Washington DC — (Scheerpost) — Izrael byl založen na lžích. Lež, že palestinská země byla z velké části neobsazená. Lež, že 750 000 Palestinců uprchlo ze svých domovů a vesnic během etnických čistek ze strany sionistických milicí v roce 1948, protože jim to řekli arabští vůdci. Lež, že to byly arabské armády, které zahájily válku v roce 1948, kdy se Izrael zmocnil 78 procent historické Palestiny. Lež, že Izrael čelil zničení v roce 1967, což ho přinutilo napadnout a okupovat zbývající 22 procent Palestiny a také území patřící Egyptu a Sýrii. Izrael je podporován lžemi. Lež, že Izrael chce spravedlivý a spravedlivý mír a bude podporovat palestinský stát. Lež, že Izrael je jedinou demokracií na Blízkém východě. Lež, že Izrael je „výspou

západní civilizace v moři barbarství“. Lež, že Izrael respektuje právní stát a lidská práva.

Zvěrstva Izraele vůči Palestincům jsou vždy vítána lží. Slyšel jsem je. Zaznamenal jsem je. Zveřejnil jsem je ve svých příbězích pro The New York Times, když jsem byl šéfem úřadu pro Blízký východ.

Dvě desetiletí jsem se věnoval válce, včetně sedmi let na Blízkém východě. Dozvěděl jsem se toho docela dost o velikosti a smrtelnosti výbušných zařízení. V arzenálu Hamásu nebo Islámského džihádu není nic, co by mohlo replikovat obrovskou výbušnou sílu rakety, která zabila odhadem 500 civilistů v arabské křesťanské nemocnici al-Ahli v Gaze. Nic. Pokud by Hamás nebo Palestinský islámský džihád (PIJ) měly tyto druhy raket, obrovské budovy v Izraeli by byly sutiny se stovkami mrtvých. Oni ne.

Svištěcí zvuk , slyšitelný na videu chvíli před explozí, vypadá, že pochází z vysoké rychlosti střely. Tento zvuk to prozradí. Žádná palestinská raketa nevydává tento hluk. A pak je tu rychlost střely. Palestinské rakety jsou pomalé a těžkopádné, jasně viditelné, jak se klenou na obloze a pak se řítí volným pádem ke svým cílům. Neúderují s přesností a necestují rychlostí blízkou nadzvukové rychlosti. Nejsou schopni zabít stovky lidí.

Izraelská armáda ve dnech před úderem 17. října shodila na nemocnici rakety „klepající na střechu“ bez hlavic, což je podle představitelů nemocnice al-Ahli známé varování, které dal Izrael o evakuaci budov. Představitelé nemocnice také uvedli, že obdrželi telefonáty z Izraele, v nichž bylo uvedeno, že „dvakrát jsme vás varovali, abyste se evakovali“. Izrael požadoval, aby byly evakuovány všechny nemocnice v severní Gaze .

Po úderu na nemocnici Hananya Naftaliová, „digitální asistentka“ izraelského premiéra Benjamina Netanjahua, zveřejnila na X, dříve Twitteru: „Izraelské letectvo zasáhlo teroristickou základnu Hamásu v nemocnici v Gaze. Příspěvek byl rychle smazán.

Od invaze palestinských odbojářů do Izraele 7. října, která si údajně vyžádala asi 1300 mrtvých Izraelců, mnozí z nich byli civilisté, a asi 200 unesených jako rukojmí a odvečených do Gazy, provedl Izrael 51 útoků na zdravotnická zařízení v Gaze. Podle Světové zdravotnické organizace (WHO) zahynulo 15 zdravotnických pracovníků a 27 bylo zraněno . Z 35 nemocnic v Gaze čtyři nefungují kvůli vážnému poškození a zaměření. Pouze osm z 22 center primární zdravotní péče UNRWA je „částečně funkčních“, říká WHO.

Drzost izraelských lží ohromila ty z nás, kteří se hlásili z Gazy. Nezáleželo na tom, zda jsme viděli izraelský útok, včetně střelby na neozbrojené Palestince. Nezáleželo na tom, kolik svědků jsme vyzpovídali. Nezáleželo na tom, jaké fotografické a forenzní důkazy jsme získali. Izrael lhal. Malé lži. Velké lži. Obrovské lži. Tyto lži přišly reflexivně a okamžitě od izraelské armády, izraelských politiků a izraelských médií. Byly zesíleny dobře promazanou izraelskou propagandistickou mašinérií a opakovány s maskující upřímností na mezinárodních zpravodajských kanálech.

Izrael se zapojuje do lží, které srážejí čelisti a které charakterizují despotické režimy. Nedeformuje pravdu, ale převrací ji. Vykresluje obraz diametrálně odlišný od reality. Ti z nás, kteří pokryli okupovaná území, narazili na izraelské příběhy Alenky v říši divů, které poslušně vkládáme do našich příběhů – vyžadovaných pravidly americké žurnalistiky – ačkoli víme, že jsou nepravdivé.

Izrael vynalezl orwellovský lexikon. Děti zabití Izraelci se stávají *děťmi, které chytí křížová palba*. Bombardování obytných čtvrtí s desítkami mrtvých a zraněných se stává *chirurgickým útokem na továrnu na výrobu bomb*. Zničení palestinských domovů se stává *demolicí domovů teroristů*.

Velká lež – *Große Lüge* – podporuje dvě reakce, které se Izrael snaží vyvolat – rasismus mezi jeho příznivci a teror mezi jeho oběťmi. The Big Lies podporuje mýtus o střetu civilizací, válce mezi demokracií,

slušností a ctí na jedné straně a islámským terorismem, barbarstvím a medievalismem na straně druhé.

George Orwell ve svém románu „Devatenáct osmdesát čtyři“ nazval Velkou lež „doublethink“. Doublethink používá „logiku proti logice“ a „zavrhne morálku, zatímco si na ni dělá nárok“. Velká lež odstraňuje nuance, nejednoznačnosti a rozpory, které mohou trápit svědomí. Je navržen tak, aby vytvořil kognitivní disonanci. Nepřipouští žádné šedé zóny. Svět je černobílý, dobrý a zlý, spravedlivý a nespravedlivý. Velká lež umožňuje věřícím získat útěchu – útěchu, kterou zoufale hledají – ve své vlastní morální nadřazenosti, i když ruší veškerou morálku. Živí to, co Edward Bernays nazval, „logikou ověřenou přihrádku dogmatické přilnavosti“. Veškerá účinná propaganda, píše Bernays, se zaměřuje na tyto iracionální „psychologické návyky“ a staví na nich.

Izraelští příznivci po těchto lžích žízní. Nechtějí znát pravdu. Pravda by je donutila prozkoumat jejich rasismus, sebeklam a spoluúčast na útlaku, vraždách a genocidě.

A co je nejdůležitější, Velká lež vysílá zlověstnou zprávu Palestincům. Velká lež uvádí, že Izrael povede kampaň masového teroru a genocidy a nikdy nepřevzme odpovědnost za své zločiny. Velká lež zahlazuje pravdu. Ničí důstojnost lidského myšlení a lidského jednání. Vymazává fakta. Vymazává historii. Ničí to porozumění. Maří naději. Redukuje veškerou komunikaci na jazyk násilí. Když utlačovatelé mluví k utlačovaným výhradně nevybíravým násilím, utlačovaní odpovídají nevybíravým násilím.

Karikaturista Joe Sacco a já jsme sledovali, jak se izraelští vojáci posmívají a střílejí na malé chlapce v uprchlickém táboře Khan Younis v Gaze. Poté jsme v nemocnici vyzpovídali chlapce a jejich rodiče. V několika případech jsme se zúčastnili jejich pohřbu. Měli jsme jejich jména. Měli jsme data a místa natáčení.

Izrael odpověděl, že nejsme v Gaze. Měli jsme to vymyšlené.

Izraelský premiér, ministr zahraničí, ministr obrany a mluvčí izraelských obranných sil (IDF) okamžitě obvinil ze zabití novinářky Al-Džazíry Shireen Abu Akleh v roce 2022 palestinské ozbrojence. Izrael rozšířil záběry palestinského bojovníka, který podle nich zastřelil novináře, který měl na sobě neprůstřelnou vestu a helmu s nápisem „PRESS“. Benny Gantz, který byl v té době ministrem obrany, prohlásil, že „na novináře nebyla namířena žádná [izraelská] střelba“ a že izraelská armáda „viděla záběry z nevybíravé střelby palestinských teroristů“. Tato lež byla rozšiřována, dokud videozáznam prozkoumal B'Tselem, Izraelské centrum pro lidská práva na okupovaných územích, nezjistil místo palestinského střelce zobrazeného na videu. Video, které organizace pro lidská práva našla, bylo pořízeno na jiném místě, než kde byla zabita Shireen.

Když je Izrael přistižen při lži, jako tomu bylo v případě vraždy Shireen, slibuje vyšetřování. Ale tato vyšetřování jsou podvod. Nestranné vyšetřování stovek zabití vojáků a židovských osadníků Palestinců se provádí jen zřídka. Pachatelé nejsou téměř nikdy postaveni před soud ani nejsou pohnáni k odpovědnosti. Vzorec izraelského mlžení je předvídatelný. Stejně tak tajná dohoda téměř všech korporátních médií spolu s republikánskými a demokratickými politiky. Američtí politici odsoudili vraždu Shireen a poslušně opakovali starou mantru, vyzývající k „důkladnému vyšetřování“ ze strany armády, která zločin spáchala.

O několik měsíců později Izrael připustil, že existuje „velká pravděpodobnost“, že izraelský voják zabil novinářku nešťastnou náhodou, ale v té době byla erupce pouličních protestů a vzteku nad zabitím novinářky u konce a její vražda byla z velké části zapomenuta. Než vyjde přesvědčivý důkaz o bombardování nemocnice, bude to také vzdálená vzpomínka.

Existují dramatické záběry zachycené v září 2000 na křižovatce Netzarim v pásmu Gazy – kde jsem viděl devatenáctiletého chlapce zastřeleného izraelským odstřelovačem – televizí France 2, otce, který

se snažil chránit své traumatizované 12- ročního syna Muhammada al-Durraha z izraelské střelby, která ho nakonec zabila.

Zabití chlapce vyústilo v typickou propagandistickou kampaň Izraele.

Izraelští představitelé strávili roky lhaním o zabití, nejprve obvinili

Palestince ze střelby, později naznačovali, že scéna byla zfalšovaná, a nakonec trvali na tom, že chlapec je stále naživu.

Když izraelský voják v roce 2003 zavraždil 23letou studentku a

americkou aktivistku Rachel Corrie tím, že ji rozdrtil k smrti

buldozerem, když se snažila zabránit nelegální demolici domu

palestinského lékaře, izraelská armáda uvedla , že to bylo nehodu, za kterou byla zodpovědná Corrie.

Izraelská armáda zabila od roku 2001 „nejméně“ 20 novinářů, aniž by byli zodpovědní, podle zprávy Výboru na ochranu novinářů z roku 2023

se sídlem v New Yorku. "Bezprostředně poté, co je novinář zabit

bezpečnostními silami, izraelští představitelé často vydávají

protivyprávění mediálním zprávám," uzavřela CPJ . To zahrnuje

obviňování úmrtí z „nerozlišujícího ohně“ Palestinců nebo pokusů zdiskreditovat zabitě jako „teroristy“ .

Izrael blokuje práci nezávislých lidskoprávních organizací na

zvěrstvech a válečných zločinech, kterých se dopouští v Gaze a na

Západním břehu Jordánu. Odmítá spolupracovat s Mezinárodním

trestním soudem na případných válečných zločinech na okupovaných

územích. Nespolupracuje s Radou OSN pro lidská práva a zakazuje

zvláštnímu zpravodaji OSN pro situaci v oblasti lidských práv na

palestinských územích okupovaných od roku 1967 vstup do země .

Izrael v roce 2018 zrušil pracovní povolení pro Omara Shakira, ředitele

Human Rights Watch (Izrael a Palestina), a vyhostil ho. V květnu 2018

zveřejnilo izraelské ministerstvo pro strategické záležitosti a veřejnou

diplomacii zprávu vyzývající Evropskou unii a evropské státy, aby

zastavily svou přímou a nepřímou finanční podporu a financování

palestinským a mezinárodním organizacím pro lidská práva, které „mají vazby na teror a podporují bojkot proti Izrael.“

Po bombardování nemocnice Izrael nejprve zveřejnil video, které mělo zachycovat rakety palestinského islámského džihádu, které zasáhly nemocnici. Izraelci video spěšně odstranili, když si novináři všimli, že na časových razítkách bylo vidět, že snímky byly pořízeny 40 minut po úderu na nemocnici.

Izraelští propagandisté – vědomi si toho, že palestinské rakety mají malou výbušnou sílu – pak tvrdili, že Hamás uchovává munici pod nemocnicí. To způsobilo masivní explozi, řekli. Ale pokud by to byla pravda, znamenalo by to, že by došlo k sekundární explozi. Žádný nebyl. A nyní Izrael zveřejnil to, co říkají, záznam dvou militantů z Hamasu diskutujících o raketovém útoku na nemocnici. Militanti se v sebeusvědčujícím rozhovoru, který je příliš směšný, než aby se tomu dalo uvěřit, ptali jeden druhého, zda útok provedl Hamas nebo PIJ.

Prosím. Jak byl Izrael zcela v nevědomosti ohledně invaze tisíců ozbrojených palestinských militantů z Gazy do Izraele 7. října a mohl zachytit tento inkriminovaný rozhovor dvou domnělých militantů? "Izrael má celou jednotku 'mistaravim', izraelských židovských tajných agentů vycvičených k tomu, aby se vydávali za Palestince a tajně operovali mezi Palestinci," píše reportér Jonathan Cook . „Izrael produkoval velmi populární televizní seriál o takových lidech v Gaze s názvem Fauda. Musíte být nad míru důvěřiví, abyste si mysleli, že Izrael nemohl a nechtěl zmanipulovat takové volání, aby nás oklamal, stejně jako pravidelně obluje Palestince v Gaze.

Izrael se také dlouhodobě zaměřuje na zdravotnická zařízení, sanitky a zdravotníky, jak zdůrazňuje odborník na Blízký východ Norman Finkelstein . Během války v Libanonu v roce 1982 vybombardovala palestinskou dětskou nemocnici a zabila 60 lidí. Během války mezi Izraelem a Libanonem v roce 2006 provedla raketové údery na jasně označené libanonské sanitky. Během útoku na Gazu v letech 2008–2009 známého jako operace Lité olovo poškodila nebo zničila 29 sanitek a téměř polovinu zdravotnických zařízení v Gaze, včetně 15 nemocnic. Běžně zakazovalo, aby zraněné Palestince během této

operace sbíraly sanitky, což je často nechávalo zemřít. Během operace Protective Edge, 51denního útoku na Gazu v roce 2014, Izrael zničil nebo poškodil 17 nemocnic a 56 center primární zdravotní péče a poškodil nebo zničil 45 sanitek.

Můj dnes zveřejněný rozhovor s profesorem Finkelsteinem o Gaze a Izraeli můžete vidět [zde](#) .

Watch Video At: <https://youtu.be/B0aemeCbRTk>

Amnesty International, která vyšetřovala izraelské útoky na tři z těchto nemocnic v roce 2014, odmítla „důkazy“ pro útoky nabízené Izraelem jako nepravdivé. "Obrázek tweetovaný izraelskou armádou neodpovídá satelitním snímkům nemocnice al-Wafa a zdá se, že zobrazuje jiné místo," stojí ve zprávě.

Odhalte izraelské lži a budete napadeni Izraelem a jeho příznivci jako antisemita a obhájce teroristů. Jste vyloučeni z mainstreamových médií. Jsou vám odepřena fóra, abyste o tomto problému mluvili, a jak se mi stalo, jste vyloučeni z univerzitních akcí.

Je to stará hra, kterou jsem jako reportér hrál mnohokrát. Nesu jizvy po lžích, které vyvrhl Izrael a jeho lobby. Mezitím Izrael pokračuje ve svém masakru, podporovaném a dokonce opěvovaném západními

politickými vůdci, včetně Joe Bidena , který doprovází přívál lží z Izraele jako wagnerovský sbor.

The Zionist Empire of Lies has been unmasked, and is consequentially in an existential fight. Jordan has said it will consider an Israeli invasion of Gaza to be a declaration of war. Jordan is relatively US-friendly, so that implies ALL the Arab countries are probably on board with that. And that could bring in all the BRICS 11 countries, and all those who want to join BRICS 11.

The Zionist Empire is ordering its obsequious slaves Joe Biden and Rishi Sunak to join its battle to save the Zionists' future world capital. The Zionist "mainstream" media in the US and UK is prepping the public with fictional tales of heroic Israelis and evil Palestinians.

The wide world now knows that Zionism is evil, and the US and UK are its principle vassals. This reflects its rise to power through the British East India Company. *War Profiteers and Israel's Bank*
<https://warprofiteerstory.blogspot.com/p/war-profiteers-and-israels-bank.html>

So it looks like the wider world has decided that now is the time to finally put a stop to the expansion of the Zionist Empire. Its mask has dropped. Its attack on Russia through Ukraine has failed, and it is low on weapons and ammunition. Yet it insanely persists in talking about conquering Russia and China, like a rabid dog frothing at the mouth.

