Teroristický útok Nord Stream: Zápletka houstne

Zpráva Seymoura Hershe o tom, jak vláda Spojených států loni v září vyhodila do povětrí plynovody Nord Stream 1 a 2 v Baltském moři, nadále generuje vlnící se geopolitické vlny napříč celým spektrem. Samozřejmě s výjimkou paralelní bubliny amerických mainstreamových médií, která ji zcela ignorovala, nebo se v několika vybraných případech rozhodla posla zastřelit a Hershe odmítla jako „diskreditovaného“ novináře, „blogera“ a „... konspirační teoretik“. Nabídl jsem počáteční přístup zaměřený na četné přednosti zdánlivě důkladné zprávy, ale také na některé závažné nesrovnalosti.

Moskevský zahraniční zpravodaj John Helmer ze staré školy zašel ještě dále ; a to, co odhalil, může být stejně zářivé jako Sy Hershovo vlastní vyprávění.

Jádro věci v Hershově zprávě se týká připsání odpovědnosti za de facto průmyslový teroristický útok. Překvapivě žádná CIA; to padá přímo na toxické plánovací trio Sullivan, Blinken a Nuland – neoliberální záporáci, součást komba „Biden“. A poslední zelené světlo přichází od Ultimate Decider: samotného senilního prezidenta, který umí číst dálkově. Jako menší pomocníci vystupují Norové. To představuje první vážný problém: Hersh nikde ve svém vyprávění nezmiňuje MI6, Poláky (vláda, námořnictvo), Dány a dokonce ani německou vládu.

Je tam zmínka, že v lednu 2022, „po nějakém zakolísání“ byl kancléř Scholz „nyní pevně v americkém týmu“. No, podle Hershova zdroje se o plánu diskutovalo alespoň několik měsíců. To také znamená, že Scholz zůstal „v americkém týmu“ až do teroristického útoku v září 2022.

Pokud jde o Brity, Poláky a všechny hry NATO, které se odehrávají u ostrova Bornhom více než rok před útokem, o kterém rozsáhle informovala ruská média – od *Kommersantu* po *RIA Novosti* . Speciální vojenská operace (SMO) byla zahájena 24. února, tedy téměř před rokem. Vybuchnutí Nord Stream 1 a 2 se stalo 26. září. Hersh ujišťuje, že ve washingtonské národní bezpečnostní komunitě probíhala „více než devět měsíců vysoce tajných debat tam a zpět o tom, jak ‚sabotovat potrubí‘“.

To tedy potvrzuje, že plánování teroristického útoku o měsíce předcházelo nejen SMO, ale především dopisy zaslané Moskvou Washingtonu v prosinci 2022 požadující seriózní diskusi o „nedělitelnosti bezpečnosti“ zahrnující NATO, Rusko a post-Sovětský prostor. Žádost byla splněna odmítavou reakcí Američanů bez odezvy.

Zatímco psal příběh o teroristické reakci na závažný geopolitický problém, zvedá obočí, že prvotřídní profesionál jako Hersh se ani neobtěžuje zkoumat složité geopolitické pozadí.

Stručně řečeno: konečná Mackinderova anathema pro vládnoucí třídy USA – a to je oboustranná – je německo-ruská aliance rozšířená na Čínu: to by znamenalo, že USA byly vyloučeny z Eurasie, a to podmiňuje vše, co si jakákoli americká vláda myslí a dělá v termínech. NATO a Ruska.

Hersh si měl také všimnout, že načasování přípravy na „sabotáž ropovodů“ zcela bourá oficiální narativ vlády Spojených států, podle kterého jde o kolektivní úsilí Západu pomoci Ukrajině proti „nevyprovokované ruské agresi“.

Ten nepolapitelný zdroj

Tento příběh nenechává žádné pochybnosti o tom, že Hershův zdroj – ne-li samotný novinář – podporuje to, co je považováno za zákonnou politiku USA: bojovat proti ruské „hrozbě západní dominanci [v Evropě]“.

Takže to, co se podle příběhu jeví jako tajná operace amerického námořnictva, mohlo být zavádějící, nikoli z vážných geopolitických důvodů; ale protože plánování útoku záměrně obcházelo americký zákon „vyžadující, aby byl Kongres informován“. To je extrémně omezený výklad mezinárodních vztahů. Nebo, abych byl přímočarý: to je omluva výjimečnosti.

