Tvůrci ústavy Spojených států pochopili několik věcí velmi jasně ze své zkušenosti jako koloniálního vazalského státu s pouze omezenou zákonodárnou nebo samosprávnou mocí pod vládou britského krále Jiřího III. Tou základní lekcí, která ospravedlňuje revoluci, bylo, že vůdci nebo vládcí národa nesmí být dovoleno jednostranně iniciovat ozbrojené konflikty, protože válka je největší pohroma, která může národ a jeho lid postihnout. To byl důvod, proč americký prezident v rámci rovnováhy sil neměl podle ústavy možnost zahájit válku z vlastní autority. Vyžadovalo to válečný akt schválený Kongresem, přičemž zákonodárny sbor také poskytoval financování a většinu pracovní síly prostřednictvím dobrovolných odvodů od státních milic, protože národní armáda byla záměrně malá.

A proč by mohla být potřeba revoluce, kromě negace sklonu králů k válce? Ústavní vláda byla v tomto případě navržena jako mechanismus na ochranu základních práv a svobod, které alespoň někteří ze zakladatelů považovali za nezcizitelné a přiznané Stvořitelem všem lidským bytostem. Nejdůležitějším z těchto práv byla svoboda projevu, která byla právem uváděna jako první dodatek ústavy vedoucí k deseti svobodám, které obsahovaly Listinu práv. To, že američtí občané by měli mít právo vyjádřit svůj názor, považovali za zásadní pro jejich pojetí svobody, zvláště když zahrnovalo právo protestovat proti tomu, co vláda dělá.

Všichni víme, jak se pokusy o institucionalizaci typu centralizované kontroly zjevné v osmnáctém století v Británii začaly vkrádat do americké demokracie brzy po skončení revoluční války, což vedlo k souboru čtyř federálních zákonů nazývaných souhrnně Zákony o mimozemšťanech a pobuřování přijaté v roce 1798. aplikoval omezení na imigraci a svobodu slova v celých Spojených státech. Zákon o naturalizaci vyžadoval, aby přistěhovalci získali občanství, zákon o přátelích mimozemšťanů uděloval prezidentovi pravomoc uvěznit a deportovat osoby, které nejsou občany, zákon o cizích nepřátelích zmocňoval prezidenta k zadržování a dokonce uvěznění lidí, kteří nejsou občany v době války, a pobuřování. Zákon kriminalizoval nepravdivé a zlomyslné výroky o federální vládě a ukončil svobodu slova. Zákon o přátelích mimozemšťanů a zákon o pobuřování vypršely po stanoveném počtu let a zákon o naturalizaci byl zrušen v roce 1802. Zákon o mimozemských nepřátelích stále platí. Zákony o mimozemšťanech a pobuřování byly v té době nevyhnutelně kontroverzní a debaty se soustředily na politické linie. Podporovala je Federalistická strana prezidenta Johna Adamse, která tvrdila, že návrhy zákonů *posílily národní bezpečnost* během *nevyhlášené* námořní války s Francií v letech 1798 až 1800. Je zajímavé, že činy byly odsouzeny menšinovými demokratickými republikány jako porušení svobody

projevu podle První dodatek, protože byly použity k potlačení vydavatelů spojených s opozicí, a několik vydavatelů bylo skutečně zatčeno za kritiku prezidenta a jeho strany. Zní vám to ospravedlnění zbavit občany jejich práv povědomě? Náhradní „válka proti teroru“ a Patriot Act plus *nevyhlášené* války na Ukrajině a v Gaze, o nichž se Washington, jak se zdá, domnívá, že mají něco společného s *národní bezpečností* .

Od roku 1798 je třeba se poučit, že pokud chcete rozvrátit omezování války a individuálních svobod, musíte to udělat spoustou lží spojených s tresty navrženými tak, aby případní „stěžovatelé“ zmlkli a odešli. Chtěl bych poukázat na nedávné zacházení se Scottem Ritterem, Dimitrim Simesem a Tulsí Gabbard administrativou Joea Bidena, které zahrnovalo použití legislativy o „zahraničních agentech“ vypracované v roce 1938, aby rozšířila schopnost vlády tvrdit cizí vměšování do nadcházejících voleb, že to může jen stěží podložit fakty. Naznačování kriminality se zároveň snažilo ohrozit a zastrašit veřejné osobnosti, které kritizovaly politiku. A vláda se nestydí za to, co dělá. V roce 2022 se Bidenova administrativa snažila zřídit Výbor pro kontrolu dezinformací na ministerstvu pro vnitřní bezpečnost a v pondělí 16. září Hillary Clintonová řekla své ideologické spřízněné duši Rachel Maddow, že Američané, kteří sdílejí politické dezinformace, které nazvala propagandou, by měli čelit potenciálním občanským – popř. i trestně – právní důsledky.

