Pyžamový národ: Američané se proměnili v lidi Walmartu

Pokud chcete vidět, do čeho se proměnila obrovská část amerického lidu, nehledejte dál než na web „Lidé z Walmartu“. Vyznačuje se obscénně neslušným oblečením, které lidé nosí při nakupování ve Walmartu. Stránka je hysterická a depresivní zároveň. Ačkoli to dělá legraci z nedbalých nakupujících Walmart, pravdou je, že velké množství Američanů se takto obléká na jakémkoli místě, které sponzorují. Někdy je těžké rozlišit mezi nedbalým, ale zaměstnaným člověkem a bezdomovcem. Někteří tomu říkají „hobo-chic“.

V Americe se stalo běžné vidět někoho v obchodě s potravinami, na DMV nebo do kina mít někoho, kdo nosí mikinu s kapucí, zadní baseballovou čepici, roztrhané džíny, „šlehačku na manželky“ nebo volné pyžamo. Většina lidí si toho už nejspíš ani nevšimne, protože se stala běžnou součástí toho, co Američané nosí. U místního soudu, kde bydlím, musel být vyvěšen velký nápis, který návštěvníkům připomínal, že mají nosit boty a že tílka nejsou povolena. Zdá se, že Američané jsou docela spokojeni s tím, že se oblékají jako úplní bafuňáři. Nemohou se obtěžovat nosit vhodné a přiléhavé oblečení. *Komik Bill Mahr měl pravdu, když ve svém pořadu Real Time v roce 2013 řekl, že Američané nebudou šťastní, dokud nebudou moci jít nakupovat v plence!*

Pozor, nejsem proti nošení neformálního oblečení. Ale všechno má svůj čas a místo. Zdá se, že tomu rozumí jen málo Američanů.

Někteří se domnívali, že počátky našich nedbalých zvyků v oblékání začaly, když společnosti začaly zavádět „neformální pátek“, který se změnil v neformální pondělí až pátek.

Když se podíváme na naše ženy, až příliš mnoho z nich není jen neforemných na pohled, ale často se oblékají tím nejnevhodnějším způsobem – jako je spandex tak těsně, že můžete vidět celé jejich praskliny na zadku, tvar jejich velkých stydkých pysků, včetně houpající se celulitida pro všechny na pohled. Každé základní pravidlo módy a koordinace oblečení je porušeno.

Mnoho z nich se tak obléká, i když jsou morbidně obézní. Člověk by si myslel, že by přirozeně chtěli skrýt svůj obvod a přitahovat co nejméně pozornosti ke svým tukovým rohlíkům. Ale ne, setrvávají v oblečení, které slouží pouze k jeho zvýraznění. Mnozí z nich jsou ve

skutečnosti na svá kulatá těla docela hrdí. Kdyby se někdo odvážil udělat jim „tlustou ostudu“, byli by balisti. Očekává se, že si toho nevšimneme a budeme to považovat za naprosto přijatelné.

Podívejte se také, kolik make-upu je nalepeno na jejich tvářích, zejména mezi našimi mladšími ženami. Zdá se, že málokdo chápe, že méně je někdy více. Make-up, jak jsem ho pochopil, má spíše zvýrazňovat přirozenou krásu ženy, než aby vypadala jako někdo úplně jiný, když si ho sundá. Ti kluci, kteří byli šokováni, když viděli svou přítelkyni bez make-upu, přesně vědí, o čem mluvím. Současný trend mezi mladými ženami nalepovat obrovské umělé řasy dosáhl absurdní úrovně.

Všimli jste si také, jak sexy a vyzývavě se oblékají naše mladé ženy? Nenechávají nic na fantazii. Tetují se jako stará barová děvka, propichují si nos a další části těla a pak si stěžují, když se na ně muži dívají nebo se k nim chovají příliš dopředu. Oblékají se způsobem, který narcisticky křičí "Hej všichni, podívejte se na mě!" — a pak sebespravedlivě odsoudit každého, kdo se odváží si toho všimnout. Ani na těchto holkách není nic skromného nebo půvabného. Jsou hlasití, drsní a zdánlivě mají stejné množství testosteronu jako průměrný muž, na kterého se dívají svrchu. Nemají žádné sebeuvědomění. Myslí si svět o sobě, ale nemají k tomu pramálo důvodů.

Hodně z toho, mám podezření, je způsobeno naším národním úpadkem, který se odráží v tom, jak se lidé oblékají. Ale něco z toho musí být způsobeno jejich vlastními matkami, které před nimi neučily a neukázaly, jak se chovat na veřejnosti, zejména jak se vhodně oblékat pro každou příležitost. Stejně jako se mnoho amerických otců vzdalo své role vůdců v rodině, tak ani matky nedokázaly poučit a vést své dcery o tom, co to znamená být ženou. Doby, kdy byly naše ženy známé tím, že byly ženské, tiché a zdvořilé, jsou pryč. Zdá se, že celá představa chovat se „nóbl“ a „důstojně“ byla zažehnána.

### **Běloši podleli ponižujícím módním trendům černochoů**

Obzvláště znepokojivé je, jak mnoho našich mladých bílých mužů a žen následuje módní trendy černochoů. Bílí muži, kteří nosí klobouk obráceně, se může zdát jako malicherná věc, na kterou si stěžovat. Možná, ale i v něčem tak zdánlivě bezvýznamném, jako je toto, ukazuje míru vlivu, který měla černošská „kultura“ na náš způsob života.

Bílí muži nedělali takové věci až do konce 80. nebo začátku 90. let, kdy se národa zmocnila černá 'rapová' hudba. Od té doby to jde z kopce. Obrácená baseballová čepice oblíbená mezi černými muži podle mého názoru svědčí o nich jako o lidech. Všechno, co dělají, je obrácené. Z velké části nejsou ochotni se přizpůsobit normám bílé civilizace a projevuje se to v jejich postojích, někdy i v těch nejmenších ohledech. Toto jsou rafinované akty vzdoru od černochoů, jakési "Fuck you!" Bílému muži a prohlášení, že "jsme jiní než vy!" A skutečně jsou, ale ne tak nadřazeným způsobem, jaký si představují. Bílí muži, kteří nechají své kalhoty „prověsit“ jako ghetto násilníci, odhalují, jak moc se bílí Američané dostali pod moc a vliv černochoů, jak je posíleno a propagováno našimi liberálně-levicovými médii. Očekávám, že mladí černí muži budou nosit kalhoty „sagnuté“, protože to svědčí o jejich nižší úrovni inteligence. Černošské komunity v Americe ve skutečnosti musí vytvořit veřejné „anti-saggin“ kampaně, aby vyzvaly své mladé černé muže, aby přestali nosit tak nízké kalhoty. Která jiná rasová skupina na této planetě kromě černochoů musí vztyčovat velké billboardy a veřejná oznámení, aby řekla svým mladým mužům, aby si vytáhli kalhoty?