Sane leaders in the US and UK would see the folly of their Zionist masters. Perhaps some of them do, but are too controlled by bribery, blackmail, and death threats to resist. So yet again they

will sacrifice the lives and treasure of their own countries to sate the unquenchable appetite for blood and vengeance depicted in the Hebrew “holy” book.

Even Christian conservatives like Steve Bannon are afraid to tell the “Christian” Zionists in their base that “Christian Zionism” is just another Zionist scam, another takeover tactic. The best match today for the beast in the Book of Revelations is Israel itself. According to the Bible God thrashed the Jews and kicked them out of Palestine into captivity in Babylon (Jeremiah). He did it again in the Roman era. And now it looks like He is getting ready to do it again.

Americans and Brits need to grab their steering wheels away from these insane Zionists to keep the Armageddon blowback from hitting their own countries. In this age of hypersonic missiles and nuclear warheads that is not farfetched. They also need to divest themselves of subversive Zionist corruption and get firmly on the side of honesty & justice. That is the only viable long-range strategy.

This is an excellent article. I read it in the News links when Ron linked to it. I'm pleased to see that Chris Hedges agreed to have it published here at the Unz Review. How does that work, Ron? Do you just contact Mintpress News or does CH actually give approval?

Thanks Mr. Hedges and Mr. Unz!! Humanity needs to be made aware of the depraved indifference to human life and dignity displayed by both Israel and the United States governments!!

They very brazenly commit crimes against humanity and flaunt their actions, and peddle huge lies about everything, because they are never held accountable by anyone or any country or the United Nations!! They are quite untouchable!!

Chris Langan has a video from a few years back in which he opines that if the existence of Israel and its people were to ever come under serious threat, they would revert to the 'Samson option' and nuke the world out of spite. It sounds rather like an exaggeration to me but that video always stuck in my head. It'd be the equivalent to brushing the chess board off the table before mate.

The pattern of Israeli obfuscation is predictable. **So is the collusion of nearly all of the corporate media** along with Republican and Democratic politicians.

I had my nose rubbed in this yesterday when I made a search for certain details of the Gaza Hospital Bombing. On both Google and DuckDuckGo, the results were universally some version of “A Palestinian Rocket Did It”. Only when I went to the seldom used Yandex Search site did I start finding results which strayed outside the Corporate Media Line. Stuff like this:

<https://consortiumnews.com/2023/10/18/corporate-tv-skeptical-of-israeli-hospital-bombing-story/>

(Why do I avoid Yandex? The site is either operated by idiots, or they must reduce the search utility by constantly demanding proof users are not a “bot”. Presumably this protects them from DOS attacks, but the hassle makes Yandex a place of last resort for me.)

The whistling sound, audible on the video moments before the explosion, appears to come from the high velocity of a missile.

My first impulse upon reading this was to remark about the growing problem of Deep Fake audio and video productions. I’ll pass on that for now and merely say that since the shithole state is doing terror bombing, it may have copied a WW2 Nazi technique of attaching cheap whistle devices to the bomb/missile. Noisy weapons are obviously desirable for frighening people.

<https://history.stackexchange.com/questions/2686/did-world-war-ii-era-bombs-actually-whistle>

Mr. Hedges has produced a remarkably concise review of the Apartheid state's misbehavior – I could easily add enough to create a rather large term paper without breaking into a sweat. But life is short, and the True Believers of Holy Israel will tune out this and any other pieces which throw shade on God's Favorite Thieves and Murderers.

I may have seen a better article on the general subject of "Israel's Culture of Deceit", but I can't remember when.

A++

Timeline.

In every case, History, for Israel, begins with the most recent case of Israeli injury or death.

On 15th of May 1948, Arab nations attacked the nascent Israeli State. No mention of the 250,000 (Arab estimate – 400,000 according to Rosemarie M. Esber Phd) Palestinian villagers ethnically cleansed before the Arab League intervened.

Unprovoked.

Roughly one million Palestinians (mainly women and children – men and boys approaching military age were often shot) had a gun put in their face and were told “you don’t belong here”. This is more than enough provocation for living memory – and generational memory if the “holocaust” is any guide.

Hamas.

Some years ago, Reuven Paz, an acknowledged Israeli expert on Hamas, published an assessment that found that over 90% of Hamas funding is directed to social, civilian projects. One can deduce from Paz’s research that Hamas consists of a vast majority of personnel who are engaged in fire control, ambulance services, police, health, civic affairs, education etc. Israel has proclaimed its absolute right to bomb Hamas buildings, kill Hamas operatives – in short, anyone who works in social welfare programmes despite the fact that the Quassam Brigade (the militant wing of Hamas) are a very small part of Hamas. Here is a 14 year old article by Khalid Mish’al, former head of Hamas whom Israel tried to assassinate: This brutality will never break our will to be free

<https://www.theguardian.com/commentisfree/2009/jan/06/gaza-israel-hamas>

Here is a now 17 year old article by the same author, from which I quote:

Our message to the US and EU governments is this: your attempt to force us to give up our principles or our struggle is in vain. Our people who gave thousands of martyrs, the millions of refugees who have waited for nearly 60 years to return home and our 9,000 political and war prisoners in Israeli jails have not made those sacrifices in order to settle for close to nothing.

Hamas has been elected mainly because of its immovable faith in the inevitability of victory; and Hamas is immune to bribery, intimidation and blackmail. While we are keen on having friendly relations with all nations we shall not seek friendships at the expense of our legitimate rights. We have seen how other nations, including the peoples of Vietnam and South Africa, persisted in their struggle until their quest for freedom and justice was accomplished. We are no different, our cause is no less worthy, our determination is no less profound and our patience is no less abundant.

Our message to the Muslim and Arab nations is this: you have a responsibility to stand by your Palestinian brothers and sisters whose sacrifices are made on behalf of all of you. Our people in Palestine should not need to wait for any aid from countries that attach humiliating conditions to every dollar or euro they pay despite their historical and moral responsibility for our plight. We expect you to step in and compensate the Palestinian people for any loss of aid and we demand you lift all restrictions on civil society institutions that wish to fundraise for the Palestinian cause.

Our message to the Palestinians is this: our people are not only those who live under siege in the West Bank and the Gaza Strip but also the millions languishing in refugee camps in Lebanon, Jordan and Syria and the millions spread around the world unable to return home. We promise you that nothing in the world will deter us from pursuing our goal of liberation and return. We shall spare no effort to work with all factions and institutions in order to put our Palestinian house in order. Having won the parliamentary elections, our medium-term objective is to reform the PLO in order to revive its role as a true representative of all the Palestinian people, without exception or discrimination.

Our message to the Israelis is this: we do not fight you because you belong to a certain faith or culture. Jews have lived in the Muslim world for 13 centuries in peace and harmony; they are in our religion “the people of the book” who have a covenant from God and His Messenger Muhammad (peace be upon him) to be respected and protected. Our conflict with you is not religious but political. We have no problem with Jews who have not attacked us – our problem is with those who came to our land, imposed themselves on us by force, destroyed our society and banished our people.

We shall never recognise the right of any power to rob us of our land and deny us our national rights. We shall never recognise the legitimacy of a Zionist state created on our soil in order to atone for somebody else's sins or solve somebody else's problem. But if you are willing to accept the principle of a long-term truce, we are prepared to negotiate the terms. Hamas is extending a hand of peace to those who are truly interested in a peace based on justice. <https://www.theguardian.com/world/2006/jan/31/comment.israelandthepalestinians>

This conflict will end when the rightful owners of over 90% of Palestine are either returned to their homes or compensated for their loss.

Say what you like about the Nazis and their crimes, but the Nazis never bombed hospitals full of Jewish children. No Jew went hungry in the "Concentration Camps".

No Moslem ever spat on a Christian priest in Jerusalem. Jews are doing it every day and justify it as a Jewish tradition. Don't dare to critique Jews or challenge the highly fabricated Jewish history. You will be finished.

I'll quote myself from the open thread here:

'Speaking for myself, nearly twenty years ago I came to the conclusion that a statement from Israel merely indicates what Israel would like you to believe. It might be the truth, or it might not — Israel saying it is so does nothing to make it more likely. So of course Israel will deny she bombed the hospital; that does nothing to demonstrate she didn't. It merely demonstrates it dawned on her it would be a bad idea for people to think she bombed the hospital.

Another point is that Israel's lies often aren't even intended to be believed by the critical or independent observer. They're merely manufactured to reassure those who need to believe: JackD et al, Wolf Blitzer, and so on. Take this nonsense about a Hamas rocket killing five hundred. Find me one instance of a single Hamas rocket killing five hundred. Five, maybe. Not five hundred. That lie not merely doesn't convince me; it's not even meant to convince me. It's for JackD.'

Israel's 'culture of deceit' goes back longer and dives far deeper than the political machinations of the newly-hatched Zionist entity.

What we've witnessed from organized Jewry over the past century reminds us of an even greater threat to America and the West. It is larger than the boundaries and ambitions of Israel.

Here's a disturbing overview of what a tribe of savvy and unified charlatans can accomplish in one century alone:

There is nothing in the arsenal of Hamas or Islamic Jihad that could have replicated the massive explosive power of the missile that killed an estimated 500 civilians in the al-Ahli Arab Christian Hospital in Gaza. Nothing. If Hamas or Palestinian Islamic Jihad (PIJ) had these kinds of missiles, huge buildings in Israel would be rubble with hundreds of dead. They don't.

The whistling sound, audible on the video moments before the explosion, appears to come from the high velocity of a missile. This sound gives it away. No Palestinian rocket makes this noise. And then there is the speed of the missile. Palestinian rockets are slow and lumbering, clearly visible as they arch in the sky and then tumble in free fall toward their targets. They do not strike with precision or travel at close to supersonic speed. They are incapable of killing hundreds of people.

My condolences to all who were slain or have perished under these circumstances.

I do disagree with Mr. Hedges' Assessment of this Scenario.

Multiple Sources from Multiple Sides including the Al Jazeera Footage – along with the IDF – have debunked this.

Dreizin Report, Citizens' Free Press (both Zionist Sites; but still listing Facts for this case), Telegram+X Feeds are listing them daily.

IIRC, Islamic Jihad launched the Rocket Barrage, at least one Rocket broke up mid flight and crashed. Flight path over the Hospital. IDF claimed not to have anything in the Air at that time.

Photos show of the Parking Lot being the Site of the Crash – with Victims gathered within the blast+fuel_burning "Areas of Effect". No Crater, no demolished buildings, no evidence of Secondary

Explosions. Plenty of Burnt Cars in the Lot. I understand that Hamas/Jihad Comms discussing the Mishap were released as well.

No formal Tally of those Deceased from the Rocket yet. Hard to fit 800+ Persons in the Lot, since the Bldgs surrounding the lot look scorched yet standing.

I don't know about the general situation in the Gaza Strip and surrounding Israeli Regions in detail; but clearly the Hospital Incident appears to be not of Israeli Origin.

If evidence/data/docs/pics that claim to prove otherwise appear Publicly – I'll be glad to review them.

IMHO – too many people “jumped to conclusions” on this – too quickly; and Non-STEM Major Mister Hedges clearly made an Amateur Assessment on the matter.

Disturbing still is the fact that many MSM did the “Lemmings Run” with those who condemned Israel/IDF immediately.

Great article, Chris, and exposes the horrifying. Tells us who the real terrorists are.

The books of the Apocrypha, missing from the KJV but found in the Jerusalem Bible (Roman Catholic translation) include the Maccabees. They describe, promote, the mass killings by them of all Greek-speaking, assimilated Jews.

Something similar happened in Europe in the early 1940s. European Jews, assimilated, not wanting to move to Palestine, were to be exterminated indirectly, many were by trickery, and huge lies, including a massive number, six million, were invented.

And that is behind the lies you have exposed. Lies, lies, lies.

Now, let "Israel" be a democracy. End apartheid. Equal rights for all subjects.

Wow, I knew that the IDF are the world's best torturers and terrorists, but I am shocked at just how feeble, fragile and fearful they are when it comes to fighting proper – “boots on the ground” as they say.

They've fallen to pieces without even meaningfully engaging a not exactly well equipped enemy and the prospect of a wider and real ground war scares them silly. I mean, the U.S. had to step in to prop up their morale. Uncle Sam says “We've got Hezbollah and Iran, you stick to women, children and hospitals.”

So much for all the threatening Israeli trash talk in the inter-war years – it's all pseudo psy-op crap.

WHY do they lie with such easiness..FOR JEWS THEIR

and they are morally justify...They shoot a reporter in the head in front of many people and they say its was her fault, or it didnt

One of the disadvantages of using pilpul as the chief means of settling disputes is that the idea of truth is lost, subsumed as a minor part of winning. The West has something similar, “To argue well is the end of Reason”, but that’s different from pilpul, which is the verbal equivalent of winning a chess match by pulling a .45 handgun and demanding your opponent’s immediate forfeiture and his reporting his loss to be result of poor Chess play on his part because you know where his kids go to school.

Note that pilpul is not exactly a universal Jewish method of theological debate. The method is rejected by Sephardic Jews (Note <https://www.huffpost.com/entry/what-is-pilpul-and-why-on-b-507522> and that its author is Director, Center for Sephardic Heritage.) It was an Ashkenazi invention, and may be unique to the Ashkenazi diaspora, about half the worldwide Jewish population.

There is an analogy with the predator-prey population theory (<https://www.mcgill.ca/newsroom/channels/news/perpetual-predator-prey-population-cycles-303632>), The effectiveness of deception/pilpul depends on naïve prey. An operation as large as, say, COVID, or the current drive to castrate/spay children and arrest objecting parents as terrorists, or the attempt to end enforcement of criminal law, seriously depletes the population of the naïve. And you get cycles, just as in the predator/prey cycle.

Again, the current Israel/Gaza conflict appears to be the end of the Ashkenazi dominance, worldwide. The Ashkenazi have lost their dominance of the US to the Black coalition, which has made the Ashkenazi legally White and thus an oppressor class. Further, counterproductive foreign policies promoted by Neocons appear likely to force Europe into ending its alliance with the US and

forming an alliance with the Russian Federation. That would mean the end of the US Empire and the ability of the US Federal government to borrow money to implement Ashkenazi policies and pay Ashkenazi supporters. It would also mean the end of US ability to support expeditionary forces, although probably not the ability of the US to support blue water naval forces.

Ashkenazi dominance is being seriously contended within Israel itself. Mizrahi and Ethiopian Jews are the rival groups. It seems likely to this author that these two groups will prove as loyal to the Ashkenazi in Israel as the various immigrant groups and the Blacks proved loyal to the US government in the Vietnam era and since.

This suggests that a prolonged Arab/Persian oil boycott will eliminate Western ability to intervene in Israel, resulting in the formation of a Mizrahi/Ethiopian/Palestinian government within Israel, and the effective end of Ashkenazi rule. For those of you who say this is impossible, I simply point out the similar situation in the US at the Federal level.

Nothing lasts forever but the Earth and sky (and even they will vanish in about 1.5 billion years). The Ashkenazi offensive was successful in the confusion after WW II, and has been able to considerably damage its enemy, the former Christendom. Looks like the Ashkenazi version is in serious trouble, though.

The Israeli atrocities seem to go far beyond punishment, deterrence or even "ethnic cleansing" of Gazans. They keep piling atrocity on atrocity and maybe their main aim is to upset the Moslem world and start a widespread war. But multiple agendas are afoot. Some weeks back, analyst Ed Dowd, who has done a sterling job of documenting the covid vaccine deaths and injuries, predicted something big might be provoked to cover up the emerging awakenings. Most people now know someone killed or injured by the vaccines and many suspect it just ain't long covid. The distraction has worked well so far, if so. Only Gaza is on the news.

The lie that is kicking me at the moment is that of leftist prevaricators (like Hedges and Cook as examples).

For decades I have heard, and still hear the description of Israel as a vassal state beholden to the USA, or a beachhead of American imperialism, or Israel as 'America's unsinkable fortress in the middle east'.

Anyone who suggests otherwise is denounced by Leftists as antisemitic (irrational, bigoted, racist). Yet reason and study of history can lead the reader and the thinker to no other conclusion than that Israel, at some level, pulls the strings, is on its own mission, is not a secular state, is not acting in America's interests (anyone's interests), is time and time again at the center of the most egregious crimes of all nation states.

Israel is the pariah psychopathic state, founded by a mafia which itself is deeply rooted in ancient supremacist thinking.

After the zionist, supremacist maniacs, it is the Leftist writers that I hold most responsible for this horror show. The latter have put idealism before simple truth and they have helped suppress the historical facts that give us full perspective on Israel's role and ambition in the world. They have effectively blocked many well meaning people from considering the religious and identitarian origins of the politics that prevail there.

There is never a good reason not to learn about something.

I'm sooo sick of these articles. They list shite, but offer no solutions.

Yes, yes: we all know Israel is hellacious, filled with twisted christkillers, peen choppers, and donkey fellators. So what? What's being *done* about it all, other than more talk-talk-talk?

The only thing most Palestinians' supporters do is **list** the endless shite they let happen.

It's like Republican Senate hearings. Nominees waste time with "Thank you for that question, Senator" jive, then lie, deny knowing anything, stall, filibuster, use non sequiturs, etc. and *still* get the job.

Republicans are all talk, no action.

So are most pro-Palistineers.