Další ještě mocnější příklad toho, co se stane pokračováním cesty, po které Spojené státy pokračují, pochází z Británie , kde má vláda více nástrojů, pokud jde o legislativu typu terorismu, zrady a „nenávisťných projevů“. Relativně nová národní vláda Keira Starmera je stejně hluboce zakořeněna v bandě válečných zločinců izraelského premiéra Benjamina Netanjahua jako v prezidentu Joe Bidenovi a jeho gangu válečných činitelů. Aby nedošlo k nejasnostem ohledně toho, co je vláda připravena udělat pro ochranu tohoto vztahu, došlo k několika zatčením novinářů na základě obvinění z „terorismu“, jejichž jediným zločinem je příliš otevřená genocida, která se den za dnem otevřeně odehrává. Izraelské obranné síly (IDF) v Gaze. ²⁹ srpna 16 policistů, včetně některých z britské elitní a ozbrojené protiteroristické jednotky, zatklo propalestinskou novinářku Sarah Wilkinsonovou podle zákona o terorismu z roku 2000 a obvinilo ji z „teroristického“ obsahu, který napsala a zveřejnila online. Mezi její počáteční podmínky kauce patřilo, že jí nebylo dovoleno používat žádná elektronická zařízení nebo jakoukoli formu veřejné dopravy. Wilkinsonová obhajovala Palestinu dlouho před 7. říjnem , ale mnozí se domnívají, že za posledních jedenáct měsíců tlak na penalizaci hlasů, jako je ona, ve Spojeném království vzrostl. Další známé osobnosti jako nezávislý novinář Richard Medhurst a spoluzakladatel Palestine Action Richard Barnard byly také zatčeny v srpnu podle stejné legislativy.

Stejně tak, bez ohledu na to, kdo vyhraje volby v USA v listopadu, izraelská vazba, která váže, bude i nadále platit a bude kontrolovat mnoho politik a akcí federální vlády i mnoha státních a obecních správ. A existují jasné známky toho, že se terčem stanou ti, kteří se rozhodnou kritizovat Izrael a jeho posedlost jít do války. Kritici politiky federální vlády bránící války a konkrétně Izrael budou pod útokem jako nikdy předtím, zejména na univerzitách. Organizace jako Anti-Defamation League budou také

používat „právoplatnost“ k tomu, aby jako antisemitismus kriminalizovaly jakékoli stížnosti na chování židovského státu podle legislativy o antisemitismu, které nepochybně hladce skončí v Kongresu, než je podepíše Donald Trump nebo Kamala Harrisová.

Jak tomu bylo v posledních jedenácti měsících, americké univerzity byly epicentrem protestů proti izraelské i americké politice vůči Gaze, což vedlo k masovému zatýkání a požadavkům vedeným miliardářskými židovskými dárci, aby přísně trestali „antisemity“. by měl být na místě. Mnoho univerzit, když jsou nyní zpět na zasedání, přijímá „institucionální neutralitu“, což znamená, že nebudou zaujímat stanovisko k otázkám, které nemají přímý dopad na jejich vzdělávací poslání. Alan Garber, prezident Harvardu, který nahradil Claudine Gay po její náhlé rezignaci, prohlásil, že univerzita již nebude „vydávat oficiální prohlášení o veřejných záležitostech, které se přímo netýkají hlavní funkce univerzity“.

Židovské skupiny nemusí být nutně potěšeny změnou kurzu. Mark Yudof, předseda proizraelské Academic Engagement Network a bývalý prezident systému Kalifornské univerzity, namítl , že to, co se děje ohledně Izraele, přímo ovlivňuje židovské členy na akademické půdě. "Pokud židovští studenti nemohou bezpečně přejít kampus, očekávám, že prezidenti o tom budou mluvit a nechci, aby institucionální neutralita říkala, že nemohou dbát na nejlepší zájmy studentů, fakulty a zaměstnanců."