Jen málo bělochů si uvědomuje, že móda „povislých“ kalhot pochází z amerických věznic, kde černí muži vnímají k análnímu sexu od jiných vězňů dovolují, aby jim kalhoty propadaly pod hýždě. Slouží jen jako další měřítko odhalující, jak naprosto dysfunkční jsou

černoši v Americe. Když tedy mladí bílí samci napodobují stejnou módu jako mladí černí samci, je to jasná známka toho, jak daleko bílí v Americe klesli.

Naše mladé bílé ženy rovněž napodobují kmenový tanec černochoů, který je zjevně sexuální povahy („twerking“). Současný trend mezi bílými dívkami ovlivněnými ghettem, které se snaží vypěstovat si gargantuovské hýždě (ala Kim Kardashian), aby přilákaly mladé černé peníze, ukazuje, jak hluboko naši lidé klesli.

### **Předchozí generace bílých měly větší sebedůstojnost**

To vše je v příkrém rozporu s předchozími generacemi bílých Američanů. Vezměme si 50. léta, kdy byla Amerika podle některých pozorovatelů na vrcholu z hlediska národní jednoty, zdvořilosti a morálky. Lidé se oblékali, když šli nakupovat nebo dokonce do obchodu s potravinami, i když to může znít našim uším. Nebylo vzácné vidět muže na tribuně na profesionálním baseballovém zápase v obleku a ženy v šatech. Byly to veřejné akce a podle toho se i oblékali.

Nebylo to proto, že by byli snobové a považovali se za lepší než ostatní. Spíše proto, že měli úctu k sobě i ke svému okolí. Žili ve vysoce důvěryhodné, homogenní společnosti. Mezi většinou

Američanů panoval společný konsensus o tom, co je správné a co špatné, o lásce ke své zemi a krajanům, a tuto národní jednotu udržovali ve všem, co dělali. K dokonalosti měli bezpochyby daleko, ale měli úroveň zdvořilosti a sebeúcty, která dnešní generaci do značné míry chyběla.

Zdá se, že jen málo Američanů v naší době se s tím dokáže ztotožnit. Jsme hluboce rozdělený národ (dá-li se nám vůbec říkat „národ“?) a téměř v ničem nepanuje shoda. Stali jsme se individualisty až do morku kostí a staráme se jen o to, co je pro mě a pro mě nejlepší. Rasové a kulturní změny, které se objevily během 60. let – řízené a financované z velké části revolučními Židy, kteří necítili žádný vztah k původním Američanům – zajistily, že příští generace a ti po ní budou poznamenáni rasovým rozdělením, úpadkem rodiny, úplným demoralizací bílé většiny a rostoucí nestabilitu.

A co je ještě horší, Američané byli silně ovlivněni nihilismem a kulturním marxismem, který útočí na samotné základy tradice a krásy. Není divu, proč se naši mladí lidé, kteří projdou kouzlem levicového myšlení, včetně novějšího hnutí „probuzení“, brzy promění v ty vizuálně nejodpornější osoby? Je to nemoc mysli a duše a projevuje se tím, jak se navenek prezentují světu.

### **Inanity of Tattoos**

Zvažte také popularitu tetování mezi Američany, která dosáhla epických rozměrů. Ve jménu „umění“ si obrovské množství Američanů tetuje celé své paže („rukávy“), celý krk a obličej a jakoukoli část těla, která je odhalena. Bylo nám řečeno, že to všechno je vyjádřením individuality a jedinečnosti. To je odlišuje od ostatních.

Ve skutečnosti to jen ukazuje, jak jsou všichni tito lidé poddajnými ovci s malou skutečnou individualitou. Jsou otroky trendů otupujících mysl, i když si o sobě rádi myslí, že stojí stranou davu.

Vážně, jak originální je tetování „Tribal band“, když ho má téměř každý druhý? Jsem si jistý, že kdyby si mysleli, že nošení kůry z melounu na temeni hlavy je populární a že by jim věnovalo pozornost, udělali by to také.

Jedna věc by byla, kdyby tetování byla něčím vydělaným jako výsledek statečnosti a přežití. Ale většina tetování, kterými si Američané sami graffiti, mají malý význam nebo význam. Dělají to proto, že to vypadá „cool“ a ostatní si je všimnou, což je skutečně jejich základním účelem.

Kdykoli uvidíte mladou ženu zcela „otrhanou“, dobře vězte, že je prakticky zaručeně pověstnou „kurvou s pozorností“. Nikdo záměrně nedělá takové věci, pokud nechce, aby si jich lidé všimli a zírali na ně. Každému muži, který má špetku inteligence, se doporučuje, aby se otočil a utekl před těmito druhy žen.

Následující analogie nám může pomoci vidět naprostou bezmyšlenkovitost našich žen, které se otírají jako bantuští domorodci. Už jste někdy viděli sportovní vůz Ferrari nebo Lamborghini polepený nálepkami na nárazníku? Samozřejmě že ne! To proto, že tato jemně vyladěná auta jsou sama o sobě krásná umělecká díla. Nic víc není potřeba, aby byly krásné nebo aby více vynikly. Připevnit na ně něco jako nálepku na nárazník by je nesmírně zlevnilo. Bylo by zcela nevhodné tak učinit.

Na druhou stranu by člověku nemuselo vadit přilepit nálepky na nárazníky na jejich sedan Toyota Celica nebo jejich diesellový nákladní vůz Ram, protože to nejsou umělecká díla a kvalita těchto vozidel není na stejné úrovni jako Ferrari nebo Lamborghini. To neznamena, že vozidla Toyota a Ram nejsou dobrá vozidla, ale pouze to, že jejich kvalita je výrazně nižší ve srovnání s tak jemně vyladěnými a drahými sportovními vozy, jako je Ferrari Testarossa, Porsche Carrera GT nebo Lamborghini Veneno.

Z této analogie se zdravým rozumem se zdá, že větší počet našich Američanek se považuje za pouhé Toyoty (nebo ještě hůř!), což vysvětluje, proč tak dychtivě označují a graffiti svá těla. Jinými slovy, žena, která se tetuje způsoby, které jsem popsal, má pravděpodobně

velmi nízké sebevědomí. Jistě, mohla by o sobě prohlašovat přehnaná tvrzení (to dělají vždy), ale mám podezření, že většina těchto žen má „otcovské problémy“ a řadu psychických poruch.

