Setkání Valdai: Kde se západní Asie setkává s multipolaritou

12. „Blízkovýchodní konference“ ve Valdajském klubu v Moskvě nabídla více než vítaný hojnost názorů na vzájemně propojené problémy a soužení postihující region.

Nejprve však důležité slovo k terminologii – protože *jen jeden* z Valdaiových hostů si dal tu práci se zdůrazněním. Toto není „Blízký východ“ – redukcionistická, orientalistická představa vymyšlená starými koloniály: v *The Cradle* zdůrazňujeme, že region musí být správně popsán jako západní Asie.

Některé ze zkoušek a soužení v regionu byly zmapovány oficiální zprávou Valdai, The Middle East and The Future of Polycentric World . Ale intelektuální a politický vliv přítomných může také

poskytnout cenné neoficiální poznatky. Zde je několik hlavních oblastí, které účastníci zdůraznili v souvislosti s regionálním rozvojem, současným i budoucím:

Náměstek ruského ministra zahraničí Michail Bogdanov uvedl na scéně tím, že zdůraznil, že politika Kremlu podporuje vytvoření „inkluzivního regionálního bezpečnostního systému“. Přesně o tom Američané v prosinci 2021 odmítli diskutovat s Rusy, pak se to vztahovalo na Evropu a postsovětský prostor. Výsledkem byla zástupná válka.

Kayhan Barzegar z Islámské univerzity Azad v Íránu kvalifikoval dva hlavní strategické změny ovlivňující západní Asii: možný ústup USA a vzkaz regionálním spojencům: „Nemůžete počítat s našimi bezpečnostními zárukami.“

Každý vektor – od rivality na jižním Kavkaze až po izraelskou normalizaci s Perským zálivem – je podřízen této logice, poznamenává Barzegar, přičemž nemálo arabských aktérů konečně pochopilo, že nyní existuje manévrovací prostor pro výběr mezi západním nebo nezápadního bloku.

Barzegar neidentifikuje vztahy mezi Íránem a Ruskem jako strategickou alianci, ale spíše geopolitický, ekonomický blok založený na technologiích a regionálních dodavatelských řetězcích – „nový algoritmus v politice“ – sahající od obchodů se zbraněmi po jadernou a energetickou spolupráci, řízenou oživením Moskvy. jižní a východní orientace. A pokud jde o vztahy mezi Íránem a Západem, Barzegar stále věří, že Společný komplexní akční plán (JCPOA), neboli íránská jaderná dohoda, není mrtvý. Alespoň zatím ne.

"Nikdo neví, jaká jsou tato pravidla"

Egyptan Ramzy Ramzy, do roku 2019 zástupce zvláštního vyslance OSN pro Sýrii, považuje reaktivaci vztahů mezi Egyptem, Saúdskou Arábií a Spojenými arabskými emiráty se Sýrií za nejdůležitější probíhající reorganizaci v regionu. Nemluvě o vyhlídkách na usmíření mezi Damaškem a Ankarou. "Proč se tohle děje? Kvůli nespokojenosti krajského bezpečnostního systému se současností," vysvětluje Ramzy.

Ale i když se USA možná vzdalují, „ani Rusko ani Čína nejsou ochotny převzít vedoucí roli,“ říká. Sýrie zároveň „nemůžeme dovolit, aby se stala obětí vnějších intervencí. Zemětřesení tato sblížení alespoň urychlilo.“

Bouthaina Shaaban, zvláštní poradkyně syrského prezidenta Bašára al-Asada, je pozoruhodná žena, ohnivá a upřímná. Její přítomnost ve Valdai nebyla nic menšího než elektrická. Zdůraznila, že „od války USA ve Vietnamu jsme ztratili to, čeho jsme byli svědky jako svobodná média. Svobodný tisk zemřel.“ Ve stejné době „koloniální západ změnil své metody,“ uzavřel subdodávky válek a spoléhal se na místní pátou kolonu.

Shaaban nabídl nejlepší krátkou definici „mezinárodního řádu založeného na pravidlech“: „Nikdo neví, co tato pravidla jsou a co je tento řád“.

Znovu zdůraznila, že v tomto postglobalizačním období, které ohlašuje regionální bloky, obvyklí západní vměšovači raději využívají nestátní aktéry – jako v Sýrii a Íránu – „pověřující místní obyvatele, aby dělali to, co by chtěly dělat USA“.