Mnoho propalestinských hlasů z kampusu se mezitím také staví proti institucionální neutralitě, protože bude i nadále umožňovat zatýkání a vyhošťování demonstrantů a zároveň jim bude odepírat jakýkoli hlas na akademické půdě. Někteří tvrdí, že univerzity již prohlásily, že nejsou vůči Izraeli neutrální, protože odmítly se ho zbavit.

„Umožnilo to prezidentům vysokých škol uzavřít veřejnou debatu a zároveň se zahalit do pláště vznešeného morálního principu,“ napsal v květnu Anton Ford, profesor University of Chicago, který naléhal na U of C, aby se vzdala Izraele. Dodal: „Uprostřed národního protestního hnutí nemůže být nic pohodlnějšího.“

Univerzity, které nepřijímají „institucionální neutralitu“, obecně zastávají tradiční tvrdší postoje proti demonstrantům, kteří budou podbízet se Izraeli a potlačovat propalestinské nálady. Univerzitní administrátoři po celých Spojených státech vyhlásili v univerzitních kampusech na dobu neurčitou výjimečný stav. Školy přetvářejí předpisy a dokonce i fyzické rozvržení kampusů v procesu, který má tomuto novému normálu vyhovovat. Téměř všechny nedávné aktualizace univerzitní politiky zesílily již tak četné byrokratické překážky pro studentské organizace, aby získaly souhlas s pořádáním akce. Někteří šli ještě dále, aby zachytili úplnou administrativní kontrolu aktivit školního areálu. Dlouho před studentskou intifádou začaly soukromé i veřejné univerzity odstraňovat Studenty spravedlnosti v Palestině (SJP) ze svých kampusů. V loňském roce univerzity George Washingtona a Rutgers University pozastavily své kapitoly SJP pod záminkou obnovení pořádku na akademické půdě. V letošním roce se obě univerzity opět zaměřily na SJP. Další univerzity následují příklad.

A pak je tu zákon na zvyšování povědomí o antisemitismu, který je nyní v Senátu poté, co v květnu prošel Sněmovnou drtivou 320 ku 91 hlasům. V nedávné diskusi na Kolumbijské univerzitě zástupce Josh Gottheimer z New Jersey řekl, že vůdce senátní většiny Chuck Schumer ho „ujistil“, že má v plánu předložit zákon na půdu Senátu k hlasování „do konce roku“. Legislativa nařizuje federálnímu ministerstvu školství, aby při vyšetřování tvrzení o diskriminaci Židů použilo extrémně kontroverzní definici antisemitismu International Holocaust Remembrance Alliance, která považuje jakoukoli kritiku sionismu/a/nebo/Izraele za antisemitskou . Jinými slovy, jakákoli kritika Izraele bude *ipso facto* aktem antisemitismu a bude podléhat trestním postihům na základě nenávisných projevů a podobné legislativy.

Pokud svoboda projevu v Americe skončí, nebude existovat žádný mechanismus pro útok proti nezákonným nebo protiústavním akcím federální vlády, jako jsou současné války, které se vedou bez vyhlášení války nebo důkazu o jakékoli bezprostřední hrozbě. Pokud bude kritika Izraele kriminalizována, pak se příčina nejstrašnější války, která se v současnosti na planetě odehrává, stane běžnou praxí, kdykoli bude chtít židovský stát rozšířit svůj *lebensraum* na úkor některého ze svých sousedů. Ani jedna situace by v ústavní demokracii neměla být tolerovatelná, ale tady to máte a bude se to jen zhoršovat, protože lidé nemají dostatek hlasu, jak to je, a šílenci ve Washingtonu bezstarostně mluví o válce na dvou frontách proti Rusku a Číně. z nichž jsou jaderné mocnosti a jsou připraveny je použít na svou obranu. Je tady v této zemi něco vážně špatně? Odpověď je jistě "Ano!"