Co je tak znepokojivé, že bílé ženy jsou vnímány většinou světa jako standard krásy. Proč by se jich tedy tolik snažilo záměrně učinit mnohem méně atraktivními? Mohu to připsat pouze jedné věci – *propadli kouzlu jedovaté a*

*sebenenávidějící levicové ideologie*. Když si žena úmyslně ostrihá většinu svých dlouhých vlasů, které jí dal Bůh, obarví si tytéž vlasy

jasnými neonovými barvami, pošpiní se několika hloupými tetováním, propíchne si nos a oblékne se tím nejzbytečnějším způsobem, jaký si lze představit, je to jasný náznak že její mysl a duše nejsou v pořádku.

Není divu, proč se tolik amerických mužů obrací k mnohem ženštějším, upravenějším a méně drsným asijským a ruským ženám? Nemusím nutně podporovat tento druh věcí, protože chci, aby se bílí oženili a vytvořili rodiny mezi svými vlastními druhy (Rusové jsou v pohodě). Ale chápu, proč se to děje. Američanky se pomalu vyhnaly ze seznamovacího trhu svými postoji, chováním, obezitou a žíravou povahou. Nechali se tak oklamat ultrafeministickou a trans rétorikou, že se stali nesnesitelnými.

### **Lidé jsou napojeni na to, aby vynášeli soudy**

Někteří jsou uraženi těmito druhy osobních soudů druhých. Máme být zdvořilá společnost, která nesoudí, že? Špatně! Všichni soudíme a většina z nás je udělá rychle při prvním setkání s jinými lidmi. Každý, kdo vám říká, že nesoudí ostatní, je lhář a signalizuje ctnost.

Pravdou je, že jsme byli nuceni soudit ostatní. Jde jednoduše o to rozpoznat vzorce, poučit se z minulých chyb a mít rozlišovací schopnost založenou na realitě, v níž se máme s přibývajícím věkem zdokonalovat. Mnoho lidí ne a ve věku 72 let jsou stejně důvěřiví jako

ve 22. To je hodnota mnoha zkušeností, dobrých i špatných, v životě. Dělá nás to moudřejšími a opatrnějšími ve všem, co děláme – nebo by to alespoň mělo být.

### **Jak nám porozumění profilování zločinců pomáhá číst lidi**

Když jsem byl policista, bylo nám vtoukáno do „rasového profilu“. To je správné, protože opravdu nechceme, aby policisté zastavovali lidi na silnici z jiného důvodu, než je barva jejich pleti. Ale to nemusí nutně bránit policistům v rozpoznání a nalezení legitimního porušení kódu vozidla, aby zastavili kriminální gangstery na silnici. Nemělo by to zastavit mlátícího policistu, který rozpozná podezřelou aktivitu, i když jde o menšiny. proč tomu tak je? Je to proto, že policisté se zapojují do profilování *zločinců*, což je naprosto legální. To je úplně něco jiného než *rasové* profilování. Většina lidí tomu nerozumí a mylně se na *kriminální* profilování neliší od profilování *na základě rasy*.

*Kriminální* profilování je založeno na opakovaných a pozorovatelných vzorcích. Jinými slovy, když gangsteři nebo jiné kriminální typy nosí určité druhy oblečení, zejména barvy, jako je modrá a červená, hodí se k určitému kriminálnímu profilu, který policistu upozorní. Důstojníkovi sděluje důležité informace. Na základě toho může strážník najít pravděpodobnou příčinu nebo důvodné podezření k zastavení a kontaktovat řidiče. To často vede k zadržení zločinců, na které byl vydán zatykač, včetně porušení zkušební doby, což je okamžitě posílá do vězení.

Profilování zločinců je založeno na milionech kontaktů, které měli důstojníci v celé zemi s členy gangů a zatvrzelými typy zločinců za posledních mnoho desetiletí. Jak mnoho lidí ví, toto bylo původně vyvinuto FBI před lety. Poskytly rámec pro lepší pochopení zločinecké mysli, včetně charakteristických vzorců, které nám pomáhají je identifikovat.

Některé z těchto ukazatelů jsou vidět v tom, jak se zločinci oblékají.

A co víc, vzorce, o kterých mluvím, jsou lidem vrozené. Jsou součástí našeho vnitřního obranného systému, který nám pomáhá přežít. Mnoho lidí bohužel ignoruje signály, které nám naše tělo dává, nebo odmítají rozvíjet a zdokonalovat své dovednosti v rozpoznávání vzorů.

Hispanští členové gangu („cholos“) i členové černošského gangu („crips“ a „bloods“) se oblékají určitým způsobem, který se odlišuje od zbytku společnosti. To jsou jasné ukazatele nebo indikátory toho, že tato osoba je s větší pravděpodobností kriminálním násilníkem, kterému by policista bylo moudré věnovat pozornost nebo najít pravděpodobnou příčinu, která by ospravedlnila zastavení nebo dokonce konsensuální setkání. Opět jde o rozpoznání opakovatelných vzorců a následné posouzení shromážděných informací.

Součástí pochopení toho všeho je uznání toho, že si nikdo neoblékne své každodenní oblečení, aniž by o tom přemýšlel. Nic z toho není náhodné. Ano, jsou lidé, kteří málo přemýšlejí o tom, co nosí, ale to neznamená, že by jim bylo jedno, jestli se oblékají jako klaun nebo rozcuchaný tulák. Většina z nás se určitým způsobem obléká, protože se tak chceme zobrazovat ostatním. Naše oblečení tedy slouží jako odraz nás samých a toho, co chceme, aby si o nás ostatní mysleli. Když se tedy člen gangu oblékne násilnický nebo kdokoli jiný, posílají zprávu. Dávají tím signál ostatním. Zobrazují sami sebe a také sdělují své hodnoty a světonázor (jakkoli je nepatrný).

Většina lidí o tom moc nepřemýšlí, ale tohle se děje. Korporátního profesionála pro velkou městskou banku by například nenapadlo nosit do práce kovbojské boty a kovbojský klobouk. Ani do kanceláře by si nevzal pyžamo. Ví, že má image, kterou chce promítnout, takovou, která je v souladu s jeho povoláním a politikou jeho společnosti.

Když se tedy Američané oblékají jako flákači, je to nahlédnutí do jejich malého světa. Něco nám o nich vypovídá (i když ne všechno, samozřejmě). Může to být pouze sugestivní, ale přesto poskytuje *určitý* vhled do osoby. Může nám to říct, že je líný nebo ekonomicky

chudý. Mohlo by to také odrážet sestupnou spirálu společnosti, jejíž jsou součástí. Může to být indikátor jejich narcismu. Mohlo by to naznačovat, že v této společnosti došlo k narušení slušnosti, k jakémusi národnímu úpadku.