A to nás přivádí k tomu, co může být Rosebud v této sáze hodné Orsona Wellese. Hersh se zmiňuje o „zabezpečené místnosti v nejvyšším patře staré budovy výkonného úřadu ..., která byla také sídlem prezidentova poradního výboru pro zahraniční zpravodajství“.

To bylo údajně místo, kde se projednávalo plánování teroristického útoku.

Takže vítejte v PIAB : President Intelligence Advisory Board.

Všechny členy jmenuje současný POTUS, v tomto případě Joe Biden. Pokud prozkoumáme seznam současných členů PIAB, měli bychom teoreticky najít Hershův zdroj (viz například „Prezident Biden oznamuje jmenování prezidentově zpravodajské poradní radě a Národní vědecké radě“ ; „Prezident Biden oznamuje klíčové schůzky

“ ; „Prezident Biden oznamuje klíčová jmenování radám a komisím“ ;
„Prezident Biden oznamuje klíčová jmenování orgánům a komisím“ a
„Prezident Biden oznamuje klíčová jmenování orgánům a komisím“ .
Zde jsou členové PIAB jmenovaní Bidenem: Sandy Winnefeld ;
Gilman Louie ; Janet Napolitano ; Richard Verma ; Evan Bayh ;
Anne Finucane ; Mark Angelson ; Margaret Hamburg ; Kim Cobb ; a
Kneeland Youngblood .

Hershův zdroj podle jeho vyprávění bez stínu pochybností tvrdí, že „ruská vojska se neustále a zlověstně budovala na hranicích Ukrajiny“ a že „ve Washingtonu sílil poplach“. Žebráci se domnívají, že tato údajně dobře informovaná parta nevěděla o shromažďování ukrajinských jednotek pod vedením NATO přes linii kontaktu, které se připravovaly k zahájení bleskové války proti Donbasu.

To, co už tehdy všichni věděli – jak ukazuje záznam dokonce i na YouTube – je, že komba za „Bidenem“ byla mrtvá na to, aby Nord Streams ukončila všemi nezbytnými prostředky. Po startu SMO chybělo už jen najít mechanismus věrohodného popření.

Přes veškeré pečlivé zpravodajství zůstává nevyhnutelný pocit, že to, co Hershovo vyprávění obviňuje, je Bidenův kombo teroristický gambit a nikdy celkový plán USA vyprovokovat Rusko k zástupné válce s NATO pomocí Ukrajiny jako potravu pro děla.

Navíc Hershův zdroj může být eminentně chybný. On – nebo ona – podle Hershe řekl, že Rusko „neodpovědělo“ na teroristický útok na potrubí, protože „možná chtějí schopnost dělat totéž, co dělaly USA“.

To samo o sobě může
dokazovat, že zdroj nebyl

ani členem PIAB a

neobdržel utajovanou

zprávu PIAB hodnotící

Putinův zásadní projev z

30. září, který identifikuje

„odpovědnou“ stranu.

