Stormer 101: Nebílí mluví o „nadřazenosti bílých“, aby vysvětlili svá vlastní selhání

Stormer 101 je série článků vysvětlujících jednoduchým jazykem základní premisy Stormeru. Snažíme se používat co nejméně urážlivé výrazy, aby je bylo možné sdílet s „normie“ typy. Neváhejte jej zkopírovat a vložit, pokud nechcete odkazovat na tento web.

Narodil jsem se v 80. letech a nikdy v životě jsem nezažil výhody z toho, že jsem bílý. Mezitím nikdo mladší 80 let nikdy neodmítl práci, protože byl černochoch.

Každý ví, že tyto dvě věci jsou pravdivé. Základní údaje ukazují, že tyto věci jsou pravdivé.

Jediným místem, kde lidé poukazují na rasové rozdíly, jsou policejní interakce. S policií jsem se moc nesešel, ale během těch, které jsem měl, se mnou bylo zacházeno jako se zvířetem. Jak jsme všichni viděli během koronavirového šílenství, policie nepovažuje občany za hodné jakéhokoli základního respektu nebo lidské důstojnosti.

To znamená, že si myslím, že je pravděpodobné, že před rokem 2020 se na černochochy dívají policisté ještě podezřívavěji, protože statisticky páchají mnohem více zločinů a konkrétně je mnohem

pravděpodobnější, že začnou střílet na policistu. Před BLM – než byli černoši vyňati z policejního dohledu – policie jednala naprosto beztrestně, a vzhledem k tomu, že američtí policisté jsou obvykle sobečtí, slabí lidé (kteří berou práci, protože chtějí jednat beztrestně), bylo pravděpodobnější, že půjdou do tuhého. na černochoy, protože se nechtějí nechat zastřelit.

Pravděpodobně stejně relevantní je, že černoši také častěji mluví s policií do prdele a není nic, co policajt nesnáší víc než někoho, kdo zpochybňuje jeho postavení jakéhosi živého boha, který si s kýmkoli může dělat, co chce.

Takže věc policie je irelevantní na mnoha různých úrovních. Za prvé, americká policie je podlidská špína, která se ke každému chová jako k hovnu, a americkou společnost nemohou soudit ti nejnižší lidé.

Zadruhé, již nepůsobíme podle paradigmatu před rokem 2020.

Černoši mají 3 roky beztrestnosti pod policejní kontrolou. Za třetí, černoši si zasloužili vyvíjet policejní tlak, protože neustále střílejí na policisty (a mnoho dalších).

Konečně, i když vezmeme v úvahu, že černoši mohli čelit většímu policejnímu dohledu než běloši před BLM, je myšlenka beztrestného zabíjení černochoů policií zcela vyvrácena. Podle vlastních údajů Washington Post je každý rok počet „neozbrojených“ černochoů zabíjených policií méně než tucet a obvykle jde o situaci, kdy černocho napadl policisty. V celkovém počtu je policisty zabito více bílých než černých. Černí policisté častěji zabíjejí černochoy než bílí policisté .

Significance

There is widespread concern about racial disparities in fatal officer-involved shootings and that these disparities reflect discrimination by White officers. Existing databases of fatal shootings lack information about officers, and past analytic approaches have made it difficult to assess the contributions of factors like crime. We create a comprehensive database of officers involved in fatal shootings during 2015 and predict victim race from civilian, officer, and county characteristics. We find no evidence of anti-Black or anti-Hispanic disparities across shootings, and White officers are not more likely to shoot minority civilians than non-White officers. Instead, race-specific crime strongly predicts civilian race. This suggests that increasing diversity among officers by itself is unlikely to reduce racial disparity in police shootings.

Mimo oblast vymáhání práva mají černoši po desetiletí přednostní zacházení ve škole a zaměstnání. Společnost JFK zavedla první programy pozitivních akcí prostřednictvím výkonného nařízení v

roce 1961. Černoši od té doby žijí na vysoké úrovni, pokud by se tak rozhodli. Mohli se ucházet o školy a práce, pro které nemají kvalifikaci, a nebylo možné je vyhodit.