To vše je možné, i když se přikláním k názoru, že celkově to svědčí o pádu Ameriky. Chtěli byste tyto lidi v naší armádě? Vedení korporace? Jak to – v tak velkém měřítku – může být jinak, když srovnáme současnou generaci s předchozími? Nic z toho se nestalo ve vzduchoprázdnu. Nic z toho nebylo náhodné. Existuje dobrý důvod se domnívat, že to bylo plánované, i když to pro některé lidi může znít konspirativně.

Jak by to po desetiletích každodenní a intenzivní liberálně-levicové indoktrinace ze strany médií a téměř každého vládního subjektu mohlo neovlivnit to, jak se oblékáme a nosíme? Počínaje základní školou jsou americké děti postupně propagovány, aby myslely a jednaly určitým způsobem. Celý jejich pohled na svět je manipulován tak, aby interpretoval svět kolem sebe způsoby, které souhlasí s levicovým a šíravým myšlením. To pokračuje, když naše děti nastoupí na střední školu. Konečný proces indoktrinace nastává, když vstupují na vysokou školu. Jako vyhovující a dětinský 'Eloi' ve *Stroji času*(1960), naivně pijí z jedovaté studnice liberální a marxistické rétoriky, kterou učí jejich profesori. Jsou s tím celkem spokojeni. Ani v nejmenším to nezpochybňují. Zanedlouho tito mladí bílí studenti začnou nenávidět svou rasu, svou zemi a zesměšňovat vše, co je dobré a krásné. A to se zase projevuje tím, jak se oblékají a

prezentují před ostatními. Současné levičáctví tedy ničí a činí ošklivým vše, co mu stojí v cestě. Nemůže dělat nic jiného, protože taková je *povaha* Bestie.

Můžeme si být také jisti, že čím bude naše společnost zkaženější, tím absurdnější a šílenější budou naše módní trendy. Která mladá bílá žena v 50. letech by se chtěla oblékat tak, jak se naše ženy dnes oblékají? Který mladý bílý muž v 50. letech by chtěl napodobovat nejnižší módu a ponižující praktiky černochů? Mám podezření, že by jich bylo velmi málo, pokud vůbec.

Časy se změnilly, a to ne k lepšímu. Po desetiletí pociťujeme důsledky katastrofálních společenských a politických změn, které nastaly od 60. let 20. století. Pokrok směrem dolů lze pozorovat pouhým sledováním oděvních standardů každé nové dekády. Současné trendy bohužel naznačují, že to bude jen horší.

Hmmmm,, I was all in on this article until .....”Whites succumbing to Black fashion”. Really? This position in 2023? As an Oakland born (1965)and raised city boy. As it is my immediate peer group that fell into this sagging bs. I personally know that White boys went to jail for drugs etc just like the rest of Us People of color. They have the same criminal training/socialization as the rest of US. My dad was OPD and they would laugh at the times they would chase and arrest sagging pants participants. It made their jobs much easier. WE ALL knew the stories/reasons behind this stupid fashion. And quite frankly, have to this day never understood why people would partake in it.

I suspect the author of this article is under 40yrs old. As my White peer friends are fully aware of sagging history. Yet, many of ALL races still do it. Especially the under 40’s. Let’s not even start on that TATs!

Worse than fashion is the number of out of shape kids and 20 & 30 year olds. The person makes the clothes not the other way around. Worse than sloppy dressing is the wigger or nigra who sports a whole closet full of way overpriced “tennis shoes.” These morons spend a hunnert or more on shoes to loaf around in, reminds me of the 80’s when fat guys would wear track suits.

Worse thing is seeing a male wearing sandals. About 60% of adult females should never expose their “feets” in public and about 99.8% of adult males should be fined for indecent exposure for not covering those things up. Hands are cool, interesting, alluring, they define a person, etc., not feet.

| follow the fashion trends of Blacks.

Much of American cultural product originates with blacks: music, fashion, slang, sports, celebrities, etc. Most football players are black so all these endless football discussions are about my blacks can beat your blacks with all the mesmerized whites having a cult-like approach to the Super Bowl. People who wear their baseball caps backwards look like they're products of Special Ed. With obesity who knows what's in all this corporate food everyone is chomping down on. Tattoos it's monkey see, monkey do. Those idiots can see that those things fade and look crappy twenty years down line and yet still do them. Perhaps they think there'll be no twenty years later. The attention span of most people seems to have shrunk, limited to all the wisdom contained on their phone which they stare into endlessly. Americans have regressed and have become like the extinct Dodo bird, too stupid to save themselves and survive. It's no wonder that euthanasia is now being slowly and stealthily promoted as some sort of wonderful benefit by figures lurking in the background.

It's one thing to turn the aisle at Walmart and come face-to-face with six inches of hairy butt-crack. It's part of the shopping experience.

It's quite another to be attending a presentation by someone with a PhD who drops his pointer and in picking it up unselfconsciously displays six inches of hairy butt-crack to the audience. No one laughed. But you should have seen the faces.

The former happened to me just the other day. The latter nearly twenty years earlier. I can cite many other examples in between.

It spans time, social class and educational attainment. We're a nation of slobs. And it shows. It's entropy, and it's really wearing us down.

Normally I would not read a long article such as this, however, I devoured every word.

Clown shoes, aka, sneakers are an abomination. Ad agencies do their best to put one fatty after another pushing products.

Wayfair is a prime example, the fat slob singer has been replaced by an even fatter female. Are they saying their furniture is sturdy?

It's time we start judging, remember when people had a sense of shame?

The clothes that people wear are associated with the state of their nation. Italy, home to Ferrari and Lamborghini, as well as very nice high-speed trains, is famous for its well dressed people. Greeks, on the other hand, aren't known as much for being well dressed. Perhaps relatedly, Athens isn't as nice of a city these days as Rome is.

I'm guilty of wearing lounging pants in public, but I also like belts for keeping my khakis from sagging. I think Americans have gotten more slovenly because they've devoted less of their energy to in person activities over the last few years. This may be related to worsening mental health.

Agree with most of the sentiments of this article. The whole ‘cult of the ass’ twerking is a completely African thing I find grotesque. I’ve seen silent video from the 30s wherein southern black women were dancing that way. So definitely not a new thing for them. But now I am also seeing younger white females trying to make their butts larger in order to engage in the same thing. Sick and sad at the same go. As far as tattooing goes, I somewhat agree but tattooing has been around among white people for millennia so for white European people, nothing new about it.

You think Walmart is bad? I know a guy at a tire shop who is also an ordained minister. I was in there one day waiting on tires and we got talking and he told me he had recently done a wedding in a park, and the bride and groom were attired in pajamas and bath robes!