It's discouraging, angering, alienating, and enervating. I'm ready throw in the towel and just watch movies.

What's the point of hearing about horrors you can do nothing about?

How many "incursions" have Zionazi bullies made so far? Why don't Arabs retaliate by detonating planted 911 bombs in Tel Lies/Aviv?

Also, why do Palestinians want to go back to **1967** borders and not the "halvesies" the UN proposed in **1947**?

What use are Arab countries? Why do they let this happen?

Where is Iran and its Hizbollah super-ninjas? Why make/smuggle/accumulate/store weapons that aren't used? Muslims seem on a 1,000-year plan to aid Palestinians.

And what's up with Palestinians *never* countering "terrorist" slurs?

HINT: no one cares when *terrorists* are slaughtered! If an aspersion is made, and you don't rebut it early and often, it sticks.

Instead of mastering modern media...in a Media War!...they walk to border-fences, get crippled for life by soul-less, sadistic snipers, and think the world cares. Ijits! No one thinks it's "brave." They think it's stupid.

And why are Judenoses allowed to have walls, secure borders, and no new non-Jew refugees?

Why are they allowed to kill free speech and forbid all objective investigations of the Holycost Myth?

Adolf knew Jews (1) never change and (2) only understand pain-force-death. He acted on that wisdom.

Most of the folks I once thought sane (Jordan Peterson, Megyn Kelly, etc.) turn out to be *Israel uber alles* rump-swabs.

I feel it's Stalinist times. Resistance is not only futile, but dangerous. Plus it's often resented by the very folks yammering for help. Like getting involved in a domestic dispute: you never know who'll turn on you.

Methinks it's best to keep one's head down and let the world devolve into a huge stool mound.

Imagine living in Rome when the Empire began to decline. What would you have done? The decline would happen over many, many lifetimes. Would you go daily to hear the bad news announced? Or, as Harry Browne urged, find a way to live free in an unfree world?

Having read a ton of Levantine history, I fully support the Palestinians. Yet so what? It's like Covid: millions more folks have different views. And are likely to be karens fond of cancelling those with different views. Plus (again!) Palestinians refuse to master cybermedia.

| The Big Lie — Große Lüge — feeds the two reactions Israel seeks to elicit —
| racism among its supporters and terror among its victims.

One of the silver linings to the cloud banks of this Gaza genocide, is that it reveals the absurdity of the Jewish “Holocaust” and “Nazi” narratives. When Zelinsky the Jew is a Nazi, when Bibi Netanyahu is a Nazi, when the IDF makes even the SS look humane, then there is clearly a massive disturbance in the narrative.

When every Israeli citizen alive has a grandfather or aunt or uncle who “survived” the holocaust, and there were not even 6 million Jews in Europe during the war, then it slowly becomes clear that genocidal occupiers of Palestine were not the ones who suffered from a “holocaust”, but that it is these Khazarian invaders who are trying to “holocaust” the Palestinians.

Chris Hedge’s entire lefty socialist persona is built around the vilification of evil racist antisemite Nazis. Yet now clearly it is the semites who are the “real” “Nazis”.

Any true and honest person would have to take a step back and re-triangulate when confronted by this tangle of contradictions. If Nazis were bad because they were racist anti-semites, but now it is the semites who are the even worse racist anti-goyim nazis, then the Nazi’s then must have been good nazis because they were fighting the semites who all along were really the bad, racist Nazis.

But Chris Hedges cannot go there, he is a marxist to the core.

- A spokesman for Citi branded the comments 'revolting' and said hate speech would not be tolerated in their bank

And one of America's most prestigious law firms rescinded job offers on Tuesday for three students who put the blame on Israel in the wake of the Hamas terrorist attacks.

Davis Polk reversed employment offers to those the company reportedly believed led organizations at Harvard and Columbia universities that issued statements blaming Israel for the violence.

The Big Lie — Große Lüge — feeds the two reactions Israel seeks to elicit — racism among its supporters and terror among its victims. The Big Lies fosters the myth of a clash of civilizations, a war between democracy, decency and honor on one side and Islamic terrorism, barbarism and medievalism on the other.

But Jews and their supporters say Jews are victims of racism and terror, and the White man bears foremost responsibility... unless that was a Big Zionist Lie also. And I maintain it was. The Marxist revolution in 1917, WW1 and Ww2 were all Jewish instigated atrocities, as was the overhyped “Holocaust.” The White man bore the brunt.

So the Jews were ostensibly kicked out of Europe and brought their bag of tricks to the Middle East, where another set of “People of the Book” lovers were pre-primed to fall victim to their psychosis.

But in reality, the Cousinhood was running the whole show from the power centers of the Anglosphere, and as we can see, still is. Joe “I am a Zionist” Biden and the entire kosher Congress are the proof (as if we didn’t already know).

Isn’t it amazing what an entire nutcase religion/race/ethnicity can accomplish by getting its adherents on the same (lying) page, using them to infiltrate the centers of power, and then simply letting their mental illness run amok, and then laughing about it?

6 million psychotherapists or 6 million full frontal lobotomies couldn’t touch what ails them.

Either way buckle up for a roller coaster ride with some of these demonic, totally psychopathic, diabolical, sinister, pathological liars and corrupters of mother earth. You reap what you sow.

Tel LIE vised 911 EvangeLIED are being taken for a ride by way of Deception to think Jesus Christ died for their Evils. Everyone shall have to account for deeds, either good or evil to enter Paradise or eternal abode in Hell fire.

The infuriating thing about 9/11 and the multitude of lesser false flags which both preceded and followed it is that, although most Americans know it was as phoney as a three and a half dollar fed reserve note, everyone seems content to put up with the extremely phoney “war on terror” it was designed to create and which has already destroyed a hand full of countries in the world, caused the murder of upwards of two million people, mostly using U.S. military, and turned the U.S. into a ruthlessly insane police state wherein everyone is made to obey patently unlawful statutes in the name of “emergency” while the ruling elite has quit obeying any laws at all while gathering a massive military presence to cow the now restless and resentful public.

What they don't tell you often on legacy media- to not shame the USA and Israel- is that the oldest Christian church in Gaza ,built in the 300 s AD and close to the Baptist Hospital was also destroyed by the Israeli strike. St Porphirius. Please look it up. Hundreds of people were both sheltering in the church and its courtyard. Also don't tell me it was an errant Hamas rocket. It was Israeli, they knew what they were doing ...and did it. There is too much scientific evidence saying so.

The US and the EU lied and covered up for Israel , as they did in 1967 with the Liberty.

The biggest lie relates to Ersatz Israel itself and the “history” of the Old Testament. Not a single event in the Old Testament occurred in tiny fake Israel of today. Not one. Exodus 3:8 says, “And I am come down to deliver them out of the hand of the Egyptians, and to bring them up out of that land unto a good land and a large, unto a land flowing with milk and honey; unto the place of the Canaanites, and the Hittites, and the Amorites, and the Perizzites, and the Hivites, and the Jebusites.” No one who takes these words as true would call tiny, desert-like Ersatz Israel of today “a good land a a large” and “flowing with milk and honey.” People believe it because they have learned lies about everything, including history, geography, and much more. People want to believe lies because they bring comfort.

Thanks for posting this link. I started reading it but had to stop. It's just too painful. My eyes were too full of tears to continue.

I was born two years and two weeks before Professor MacDonald, and so have been a first hand witness of the catastrophe he describes and analyzes in his great trilogy.

The catastrophe was well advanced long before my birth of course. It was well underway by 1900. What Professor MacDonald and I have witnessed is its final phase.

What's the point of going on with this comment...

The internal logic of the leftist who goes against Israel because they perceive of it as a military base for Western imperialism is at least ideologically consistent and the conclusion for further action correct enough.

But as you pointed out the pure leftist can't just call a Jew a Jew. He's got to call the tribe, swindlers, liars, thugs, butchers, double dealers etc. Can you blame Hedge's for flinching slightly?

You can't have everything. There's no pleasing some people.

We can sense the same Jewish “Revolutionary Spirit” in the assault going on in virtually every aspect of our existence. Whether it is wokeism, climate anxiety, vaxx, feminism or any of the deep state wars, the same mean spirited judaic lust for vengeance permeates through all of them. The same in-your-face lying, corruption, sabotage, waste is tangible in all of these Jewish offensives against our culture. The same flavor of Jewish nepotism, money laundering, tax evasion, and in group preference is on display.

When something staged event happens that is NOT controlled by Judea, some non-WEF/UN/Nato/EU gathering, they always have a different feel or ambience. Take anything Putin or Lavrov do, or the recent Brics gatherings. For one thing Antony Blinken cannot proclaim his jewishness in an event he doesn't attend.

This nasty stench of Jewish deceit now permeates all the governments of the west. After the Hamas attack was staged, all the satraps of ZOG paraded to Tel Aviv and Jerusalem and made absurd kow towing statements to the Jewish Rabbis, just like they do at their usual WEF and UN events and at G7/20 gatherings. They all lie and say the same platitudes about “standing with Israel”, “common values” and “democracy in the middle east”.

The hollow Nato mantra that their “just” Ukrainian war was fought because the west had to stop Russia from swallowing Ukraine has now been eclipsed by the harsh reality that if the Jews are not stopped at Gaza then Palestine will have suffered a real “holocaust”. Nato fantasy vs. the hard reality of Jewish greed and deceit.

We should thank the author and Mr. UNZ. This report is absolutely incredible. UNZ is an unbelievably brave individual and we should all symbolically take our hats off to him, as we should to the author.

I resided in Eastern Europe for several years. Many of my very best friends were journalists, editors, and politicians. All knew the score. They comprehended what the author and Mr. UNZ know; mainly, who runs the show. One of my very best friends for years was a congressman. He was a helova nice guy and was down to earth. He wanted me to work in La CessPool Grande, but there's more to life than just green bread. Anyways, his environment kept really hurting him psychologically due to seeing what was going on. He would always say that the USA was a satellite of Tel Aviv. He used to refer to television as TelAvivza. It's a fact that US politicians jump through hoops, becuz they know who's the master of American elite society. Those who are willing to shoot down the majority of people, such as Hannity of Fox News, advance far beyond their abilities.

I had to leave Eastern Europe because of a revolution. I had children. When coming back to the USA, the country was traveled for nearly a year on motorcycles. The change to what was once very nice large metropolitan regions (cities) was astronomical. Only one thing remained the same, and that was the astronomical influence of the tribe.

Today masses see the western world from the eyes of an entity with centuries of experience in manipulation. Becuz of chosen networking, the most incredible evil in the history of the world

keeps using countless millions via brain washing... It's all about successful endeavors by what Eastern Europeans used to refer to with the utilization of code names, such as "cosmopolitan."

I would suggest, by all of those who have time available, to read the books by Professor Kevin MacDonald and my old now deceased friend and author Wilmot Robinson. He utilized as his nom de plume the label of "Robinson" for the obvious reasons. Lastly, one can only imagine what the author of this article must've seen during his years in the Middle East. Sto Lat to him (may he live a hundred years).

| Israel's Culture of Deceit

Well, Mossad's motto isn't **By Way of Deception Thou Shalt Do War** for nothing.

But how long before it becomes simply the **Jewish Culture of Deceit?**

How long before *White Supremacy* is seen for what it is, a laughable unreality used to conceal the actual reality, **Jewish Supremacy?**

How long before the range and attributes of that Culture Of Deceit (COD) are completely exposed and shown to include everything associated with the word Culture, from its history, patterns of behavior, mode of explanation, and how all of these things and more play out in their interactions with the world and how the rest of the world subjects that COD to the same scrutiny and criticism that the JCOD subjects every other culture to?

Actually, not the same scrutiny and analysis, because ours will be more honest, especially since we won't spare ourselves in that regard (when have we? After all, unlike them we're capable of self-criticism). Well, this is TUR. So, the short answer to the above list of *How long?* questions is Right Now!

Here is your solution. Kick everyone out of Jerusalem. Declare it a UN Heritage World Religion Park. Open 6 days a week, \$73 to park, \$14 for the shuttle, \$170 at the gate. Upgrades and group packages available. Rotating weeks between Christians, Jews and Muslims. Parties are required to negotiate trades among each other to synchronize schedules to their own religious events. The big question is beer? Fundraising will be a contest to decide whether beer will be available in the park, with the fundraising winners deciding.

The result of 2,000 years hunched over the Torah, arguing, is that what evolved is a level of verbal fluency, trickery, and flair for contentiousness that will almost always outmatch the non-Jew. The above unfortunately overcomes high competency in sitting down to organize persuasive articles, and that is especially true in this modern age that has produced the technology to showcase verbal skill. “Lying” does not succeed in a vacuum. It is intertwined with possessing the verbal skill to propagate the lie. (I am frankly amazed that Israeli soldiers are able to say “yes sir” and follow orders, rather than attempting to negotiate the order, which surely must be their instinct. Boot camp cures that, I guess.)

In the history of recorded warfare, only Israel is expected to behave like a Quaker Girl Scout/Lover when they are conducting a **war!!!**

Israel is at war with the Palestinians. Less than three weeks ago, Hamas crossed the border and slaughtered Israeli citizens. This is because the charter of Hamas calls for all Jews to be murdered. Indeed, since Israel was established, it has been at war with neighboring Arab countries. Both countries are at war. Likewise, Palestinians are contained because they have open, clear designs to murder Jews. Full stop.

Therefore, what would you expect Israel to do? Send them a tray of cupcakes and a bouquet of wild flowers?

I am not a knucklehead (bring it) but I am aware that Jews can be strident trouble makers who scream out as they strike you.

But if we use the author's logic, should Japan in 1941 have taken out an ad in the Times that said: Hey Guys! Just a heads up. We are going to attack you in one month to weaken your naval strength and capture strategically vital oil supplies. Just wanted you to know!

This chain of reasoning is demented. A more honest, refreshing take?

"I hate Jews. For reasons I know and do not know. I don't like how they meddle in US policy, make obscene mounts of money, have dual citizenships.... I hate their guts and want them to die". This is a more honest take.

But stop pretending that countries engaged in warfare are supposed to be paragons of honesty and kindness.

It's war.

This sacrifice the Palestinians are making is not in vain

More than ever the Palestinians are exposing to the entire world the true evil that is Israel and its ilk

With this surprise attack Palestinians have create a situation where the criminals behind Israel have to come out into the open for the first time ever in the US

Up until now they have ruled by deception

Nobody loves these people for themselves (including fellow Israelis) they have no base of support among the average people (except for lunatic Christian Zionists)

The whole Israeli movement is top heavy, Israelis and their ilk circulate among the jet set and not the grimy working folks who they fear and despise. .

Even the average American who uses bug logic to determine the truth can not help but see that the Israelis would not hesitate to do to them what they are doing the Palestinians if they refuse to lick the Israelis boot.

Full disclosure: I have respect for Chris Hedges and Norman Finkelstein and I think the article is important to help dissolve some of the confusion surrounding the hospital event. It's worth restating that bombing hospitals is not something new to the Israelis.

I am however disturbed by Mr. Finkelstein's invoking abolitionists to illustrate parallels to current events. Particularly quoting William Lloyd Garrison who isn't really the best example of morality available. In fact maybe the worst taken in context. See "The Road To Harper's Ferry" by J C Furnas for more on this and others of the abolitionists as well as John Brown. More importantly, if you are looking for parallels, consider what part they contributed to the Civil War and 600,000 American deaths.

Hedges and Finkelstein will probably get in trouble for this. We are all in trouble now...

Where this is heading is anyone's guess. One wrong move and the ME goes up in smoke. The protests are spreading globally and even in schools and yet the Joos double down on the violence and lies.

What are 2 carrier groups doing in the East Mediterranean ? Are they going to take part in the violence against Gaza ? If so they themselves become targets and these toys are expensive ! Their presence there just inflames everyone as the US is once again seen as supporting the oppressors.

If talented Generals fear a 2 front war Field Marshal Floyd Dustbin must have the IQ of a flea. The US is riling up Russia to the East, China to the West, Iran to the SouthWest. Turkey and the rest of the ME is a powder keg waiting for the American match. To the South, Venezuela is massing troops on the Guyana border claiming most of the western territory and oil fields (Exon controlled) as their own. The Chinese are well entrenched in Cuba.

Internally there is inflation, crime, drugs, political corruption, open borders and millions of refugees now in the US. Who are they ? Men of military age, that is all we know ! Millions are being paid out to these people along with billions to Ukraine and Israel.

Israel, in being ultra belligerent, is wholly dependent upon a brain dead, reeling, one legged, club foot bodyguard called Captain America. If the Captain falls or turns his attention inward to ensure his own survival, Israel will be doomed.

The Jews cannot be too smart ! They should take a break from counting money to do the math. 9M Israelis cannot prevail over 2B Moslems no matter how many Nukes they have.

As always the Jews push and push until even the most patient and tolerant lose their shit. We seem to be close to or at that stage right now. The world has had enough of these people just like 109 other countries throughout the ages and the final reckoning after years of zionist abuse is going to be unpleasant.

Let us never forget the role of the “West” in all this. Matthew Ehret has a great essay this week on “The Canadian Patriot” reminding us of The Blair Doctrine of 1999, in which then PM of England, Tony Blair, said that in this new “age of terrorism” we need a superior doctrine which allows for the periodic bombing of nations you don’t like. “This new age of humanitarian bombings would be called “the post-Westphalian age.”” Says Ehret. (You may want to brush up on the Peace of Westphalia of 1648—most interestingly, 300 years before 1948 when the Zionist state of Israel was brutally birthed!)