I přes tyto absurdní výhody se však většina černochoů rozhodla nechodit na vysokou školu, nenacházet smysluplnou práci a raději žít ze sociálních dávek, prodávat drogy, páchat vraždy a jiné násilí jako životní styl.

Jak můžete vysvětlit tuto úroveň kolektivního selhání?

Může se to zdát bolestně samozřejmé, ale je třeba to říkat tak často, jak je to možné: „systémový rasismus“ je podvod navržený k vysvětlení přetrvávajících neúspěchů černochoů, které jsou ve skutečnosti čistě důsledkem černých schopností a černošských rozhodnutí.

Vnutili jsme si premisu, že „všichni lidé jsou úplně stejní“. Nikdy to nebylo vysvětleno a nedává to žádný smysl. Jednotlivci jsou očividně různí, geneticky, takže dává smysl, že skupiny jedinců se sdílenou genetikou by se lišily od jiných skupin lidí s jinou sdílenou genetikou. To je ve skutečnosti již akceptováno, když mluvíme o rodinách.

Nikdo vás nenazve rasistou, když říkáte, že chytrí rodiče mají chytré děti, a pokud je chytrý člověk, jeho bratři a sestry budou pravděpodobně také chytrí. To je „skupina lidí se sdílenou genetikou sdílející podobnou inteligenci“. Je prostě zřejmé, že černí a bílí, protože jsou geneticky rozdílnými skupinami, by měli různé úrovně inteligence. Nikdo si nestěžuje, když podotkneš, že černoši jsou lepší v basketbalu, a nikdo by opravdu netvrdil, že to není genetické.

Černoši dostali neomezené možnosti a oni na tyto příležitosti reagovali žalostným selháním, znovu a znovu a znovu. To není chyba bílých lidí. Dali jsme jim všechny tyto příležitosti, protože jsme chtěli, aby přestali páchat zločiny a chovali se normálně.

Média a vláda přijaly toto selhání a řekly, že jediný způsob, jak mohou černoši selhat, je rasismus. Protože jsou všichni stejní, jak tvrdí, je nemožné, aby sami selhali. Je to absurdní na první pohled, a když rozeberete komponenty, stane se to ještě absurdnější. Ale

jedinou další možností by bylo, aby černoši přiznali, že jejich pokračující selhání je jejich vlastní vina, a připustili, že jsou jediní, kdo může svou situaci změnit.

Věřte tomu nebo ne, než byl [@donlemon #probuzen](#) , byl přímo rasista udržující [#whiteness](#) . Zde před 10 lety propaguje myšlenku osobní odpovědnosti. Naštěstí teď chápe, že vaše problémy ve skutečnosti nejsou vaše, ale vždy jsou problémy někoho jiného.
pic.twitter.com/uoKV2Htv27

— Brandon Taylor Moore (@LetsGoBrando45) [20. února 2023](#)

Černoši se nikam nedostanou tím, že budou obviňovat ostatní ze svých problémů. Ve skutečnosti od nepokojů BLM a stažení policie z černošských čtvrtí raketově vzrostly vraždy a další násilí mezi černochoy. To je zřejmě to, co chtěli, nebo co po nich chtěla média a Demokratická strana.

Faktem je, že tato situace je pro černochoy velmi nezdravá. Mohlo by být příjemné hýčkat černochoy, jako by to byla malá miminka. Jistě, existuje kulturní pobídka, kdy média a vláda lidem říkají, že jsou velmi dobří lidé, pokud podporují tuto operaci, kdy říkají černochoům, že všechny jejich problémy jsou vinou někoho jiného. Ale zvažte, co se stane s jednotlivcem, když odmítne převzít odpovědnost za cokoli a místo toho se rozhodne obviňovat ze svých problémů ostatní; takoví lidé obvykle nežijí úspěšný život. Chcete-li vidět, jak to ovlivňuje černošské komunity, nehledejte nic jiného než explozi vraždy po BLM.

Pokud by vám na černochech skutečně záleželo a chtěli byste jim pomoci, chtěli byste, aby převzali odpovědnost za své vlastní činy a pracovali na překonání všeho, co je uvěznilo v této situaci, kdy je jejich existence definována jako skupina. násilím, rozbitými rodinami a vládní pomocí.

