Recenzováno: [Anglophobia: The Unrecognized Hatred](#) od Harryho Richardsona a Franka Altera. [Sociální technologie](#). 2023.

V neúnavném útoku [machiavelistické levice](#) na evropskou kulturu slyšíme hodně o Bad Whites v Kanadě, Anglii a Spojených státech. Přesto o bílých v další velké anglicky mluvící zemi, v Austrálii, slyšíme jen málo. Tento kontinent, schovaný „Down Under“ s pouhými 26 miliony obyvatel, udržoval až do roku 1973 [imigrační politiku „Bílé Austrálie“](#), díky níž byla země v drtivé většině bílá. Dokonce i dnes je z 90 procent běloši a z 81 procent etnicky Britové, přibližně stejně jako mateřská země, jejíž odsouzenci se tam usadili. Ale jak [Anglophobia: The Unrecognized Hatred](#) odhaluje velmi podrobně, Anglo-Austrálie je pod neustálým rasovým a kulturním

útokem. Levičáci, zejména organizovaní židovští levičáci, zahájili propagandistickou kampaň, která říká Anglo-Australané jsou rasisté, kteří by se měli stydět za svou historii.

Top Australian TV host Stan Grant steps down after enduring racist abuse
<https://t.co/F3hJ5xPyzy>

— BBC News (World) (@BBCWorld) May 19, 2023

Nedávný příklad: Stan Grant, špičkový televizní moderátor pro Australian Broadcasting Corporation, odešel z práce, protože utrpěl, jak tvrdil, příval „rasistického zneužívání“ po svých komentářích o historii Austrálie, když informoval o korunovaci krále Karla III .

Během části řekl, že symbol koruny „představoval invazi, krádeže půdy – a v našem případě – vyhlazovací válku“, s odkazem na období stanného práva ve 20. letech 19. století v Novém Jižním Walesu, které bylo používáno k ospravedlnění zabíjení lidí Wiradjuri.

[Stan Grant: Špičkový australský televizní moderátor odstoupil poté, co snášel rasistické zneužívání , Tiffanie Turnbull, BBC, 19. května 2023]

Grant, správně, je Wiradjuri (IE australský domorodec) a anglofobii, kterou rozpoutal, rozebírá ve své nové knize australský politický psycholog Frank Salter, nejlépe známý svou knihou O genetických zájmech a nejprodávanější autor Harry Richardson.

Má to strohé poselství. Být Angličanem nebo Břitem – bělochem – skupinou, která vytvořila moderní průmyslový svět a jeho prosperitu, je ve světě, ve kterém se velebí být slabý a „marginalizovaný“, nic menšího než zločin. Neboť úspěch bílého muže nemůže odrážet genetiku, což je nemyslitelné, ani tvrdou práci, která je ještě nemyslitelnější, ale místo toho odráží vrozené zlo, velký hřích: Autoři:

Zabránit muži v tom, aby si vyžádal zásluhy jako vysvětlení svého úspěchu, znamená naznačit, že měl štěstí nebo podváděl. Podobně je implicitně anglofobní vnucovat plošné popírání toho, že Anglos si vedl dobře, částečně díky zásluhám.

Všichni Anglo-Australané se podílejí na hříchích svých předků, i když černoši, kteří nakonec pocházejí z černých otrokářů, se na hříchích svých předků nepodílejí. Nenávidět, diskriminovat, sexuálně napadat a dokonce zabít Anglo-Australany je přijatelné jednoduše proto, že být Anglo je tak smrtelný hřích.

Narodit se jako bílý, vysvětlují autoři, znamená narodit se „privilegovaným“ a nějakým způsobem vyhrát životní loterii. A ještě:

Jsou věci, často malé věci, které je snadné ignorovat a za předpokladu, že nejste tak hloupí, abyste porušili nevyřčená pravidla, může život většinou pokračovat, aniž byste o nich museli příliš přemýšlet. Jsou slova, která nesmíte říkat, lidé, které nesmíte kritizovat, a politiky, se kterými musíte souhlasit, i když s nimi ve skutečnosti nesouhlasíte. Občas mohou mít tyto „věci“ hmatatelnější účinky. Ty se mohou pohybovat od potřeby vyššího skóre pro přijetí na univerzitu až po opomenutí kvůli práci nebo povýšení.

A stejně jako v Anglii s jejími groomingovými gangy , muslimské gangy znásilňovaly australské ženy právě proto, že jsou Australanky, a anglické úřady přivíraly oči a dívaly se na oběti s opovržením. Autoři tvrdí, že ostatní etnické skupiny jsou odborníky na signalizaci obětí a využívají bílou vinu k tomu, aby dosáhli biče nad Anglosy, kteří nemohou konkurovat, pokud jde o předstíranou slabost:

Bílá, a zejména anglofonní kultura silně odrazuje od obětí. Místo toho podporuje sebeurčení a stoicismus, zapouzdřený v historickém britském konceptu „ztuhlého horního rtu“. Bohužel, tváří v tvář organizovaným a dobře financovaným menšinovým obětním strategiím, byl anglo stoicismus ztrátovou reakcí.