In his Revisionist History Newsletter #2 of 1997, Michael Hoffman writes: “The British Empire was steeped in two fonts of hereditary cunning: Judaism and Freemasonry. That is why, outside of the Khazars themselves, the British elite are the most treacherous and fiendishly clever plotters in the West, having immersed themselves in Masonic sorcery for centuries and having inter-married with Jewish immigrants who entered the country surreptitiously under Queen Elizabeth I and in massive numbers under Oliver Cromwell (whose Republic the Khazars quickly dumped in favor of the restoration of the monarchy.” (That would be Charles II, son of beheaded Charles I.)

Now really does seem to be a good time to bring T.S. Eliot back into our reading practices—not only “The Waste Land” (1922), but also “Choruses From the Rock” (1934) and “The Four Quartets” (1943). Those familiar with the histories of the earlier World Wars will recognize the significance of these dates. Not only was Eliot the friend and defender of the much calumniated Ezra Pound and his stance against usury, his poems are also themselves testimonies against our financial customs, which may bring down

the world. (I can't resist adding that for a wonderful description of all this, readers might want to pick up all of Charles Dickens, but most especially "Nicholas Nickelby"—in which the character of Nicholas's uncle Ralph Nickelby, gives the most sinister and haunting description of the world of usury finance I've ever read—this work was severely woke/white-washed in the PBS rendition of 1982—ancient history, I know, but an important part of Western brainwashing.)

I'll close with a line from Eliot's "Four Quartets" from part V of the last section called "Little Gidding": "What we call the beginning is often the end / And to make an end is to make a beginning."

May the citizens of the United States of Amnesia please wake up and learn again how to read.

And oh yes! Let me recommend reading "The Grand Inquisitor" from Dostoevsky's timeless murder mystery, "The Brothers Karamazov"—there may still be enough time!! Dostoevsky thought Dickens was the greatest writer ever— you decide.

Some aspects I think most important about the article may not be what others see, one of them related to first paragraph, founded on lies, should be seen as basic, a reality step back. The constant deflection by schemers to point away from themselves, using memes such as 'handful of eleeetz' or 'deep state' nonsense, or 'israel controls govt here', or 'rothchilds', etc, is beyond nonsense by now. Obviously, the cons here setup 'israel' to begin with, therefore obviously, 'israel' doesn't control anything here. The cons who scribble paper 'laws', and people continuing to go along, is what makes the situations what they are, here, and everywhere. Until people stop going along, the schemes continue.

Few other thoughts, on language, this - ' Since the Oct. 7 incursion into Israel by Palestinian resistance fighters .. . '

– resistance fighters is example of real wording, and many other examples in the article. To change anything, influence others around us, using real language is everything. Media, govt, others, constantly use inverted scheming language, such as on 'hate' nonsense etc, when hate is necessary to be alive. Language is strength and can impart strength to others, who by repeating, pushes it further.

On one hand it's important not to let the israel situation derail what we should be focused on, which is the tyranny here, though that said the article as end to end real language, the number of lines using viable cutting language is worth noting.

Also as side note, the article writer, Hedges, is one of the individuals who brought a case on/against the 'ndaa', which the supreme court refused 'hearing', siding with govt claims that Hedges et al 'had no standing', meaning, people here have 'no

standing' to defend against govt accusations, –such that anyone can be hauled off to some hole without 'due process'. Not that 'courts' have ever been for the purpose assumed, and in fact in my opinion were set as a trap from the beginning, though won't go further on it here. Just thought to note on effort, refuted effort, similar to his other experiences in article.

A point would be, futility of the few, is about not enough people making any effort, on anything, which makes consequence on all of us.

To that, the article writing is again good example, worth saving link to re-read as example of real language, to use more of it ourselves.

Appreciate the article, and other effort.

Chris is interesting to read. He's a throwback liberal from the 1930's preaching his social justice gospel. He is still terrified that those "Fundamentalist fascists" are going to be taking over the US any day now. What a howler.

Here is what H L Mencken would say about Chris if he were around today:

“(Chris has) tried to get rid of all the logical difficulties of religion, and yet preserve a generally pious cast of mind. It is a vain enterprise. What they have left, once they have achieved their imprudent scavenging, is hardly more than a row of hollow platitudes, as empty [of] psychological force and effect as so many nursery rhymes. They may be good people and they may even be contented and happy, but they are no more religious than Dr. Einstein. Religion is something else again—in Henrik Ibsen's phrase, something far more deep-down-giving and mudupbringing. Dr. Machen tried to impress that obvious fact upon his fellow adherents of the Geneva Mohammed. He failed—but he was undoubtedly right.”

@Lemmy Tellyuh

The Roman Empire was more decadent at its very heydays and even during the Republic than during the decadence proper, plus it inherited an already terminally decadent culture it deified when their most exquisite elite chose Athens as their favourite deluxe pedophile touristic resort. Moreover the decadent sensate aspects of that culture are after all more enjoyable and more useful in the long run for the betterment of civilization — it gave us the Italy of La Dolce Vita as sung by Fellini and others — than the progressive and idealistic aspects of that culture that were über-barbarous.

When you say it's Stalinist times you've got it right : it namely means that the Zionist tyranny goes far beyond the interests of Jews proper and is now at the point when it turns against more and more Jews and pro-Jews of the older idealistic phase of the installation of Zionism : Chris Hedges himself is of the old school kibbutz Zionism when the neocons were still Trotskytes.

Nowadays' Zionists no longer harbour objections against brutes with a strong Nazi past — has Trudeau suffered anyhow from the standing ovation his government offered to a former Waffen SS ritual executioner? — in the same way the Stalinist system rapidly ended up hiring in priority bureaucrats and professionals of experience from the late Czarist times provided they be corruptible like they had always all been and turn into something by no means different from what a Czarist system would have been when given electricity and technology.

From the times Stalin ordered Ivan the Terrible movie from Eisenstein you could say that the problem was no longer the Jews but Eternal Mother Russia of whose eternally nefarious and

benighted nature the Jews had only won as the best experts at incarnating it in a more modern, electrified form in 1917. Zionism owes its present-day most nefarious presence in America and in the world not so much to the Jews proper than to the Evangelicals who more serenely envision the end of the world than the end of corporate capitalism, but the problem is that the latter were the founders of all what Anglo-America started with as a culture, especially with the Mayflower Pilgrims and then with the conquest of the Wild West.

I agree with you it is no use supporting the Palestinian cause even though their cause is juster in theory. The Palestinian cause is very exactly the most modern equivalent of what the Amerindian cause was during the conquest of the Wild West. They also lost because they too neglected the main aspect of the game which was world media at a time when they could have garnered far more sympathies in the Old World had they mastered it and succeeded in thwarting the American dream which then was mostly a Jewish ideological enterprise : they preferred to concentrate into chivalrously beautiful losing wars against a superior technological force.

The reason for that is that for the most part the Amerindians were organized in mafias rather than in nations, or even worse : real spiritual Amerindian civilizations with a cultural heritage of note like the Hopis or the one depicted by *Dancing with the Wolves* were the tiny exception. Nearly all Amerindian “nations” being progressively reduced into concentration camps called reserves were strictly led by kingpins who prided upon the number of their own they sent to suicide missions to massacre White villages and in general did so in exchange for a hefty pay secured for them and their close gang either by Mexico, either by the British Empire, either by the French Empire (they were once somewhat successful because they

promised to those nations autocratic values far more in tune with theirs), either by Washington itself who used them to eliminate the most over-idealistic believers in the first American dream.

Same thing for the Palestinians : they neglect on purpose the world media because what motivates their bosses and most articulated spokesmen is the very pleasure and profit derived from raising future suicide commandoes, what they want to bequeath as a heritage is not a free Palestine but more jihad and their opposition to free speech in the West is if anything even keener than the Zionists'. Have any Palestinians subscribed to something like a Sufi view of Islam as opposed to Saudi-style militarism? Not a chance in hell. The Palestinians first identified with gulag Stalinism as a political ideal and then with war without end apocalyptic Islamic currents, in both cases for the best interests of criminal gangs having the monopoly of their nation-building process : their best dreamers dream either of a Khmer Rouge style state either of yet anothe Afghanistan : not worth the trouble. See what those brave militant anti-Zionists have just done of Sweden after many Swedes had welcomed them so as not to side with Zionists only.

Anyway the so-called Swedish model was always that of a willing and comfortably paid laboratory rat for the development of social control techniques for the establishment of the future NWO (they are paid to follow sexual education courses, to act as radical feminists, to make huge demonstrations against the use of fossil fuels ...), and they do it knowingly from paycheck to paycheck from the Nobel-sponsoring financial institutions.

In theory the Palestinian cause is the right one like the Amerindian was in America but when it comes to implementing it the actual Palestinian leaders have been anti-Western and anti-White professional grudgers and grifters like so many Mandelas at the

very best. Would you like your American state to accept two millions of migrants from Gaza were a stout anti-zionist governor to represent it? You know damn well that all they would do would be worse than what what Black gangs of the same size are doing and that they would have no qualms doing their misdeeds against too civilized American Whites in exchange for both Saudi and Jewish money.

Personally I don't dream of any kind of South African style Arab revenge in the Middle East. The best thing that could happen to those Jews as a comeuppance would be a Chinese takeover of the main sources of profit in the Middle East. When the main enemy military uniforms looming on the other side of their border are no longer Jihadi but Chinese, the most lucid of them know that it will be then that are really done for : that is what the French and Israelis combines experience together in Africa as of now, in two or three years most of road construction projects around Israel, except as a Macao style brothel and casino free zone, will be Chinese.

The Chinese are not antisemites, but they just have no special use for Israel in their own scheme of domination, they see the Jews like they see any Arab or Arab-like substandard nation looking far more a gang and believing they can get away from the necessity to work and be intelligent to make money by resorting to a deity choosing them for some mission. If they happen under some extremist group's pressure to build their infamous Third Temple in the hope it might mark the time when all nations come to devolve their financial assets to their only God, be sure that the East Asians have come to the due conclusion (that people thought to be so intelligent and full of Einsteins turns out to be like any Arab tribe after all, with an IQ a little above Blacks but nothing more) and that

all Jewish values crumble down to near zero in all East Asian trading places that will then be the only ones having survived the doldrums experienced by the West.

Israel holds all the cards. Faggots shouting from the top of their lungs from the peanut gallery isn't going to make a damned bit of difference. In the meantime, the delusional Palestinians are led to believe that if they bleed enough, Allah will come to the rescue, instead of taking their losses like a man (Mohammed did it in Makkah) and moving to Jordan to live under the rule of the Shorty. Why are they suckers for punishment? Who can defeat Israel for them, weak Russia or bombastic China in the face of the American might? The whole thing is a theater of the absurds!

Two things can be true at the same time.

Israel is a catastrophe and probably shouldn't exist in its current iteration. Yes, they lie, cheat, and commit war crimes.

But that's still not a justification for the existence of Hamas. Terrorism—the deliberate targeting of non-combatants—is morally depraved. So is using civilians as shields in military operations.

And saying the Israelis are terrorists doesn't excuse Islamic terrorism.

I appreciate Unz allowing a voice like Chris Hedges into the conversation, but I wonder if Hedges reads these comments and realizes the bedfellows he's aligning himself with, i.e. jew-hating nazi cunts.

One can oppose Israel and not be a jew-hater. Hell, loads of jews oppose Israel.

@Fiendly Neighbourhood Terrorist

That is the same treatment that American police officers inflict on their suspects while beating someone who is passively complying with officer demands, ordering them to “*stop resisting*”. “*The jew cries out in pain as he is striking you*”.

As American police departments have adopted israeli military tactics, even sending “trainers” to israel to “*see how its done*”.

The traditional American police concept of “*escalation of force*” has been replaced with the israeli “*command and control*” concept, demanding immediate compliance with the threat of violence and even death for non-compliance, *even if compliance is impossible to perform*.

A prime example of this is of **Mesa Arizona** police officer **Philip Brailsford** demanding that **Daniel Shaver** crawl on his stomach while keeping his hands behind his back—*impossible for any human to do*. **Brailsford** then murdered **Shaver** for “**refusing to comply**” with this impossible demand. The sad part is that **Brailsford** not only was not punished for his actions, but was rehired by his department so that he could receive a disability pension. The three police officers witnessing the murder were not brought to task for their inaction—watching the murder unfold while doing nothing to stop **Brailsford’s** abuse of power.

American police departments are fully using the israeli playbook when treating everyone they come in contact with. Even traffic stops are not immune from this treatment.

It would appear that “**we are all Palestinians, now**”.

@Brosi

In the united States of America today, it is becoming more and more obvious that we are no longer operating under Constitutional principles, which are supposed to be the *“law of the land”*.

We have been thoroughly *“taken over”* by corporations that operate under no “rules of engagement”, conveniently ignoring any semblance of operating within Constitutional principles. As it stands now, it would appear that because of their massive power inherent in their size, corporations are free to ignore Constitutional principles. Corporations “do whatever they want” with impunity. It seems that in most cases, *“no one can touch them”*.

Most Americans are unaware that, in many cases, corporations actually write the legislation that our *“public servant”* congresscritters enact into law. This has a toxic, corrosive effect on our system of government, relegating our elected officials and others to the status of *“yes-men”*.

Observe the unconstitutional COVID *“jab”* mandates that corporations happily complied with. Forcing Americans to ingest a foreign toxic substance *“jab”* under penalty of job loss is not only wrong but is un-American as well. Corporations went along with the government, threatening those who refused the *“jab”* with job loss to which they were partially successful.

Corporations can and do fire employees for no other reason than *“wrongthink”* perusing their employees’ social media sites so that they can rid those who do not subscribe to their notion of their *“corporate culture”*

Exempting corporations from laws that *“the rest of us”* are forced to comply with are un-American as well. Pfizer’s immunity from prosecution for *“defective products”* is but one egregious example of corporate malfeasance and outright criminality that is *“protected*

by law". Add to that, the whole "vaccine industry" is protected from liability for adverse reactions caused by their products.

Since under present-day law, corporations are considered to be "*persons*", it is only right that corporations be bound by Constitutional principles as well.

If I had my way, every corporate charter would have within its founding documents, the requirement to honor and abide by ALL provisions of the Constitution of the united States. Present-day corporations would have this requirement added to their charters. This requirement to abide by Constitutional principles would be enforced by state and federal courts. Corporations would then be protected from prosecution for abiding by Constitutional principles. Corporations would then be required to refuse to operate outside Constitutional principles. Such a change cannot come soon enough.

When you've told 6M lies, one more is a rounding error, but a single truth means the collapse of centuries of methodically constructed lies.

So in the morning when you sip your coffee with your NY Times and ask yourself "is it good for Jews?", will it be one more lie or the truth that brings it all down? The answer is simple. Another one it is. To the world. To oneself.

And if you really believe it, and want to desperately, it's not really a lie, is it? It's just the truth rebranded. Truth has many faces.

The reason Israel can lie with impunity is because Jews control the US — congress, media, finance, foreign relations, and basically all crucial areas. The reason Jews control the US is because there are enough corrupt and cowardly Whites (mostly WASPs) to support Jewish control, in order to extract some benefits for themselves. This alliance of corrupt Protestants and Jews and a U.S. population that is more than brainwashed — it's brain dead — makes for one of the most lethal combinations that can be imagined: it is driving the world into larger and larger calamities, which may culminate in the annihilation of a great part of humanity.

Breaking the back of this unholy alliance forged in hell, between Jews and corrupt White Protestants, is a *conditio sine qua non* to start releasing the stranglehold of elite Jewry upon the world that is leading us all towards Armageddon.

Your point makes sense!! A different explanation is always provided whether that alternative is rational or not!! If Hamas had rockets or missiles capable of blowing up large buildings they would be using them instead of rocks and rifles!!

Although lots of human beings are dead or injured from this latest calamity; but a lot of ordinary people are looking and learning about this whole situation!!

Israels bombs in Gaza kill mostly women, children, and old people; that is because the men are dead or already locked up in Israeli prisons!!

Israel can do whatever it wants in Gaza and the West Bank but Israel is wary of the Arabs in Lebanon and Iran despite Israel having nuclear weapons!!

Recently, Declan Hayes did an article about the nuns at a Gaza church and the great work that they were doing; I wonder if that is why the Israelis bombed that church yesterday??

I am not surprised at Hedges flinching. He is a former cleric and that is so fitting. The Left are in many ways the inheritors of Christian impulses, and like Christians, unable to see through the lie of 'Jewish Universalism'. As Guyenot says, there is no Jewish universalism, and only the opposite. Christians (and by extension Leftists) have enabled Jewish power through their worship of yahweh and materialism. Without Christianity, and its deranged beliefs, Jews would have either integrated or be an obsolete group of self obsessed narcissists that nobody wanted dealings with.

In the united States of America today, it is becoming more and more obvious that we are no longer operating under Constitutional principles, which are supposed to be the “law of the land”.

We have been thoroughly “taken over” by corporations that operate under no “rules of engagement”

I remember when Bill Clinton was running for President in 1992, my father called him a liar and I replied that it was time for one of our generation (boomer) to take power.

Well the boomers have turned out to be almost as big a nest of liars as the Jews. Both groups lie to themselves and each other so often that it has become normalized.