Just when you thought this hell hole had reached the depths of depravity.

And the guy who made the comment about dudes in sandals, agree 100%. I want to punch these guys in the face. How about the fat dudes who wear nothing but cargo shorts in the winter during a blizzard? See it all the time. Hoodie, arctic parka but... shorts!

The stupidity of it. It can't be because they're overheated due to their excess blubber or they would eschew the hoodie and parka. It's clearly some kind of "I'm a badass statement." It's bad enough we have to look at their fat hairy stumps in the none winter seasons and oh yeah... 9x out of ten SANDALS. Better still sandals with socks! How about how these degenerates show up at funerals and weddings now a days?

Speaking of the ubiquitous hoodie... I own a few nice ones myself, they are comfortable and practical, but they have become basically the mainstay of classless disgusting Americans wardrobes, and the association with the negroids that I find myself not wanting to wear them. I'm not dogging on the decent non slobs here who wear them, just making a point. They get on my nerves because everything is the god damn hoodie, all day, every day, 24/7, 365.

I am by no means a suit and tie guy I'm a jeans and tee shirt or non preppy button down kinda guy. But I wouldn't be caught dead in a situation that calls for formal wear in jeans and tee shirt.

My girlfriend insists on food shopping at Walmart because she's

very smart with money, she knows better than to even ask me to go along, and I tease the shit out of her for shopping at Walmart even though she wouldn't be caught dead dressing like these useless mouth breathers and mocks them almost as much as I do. Sorry for the rant, I feel better for now, until the next time I have to drive past a freaking Walmart. Whites have been drawing inspiration from blacks and vice versa for a long time.

There was ragtime, minstrel shows, and especially Jazz before the Rock era.

The difference was blacks were classier then because society by and large was more into respectability and maturity. Duke Ellington didn't wear baggy pants. And Jazz got pretty sophisticated, even turning into Art Music. As for blues, it could be raunchy and lurid, but it was also about age, experience, and some degree of reflection and remorse. And a bit of God, if only as obstacle to temptation by the devil.

Watch Video At: <https://youtu.be/6bMeiJbF3uU>

So, black influence back then wasn't what it is now. People all over the world — France, Poland, Japan, Russia, etc. — came to appreciate black American contribution to music and style, which were huge.

Watch Video At: <https://youtu.be/cb2w2m1JmCY>

Also, stuff like Weimer degenerate culture didn't need blacks to spread cultural cancer of all kinds(though it was also a very creative period, more so than the Nazi Era).

As awful as rap culture is, it was preceded by whites creating heavy metal and punk, two retarded forms of rock music. Metal was mostly retarded, and Punk was insipid and vicious. While some songs of those genres were good, even great, the culture around them was degrading and corrosive. What punk culture did to British working class attitudes is truly sad. Metal had a similarly detrimental effect on American blue collar culture.

Watch Video At: <https://youtu.be/TubehkbjOul>

If anything, it seems black rappers took some cues from punk culture. Public Enemy were fans of The Clash.

This habit of characterizing this degeneracy as 'leftist' is, of course, making Jewish tribalist-capitalists giddy with joy. They use the power of capitalism and oligarchy to spread this junk but get labeled as 'leftist', creating the false impression that they are for social justice and equality. Jews are loving it. Imagine the billionaire at Blackrock and Hollywood being called 'leftist'. Sure, they'll take it.

While there was a strain of anarcho-leftism that waged war on all norms and tradition, the mainstay of leftism has never been about that. Both the German Right and the German Left had no use for Weimar decadence.

It was capitalism and the culture of consumerism, hedonism, materialism, and narcissism that fueled the Jazz Age and the romanticism of gangsters.

Consider the Soviet-Cuban film I AM CUBA. The capitalists backed by the US are about casinos, vice, gambling, prostitution, and hedonism. In contrast, the communists and leftists are selfless and sacrificing. They struggle for independence and for a just and equal society. Communist moral puritanism has its own problems(much like the Amish community), but it didn't give the world Jazz, Rock n Roll, Punk, Metal, and Rap. True, some of these capitalist entertainment acts put on leftist poses about the struggle, but their fame and fortune was really about marketing. People went to concerts to dance and party, not really to hear some serious message. Communism emphasized labor, capitalism emphasized leisure(partly because it produced more than communism, affording more leisure with material plenty).

Watch Video At: [https://youtu.be/eOLVm\\_9UcRw](https://youtu.be/eOLVm_9UcRw)

Watch Video At: <https://youtu.be/L7gv9aGB7VY>

It was under pro-US capitalist control that Shanghai was once notorious for decadence, indulgence, and vanity. While so much of China was in bad shape, the nihilists in Shanghai acted as if they lived in their own bubble and drank champagne and indulged in all sorts of sordid behavior. It was the spartan puritanical communists who swept all that aside(though, of course, they went too far, just like Christians who waged war on pagan culture in the ancient world).

It wasn't the communists who turned Tokyo into some red light district with big fat ass Negroes going wild and crazy. It was the capitalist US occupation.

Watch Video At: <https://youtu.be/-drFhfHjCJ4>.

Or, consider Vietnam. It was the leftist-communist Viet Cong and North Vietnamese who were committed to the cause of national liberation and practiced self-denial.

It was the South Vietnamese capitalists under US protection who turned Saigon into one big brothel and a den of vice where any drug was available and anything could be had for a price.

Before Walmart Man and rap music, the US capitalist empire turned Saigon into skankville, what Havana once was under Mafia and CIA collusion.

Watch Video At: <https://youtu.be/bjKTxtcPaNo>

Watch Video At: <https://youtu.be/GT-FrRaXhwo>

Now, some may say 'wokeness' is leftist in pushing for equality between beauty and ugliness, but they'd be missing the point. True leftism emphasized equality on the humanist level. It discouraged overt obsession with beauty and vanity because such was deemed to favor the self over the community. The idea was that one's shared humanity mattered more than one's self-regard.

In contrast, so-called 'woke equality' isn't humanist but ultra-narcissist. It's not about the beautiful, the plain, and the ugly finding a common ground in shared humanity but even the ugly and fat demanding that they be accorded the same kind of attention and celebration as fashion models.

It's not equality based on humanity but a perverse notion of equality of celebrity, i.e. every fat ugly ho believes she deserves the attention of Beyonce and Adele. Thus, at its core, 'wokeness' isn't leftist but predicated on capitalist consumerist notions of worth based on narcissism and attention. It's not about the fat and ugly saying, "I may be fat and ugly but I'm still human and deserve recognition as such", but "Me being fat and ugly is really beautiful and awesome because everyone deserves celebrity vibes." Ridiculous.