Zásadním příkladem je americká vojenská základna al-Tanf, která okupuje suverénní syrské území na dvou kritických hranicích.

Shaaban nazývá zřízení této základny jako „strategické, aby USA zabránily regionální spolupráci na křižovatce Iráku, Jordánska a Sýrie“. Washington velmi dobře ví, co dělá: neomezený obchod a doprava na syrsko-irácké hranici je hlavním záchranným lankem pro syrskou ekonomiku.

Šaaban znovu všem připomněl, že „všechna politická témata jsou spojena s Palestinou“, a nabídl také zdravou dávku ponurého realismu: „Východní blok se nedokázal vyrovnat západnímu vyprávění.“

„dvouvrstvá proxy válka“

Cagri Erhan, rektor univerzity Altinbas v Turecku, nabídl docela šikovnou definici hegemonu: toho, kdo ovládá lingua franca, měnu, právní prostředí a obchodní cesty.

Erhan kvalifikuje současný západní hegemonický stav jako „dvouvrstvou proxy válku“ samozřejmě proti Rusku a Číně. Rusové byli USA definováni jako „otevřený nepřítel“ – hlavní hrozba. A pokud jde o západní Asii, stále vládne zástupná válka: „Takže USA neustupují,“ říká Erhan. Washington bude vždy zvažovat využití oblasti „strategicky proti vznikajícím mocnostem“.

Jak je to tedy s prioritami zahraniční politiky klíčových západoasijských a severoafrických aktérů?

Alžírský politický novinář Akram Khariief, redaktor online *MenaDefense*, trvá na tom, že Rusko by se mělo přiblížit Alžírsku, „které je stále ve sféře francouzského vlivu“, a mělo by se mít na pozoru před tím, jak se Američané snaží vykreslit Moskvu jako „novou imperiální hrozbu“. do Afriky."

Profesor Hasan Unal z Maltepe University v Turkiye zcela jasně vysvětlil, jak se Ankara nakonec „zbavila svých spleťů na Středním východě [západoasijských]“, když se předtím „obrátila proti všem“.

Středně velké mocnosti jako Turkiye, Írán a Saúdská Arábie se nyní dostávají do popředí politické scény regionu. Unal poznamenává, že „Turkiye a USA si vzájemně nerozumí v žádné otázce důležité pro Ankaru.“ Což jistě vysvětluje posilování turecko-ruských vazeb – a jejich společný zájem na zavedení „mnohostranných řešení“ problémů regionu.

Za prvé, Rusko aktivně zprostředkovává sblížení Turkiye-Syria. Unal potvrdil, že syrští a turečtí ministři zahraničí se brzy osobně setkají – v Moskvě –, což bude představovat nejvyšší přímé střetnutí mezi oběma národy od vypuknutí syrské války. A to připraví půdu pro tripartitní summit mezi Asadem, ruským prezidentem Vladimírem Putinem a jeho tureckým protějškem Recepem Tayyipem Erdoganem.

Všimněte si, že velká regionální usmíření se konají – opět – buď v Moskvě, nebo s její účastí, kterou lze právem označit za hlavní město multipolárního světa 21. století.

Pokud jde o Kypr, Unal poznamenává, že „Rusko by nemělo zájem o jednotný stát, který by byl územím EU a NATO“. Je tedy čas na „kreativní nápady: jak Turecko mění svou politiku v Sýrii, Rusko by mělo změnit svou politiku na Kypru“.