Pokud tomu tak je, je zdroj

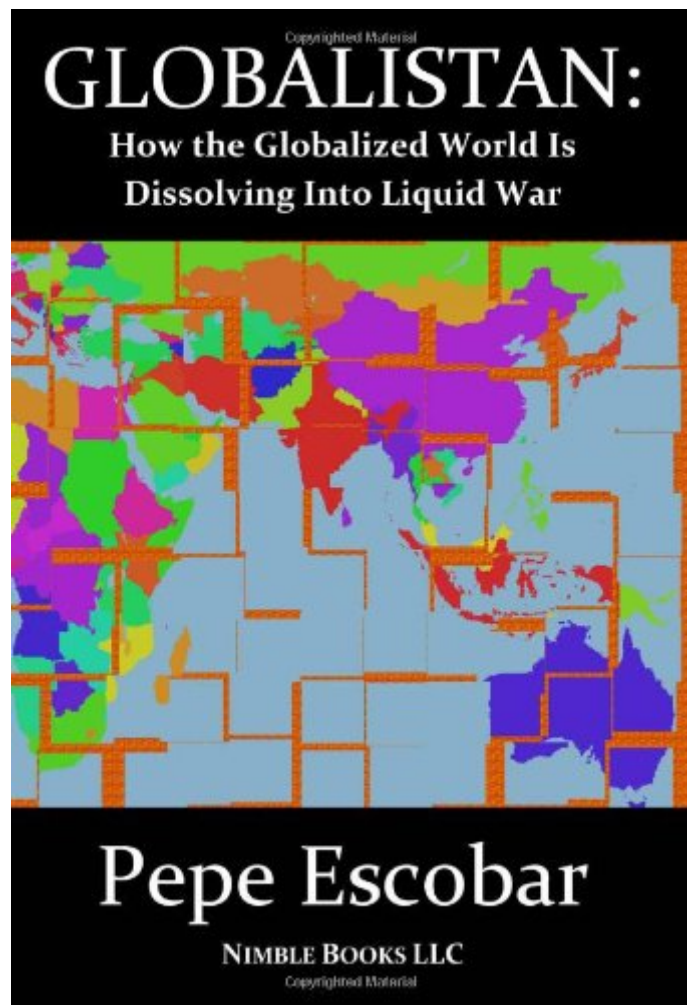

právě *připojen* (kurzívou

min) k některému členu PIAB; nebyl pozván k měsíce trvajícím plánování situační místnosti; a rozhodně si není vědom jemnějších detailů války této administrativy na Ukrajině.

Vzhledem k vynikajícím výsledkům Sy Hersh v investigativní žurnalistice by pro něj bylo docela osvěžující objasnit tyto nesrovnalosti. To by se zbavilo mlhy fám zobrazujících zprávu jako pouhé omezené setkání.

Vzhledem k tomu, že v rámci americké oligarchie existuje několik „sil“ zpravodajských informací s jejich odpovídajícími aparáty a Hersh si mezi nimi po desetiletí pěstoval své kontakty, není pochyb o tom, že údajně privilegované informace o sáze Nord Stream pocházejí z velmi přesné adresy – s velmi přesnou agendou.

Měli bychom tedy vidět, koho příběh skutečně obviňuje: jistě kombinaci Straussových neo-konzervativců/neoliberálních podvodníků za „Bidenem“ a samotného vratkého prezidenta. Jak jsem zdůraznil ve své počáteční analýze, CIA se vymyká na výbornou. A neměli bychom zapomínat, že Velký příběh se rychle mění: zpráva RAND, hrozící ponížení NATO na Ukrajině, balónová hysterie, UFO psy op. Skutečnou „hrozbou“ je – kdo jiný – Čína. Co nám všem

zbývá, je plavat v bažině nacpané opuštěnými placky, pochybnými krycími historkami a úlomky informací. S vědomím, že ti, kteří show skutečně řídí, nikdy neukazují ruku.

the more i read about this, the more i return to my original opinion, that this is the deepstate civil war that started during the 2016 “election”. a schism within the bush/clinton/obama zioneocons that want to take over the entire world all at once, and the slightly more sane zioneocons fronted by trump, that wanted to placate russia, to prevent their alignment with china. they would then attack china economically, using a hybrid biological war, that had been on going for years, attacking china’s pork production through swine flu and poultry production through avian flu. this combined with illegal sanctions, was an attempt to bend china to their will, before turning on the russians, after china had been subdued.

now we have trump saying vote for me and i’ll bring back guillotines, that man would do anything to get my vote but it’s not going to work.

Recall how Johnson fell as Sunak leaked then Truss fell and we got Rishi Sunak.

I noticed that there's a Hindu in that PIAB list.

Verma.

He's got an Air Force Judge Advocate background he's a chief at MasterCard. Biden is the Senator from the state of MBNA after all.

When Johnson took over the UK there was an attempted takedown by the then chancellor the Pakistani guy. Johnson was ambushed on TV by the Paki, another Muslim QA from the public and jewess host.

They can be a real gang of plotters.

If there's a rift Verma might be interesting. No Indian I know has a problem with Russians.

He might leak for many reasons. Nefarious Hindus!

