[*Upraveno z nejnovějšího Radio Derb, nyní k dispozici **exkluzivně** na **VDARE.com**]*

Den Martina Luthera Kinga , který právě prošel , je depresivní, protože nám připomíná věc, kterou bychom – zejména my z kohorty Tichých a Boomerů – raději připomínat *nechtěli* .

Pamatujeme si naděje před šedesáti lety : naděje, které MLK údajně představoval. Pamatujeme si, jak jsme doufali, že pokud bude ukončena právní segregace a budou zrušeny nespravedlivé zákony,

pokud černí Američané získají stejný přístup k dobrým věcem života jako všichni ostatní, pokud budou způsoby a jazyk reformovány tak, aby prokazovaly černochům stejnou úctu, jakou mají všichni ostatní občané, pak celý byznys s prokletými rasami by se rozplynul a nikomu by to už nevadilo.

Tady jsme o šedesát let později. Žádné další školy a obytné čtvrti segregované zákonem ; žádné další šílené zákony, které by černochům ztěžovaly hlasování; žádné další samostatné pítka; už žádné „chlapec“ nebo „strašidlo“ nebo n-slovo; sedněte si , kde chcete v autobuse nebo v restauraci; jděte na kteroukoli pláž nebo veřejné koupaliště ; ... Věci, které jsme chtěli udělat v těch dnech naděje, už byly dávno hotové.

Přesto jsme hořce rasovější než kdy jindy.

Dva příběhy ze zpráv tohoto týdne – z toho, co ve svém podcastu z tohoto týdne nazývám „zatraceně šílené horečky vyvolávající imbecility, které zveřejnily zpravodajské kanály“.

Myslel sis, že si dělám srandu? Číst dál:

- První příběh: Sheila Jackson Lee, která je zástupkyně USA pro centrum Houstonu v Texasu od ...no, od začátku vedení záznamů, a o které jsme naposledy slyšeli v listopadu, jak obviňuje pandemii COVID z otroctví [Demokrat říká, že existuje přímé spojení Slavery And COVID , Daily Caller, 17. listopadu 2022], že Sheila Jackson Lee představila ve Sněmovně reprezentantů návrh zákona, který má federálně kriminalizovat „spiknutí za účelem spáchání nadvlády bílých“.
- Druhý příběh: Město San Francisco, světové hlavní město kakání na ulici , vydalo návrh na odškodnění černochů – pět milionů dolarů na hlavu.

(A to je jen pro začátek. Návrh navrhuje rozdávání způsobilým černochům po *dobu nejméně 250 let*).

Podle zákona Sheily Jackson Lee, pokud by prošel, *jakákoli* kritika jakékoli jiné osoby nebo skupiny – například Sheily Jackson Lee nebo Black Lives Matter – by byla podněcováním k federálnímu

zločinu z nenávisti. Pokud by kritika byla vyjádřena na sociálních sítích a kdokoli by s ní souhlasil, bylo by to *spiknutí* s cílem spáchat federální zločin.

Pokud jde o návrh na reparace ze San Franciska, náš vlastní Steve Sailer to hodil a probral to v *Taki's Magazine* . Nebudu se pokoušet soupeřit se Stevem v jízlivých komentářích, jen ho cituji:

To, že černoši jsou po 59 letech agresivních vládních programů, které jim mají pomáhat, stále téměř stejně potřební, by mohlo logicky naznačovat něco o odpovědnosti černochoů za vlastní současný stav.

Ale to je *nemyslitelné* .

Pro rasové rozdíly již neexistují žádná jiná přijatelná vysvětlení než bílá špatnost a špatná bělost.

Příznávám nemyslitelné , 18. ledna 2023

Ano. Jak jsem sám popsal , více než sto let jsme sestoupili od obviňování odlišných výsledků rasou na přírodu, k jejich obviňování z výchovy, k jejich obviňování ze zloby bílých lidí.

To je skutečný úpadek, skutečné pokračující ohlupování v humanitních vědách.

Ekvivalentem ve fyzikálních vědách by byl sestup od obviňování zemětřesení na pohyby roztavené horniny pod zemskou kůrou, přes jejich obviňování na neklidné podzemní draky, kteří se otáčeli ve spánku, až po jejich obviňování z korupce na císařském dvoře.

Přesto pro ty z nás, kteří si pamatují ty rané naděje, naděje, které MLK vyslovil a povzbudil – ať už upřímně nebo ne, udělejte si o tom vlastní názor –, představuje dnešní západní svět bídnu podívanou.

