Democrat was elected Speaker, but that was never really a possibility, because not even Gaetz was willing to risk his entire career on this. It was a game of chicken, and Gaetz held out longer than McCarthy.

It sets things up for more funny moments. Gaetz now has an incredible power base, which I do think he will use in funny ways. (Republished from The Daily Stormer by permission of author or representative)

Rep. Hudson, R-N.C., left, pulls Rep. Rogers, R-Ala., as he confronts Rep. Matt Gaetz, R-Fla., during the 14th round of voting for speaker as the House meets for the fourth day to try and elect a speaker in Washington, Friday, Jan. 6, 2023.

The picture in the tweet is a bit more dramatic than the video (~1:20).

Watch Video At: <https://youtu.be/Dp9XYnoEAMA>

However, it proves that Gaetz and the House Freedom Caucus got everything they could. They pushed so hard, the opposition almost snapped.

Trump and MAGA were visible helping the resistance: (1)

Trump's involvement persisted throughout this week, including in talks last night and this morning ahead of the crucial breakthrough for McCarthy, according to the source.

On Friday night, he made calls to Reps. Matt Gaetz (R-FL) and Andy Biggs (R-AZ), both of whom had voted against McCarthy for days, and told them that the matter needed to be resolved. Ultimately on the 15th round, they both voted "present," helping to lower the vote threshold for McCarthy.

ABC News Investigative Reporter Katherine Faulders first reported the calls between Trump and Gaetz and Biggs.

Former President Trump placed called to both Andy Biggs and Matt Gaetz as all the drama played out on the House floor, I'm told. Both of them have changed their votes to "present" this round.

— Katherine Faulders (@KFaulders) [January 7, 2023](#)

Rep. Marjorie Taylor Greene (R-GA) told Breitbart News on Friday that Trump's "role was huge" in the negotiations. Specifically, she pointed to his statements in support of McCarthy this week and the phone calls he was making behind the scenes.

This evidence of relevance & viability greatly helps the Trump 2024 campaign.

RINO DeSantis was conspicuously absent from the discussion. Was the underlying reason, cowardice strategic evasion, or both. Irregardless of the explanation, his total absence from critical national issues is a possibly fatal blow to DeSantis 2024 aspirations.

It was a mere farcical theater. It did provide a few laughs. More importantly the evil right wing twenty has once again stirred up the abortion only bitches to ready their copier printers for the stuffing of drop box ballot stations. Winning for the right always seems convenient for the establishment.

Can Matt Gaetz not provide one aide with a wifi scanner and scan all propose bills to the internet? You're a fool if you think McCartney will give you 72 hours. My guess is you are no fool. Like I said it was theater.

Unfortunately for Gaetz, he is now effectively serving as guarantor for McCarthy, having put his own name on the claim that McCarthy will be restricted from shilling for the next two years. McCarthy is a born shill, a spineless garbage human who doesn't know anything and doesn't care about anything, so it is very difficult to believe he is going to be able to make it two years without shilling for lobbyists, but I guess we'll see.

He's a sociopath/Satanist, as are probably all of the Zionist ilk. And if they're not sociopaths, they will be in short order because they lack the character and integrity to resist the Devil. But the Devil and his works are built into the system.

This all reminds me of how the Jews implicated average Americans in their pre-planned war against "Islamofascism" by stampeding them into the Mideast based on the 9/11 Zionist job. Once the Satanic deed is done and the Zionist narrative is formulated, which was immediate, it was a *fait accompli* that America would implicate itself in this evil. It took years to sort out the truth, but no one was held accountable for treason and crimes against humanity, because huge factions of Congress and the Federal Government would have had to arrest themselves. And here we are again, now on the cusp of a world war with Russia using Ukraine as the spark, with McCarthy smoothing the way along with his homosexual Jewish landlord/roommate Frank Luntz.

A democracy that includes Satanists is inevitably Satanic. The only way out of this would be to purge every Satanists and every vile dog tainted by Satanism from what's left of Christendom, and I don't see that happening, but for sure not in the Anglosphere since it was so easily infiltrated by Satanic Jews once they instigated the ZOG world wars of the Jewish Century using Marxist ideologies and mindless Anglo ambition and greed.

