Vláda lživých Židů tvrdí, že sestřelili další čínský objekt

PENTAGON: „Objekt ve vysoké nadmořské výšce“ sestřelený nad Aljaškou „není podobný velikostí ani tvarem“ čínskému špionážnímu balónu pic.twitter.com/yXq5tw0r6p

— Breaking911 (@Breaking911) [10. února 2023](#)

To je přesně to, co jsem vám řekl: ten praštěný balónový podvod byl úvodním aktem projektu propagace války s Číňany.

Vymýšlejí „čínskou hrozbu“ celou látku z ničeho.

Poslední věc, kterou Číňané chtějí, je válka, takže americká vláda ji musí kompletně vyrobit.

Strategie: falešné předměty.

Neexistuje žádný důkaz o tom, že by tento objekt vůbec existoval, i když mám podezření, že vytvoří záběry jeho sestřelení, aby tloušníci mohli jásat.

[CNN](#) :

Neznámý objekt byl sestřelen 10 mil od zamrzlého pobřeží Aljašky v pátek odpoledne, oznámili američtí představitelé, ale podrobnosti o objektu jsou vzácné.

Bylo to podruhé, co americká letadla sundala objekt za méně než týden, po sestřelení podezřelého čínského špionážního balónu u pobřeží Jižní Karolíny minulou sobotu.

Děkujeme, že jste tentokrát řekli „podezřelé“, CNN.

Jako nová organizace získáváte každým dnem více a více důvěryhodnosti!

Objekt, který úředníci neoznačili jako balón, byl sestřelen ve 13:45 EST, uvedl mluvčí Pentagonu Brig. Gen. Patrick Ryder.

„Vstoupil jsem do našich teritoriálních vod – a tyto vody jsou právě zamrzlé – ale do teritoriálního vzdušného prostoru a nad teritoriální vody,“ řekl v pátek novinářům koordinátor Národní bezpečnostní rady pro strategickou komunikaci John Kirby. "Stíhací letoun přidělený americkému Severnímu velitelství sestřelil objekt během poslední hodiny."

Na dotaz ohledně operace v pátek odpoledne prezident Joe Biden řekl CNN: „Byla úspěšná.“

...

Podle Kirbyho byl Biden o objektu poprvé informován ve čtvrtek večer, „jakmile měl Pentagon dostatek informací“. „Nezdá se, že by to bylo samomanévrovací,“ řekl Kirby.

Co se to sakra děje? Objekt sestřelen nad Aljaškou.

pic.twitter.com/hFke2LkOwI

— Juanita Broaddrick (@atensnut) 10. února 2023

Není jasné, jak objekt vypadá nebo odkud pochází. V pátek Ryder řekl, že cestuje na severovýchod přes Aljašku. **Odmítl poskytnout fyzickou charakteristiku, pouze uvedl, že je „velikost malého auta“ a „nepodobá se velikosti ani tvaru“ čínskému sledovacímu balónu, který byl sestřelen u pobřeží Jižní Karolíny 4. února .**

Páni, toho „podezřelého“ shodili docela rychle!

Je to tak únavné.

Fatmericans prostě propadne stejnému hloupému triku znovu a znovu. Jsou tak tlustí, že nemohou myslet.

Ani nevím, co bych měl říct. Spíš vím, co bych mohl říct, ale je jedno, co řeknu, protože Američané jsou tak tlustí a tak hloupí, že uvěří doslova čemukoli.

Číňané mají velmi, velmi dobrou věc. Nemají žádný důvod to pokazit. Vydělávají peníze rukou přes pěst. Nedává absolutně žádný smysl, že když jsou v procesu úplného ovládnutí Spojených států na světové scéně prostřednictvím své ekonomické strategie, najednou by se rozhodli zahájit válku s Amerikou.

Ale Američané jsou tlustí, tlustí, tlustí. Jsou hloupější než retardi. Budou podporovat jakoukoli válku. Většina z nich podporuje válku proti Rusku založenou na šílených blábolech o tom, že Putin plánuje restart SSSR a invazi do celé Evropy.