Philip M. Girdi, Ph.D., je výkonným ředitelem Council for the National Interest, vzdělávací nadace 501(c)3 s odčitatelnou daní (federální identifikační číslo #52-1739023), která usiluje o zahraniční politiku USA více založenou na zájmech. na Středním východě. phil, i keep trying to tell you they cancelled the constitution during covid, due to an emergency health crisis and they forgot to turn it back on again. it's not just the constitution, it's also the geneva convention, the u.n. convention on genocide as well as the nuremberg code. they determined they they were all quaint as well as antiquated and replaced all of them, with the all new rules based orders, that now supercede even robert's rules of order.

this stream lines government red tape and makes their jobs much easier to perform, consolidating government agencies into an efficient monopolar ruling class and eliminating needless paperwork. our new chief executive officer, can institute sweeping changes, without all the squabbling between different branches of government. we all know this what caused the tragedy of 9/11, as different agencies were unable to communicate, due to differences in language, that directly led to the fall of the towers.

now that we have disposed of this old paper work, we can go paperless (or parchmentless), which is more environmentally friendly and saves both trees and sheep. we must as a people, embrace these brave new rules based orders for the commen good of humanity. as a former c.i.a. agent you should have received a copy in your email, please check the trash if you don't find it there. it's basically an updated version of the talmud, rewritten by adl to make it more applicable to modern life.

if you have still not received a copy within two weeks, you may want to check your front door, as this will save you the expense of having to have it replaced, which is a lot more expensive than it used to be, just ask scott ritter on that.

@Notsofast

no, the Constitution and the Republic died long before the (((Plandemic))):

the Republic died before WWI, when (((bankster)))-stooge Woodrow Wilson replaced State Legislature-selection of Senators with direct election by "the people" and saddled 'Murka with the (((Rothschild))) Third National Bank alias "Federal Reserve".

the Constitution was terminated after the Zionist False Flag 9/11 attack, when the Jews's bought-and-paid-for Congress (see: "Federal Reserve") replaced it with the savage, Talmudic "Patriot Act".

The installation of World Wide Hate speech laws for the protection of the Jews started way back in the 1960s —It gained momentum once the Holocaust Industry was launched in the 1970s.

Without the Holocaust Narrative, Israel would cease to exist. The entire 16 Million Jewish Diaspora must be constantly terrorized by Jewish Hollywood Nazi Porn and fabricated Holocaust stories. All Jewish donations to Israel would dry up overnight....if they all learned they were being lied to about the Holocaust.

With the fall of the Berlin Wall and the Collapse of the USSR —Historians finally had access to the Russian Historical Archives. Revisionist quickly began publishing their WWII History findings. Historians could finally visit the supposed Death Camps —until then, they were all locked behind the Iron Curtain for 50 years.

The gig was up —The Holocaust Narrative had no factual support as a supposed historical event.

<https://www.unz.com/article/breaking-the-spell/>

The Jews were in a pickle because their entire funding of and immigration to Israel —relied heavily on sympathy generated by the Hollywood Holocaust Movies.

No we know it was all a Lie. —Yet you have an entire country that relies solely on the propagation of that Lie. Further —Every Israeli Citizen born today in Israel —is 100% brainwashed on the New Holocaust Religion. The Jewish mental disorder called, the “Mosada Complex” is reinforced using the Holocaust Lie.

This is the Real Reason for Hate Speech Laws throughout the world. **The Holocaust Hoax is the Wellspring of all Hate Speech Laws.** Before every Hate Speech Law (in every country), you will see Jewish Money....Jewish Politics and an army of Jewish lawyers all working secretly behind the scenes to install that hate speech law.

Softening up the American Population to Accept hate Speech Laws:

From a Social Engineering view of America: the Feminism, LGBTQ, the Transgender, The Me Too, the BLM and ANTIFA and all the other Marxist Ideology and Critical Race Theory—all serve to weaken and divide the population. Down with the Patriarchy, White Guilt, White Fragility, the Porn Industry, Rise of Atheism, carefully funded and groomed Christian Zionism—Corporate Stewardship, HR Department Sensitivity Training, DEI Directors and DEI Vice Presidents, Transgender Rights to cut their dicks off...even at 12 years of age.

All of this shit creates a climate of Moral Decay, Bewilderment, Apathy and finally, “Acceptance”. Americans are now trained to self sensor. To fight Hate. To speak out against Hate.....blah...blah...blah. By accepting all the other marginalized communities (LGBQ+T) we are now ready to fight for and defend the poor wittle Jews. After all...we are now a, “Judeo-Christian Nation”.