A ubohost černošské spodiny není nejhorší stránkou té podívané.

Nejhorší je pohled na bílé lidi, jak se krčí a stékají, bičují se ve vykonstruovaných výčitkách svědomí, sedí němí a vnímaví, když je najatí podvodníci nadávají za jejich zlou povahu a zločiny jejich předků, a souhlasně přikyvuji s doktorem Heinzem Kioskem : „My jsme vineni! Všichni jsme vinni!“

Ne, nevyřešili jsme problém se závodem. Kdyby něco, jen jsme to zapálili. Všechny ty naděje naší mládeže ztroskotaly – na méně než na nic.

Až my – moje generace – odejdeme, vzpomene si někdo na ty naděje... kromě toho, že se jim bude hořce smát?

A nejenže je neřešitelný rasový byznys stále s námi, ale také *metastazuje*. Pošetilými politikami dovážíme ještě další rasové problémy, abychom přidali k tomu velkému, který jsme tak úplně nedokázali vyřešit.

Právě jsem se díval na tuto nejnovější tabulku amerického sčítání lidu o „středním příjmu domácností ve Spojených státech podle etnické skupiny“.

Tento graf zcela vymazává probuzený příběh o rase v Americe: pic.twitter.com/XlAdAosczp

— End Wokeness (@EndWokeness) 12. ledna 2023

Vrchol žebříčku: Indičtí Američané, střední příjem domácnosti 100 500 USD. Za druhé: Filipínci, 83 300 dolarů. To je velký rozdíl mezi prvním a druhým, 17 000 dolarů.

Číňané-Američané jsou na sedmém místě, 69 100 dolarů. My bílí jsme na čísle devět, těsně pod 60 000 dolary. Celkový americký průměr je nižší než 56 200 dolarů. Ze sedmnácti sčítaných etnických skupin jsou černoši sedmnáctí s průměrným příjmem domácnosti 35 000 USD. Latinos jsou těsně nad šestnácti, 43 000 \$.

Jsou tam nějaké otázky, které bych tam chtěl objasnit. Jsou filipínští Američané na druhém místě Polynéští Filipínci jako (myslím) Michelle Malkin nebo Číňané jako Amy Chua? Podobně s malajskými, indonéskými a thajskými Američany.

A co moje vlastní domácnost? Počítáme se jako běloameričtí nebo čínsko-američtí? Pokud jsme bílí, mohli bychom upgradovat na čínštinu? Mohli bychom použít dolary navíc.

Přítel, se kterým jsem diskutoval o tomto grafu, byl drzejší, než bych si *myslel*. "A co Žido-Američané?" zeptal se.

Jakmile jsem nabyl vědomí, začal jsem googlit. Nejlepší, na co jsem během pětiminutového procházení dokázal přijít, byla zpráva od Pew Research založená na průzkumu provedeném před třemi lety:

Polovina Židů žije v domácnostech s příjmem alespoň 100 000 dolarů.

Židovští Američané v roce 2020: Ekonomika a blahobyt mezi americkými Židy, Pew Research Center, 11. května 2021

Pokud je polovina nad hranicí 100 000, pak je to podle definice medián. A pokud tomu tak bylo v roce 2020, hádal bych, že je tomu tak i nyní, takže Židovští Američané jsou na tom pravděpodobně ještě lépe než Indové.

Napadají mě další nezbedné otázky.

Ti indiští-Američané na místě číslo jedna: Jsme jen smetánkou těch nejchytřejších z Indie?

No, ano, samozřejmě, že jsme. A pokud je to náš zisk, není to ztráta Indie? Nezbavujeme třetí svět jeho nejchytřejších lidí?

Ano a Ano.

A je to náš zisk? Náš

Patrick Cleburne nedávno

zveřejnil, že Brownova

univerzita musela formálně

zakázat diskriminaci na

základě kasty. Přinášejí

Indové, které dovážíme pro

jejich talent, také ty

odpornější, neamerické

aspekty jejich domovské

země?

Ano znovu.

Právě jsem na stránkách VDARE.com vyhledával Indy a připomněl jsem si, kolik skeptických článků jsme zveřejnili: nejen Patrick Cleburne , ale i Herbert Collins , Eugene Gant , Washington Watcher , AW Morgan , Pedro de Alvarado a další.

Relevantní jsou také mé vlastní alarmy ohledně importu overclass .