It was supposed to be “Never Kevin” but who is now speaker?

I think the focus should have been on January the 6th and the renaming of it as Ashley Babbitt day in memory of the murder of an American who truly believed in her country and was willing to fight the Nazis for its future. Don't let the Nazis use it for their purposes.

The only difference now is that Trump has lied to people on McCarthy's behalf.

Immigration politics in the United States is one of the most prominent vulnerabilities of the JEW/WASP Ruling Class of the American Empire and the Neo-Conservative faction in the Republican Party. This is one reason why Neo-Conservative whore politicians such as Kevin McCarthy and Lindsey Graham push the “America is just an idea” line of crud.

The JEW/WASP Ruling Class and the Neo-Conservatives want to make the White Christian ancestral core of the United States believe that the United States has no fixed identity rooted in blood and soil.

This “America is just an idea” propaganda then allows the Neo-Conservatives the chance to keep the military objectives of the American Empire extremely vague with no set goals or strategic interests stated clearly. The US military is not fighting for anything real or tangible, but for some hazy notions of “freedom and democracy.”

THE USA IS A BRITISH PROTESTANT SETTLER NATION

THE USA IS A EUROPEAN CHRISTIAN NATION

Sure, Kevin McCarthy was in Emma Lazarus mode last night, re: the USA being "an idea" (or an "experiment" as overt Neos like to say). But the grisly truth is that the GAE regards the West overall as an experiment. Something they can dissolve & re-shape into a wider slave zone.

— Dr President-Elect Turning Point Tim Buktu (@MichiganWave) January 7, 2023

Kevin McCarthy says the USA is just an idea.

Lindsey Graham says the USA is just an idea.

The evil and demonic JEW/WASP Ruling Class of the American Empire has been pushing the notion that the USA is just an idea for well over a hundred years.

The notion that the USA is just an idea allows treasonous ruling class rodents to use mass immigration as a demographic weapon to attack the European Christian ancestral core of the USA; it also allows the ruling class to use the US military to fight wars — proxy or otherwise — to attack the sovereignty and cultural cohesion of other nations and regions.

WHO ARE WE AS A NATION? WHAT ARE WE FIGHTING FOR AS A NATION?

I asked that same question to Lindsey Graham at a 2015 presidential primary town hall in New Hampshire.

So my question to you would be: How do you see this nation? Do you see it as a British Protestant nation? A European Christian nation? The Neo-Cons see it as some kind of a multicultural proposition nation, an ideological nation, if you will.

How do you see the United States of America and what do you think we are fighting for as a nation?

Lindsey Graham responded with boilerplate and hot air and this: "I believe in America as an idea"

What I cannot understand is the Americans of this generation now have their Nazis to fight, yet they just "follow orders" didn't Nuremberg state that is not an excuse?

This is not 1930s Germany but 2020s U.S. Remember the financiers of Germany's rebuild came from so-called democratic western nations, these people disappeared after they realized Hitler played them for his own purposes, the Foster Dulles was the deal maker later becoming one of the power brokers in the Eisenhower regime.

These people don't go away...they wait and plan...and then the next effort for total control is implemented.

If the last three years of a scandemic have not convinced "the people" it's time to deal with the Nazis again...I don't know what will?

Agree with your comments on Liz Cheney and her war addicted father. Liz is apparently worried that the new Congress will reduce military spending. There's not much chance of that happening even though it should. Someone needs to remind Cheney that the United States spends more on its military than the next nine largest militaries combined. The entire world would benefit from vastly reduced US military spending.

Trump is essentially finished. Him siding with McCarthy was the last straw for a few people I've discussed this with.

On a side note: I'm hearing and reading rumors of McCarthy being a closeted homosexual. I don't know if he is or isn't, but people are definitely saying he is.

That's unfortunately an extremely realistic view.

On the other hand, there are now a few members of Congress who genuinely want to clean the swamp. And the cartel put up an intense fight to prevent the concessions McCarthy finally made, which I think reflects their importance.

If the new "Church" committee really does follow the evidence on government subversion of democracy wherever it leads that will be historical. If they trace the roots of the war on "domestic terrorism" back to the "global war on terror" they will find the masters of the Uniparty, America's most dangerous enemy.