The Judeaification of the US probably really got started with Hollywood, but the newspapers and printing houses had already been in mostly Jewish hands for centuries. Radio further enhanced the Ashkenazi grip over US culture. Just look what they have done to Christmas.

Lying is common place, and accepted, in todays society. Lying in Hollywood, politics, banking, tech, big media and all our institutions is accepted. And there is no honor either, only a shabbez virtue signalling ersatz honor.

We have been Jewed, and we should take measure and hope from the degree to which Palestinians are prepared to sacrifice in order to resist Jewish hegemony and noahideism.

Jesus Christ brought truth to his followers in the New Testament.

However, Jews are directed by their religion, specified in the **Talmud**, to lie in order to get what they want. This is very advantageous for Jews because Christians treat Jews like Christians, expecting the truth from them. Jews, on the other hand, think Christians are stupid and Jews take advantage of Christians at every opportunity.

Eventually Christians catch on, it sinks in that **Jews are serial liars**, this is who Jews are, you might as well try to change the spots on a leopard.

The **problem for Jews is that serial liars begin to believe their own lies**—and hubris leading to disaster ensues.

My comments are about the church, the Saint Porphyrius, that was bombed, with civilians seeking refuge. The church was built around 400 AD. One of the most oldest in Christianity. Now, no more . I had tears in my eyes when I read up about this place. And what is the solution given to this by our esteemed US government? Safe zones. And what does that do? That means Israel can keep bombing. When our government doesn't give a flying banana about the bombing of a Christian church, they're no good in my book. All this so Netanyahu and his good friend Uncle Joe won't be brought up on charges and get thrown in the slammer. Despicable. Just despicable.

Amusing.

Mr. Hedges really seems to know what he is talking about and I will believe it.

Only point that I would call a fault, Human Rights Watch (like Amnesty, but for slightly different ideology) is a sham, long ago abandoned the stated principles and just became a Cold War tool and remains a tool that isn't really interested in, or is only very selectively interested in, human rights.

| But that's still not a justification for the existence of Hamas.

Yes, it is.

Now, clearly, you're interested in equity among contending parties, since you express concern for civilian casualties. Currently, the operative means of bringing that about is international law.

Here's what international law says...

<https://jacobin.com/2018/07/gaza-protests-israel-occupation-norman-finkelstein>

| The Palestinian people in the West Bank, including East Jerusalem, and Gaza are struggling to achieve their internationally validated "right to self-determination" (International Court of Justice). As preeminent legal scholar James Crawford notes, international law prohibits the use of military force "by an administering power to suppress widespread popular insurrection in a self-determination unit," whereas "the use of force by a non-State entity in exercise of a right of self-determination is legally neutral, that is, not regulated by international law at all."

Continuing...

| It might be objected that inasmuch as Israel is a belligerent occupier in Gaza, it has the right, under the Fourth Geneva Convention of 1949, to use force in order to maintain public order. But this objection falls on three counts. ...

The first is that Israel has failed to "provide for and ensure the welfare of the occupied population", abrogating that right. Second, the right of a people to self-determination is a peremptory norm (jus cogens) of international law from which no derogation is permissible. Third, Israel's occupation is illegal and thus, it forfeits any rights typically accorded a belligerent occupier.

Yes, “Israel is a catastrophe and probably shouldn’t exist in it’s current iteration” and Hamas is entitled to use armed force to affect that change.

Given Israel’s intransigence to date, we can confidently say there is no neat and clean way of doing this, and demanding it from Hamas ignores what international law clearly allows them to do.

Now, in anticipation of everyone who is going to talk smack about international law, I don’t really have any problem with such criticism, but if there is no agreed upon means of resolving this issue, then we’re left with two parties working problems out between themselves. In this particular conflict, then, Israel cannot complain of “terror” when it’s been the primary offender for over 75 years.

Variety?

When was the last time you read about the white male suicide epidemic in America?

What about the white male drug addiction epidemic which claims 54/100,000 white men in America?

<https://www.npr.org/2017/11/04/562137082/why-is-the-opioid-epidemic-overwhelmingly-white>

What about the 1,000 white babies that their mothers abort every day?

How about the millions of white people who have died from the covid vaccine?

Now ask yourself, why does Mr. Unz have FOUR writers conceded with finding out about the one white person a day In America who is killed by a black person (most of whom are domestic violence)?

Variety?

Baww-Hawww-Haww! I spit my coffee on my keyboard.

Bro, this is a black-news website that devotes, I would say 40% of its space to other things, I consider it a good mix.

You see, I know that if a black person ANYWHERE IN THE WORLD is doing something, I will find out about it here, no need to go to other sites, but also there is a smidgen of other news, occasionally something about white people.

Unfortunately the definition of corporations as persons endowed with full rights, and outside the constitutional law's limitations appeared under the very same pens that penned the US constitution. Corporations were namely defined by Jefferson as persons minus the limitations imposed to ordinary humans by the original sin. The First Amendment does not abolish censorship of ideas : it makes it into a private affair. It rather states that for instance a plantation owner can impose the religion of his choice to his employees and slaves and that the latter cannot appeal to the government to make the state's religion prevail instead.

| the pure leftist can't just call a Jew a Jew

That's because the pure leftist is a Marxist Zoglodyte who's entire shit-for-brains reality was formatted by ZOG, just as is the modern neocon/conservative shit-for-brains.

The jew figured out a long time ago that all it takes to buy off shit-for-brains is cold, hard cash, and so went about gaining control of the Central Banks, which it then used to gain control of the Central Government (using their own shit-for-brains tax dollars to buy off more and more Zoglodytes).

Zoglodytes have basically financed their own enslavement, and are financing the enslavement of their own children.

Now all of the semi-sane of these Zoglodytes are looking around and saying, My god, what have we done!?!

But we know what they've done: let the jews set up ZOG. *Helped* the jews set up ZOG. *Helped* the jews enslave their children.

So now for their families to survive, they've got to cuck harder and harder to jews, belly-crawl lower and lower, until eventually they'll be dogs eating their own shit, or snakes and reptiles and things that crawl in the night. Just like the jews have become. Just as it was foretold they would become.

If a jew, especially one of these "things" with any semblance of power and influence, has their mouth open, they are shitting out lies. They have subverted and ruined "Our" Hemisphere. And we allowed it with our faggot Aryan altruism.

Ordinary jews are no better. They were born and taught from birth to deviate and invert objective truth. That is, if they're even human. Which becomes more doubtful with each passing hour.

@Trumpeter

Good idea. It should be quite expensive at the gate, about like entering a Disney theme-park, but much more affordable for families and modest pilgrims at preset off-peak dates and hours, and dirt-cheap in guided groups. The whole Holy Land should be managed that way and Jews for instance should be allotted land and authorized to settle depending on the number of visitors and pilgrims' requests for a Jewish-centred guided tour rather than a Christian one or a Muslim one. Sodomites (LGBTs) should also be allowed as the main victims of the first Abrahamic settlement and have their guided tours and options for individual visits of both Sodom and Tel Aviv. Most of today's Jewish Israelis could thus see their right to settlement and employment preserved. Don't kick everyone out of Jerusalem but arrange its populations to take turns to match the religion and number of visitors. Trump should be entrusted with the building of the Third Temple which should be a one-mile high Trump tower. The five religions allowed as self-governing bodies in Holy Land should be Sodomism (the oldest one), Judaism, Mammonism (that of Trump), Christianity, and Islam.

‘Mr. Hedges forgets the most important reason why Jews are in Israel: They were promised this land by God. Ergo, a claim for Eretz Israel is a necessary part of their religion.’

Christians and Muslims both also claim to be the true Israelites, and so that land belongs to them instead. See the Crusades, for example. See General Allenby’s remarks upon the capture of Jerusalem at the end of 1917.

God promised the land to his true followers, who are either Jewish, Christian, or Muslim — depending on whether one is Jewish, Christian, or Muslim.

So religious considerations get us nowhere. Now, where were we?

Totally disagree. I became a huge Chris Hedges fan starting in 2008 when I lost all faith in the mainstream media and went to the independent/alternative media. I read hundreds of Chris Hedges' articles and three or four of his books starting with Death of the Liberal Class (first half was an excellent argument about how the liberal class had completely abandoned their representation of the 95% working class).

Then the Trump/Russia thing started in 2016. Hillary Clinton made clear she cared nothing about the domestic working-class issues, and her only priority was to get WWII started by confronting Putin/Russia in Syria with her no-fly-zone. Hence all the anti-Russia rhetoric/propaganda which was also used to demonize her not-anti-Putin/Russia opponent Trump. Most of the inde/alt media (e.g. HuffingtonPost, CounterPunch, AlterNet, TruthDig, TruthOut, NakedCapitalism, etc., etc.) sided completely and whole-heartedly with Killary and became crazed/psychotic anti-Trump/Putin/Russia kooks. Much to my disappointment, Chris Hedges realigned himself with this new mainstream/establishment-driven operation by fully embracing this radical cultural change/movement.

What do I see now when I look at Chris Hedges' articles, still at all those (now NOT) inde/alt media sites? Chris Hedges is the #1 advocate for prosecuting all the 1/6 protesters/insurrectionists. He the #1 person, with Merrick Garland, claiming that white nationalism is a radical fascist reactionary movement that is by far the biggest threat to homeland security. Everyone who voted for Trump is un-American right-wing fascist terrorist. I'm not exaggerating... read Hedges' articles... he blames all the world's problems on right-wing reactionary radicals. Chris Hedges and

Yves Smith at NakedCapitalism are now central leaders in the radical, irrational, crazed, psychotic, hysterical Global Warming and Covid Mask/Shutdown/Vaccinate cults.

By the end of 2016 I had lost all respect for Chris Hedges... and ever since, he and Yves Smith have fully aligned themselves with the establishment's pro-Ukraine, pro-Taiwan, pro-Covid, pro-Global Warming, etc., etc. After ten years of enthusiastically reading many hundreds of Hedges/Smith articles I was shocked how they became so irrational/different. Since 2016, I truly get nauseous when I read their articles. Why did they change so much? What happened to them??? I'm sure the establishment would have gladly thrown each of them \$10-20m to do what they've done since 2016. Is that what happened?

I've been saying this for years but it bears repeating, I frankly do not believe the US military is all that good, and I have (and have had for years) a strong sense that at some point they are going to run headlong into a terrible maelstrom wherein it will be destroyed. At least suffer the worst destruction it has since WW2 and maybe worse. I also think Evangelical Zio-Christians are in for a very rude awakening. I've heard those fruit loop morons for decades blather on about 'God' intervening on Israel's part. If an all out war breaks out, Israel is finished and these Evangelicals will of course kick the can down the road as they always do when they are left with egg on their faces. Evangelicals are not only NOT friends of Israel or Jews, they are their worst enemy. By blindly supporting Israel no matter what they do, they have in effect sealed the deal on this coming conflict. | It might be objected that inasmuch as Israel is a belligerent occupier in Gaza

I am by no means an expert on this topic, but didn't Israel completely withdraw from Gaza like 20 years ago. They had elections as I recall, and elected Hamas to run the joint.

I guess my question is, how can Israel be an 'occupier' if there haven't been any Israelis in Gaza for 20 years.

Now, mind you, Israel is clearly occupying the West Bank, but that's not what this is about.

And as I understand it, Hamas gets hundreds of millions in aid from Iran, but spends it on rockets and building tunnels into Israel, and not on improving the lives of Gazans.

And let's not forget Egypt's role in all this. They are blockading Gaza along with Israel.

Anyway, the moral of the story here is that this whole thing is a product of people literally believing ancient scriptures. The Jews believe their 'god' gave them Israel, and now we are all paying the price.

When are we humans going to get past this ridiculous holdover from the infancy of our species?

THE PROPAGANDA WAR OF JEW AGGRESSION

JEWS ORGANIZED GLOBALLY(JOG) and the ADL are using mass censorship and anti-White propaganda to attack and destroy all European Christian nations such as the USA, England, Ireland, France, Canada, Australia, Italy, Spain, Germany and many, many others.

The ADL is a puppet front for JEWS ORGANIZED GLOBALLY(JOG).

The anti-White and anti-Christian ADL is pushing for mass censorship to block free speech and open discussion of many topics.

The JEW/WASP Ruling Class of the American Empire has ramped up the censorship and de-platforming on the internet because they got a glimpse of the power of the European Christian ancestral core of the USA and they didn't like it.

The Jew-controlled ruling classes in all European Christian nations are trying to corral and sequester all the electronic propaganda — and print and public gatherings — in order to prevent the core ethnic populations from putting a stop to mass legal immigration and mass illegal immigration and other anti-White nonsense.

Mass legal immigration, mass illegal immigration, REFUGEE OVERLOAD and ASYLUM SEEKER INUNDATION increases housing costs, lowers wages, swamps schools, overwhelms hospitals, destroys habitat for wildlife, causes urban and suburban sprawl, creates multicultural mayhem and brings infectious diseases and terrorism to the United States of America.

Trump and DeSantis and McConnell and the other rancid slobs in the Republican Party are doing nothing about censorship on the internet because they want the range of opinions to be narrowed to safe confines that don't upset the donors and the other special interests that have bought and paid for the rancid Republican Party.

The ADL must be crushed. But it is Jew donors and JEWS ORGANIZED GLOBALLY(JOG) and other anti-White elements like the Rupert Murdoch mob that funds the ADL; they are the power and loot behind the ADL.

It is clear that Google, Facebook, Twitter, Comcast, Viacom, Disney, the Murdoch mob and other propaganda outlets must be destroyed. If you don't have the balls to say or write that then stop play-acting at indignation with pissant bullshit about the annoying Jew Greenblatt twats at the ADL.

The Jew-controlled Comcast corporation has made moves to further their propaganda stranglehold on European Christian nations. The Murdoch mob and the Comcast corporation put out blatantly anti-White, anti-Christian propaganda slop and the donor-controlled politician whores in the Republican Party say nothing.

JEWS ORGANIZED GLOBALLY(JOG) Has Declared War On European Christendom and the European Christian people wherever they are on the globe.

The Propaganda Power Of JEWS ORGANIZED GLOBALLY(JOG) Must Be Obliterated.

Who hold the balance of the World? Who reign

Who keep the World, both old and new, in pain

Those, and the truly liberal Lafitte,
Are the true Lords of Europe. Every loan

Israel Is Officially in the U.S. Visa Waiver Program Effective Immediately

The well-off in the Apartheid state have been given a way out, and the brighter ones will probably take it. They'll come to the US on their special Visas, and promptly disappear into the woodwork. Eventually I'd expect for them to receive some kind of an Amnesty and at that point they'll surface and begin to work their Better-Than-You magic here.

Israel Amassing Fleets Of Tanks On Northern Border Of Gaza –
Ground Invasion Appears Imminent

Satellite imagery shows where Israel has deployed hundreds of tanks and armored vehicles to two fields north of Gaza, in preparation for a potential ground invasion. The New York Times is mapping developments.

<https://t.co/yO3VBV6HCV> pic.twitter.com/crAzlVakZj

— The New York Times (@nytimes) October 19, 2023

If Israel wasn't just a bully and was facing a real opponent, like Russia, or even Iran, that "fleet of tanks" would be like turkeys at a turkey shoot.

Israel is too stupid to realize that their overwhelming show of force merely reinforces the impression that they are the aggressors and always have been.

Good comment. Even though it's been said so many times already, it shouldn't be ignored except to our peril. It's vital to keep uppermost in mind: Jews lie, have always lied, are encouraged to lie to the Goyim, face no punishment or remorse for telling lies. It's a rare Jew who hates lies; most are very comfortable with all manner of lies.

I am by no means an expert on this topic, but didn't Israel completely withdraw from Gaza like 20 years ago. They had elections as I recall, and elected Hamas to run the joint.

You should pay closer attention to the language of the article, which speaks of the ***Palestinian*** — not exclusively Gazan — right to self-determination. Hamas responds to Israeli violations of the status quo agreement at al-Aqsa, which is not in Gaza, precisely because those violations are legally actionable.

Abiding by the standard explained by James Crawford, Hamas is a “non-state entity” in exercise of a right of self-determination. It has no control over its own borders. The Rafah crossing is also monitored by Israel as per its agreement with Egypt. It has suffered an economic and material blockade depriving it of autonomous governance. It cannot construct or routinely maintain water treatment facilities or power plants as a consequence of this.

Hamas is entirely entitled to use armed force to affect the end of self-determination for all Palestinians, including those in the West Bank. This is our current hour's most politically incorrect statement because Jews essentially control popular media and stigmatize any discourse about this subject as anti-semitism.

Hedge's network is The Real News Network. It is an Old Left site, more or less. Medea Benjamin, a very leftwing jew explains:

Intellectuals are almost always a problem to completely understand, because they have agendas which are very idealistic and abstract. They also tend to lack time on the job, *in situ*, getting

into the thick of things. They operate mostly on incomplete information, preferring constructs, theories, and scarcely compatible comparisons. Hedges is a mixed bag, like this, as is Medea Benjamin, and others.

There is something about New York culture which permanently enervates the brain and produces irrational bias. It is a disease.

| One can oppose Israel and not be a jew-hater.

Since the typical knee-jerk reaction of jews is to call criticism of them *hate*, that accusation doesn't count for anything, especially here at a free speech site.

| Hell, loads of jews oppose Israel.