<https://www.youtube.com/shorts/jlS6-WNq9yE>

It's been said the US policy of spreading color revolutions around the world came home, especially with the ouster of Trump in 2020.

It could also be said its policy of whore-izing the world has also come home. Middle America is like Saigon during the Vietnam War or like Manila, a whorehouse to Americans.

Agree with you completely and yes, I see that all over the place. White European people with Chinese letters tattooed on their arms etc. That said, I still see that even when white people have ancestral tattoos, people complain in the same way. I have a few tattoos myself(only 4 to be exact) and they are all related to my ancestors. A couple Dragon heads like what might be found on the prow of a Viking ship and several Runes. I have had them for many years. Maybe I am playing the hypocrite here but even though I too have these tattoos, I am getting a bit weary of seeing so many sleeved up people(including women). Looking at it now in my life, I don't really see any pressing or legitimate need for them as any sort of representation of what and who I am. I simply would prefer not to be labelled outright as some sort of degenerate simply because I have them. Tattoos or not, I frankly cannot understand why any European man would want the tribal tattoos of people wholly unrelated to his own culture. What could they possibly mean to him?

Have you considered that the reason these women might be mentally ill and do these things to disfigure themselves is because the United States is a very violent place and also a place where women are blatantly sexualized and sexually exploited (i.e. the USA is the largest porn producer on earth)?

I remember a report of a group of tribal Filipino women tattooing their faces during WW2 in order to escape the mass rape by Japanese soldiers. This isn't much different from that.

Today's young women, especially GenZ, all seem to be trying to escape the woman's body by becoming "transmen" and "non-binary". The tattooing of the body and coloring of the hair appears to be part of that trend and coincides with the massive sexualization of women within society, facilitated by PornHub, etc. The young women today are scared and insecure, which is exactly why they are projecting a big mouth and attitude to protect themselves, and I can't blame them for doing it, considering the hellhole they have to grow up in and the unconscious knowledge that their men are both incapable and unwilling to protect them from harm and the family structures that they traditionally could rely on for support does not exist anymore with the crumbling of the nuclear family.

It all comes down to having to clean your own "house" from top to bottom, starting with the corrupt elite that's in charge of it.

You've been free from the big bad patriarchy for decades. In fact we now live in a "matriarchy." But women are too clueless and self absorbed to even notice! You've been handed the keys to the kingdom by weak men sweetheart!

But... you've got all the freedom to do whatever the fuck you want with your bodies, but somewhere there's always a man or "men" lurking in the shadows who's really responsible for the fucked up, disastrous decisions you make!

I suppose every woman sporting tats or body – face piercings was grabbed by the hair, shoved into a car and driven to the tat – piercing parlor by a man under threat of violence or death right? Or picture the same scenario but the man takes her to a mall and picks out her wardrobe for her right?

Don't run that hamster too hard sweetie... you'll give him a heart attack!

P.S... at this point women are far more violent than men!

Hey, loser, where in my post have I said anything about “patriarchy”?

Everyone not-American can see that the USA is an extremely violent society only by simply counting how many citizens have died in a given month by gun violence alone.

It’s also obvious to anyone not living in the American sphere that your society is completely oversexed simply by watching the trash you produce for mainstream TV, nevermind the amount of porn you produce on a daily basis.

No woman would want to live in a society as violent and oversexed as yours, and no person with any decent amount of brains would want to raise a family in a society as degenerate as yours, if given a choice, because no one wants to live in a shithole full of degeneracy.

PS: It's no wonder your women are all becoming blue haired, tattooed, "non-binaries" and "transmen" when the men they have to deal with are weaklings like you.

Women react to their environment. When you provide a progressive, stable, family/community oriented environment for them, they will blossom, as they do in, for example, China, where they are at the forefront of the Hanfu Renaissance movement. But when you provide them with a violent, degenerate shithole like the USA where the men are weak pussies like you and family values barely even exist, then obviously you get either whores or obese, blue-haired, tattooed, "non-binaries" and often times they're even both.

When the society was 85 – 90% white, three-quarters of whom were descended from within the Hajnal lines, there was continuity between the elite and subordinate classes and everyone, including minorities, aspired to the values of the dominant ethnicity's bourgeois class. Diversity disrupts the sense of nationhood, and democracy means that high culture inevitably succumbs to low culture. Idiocracy. This doesn't end any other way.

Yeah? And what “civilized” country do you live in so we have a baseline comparison? And what do you have to prove your “women are mental cases due to violence theory?”

What is the correlation?

I will not at all disagree about the level of violence in the U.S. and that’s a bad thing.

I do however think your “theory” is complete bullshit!

Here’s my theory... teens to mid thirties on the cock carousel, can’t lock a man down because no sane man would marry any western woman and risk divorce rape / loss of his children, and it’s easy to get laid without commitment “feminism 101”, doesn’t want a woman past her prime, when he can get younger women. Finds out being a wage slave like men wasn’t all its cracked up to be. Tens of thousands of dollars in student loan debt, with a useless degree in female / negro studies, but works as a barista at Starbucks... or possibly the SPCA!

“Girl power” was just an illusion seen in tv and movies...

Gets baby rabies mid to late thirties, wants to get married and have kids... see my previous point on that one...

Hint... “can’t lock a man down.”

Ends up bitter, resentful, full of regret for her piss poor decisions but has no man to blame it on, because she couldn’t “have it all” and now her looks if she had any are gone...

Ends up a single mommy via hookup, or multiple hookups...

Or lonely cat lady, downing antidepressants and benzo’s with cheap boxed wine, and a steady weekly date with her shrink...

Hey at least he’s committed to the relationship!

Now... what has any of that to do with violence?

=A corporate professional for a large city bank, for example, would not think of wearing cowboy boots and a cowboy hat to work. He wouldn't wear pajamas to the office either. He knows he has an image he wants to project, one that comports with his vocation and the policies of his company=

It was Saint Sam Walton who wore cowboy boots & baseball cap & faded denim shirt & drove old shabby pickup truck to work till his death in 1992.

It was Saint Sam Walton who taught their employees to yell "Gimme a W..." and wiggle butts between letters "L" and "M" at the start of their shifts.

"All training activities include the Walmart cheer. Every morning, store associates participate in the cheer. A few people stand up to read the daily numbers, then break out into a chant —"Give me a W-A-L-M-A-R-T," with the rest of the people in the room shouting back the same letter. Back then, Wal-Mart still had a hyphen, so between the L and the M they would yell, "Give me a squiggly!" and everyone would do a butt wiggle."