Definováním klíčových pojmů jako „rasa“ a „etnocentrismus“ autoři dokumentují rostoucí příliv anglofobie v Austrálii, zejména od 70. let, a to zejména prostřednictvím „hanobení“, „nepřátelské diskriminace“ a „násilí“. Počínaje „Vilification“ máme Susan Sontagovou : „Se západní bílou civilizací musí být něco strašně špatně. ... Bílá rasa je rakovinou lidských dějin.“

Bohužel, jakýkoli americký nápad si prorazí cestu dolů. V roce 2012 domorodý vůdce nazval úředníky „zasranými rasistickými bílými c*nty“ , protože v jeho kultuře jsou nadávky zjevně jakýmsi „vykřičníkem“. Samozřejmě, že se z toho dostal. Během 80. a 90. let australští akademici říkali Anglo-Australanům, že jsou rasisté, že jsou zodpovědní za hříchy svého lidu a samozřejmě za velký hřích kolonialismu. Australští politici bičovali Anglos a zároveň jim upírali právo na sebevědomí. „S naším dědictvím Bílé Austrálie a členstvím v Britském impériu,“ píší autoři, „je pro nás příliš riskantní, byť jen pohlédnout směrem, kde se mluví o anglosféře. Oživuje všechny ty nešťastné vzpomínky a asociace.“

Australské školy, které vyvěšují vlajku domorodců, učí bílé děti nenávidět se a že „ukradli“ Austrálii domorodcům.

Pleased to present Australian and Aboriginal flags to St Aloysius Catholic College in Kingston. By flying these flags students can celebrate our shared identity, learn the significance of our national symbols and pay respect to First Nations people.

pic.twitter.com/WN4LjRdSOK

— Catryna Bilyk (@Catbilyk) March 1, 2022

Vyobrazení anglické společnosti, stejně jako v Anglii a Americe, jsou zpracována s intenzivním podezřením. Historie je přepisována – prostřednictvím nepřesných historických dramát a dokumentů – tak, aby naznačovala, že nikdy neexistoval dominantní Angločan, přesto jsou Angloné za tuto dominanci trestáni.

„Nejškodlivější je falšování britské a bílé sociální historie v nedávných filmech,“ píší autoři, zejména výskyt černochoů na místech, kde prostě nikdy nebyli, jako jsou soudy královny Alžběty I. a Marie královny Skotské. Jako Anne Boleyn byla obsazena černá herečka .

Kdy budou Hugh Jackman nebo Chris Hemsworth obsazeni do role Martina Luthera Kinga Jr., to nevíme, ale v každém případě autoři shrnují protibělošský útok zábavního průmyslu na historii takto: Falšování anglohistorie je formou anglofobie. Anglové a další národy evropského původu si nebudou moci nárokovat a držet svou identitu, aniž by natočili historicky správné filmy. To nebude možné, dokud nebude zrušena anglofobní zaujatost filmových producentů a distributorů.

Kniha také sleduje institucionalizaci anglofobie. Klíčovým propagátorem multikulturalismu v Austrálii v roce 1960, tvrdí autoři, byl Walter Lippman z viktoriánské rady zástupců. Židovské organizace byly ústředním bodem prosazování práv domorodců. Židovští právníci pracovali pro bono na stíhání kritiků súdánské imigrace:

V červnu 2021 židovská rada zástupců NSW a africké australské centrum advokacie — AAAC — uspořádaly inaugurační přátelskou večeři. AAAC je vrcholný orgán vytvořený v roce 2019, aby

zastupoval všechny africké komunity v Austrálii. Důvodem této spolupráce bylo, že židovská a africká komunita sdílela společnou negativní zkušenost v Austrálii.

Autoři účinně argumentují, a la Kevin MacDonald , že organizované židovské zájmy pomohly rozvinout anglofobii. To je zajímavá možnost, ale rád bych viděl, jak autoři toto tvrzení statisticky prokázali, což by je alespoň částečně izolovalo od obvinění z vybírání jejich dat ve zhoubném pokusu podněcovat „antisemitismus“.

Autoři zjišťují, že anglofobie je zbraň, kterou používají anglické elity ke kontrole své vlastní populace, ale viděl bych to i v evolučních termínech.

Ti, kteří touží po moci, mohou překonat konkurenty tím, že se budou cítit vinni, poníženi a kolektivně bezcenní, což zlomí jejich ducha. Ale Anglos se může bránit tím, že nedovolí Woke Machiavellians, aby je zlomili, a místo toho přímo zaútočí na anglofobii a podvratný proces, který ji vytvořil. Levicoví „Anglové“, kteří propagují anglofobii, jsou zrádci, kteří spolupracují s cizími skupinami vyvolávajícími vinu, aby získali osobní moc, jak ukazují studie , a přitom psychicky zlomí většinu svých vlastních lidí.