This Apathy is the New Normal. We as a population are ripe for the picking now. The terraforming of America is complete. The soil is prepared. If the Bolshevik Democrats get another 4 years—Our US Constitution will be changed and there will be Federal hate Speech Laws installed.

The Jews controlled the US Population, chiefly by buying up every Mainstream Media outlet in America. The Jews create our perception of the world.

The US DOJ, the Pentagon, The Deep State, the Military Industrial Complex and numerous other Industries also use this Jewish control of our media **to maintain their market share.**

There are Trillions of Dollars of potential revenue, across numerous industries, reliant on manipulating, moving and controlling the perception of 350 Million Tax Payers. **And they need their legacy Mainstream Media outlets to be the Only Game in Town.**

However, what has happened in the last 10 Years is a complete loss of control over the Narrative. **Mainstream Media is being displaced by Alternative Media.**

Military Industrial Complex:—Before Every Wartheir is a huge Propaganda War. The MIC cannot recruit idiot soldiers if their Propaganda is countered by Alternative Media. So all futured declared wars will now have to institute Drafts to fill the ranks.

Big Pharma: Before every Pandemic, the Big Pharma has to sell the uptake of their drug—which relies heavily on Mainstream Media adds / Propaganda. Alternative Media thwarts the effectiveness of this Propaganda and could have

catastrophic effects —Like the Joe Rogan Interview of Dr. Robert Mallone —who's Twitter Account was shut down the day before he went on the Joe Rogan Show.

This one interview broke the internet, public opinion shifted dramatically.

The Trillion Dollar Climate Change Industry —is base entirely on faulty, easily exposed,..JUNK SCIENCE. Climate change is a HOAX. Yet billions of dollars has already been invested in this industry. Hate Speech Laws would shore up this Industry.

Bill Gates and all of his various endeavors —He is widely disliked now because of Alternative Media Conspiracy Theories —Some real, some true. He is Jewish. Hate Speech Laws could be used to insulate him from criticism.

For that matter many of the CEOs in the country are Jewish. Black Rock is owned by Larry Fink. Therefore, Black Rock will be protected by Hate Speech Laws. As will any other company headed by a Jewish owner or CEO.

MSM Media is losing billions in Sales Revenue as Alternative Media captures market share.

Hate Speech laws would allow the immediate censor and De-platforming of numerous Alternative Media outlets.

Israel owns our US Congress via AIPAC. Israel has lost billions in revenue due to Rising Anti-Semitism (BDS Movement) after Israeli IDF murdered 17,000 Palestinian children. There is no other stronger and more powerful proponent for US Hate Speech laws than Israel.

Corporations (and their incredible war chest of lobbying Money) all support Hate Speech Laws and censoring of anyone threatening their revenue streams.

For these reasons —I think Federal Hate Speech Laws are done deal. **America will Fall and once we give up our Freedom of Speech —it will take another bloody revolution to get it back.**

• **Thanks:** JWalters, John Trout

@Haxo Angmark

i'm glad you're reading my posts and bring up all the many points i've made in past comments, keep up the good work and you will eventually be able to write comments of your own, that people may actually want to read.

covid was the coup de grace, when all of the guarantees, of bill of rights were purposely violated, in order to demonstrate that it was finally flatlined, once and for all.

you may now go back to your usual hasbara, telling us how israeli zionazi ubermensches are humiliating the "axis of resistance" (spelled with three e's) and there's nothing that we can do about it. here's a catchy tag line for you: "assimilate, resistance is futile".

For those who may be interested in such arcana, the new issue of *Harvard* magazine features a cover article on “Academic Freedom and Free Speech” that is as brilliant a specimen of intellectualized bullshit as you can find anywhere. Justifying the savagery of the national crackdown on student anti-genocide protestors, without ever mentioning them, or using the g-word, or “Israel,” the piece attempts to define an alleged difference between freedom of speech and academic freedom. In a twist of reality worthy of Israel’s Chief Rabbi (or any proficient Jesuit theologian), our stalwart author gravely proclaims that academic freedom must not be tainted by “popular opinion,” citing as evidence the constant attacks by religionists on scientific findings that invalidate their cherished dogmas. But in effect he is asserting that speaking out against an unprecedented campaign of public mass murder and displacement by a foreign power (one that would not last six months without US aid) is just some silly fad, worthy of no more notice in the rarified world of academia than the latest sports hero or movie star.