It seems from this commonsense analogy that the greater number of our American women view themselves as merely Toyotas (or worse!) which explains why they are so eager to mark up and graffiti their bodies. In other words, the woman who tattoos herself in the ways I have described probably has very low self-esteem. Sure, she might make highfalutin claims about herself (they always do), but I suspect that most of these women have “daddy issues” and an array of psychological disorders.

They have covered for each other for soooo long (I have 3 adult brothers and they still circle the wagons to enable each others bullshit) but, many aren't tolerating the boys network anymore.

Having said that, two things:

— Don't think for even a second that most American females are like depicted in this article. Not the case.

— Day to day life in the USA for most people includes none of the crap you mention. So, yes, it exists but, America is not the hellscape that you portray.

First thing to get off my chest is the large image of NYC Mayor Eric Adams striking a pose about droopy pants. That jackass is on my personal \*\*\*\* list because of his recent attempts to forbid mask wearing inside NYC stores. Frankly, I don't give a hoot about what this person thinks about *anything*.

Now for the Walmart shoppers. In my part of Indiana there are darned few nearby Big Box stores. The big grocery chains can't serve as substitutes, and nor can the farm stores. It's Walmart or nothing so far as in-person buying goes.

Walmart sells cheap Chinese junk. In some cases they use their muscle to force manufacturers to create special WM versions of brand name stuff where specifications are watered down to make the crapified items look like great deals.

Their foods are standard US fare – loaded with LOTS of cheap fat and cheap sugar. Since the companies which once employed the WM shoppers have all been relocated to China, these customers don't have much money. Thus they buy the cheap & unhealthy food and the ill-fitting plastic shoes and clothing because that's all they can afford.

Indiana folks in my area can't really afford much of anything. Increasingly they live paycheck to paycheck, and any nice vehicles seen on the road are more often than not leased. This Author doesn't mention the degradation of dress standards in Churches. If he was shocked by butt-cracks at Walmart, I was astonished to learn services for "young" people are held in large auditorium-style rooms with concrete floors, folding metal chairs, and humongous sound systems. (Old worshipers are in the same room on another shift, but usually have the sound systems turned off) The church-goers are outfitted in whatever

they feel like wearing, and that includes shorts and no-socks thongs. In normal funeral services men in formal suits are more uncommon as masked people at the grocery store.

This Author claims to be Very Unhappy about the situation, but all I'm seeing here is an extended bit of whining. Isn't he a Proud American who demands the right to do anything he damned well pleases? Us White Americans ought not have to rub elbows with the Dirty Stupid and Dangerous N\*ggers. Nor be forced to allow them in our stores or schools. Ditto for the "gays". No wedding cakes for THEM because of our powerful White Love for Jesus.

Take the sacred Libertarianism theory so popular around here.

A libertarian is committed to the principle that liberty is the most important political value. Liberty means being free to make your own choices about your own life, that what you do with your body and your property ought to be up to you. Other people must not forcibly interfere with your liberty, and you must not forcibly interfere with theirs.

<https://www.libertarianism.org/what-is-a-libertarian>

This Is America, Land of Freedom! If we've "normalized" accepting a mass shooting every few days, we just have to do the same with seeing rolls of fat and highly visible butt-cracks everywhere.

It's just a matter of sucking it up. We've learned to be OK living in a super-violent society because of the Sacred Second Amendment, and it's time to learn to be OK with Obesity in all its glory. Which will often include butt-cracks.

It could get worse – if the climate keeps warming and Americans keep getting poorer, there may come a time when Obesity gets combined with Nudity.

Freedom in Billionaire-denominated America. Ain't it great?

I'm old enough to remember the 1950s.

Shopping at the department store was an opportunity to wear your church clothes (remember when folks dressed up to go to church?) Especially for women.

Airline travel was the same.

Now, even weddings and funerals are casual attire.

Already in the 1950s, Evola wrote about the “negrification of American culture”. He was ahead of his time...

White Americans copy even the slang of Blacks. “Imma”, “woke”, etc.

Tattoos, I don't think this come from blacks, as tattoos look even worse on black skin and are hard to see.

Tattoos were originally sported only by criminals or whores, and were a sign of low class. Nowadays, they just signal that we are a low-class society. There's women who tattoo even their anus to signal sexual availability in the backdoor.

The worse is that American slob fashion is spreading globally. Even the traditionally elegant Italians are now addicted to ugly tattoos and American style stuff.

However, I don't think the origin of the saggy pants comes from sex in prisons, I think that's a urban legend. I think it comes from blacks being lazy and not liking to use belts.

It might also reflect the downward spiral of the society they are a part of. It may be an indicator of their narcissism. It might suggest there's been an erosion of decency in that society, a national decline of sorts.

That's pretty much my take on it too. Just take a look at a youtube video of America in the 40's and see how well people dressed 80 years ago. Most men wore sharp looking suits and hats. Women wore flattering dresses and hats. If you saw someone dressed down you could reasonably conclude they were a common laborer. People had pride. There was an expectation that if you went out in public you needed to dress well in order to look good. Of course America in the 40's was probably 85% White. Post war America of the 50's is probably when we hit our peak.

Those days are long gone. And so is America. As a nation we are circling the drain. Socially, morally, economically, education wise, mental health wise. In almost any metric you can name we are heading for the toilet. It was nice while it lasted. Here come the Visigoths over the seven hills. Turn the page.

They don't challenge it in the least. It isn't long before these same young White students begin to hate their race, their country, as well as mock all that's good and beautiful. And this, in turn, expresses itself in how they dress and present themselves to others. Contemporary Leftism, then, destroys and makes ugly all that's in its path. It can do no other because this is the nature of the Beast.

Nietzsche was good on this:

They are all men of resentment, physiologically unfortunate and worm-eaten, a whole tremulous realm of subterranean revenge, inexhaustible and insatiable in outbursts against the fortunate and happy and in masquerades of revenge and pretexts for revenge: when would they achieve the ultimate, subtlest, sublimest triumph of revenge? Undoubtedly if they succeeded in poisoning the consciences of the fortunate with their own misery. with all misery, so that one day the fortunate began to be ashamed of their good fortune and perhaps said one to another: "it is disgraceful to be fortunate: there is too much misery!"

"On the Genealogy of Morals" 1887, Friedrich Nietzsche . Essay: "What is the meaning of Ascetic ideals?"

In the same essay Nietzsche interestingly looks at the GUILT key to Christian power, which is now utilized by Jews against Anglos. Targets are indoctrinated with the idea that they're BORN GUILTY and need to follow a lifetime of repentance – in other words abasing themselves and doing what they're told.