Jinými slovy, autoři vyzývají Anglose, aby se bránil levicovou taktikou. Možná, že reakce na Grantovy nerozvážené, nestřídmé poznámky jsou známkou toho, že Anglo-Australan a další Angloné mají dost. Jak to tak je, neexistuje větší oběť než Anglo, alespoň si to musíme říct.

Napsal australský politický psycholog Frank Salter, nejlépe známý svou knihou O genetických zájmech , která přesně vypočítala, kolik lidí z odlišné etnické skupiny musí vstoupit na vaše území, aby to bylo genetickým ekvivalentem ztráty dítěte, a autor bestsellerů Harry Richardson , kniha má strohé poselství:

Ve světě Topsy-Turvy World, ve kterém je velebno být slabý a marginalizovaný, vás to, že jste Angličan nebo Brit, ať už legálně nebo podle původu, jste na dně hromady. Jste součástí skupiny, která je zodpovědná za téměř celý moderní, průmyslový svět, a má

tak obrovský vliv. Úspěch však nemůže být odrazem genetiky (to je nemyslitelné), takže to může být pouze kvůli nějakému inherentnímu zlu; nějaký druh hříchu. Jak uvedli autoři: „Zabránit muži v tom, aby si vyžádal zásluhy jako vysvětlení svého úspěchu, znamená naznačit, že měl štěstí nebo podváděl. Podobně je implicitně anglofobní vnucovat plošné popírání toho, že Anglos si vedl dobře, částečně díky zásluhám.“

Vy jako „Anglo“ se podílíte na hříších svých předků, i když černoši pocházející z černých otrokářů se na jejich hříších nepodílejí. Je proto přijatelné vás „nenávidět“ způsobem, jakým to není téměř nikdo jiný. Můžete být proto diskriminováni, sexuálně zneužíváni nebo dokonce zabiti kvůli původnímu hříchu být „Anglo“.

Autoři vysvětlují, že narodit se jako bílý má znamenat narodit se „privilegovaný“, nějakým způsobem vyhrál v loterii života a přesto: „Jsou věci, často malé věci, které je snadné ignorovat, a za předpokladu, že nejste tak hloupí, abyste porušili nevyřčená pravidla, může život většinou pokračovat, aniž byste o nich museli příliš přemýšlet. Jsou slova, která nesmíte říkat, lidé, které nesmíte kritizovat, a politiky, se kterými musíte souhlasit, i když s nimi ve skutečnosti nesouhlasíte. Občas mohou mít tyto „věci“ hmatatelnější účinky. Ty se mohou pohybovat od potřeby vyššího skóre pro přijetí na univerzitu až po opomenutí kvůli práci nebo povýšení.“

V ještě extrémnějších případech, jak se stalo ve Spojeném království a Austrálii, byly bílé dívky upravovány a znásilňovány muslimskými gangy výslovně proto, že jsou Angločanky a anglofonní úřady odvrátily oči a hleděly na své vlastní lidi s opovržením. Autoři tvrdí, že ostatní etnické skupiny jsou velmi zběhlé v signalizaci obětí, a tak hrají na bílou vinu a skrytě získávají moc. Zdá se, že Anglosové nemají to, co je potřeba v bitvě o skupinovém výběru předstírané slabosti:

„Bílá, a zejména anglofonní kultura silně odrazuje od obětí. Místo toho podporuje sebeurčení a stoicismus, zapouzdřený v historickém britském konceptu „ztuhlého horního rtu“. Bohužel, tváří v tvář

organizovaným a dobře financovaným menšinovým obětním strategiím, byl anglo stoicismus ztrátovou odpovědí.

Kniha – po definování klíčových pojmů, jako je „etnocentrismus“ a „rasa“ – se poté vydává na cestu po rostoucím přílivu anglofobie v Austrálii, zejména od 70. let 20. století, a zejména prostřednictvím procesů „hanobení“, „nepřátelství“. Diskriminace“ a „násilí“. Počínaje „Vilification“ máme Susan Sontag (1933-2004), která prohlašuje: „Se západní bílou civilizací musí být něco strašně špatně. . . Bílá rasa je rakovina lidských dějin.“

Bohužel, jakýkoli americký nápad se nakonec dostane dolů. V roce 2012 bylo jednomu aboriginskému vůdci dovoleno, aby se vyhnul tomu, že úředníkům nazval „zasrané rasistické bílé kundy“, protože v jeho kultuře jsou nadávky zjevně jakýmsi „vykřičníkem“. Během 80. a 90. let začali australští akademici říkat Anglo Australanům, jaká je v zásadě „rasistická“ společnost. Anglosům se začalo říkat, že jsou nějakým způsobem osobně zodpovědní za hříchy svého lidu a za kolonialismus, který nemá vůbec žádné pozitivní rozměry. Ve skutečnosti by australští politici bičovali Anglosy a zároveň jim upírali právo na sebevědomí: „S naším dědictvím Bílé Austrálie a členstvím v Britském impériu... . . je příliš riskantní na to, abychom se i jen podívali směrem, kde se mluví o anglosféře.