Bílí liberálové to dovolují....nechoďte po černých, jděte po bílých liberálech. Jsou to oni, kdo dovolí, aby tohle svinstvo pokračovalo.

Obviňujte bílé liberály, jako je Eric Bryan Stone, který trvá na tom, aby si zneprátelil všechny bílé a vše odsuzoval jako chybu bílých lidí.

Dunno, but it's not really surprising that they rank so high: Many Filipinas are nurses and that's like having a license to print money these days.

It’s not so much diversity as what you do with it.

Little Switzerland and big China handled it neatly, though neither created the problem as we did.

After bringing blacks here against their will, we murdered their leaders, destroyed their livelihoods and demeaned them for centuries. Their removal is so recent that my wife showed me tintypes of her enslaved great-great-grandmother placidly smoking a corncob pipe.

We are responsible for their being here, for their being in the condition they’re in and, I would argue, for fixing it.

It we can’t figure out a way for us all to live happily in the USA, we will further weaken an America currently battling two nations that is bigger, older, smarter, richer, and tougher than us.

Inasmuch as the total Jewish figures are highest in both the 50-100 k category and the over 200 k category, it seems certain their average income would be well over their apparent median income of about 100k.

I think we can rest assured they're well ahead of Indians and in first place.

In Weimar Germany, Jews had an average income that was 3.2 times the gentile average. Here, the average American earns \$56,200. Think American Jews manage to make 3.2 times that? Are they doing better or worse than they were in Weimar Germany?

The Democrat party has adopted harmful policies across a whole range of issues and are accelerating the decline of the U.S. whenever they get elected. A 2018 Asian American voter survey showed that Indian Americans voted 80% Democrat. This by itself makes it questionable whether they are an asset to the country by coming here.

If immigrants were beneficial it should show up in economic growth rates. In the late nineteenth century, we had lots of immigration and had high economic growth. The high levels of immigration lately, though, have coincided with sluggish economic growth. There are several differences between then and now. Then we had a small population and lots of natural resources but now we have a big population and declining natural resources. Then we had no welfare state and immigrants had to work hard or go back home. Now we have a large welfare state that immigrant families can often tap into. Then we had a melting pot ideology that encouraged people to assimilate. Now we have a multicultural ideology that discourages assimilation.

The laws that were designed to keep blacks away from the voting booth were indeed obvious attempts to get around the 14th and fifteenth Amendments, but they were not “crazy”. They were the actions of a defeated people who were desperately trying to preserve some shreds of their own civilization. They had experienced black political power during the Reconstruction era, and didn’t want to ever have to go through that again. And since the Amendments had been “ratified” at gunpoint, they had little incentive to respect them. Context is everything in historical analysis; moral posturing is worthless.

You have to remember that while anti-semitism is The Worst Thing Ever, any government activity that enabled the accurate measurement of anti-semitism, like asking people to self-identify on the census, would be even worse. That's what Hitler did! What next, a star on clothing?

That's why AFAIK Jews are subsumed into the "White" bucket on both US and UK censuses.

When anyone, anywhere, tells you that your problems are caused by your fellow citizens, whether they be the January Sixth demonstrators or some strung-out black junkie in a hellhole project, you have got to ask yourself: is this my first day in America? When someone tells you the problem is that the government that was constituted to represent your interests is the villain because it has too much power, ask yourself: is the government at fault or is it the criminals who wormed their way into that government by creating then exploiting fear of my fellow citizens?

We remember the hopes of sixty years ago: the hopes that MLK allegedly represented. We remember hoping that if legal segregation was ended and unjust laws struck down, if black Americans were given the same access to life's good things as everyone else, if manners and language were reformed to show blacks the same respect every other citizen got, then the whole accursed race business would melt away and no-one would any longer give it any mind.

This is a fantastic statement of what enlightened people pushed for back then. But it is only half of what they pushed for. Call it the egalitarian half. The other half was the coddling half. Coddling included affirmative action. Even worse it included being soft on black criminals. It meant allowing an anti-school mindset to fester among blacks – they think of being studious as “acting white.” Various other things could be mentioned, but it has meant that a lot of black self-destructive behavior is allowed for or else blamed on whites, which doesn't help either whites or blacks.

Critical race theory, of course, is just more coddling, as are the two proposals mentioned. Reparations for 250 years will change nothing, except making everyone angrier than they now are. Non-blacks will be angry that they have to pay, while blacks will be angry that it's not enough.

Just stop the coddling. We know that not coddling people works because it works for poorer whites, who aren't coddled at all, and for Asians, who aren't coddled anywhere near as much as blacks are.