The answer is as obvious as it is simple: so as to have them be exterminated by the Russian military machine. The current Ukraine and its present war against Russia are honey pots painstakingly set up by Israel and the Jewish elites for attracting Nazis, neo or otherwise, from across the globe to have them be systematically slaughtered, a final solution if you will, throughout some of the same lands were they have once slaughtered Jews and other Roma. I am not sure why this has not been so easy to see from the start.

Because they literally created the concept of “neo-nazi” after the war. Because every aspect of ‘neo-nazi’ society—from the drug use and tattoos to the skinhead bikers and psychotic political positions—was created as an inversion of actual national socialist behavior and doctrine. This well poisoning happened to ensure that only the mentally ill would ever want to associate with “nazi” anything.

of course, i'm a huge fan of the guillotine, as i've stated before, they are an idea who's time has come again, a clean, green, killing machine, zero carbon footprint and a real fan favorite. i just don't see the need for trump.

we can't leave something this important up to the government, they will totally fuck it up, they can't even properly kill someone with a lethal injection cocktail of drugs, my god, grab any junkie off the streets of san francisco, hell, he'll even bring his own drugs and get the job done at a fraction of the cost.

no, the guillotine is a people's machine, perhaps we can alter the 2nd amendment, so that we have the right to keep and bare guillotines as part of a well regulated militia of course, what was it that old slave banger jefferson said, something about the tree of liberty needing to be refreshed...ah i can't remember the rest.

| Knowing that those who really run the show never show their hand.

If there is someone running this show, it is clear by now that the prize he is obsessed with is the conquest of Asia. The objective of the current phase in Europe and Ukraine is to cut the land route between Europe and Asia. Shortly the media will turn their spotlights toward China, leaving open scars in Eastern Europe and the Middle East. If the US can create enough chaos in the Pacific and Asia, the cooperation programs centered on Russia, China, India, Saudi-Arabia, Africa and South America will be delayed and the Asian economy will plummet. China wants a peaceful world to do business and prosper while the US needs chaos to rule. Unfortunately for him, the mad man will go broke before he can reach his goals, but not before he creates a lot of human suffering on his path as it is happening right now in Ukraine.

My perception of a lifetime is that the mad man is not an individual but a collective subculture that has become predominant among the elites following the decline of Christian and other traditional values. A new equilibrium should emerge down the road.

Gentlemen;

Let's learn from the lawyers and scientists and CIA operatives to strictly define legal and/or scientific terms. According to the book:

“NationalSOzialisten sind keine Nazis. Nazis sind National-Zionisten.”

(page 55, CIA Operative lectures his German son-in-law)

That's it folks. Nazis = National Zionists

Also on that book's page there is a photo of Memorial Stone in Scotland with the inscription:

“This stone marks the spot where brave, heroic Rudolf Hess landed by parachute on the night of 10th May 1941, seeking to end the war between Britain and Germany.”

According to British newspaper this Memorial was destroyed in 1993 by rabid Nazis aka National Zionists.

No shit. Hersh made it up. He's a journalist, it's what they do. Unless you believe he has sources inside the CIA, Navy Dive School, Norwegian Government and the White House.

I mean there's a good chance he's accidentally right, but a few months ago Russia claimed it had proof that it was the Brits that did it. They can't both be right.

Hersh's claim that they needed to drop a sonobouy to set it off because they wanted more than 48 hours after they cleared the area is a massive hole in his story, firstly because it adds another level of complexity to a plan (another thing that can go wrong, which operators hate) and secondly they can just set the timer for longer, having a P8 Poseidon fly overhead just as it goes off does nothing but leave more of a trace.

There was extensive cooperation between the German Reich and the main Zionist organization, the Zionist Federation of Germany. In a 1933 memorandum of understanding to the new government the DZF stated, “We, too, are against mixed marriage and are for maintaining the purity of the Jewish group and reject any trespasses in the cultural domain... For its practical aims, Zionism hopes to be able to win the collaboration of even a government fundamentally hostile to Jews, because in dealing with the Jewish question not sentimentalities are involved but a real problem whose solution interests all peoples and at the present moment especially the German people...”

In the Sept. 1935 issue of the official SS newspaper, *Das Schwarze Korps*, an article appeared stating “The government finds itself in complete agreement with the great spiritual movement within Jewry, the so-called Zionism, with its recognition of the solidarity of Jewry around the world and its rejection of all assimilationist notions. On this basis, Germany undertakes measures that will surely play a significant role in the future in the handling of the Jewish problem around the world.”