Je nulová šance, že někdo bude zpochybňovat válku s Číňany. Číňané nejsou obecně oblíbení. Jejich povaha a způsoby jsou pro bílé urážlivé. Je také velmi snadné ukázat na lidi jiné rasy a říci: „Jdou pro nás! Podívejte se na ně! Jsou jiní než my a chtějí nám ublížit!“ To apeluje na primitivní věc v mozku. Bez ohledu na to, jak „antirasistický“ člověk o sobě tvrdí, že je, představa nepřítele cizí rasy vždy něco zasáhne do jeho psychiky.

Všichni tito lidé, kteří prohlašují, že si myslí, že Amerika je satanská kvůli transmisní agendě, se zapojí do vnučování transmisní agendy Číňanům.

Nemusí to dávat smysl – jsou tlustí a neumí zpracovat informace. Mezitím levice jen podporuje jakoukoli válku, zejména proti zemím, které nemají transky. Jsou čestnější a důslednější než konzervativci, kteří jsou upřímně špinaví.

Držte si tacos.

Před volbami v roce 2024 to pravděpodobně přejde do hyperpohonu. Demokraté a republikáni se budou hádat o to, kdo je nejvíce proti ohrožujícím pomalu se pohybujícím objektům z Orientu.

But Americans are fat, fat, fat. They are dumber than retards. They will support any war. Most of them support a war against Russia....

When asked by CNN why Wagner Group had stopped recruiting in Russian Prisons, Evgenii Prigozhin, the head dude of Wagner replied,

“After the release of Wagner PMC advertisement aimed at American audience we received more than 10 million applications from US citizens wishing to join the Wagner PMC to fight against NATO. At the moment, we are considering about one million American citizens for employment. Therefore, we temporarily suspended the recruitment of volunteers from Russian prisons, however, if there is a corresponding request from the US State Department, we will recruit from American ones.”

Maybe he’s trolling the West, or maybe there are more than a few Americans who want the West liberated from the Evil Satanist Globalists.

Reagan/First Bush would have shot down the balloon the second it crossed American airspace.

Clinton would have humped it.

Bush II would have given the shutdown order 40 minutes after it crashed.

Obama would lecture on the country on how the balloon's biggest problem is it's color (white) which is the root cause of it being bad.

The Chinese wouldn't have launched it if Trump was president because he's too unpredictable.

Biden's response – we all see it in real time.

@American Citizen

You're what's wrong with the United States. Trump is a Zionist First kinda goy. He's "unpredictable" because he's unintelligent and easily manipulated by ((those)) around him. Reagan was an actor who presided over the jew takeover of the Deep State. Maybe you're one of these deluded evangelical types.

I wouldn’t mind if the Russians or Chinese invaded, they would be doing law abiding citizens a huge favor. If the negroes think they can loot, murder, rape, they will be in for a surprise.

Homeless junkies stinking up city sidewalks would start disappearing. There is no other solution, cops treat these lowlifes as if they were diners in a high end restaurant, yes sir, no sir, thank you, makes me nauseous.

The U.S. is not going to war with China.

The U.S. sabre-rattling about China is a way of pulling out of the Ukraine.

We should support that.

It helps the U.S. government save face over defeat in the Ukraine and a subsequent deescalation.

It slicks the road to peace.

So count me among the ballooniacs.

All of us who want to avoid nuclear war with Russia should film ourselves shaking our fists at the sky and shouting: “Fuck around and find out, slopes!” And stomping on balloons. And popping balloons with stick pins and AK-47 fire. Then post these videos on Twitter and run a contest on which one is the most fired-up.

The single most important scene in any movie of the last fifty years took place in the movie *Gung Ho* in which, during an American-factory-worker versus Japanese-management baseball game, the fat American baserunner ran over the Japanese guy who was about to catch the ball and force him (the American) out. What this dramatically showed is that America will cheat and run you down rather than lose.