Being a closeted homosexual is the default, er, position for these blokes.

In the absence of evidence to the contrary, then, yeah, he's a Flamer.

By “idea” they generally mean a moral code such as “all participants agree to abide by rules to which they would give consent if, before agreeing, they would not know which niche they would occupy in society.”

And what binds them to this social contract? Nothing at all. They can set it aside whenever it inconveniences them. We can agree to an idea but it has no binding power over us. What compels us to obey? Nothing but the fear of logical inconsistency. And who ever let **that** cool their passions when they were in the midst of a death-fury against their opponents? Or when they were in the midst of plundering a fortune which would set them up for life?

No, I’m afraid this notion of what binds a people together into a functional unit being nothing but an “idea” is not up to the job of explaining what it is that binds people together into a functional unit. Ideas can’t compel behavior. They can suggest or offer up or point to or illuminate, but there must be some part of the brain which functions between the the ideas of the mind and the doing of the body which brings them into being. Plato called this the “Spirited” function or what we today would call “Will”.

The key phrase here is, of course, “people...as a functional unit”. If one is interested only in freedom to implement one’s plans, pull off one’s scams and the like, then the last thing one wants to encounter is effective, organized resistance. Such resistance can only be mounted by an independent functioning organism and such an organism must have effective means of logistics that enable it to carry information from the periphery to the core, from the sense receiving apparatus to the brain and from the

brain to the muscles. Centripetal, centrifugal networks connecting mind with body that fire in coherent sequences. Afferent and efferent.

This coherent firing must be disrupted; shorted out, interfered with, forced to proceed around obstacles, anything to interrupt its coherent mental, psychological, physical wave patterns. Coherent waveforms aren't just mental, they don't take place just in the realm of ideas. They are necessarily "of the body" as well as "of the mind".

To argue that a society is simply an "idea" is to tacitly admit just the opposite. Else, why bother making the point? It is a very clever, devious manner of undermining the opposition.

Really ?

McCarthy's "room-mate" (what kind of multi-millionaire professional politician who should be married with kids needs a "room-mate" ?) is a Jew queer called Frank Luntz.

Does that sort it out a little for you ?

This was all just more Kabuki theatre, a bunch of noise signifying nothing. A distraction. [i.e. business as usual]

The so-called “Freedom Caucus” is merely an essential part of that Kabuki theatre, also signifying nothing.

The “Elephant In The Room”

All just mere distraction from “the elephant in the room”, that is, the entirely criminal Federal government:

“Taking the State wherever found, striking into its history at any point, one sees no way to differentiate the activities of its founders, administrators and beneficiaries from those of a professional-criminal class.” Albert J. Nock

Nothing significant is going to change for the better in this country until/unless a massive, peaceful, political revolution occurs and the federal government is, at the very least [as opposed to its complete elimination, which I would prefer], downsized back to its original constitutional size and limits [making it around 95% smaller than it currently is], closing all foreign military bases, bringing all overseas troops home, and eliminating literally 1000’s of entirely unconstitutional federal agencies [e.g. CIA FBI FDA , EPA Homeland Security etc. etc. ad infinitum].

And repeal of the Federal Reserve Act, of course.

“New Revolution”[the Harry Browne Song]:

Kevin McCarthy was finally elected Speaker of the House in an after midnight vote Saturday morning.

It was inevitable. This was all a charade.

Shortly before the vote, Matt Gaetz appeared on Sean Hannity’s terrible TV show to say that he got everything he wanted out of McCarthy.

Really how will he force McCarthy to keep his promises? This is more grandstanding in the fashion of Jim Jordan.

Being a mere Brit onlooker, I find it very hard at times to understand the “American way” – much as I have always loved “old” America” for all that it was – and could still be. Frankly, I can hardly believe what has gone on this week in your House – or, after 4 whole years of Trump, how pointlessly, appallingly stupid even the brightest Republicans can still be.