As a white, I am not responsible for blacks not getting good jobs because they didn't study.

As a white, I am not responsible for blacks shooting blacks.

As a white, I am not responsible for food deserts in black neighborhoods, which are clearly the result of too much

shoplifting.

As a white, I am not responsible for large black men who hit tiny, elderly Asian women.

I'm sure others can add to this list.

Indians in the US are copying the Jews they are going to replace who were copying the Northeastern Wasps who ran the country before them with their left of center wokeness. As more and more Mexicans, Central and South Americans fill the country, I'm not sure it's going to be such a great country for them to rule or how long they'll be on top. Latin American countries are well known for their revolutionary fervor and it won't be long before we have some kind of military coup here. Our police state is already in place with cameras, DNA and GPS tracking. Going to be a weird new world, that's for sure. I should've been a farmer.

| If immigrants were beneficial it should show up in economic growth rates.

Not to pick on you, but I use your statement as a jumping off point for my heretical and ignorant belief that statistics mean nothing in these arguments.

I don't really care how many Jews make how much money or whether the lowest quintile of non-Africans make more than . . . well, you see my point. I'm doing fine and I'm having a great life. Both my wife and myself have always been poor, statistically, but I've worked with Presidents, Senators, Kings and beautiful women from all over the world and I wouldn't trade that for being in the top fifth of some statistic on auto ownership. We have a large family and my wife still makes the bed every day to insure that the room is neat when we decide to retire at night.

The black people I've known have been happy and friendly people. I can't imagine anything more depressing than struggling across deserts and high fences to live on welfare in Los Angeles, if that's the American Dream.

Relax, everybody. Things change because everybody ultimately hates government and we're getting government up to our necks.

It will remain a mystery as to how much richer the average Jew is compared to the average White person – they don’t want you to know. The only time I heard the matter discussed was that the average Jewish family was 5 times as rich as the average White family in America.

I agree but it goes against the sacred mantra of the left- namely, that “everything wrong with black people and black behavior is because of something that white men did or didn’t do.”

Apparently, nothing is ever their own fault or due to any of the choices they make. Or so the left would have us believe along with many blacks as well.

No doubt you and I would agree upon the ruinous nature of today's culture (and everything else). I wish your statement was true. But in fact it is the best people – decent, civilized, charitable, and they themselves would say Christian people – who *for generations* have actively or passively permitted the US to become a sewer. I realize that, as an example, many Whites actively protested – in public – against the forced integration of schools. For every protester, however, there hundreds of thousands or millions of Whites, *particularly religious ones*, who either sat silently or aided and abetted the destruction.

Americans need to wake up to the Indian Question, sooner rather than later.

Indians HATE White people. They know they are the bottom rung of sexual attractiveness and have a massive chip on their shoulder, the angry nerd in High School who hates the jock type mentality. Most who emigrate to the West are Brahmin and are brought up to believe they are built to rule, they will work ubereats and think that the Whites they deliver to are scum that are beneath them, unless it's women who they'll sexually harass.

Once in any position of power they will always put Indians first and Whites last

“Are the Indians we’re importing for their talents also bringing in the more obnoxious, un-American aspects of their home country?”

I worked for a while in a microbiological testing lab. I was there just for a month to help set up the lab and train a bunch of new lab techs from India. For the most part they were competent and smart enough, but the one major hassle was trying to get them to clean up at the end of their shifts. In particular, they were extremely reluctant to handle material from the autoclave or anything else smelly or disgusting. They felt that this was completely beneath them and were slow to understand that this was a chore that everyone had to share. I was there for well over a month before I left, at which point they still weren’t fully cooperating.

@Gore 2004

True,

The Jew-loving Brit WASP says: “Martin Luther King Day, just passed, is depressing because it reminds us of a thing that we—especially we of the Silent and Boomer cohorts—would rather not be reminded of.

We remember the hopes of sixty years ago: the hopes that MLK allegedly represented. We remember hoping that if legal segregation was ended and unjust laws struck down, if black Americans were given the same access to life’s good things as everyone else, if manners and language were reformed to show blacks the same respect every other citizen got, then the whole accursed race business would melt away and no-one would any longer give it any mind.”

No surprise to me that he can recap the platitudes. The fact is that the Yankee WASP decidewd to use the Negro as weapons and tools with which to wage culture war against all whites that the WASP did not like or feared. That pattern has changed only in that once it became clear that as is in the UK, in the US financier Jews controlled more than enough WASP money to be in charge behind the scenes, the Jews then took over control of the game of attacking the white makes Wirth blacks in order to prop up the Elites.