The DZF supported the Nuremberg Race Laws of 1935 and denounced the overseas Jewish economic boycott of Germany. Francis R. Nicosia’s *The Third Reich and the Palestine Question* (Austin: Univ. of Texas, 1985) details the cooperation between the two unlikely allies that built the foundation of Israel (though Germans thought a self-governing Jewish state would imperil the world). Until further immigration was banned by Britain in 1940/41, the Havaara (“transfer”) agreement between Germany and Zionists resulted in the successful relocation of 60,000 German Jews to Palestine.

Surprisingly, no CIA; that falls straight on the toxic planning trio of Sullivan, Blinken and Nuland – neoliberal-cons part of the “Biden” combo. And the final green light comes from the Ultimate Decider: the senile, teleprompt-reading President himself. The Norwegians feature as minor helpers.

That poses the first serious problem: nowhere in his narrative Hersh refers to MI6, the Poles (government, Navy), the Danes, and even the German government.

Hersh’s version whereby the US President issued orders and the US carried them out makes much more sense from a practical perspective. Trying to coordinate an operation with with four other countries would be a recipe for disaster. And security leaks

For all its meticulous reporting, the inescapable feeling remains that what Hersh’s narrative indicts is the Biden combo terror gambit, and never the overall U.S. plan to provoke Russia into a proxy war with NATO using Ukraine as cannon fodder.

The war in Ukraine is one where Russia holds many advantages, given their propinquity . Surely the US could find a place where they could more easily win. And that is assuming the US would know that Russia would not escalate to direct conflict: America knows no such thing. How could it?

Rudolf Steiner about the enslavement of the German & Russian peoples

“What is at stake is that in the circles of the West, which keep their knowledge secret, great care is taken to see that certain things develop in such a way that this West under all circumstances acquires dominion over the East. Let people today say in their consciousness what they want, that what is aimed at is to establish a master caste of the West and an economic slave caste of the East, which begins at the Rhine and goes further eastward into Asia. Not a slave caste in the old Greek sense, but an economic slave caste, a slave caste which is to be organized socialistically, which is to absorb all the impossibilities of a social structure, but which is not then to be applied to the English-speaking population. This is what it is all about, making the English-speaking population a master population of the earth.”

Rudolf Steiner from: The basic social demand of our time

– In a changed time situation – third lecture, Dornach,

“Looking at the Anglo-American way of mercantilism, we can also answer the question, where do the enormous sums of money come from, which are spent from that side for the destruction of peoples, who are an obstacle to those mercantile instincts. Because only for that reason one wants now to smash Central Europe and preferably to establish here a kind of Bartholomew’s Night and to make those, whom they cannot destroy, helots. These are the real intentions, not of the English or American people, but the group of rulers is striving for this with full consciousness.”

That elusive source

Opinion time: I believe Mr. Escobar is getting mighty bent out of shape on this issue. In the War Nerd interview one of the people speaking to Mr. Hersch pointed out that Hersch himself has said he would lie about the number of sources if necessary.

We must consider the possibility he has done the same for this story to protect those sources. After all, if “he/she” or “they” are ever discovered, their life expectancy will probably shrink to weeks, if not days.

So Hersch got small details wrong? That might be due to sloppy work, and it might also be deliberate. There have been times when I’ve posted about incidents with people I know where I’ve changed their location to a different state. Sometimes even their sex. Those items were trivial in relationship to my main point.

This level of caution may be true of the Hersch Pipeline story too. Examination of the Hersch exposure may require an application of the adage “**Don’t Sweat The Small Stuff**”.

Parallel to the Nord Stream destruction the Norway-Poland gas pipeline got opened „as key move to cut dependency on Russia“.

„Dependency“ on Russia (i.e. trade with Russia) is wrong.

Dependency on the all-lies, who organized the total destruction of Europe twice, is good. The Allies – Jewish and/or Jewish controlled governments and Jewish fake Royals of Europe are in overdrive; driving over the peoples like the sadists they are. (Poland is once again empowered to function as the main divisor).