Lucky us, South African cops don't like paperwork, if you remain calm when they get aggressive, they often run out of steam and you get a warning. I don't earn enough to bribe and I'm too white to try it. I'm also too white to blame my failures on affirmative action.

Black people have been given unlimited opportunities, and they have responded to these opportunities with abject failure, again, and again, and again. This is not white people's fault.

The best example is Africa itself. One of the richest resource and environmentally diverse continents, and every nation on it run by blacks is a shithole or a former functioning colony of White Europeans now returning to its shithole status under black rule.

We try to use the least offensive language possible so that these can be shared with “normie” types.

Self censoring to expand the reach of your propaganda? Isn't that the definition of woke?

However, even with these absurd advantages, most blacks chose not to go to college, not to get meaningful work, preferring instead to live on welfare, to sell drugs, to commit murder and other violence as a lifestyle.

Remind us, oh Hero, did you go to college? Do you do “meaningful” work? Or are you the equivalent of a Soundcloud rapper? Why are you scolding blacks for not participating in America's captured economy? Next you'll start whining about their credit scores!

You know who else has a lower IQ than white men? White women. Are women more violent than men? And who has an even lower IQ than women? Dogs. Do we consider dogs to be violent animals? Nope, they're our best friends. So why is it that you think there is an inverse relationship between intelligence and violence? I mean, I know you also hate women. But dogs, Andrew, really? Do you also hate and fear dogs?

What about a fucking rock? Nothing's less intelligent than a rock. Is tripping and falling on your face your greatest fear?

You constantly shit on American culture and claim our economy is in the clutches of the Jews. Then you excoriate blacks for not participating in this culture and economy. Maybe the blacks are just wiser than you and ahead of the curve. You only resent them because they refuse to be slaves. They didn't choose to be abducted and enslaved. They didn't choose to be discriminated against and concentrated in urban ghettos. They didn't choose to have their neighborhoods flooded with crack by the CIA, nor did

they choose to have their urban culture and economy glamorized by generations of pop music. Never forget that black violence is promoted as art by extremely intelligent “white” people.

Now please fuck off. Your presence on this website is a badge of disgrace. Ron casually admitted yesterday that he publishes people who “just make stuff up” [referring to Larry Romanoff]. Even Seymour Hersh appears to have a lot in common with Romanoff et al (making claims without citing evidence). This website is not an outlet for journalists, obviously. It’s an outlet for trolls.

There's another major angle to this whole topic and any discussion of it is verboten. It is how ADOS blacks were used— by you know who— as proxy warriors to break up ethnic neighborhoods. Black sharecroppers from the South were moved into jail-like residential housing complexes in places like Chicago or Philadelphia. Blacks were moved out rural areas into hellish urban housing complexes.

I was expecting a long encyclopaedic article about how blacks really really really suck, with the main argument being the lack of human abilities in subsaharan Africa, they never made a boat to explore their own islands, ever, ever, ever.

And then going on about how the white supremacy argument is basically confirmation of white supremacy. How the British Empire became so vast is an eternal embarrassment to non-Europeans.

This bit is what I actually have some contention with

If you actually cared about the blacks, and wanted to help them, you would want them to take responsibility for their own actions, and to work to overcome whatever it is that has trapped them in this situation where as a group, their existence is defined by violence, broken families, and government assistance.

lots of so called white advocates don't actually advocate for whites the way you think black advocates ought to advocate for blacks. These do called white advocates don't care about removing the burden on whites such as income and property inequality which has made it impossible for young white couples to get together and start families. Any sort of government action in favour of reducing the property and capital monopolies and concentration is met by hostility because it is socialism and socialism is the devil in the minds of the American.

These so called white advocates need to understand that capitalism creates the conditions that lead to high birth rates of non-whites and low birth rates for whites. when it comes to living in crowded unhygienic conditions working for meager pay and no dignity that capitalism creates for its workers, the white man cannot compete. The non-whites will mindlessly reproduce at great rates under such condition.