“In Weimar Germany, Jews had an average income that was 3.2 times the gentile average.”

Source? Although “average income” is different from “capital assets” what I get from looking up data on the latter

<https://www.statista.com/statistics/1289575/estimates-jewish-share-total-german-capital-1937/>

is that the share of private capital owned by Jews in the late Weimar Republic was between 0.96% and 1.57%, as compared with a Jewish population that was roughly 0.77% of the population at large. Even using the higher estimate of 1.57% this would give a ratio to 0.77% of about 2.04. The lower estimate of 0.96% would give around 1.25. While “average income” has a different from “capital assets” I would wonder if there some reference from which the 3.2 was taken.

In that first chart of median household incomes, it appears that Jews were regarded as White-Americans, at least for the most part. (As Americans they need to be counted somewhere, right?) One is left to conclude then that White-American income relative to the population is yet more abysmal than shown.

MEDIAN Household Income by Ethnic Group:

The chart is recording HOUSEHOLD income, not individual. It would be interesting to see how much income Whites compared to Indians or other ethnic groups make per person.

Many whites live in single family homes: where one person lives alone. Maybe due to Individualism?

Indians and other Asians are notorious for having large households; hence larger “Household Income”.

The chart might be a little misleading.

Many Whites probably have better income than Indians, Filipinos, Chinese, etc etc. But they just live alone.

I live alone, now. My income as a single person is not astounding but it's definitely above average if based on individual income.

The data and facts are well established. Adoption and twin studies have long documented that genes are the main cause of different social outcomes between people. And the part that is caused by environment is random, not systemic. Genes are 100% of the systemic causes of different outcomes between people. Read Steven Pinker, Judith Harris, Charles Murray, Cochran and Harpending. Liberals are the know nothings of today. You are science deniers. You cringe in embarrassment when confronted with simple facts about race and genetics.

“We remember hoping that if legal segregation was ended and unjust laws struck down”

Guess what: the laws weren't unjust and segregation was necessary. That's made completely obvious by the fact every single school, workplace, public transport system, entertainment venue, business, neighborhood, city, and country where Negroes are free to as they like immediately turns into a crime-ridden shithole. Wiser generations than the boomers, of which John Derbyshire is one, instituted segregation for a reason, namely to contain the destructive impulses of a race clearly incapable of civilized life.

“Most who emigrate to the West are Brahmin and are brought up to believe they are built to rule, they will work ubereats and think that the Whites they deliver to are scum that are beneath them, unless it’s women who they’ll sexually harass.”

I would very strongly advise Whites to think carefully about ordering food that is prepared by, and delivered by, any non-white race – because this ‘hatred for White people’ is a universal cancer that all non-whites harbor inside them.

Unless, of course, you’re one of these racially cucked, self-hating, self-loathing Whites have developed a taste for eating food that has been flavor enhanced with sub-human spit, sub-human nose boogers, sub-human particles of excrement or a wide variety of other substances that might even be toxic enough to seriously damage your health.

I’ve even seen news stories where fast food restaurants that have video surveillance have caught blacks and other non-white employees ejaculating into a milk shake that was ordered by a White customer.

Conclusion: I think one of the biggest and most dangerous weaknesses of White people is their inability to grasp and understand just how intensely non-whites hate them.

All these stories from Left and Right with similar titles of Racism Metastasizing. It is a distortion because it makes it sound like the racism is organic and systematic rather than financed by outside oligarchs, carried out by paid actors in the US, and condoned by government and paid off District Attorneys in Big Cities in Blue States. Derbyshire should have included the qualifier “fictional” or “choreographed” or “fomented” in his title.

Behind the Amy Chua's link is Steve Sailer's text (2011) about her. Steve wrote:

“Google News finds 1,570 recent news articles about “Amy Chua”. Yet only two of those go on to mention the crucial term she coined in *World on Fire*—”market-dominant minorities”—to describe groups like her own Overseas Chinese and Ashkenazis in Yeltsin's Russia.”

I remembered that she used this ‘concept’ to describe the civil war in former Yugoslavia where Croats were dubbed the ‘market-dominant minority’, and this fact, according to her, was the cause of the entire YU conflict in 90ies. This is probably the most moronic view I have ever read about Balkan wars. I think she was at Harvard at that time, and I contacted her to ask for some clarifications, but she never responded. It is still unbelievable to me that someone who can construct such brainless concept can teach at Harvard. I cannot even connect this nonsense with her Jewish husband.