Od 90. let 20. století se australské děti ve školách učí, jak jsou hrozná, vlaje se vlajka domorodců a říká se jim, že „ukradli“ Austrálii. Vyobrazení anglické společnosti, stejně jako ve Spojeném království a USA, jsou zpracována s intenzivním podezřením. Historie je přepisována – prostřednictvím nepřesných historických dramát a dokumentů – tak, aby naznačovala, že nikdy neexistoval dominantní Angločan, přesto jsou Angloné za tuto dominanci trestáni.

„Nejškodlivější je falšování britské a bílé sociální historie v nedávných filmech. Obsazování černochoů jako prominentních členů skotských dvorů královny Alžběty I. a Marie královny Skotské (např. *Mary Queen of Scots* , 2018), přímět Winstona Churchilla konverzovat s černým Londýňanem v metru v roce 1940 (*Temná hodina* , 2017) nebo ukazovat ne -bílí jako normální ve středověké

Evropě (Anne Boleyn , 2021; Popelka , 2021; Příběh rytíře , 2001; Robin Hood: Muži v punčochách , 1993; Horrible Historis), jsou společenské lži.“

Jak autoři shrnují: „Falzifikace anglohistorie je formou anglofobie. Anglové a další národy evropského původu si nebudou moci nárokovat a držet svou identitu, aniž by natočili historicky správné filmy. To nebude možné, dokud nebude zrušena anglofobní zaujatost filmových producentů a distributorů.“

Zvláště zajímavá část této knihy přesně sleduje, jak se anglofobie v Austrálii institucionalizovala. Klíčovým propagátorem multikulturalismu v Austrálii v roce 1960, tvrdí autoři, byl Walter Lippman z viktoriánské rady zástupců. Židovské organizace byly ústředním bodem prosazování práv domorodců. Židovští právníci pracovali *pro bono* při stíhání kritiků súdánské imigrace . Jak uvedli autoři:

„V červnu 2021 židovská rada zástupců NSW a africké australské centrum advokacie – AAAC – uspořádaly inaugurační přátelskou večeři. AAAC je vrcholný orgán vytvořený v roce 2019, aby zastupoval všechny africké komunity v Austrálii. Důvodem této spolupráce bylo, že židovská a africká komunita sdílela společnou negativní zkušenost v Austrálii.

Autoři účinně argumentují, a la Kevin MacDonald , že organizované židovské zájmy jsou vysoce relevantní pro rozvoj anglofobie v Austrálii. To je zajímavá možnost, ale rád bych viděl podrobný pokus o statistickou demonstraci, která by zbavila autory povinnosti vybírat si svá data.

Celkově je to bystrá a dobře napsaná kniha, která zkoumá dynamiku anglofobie v Austrálii i mimo ni. V podstatě se zdá, že zjistili, že anglofobie je zbraň, kterou anglické elity používají k ovládnutí vlastního obyvatelstva.

Viděl bych to evolučně. Pokud toužíte po moci, můžete porazit ostatní, pokud mají silný pocit viny, tím, že se budou cítit vinni a poníženi. Musí mít pocit, že jsou kolektivně bezcenní, což znamená, že jejich duch bude zlomen. Vaši konkurenti jsou ti, kteří nemohou být tímto procesem „zlomeni“ – vy kolegové Woke Machiavelliáni – a

vašimi vážnými nepřáteli jsou ti, kteří by ve skutečnosti zaútočili na samotný proces. „Anglové“ musí dělat přesně. Liberální „Anglové“ jsou zrádci, kteří spolupracují se zahraničními skupinami vyvolávajícími vinu, aby získali osobní moc, jak ukazují studie , a přitom psychicky zlomí většinu svých vlastních lidí.

Tato kniha je výzvou pro Anglos, aby použili stejnou taktiku, kterou tito zrádci používají, aby se mohli bránit. Není větší oběti než Anglo, alespoň si to musíme říct.

Australia 90% white? That's what the USA was in the mid 60s when white people shot themselves in the head by voting for pols who passed the White Replacement Act (aka 1965 immigration bill). This was the moment white self loathing bubbled to the surface. Whites have been good little shabbos goy ever since: overfed, under educated, stupid, self indulgent, caring only about a bigger SUV, the next Walmart sale, sports-ball and grilling, while they whine and complain about the country their utter stupidity created.

Watch the Australian whites go down the same path.

Australians think they are in a democracy, but their government doesn't represent them. It is controlled by the United States and the entire country remains a colony, after being transferred from Britain to the United States years ago. This explains why it is spending billions of dollars to buy American submarines to fight China, which may result in a nuclear attack on Australia.

Being born white, the authors explains, means being born “privileged” and somehow having won the lottery of life.

No lie detected.

It’s so awesome to be white it’s unreal. I thank God every day that I wasn’t born brown, yellow or – heaven forbid! – black. I can’t even begin to imagine how existentially dreadful a fate that must be.