The present case is not an arid intellectual exercise about eternal principles but response in real time to the grave emergency of specific, ongoing crimes against humanity. To paraphrase a fellow from our storied past, if this be antisemitism, make the most of it.

@MarLuc7

I think military drafts should be illegal world-wide. Why? Because if a nation is run for the interests of its people, plenty will rise to defend it, but if a nation is run for its top 1%, very few will defend it. That’s why they are wanting a draft.....to force kids to fight unpopular wars on the other side of the planet for the top 1%. I’m sure they’ve got a few false flag plots ready to go beforehand to pep the cattle.

Death to Israel and its master the evil empire. Biden, like Netanyahu, is a mass murderer and genocidal terrorist where should be executed as war criminals, so Netanyahu, now.

US was behind the mass murder in Lebanon, so UK. And the pagers were filled with explosive at the CIA FRONT co. in Hungary, connected to Taiwan (received an order for the pagers, both are colonies of US).

These companies are US government's FRONT to turn a low tech into an explosive . Then, transferred to Mossad to be tested on target in Lebanon **KILLING** babies, nurses and doctors who cannot defend themselves from evil empire. US is the biggest terrorist state in the history of mankind and must be ELIMINATED.

Americans are finding it hard to make ends meet...many are questioning where has the land of milk and honey gone?

They should look no further than who controls their government.

The education system lies to them from school age about how their communities work, a better lesson would be to have an excursion to the local airport and wave goodbye to their taxes as all those military cargo planes fly out to all those bases in places most couldn't find on a map with their hard earned dollars in the form of military hardware.

As long as the U.S can be top dog in the world they can run up a tab on materials and goods knowing that payment will never be needed. But this will now stop with the lost war in Ukraine...if Americans think things are bad now then they aint seen nuttin' yet!

Americans will now see the bill due for empire like those empires before, a slow slide into harder times as they will be booted out from around the world.

If you allow your society to be run by criminals then don't cry when they've robbed you of your lifestyle.

Death to US/UK who erected Israel in the occupied land of Palestine. The scum American 'elite' is responsible for the mass murder in Gaza, Lebanon, Iraq, Libya, Syria and in the central Asia.

Death to Biden and Trump, who support assassination, mass murder of the children and they fund it.

US-BACKED Israel must be removed from the face of earth. Bomb US-BACKED Israel and its supporters NOW. Destroy the American 'elite', SCUM who is responsible for thousands of children who have been cut in pieces. Fuck Biden and Trump, who are involved in massacre of the civilians in the region.

Americans are complicit in mass murdering of the people in the region where should be shamed all over the world. The victims in the region will chocked American terrorists and US-BACKED scum Israel with their own SHIT until are suffocated and are dead. You are not human, you are scum of humanity. US was 100% involved in explosive pagers killing children in Lebanon, Syria. Biden and Trump support fully the massacre of the children, nurses and teachers using low tech explosive made by Shell Co. (Mossad) in Hungary. Taiwan and Hungary are 100% involved in this massacre and those responsible should be arrested and punished, if they don't do it then they **must be assassinated** so the scum think twice before engaging in mass murder for few \$\$\$\$.

No one should go unpunished, not even scum Biden.

Why not lie? We must cease to be astounded.

Lying is much more economical than telling the truth. The gullibility, apathy and insouciance of the public is something that can be taken for granted statistically. The truth is expensive to maintain and package and only appeals to a small minority.

Most people will simply go along with the lie. Some fraction of them can even be counted on to help spread the lie, those of uncertain mind, foolishly abetting their own manipulators by attacking and ridiculing those who dissent and don't go along with the lie. And then there are those who will spread the lie simply for money or for other favor.

Controlling the narrative and flow of information is a powerful tool. It is what keeps the public in line, provides human fodder for the meat grinder. It is why Americans no longer have a free and independent press. It is why they are coming for the remaining information services and are seeking to block others. And so why not lie now that they can?

What they haven't yet contended with are those individuals who are able to draw all the conclusions that they attribute to Russian or other foreign disinformation entirely on their own, those who are able to function quite well in an information impoverished environment.

Those they will imprison or kill.

@Notsofast

covid was the coup de grace, when all of the guarantees, of bill of rights were purposely violated, in order to demonstrate that it was finally flatlined, once and for all.