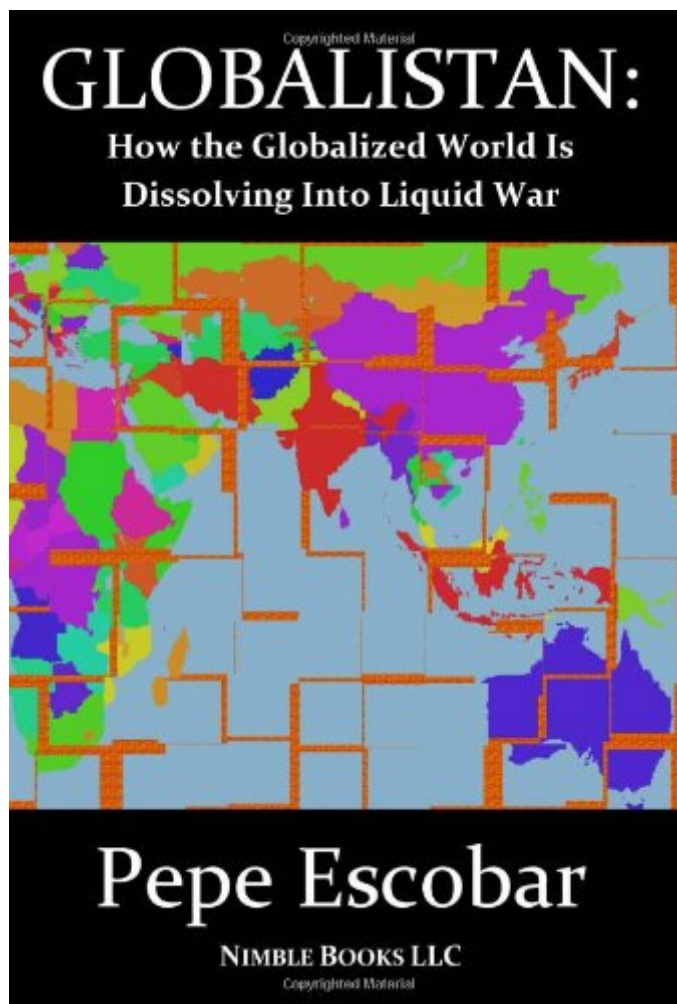

Dr. Gong Jiong z izraelského kampusu Čínské univerzity mezinárodního obchodu a ekonomiky přišel s chytlavým neologismem: „koalice nepřejících“ – popisující, jak „téměř celý globální jih nepodporuje sankce vůči Rusku“ a rozhodně žádný z hráčů v západní Asii.

Gong poznamenal, že ačkoli obchod mezi Čínou a Ruskem rychle roste – částečně jako přímý důsledek západních sankcí –, Američané by si sankce zasažené Čínou museli dvakrát rozmyslet.

Koneckonců obchod mezi Ruskem a Čínou dosahuje 200 miliard dolarů ročně, zatímco obchod mezi USA a Čínou je 700 miliard dolarů ročně.

Tlak na „tábor neutrality“ stejně neustoupí. Co potřebuje světová „mlčící většina“, jak ji Gong definuje, je „aliance“. Dvanáctibodový čínský mírový plán pro Ukrajinu popisuje jako „soubor zásad“ – základ pro seriózní jednání Pekingu: „Toto je první krok.“

Žádná nová Jalta nebude

Valdajské debaty opět jasně ukázaly, jak je Rusko jediným aktérem, který je schopen přiblížit se každému hráči v celé západní Asii a být mu pozorně a s respektem nasloucháno.

Bylo ponecháno na Anwaru Abdul-Hadim, řediteli politického oddělení Organizace pro osvobození Palestiny (OOP) a jejím oficiálním vyslanci v Damašku, aby pravděpodobně shrnul, co vedlo k současné globální geopolitické situaci: „Nová Jalta nebo nová světová válka? [Západ] si zvolil válku.“

A přesto, jak se stále objevují nové geopolitické a geoekonomické zlomové linie, je to, jako by západní Asie očekávala něco „velkého“, co přijde. Ten pocit byl hmatatelný ve vzduchu ve Valdai.

Abychom parafrázovali Yeatse a aktualizovali jej na mladé, bouřlivé 21. století, „jaké drsné zvíře, jeho hodina konečně vyšla, se hrbí ke kolébce [civilizace], aby se narodil?“

if the panarab relationship can be repaired and middle eastern cooperation and coordination returned to their diplomatic efforts, this will be a major achievement of putin's foreign policy agenda. one of the major strategies of the zioneocons was to break up the middle east onto waring states, while stealing their oil and insuring israel's hegemony over the region. this would be a major monkey wrench in the zionato dreams of the jared administration and puts huge pressure on the israelis. israel seems hell-bent on starting ww3, attacking syria and lebanon, as well as iranian assets, while murdering and dispossessing palestians of their homes and lands in flagrant acts of genocide.

if putin can bring erdogan and assad together and return normal relations between their countries, he deserves the nobel peace prize, no wait, they only give that to genocidal sociopaths like obama and kissinger.

| all across the Global South – countries are tired of NATO. They want multipolarity.

I suspect the same could be said for increasing numbers of the citizens of NATO nations.