The Americans have been brainwashed into thinking socialism is free stuff for the lazy, but in reality socialism is the assertion of workers' sovereignty of the means of production and its products. The parasitic classes, found in all levels of incomes would be denied and left to wither if they refuse to work

In general, narcissists fail, and blame someone else.

If the narcissist is non-Faustian there's a strong tendency to blame 'white supremacy,' indeed. Like all narcissist arguments it ends up being self-refuting if you pay attention. "Yes, Faustians are better than you. Sucks to suck I guess." Even if all of their arguments were 100% true it would only show that they tried to be supreme but failed, whereas Faustians tried to be supreme but didn't fail. Everyone was trying to conquer the world (except the Chinese) but only the British succeeded. Twice.

Blacks have been having their asses kissed for at least 50 years.

Someone born in say 1948 which is 75 years ago? Hmm, they would be 20 in 1968, the dawning of muh negro. Yep, any White born after 1950 has faced discrimination at some point in their life unless they lived in a predominantly White area. Of course it was those same areas where the Negro was treated like a Kang out of ignorance or naivete from Whites. The Negro feasted on the gullibility of racially ignorant Whites and mandated Black privilege. Blacks were that brand new puppy under the Christmas tree for these Whites. Haha. Where the White women at, yo.

I have met a few blacks (from Africa) that openly told me that their countries were so poor because of black people, when the question what could be done about it comes up, I really don't know what to say. Colonialism and Apartheid will not work because the "we shall overcome" brigade will be there in a second, so black countries will always be run by black people. Education and strict discipline in schools could help, but nobody who is honest about reality can believe this will ever make them equal.

White Americans, Asians, Hispanics, East and west Europeans (hundreds of millions of us) refuse to bow/take a knee/kiss yo black azzz anymore, you niggaz have shown your true nature by destroying everything given to you by your white slave masters.

If it weren't for whites, your black feral chimp/ape azzes would still be living in mud huts, dancing to Wakanda drums and slinging poo at each other. Blacks and your Jewish slave trade handlers are a disgrace to the human race. Jews sold whites black slaves and you blame whites, Phuc off you dumb low IQ hoodrat.

The wrath of Whites is forthcoming, even if you all returned to Africa, whites would have to feed your black azzes for eternity because you can't even grow your own food, wipe your own filthy ass. Tar babies was a perfect name for you.

Blacks and Jews blew it, now you will pay the price for your destruction of what was once former prosperous and peaceful white communities.

As a kid, I grew up in a dense urban neighborhood that had a lot of police families: cops, sons and daughters of cops, childhood friends who grew up to be cops, that sort of thing.

Personally I didn't much like the whole cop culture, and also they didn't much like my whole artiste-hyper-literate punk-rock culture either; but we learned to speak one another's languages, we recognized that we each had a legitimate culture, which was actually co-dependent on the others' cultures in a psycho-bio-determinate way [read Wendell Berry], and we learned how to accept one another and just sort of get along okay. One of my best friends growing up was a guy who became one of the most revered policemen in my city, and I am a rather revered weirdo in my own right, and he wrote zany funny schoolyard songs based on my zany funny schoolyard poetry, so.... there ya go.

To this day, nobody (cop or not) has ever shot me. I just kinda learned how to talk to people before they do.

Yeah, I've had interactions with cops, almost always White, and I've never had a problem, because I don't have a criminal record and I follow the law (for the most part). I treated them with respect, and they returned the favor. That being said, the number of times I've interacted with law-enforcement is less than ten, probably because I don't have a criminal record and follow the law, and don't frequent stupid places at stupid times with stupid people doing stupid things. Home before dark, don't do drugs, that sort of stuff.

Anglin's rant against cops casts a shadow on this article. He may want to reconsider.

Even the official news magazine for socialism, “Jacobian” in its Winter issue pointed, out that South Africa is becoming a failed state due to crime and corruption. The cause of the decay is not attributed to as an heritage from previous White racism – Jacobian suggests that the decay of South Africa is due to the ANC (African National Congress) – the Black Political group that inherited the governance of South Africa (Nelson Mandela’s group). The group evidently cannot resist stealing everything that is not nailed down when they get the power.