100% pure idiocy.

The Bill of Rights was prima facie absurd from the start. The US has always had the right to take over your life 100%, draft you into the military, and send you anywhere on earth to kill or be killed for any reason they dream up. All in defense of the Bill of Rights. Can it get any more absurd than that?

I don't know about you, but I was drafted !!!

So much for the Bill of Rights. As for covid, it was, unlike the Bill of Rights, real.

The 'covid hoaxers' and the 9/11 truthers are examples of he same phenomenon and have the same effect, making the hoi polloi unable to think ... which... it never had in the first place....

9/11 Truth

The ineptly named "Truth" movement has done irreparable damage to the collective sanity of our society. It has accustomed tens of millions of people to the dangerous habits of sloppy, decontextualized thinking and of believing things without evidence and without reason. And it has created a heuristic out of the loopy notion that official sources always lie about everything, and since they always lie about everything, any crazy-ass alternative notion I come up with must be the truth. This is a recipe for civilizational disaster that has done more harm to our society than the 9/11 attacks themselves.

1775, a knock on the door of Benjamin Franklin's printing shop.

Franklin: Can I help you?

Captain: On behalf of His Majesty King George the Third, Captain Goeffry Winsingham would like to speak with Mr. Benjamin Franklin.

Franklin: I'm he.

Captain: Sir, we have a report that you have printed information and opinions disparaging of the Crown. What say you?

Franklin: My dear Captain, I am a loyal subject of the Crown. I have even recommended the Magna Carta to my French friends.

Captain: And what may I ask, is the Magna Carta?

Franklin: It's an historic English document advancing the freedom of mankind.

Captain: Oh. That sounds good.

Franklin: It is. Very good.

Captain: In that case, Mr. Franklin, I'm sure you understand that His Majesty only wants what is very good for his subjects.

Franklin: I'm certain that is so, Captain. But there may be some small differences of opinion on the best way to achieve that admirable goal.

Captain: Surely you can see, Mr. Franklin, that the health of our society depends upon harmony. And discord creates disharmony. And these small differences of which you speak have a way of, shall we say, catching fire, and turning into a conflagration.

Franklin: If there is a conflagration perhaps the differences are not so small.

Captain: In that case, Mr. Franklin, we must conclude that the dissent you are publishing is dangerous to the health of the society.

Franklin: Should we not also examine the possibility that the King is perhaps mistaken in some way? Perhaps these dissenting views of the people merit serious consideration?

Captain: The King is guided by God, Mr. Franklin. His Majesty is not mistaken. It is rabble like yourself who are mistaken. I have my orders. You have refused to be reasonable. Your printing shop will be shut down until further notice.

Franklin: You know I can open another shop elsewhere.

Captain: We will find it and shut that down too. Give up, Mr. Franklin, you have no chance of prevailing. We are the mightiest empire in the world.

Franklin: In the longer view, Captain, you will find the printing press is mightier than all the King's muskets.

Israel is seeking war with Lebanon, that's why they exploded the Pagers, a TERRORIST act, committed MORE crimes against humanity.

Meanwhile, Haaretz repeated **New York Time report that ISRAEL is BEHIND the explosive pagers** where killed many civilians and injured thousands of people at work, at work and in the street.

Hezbollah **Pagers Manufactured by Israeli Shell Company, Rigged With Explosives**, NYT Reports. *Sources told The Times that Israeli shell company BAC Consulting was licensed to make Taiwanese-designed pagers, producing both legitimate devices and those for Hezbollah containing plastic explosives.*

New York Times spoke to twelve current and former defense and intelligence officials who were briefed on the incident who say the Israelis were behind it.

According to the NYT report, BAC Consulting, the company that sold the explosive-laden pagers to Hezbollah, was actually a shell company established by Israel.

Three of them told the Times that BAC Consulting, the Hungary-based company that was under contract to produce the communication devices on behalf of a Taiwanese company, Gold Apollo, was part of an Israeli front designed to mask the real identity of those who created the pagers: Israeli intelligence officers. According to the unnamed sources, B.A.C. produced a range of ordinary pagers for legitimate clients, while separately they manufactured thousands of units that contained batteries laced with the explosive PETN bound for Hezbollah operatives.

Hungry is involved in cover up and should be held responsible for the Mass murder in Lebanon, and Syria.