How many Germans like living under a military alliance that bombs their national energy infrastructure, causes massive damage to their economy, and demands they put Germany on a war footing with Russia?

How many Americans like seeing our government co-opted by ZOG to fight endless wars for Zion?

Only the stupidest of the stupid, or enemies of America, support the post-9/11 wars for Israel, and that obviously includes the Jewish-controlled Ukraine.

I can't find any recent polls on American's support for NATO, but this is pretty much the same thing.

<https://mronline.org/2023/02/16/with-a-12-decrease-less-americans-support-aid-for-ukraine-poll/>

As the Ukrainian war with Russia, is obviously a ((NATO)) war with Russia.

Trump just said he'd end the war immediately should he get elected. I wonder if he made it a campaign promise to end NATO, (even tho his promises mean nothing), still I wonder if that wouldn't be a strong campaign strategy. Since only MIC scumbags or Zionists still support all these wars, at least it would be something for the sane Americans to rally around.

No sane Americans want Poland to drag them into another World War, or the cross-dressing, prancing little ((zio-fag Zelinsky)).

America First was a winning strategy, and if he strengthened it with calls to quit NATO, I wonder if it would resonate. I suspect so. Not with Democrats, who now love war. But with Trump's base, who have always been America first. And perhaps there are a lot of Independents, that by now also see the idiocy and madness of NATO's war mongering and destruction of nations like Libya and now Ukraine.

If you were to poll all the citizens of NATO nations, and asked them,

'Do you support an all-out war with Russia, (and possibly China and others..), in order to force Putin's Russia to have transgender kindergartners, and homo-'marriages', and 'gay pride parades' in Moscow?

How many of them would say 'yes' ?

Vs. how many of them would say 'it's time to quit ((NATO)) ?

It definitely not easy and rather shameful for me to acknowledge, but who in right mind can consider Russia as potentially one of the world poles? To have this distinction state must have certain economic weight, authority, influence and a bunch of followers / satellites. There used to be one illusion regarding military capabilities, but safe for nuclear part of it, Russian conventional military forces appeared to be weak and rather small, unbecoming of great power. More than one year of what is going in Ukraine is proof enough. Few were talking about Russia capabilities in Eastern Europe to conflict escalation but it all appeared to be hot air. By last summer it became obvious that combat ready Russia military is around 200 000 at most with the rest just being Potemkin village there for parades, otherwise it would not have been necessary to announce partial mobilization with 1+ million army of which only small part appeared to be capable to conduct military operation. With military part out of the window, Russia being deeply deindustrialized and dependant upon the West and now the east in lots of spheres one has to wonder what are they smoking in Kremlin. The whole multi polar thing is about USA and China. And while China is industrial juggernaut, it has no allies, its military capabilities and military ability to achieve goals if things come to blows is under big question. Still, economic part is there. I was born in the Soviet Union in 60's and I do remember when Soviet Russia indeed was major pole but we had all parts required to be that pole. Economic, ideological, allies, military capabilities. Russia is not even registering next to Soviet Union. Hence I was amused by Rogers opinion before Ukraine war started that modern Russia is stronger than USSR. With all this "experts" and "analysts" probably form the word "anal" it would be very good to keep records of what they say or predict over the

years to really show their intellectual nothingness and inability to have objective opinions, not influenced by their personal preferences.

Would suck if the EU banned remittances to all global south countries not sanctioning Russia. It's hilarious how many of them have sham economies totally fueled by their diaspora sending the welfare checks they cash in abroad back home.

The opinion of the global south matters as much as the opinion of people on welfare that can't even vote.

@Rurik

[If you were to poll all the citizens of NATO nations,]

The best start is to poll the long suffering Germans who, since Bismarck concluded his wars for Germany unity, chose a path of peace as a way to boost the German economy through trade and industry, were forced nonetheless by the Zio-Anglo elites of Perfidious Albion to engage in two world wars which took an extreme toll on Germans in blood, sweat and tears.

If the jaded and cowed Germans were to vote overwhelmingly on German neutrality, both ZOG and NATO will start disintegrating, for a war neutered Germany means growing commercial exchanges with her most reliable trading partner Russia as well as the rising Asian giant. That will leave the belligerent Poles to ponder whether to follow the Ukrainian path into utter destruction or to tow the line of Russian-German cooperation. If the Poles follow a rational path away from dreams of glory that got them to act as the trigger for WWII, then Uncle Sam will have to fold and leave Europe and retire into rebuilding a decaying USA. That is why the MIC and all the other war profiteers in America will risk life and limb to rule out any German-Russian rapprochement.