“Perfect stubble every day,” the ad for a “shaver” reads. What’s with the stubble cult? I think the message being sent, quite consciously, is: “I was going to shave this morning, but then I decided, FU to society’s expectations; I am dangerous...if this, what else?; approach with caution.” And it’s not just the impression made upon the stubble viewer. The **wearer** of the stubble, to avoid cognitive dissonance, has to act like a stubbly, abrasive, scratchy kind of guy.

My take on football players is that once they put on the armor of the game, they cease to be people as we understand the term. I saw a player quoted once as saying, we know that we might die every time go into the game.

Never mind that no one has died as a result of contact. Well, at least not permanently. A player named Chuck Hughes died on the field in the early 1970, but he died of a heart attack due to a latent heart defect.

In the 1990s, a player named Reggie Brown suffered a spinal contusion and stopped breathing. He was maintained by CPR and fully recovered although he never played football again. In the past season, a player named Damar Hamlin suffered cardiac arrest as a result of contact. You could say, he was dead on the field, but he was resuscitated and he recovered after a short hospital stay. It is unknown whether he will play football again. My guess is, not.

Several years ago, Alex Smith, the quarterback for the then-Washington Redskins, suffered a leg injury in a game. He was treated but developed complications that were seriously life threatening. After his recovery, he played one more season and decided to end his football career at the age of 36.

Past Washington quarterbacks Joe Theismann and Robert Griffin suffered injuries which proved career ending on the same Washington field. For Smith, the field could have ended up being his literal graveyard.

The men who play professional football are America's gladiators. They go into the game dreaming of glory and a famous name, or at least of personal wealth, but many of them only end up

damaged and even dead.

Great comment, PF.

“True leftism emphasized equality on the humanist level. It discouraged overt obsession with beauty and vanity because such was deemed to favor the self over the community. The idea was that one’s shared humanity mattered more than one’s self-regard.”

“Wokism” is NOT leftism, let alone socialism. It is the elite encouraged self indulgence of middle or lower classes who are deracinated, alienated & retarded by a capitalist culture which, at best, cares nothing for them, as long as they continue to “play the game”.....

Tattoos, and likely much of what this article is complaining about, are heavily correlated with impulsiveness which is a heritable personality trait. The 80/20 rule doesn't just apply to non Whites, europeans aren't somehow magically immune from selection pressure, virtually every modern ill is a direct result of dysgenics and not something artificially foisted on the population. Just as the average bantu can't be socialized into becoming a civilized member of a first world country no amount of socializing or teaching can transform modern White americans into being classy 1950s era people.

Stupidly wrong. Tattoos and dressing are obviously cultural. People do it because others do it too. Has nothing to do with dysgenics, which is another issue. And we don't have so much dysgenics as direct population replacement. It's easier that way.

Let's not rule out the international fashion industry when it comes to making mo money. After the 50s and to the mid 60s everything was pretty bland and same ol same ol clothes. Smart, respectful and clean cut but no real change in order to bring in the sweatshops , anything goes clothes lines, and mo money – as they move society into a completely different mind set, like we see today. The cloths and bodies are just the symptoms.....

History may not repeat but it rhymes.....

1930s Berlin and the Weimar republic the same cultural collapse and the same cause behind it...from the ones who run the central bank fractional reserve/usury, media and educational indoctrination centers....just like they do now.

When the Germany kicked out their banking system and tied an economy/central banking system to real labor within 5 years the country became an economic miracle and the central bankers of the world aghast with what they exposed in their banking con declared war on them 5 years before the “official start of WW2”

It looks like that was the last chance rid the world of a banking system and culture the destroys the soul of nation.....

I put most of the blame on feminism. Put the bitches back into the home to do what they were meant to do, and a host of ills would disappear, from obesity to slovenlyness to freakish sexual identities. The rest of the blame goes to the eternal adolescence engaged in by men. Most men today are still children, obsessed with ridiculous movies, video games, and television. Food and shelter are far too easy to obtain. Hopefully things will improve now that the cheap money is ending.

Of course, all of these things are merely symptomatic of the perfidious influence of Jews.

A slow inevitable decline. Millions of babies murdered, millions of innocents overseas murdered. People still say “God bless America”. News flash for everyone, God doesn’t bless murderers. We’re being destroyed piece by piece. The stock market isn’t going to save us. Hypersonic missiles aren’t going to save us. What does the Bible say about nations that turn away from God? They shall be devoured by their enemies. Look around, we’re being devoured by our enemies. Maybe we had a chance to revolt and stop this madness in 1954 when the murderer Eisenhower put bayonets to the backs of school kids in Arkansas. We were 90%, the congress and the military was still for the most part patriotic, but no, we missed our chance. Please, I’m not a religious person, but I can’t help noticing that sin begets misery. Historically, we can look to the people of Italy in the fifth century, things were bad, they probably thought that it couldn’t last for long and things would return to normal. Well, they had to wait till 1870. Maybe America will be made whole again by the year 3423. I doubt it. We’ve lost control of our streets, we’ve lost control of our women and children, and we’ve lost control of our government. This doesn’t end well. You’re being exterminated, how does it feel? God bless America? Really? Look around. I might sound pessimistic I know, but I have this problem, I like to make observations about my environment. Other countries are our problem? Sorry, but our enemies are much closer to home.

Ofcourse it depends on location. Nobody is gonna be wearing shoes at the beach or in Hawaii where its cool to wear colorful flip flops as soon as you're off the plane but to see men wearing open toed sandals in a mall in middle America is pathetic. Shoes, whatever kind they may be are great to look at.

On a similar note this was one indication of a better culture to me from way back in the 2000s. Here in India EVERYONE wears sandals or worse ..bathroom slippers in public. If you wear shoes, especially fancy ones people stare at you(much more than usual that Indians do), especially in middle class societies. I always loved wearing shoes and socks, socks even in my house, to this day( due to a slight fear of ramming my feet into things which hurt a lot). People would often come up to me and say stuff like ...."you think you're better than us"!!!!-which obviously I never understood why they did. I was an introvert, happier in my room and had no idea how jealous and spiteful the people around me were. My father to this day gets upset when he sees me with socks inside the house and says ...stop acting like a white man. This is India not Canada.

On an even sider note the academy awards just concluded and an Indian film RRR won the best song and Indians are going crazy. The Times of India had the headline 3 hours back....world recognises Indias genius. Just check the comments on any RRR related video.....Indians are so unbelievably arrogant here they casually remark how they're better than everyone at every opportunity. Asians are much much better though they still want to stick it up to the white man, Blacks worse as far as ego and delusions go, indians worst.

You have let the infestation inside. And because you people are

so moral and nice you'll soon be besieged by arrogant Indians everywhere until your heads will explode. You read it here. Remember my words.