Now don't confuse what I'm saying with "I really liked this movie" or "Michael Keaton is my favorite actor" or anything like that. That's all irrelevant. What's important is what's depicted. In a nutshell, the American Spirit is "If we don't get our way, we'll run over you, rules be damned." Or bomb you into the Stone Age, sanction you into mass starvation, put you in detention camps, torture you to death by making you listen to Rap music, starve you to death or strip you of your assets etc.

That's the American Way. If you threaten to beat us through excellence, we would rather destroy the rules-based order than lose. If we can't win by playing by the rules then f*ck the rules. We'll retroactively rewrite the Laws so as to bring about the outcome we desire. There is literally no rule we won't break in order to win and that one scene encapsulated this, our "Gung Ho" spirit.

The U\$A has no face to save.

Individual Americans acting independent of each other but in similar fashion can create conditions that will save face.

Be a little easier on Americans Andrew. You are an excellent journalist (when you're not posting you're tweets). I think the majority of Americans problem is that they are taught to trust certain aspects of their life like the government,ther news,etc. Stupid,not really,simpletons might be a more appropraite term ,like the country farmer visiting the big city. You're programmed to view and accept many aspects of human behavior as true: honesty,trust,dependability etc. They aren't ready for the evils that have been unleashed on the world by our friends ,the hebes. Someone previously considered honest and reliable is now the sucker. We're catching on.

No, Anglin, you may be right, but not for the reasons you state.

First of all, economics is subpolitocal. There is no shortage of historical examples of wars waged against the best economic interests if the belligerent.

Secondly, the Chinese really are different culturally. Saving face is important to the Chinese in ways Westerners can't understand. It is literally a matter of life and death. Moreover, the Chinese are intensely communitarian, so that loss of face for one Chinese is loss of face for all Chinese. On top of that, as a Confucianist society, the communitarianism runs not only horizontally across all Chinese, but vertically through time. In other words, the loss of face for a Chinese in Fujian in 1839 is a loss of face for a 21-year-old college student in Beijing in 2023.

And it must be avenged. There is only one way to do that. Militarily.

I agree with you. We are fat stupid and easily led. But you assess the Chinese in our terms and that is a mistake.

Just like in the theme song from that number one hit Gringostan show "Latrine and Shitty" back in the 1970's where a pair of "Ethels" live in Wisconsin.

I bet the neo-cons sing that song at breakfast.

"... give us any rule, we'll break it ... make all our dreams come true..."

I think China should resist any urge to punch the rude Americans in the face. They should avoid war and continue their commercial expansion and success. The so called “conservative” Americans are jealous of China because the US is a country of sexual degenerates and perverts and “multiculturalism”, as pushed by Jews since the end of WW II, has ruined US competitiveness – it has failed. Ditto for Europe. They did the same thing there. It has allowed the intelligent Chinese to surpass the west. China has a very strong partner in Russia, maybe the world’s number 1 military power. An alliance is natural for both of them.

China should also seek good relations with all the European countries. Europe has destroyed everything that made themselves great and they are controlled by governments that don’t serve the interests of the countries they run. They have ruined Europe. The Chinese will become much more powerful without a war and will be able to exert more influence in Europe over time and perhaps pry Europe away from the US. Germany, Europe’s biggest economic power, has no reason to want strong ties with the US, which has blown up their Nord Stream pipelines, wiretapped the German chancellor’s cell phone and were not embarrassed one bit when caught. I think with patience, China might be able to pry Europe away from the US. Will that be good for Europe? Probably not.

Probably most importantly, China should seek better relations with its Asian neighbors. Without a war, it appears to me they will get stronger every year, and the US will get weaker every year.

“ But Americans are fat, fat, fat. They are dumber than retards.”

We know you prefer slim Oriental ladyboys and twink Andrew, you don't have to remind us every column.

“ The Chinese have a very, very good thing going. ”

Polluted disgusting cities with bat-soup and dog meat markets and fertility below 1.0, sounds just wonderful.

The reality is Chinese with high incomes buy apartments and homes in the USA and Canada because China is a totalitarian caphole they want to bail on as soon as the corrupt money stops flowing. The only Americans who want to live in China are losers who can't land a white woman and must resort to easier yellow pickins.