I've said it before, but I'll say it again.

That Identity Politics is the dominant ideology in the West today undermines the oppressor/oppressed argument upon which it is based. Begging the question:

How can anything dominant be oppressed?

*Though the antiwhite hatred is sincere, it's also an excuse to avoid what they really fear. **Spoiler Alert!** It isn't white people. So then what is it? What do they fear?*

They fear power. Their power. They fear the power they now have.

They know in their bones that they can not sustain the power they have in the same way they acquired it, through infiltration, subversion, betrayal, destruction and death. Long-term power depends upon competent social management. But they also know in their bones that they are not competent social managers and never will be.

They don't just hate white people. They need to hate white people.

It's literally all they have.

But being hated by others is not all that white people have. It's a shame so few whites seem to realize this.

Why the Whine?

AUS wasn't a "White" Continent/Country to begin with.

Neither was New Zealand a White "Island Nation".

Those Lands were commandeered into Colonies eventually controlled by the GBritish.

IIRC, many AUS Aboriginal Children were taken away from their Families in attempts to Educate & Condition them – recently. Thank you Christian Churches for your contributions to that effort.

This is part of a Global Colonial Conquest/Race for Prosperity and Supremacy. Heavy Wars have been fought around the Globe for the past Two Centuries.

The Anglo-Murican-Judeo Masonic-Zionists have gained Advantages in these Conflicts; and managed to establish Colonies in the Americas, Asia, Oceania, and elsewhere.

AUS and NZL are GBritish Commonwealth States that emerged from the GBritish Empire.

Of Course there will be resentments.

Considering that AUS+NZL haven't reproduced nor armed themselves sufficiently, they're candidates for takeover by Regional (Super) Powers and "Camp of the Saints" Migranvaders.

Since GBritish ruled maliciously over IND and CHN featured by the Opium Trafficking Wars through WW2, CHN's Expansionists have previously promoted the takeover of AUS in the 1970s – some even designating it as "New China".

I personally don't know the current CPC Schemes regarding AUS; but there are plenty of "Unfinished Business" – Kicking Out the GBRits from Oceania for the takeover is attractive.

If I understand, Migranvaders are changing AUS Demographics. Perhaps the Migranvasions themselves will change AUS into a Demographically Asian State – like the OpenBorders Migranvasions are permanently changing Murica into a Hispanic Majority Bilingual State and maybe further into a Hemispherical SuperState.

Considering that Anglo-Muricans are planning to WarDrum the AUKUS Alliance to Provoke+ProxyWar CHN over Taiwan+CHN_SeaAtolls, Anglo-Murican Masonic Vassal-States PHL, AUS, and NZL are "Up for Grabs" as Blowback.

AUS+NZL are attractive to the CHN Expansionists. If given opportunities, No One in the World can stop CHN from conquering them in the Future. The Residential+Agricultural Real Estate, Oceanic Access+Control, Natural Resources may prove to be invaluable to CHN going forward – yet Anglo-Muricans are about to gamble them away in a ClusterFailed attempt to contain CHN Militarily.

Whatever happens will happen.

HELLO HELLO HELLO,

Long time watcher of your videos, first time coming across an article of yours, I didn't know you wrote. I enjoy your videos for the rational and logical observations, and I can see some sometimes glimpses of the more controversial topics in your videos, but I can tell that at some points you hold yourself back to avoid censorship. That's why it's a pleasant surprise to come across this article and to realize how much you've written. Admittedly, perhaps I should have known this sooner.

Additionally to a lack of victimhood, whites also have an overdeveloped sense of altruism.

Nothing dumber than Scottie (bow wow) Morrison and those other red neck characters down under. I have a hard time understanding what they are muttering and their biggest problem is the Ozzie upper caste is glued to USA's teat —or now – Biden's Attends.

That aside —as for the Moslems—Australia brought this unto themselves volunteering to serve in Afghanistan —the Aussie forces did excel in shooting unarmed children playing soccer in the school ground and later evenings shooting mothers preparing supper.

White Australians treated the real original inhabitants of Australia like trash and now take exception when the rightful owners complain and take exception.

Canada is about on par with Australia —Canada never grew Up (Rich Uncle USA and dad England) and Australia is the off distance orphan of sorts —an entitled idiot by design.

I will not say much except, Edward Dutton must be related to Peter Dutton of the Australian “Liberal” party.

If The ABC treats Stan Grant, the way they treated him, there is NO hope for ordinary Indigenous Australians and Australians from None-Anglo-Saxon back grounds. Stan Grant is not an ordinary poor indigenous (the majority. From CNN, Al-Jazeera, SBS (among others) to the ABC, Grant is a mainstream media professional. He is an elitist Aboriginal, the Class which is created by the White Australian Ruling Class against ordinary Indigenous Australians. Remember the American guy who goes by the name of Barak Obama?