In the meantime the Morgenthau Plan is gaining momentum:

The Jewish Dutch Crown has been given the ownership and single right to build through virgin farmlands in the remnants of Germany a gigantic electricity rail to transport poison-green power from the weather and climate disturbing mindwill-fields in the north all the way down to the south with special tracks to the US Army outlets.

Yesterday the EUSSR/Brussel announced that from 2035 onwards petrol running transport is prohibited.

Everything is geared up to make European people mentally and physically weaker and weaker and poorer and poorer with the aim of total enslavement.

The New World (and its „Orders“), Israhell, Vatica & „Royals“ must be totally destroyed! No more Royalties!

Because

<https://www.marxists.org/history/etol/document/mideast/agedict/index.htm>

Because of what Tallest Skil said.

Because Ukronazis are delusional hateful morons stupid enough to turn their country into 404 i.e. to empty a land of its people and surrender it to “a people without land”.

To cut the story short, think of it, whom else could the Jewish elites instrument in Ukraine to provoke a war with Russia?

So we should see who the story really indicts: certainly the Straussian neo-con/neoliberal-con combo behind “Biden”, and the wobbly President himself. As I pointed out in my initial analysis, the CIA gets away with flying colors.

That’s interesting. It’s usually the CIA behind these kind of covert actions (not the US Navy) + they have the habit of gaining deniability by using non-US forces. In fact their favourite are the British (MI6 + British military guaranteed to participate in every “regime change” operation).

So the supposed innocence of the CIA and British in the Nordstream operation is curious.

The British have been in the the lead with calls to escalate the war and British special forces were the principal suspects in the Kerch bridge attack + the Russians saw them as the principal suspects on Nordstream.

If this is the case, then the whole Hersh story looks like a newly launched major change of direction. A CIA/ deep state project aimed at scapegoating Nuland/Sullivan/Blinken (and ventriloquist’s dummy Biden) for the Ukraine fiasco while reorienting the ZioGlob towards China while it’s still possible.

Is Tucker Carlson on this team? He seems to lead a charmed life while he attacks China.

A possible and likely source for Hersh is former German vice admiral Kay-Achim Schönbach. Someone who objected to the Biden bullshit brigade and made pro Russian comments. He was in a position to know these naval operations in the Baltic Sea.

Truth is treason in the kingdom of lies.

Once again as in several recent cases, valuable data for an Unz article on the Ukraine conflict, comes from the work of Australian-born journalist John Helmer who has lived in Russia for decades, and has quite good sources ... Maybe Helmer should just directly be selectively reprinted on Unz Review?

<http://johnhelmer.net/>

Helmer often provides concrete facts of great interest ... for example when he hilariously proved that one of the NATO politician 'Kiev meetings with Zelensky' in the early months of the conflict last year, actually involved arrivals at a train station in Poland, Helmer pointing out the distinctive architecture and platform paving in the meeting photos, clearly not the 'train station in Kiev' as media claimed

Helmer's most recent two articles have a valuable discussion involving a General from India somewhat pessimistic about Russia's position as being quasi-stalemate, versus a NATO vet source feeling the Russians have an edge and are grinding on with an upper hand. Here's a video to which Helmer links, a Russian naval drone blowing up the Zakota bridge by which the West was trying to transit military wares from Moldova into Ukraine

No need to call them retards but you are correct. The neo-nazis are a product of the jews. The term nazi was coined by a jew social democrat in the 1920s to denigrate national socialism and is in fact an imitation of the term sozi which is slang for the social democrats. – Menuhin

You do realize there was incredible collaboration between the original Nazis and Zionists right ?

See Ron Unz's article Jews and Nazis for the receipts or Brenner's " 51 documents "

<https://web.archive.org/web/20220720144912/https://www.unz.com/runz/american-pravda-jews-and-nazis/>

The Holocaust was necessary to get enough sympathy for Ashkenazis being given Palestine, plus as a catalyst to get Ashkenazis to move to Palestine

These Zionists don't care about being anti fascist or anti Nazi, they care about what's best for the Jews , well the top 1% of them or so

@QCIC

Why do Jewish elites support actual NeoNazis?

What explanation can make sense of this?