But with the traitorous German Greens in charge of German foreign policy, the rosy scenario of German and European peace is nothing more than a mirage.

The first thing Trump will do when he gets into power is launch a hot war with China. He is a huge fat evil fascist motherfucker who must be stopped. Nothing he says should be trusted....he is pure evil.

Biden is also pure evil and certainly not less so. This horrible situation where the only 2 USA political parties are extreme right ring warmongering fascists is dragging this planet into a serious WW3 nightmare. Thank God 25 million Russian soldiers and 100 million Chinese soldiers will tear the USA apart once and for ever backed by benevolent aliens/ETs who will stop all nukes..... the only hope for the West is a spiritual socialist communist revolution and the end of the Illuminati

“Multipolarity”: The Chinese/Russian regime doing business with their terrorist USEUNATO conglomerate peers thru alternative channels and at inflated prices for most of the world. Bread and circus is mostly only circuses these days, since baking bread's more expensive than baking a Jew in an Auschwitz oven 'cause the Turks need their cut for gas transit.

As Pepe wrote, it's a paraphrase (the quotation marks shouldn't be there, though, I think). Pepe surely knows Yeats by heart. He read James Joyce's *Ulysses* and probably much of his other works when he was very young and even wrote a booklength essay about it. Alas, I think it was never published, but I'm sure that a fan's revolt and outcry should finally revert that unfortunate situation. Please read the following interview he gave in 1983 (in Portuguese, sorry) and be amazed:

I have a difficult time , putting myself in the shoes of the Russian leadership when thinking, figuring out and understanding the Russian way of dealing with people from the west like Obama, Trump, Biden, Pompeo, Blinkin , Sullivan, Nuland and others. They { the Russians } have such a strange patience, they use several simplified definitions to convey their messages time and time again. Putin, Medvedev, Peskov, Maria Zakharova, and many television show hosts , continue to convey the same facts, same common sense, same history month after month which seems to fall on deaf ears. This confuses me because I was born and raised in the US and where I grew up – was a cut and dried situation most of the time.

Being a kid that grew up in the 50s and 60s – I would never let some punk like Obama- Biden, Pompeo , Blinken and the rest of them have a meeting with me – { a proud Russian leader } and allow them to crank out their bull shit for more than once. After that it would be – get your ass back on the plane and send back your Boss or the guy that really makes the calls – like I do.

Now , it takes me a long time time to reach way down and grasp the Russian way of doing things compared to my simpler surface way of dealing with things , but I hope the Russians learn how to deal with these Punks in the EU and US – for the sake of all of us.

Sorry Sergei, you're not going to get any honest responses from the army of 3rd worldists on this site. The author of this article has been proclaiming Russian and Chinese victory for the past year while covering up the incompetence of the Russian leadership. Everybody here has forgotten the promises that Russia would encircle Ukraine's forces in the east, that China would step in and ally with Russia while completing the new silk road of peace and harmony against the wicked "Anglo-Zionists" (need to throw the zionist in there or else the right wing leadership won't read communist tripe!) and that General Winter will deal the crushing blow to Ukraine. None of this has happened, and the only successful fighters Russia has are private soldiers who operate outside of the incompetent chain of command. Russia's performance has been pathetic, and it only secures the position of the monsters running the West.

The Jewish mafia members like Mark Dubowitz, from the terrorist FDD, are very angry to see Iran and Saudi Arabia agreed to renew ties with each other.

The Mafia members' balls have been chopped off, therefore, it is burning very badly and they don't know what else they can do to topple the Iranian government. They have failed. They have done every criminal act but Iran is stronger than ever and they are the one who should leave the region and go to where they came from.

Putin must change the course and stop supporting the criminal apartheid entity, otherwise, will not be trusted. The terrorist Jewish mafia member, Mark Dubowitz, has viewed this development as a LOST for US, in fact is a lost for Israel where he is embarrassed to say. I bet you the US is pleased.

Now, we want to know what is going to happen to FAKE "Abraham Accords" that Trump, Putin and Russia were in support of. Probably is going into TRASH CAN along with those who were in support of it, including illiterate Jewish mafia member, Trump. Hamas releases statement saying they welcome the renewed ties between Iran and Saudi. This is probs most dangerous aspect of deal for Israel.