The ABC is the State-owned and Jews-controlled Islamophobic/Zionist propaganda organ. “Entering the broadcaster’s Sydney headquarters in Ultimo was like going back in time. As soon as you walked through the doors, the cosmopolitan diversity of Sydney disappeared, and you were transported back to an era in Australia when – aside from security and cleaning staff – you were more likely to bump into a migrant from France or Italy than someone from China or India.

The higher up the organisation you go, the fewer and fewer diverse faces you see (of the 17 people that comprise the ABC’s leadership team and board, only one is not white), contributing to a culture that is, at best, dismissive of the needs and concerns of staff and audience who aren’t white and, at worst, actively hostile to them”, writes Osman Faruqi, an Australian academic and news editor and columnist.

| *Anglo-Australians should be ashamed of their history.*

Of course you should be ashamed of your history, anglo. Nothing is more humiliating and disgraceful than being voluntary kike slaves and serving the yids' interests for centuries. You are the lowest subhumans on earth, much lower than those sub-saharan negroes or anyone else you falsely look down on.

“...The book also traces the institutionalization of Anglophobia. A key promoter of multiculturalism in Australia in 1960, argue the authors, was Walter Lippman, of the Victorian Board of Deputies. **Jewish organizations have been central to promoting Aboriginal rights.** Jewish lawyers have worked pro bono to prosecute critics of Sudanese immigration:

In June 2021 the NSW Jewish Board of Deputies and the African Australian Advocacy Centre—the AAAC—held an inaugural friendship dinner. The AAAC is a peak body formed in 2019 to represent all African communities in Australia. The rationale for this cooperation was that the **Jewish and African communities shared a common negative experience in Australia...**”

The hypocrisy of these people is twofold:

1) If they condemn white colonization of Australia so much, then why did they themselves immigrate into the country?

2) If they pretend “anti-racism” to be a core Jewish value, then why do they not go to Israel and condemn its colonization of Palestine and fight its Jews only immigration policy?

See picture of African illegal immigrants protesting expulsion from Israel:

Thus, hating, discriminating against, sexually assaulting, and even killing Anglo-Australians is acceptable simply because being an Anglo is such a deadly sin.

I'm a white Australian, and to the extent that there may have been some sexual assaults/murders of white Australians by the indigenous peoples in recent times, they are a negligible component of the overall statistics.

One thing is for sure, they are no worse than they were 10, 20 or even 40 years ago.

Now, I see the regular articles posted in UR titled something along the lines of:

'Yet another month in the death of white America'.

And it'll feature the photos of all those whites killed in the U.S by blacks in the last month.

There's no denying it, you Yanks do have a problem.

However, let me put things in perspective in the case of Australia.

The amount of whites killed by blacks in the U.S in any given month is likely to exceed the aggregate number of whites killed by our indigenous Aborigines in my ENTIRE LIFETIME (give or take) – and bear in mind that I'm a boomer !!

The author goes on to write:

And as in England with its grooming gangs, Muslim gangs have raped Australian women precisely because they are Australian, and the Anglo authorities turned a blind eye, looking upon the victims with contempt.

The prevalence of Muslim grooming gangs is far, FAR less in Australia than in Britain – even accounting for the population difference.

And when the authorities have proof of who did it, from what I've seen, they almost always do NOT turn a blind eye to it.*

*(*There are exceptions to the rule, and I recall an incident that occurred where a white woman was sexually assaulted and the perpetrator lived in the Aboriginal enclave of Redfern, a suburb of Sydney.*

Apparently the police did turn a blind eye to that incident. That's because some months prior, we had an event called the '2004 Redfern Riots', whereby the police attempted to apprehend an indigenous fellow for some alleged crime and the whole community came to his defence.

It erupted into a huge conflagration with burning vehicles set alight and many hundreds of coppers/SWAT teams involved, but the police eventually backed down after being confronted by far greater numbers of violent indigenous protestors).

Below is a photo taken from the Redfern Riots showing an incendiary device being thrown at police:

Referencing a high profile incident where the police/authorities went out of their way to make it clear that such behaviour will not be tolerated (we have the gang rape case involving the young Muslim brothers Bilal and Mohammed Skaf):

<https://www.dailymail.co.uk/news/article-10070923/Pack-rapist-Bilal-Skafs-crimes-worse-younger-brother-Mohammed-Skaf.html>

The latter was just released after spending 20 years in gaol. Bilal is still in gaol. He was sentenced originally to 55 years in prison but that has been reduced on appeal to 31 years.

One has to bear in mind that Bilal was only 18 years old when this occurred – Mohammed was younger still.

I'm not excusing them for what they did, and a long custodial sentence was certainly appropriate.

But they were still just teenagers when it happened, and a 55 year sentence was something I'd expect a serial killer to get.

Bottom Line: I totally agree with what the indigenous reporter Stan Grant said as he covered the coronation of King Chuck.

One should not CONFLATE what he said as INCITING THE INDIGENOUS to assault or kill Anglo-Australians.