Zelensky is the **conduct of the graft flows** emanating from the International Jewry. The hard core nationalists that control by inertia the Ukraine apparatus [what is left of it, and the ambitions for an independent Ukraine are over, also to them, in their mind] are hostage to this. They must take International Jew orders ...or compromise their exile [since they are tainted by the sense-less blood spilling of their fellow country-men, on orders of the International Jewry which has a the main goal since decades: put pressure on Russia, return Russia to usurpation as a status, they have no political future, they are fully aware of this].

Thus results: Zelensky as a hostage of International Jewry, obliged to follow orders, no sanity required, anybody else [a-l-l want to get rid of Zelensky, some want to live another day, some might have had ambitions to negotiate with Russia] executing orders such as not to compromise their exile as individuals, their close family, their bimbos. That is it, Ukraine, as used by all of these bloggers, tubers, and alt. media is an empty hull. It holds by the shell through inertia, of pension seekers [the ones that are able to pass absurd orders to the man-meat army and population], all longing as much for the insanity to stop, get on with their exile, the con-Z-umer lifestyle, decompression. The stress is palpable, none of these “Neo Nazis” must have any illusions left, but hang on to secure the bag of loot and get the hell out of Ukraine, **with** the Jew International approval stamp as to nest in the West, in exile.

What is obvious in the case of “Ukraine” seems to be even less obvious in the case of the US, where man-meet does not realize that they are the tool of International Jewry as much. Most “Americans” still think they are part and parcel of governance.

What is even less obvious is that the Moskva “branch” of Jewry is not necessarily ailing, also there, the ambition persists to get rid somehow of Putin, and retake the reigns.

The world is globalized, the friction is dense. Who-ever, where-ever, just drop this idyllic notion of “paradise” by borders, policies over territory.

Great question, one would think, that everyone would be asking this , since the 5 main Jewish Oligarchs that ran Kiev, along with the US Neocons, put only Jews in as the Presidents of Ukraine – knowing full well that the CIA /Mossad had the Bandera nazis in their front pocket.

They support, fund and train the Nazis , the same way they do for al Qaeda, al Nusra, Isis, White helmets, and other terrorist proxies – they are an equal opportunistic state that needs an army outside of israel. If these armies get killed – No problem – we’ll find another one – nothing personal. And the end game can be a very long drawn out affair, resulting in land acquisition, genocide, extortion etc. etc. etc. They get enough money from the USA, Germany and other countries that have a Central Bank , in order to Carry on.

Besides Pepe's point about the premeditated nature of this crime, which is extremely important of course, what I also find astounding about this crime is the recklessness of this violation of international law ("rules based" order anyone?).

The fact is that this act of war and the ensuing environmental catastrophe which it caused was completely unnecessary.

There is no way the Germans were going to disobey the US in any way, so it wasn't about stopping the flow of gas (which had never flowed in the first place) but only about setting the tone for them and for the Russians that we've entered a new paradigm and that there's no going back to the status quo ante.

In that sense too it was a completely gratuitous act of savagery and of humiliation of "our German allies" which is directly comparable to two gangs facing off before a fight and the US, to show everyone what a tough guy they are and 'what they're capable of,' repeatedly kicking their own ally in the groin and watching them double over in pain while still saluting!

All it really proves is what loathsome and out of control the autocratic a-holes the US government has become and the fact that their autocratic behavior is visible to everyone but themselves.

It also shows that the philosophical underpinnings of the entire US strategic architecture is run directly by that slab of fat, Nuland. Whoever she consults with in the "interagency" is of no higher caliber than herself. These really are the architects of our world order which is just purely a raw exercise in power.

60.000?

Not 66.000?

Or 666.666?

It must be 6 million!

Are you trying to construct a German-Jewish conspiracy as yet another distraction?

All Germany wanted was peace (and work).

(Maduro: From the moment the US ambassador was kicked out, peace started settling in.)

All Germany wanted was the Jews to leave (Germany in peace).

The Jews decided before and during the Second Jewish World War who would get a ticket and visa into the “New World”, who could go to Sweden, who could go East (Birobijan), who would get a ticket to Africa, who could come to Palestine, who beforehand had to learn trade skills in Germany needed by Jews wherever, who would have to stay behind in war production facilities (like Auschwitz) and which Jews would have to stay behind in general (to support the coming Jewish war effort against German life).