But those same jews do not oppose jewish-driven antiwhite hate.

On the contrary, they simply, and hypocritically, engage in the same fly off the handle knee-jerk reaction by calling anyone who points it out a *jew-hating nazi cunt*.

Again, that doesn't count for anything here.

But, that it does everywhere else, proves that you're the problem. But then, you already knew that. You just don't want people talking about it. Even here. In that case, perhaps you should direct your complaints to the website's editor like a good Karen.

yeah, it really is quite tiresome.

look, I get that people hate jews, and of course jews often behave in ways which cause people to hate them.

but the endless bad-faith arguments, racial justifications, conspiracy theories, double standards, etc just undercut any legitimate arguments.

for example, we can condemn Israel's treatment of the Palestinians without resorting to blaming 'the jews' for a climate change 'hoax', covid vaccines killing 'millions', etc.

I've come to realize, having read through these comments often enough, that some posters on TUR literally have their entire identity wrapped up in jew-hatred. It's as though they obsess over it morning, noon and night.

My guess is that these are mainly elderly white folks, and I highly doubt they share their views with their friends and family.

And I wonder what these jew-haters would do if they actually got their wish, and the jews vanished. Of course, they could find another group to hate on, but there's really no other ethnic group which satisfies the conspiratorial mind quite like the jews.

It reminds me of a line from (((Kubrick's))) Full Metal Jacket:

"These people we wasted here today are the finest human beings we will ever know. After we rotate back to the world, we're gonna miss not having anyone around that's worth shooting."

If the jews disappear, these losers will clearly need some other group to blame for their problems, but no one scratches that itch quite like the jews.

No one — repeat, no one — ever mentions what Jesus has to say about ALL Jews in John chapter 8 of the New Testament. Jesus is talking to everyday Jews who claim to be the heirs of Moses. Jesus replies that if that were true, they would welcome Him as the Messiah. He told the Jews that they were fake Jews and the children of Satan — implying that all Jews are liars and murderers. The real Jews now are devout Christians. The self-proclaimed Jews are still fake Jews/children of Satan. That is why the building blocks of Jewish DNA are lies and deception.

The greatest vulnerability that the Israel First Lobby has is that the Jews that push the foreign policy interests of Israel ahead of the foreign policy interests of the USA are also the same bunch of nation-killing Jews that push nation-killing mass immigration for all European Christian nations such as the USA, England, Australia, France, Italy, Germany, Canada, Spain...etc.

Organized and Globalized Jewry — JEWS ORGANIZED GLOBALLY(JOG) — has been pushing nation-killing mass immigration for a hundred years or more for European Christian nations.

Globalized Jewry has pushed mass immigration in order to attack and destroy European Christian nations.

Globalized Jewry has pushed mass immigration in the USA, France, England, Germany, Italy, Australia, Canada and other European Christian nations.

Globalized Jewry agents in the United States — including President Joe Biden, Donald Trump, Hillary Clinton, Barack Obama, Mitch McConnell, Kevin McCarthy, George W Bush and Nancy Pelosi — all push nation-wrecking mass legal immigration and amnesty for illegal alien invaders.

The Jews in Israel, however, do not want to be swamped and replaced in Israel by non-Jew foreigners, so they deport illegal alien infiltrators and have strict rules for immigrating to Israel.

It is time to ignore the Organized and Globalized Jews who scream for mass immigration for European Christian nations.

Expulsions from all European Christian nations must be used to stop the Organized and Globalized Jews if they persist in pushing nation-killing mass immigration. Ban the Jew-controlled ADL? Swell, I'll drink a beer to that! EXPEL THE ADL? Sounds like some fun; ring that bell!

Israel must be used as a mass repository for all the Jews that are permanently expelled from European Christian nations.

GOD BLESS ALL EUROPEAN CHRISTIAN NATIONS

TO HELL WITH THE ORGANIZED JEW ELEMENTS THAT PUSH MASS IMMIGRATION

All accusations of so-called “anti-Semitism” must be ignored with extreme prejudice.

Certain Jews with no shame nor dignity nor honor — e.g. the ADL’s Jonathan Greenblatt and many, many other Jews — use this so-called “anti-Semitism” crap as a rhetorical weapon to retain and maintain their ill-gotten power in all the nations that Jews have infiltrated.

Joe Biden and the Democrat Party put the interests of Israel over and above the interests of the USA.

Trump and the Republican Party put the interests of Israel over and above the interests of the USA.

Joe Biden is a filthy treasonous politician whore for Jew billionaire Haim Saban.

Haim Saban bought and paid for that nasty treasonous Baby Boomer politician whore Hillary Clinton.

Haim Saban is a member of JEWS ORGANIZED GLOBALLY(JOG) and Haim Saban and his fellow Jew interlopers have a stranglehold on the nations in which they reside but that stranglehold is loosening and JOG is resorting to these extremist accusations of so-called “anti-Semitism” to retain power in the nations that JOG has infiltrated.

Israel is not an ally of the United States.

Israel is a strategic millstone client state of the American Empire.

Israel must be completely and totally severed from any and all relationships with all elements of the American Empire.

Joe Biden voted for — and pushed for — the IRAQ WAR DEBACLE.

Joe Biden has had at least two brain surgeries to fix the many brain problems and brain malfunctions that have seriously damaged Biden's ability to think clearly and to remember things clearly.

Excellent comment that I couldn't agree with more. I too stopped reading Chris Hedges and most of the "alt media" after 2016. The Trump election in 2016 was a watershed moment for the most of ruling establishment, who saw the rise of Trump as a major threat to the liberal/jewish ruling class, namely, (amongst many others), because Trump would encourage nationalism, specifically, White nationalism.

Part of the liberal/corporate/jewish/zionist ruling order's response to the Trump election was to consolidate it's forces and vehemently demonize those who opposed it, but this time, (and in true jewish fashion), taking it to extreme, almost unthinkable levels. We saw this with a monstrous censorship campaign that could have came straight out of jewish Bolshevik Russia. Reporters fired for saying the wrong thing, people's lives ruined just for posing something that could have been interpreted as being against the ruling establishment's collection of "current thing" narratives, entire YouTube channels demonetized or just outright banned or deleted because they were posting videos and media that were seen as criticizing the liberal/corporate/jewish/zionist ruling order.

Hedges is a journalist who wanted to continue being a journalist, and my guess is, he saw this coming. He knew if he had continued to do the same journalism as he did before 2016, he would inevitably been eliminated, silenced and probably gone back to the New York Times or some other degenerate news agency grovelling at their feet begging for his old job back.

Is he a sell out? Perhaps, but he did what he had to do to “stay in business”. Don’t get me wrong, I’ve lost a lot of respect for the guy, as he is nothing more than a shill for the liberal/corporate/jewish/zionist ruling order, but I can’t thank him enough for the stuff he wrote prior to 2016 which helped shape my world view.

look, I get that people hate jews, and of course jews often behave in ways which cause people to hate them.

but the endless bad-faith arguments, racial justifications, conspiracy theories, double standards, etc just undercut any legitimate arguments.

Speaking of undercutting, that's what you do to yourself in the second sentence quoted above. It's a paralogism, a violation of your own logic. It's the result of never questioning your own assumptions.

for example, we can condemn Israel's treatment of the Palestinians without resorting to blaming 'the jews' for a climate change 'hoax', covid vaccines killing 'millions', etc.

Says who? You? Very well then, give specifics regarding their arguments and then refute them.

I've come to realize, having read through these comments often enough, that some posters on TUR literally have their entire identity wrapped up in jew-hatred. It's as though they obsess over it morning, noon and night.

That's not the truth, it's not even a fact, it's just an interpretation, your interpretation. That it's shared by others, or even most people, doesn't make it true. That's not to say that those you are kvetching about are right either. But, again, in that case, present their arguments and refute them. If what you write about them is true, then that should be easy. So then, why don't you do it?

My guess is that these are mainly elderly white folks, and I highly doubt they share their views with their friends and family.

Then why are you so worried about them? Why care enough to comment about them? They represent a very small fraction of people in the world, and do not even account for all commenters

here. They also have no institutional power or cultural control anywhere in the world. You're totally clueless to the obvious fact that your kvetching about them only proves their point, especially the part about exactly why they don't share their views with family and friends.

| And I wonder what these jew-haters would do if they actually got their wish, and the jews vanished.

The tables here could be turned immediately and easily. What would jews do without a scapegoat? Especially since, having enshrined scapegoating into their culture millenia ago they can't live without one. And the fact that whites are their scapegoat and that jews have used their considerable power to turn them into the world's first Global Scapegoat, is why *some* people write about them here.

| Of course, they could find another group to hate on, but there's really no other ethnic group which satisfies the conspiratorial mind quite like the jews.

Again, completely lacking in self-awareness, you can't see you're proving their point, which is that jews are a conspiratorial people, and they are, they live by it. Or, as Mossad's motto clearly states, **By Way Of Deception Thou Shalt Wage War.**

| If the jews disappear, these losers will clearly need some other group to blame for their problems, but no one scratches that itch quite like the jews.

Again, if they're losers, why kvetch like The Grand Wizard of The KKK (The Kvetching Kosher Khazars). Who knows? Or maybe you're just a bored JIDF Troll (more likely).

| ...it really is quite tiresome.

It certainly is. But not in the way that you think.

Dual citizenship within government academia, mainstream media and other sensitive positions must be exposed.

This applies to every country but especially to jews as (((they))) are granted “the right of return” to israel (Palestine) either upon request or upon entry to israel (Palestine).

In the “good old days” before the enactment of the 1965 Hart-Celler immigration act, those who chose to immigrate to the USA were glad to shed their non-American citizenship. In fact, formal renunciation of one’s (former) citizenship was required as a condition of obtaining U S citizenship until a “supreme court” opinion nullified that requirement.

EVERY politician, academic, media, and others in sensitive security positions should be required to disclose such “dual citizenship”.

Failure to do so should result in permanent mandatory deportation.

do I see an effort to throw Mr. Hedges under the bus

and he also has earned money?

and he says not nice things about Israel

OY VEY

Hedge's actual comments on the treatment of those arrested on Jan 6

Ryan, whose most serious offense appears to be incendiary rhetoric calling for a “second American revolution,” spent nearly 22 months in solitary confinement. Depressed, struggling to cope with the physical and psychological strain of prolonged isolation, he was eventually placed on suicide watch. He was strapped to a bench in a room where a light was never turned off. Guards would periodically shout through a window “Do you feel like killing yourself?” Those on suicide watch who said “yes” remained strapped to the bench. Those who said “no” were sent back to their cells. Ryan was often prohibited from having nail clippers — the guards told him he could chew his toenails down — or getting a haircut unless he agreed to be vaccinated for COVID-19. When Ryan appeared before Judge Thomas Hogan, who finally released him on Nov. 23, 2022, he told Ryan, with his long unkempt hair and fingernails, that he looked like Tom Hanks in the film Cast Away.

The cheerleading, or at best indifference, by Democratic Party supporters and much of the left to these show trials will come back to haunt them. We are exacerbating the growing tribalism and political antagonisms that will increasingly express themselves through violence. We are complicit, once again, of using the courts to carry out vendettas. We are corroding democratic institutions.

We are hardening the ideology and rage of the far-right. We are turning those being hounded to prison into political prisoners and martyrs. We are moving ever closer towards tyranny.

All their money, definitely not, but enough that it would hurt:

<https://taxjustice.net/faq/how-much-money-is-in-tax-havens/>

| An \$21 to \$32 trillion in financial assets are sitting offshore in tax havens

[http://www.nasdaqtrader.com/Trader.aspx?](http://www.nasdaqtrader.com/Trader.aspx?id=DailyMarketSummary)

[id=DailyMarketSummary](http://www.nasdaqtrader.com/Trader.aspx?id=DailyMarketSummary)

This is just NASDAQ, but \$200-300b is traded daily, that's 1/100th what's hidden in tax havens, and that money is sure not just sitting there, it's constantly reinvested, so if you take a 100 times what's traded daily, the system would totally collapse.

As far as i know, Gates owns ca 300k acres, valued under \$1b, there's 900m acres farmland in the US alone. Just to put things in perspective.

A fine compilation of Zionazi lies, many the Big Lies recommended by Israel's secret patron saint Adolph Hitler. But the lies would get less far if the Western MSM vermin maggot scum grew a spine and even vestigial moral sense and exposed them.

Instead we get creatures like the odious Geraldine Doogue of the local ABC, just licking the arse of a Zionazi thug from that Zionazi thug centre Bar-Ilan 'University', followed by the superannuated hag declaring that 'proportionality' in war is a 'disputed' question. The old hag ought, in my opinion, have died or retired decades ago, but she's TOTALLY ideologically reliable, particularly in kissing Israeli arse, so on and on she goes.

These MSM 'people' are, in my very firm opinion, utterly despicable, but there you go. As the old Syrian professor predicted Israel has become a cancer on the whole world, or at the Western world at least, and the MSM are its metastases. Of course, they have no choice-their jobs depend on it, now more than ever.

Typically, the VERMIN at Murdoch's Sky News now assert that the massacre was entirely fabricated. That Big Lie was achieved with unprecedented speed. The missile hit a car-park, not an hospital, the pig-thugs bellow.

That the car-park was full of refugees does not get uttered, but they are untermenschen, like our 'Palestinians', the Indigenous, after all. Zionism means Genocide.

The Jewish Fascism on the march has its roots in the inhuman supremacist ideology of talmudism and is tightly connected to the talmudic predilection for genociding others.

The global jewry loves being hated to keep the tribe's cohesiveness. The tribe has no place in any civilization. The Parasite — the zionist jews in Israeli & US/EU/UK — should be moved to the Sinai desert to live in tent camps. Time for jewry to create their own civilization and keep it, instead of looting and destroying other civilizations, from China to the Middle Eastern States, Russia, and the European Union. The US deserves to be devoured by the dual-loyalty scum and their sponsors among bankers and fascist mega corporations.

You are, unfortunately, correct. While the crimes of the Judaic elites, in Israel and in the Diaspora, are MONUMENTAL and unprecedented coming from so small a group, not all Jews are the same, not all Jews are monsters or simple miscreants, and many Jews are decent human beings.

There's the rub-in my opinion Jews who see themselves as Jews first are liable to be malign, whereas Jews who see themselves as fellow human beings with the rest of us, are a different type entirely, often benevolent. But, without doubt, the monstrous Jews are fully in the ascendant, particularly in Israel, now one of the most Evil and destructive regimes extant.

Moreover, I strongly suspect that many of these Jew-obsessed commenters are Jews, spreading deranged hatred so as to falsely implicate those with objections to the very real crimes of malevolent Jews, in the vast 'antisemitic' rampage that Judaic supremacists so dearly treasure, as it gives them the opportunity to slander and destroy anyone they despise eg Corbyn, a lifelong friend of Jews and highly principled anti-racist, and to justify their own innate and visceral goy-hatred, prospectively and retrospectively.

When Christians ruled the West, Jews were kept in their ghettos and denied entry into most professions. When secularists, like those who ran the French Revolution, gave full citizenship rights to the Jews, they began their rise within Western societies. Anyone who's read the New Testament is aware that Jesus called them "sons of the devil" and that St Paul wrote about how they had to accept Jesus. It is only as Christianity has fallen that Jews have risen.

Anarchist comment 106, you are correct that the corporations write the laws. At least they did in Virginia in the 1980s when I worked for the Virginia General Assembly. The lobbyists would write the proposed laws, then send them to a bipartisan committee named JLARC.

The purpose of JLARC was to smooth out any contradictions between the various lobbyists. When JLARC saw that the lobbyists were happy, they would send the proposed law to the “lawmakers” for the rubber stamp.

None of the Senators or Delegates even bothered to read the proposed laws, before they voted on them. Actually one Senator did read them. His name was Joe Benedetti. I would see him at the computer at all hours, reading what JLARC sent out and taking notes. But no one else in either body bothered to read what they were voting on.

The lobbyists write the laws. It was no secret. From everything I hear, nothing has changed.

The lack of courage is a sin. The collective west is under the boot of its zionist owners. When will the courage and love for one’s culture and family become strong enough to extract the jewish Parasite from the sick body of the collective west?

The ongoing genocide of the Palestinians by bloodthirsty jews, and the Judea War on Russia by way of jewish collaboration with Ukrainian neo-Nazis, have annihilated all foundations for the fraudulent profiteering schema of holobiz. The thuggish ADL, Simon Wiesenthal Center of Banderite admirers, and Holocaust Memorial Museum of profiteering Liars and Slanderers support both the genocide of Palestinians and Judea War on Russia. Ah....well, you see, that's how most people deal with things they don't like. They talk about that, again and again, ad nauseam.

And don't underestimate the power of grift in all that talking.

It's actually a group therapy: grifters write something online and followers talk. And again. Counseling, if you will.

You appear not to belong to those followers. Well....

Zionism's greatest lie is the foundation for all their lies. With the crucifixion and resurrection of Jesus the ancient Jewish religion was and divided into two distinct factions. First you had Rabbinical Jewish faction that rejected Jesus as the Messiah. That factions was composed primarily of the members of the Sanhedrin such as the Pharisees, Saducees, High Priest, etc. This faction became known as Rabbinical Judaism and it is Judaism that we see today. That faction pays lip service to the Torah but in reality they follow the Babylonian Talmud, Kabbala, and the Zohar. The Talmud is primarily commentaries on the Torah. The Kabbala and Zohar are mystical commentaries on the Torah and Talmud.