This was not his intent and no one interpreted it that way.

To the best of my knowledge there wasn't a single assault on white Australians in the whole eff'n country in the aftermath of those comments, and there certainly were no indigenous-on-white homicides.

What Stan Grant said was a swipe at the royal family, and it was totally warranted.

One should never forget that the pomp and splendour of British royalty, and the obscenely hedonistic existence they get to enjoy, are a direct result of the British Empire raping/looting and pillaging the resources of many a third world country over the centuries – not to mention the genocides they perpetrated.

The British royal family never did anything for their 'loyal subjects'.

I DON'T recall them ever advocating against the first and second wars against Iraq.

I DON'T recall them ever mentioning that the destruction of Ghaddafi and Libya was a bad idea.

I DON'T recall them ever questioning any aspect of the Covid Psyop, or speak out on the tyranny of lockdowns, the vaxx mandates, the danger of the experimental mRNA gene therapies that have since killed and injured scores of millions around the world.

I DO recall them sending countless hundred of thousands of their countrymen/and British Commonwealth troops to their deaths in the trenches of WWI and the killing fields of western Europe/Nth Africa and elsewhere, in conflicts that BRITAIN SHOULD NEVER HAVE BEEN INVOLVED IN.*

*(*Yes UR readers, the British monarch does have the constitutional power to STOP these wars and override the Prime Minister and the Parliament).*

I DO recall the then Prince Chuck coming out on many an occasion and saying that we plebs should reduce our carbon footprint and that 'WE HAD ONLY EIGHT YEARS TO ACT' or it would be too late.

Well, he made that call in 2009 and guess what ? The year 2017 came and went, and the climate was no different to what it has always been these last 100 years and more..

Clearly King Chuck is beholden to the orchestrators (ie: ZOG) of the Anthropogenic Global Warming hoax.

The British Royal family are scum.

*Anyone who mocks them, smears them, exposes them for the selfish c*nts that they are, deserves a medal as far as I'm concerned.*

In 2018, I had the privilege of living down under for six months in very good circumstances and I think a much more interesting issue is the pig ignorant enthusiasm among Australians for bad globalist ideas, and their craven acquiescence to manufactured narratives pumped out by the BBC and mass media. Australia is proof that an all white county with an impoverished consciousness is no solution to what ails us.

Australia was locked down and is being returned to a prison colony by Anglo Massonic Satanists working for WEF, the Crown and Jews. The entire ruling class is a secret society, a peculiarly nasty, sadistic one. Everyone in the know in Australia knows this. The police – the Anglo, Masonic police, routinely give life-altering injuries to unfortunate working class guys. The whole society is pornographic; super promiscuous and TV addled. Australia and New Zealand will be NWO colonies before any European country or the United States. The entirety of the “commonwealth” are basically lab rats suffering from false consciousness; colonial subjects masquerading as citizens.

Never has it been better to be an American.

@Carlton Meyer

Great video Carlton, in keeping with the high standards you've been setting for a long time now.

Although you got it 99% right, I must correct a few minor matters.

Firstly, Prime Minister Gough Whitlam, that was ousted in a CIA orchestrated coup in 1975, does not have a first name pronounced 'GO'.

It is pronounced Gough as in Cough. ie: as if the spelling was Goff.

And then Prime Minister Kevin Rudd was not ousted by subversive U.S elements.

Rudd was ALWAYS a ZOG sock puppet.

He was elected in 2007 on the main platform of addressing Global Warming. Then, when the 2009 Copenhagen Climate Conference didn't result in the actions that the climate zealots demanded, Rudd just forgot about his pledges to the Climate loons.

Simply put, his popularity and that of the party plummeted amongst his left wing base and, with an election due not long after, the party dumped him in 2010 because he was an electoral liability.

As proof that Rudd was always a slavish servant of ZOG, have a look at this article (with 1 min audio) titled 'Kevin Rudd has reinforced calls for an international no-fly-zone over Libya':

<https://www.abc.net.au/radio/programs/am/kevin-rudd-has-reinforced-calls-for-an/1969698>

After being ousted as Prime Minister, Rudd became Australia's Foreign Minister, and in early 2011 went from country to country trying to drum up support for a military intervention to oust Gaddafi in Libya.

Simply put:

If ever there was a country that HAD NO DOG IN THE RACE as far as WHETHER OR NOT GADDAFI REMAINED IN POWER IN LIBYA, then Australia was that country.

But Kevin Rudd was beating the drums for war, acting as if Australia had some vital interest in the region.

A worse POS than Kevin Rudd you'll be hard pressed to find. If ever there was an Australian politician who lacked any principles whatsoever, who stood for nothing, believed in nothing and would prostrate himself to the highest bidder, Kevin Rudd was that man.

Very weak writing, the author seems to have never been to Australia. 'Anglo, Anglo...' The largest ethnic group in Australia is the Irish, not the English. First, the Irish and other prisoners were exposed to English racism. Then there were the Mediterranean wogs – Italians, Greeks and Yugoslavs.