For a while, I honestly believed Gaetz & co’s block move to be the best-planned, most unexpected, sudden, wonderful, perfect and long-overdue full-scale rebellion by a bunch of hardliners DETERMINED to wake the GOP the fuck up at last. Never mind the 15th Vote – I was certainly hoping that they’d take the House, hour after grim hour, day after wasted day, to a 26th – and if necessary a 36th or 46th – Vote, with the SAME immovable concrete roadblock at the end every time. Until that oily, lying, power-crazed snake-oil scumbag McCarthy – who makes my skin crawl just to look at him – finally got the message he wasn’t wanted, and simply quit.

Instead of which, when Gaetz, Boebert and the rest actually COULD easily have done this – and I was sure they WANTED to – Gaetz just... Quit !! Gave up. Dropped the ball. Walked out. Adios. WTF ??

And why ? Ohh... Because after one of the Republican party’s finest moments in decades – and God knows they need every finest moment they can possibly get – McCarthy... err... “gave Concessions”. Concessions which amount to very little or almost nothing in terms of handing the GOP any kind of sideways power – and which the Capitol cockroach McCarthy will simply IGNORE and/or BREAK at the first moment he feels like it ! Where will be the GOP power then ?

For me, Gaetz is the biggest single GOP disappointment of the decade – and Yes, that includes Orange Man, as I personally never had any great confidence that Trump would actually do half of what he promised. But I thought, at last, that Gaetz (and Boebert) had the Fire to make things BURN.

The final straw for me with Gaetz ? If it had been me sitting there with my friends, colleagues and supporters in a full Business Meeting (which is what the House is) when that fat ugly thug Rogers started slanging me in public because he didn't like the colour of my free Vote, I would have handled the situation in a VERY careful and unique way. I would have put down my papers, slowly, carefully climbed past my friends to the aisle to face the bruiser bastard in the open – then I would have head-butted him to break his nose, belted him in the guts, and smashed him in the face as he went down – just to make the point nice and clear NOT to talk down to me or threaten me EVER again- especially in public. Gaetz, it seems, just... looked at him.

My way is probably called the “British Way” now, in the lawless third-world multi-cultural hellhole which the UK has become. But once upon a time I understood it used to be the American “frontier” way also for a self-respecting White man. Perhaps I've watched too many Charles Bronson movies.

| IF the House of Representatives is on the “up and up”, its first order of business must be to immediately release ALL J6 defendants and dismiss all charges.

The J6 defendants will continue to be used as an example, by the Deep State, to those who would entertain any plans of actual insurrection.

These ease with which McCarthy can be brought down is actually a useful tool, if he plays it correctly: (1)

McCarthy is finally speaker. But he's not weak like you think. Now he can deploy the 'crazy boss' strategy

House Republicans need to change tactics. Schumer is no longer Speaker McCarthy's biggest obstacle. It's now his Republican counterpart on the other side of the Capitol – Senate Minority Leader and profligate spender, Mitch McConnell.

In the past, McConnell's idea of leadership has been to give the Democrats most of what they want, especially when it comes to budget-busting, pork barrel legislation. For the last two years, he's joined with Senate Democrats and former Speaker Nancy Pelosi to pass the Biden agenda.

...

The criticism of McCarthy has always been that he lacks the backbone to stand up to the big spenders in the GOP, that he will cave to pressure from the Swamp Creatures.

Now he doesn't need a backbone. *Thanks to the Freedom Caucus, his back is up against the wall. He can't go along to get along with McConnell and Democrats and survive as speaker.* And everybody knows it. It's potentially the most powerful tool in McCarthy's toolbox.

...

A negotiator can point to his "crazy boss" as the reason why he can't agree to the other's side's demands. *"My boss will never agree to this; if I even suggest it, he's likely to do something really crazy."*

The House holdouts have just become Speaker McCarthy's "crazy boss."

Most pundits will claim his protracted fight to be speaker has damaged McCarthy, and he won't have the muscle needed to bring his fellow Republicans in line. But they're missing the point.

The American people don't want business as usual. They want **leaders who will stand up to the Swamp** and do what is in the best interests of the people, not the career politicians.

The tortuous way McCarthy was elected has given him an unexpected opportunity to be that leader.

The article makes a critical point.

Mitch McConnell is the worst enemy to MAGA, not the Democrats.

PEACE