The second faction was composed of the Jews who accepted Jesus as their promised Messiah and with Jesus' directions they created the Church. This faction was in reality Messianic Judaism and became known as the Church.

The overwhelming majority of this first generation Church was composed of racial Jews. Today we experience the continued antagonism between these two factions of ancient Judaism; Messianic Judaism (the church) and Rabbinic Judaism (Zionism). The true authentic Judaism of today is the Christian Church that continues in the faith of Abraham and fulfilling the messianic prophecies of the old covenant. One is a religion of the flesh and the other is a religion of the Spirit of God. Jesus established the Kingdom of God and those of faith and the Spirit belong to this Kingdom. Those of the flesh are trying to setup a kingdom of the flesh in Palestine/Israel called Zionism.

It is not just the pernicious gaslighting “they all hate us” — it is the criminal Purimization of children’s brains to make jews receptive to the genocidal acts against all “others.”

The criminal Purimization has been conducted by jews in the collective west against the collective west. Talmudists are a plague on humanity.

Purim is about the genocide of Persians (hosts) by the ungrateful and malicious Jews (guests). The genocide was provoked by a certain jewish “uncle’s” arrogant disregard towards the traditions of the Persian court. His “niece” (concubine?) was hiding her jewish identity when taken into a king’s harem. She was the principal organizer of the genocide of 75,000 Persians of all ages.

Purim teaches jewish children about hanging the “enemies” and eating the “enemies” ears.

| In Israel, hamantashen are called oznei Haman, Hebrew for “Haman’s ears” in reference to their defeated enemy’s ears...

Jews are a sick genocidal tribe ruled by psychopaths; lies and parasitism are their specialty. Decent Jewish individuals are hated by important jewish institutions and jewish community at large.

Not sure what you have in mind here.

On the 100th anniversary of the so-called “Balfour Declaration” (Balfour’s letter to Walter Rothschild), Jacob Rothschild explained that his family financed the establishment of today’s Israel “for that sacred goal, the return of Israel to its ancestral homeland”.

Jacob Rothschild at B’nai B’rith World Center-Jerusalem Helps Mark 100th Anniversary of the Balfour Declaration

<https://archive.org/details/vlc-record-2020-01-02-15h31m36s-B>

In a slightly more complete version of this video (which was deleted by Youtube) the person who introduces Rothschild says the Roman expulsion of the Jews was a “great wrong to the Jews” which was “made right” by the re-establishment of Israel in 1948. (In 1948 the invading Zionists slaughtered the inhabitants, imitating the invading Jews in Deuteronomy.)

I don’t consider the Bible to be a reliable account of history. But God’s alleged gift of Palestine to the Jews in Deuteronomy was not unconditional nor in perpetuity. It specified that the Jews would lose the land if they broke the deal.

In that case God says He will eventually give them another chance. But He doesn’t say how many chances He will give them. And by their own account they have lost His protection and the land at least twice. So by their own story this gift and His protection is not something they can presume upon.

Netanyahu brags about this Biblical gift as if it were guaranteed, unconditional, and in perpetuity. God apparently doesn’t like being arrogantly taken for granted. So it looks like Bibi and his followers

may be heading for another fall.

And the Jews are not God's Chosen People.

There is no prohibition against lying in the Noachide laws, as non-Jews are not supposed to inquire about truth, nor to be told truths beyond what is useful to them. As for the Jewish laws their definition of what is true or false testimony is not about facts, since their belief is that G-d created the world of facts by way of deception, but what is Kosher, what is in conformity with the Torah, and what is good for the Jews more generally. The belief in absolute truth (as well as in absolute beauty or goodness) beyond mere utility is considered a major idolatry.

My opinion is that the anglo-saxon people that once invaded and devastated England was actually, despite the thick guffaw that theory now generates among learned circles, like the Khazars, of ancient Jewish origin, albeit genetically diluted. The most typically anglo-saxon features do bear strong similarity with Khazarian ones. Pure anglo-saxons, contrary to Scandinavians and Normans, are dark-brown-haired, not blond and present retracted ungenerous eyes as well as a long protruding hooked-end nose though with a straight and thin descending line.

There is a propaganda by the Jewish mafia members who have infested major centers of power including the media, to present Hamas as Iran's proxy to push US for a military strike on Iran. One of these Jewish mafia members is Mark Dubowitz where day and night connecting Hamas to Iran, holding Iran responsible for what is happening in Gaza.

But, today, he revealed the real supporter of Hamas and who gives money to Hamas. Qatar gives financial support to Hamas. Erdogan is the main supporter of Hamas, not because he cares about Palestinians, but Erdogan uses them for his political interests. All are Sunni and belong to the branch of Muslim Brotherhood.

Why Erdogan Is Unlikely to Cut Ties With Hamas

{{It seems that the Turkish president is once again ready to burn bridges with Israel.

Since Hamas carried out its barrage of deadly attacks in Israel on Oct. 7, Turkey has come under the spotlight for its relationship with the Islamist militant group. Ankara has been a material supporter and enabler of Hamas since 2011.

Now, the United States and Israel will likely increase pressure on Turkish President Recep Tayyip Erdogan to cut ties with Hamas.

You whites that love Palestinians so much make me laugh. You guys don't even realize you've still been brainwashed by the jews' propaganda to love some other group of people more your own kind.

It's not about loving them.

It's about what they've been subjected to, (genocidal sadism), and how, (with the slavish support of my government).

I don't love all people, and I have very little use for some of them. But if I saw someone torturing a girl, (no matter where she was from) and killing her, for no other reason than genocidal cruelty, then I hope I wouldn't just object, but would crush his skull, if I had the means.

That is simply a natural human reaction to a man killing a woman or a child.

That you don't understand that, and even seem to applaud her death, because she *might* have been a liberal, makes you look like a turd in the dirt.

<https://sonar21.com/after-weighing-the-evidence-israel-appears-responsible-for-the-bombing-of-the-al-ahli-hospital/>

As usual “ex”CIA agent Larry Johnson is backpedalling frantically after jumping the gun to give his opinion before any evidence was in; he wrote multiple articles accusing HAMAS for the hospital massacre and is now backtracking. Just as he did earlier for Evan Gershkovich (“the CIA does not recruit media people so he cannot possibly be a spy!”) and the Discord documents leaker, Alex something (“he couldn’t possibly have accessed the documents he posted!”). Now this.

One would have thought that after repeatedly having to eat his words Johnson would learn to wait and see what happened first, but obviously that’s too much to expect.

This causes some need for doublethink for the likes of the gasbag Andrei Martyanov and his high priest Larchmonter445, who were falling over themselves to claim the zionist entity did not bomb the hospital, and cited Johnson to buttress their claim. Not that either has ever admitted being wrong (or for that matter Jacob Dreizin, who still refuses to acknowledge that the church in Gaza was even bombed), unlike Johnson, who at least has the honesty to backpedal.

It has been quite some time since I entered military service, expecting to do what is “right” for my country. Military service was predicated on being a part of citizenship and was seen as being honorable. Although I pretty much enjoyed myself serving my country, I noticed a few things that are common to all military services in every country.

When there is no defined enemy, training is paramount. One thing I noticed was that absent war or conflict, the military always trains for “the last war” and not current conflicts. This has been the case in just about every military around the world.

When there is an officially defined “enemy”, things change. Training is then predicated in the observation of the current “enemy’s” behavior, status and lethality. Military training personnel reinforce the necessity to “pay attention” and take to the training which “can someday save your life”.

One aspect of military service that is almost never discussed is the necessity of demonizing, depersonalization and dehumanizing of the “enemy”. This process is most effective on young impressionable troops as they are more receptive to viewing the enemy as a faceless, emotionless entity, to be destroyed at all cost. This is what makes military operations successful.

Removing the human element from one’s psyche is necessary to achieve maximum effectiveness against one’s perceived and defined “enemy”.

The Israelis and by inference Jews in general have taken this concept of demonizing, depersonalizing, and dehumanizing their “enemies” to the extreme.

Not only are military combatants in direct combat “fair game”, but women, the elderly and children are also “fair game”. The IDF (Israel Defense Forces) rewards its personnel for wounding and

maiming non-military “targets” just because they can, holding the “upper hand”.

In fact IDF military personnel are encouraged to regard Palestinians, Arabs and even Christians as “subhuman”. This ties in with Jewish talmudic beliefs that regard all gentiles as “subhumans with souls, on a lower spiritual plane, created only to serve the Jews”. This attitude is ingrained in Jews from birth. THIS one aspect of the Jewish psyche is what makes them so dangerous.

There is no moral compass in Jewish life, especially in Israeli military service, the IDF.

Add to that, their defective psyche is reinforced by their “perpetual victimhood” despite being one of the most successful groups in present world history.

This “victimhood” is a feature and not a bug as it reinforces Jewish insularity, solidarity, nepotism, and other negative traits which actually border on mental illness. Empathy directed towards gentiles is not a part of the Jewish psyche.

Talmudic concepts that permit lying, cheating, stealing, and even murder of gentiles without repercussions is also a part of Jewish life, unlike Christian and Muslim concepts which prohibit such behavior.

The old Polish proverb comes to mind: “The Jew cries out in pain as he is striking (bombing) you”.

A Jewish child is indoctrinated from birth, constantly reminded that they are hated, never discussing the reasons WHY others (gentiles) would find it necessary to “hate” them. Jewish talmudic amorality also figures into Jewish behavior, most outsiders unable to understand WHY Jews act the way they do.

Not only Palestinians, but other Arabs, all Christians are seen as the “enemy” by Jewish supremacists, to be dealt with as the Jews see fit. Not good.

Keep in mind that jews retain their “jewishness”, subordinating loyalty to their country of residence to that of israel. THAT is also a problem as “split loyalties” never work...

Id, the reason the "deplorables" are being railroaded is to get them mad enough to attack any part of any government agency!! The government can then declare "martial law" and do away with the U.S. Constitution, the Congress and the Courts!! There will not be any elections, nothing will ever be the same; "Gitmo" will encase the entire United States!!

That's true.

Then again, they're going to do that anyway, whether anyone resists or not.

In fact, we saw a bit of both with C'ville and 1/6. Meaning, they had to orchestrate most of what happened and they cracked down on the rest. So, again, whether or not anyone stands up and fights back again, in itself rather doubtful, they will find a way to implement martial law. It was always going to end this way for them (the hostile elite), because it's what they want above all – Full Spectrum Domiance. In a word, Tyranny.

Sephardic Jews appear more like Iberian natives than like Ashkenazi Jews, who themselves resemble Russian natives more than they do either Sephardic Jews or Iberian natives.

Genetic studies would be necessary to confirm this, but apparently Jewry in either place is a group that early on recruited local women by conversion, and thereafter became largely endogamous and maintained that endogamy by religion and commercial connections. Cult would seem a better descriptor than tribe.

One of your other commenters here states that Hedges has become a “shill for the liberal/corporate/jewish/zionist ruling order”. Really ? So that’s what “shills for the... Jewish... ruling order” do, is it ? They write strong, damning, horribly exposing and very obviously completely truthful articles entitled “Israel’s Culture of Deceit” ?

I think not. It doesn’t really add up to me. Therefore I think something else a little deeper must be going on. That’s no surprise at all to anyone around these parts.

This brief essay describes the horribly twisted and perverse implications of Jewish Messianic expectations today. I don't know if these are the root of the problems you discuss or a reflection of their apparently pervasive group psychosis.

Chinaman, you are NOT disclosing anything new here. It's an old story. The Rothschilds agent Benjamin Disraeli was behind the total and the relative subjugation of India and China, respectively. But that's all over now. The new form of slavery upon both China and India is coming in the forms of CCP and BJP promoting virtues of capitalism. And both populations have fallen for it hook, line and sinker. There is no saving the paganisme Indians and equally godless Chinese.

Notwithstanding the trolls, minor boundary disputes and economic competition, it's all for their real masters on Mount Sinai and in case Xi Jinping and Narendra Modi ever should forget then both will get the Japanese message, i.e. Hiroshima and Nagasaki. So let's just enjoy the trolling time on a site provided by a member of the Tribe. Shall we?

Time for humanity to focus on the ‘owners’ of the collective west, the organizers of all important mass murders on this planet, namely, The Private Banking Cartel and specifically the Bankers. <https://articles.mercola.com/sites/articles/archive/2023/10/21/all-wars-are-bankers-wars.aspx>

All wars can be traced back to the private central bankers. American soldiers have fought and died in wars initiated for no other purpose than to force private central banking on nations that didn't want them

Central banks make money out of thin air by lending money at interest, and in the process, they drain a nation of its wealth. The agenda of the central bankers is a simple one: It's to rob people of their wealth and enslave them to this predatory system

As long as private central banks are allowed to exist, there will be poverty and endless wars. The path to world peace lies in the abolishment of all private central banking everywhere, and a return to state-issued, value-based currencies that allow nations and people to become prosperous through their own labor and development and efforts

The Bankers are the puppeteers of Bibi, Ursula, Olaf, the geriatric kleptocracy in Knesset on Potomac, and the dishonorable US/NATO brass. The puppeteers have zero conscience. Bankers organize mass slaughters and the looting and destruction of whole countries because this is profitable and, sometimes, because They Can — like the intentional destruction of Dresden, the looting of precious collections at the Iraqi Museums, and the recent bombing of the oldest Baptist Church in Gaza.

Israel bombs Greek Orthodox Gaza church sheltering displaced people... The attack on the Greek Orthodox Saint Porphyrius Church in Gaza City killed and injured a 'large number' of people [including small children.]

Saint Porphyrius, built in about 1150, is the oldest church still in use in Gaza. Located in an historic neighbourhood of Gaza City, the church offered sanctuary to people of various faiths over generations.

<https://www.aljazeera.com/news/2023/10/20/war-crime-israel-bombs-gaza-church-sheltering-displaced-people>

The talmudic values in action against humanity:

Just one year after Mayer Amschel Rothschild uttered, "Let me issue and control the nation's money and I care not who makes the laws," private bankers succeeded in setting up a private central bank, called The First Bank of the United States.

This bank was founded in 1791, and within 20 years, it had gutted the U.S. economy while enriching the bank owners. As a result of its obvious failures, Congress refused to renew the bank's charter. The intention was to return to a state-issued, value-based currency, for which Americans would not have to pay any interest. In response, Nathan Mayer Rothschild issued the following threat: "Either the application for renewal of the charter is granted, or the United States will find itself involved in a most disastrous war."

Despite that threat, Congress held firm and refused to renew the bank's charter. Nathan Mayer Rothschild railed against the decision, stating: "Teach those impudent Americans a lesson! Bring them back to colonial status!"

And that's exactly what Great Britain did — or tried to do. The Rothschild-controlled Bank of England financed Britain's War of 1812, the aim of which was to either a) recolonize the United States and force Americans to use Bank of England banknotes, or b) plunge the nation into so much debt, they'd have no choice but to accept a new private central bank.

Nothing changed apart from a careful selection of the least patriotic and least honest persons put in the positions of power in the US administration. The State Dept. is thoroughly infested with dual-loyalty scum. The US army has been seeded with the profiteering

and blackmailed brass. The administration is ruled by the representatives of fascist mega-corporations interwoven with banking cartel.

In 1963, President John Fitzgerald Kennedy, who understood the predatory nature of private central banking, signed executive order 11110, which ordered the U.S. Treasury to issue a new public currency called the United States note. These banknotes would not be borrowed from the Federal Reserve but rather created by the U.S. government and backed by silver. This represented a return to the system of economics the United States had been founded on.

... Five months later, Kennedy was assassinated in Dallas, Texas, and the United States notes were pulled from circulation and destroyed. ... "Following Kennedy's assassination, John J. McCloy, president of the Chase Manhattan Bank and president of the World Bank, was named to the Warren Commission. ... we can safely presume that John J. McCloy's presence on the Warren Commission was to make sure the American public never got even a hint of the financial dimensions behind the assassination."

The CIA/FBI involvement in the assassination was guided by the US 'owners,' the banking cartel.

The Traitor (on par with Cheney and bush the lesser):

McCloy was initially skeptical of the lone gunman theory, but a trip to Dallas with CIA veteran Allen Dulles, an old friend also serving on the commission, convinced him of the case against Lee Harvey Oswald.

just as a random example, your citing of the Mossad motto and the phrase 'conspiratorial people'.

I suppose your ideal army would march in formation headlong into battle, like the British 'redcoats' in the Revolutionary war.

Or, instead of creating a deception with inflatable tanks and the like at Calais before the Normandy invasion, the allies should have just phoned Hitler and informed him that 'Here we come!'

And 'conspiratorial people'? What the fuck does that even mean. Humans are conspiratorial. They form alliances and make plans.

| Stats show old whites support Israeli policy.

Most people brainwashed in the “Jewish Century” are going to be sympathetic to the jews. You see, Zionists a) instigated the Marxist revolutions, and b) instigated the world wars, to c) set up Israel as the planned financial and religious center of the globe, and the stunted and stupid jews, Zionists and Zoglodytes as Israel’s iron rod.

Old White guy Roger Waters, for example, knows this, and is an anti-Zionist because they got his useful idiot father killed in WW2. But Waters isn’t an “antisemite” because he knows how dangerous these Zionist animals are and he doesn’t want to see WW3. He’d also like to believe the Anglosphere fought on the correct side in WW2 because he can’t accept that his dad was a useful idiot, and that his brand of “Christianity” was weak tea, infected by Marxism.