He published Whitney’s articles against the COVID vaccines which he considers to be antivaxx lunacy. And of course he publishes AA, this deranged crypto Semitic midget. WTF, Ron? Memorable moments as black history month comes to a close.

The awards are:

1) Muhammad Ali for honesty, ” Thank God my granddaddy got on that boat”.

2) Bill Cosby for courage, “Black men are failures for abuse and not creating stable families”.

3) Ron Goldman for perceptive last words, “Hey, you’re OJ!”

Says a current/former thug with a badge and gun. I never did anything illegal, they just preyed upon those they could inflect their power trip on. See Ashli Babbitt and thousands of other out of control cop killers/thugs and criminals.

Btw, never mentioned defunding police, I would prefer a voluntary police force, government and all its alphabets. It would rid humanity of most all wars and crimes.

The title of this article lays it all out in one sentence. Inferior people will always happily accept that the reasons for their failure are external instead of having the guts to look in the mirror and admit it's all their own fault. The amount of denial they use in day to day life is staggering. The Jew media has been telling blacks that it's White people's fault for decades. And blacks gladly eat it up.

Perhaps someone should mention that the average black I.Q. is 85 and that 25% of them have an I.Q. of 75 or lower. If you have an I.Q. of 83 or lower even the armed forces won't take you. The most humane thing we can do with these people is to sterilize them and let them slowly fade away.

Well, I mean, that's what 'free speech' is supposed to be about.

I dunno if Ron really believes this or it's a cover for something else. However, the free speech ideal is that everyone is supposed to have a platform, and you get a "marketplace of ideas" where customers determine which ideas are best.

There's this: Romanoff doesn't make stuff up at random. He tells lies that are at least on topic, which opens up a space to talk about relevant truths.

In other words Romanoff, unlike me, knows what folk care about. I can then relish correcting him.

By the way, never forget that adblock is wonderful. If you don't like seeing Anglin's articles on Unz, you can, for the most part, use adblock to filter his sidebar entry away.

The real detriment to Blacks has been Marxism and Feminism. Feminism especially has been pernicious to the Black Family and to Black men in general. This is the biggest accomplishment of Jewry to then use Blacks as their proxy warriors against the rest of America.

The problem of Blacks is not that they are dumb, but that they are violent. No one fears people with Down Syndrome. They are actually usually very nice.

The problem of Blacks is their violence. Around Blacks you can never relax.

My theory is that we should have backed the Pigmies against the Bantus and all the other African races. Mixing their genes so all Blacks became Pigmies. Pigmies are cute and small. Even if they became violent, they wouldn't be a big menace. Also being short they wouldn't appeal to white women and there would be little miscegenation. Win-win.

For one thing, your argument about the violence levels of males and females is utterly fraudulent. Everybody knows that females are less violent than males. In human societies, even in the the ones that are very violent, the females are less violent than the males.

The impression people have is that lower strata black women are more violent than the women of any other definable group of women in American society. That does not mean that all are violently inclined, but the belief is, the crime statistics will show that this strata is more violent. Nevertheless, lower strata black women are for certain less violent than their male counterparts. And, of course, less violent than the middle class and upper middle class women of the same color.

I am sure lower strata white women are more violent that middle and upper middle class white women. Nevertheless, they are for certain less violent than the men of the same strata.

When you compare, you either need to compare oranges to orange or you need to explain your purposes when you compare the dissimilar.

If women have lower IQs than men by couple of points and they are less violent than men, the logical conclusion is that women are less violent. If you have any experience that speaks to the idea that women are in the aggregate as violent or more violent than men, do please tell us.

You may be right about that “ahead of the curve” thing though. The economics most blacks long have lived under (working wages – upper middle class cost structure / last hired – first

fired) have caught up to the masses of young white people, even young white people with high educational levels, and they are embracing the same response. Why bother?

Then, on the other side of the mountain, by the time you are in your 40s, unless you are part of upper management, part of the professional class or have a skill or an occupational license that makes you not easily replaced, you are not wanted. Again, why bother to fight the system?