Never forget that Putin of Russia and CHINA were part of destruction of nations like Libya, by abstained vote ...

Gaddafi himself referred to the intervention as a “colonial crusade ... capable of unleashing a full-scale war”,[266] a sentiment that was echoed by Russian Prime Minister Vladimir Putin: “[UNSC Resolution 1973] is defective and flawed...It allows everything. It resembles medieval calls for crusades.”[267] President Hu Jintao of the People’s Republic of China said, “Dialogue and other peaceful means are the ultimate solutions to problems,” and added, “If military action brings disaster to civilians and causes a humanitarian crisis, then it runs counter to the purpose of the UN resolution.”[268]

https://en.wikipedia.org/wiki/2011_military_intervention_in_Libya

and it wasn’t Putin who abstained, it was Medvedev

<https://www.theatlantic.com/international/archive/2022/03/libya-russia-ukraine-putin/626571/>

And then when Putin was back in power, and ZOG was preparing to do to Syria, what it had done to Libya, Putin said ‘enough!’

And told ZOG to fuck off, he wasn’t going to allow them to destroy Syria.

Putin is the only adult voice in the West. The only statesman and voice of sanity and probity.

And that's why the whole non-Western world is refusing ZOG's demands to sanction and condemn Putin, because they all know and all see that it's ZOG, (Zionist occupied governments of the West), who're the murderous menace on the planet today.

ZOG is like a rabid dog, frothing and attacking anyone in sight, who doesn't bow down to the Empire of Lies, and transgender seven year olds, and Negro and 'refugee' worship, and attacks on traditional marriage and traditional culture.

The rest of the world agree with Putin, that these are not values they want promoted in their nations and societies. They don't want to be gay, or have gayness forced upon their children.

Now it's up to Ukraine, to decide if it too, wants to be gay, like the EU, and Hollywood, or does it want to support traditional culture, without being replaced with 'refugee's and unlimited throngs of millions upon millions of immigrants.

Watch, once the war is over, and the Ukraine is a land-locked rump state, as the immigrants flood in, and gayness and homo-'marriage' and trans-kindergartners and Negro-worship and speech codes and celebration of mixed marriages and every commercial on their televisions and billboards and every where they look, features either gay couples or mixed couples or both, with the Ukrainian men and culture and Ukrainian heritage mocked in the most brutal and cruel ways imaginable.

Like the stupid Brits and Frogs and Yanks, fighting the wrong side in WWII, only to find that when they "won", their nations would be transformed into multicultural sewage holes.

Breath deep, Ukro, of what you're fighting for.

Precisely! Thank you. The other gentleman doth protest too much.*

Furthermore, besides the fact that Escobar did indeed write that he was paraphrasing and updating, I doubt whether anyone needs reminding of Yeats's almost too familiar original. "The Second Coming" has had the misfortune to be subjected to portentous use by every self-anointed intellectual since Joan Didion wrote *Slouching towards Bethlehem* more than fifty years ago. It's a relief to see that Escobar here exhibits a far lighter touch than the majority of his Yeats-quoting predecessors.

“And that will pave the way for a tripartite summit between Assad, Russian President Vladimir Putin and his Turkish counterpart Recep Tayyip Erdogan.”

Erdogan may not be in a position of power for much longer. For his last election promise he vowed to fight corruption within Turkish industries (like the building industry), and to see to proper quality standards being kept, like solid earthquake-proof housing. The recent quake disaster proved that his promise wasn't kept, and not for the first time. Erdogan was held accountable for the high number of casualties and is now very unpopular. Who is likely to be his successor and what attitude towards the US, NATO, Europe and the upcoming powers will this person have?

| **both ZOG and NATO** will start disintegrating,

Perhaps redundant?

but let's hope so!

| ...Germany means growing commercial exchanges with her most reliable trading partner Russia as well as the rising Asian giant.

the best of all potential outcomes. A bulwark against the drooling menace terrorizing the planet.

| That will leave the belligerent Poles to ponder whether to follow the Ukrainian path into utter destruction or to tow the line of Russian-German cooperation.

fist off Russia, tear down those God damn monuments to the hated Soviet regime that continues to profane the soil of Poland and other states. Then, once those provocative abominations are a distant and foul memory, rapprochement can proceed with Poland and others..