I, on the other hand, understand that the ((Cousinhood)) long ago infiltrated the Anglosphere power centers, and most of what the British Empire did following that infiltration can be laid at the feet of the Judeofascists, Zionists, and Zoglodytes. (You see, Waters’ dad was a Zoglodyte, and Waters to a certain extent is one as well.)

What’s the answer? You know what my answer is: the resurrection of Christendom to hold the world’s feet to the fire.

WW3 and the end of history is coming under the kikes. End times for kikes and Zoglodytes is coming under Christendom, which is the natural progression (the jews and their stooges are stultified by their beliefs, unnatural, and now barely human).

I believe history has left us no other choice. And I believe humanity is about to make a free will choice to live or die.

Jewish genociders are on rampage:

<https://www.moonofalabama.org>

Israeli settlers, with the support of the IDF, are rampaging through the West Bank. They are killing more Palestinians and further enrage the global public against their deeds. This will escalate.

The Tribe is rotten to the core and it spreads its filth upon western civilization and against the Middle East and Russia.

The profitable schema of holobiz has got a powerful exposure via the genocidal speeches and actions of the Jewish State; jews are supremacist liars and genociders. There holobiz memorial museums are run by opportunistic profiteers who support the slaughter of children in Palestine because this is “good for jews.” The exposure must have consequences.

There should be a clearance of academia from straussian (neo-talmudic) infestation. To clean the US State Department and Knesset on Potomac from the traitors of all stripes (beginning with dual-loyalty scum and up to X-tian warmongers), Americans need a civil war. The civil war should begin with a thorough destruction of the Private Banking Cartel on the territory of the US. The Parasites need to learn how to cook and clean after themselves, whereas the Parasites’ progeny must be sent to the frontlines of all ongoing wars organized and financed by the Cartel.

Israel harvested 18,000 organs from dead Syrians during the war

By Ian Greenhalgh on July 28, 2017

AhlulBayt News Agency

Israel harvested 18,000 organs from dead Syrians during the war

The Damascus university medical doctor heading Medical Forensics department Dr. Hussein Nofal estimates that at least 18,000 Syrians have had organs removed during the war thus far.

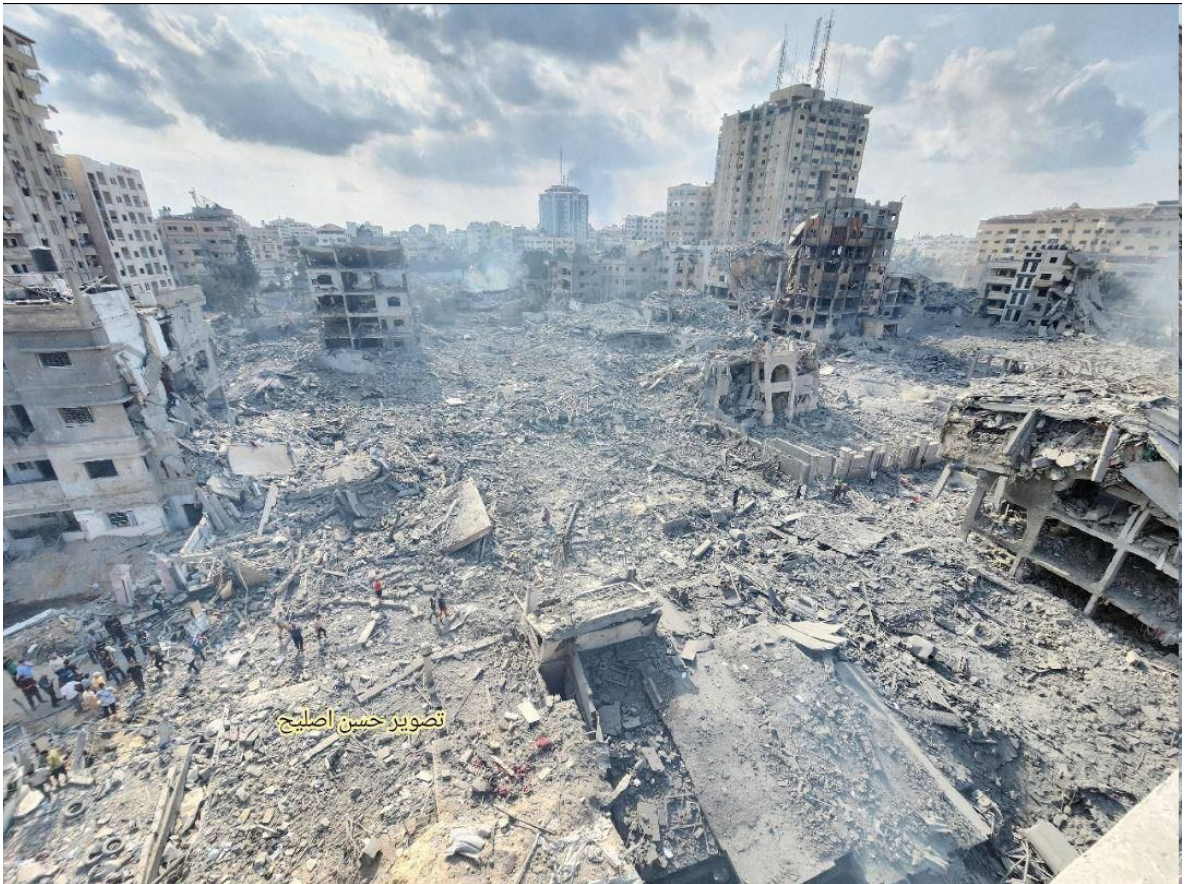

Since the outbreak of war in 2012, 6.5 million people have been displaced within Syria and another 4.8 million have become refugees forced to flee to neighboring countries like Turkey and Lebanon or 10% have migrated to Europe. With another 386,000 estimated dead, that's 11.7 million humans in Syria who have violently lost their lives or homes – stunningly over half the total prewar population of 22 million Syrians.

If Chris Hedges is right, then everyone else in the world has been wrong for millennia. Wrong about the origins and purpose of Judaism. Wrong about the origin and foundations of Christianity and Islam which are, according to all dogma, based in Judaism. All this ancient and elaborate structure could be considered no more than a ruse and a very long con by the Devil himself, not “God” or even some other deity who wants only good for the human race. Changing one’s take on the purpose of it all seems to explain a lot and obviates the need for relentlessly trying to find “God’s will” in all of the pain, suffering, misery and contradictions that confront us humans from the moment we are born. Did “God” ever really exist? If so, was he destroyed, swindled, co-opted, or otherwise deconstructed by the Devil in some power struggle employing we humans as sad and tragic pawns that, in the end, walk away with nothing but betrayal and a longing for rewards we can never realise. Those are the logical implications, because an all powerful, all knowing and all good creator would never have chosen a lot as craven and vile as the self-acclaimed “Chosen People” of the alleged “sacred scriptures.” If the “Hedge’s Proposition” gains traction among people of good will, the human race is about to embark upon its greatest identity crisis ever, and from which there may be no escape.

Any of that could have been said by the English colonists in the infancy of the US.

Anyone living on US soil has absolutely no moral ground to stand on when it comes to this topic. The hypocrisy here is so transparent it's almost shocking.

Imagine if the Mohegan tribe of Connecticut decided to start raining down rockets on NYC, and attacked a music festival, raping and killing concertgoers.

Something tells me peoples' reactions would be slightly, um, less charitable toward the Indians.

— The horror is, Jews poison their children's minds with lies and hatred without recognizing the atrocious consequences of this 'educational method.' When smearing 'others,' Jews lie effortlessly. In the absence of real jewish civilization, talmudists resort to nurturing the hatred for 'others' to strengthen a tribal cohesiveness.

All tragically too true, Annamarina

and it always blows up in their faces, harming the little Jews, while the powerful ones slink off to count their shekels.

Indeed, I suspect that most of the powerful, behind-the-scenes Jews fomenting this latest Nakaba, (Palestinians catastrophe) are thousands of miles away from it all, squatting in places like London and Paris and NYC, plotting and conniving the deaths of so many innocents, (including Jews), with not a whit of concern for any of their deaths or suffering.

Jewish supremacist Thomas Friedman told Ha'aretz in May 2003: "Iraq was the war neoconservatives wanted... the war the neoconservatives marketed.... I could give you the names of 25 people (all of whom are at this moment within a five-block radius of this office [in Washington]) who, if you had exiled them to a desert island a year and half ago, the Iraq war would not have happened."

Something similar is going on here, and thousands of people, perhaps tens or even hundreds of thousands, (or more), people are going to die in this latest genocide, (including average Jews) and the only effect it will have on the Jewish supremaicists orchestrating it all, is that they'll get much more richer.

The humanity's moral compass points towards zionists as an anti-humanity plague. Concurrently, your profitable schema of holobiz is crushing for the whole world to see. Zionists are drowning in their own Lies and Cruelty.

Good riddance.

<https://www.moonofalabama.org/2023/10/netanyahoos-strategic-dilema.html#comments>

My fear is that the Zionist fascists will resort to biological and/or chemical warfare.

Recent years have shown on several occasions that both modes of criminality are being developed and that imperialists have no compunction in dabbling with, for example, sarin gas provided that the media has been bought off to suppress any outcry. and that, nowadays, is a given.

One positive development, reported from the UK, is that the protests against genocide are large and getting bigger. And they involve millions of ordinary citizens, many of them waking up from the cheap lie that anti-zionism is racism, rather than its diametrical opposite.

<https://skwawkbox.org/2023/10/21/video-huge-crowd-marches-for-justice-for-palestinians/>

Mankind's moral compass is usually pretty reliable and the public is beginning to see through the imperialist propaganda. The realization that many more than forty Palestinian babies have been beheaded, mangled, crushed and otherwise killed by bombs dropped by Israelis but built and paid for by politicians 'on our behalf' is truth that will only grow in impact.

Israel's dilemma is more than strategic. And its more than Israel's.

Why did they confine them in ghettos rather than simply forcing conversion on all of them ?

Christian Europe basically showed a zero tolerance approach to other religions, so how come Jews weren't persecuted out of existence ? Instead they formed an empire of usury, somehow making themselves indispensable to the monarchs, gentry and merchant class !

It is because, theologically, Christians and Jews worship the same God, the god of Old Testament, and this collection of books remains the holy word of divine revelation to Christians and Jews alike.

Few Christians are both willing to acknowledge the ethical and moral problems of the Jewish religion whilst admitting that their religion, is, well, Jewish in origin.

This is why the conservative Right is unable to comprehend/ confront the situation (just as the Left are unable to) due to their attachment to the Christian past as some kind of moral framework to hold onto as we all slide into the abyss.

There are many Rabbis who say just this, quite openly, for anyone interested to look.

Any true Universalism cannot be rooted in a religion that holds a world God to be one and the same tribal God of one nation and one alone. The ideals of Christianity and Leftism have failed because they've not accepted this.

| Chris Hedge's entire lefty socialist persona is built around the vilification of evil racist antisemite Nazis.

That's the fact. He has worked all his life for Zionists, first the NYT and the Bob Scheer's Truthout or some such. here's an article with Hedges commiserating with a holohoax survivor –

<https://www.truthdig.com/articles/chris-hedges-and-holocaust-survivor-lola-mozes-revisit-nazi-occupied-poland-video/>.

| Yet now clearly it is the semites who are the “real” “Nazis”.

God Damn It, that's 180 deg. from the truth. The real Nazis are the only opposition the Jews have faced in 100 years. The real Nazis were the last hope of the white race, so they are vilified by the Jews of course, but by everyone else as well. The Jews control the mind of the west. Anyone damning Nazis is parroting Jewish doublespeak. Hitler is as relevant today in the US as he was in Weimar Germany ... that's why we've all been programmed since birth to vilify Hitler and Nazis. I remember when I was working at Lockheed I found out my buddy had a copy of Mein Kampf, and I thought, for Christ's sake, the guys got a crazy streak, and I mean really crazy. And I had absorbed all that passively, unconsciously, never paid any attention to WW II history at all. The population believes deep in its soul that the Nazis were the embodiment of evil. It's an astounding testimony to the power of upside-down propaganda coupled with the mindless malleability of the masses.

I don't think Hedges hates poor whites— he did some decent work a number of years ago talking to down and out, pill-addled Appalachians and seemed to lack the trappings of the modern Freudian/Marxist Left and seemed genuinely concerned for their well-being.

However, if memory serves from that piece (and it's been a minute) when it came down to actually maybe doing something to help those whites (i.e. bring good paying industrial jobs back to the USA from Bangladesh or wherever) he pivoted to some predictable ideological air ball about “the need to address global inequality” or what have you.

Hedges is like a living walking stereotype of the decaying WASP gentry effete Quaker day school attendee with all of the residual moral and intellectual trappings of a lapsed Episcopalian. “The poor will always be with us”, and therefore are the permanent subject of bloviation with no expected change in the actual outcome thereof. If this were a hundred years ago, he'd be handing out Bible tracts to drunks on the water wagon. He illustrates a problem that the multiple-parenthesis enclosed “elites” have when a few of its brighter Kool Aid drinkers have the temerity to actually impose what were originally designed to only be subversive egalitarian doctrines universally, but he is far from an ally in any real sense. We have already seen with the Ackman/Harvard situation last week that brute force methods will supplant ideology when “antiracist” and “anticolonialist” rhetoric actually Threatens the real power structure.

“To repeat: War crimes are war crimes even when committed by allies & should be called out for what they are,” Cosgrave said in a Monday post on X, formerly known as Twitter. “I will not relent.”

Irish Web Summit head, Paddy Cosgrave, is forced to step down for saying the above. First, he’s right. Secondly, he’s wrong – Ireland is officially neutral so Israel is not an “ally”. Hmmm, if he had said this about Russia no one would blink.

The King of Spain expelled all Jews from his country in The 15th century. The King of England in the 13th. The French kicked them out in the 14th and the Portuguese in the 15th. As Christianity ebbed, secularists brought them back and raised them up.

For the sake of ecumenism and peace, Christians and Jews have tried to find common ground in recent years which has been helpful in some cases and bad in others. Doesn't change the fact that historically, the more fiercely Christian a nation, the less power and influence of the Jews, or any other religion.

| 'I believe the slogan is "A land without a people for a people without a land.'"

The slogan is of almost antiquarian interest. It harks back to that era in European colonialism when the indigenous populations of these lands simply weren't perceived.

It's like the five acres I'm about to buy; I see it as empty. Of course it must have raccoons and deer and maybe even a bear — but they're just not there, in a sense. I can do what I like with the land; there are no other human beings claiming title to it.

Great comment response Rufus! Thanks!

And yes, “hate” might be a strong word.

How about contempt? As in, barely concealed contempt. And what is more contemptuous than pity? The second paragraph of your comment is more along the lines of what I was thinking, and I do remember that piece you referred to. In fact, it was pieces like that that I had in mind when I wrote my comment.

Hedges is like a living walking stereotype of the decaying WASP gentry effete Quaker day school attendee with all of the residual moral and intellectual trappings of a lapsed Episcopalian.

That’s just a great sentence, and spot on.

That and the rest of your comment, as well as some other really fine comments on this thread, echo my thoughts on the man. He certainly writes and speaks better than most, but, unfortunately, he’s still a hack and a shill. In short, he’s a well-paid servant.

Public life in the West is being Talmudified. The idea of proportionate use of force, of the prohibition of collective punishment, of killing civilians etc, in other words the late, great, Rules Based International Order, is being jettisoned, wholesale, to please a portion of one tiny, immensely powerful, and rage-driven minority. Funny that.

Very interesting, thank you.

I had surmised that the Babylon in Revelations was symbolic of money worshiping decadence, since the actual city had been long eclipsed when the New Testament was written.

Your explanation makes much more sense. It's in the same vein, but with more specific, fitting reasons for the symbolism.

Israel's dilemma is the entire West's. How to maintain 'Full Spectrum Dominance' over ALL humanity, when Russia, Iran, China and sundry others are too great and powerful to crush like Gaza, Panama City or Grenada. As expected the Western regimes, led by Israel, are reacting with murderous rage. And more and more citizens of the West are turning against their Masters, as well.

Yes, troll, but the analogy only fits if the Mohegans had been ethnically cleansed, more than once, driven into a tiny 'reservation' with no escape, and subjected to periodic massacres and CONSTANT psychological terror by the New Yorkers.

Here's an article by Hedges at Truthdig, Mar 10, 2019.

Israel's Stranglehold on American Politics

<https://www.truthdig.com/articles/israels-stranglehold-on-american-politics/>

Articles like this caused Truthdig to be shut down by its millionaire benefactor. The articles were accompanied by slews of truthtelling comments about Israel. The editor, Robert Scheer, resigned and started *ScheerPost*.

<https://scheerpost.com/>

Hedges attended a prep school on scholarship, where he was disgusted at the arrogance of the wealthy students. He became a Pulitzer Prize winning war correspondent for the New York Times, from which he was fired for not lying about the Iraq war. He currently volunteers to teach classes in prison.

In my estimation he is intelligent, thoughtful, and brave. I suspect he, and numerous other public figures, have trimmed their public comments for awhile due to death threats, directed at either themselves or family members.