Every time you have an immigrant come to your country you have a person who will practice and push their culture and standards, look at all the Indians and Pakistanis now in positions of power in Britain...each one represents a white native Briton who doesn't have that job and isn't there to represent everything his culture has created over thousands of years.

I don't know why there hasn't been a revolution to totally remove those who were given power to manage society only to sell-out to malevolent world forces, people such as Churchill should of been disgraced after his ownership was established.

The Britons were lied to, Enoch Powell said as much and he was attacked mercilessly yet he has been proved right.

Britons are under no obligation to not take out the trash, the Democratic process is a li, a moral hazard has happened over a time now, the native Briton is now able to act as necessary to create an arm force to remove the invaders and the traitors or suffer the atomization of a thousand Norman conquests!

Abolish police from Black areas, simple as that.

A lot of police officers are egotistical fools that earn the hate, so that is that.

Nothing will change in America until white liberals are made to reckon with their policies. Until then, nothing will change.

White liberals like Eric Bryan Stone have to be affected by their Black pets, for society to completely change.

I'm sick of the press blaming black failure on some GIANT WHITE CONSPIRACY holding them down. Negroes fail because they are extremely inferior mentally and everyone knows it.

1. Black-americans come in last in all standardized tests. Asian-americans do fine on all the tests so it's not due to cultural bias in the tests.
2. Africa is by far the poorest and most backward continent on the planet. All of black africa is now controlled by blacks and has been for decades so it's not due to racism.
3. No black has ever won a Science Nobel Prize unless you count one in 1979 for the semi-science of economics. They have won many nobels in non-brain fields like Peace and also in Literature so it is not due to racism.
4. Out of 1725 chess grandmasters in the world, only THREE are black.

Few notes, the con in first photo may be using false image, imo possibly male posing as female, ignore name, narrow neck and head. Wide shoulders, which isn't only the shirt, also browridge, wide tooth bridge. If so this what I mean by should use two labels instead only one supposed tranz label, apprevs meaning appears reversed for people who aren't doing anything wrong, and transvestites on cons doing vile such as that one. Though seems mostly whites, there are a few blacks or asians, assuming gets them 'cred' with cons. Think, males pose as female can seem harder to shove back against. Shouldn't be that way, people have to get over false femy images and shove back against anyone coming at us as the cons do every day, regardless supposed gender. People are being ignorant.

On article otherwise, think it's partly reactive to electronic media exposure, which some blacks have been buying into resentment division, though some are not, and don't blame whites as a whole for whatever, which media online cons such as one in article and others, want people to think blacks think that way, so people dont make small groups, or effort to stop the cons, as the cons do what they want. That's not negative on the article just a broader view, and maintain that Anglin's writing is usually position of some merit, also because he's of younger generation that's been handed a pile of sht for a future.

People need to focus.

You know who else has a lower IQ than white men? White women.

Indeed. The most successful Jewish mass media propaganda – feminism, miscegenation, guilt over slavery etc.- is PRIMARILY aimed at this most gullible, weak minded, easily influenced and stupid demographic: white women. And since 1920, the votes of these fucking imbeciles have been invaluable to the Jews as they transform the United States into a Third World, totalitarian police state.

Anglin is spot on about his assessment of the police as being brutal white trash taxfeeder pension bums and criminals mooching off the backs of productive taxpayer's like the street gang on welfare that they are.

White Americans, and white nationalists and white conservatives in particular, really need to become more vigilant about the danger posed to their civil liberties, their physical safety and their very existence by the street gang on welfare, sometimes referred to as police.

The vast majority of police are uneducated, unskilled and virtually unemployable semiliterate bums and losers, who take municipal "law enforcement" (sic) jobs as a last resort out of economic desperation. In the vast majority of cases, the only thing separating these lazy, degenerate, uneducated Cro-Magnon scum from sleeping under a bridge or highway overpass is a cheap polyester uniform and a generous, taxpayer funded free medical, free dental, free pension, freeloader bum benefits package, all at the expense of REAL WORKING CLASS PEOPLE. Ironically, the desperately poor white trash who become taxfeeder pension bums are indistinguishable, from a socioeconomic standpoint, from the very black and "Hispanic" urban welfare underclass parasites that they waste their lives and taxpayer money riding roughshod over everyday.