After the American bombing of Vietnam with napalm bombs, Australia under pressure opened its borders first to the South Vietnamese and the Chinese. After the conflict in Lebanon, the Lebanese came. In recent times, Indians and Sudanese have come en masse. Australia's foreign rulers are carrying out the same social engineering as was done in California. Australia had a choice to determine who were the most desirable immigrants who would contribute the most.

Russians and Eastern Europeans were not admitted, although, especially in the early 90s, they could receive world-class scientists, doctors, surgeons, professors, artists, sportsmen. Instead, they accepted Muslims (Islam fanatics from the Middle East, black Sudanese, Albanian drug dealers). If they really wanted to help the Sudanese, they could send them money that would be enough for a hundred families instead of one their immigrant family in Australia.

Something else was at stake. In the past, Aborigines were repeatedly exposed to genocide and attempted assimilation of children. A large number of modern Australians are aware of what happened and are making great efforts to achieve a final reconciliation. The state also works a lot with positive discrimination and opening positions at universities and civil services.

The author tried to equate the situation in England and Australia. Australia may be going the way of England and the US as they have the same governors who implement the same policies. It's a shame that Australia, which could have been the promised land, will fail thanks to the politicians, following the orders of the global deep state. During the Covid time, Australia performed the "best" and most consistently followed the orders of the deep state. It is a sign that there is little hope for its future. Their remoteness can slightly delay things that are imminent.

Too bloody right it is: who'd want to be born a black!?

That's right, but privileged in the sense that you benefit from the society that your ancestors built. If Africa was the advanced industrial society and Europe tribal hunter gatherers, then no doubt whites would grumble about “black privilege” and seek to emigrate to Nigeria.

Given how it is now, a white person magically waking up black one morning would find their life radically changed.

@IronForge

| *AUS+NZL are attractive to the CHN Expansionists.*

True that. AUS + NZ raw materials would be a nice fit with Chinese industry.

And looting Australia is nothing new. It was virgin forest when the first aborigines arrived. Their hunting/burning destroyed the forest (and drove most large mammals to extinction). It was converted into sterile desert. Then the British arrived and kicked out the aborigines.

If the Chinese arrive and kick out the British, then it's all part of the same cycle.

@Anon

I don't think that comment is a helpful way of pointing to the inadequacy of the author's knowledge of Australia. But it is indeed true that Australia, for all the fashionable efforts to try and find other Anglophone countries' problems here, has escaped most of the problems multiculturalists with no interest in the biological sciences have tried to beat up over about 60 years.

It is very much a matter of numbers. We have continued to avoid mass immigration of cheap labour without continuing the White Australia policy beyond the 1965 to 1973 ending of it. So, mostly we are keeping up a population composition which will be less dysgenic for IQ than that of other countries and more or less characterisable as aimed at modernity. Aborigines in the dysfunctional outback settlements, even when added to some drunkards in inner suburbs don't count as a serious problem – maybe 3 per cent, unlike African-Americans 13.7%. South Sudanese gangs are nasty in some working class suburbs but, in numbers, only an inoculating dose. Yeah, Lebanese when we should only have been taking Vietnamese (including Chinese ethnics) in the late 70s was a pity. But Australia is doing much better than the rest of the G20 even while being as deficient as the US and UK in producing shamefully few of our own medical doctors, nurses and specialists.

In Topsy-Turvy World in which being weak and marginalized is lauded, being English or British, whether legally or by descent, places you at the bottom of the pile.

I wish people would stop saying this. Minorities are NOT weak, and are NOT marginalized. White racism does not exist, and even eighty years ago, at our global peak, we were only doing what every other group on Earth does when they wield power over some other group.

We are now the weakest and most easily pushed around people on the planet, and perhaps in all of human history. There's nothing upside-down here. Other racial groups are moving to white nations because they see the weakness and know that they can dominate all of us, even if we outnumber them ten to one. And as we see in South Africa and various urban areas in the West, we are afraid to push for our own interests even when we become a minority and our physical safety is in danger.

Good article otherwise, but this one sentence really ruins it. I wish we could get past the mindset of "well, we're pushovers NOW, but only because we're so strong. We're just being nice!! Once the time comes, we'll band together everything will be all right."

@Carlton Meyer

At last Carlton Meyer has exposed himself by posting a video which is total garbage with hardly a single fact right. Even early on when Australia was falsely claimed to be fighting others' wars the voice over spoke of Australia losing "thousands" more killed and I recalled that it was only 500 in Vietnam. OK add Korea , 339, and Malaya, 39. Oops! As for the US replacing Australian government figures. Not even the replaced believed it.

@Odyssey

My first Australian ancestor was an Irish convict who, in 1798, married my English Catholic convict g-g-g grandmother (in an Anglican ceremony!).

I'm sure you are wrong about the Irish outnumbering the English.

I am more sanguine than you about our immigration, particularly recently, but agree very much that we should help Africans in Africa.