(I guess you can tell I'm disgusted by Russia's stupid and obnoxious recalcitrance over those – rightly and justifiably-hated monuments. And in particular, because they are – I'm convinced- the main obstacle to peace).

Once they're gone, then I do believe that Russia and Eastern Europe can begin a new era of reconciliation and mutual prosperity and relations, without the need for the homo/diversity-promoting ((Western nations)) of ZOG.

| Uncle Sam will have to fold and leave Europe and retire into rebuilding a decaying USA.

I fear that might be wishful thinking Joe. Once ZOG is repudiated in the east, it will turn its sights upon domestic concerns, but not to rebuild anything, but rather to wage a more

direct war upon the “domestic terrorists” (white people who don’t want to be gay).

I recently watched, (here on TUR), a video of Merrik Garland’s sending 20 or so armed FBI SWAT-type armed goons to a family home where some Catholic guy had peacefully protested at an abortion clinic. It was quite the enlightening video. These Jewish supremacists hate, hate HATE, white people with traditional values. Especially the ones who have lots of white babies – (Nazis, as far as Jewish supremacists like Garland are concerned).

That is why the MIC and all the other war profiteers in America will risk life and limb to rule out any German-Russian rapprochement.

yep

But with the traitorous German Greens in charge of German foreign policy, the rosy scenario of German and European peace is nothing more than a mirage.

for now..

It was just announced that China brokered a deal with Saudi Arabia and Iran to restore diplomatic relations. Iraq and Oman also were a part of it. Basically seems Saudi Arabia doesn’t want to be dragged into war with Iran because of the US and Israel. I think we can also assume that the Petro dollar is not going to stand much longer and the Saudis know the US will try regime change

It seems CNN has reported that Russian forces captured US weapons donated to Ukraine. Evidently ones that ukie Generals and apparatchiks hadn't sold on the dark Web, including Javelin ATMs and Stinger type MANPADS.

Gave them to Iran. Reverse engineer, copy, improve, produce etc.

Perhaps US taxpayers might fund the clearance of Palestine ? Maybe not all that far in the future ... hmm ...

<https://www.theatlantic.com/international/archive/2022/03/libya-russia-ukraine-putin/626571/>

Great reminder of the events surrounding Libya, although not without some propaganda reinforcement. Lets look at just the first 2 paragraphs of The Atlantic article:

“Aplethora of emotional and political explanations have been offered for Russian President *Vladimir Putin’s invasion of Ukraine*, and a variety of events have been identified as turning points leading to this moment: There is his current emotional state, his isolation since the onset of the pandemic, or his sense of humiliation after the fall of the Soviet Union. ***Experts note the perceived threat that a democracy next door poses to his hold on Russia***, as well as a 2007 speech in which he attacked the post–Cold War order”.

The bold italic is the “propaganda”. Russians are on a SMO not invasion. Ukraine is certainly NOT a democracy next door....far from it...and Putin’s leadership over Russia is secure with an 80% approval rating.

“But one event is missing from these analyses, an episode that combines political and emotional aspects, and helped crystallize Putin’s distrust of the West, *his own sense of vulnerability*, and his ultimate decision to return as Russia’s president: the 2011 NATO-led intervention in Libya that resulted in the violent death of the *country’s eccentric dictator Muammar Gaddafi*”.

Again, bold italic is the propaganda. Putin shows no sense of vulnerability. In every speech/interview he makes, he is adroit and full of confidence. Putin is head and shoulders above the senile Biden or any other incompetent Western leader. Lastly, Gaddafi being labeled an “eccentric dictator” discounts his achievements in Libya and Northern Africa. Some examples. One of the highest standards of living in Africa. Education and medical treatments free for citizens. \$50,000 USD for

newlyweds to buy first home (he supported family). In Libya, having a home was a a “human right”. Petrol for citizens was 14 cents per litre. Libya had ZERO foreign debt and country had 150 Billion in reserves (all stolen by West after invasion). The Great Man-Made River project (GMR). This brought fresh water to regions across the country from aquifers below the Sahara Desert.

Western mainstream articles, more or less, tell “one truth” while continuing to push the “propaganda” narrative. In the end, the novice reader is left in the same place or worse. Perfect example of “one step forward but several steps back”.