Germans did not care where and what Jews did as long as they left (Germany in peace).

They do the same with Islamic jihadis, gather them from all over the world and send them to die in Syria and Iraq and apparently now in the Ukraine too. They're getting rid of extremists and radicals that could present a problem to them, although it mostly seems to be not too bright types but the more fanatical. Still, under proper guidance these people could prove useful against their current masters, and I suppose that's why they want them exterminated.

On multiple occasions Biden and Vicky said we would do it. On multiple occasions Ted Cruz said that NS 2 had to be stopped. Washington D.C. had motive, had means, and expressed intent.

One has to be a near idiot to still believe that D.C. was not the primary player in this under water pipeline adventure.

Fortunately for those of us who believe that US foreign policy has gone off the rails starting with Iraq 2003 (Bush, Cheney, etc.) we can be comforted in knowing that the vast majority of non Western world governments and citizens agree with us. Those governments agree with us and they are finally forming alliances that will be powerful enough to provide all countries an alternative to the only super power/Mafia now in control of the world.

It looks as if the BRI cannot progress without war as the collective West led by USA will utilise any means, including war, to sabotage and derail the BRI. Iran is especially an important central Asian BRI hub so it is definitely a target for destruction. PR China must become aware that all its best plans are under attack, and it should commit far more to the Russian war effort and to the buildup of Iran's military strength than it has done up to now.

Anyone with two braincells could easily piece together that it was America and its vassals that destroyed the Nord Stream pipelines from the beginning. Cui Bono? Sy Hersh's report was only groundbreaking because of his reputation. Honestly, I'm more inclined to believe the Kremlin on this. I refuse to jerk off his circumsized d#ck like everyone else. For all we know he's a Zionist too and just trying to get out in front of this. One hand washes the other. We can argue about whodunnit, but it's a moot point now. The consequences of the industrial terror attack will be titanic and ultimately destroy Europe. This feels a little like a non-story. The real story are the depleted uranium artillery shells the US intends to supply Ukraine. The ante is upped again.

Question, and return question:

Why does everybody, on both sides seem to be thinking International Jewry is “loosing the war”.

– Putin is bogged down, nobody is proxy-ing his Special Military Operation efforts. The International Jew in the trenches opposite, use proxy Neo Nazi fodder, military stocks that are obsolete, create money flows that will in the worst of cases n-o-t be exempt of gaming inflation/devaluation, knobs they all control?

– Putin [to me, the “can-do” factor is at cause here, after all Russia is for now the underdog in the global game] does not react to any provocations @infinitum, such as North Stream sabotage, cannot hurt the International Jew in the sweet spots [Syria, Israel etc.]. Rest assured that the task to “empty” Ukraine is a “must be done”, but also a “not enough”. Thus is it not that Russia is incapable of any knock-out, just jabbing, and thus that not make the International Jew go for the long run?

– Putin could not twist the hand of Western Europe, the International Jew did, “sanitizing” at the cost of paying of some second rate actors/politicians as Macron to van der Leyen. “Sanitizing” as in reducing the living lease of middle classes and man-meat alike in Western Europe.

– Did International Jewry for now, and done, not create a ten million migrational flow into Western Europe, in their interests, consistent with their policies, “Open Societies and Popper” for native Western Populations?

– Is it just a coincidence that the Hersh guy is a Jew?

- Who is betting both sides, all sides but the International Jew?
- Are the Jewish, zionist and others, middle classes not silent, do they not follow orders, abide to the outside?
- Is the United States not “made” the whore of choice, to take the flak, is the International Jew little or not exposed as usual?

Where is all of the “loosing” in the above?

So welcome to PIAB: the President Intelligence Advisory Board. All members are appointed by the current POTUS, in this case Joe Biden.

I call bullshit on this PIAB. All of these members are just clowns, set up for life in a sinecure that will include a government pension. It is just patronage at its worst, typical Democrat party corruption. Obama and Biden are just Tammany Hall V2.0.

The real orders for this hit on Nordstream did not originate from Biden, or even Obama, who are merely clowns themselves. Nor did it originate with the Khazarians like Blinken, Nuland or Kagan. These orders originate from Rabbinical councils who have been planning genocides decades in advance for centuries.