The low class, white trash taxfeeder pension bums are also more likely to harbor racial animosities toward the urban underclass racial minorities they encounter, irrespective of whether or not said non-whites are engaged in criminal activity, greatly helping to engender a simmering hatred of whites generally by the ghetto denizens(paradoxically, white racism is strongest in the white Americans who occupy the lowest rungs of the socioeconomic strata. This helps to greatly explain why

organized white nationalist groups have largely been political failures and deadends , despite white Americans being a majority of the population and having been around in some form or another literally since the end of the Civil War . In other words, the biggest white racists tend to be the bums and losers, exactly the people that we DO NOT want to attract.)

Another point regarding the uniformed taxfeeder pension bum enforcers that the Jews have hired to carry out their genocide campaign against white Americans, most cops in the larger metropolitan areas, including the largest taxfeeder pension bum department in New York City, are actually non-whites, the very same subhumans who are responsible for most violent urban criminality: namely, blacks and Hispanics. The (cough, sneeze) NYPD is nearly 60% niggers and spics . And that is not an accident. The Jews and their prostitute politicians want armed enforcers who are politically reliable, even if possessed of low IQ and borderline retarded. There are not very many Trump supporters in the decrepit urban slums where the powers that be are recruiting Julio and Leroy these days. Same with the military.

In conclusion, it is best to always remember that you cannot have a totalitarian Jewish police state without sadistic, taxfeeder pension bums masquerading as police.

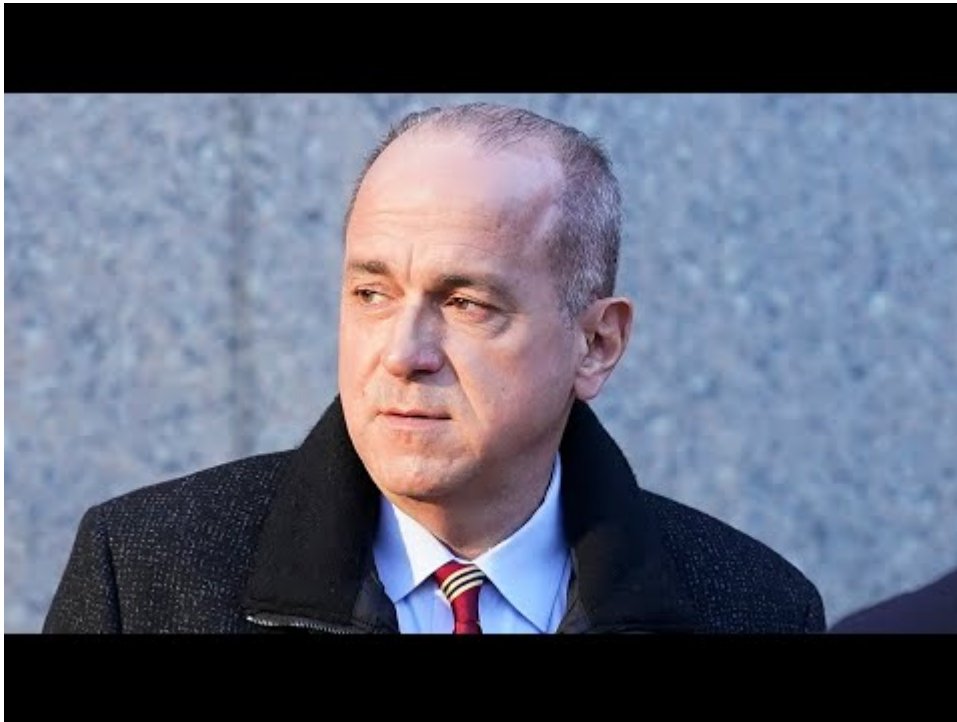

So , while it is still legally feasible to do so, purchase LEGAL firearms necessary for self defense and take courses to become proficient in their proper use and handling. And keep these weapons out of sight, but within reach. You'll need them when the Day of The Rope is ineluctable. Ultimately, the only way that taxfeeder pension bums leave you alone, is if you put these fuckers underground.