Mark Dubowitz, a terrorist from FDD, who tried everything to drag US into a war against Iran, his behind is on FIRE now. He writes:

“Renewed Iran-Saudi ties as a result of Chinese mediation is a lose, lose, lose for American interests. It demonstrates that the Saudis don’t trust Washington to have their back, that Iran sees an opportunity to peel away American allies to end its international isolation, and it establishes China as the majordomo of Middle Eastern power politics.”

<https://www.fdd.org/analysis/2023/03/10/saudi-arabia-iran-agree-to-reestablish-diplomatic-ties/>

The terrorist Dubowitz is so ANGRY that says:

“The Biden administration’s policy in the Middle East has been led by its attempts to reenter the Joint Comprehensive Plan of Action (JCPOA) with Iran and pausing the Trump administration’s “maximum pressure” sanctions policies. In 2021, the State Department removed the terrorist organization designation from the Iran-backed Houthi rebels in Yemen and pressured Riyadh to end the war in Yemen.”

The Jewish mafia member, Dubowitz, is trying so hard to use Biden to honor the butcher’s demands, so MBS normalizes relation with Israel OPENLY. Dubowitz and Israel think MBS is a good milking COW for the tribe. So Dubowitz is asking Biden to honor MBS’s demands in order to normalize relations with Israel. These are the demands:

{{Hours before announcing its agreement with Iran, Saudi Arabia revealed its terms for normalization with Israel. The proposal asks for security guarantees from the United States, assistance in developing a civilian nuclear program, and fewer

restrictions on U.S. arms sales. With its offer to the United States, Riyadh appears to be leaving the door open for a stronger U.S.-Saudi relationship but is making clear by pursuing a hedge with China that they will not be waiting around.}}

Nicholas Kristof is warning Biden NOT to do so:

{{Saudi Arabia's MBS reportedly wants a civilian nuclear program and security guarantees from the US in exchange for establishing ties with Israel. I hope Biden resists. MBS can't be trusted with a nuclear program and hasn't earned security guarantees.}}

Mark Dubowitz, a Jewish mafia member and a fifth columnist pro Israel is pushing for a nuclear program for MBS, but has used the Iran nuclear program to mobilize the world against Iran. This criminal must be arrested and tried as a TRAITOR. Is Biden going to protect American's interest by destroying the mafia?

It would be good if the hegemon could say what is actually going on. Everything is deteriorating so quickly on the inside.

Something strange has been foreseen by our ruling elite and has caused it to lose its sanity.

Today, the seventeenth largest bank in the great USA has collapsed. Our wise and coherent President has proposed a budget that would spend \$5T annually, of which \$2T is borrowed. These are the signs of severe distress. All the spending to support hegemonic behavior, and much more, is phony and comes from nowhere, while some guy supposedly representing the banking industry is raising interest rates on lending.

Nobody in West Asia or East Asia need worry. The post competency era in the USA is long gone.

Jason Brodsky:

{{Rather than expanding the Abraham Accords, we have countries—UAE and Saudi Arabia (assuming agreement fully carried out)—which are normalizing relations with U.S. adversary #Iran in an agreement brokered by U.S. rival #China.}}

The Iranian traitors abroad are very angry since Saudi Arabia was paying these traitors to spread propaganda against the nation of Iran. One of these traitors, KAVEH SHAHROOZ in Canada, servant of the terrorist Irwin Cotler from Israel lobby, has this to say:

Kaveh Shahrooz

@kshahrooz

But first, an important word on terminology – as only one of Valdai’s guests took the trouble to stress. This is not the “Middle East” – a reductionist, Orientalist notion devised by old colonials: at The Cradle we emphasize the region must be correctly described as **West Asia**.

“Middle East” is a really vague term – this one is much more descriptive. The Apartheid state is in fact in southwest Asia.

A crucial example is the US al-Tanf military base that occupies sovereign Syrian territory on two critical borders. Shaaban calls the establishment of this base as “strategic, for the US to prevent regional cooperation, at the Iraq, Jordan, and Syria crossroads.” Washington knows full well what it is doing: unhampered trade and transportation at the Syria-Iraq border is a major lifeline for the Syrian economy.

Another site I saw today says that the US occupies a larger proportion of Syria than Russia does of Ukraine. Why? To try to starve Syria into submission so the shithole state can grab the best parts.

Not a really exciting article, but one I’ve found was worth my time.