MLK was a part of a long term plan by the Satanic elites to tenderise Whitey to give up power in the name of “equality”. That is why MLK’s speech included all that judging a man by character rather than race.

But since equality was never the real aim of the leftard minions of the Satanic elites, but the destruction of the White race, so now all that “judging a man by character rather than race” canard goes out of the window and the whole thing is reversed, whites are second class, nay last class citizens in a new Satanic NWO caste system.

Nice long term trick.

That is why many Conservative whites in the USA, Southern Africa etc....were rightly convinced in those days, that the Blacks were being used as a vehicle for Communism (supported by elites), a vehicle to gain more power/ control over the population. The main reason why civil rights were denied in the first place. They turned out right. Wisdom and maturity, you see. But unfortunately, wisdom and maturity gave way to childish feelings and emotions and “desire to do the right thing”. You know the right thing only if you have wisdom and maturity in this inherently unfair, cruel and Darwinistic Universe and when dealing with an essentially Darwinistic species, that is mankind.

There is significant truth to this (a truth which is violently suppressed by our rulers and their pawns), but obviously genetics does not account for 100% of the problem. It probably accounts for less than half. Within living memory, many of the problems blacks cause today (and that blacks themselves experience) were non-existent or at least much less than today. In significant ways, the problem has gotten much worse compared to even ten years ago. So blaming it all on genetics is beyond lazy.

I think it was '67 MLK decided to strike North to have a "March For Freedom" in the heavily Irish Catholic stronghold of Marquette Park on the so. side of Chicago. Integrate the public schools..... My college room mate took me up there one time. There was a dividing street where there was colored people on one side of the street and nothing but white people on the East side of the street. It might have been Pulaski Ave. but i'm not sure. So i asked him Cormack "Mack " McCormick how they keep the blacks from crossing the street into M.P.. And he said "Big Ballbats".....Which this worked..... So MLK came to Marquette Park to march to integrate the public schools but Irish Catholics disagreed strongly and rained down heavy Irish confetti consisting of half bricks one of which hit MLK in the head and put him in the hospital for a couple days.. So he and to his Communist minions headed back south to his fate..... Just some odd background.....

By **Minyvonne Burke**

An offensive lineman with the U.S. Air Force died after experiencing a "medical emergency," the Academy announced Tuesday.

[Hunter Brown](#), 21, was leaving his dormitory for class on Monday when he suffered the unnamed emergency. Academy first responders were called and attempted life-saving measures but they were unsuccessful.

Brown, a sophomore from Lake Charles, Louisiana, was assigned to Cadet Squadron 16 and was majoring in management with a minor in French, the school said. In May 2021, he graduated from the U.S. Air Force Academy Preparatory School.

Lt. Gen. Richard M. Clark, the Air Force Academy's superintendent, said Brown was "well-respected in his squadron."

"The entire U.S. Air Force Academy mourns his loss, and our hearts and condolences are with his family, his squadron, and all who were touched by this incredible young man," Clark said in a statement.

Brown was also remembered as a "standout" offensive lineman on the school's Falcons football team, playing in their 2021 and 2022 seasons.

"Our players, staff and entire Academy have been so blessed and fortunate to have Hunter as a part of our lives," football coach Troy Calhoun said in a statement. "He was a pure joy to coach and have as a teammate."

Calhoun called Brown "tough" and said, "no one unselfishly pulled harder for others than Hunter."

"His mom and dad, Candyce and Dustin, raised a wonderful son who made each of us a better person. We love our great brother, and our thoughts and prayers are with Hunter's incredible soul and his family," he said.

Brown's death will be investigated by the Air Force Office of Special Investigations and the El Paso County Sheriff's Office, a standard protocol for on-base military deaths, the Academy said. 🇺🇸

Blacks are a problem mainly for working-class or poor people living in cities, and Mexicans just make the place look more like Mexico. Lots of littering too.

Rubbish. You Indians have a lower IQ than Afghanistan (80 vs 85). The Muslims who ruled India for 1000 years were far superior than you Hindus in education, art, culture, religion, technology, architecture, physical strength, appearance etc. It was Muslims who stopped you from sacrificing humans as part of your Hindu ceremonies. Just because a few clever ones of you were allowed to come to America doesn't change the fact that India is a shithole and will remain one for the foreseeable future.