<https://www.haaretz.com/israel-news/2024-09-19/ty-article/hezbollah-pagers-manufactured-by-israeli-shell-company-rigged-with-explosives-nyt-report/00000192-0b39-d46c-afb6-cb3df2fd0000>

More civnat wishful thinking — next to 'muh democracy' and 'muh Constitution', now what America needs to be 'truly strong' is 'fundamental rights' and 'no wars' — as I **pointed out before**, neither democracy, nor the Constitution, nor *anything* else about the current system, was enough to keep Springfield OH from being overrun by 20k Haitian savages.

The most important thing about any country is the quality of its human capital — **culture**, and everything else, is downstream from race — the quality of human capital available in America has been significantly degraded over the last half century or so, and neither 'fundamental rights' nor 'no wars' is going to fix that problem.

>The most important thing about any country is the quality of its human capital

And **this brief video** is why you can ***never*** trust establishment civic nationalist 'conservatives', no matter how iconoclastic they pretend to be, when it comes to anything related to race:

NEW: Nigel Farage concludes: "We don't care about skin colour, orientation, we couldn't care less who you are. We care whether you share the values of this country"

"Is that what everyone wants? Is that what we are going to fight for?"

Huge cheers from audience

They are a toxic fifth column absorbing political energy on Right, but will demographically destroy your country just as surely as any liberal will.

Of course the audience, many of whom are no doubt older Whites who had the benefit of growing up and starting life in a Britain that was almost entirely white, cheer like trained seals because there is literally nothing the average white person fears more than controversial ideas about race.

@Jack McArthur

Birthing? This vassal state is at least 23 years old. It's much older in reality. It's just now being forced to defend Israel in a way that makes it clear in a way that's impossible to deny.

Did Reagan demand Israel leave Lebanon in the 80s? Sure. Did they really do it? Took some time and they extorted the 3 billion a year out of the situation. What happened when he naively tried to use this allocation of money as a lever? He found out very quick the money wasn't a charity payment to Israel at America's discretion, it was tribute.

Was Oslo ever a real peace process? No, it was a terrible deal for the Palestinians and destroyed the PLO and the Israelis never gave up on the West Bank, all the massive colonisation of it was justified by Oslo even as the Israelis abandoned Oslo.

The neocons began their long march through the institutions in the 70s and by the 80s they were infesting the foreign policy establishment. (Looking at Reagan's career he seemed to be groomed by Jewish money) By the 90s the US had the hyperpower status they needed. By the 00s the Pearl Harbor event they sought occurred and they went on a mass campaign of war and destruction. By the 2010s they began to get their way against main target 2 but this time using Salafist proxies rather than a US invasion. Russia got in the way of that and a true regime change (They just mauled Syria for a decade) so now they lost their minds and now we have an insane war between two large European countries that you can't criticise in the West.

Even before that the Israel lobby was exerting influence, see the defensive term "Arabist" which was used for decades in a way mirroring the rise of Jewish power in the US, culminating in the 60s when the Jewish elite came of age in vast numbers and by the mid 70s the term "Arabist" ceased to be used. The "Arabists" were in reality far less coherent than the Zionists whose sole interest in being in the State Department was Israel. The "Arabists" were normal diplomats, the neocons and Zionists were the weridos. But the term implies the "Arabists" are the ones who must explain themselves with their treasonous agenda. It reminds of today's use of "Russian bots".

<https://www.nytimes.com/1971/11/07/archives/those-arabists-in-the-state-department-those-arabists-in-state.html>

Though I did find this article from 1992 by Robert Kaplan (In the Atlantic, of course, the home for Americans who spent their youth in the IDF) which suggests people who act like normal diplomats are evil, it's paywalled but the gist is from

the opener. But given that he was writing a book “Arabists” it seems more like a mopping up operation.

<https://www.theatlantic.com/magazine/archive/1992/08/tales-from-the-bazaar/305012>

As individuals, few American diplomats have been as anonymous as the members of the group known as Arabists. And yet as a group, no cadre of diplomats has aroused more suspicion than the Arab experts have. Arabists are frequently accused of romanticism, of having “gone native”—charges brought with a special vehemence as a result of the recent Gulf War and the events leading up to it. Who are the Arabists? Where did they come from? Do they deserve our confidence?

It's astounding since the it is the most profound projection of the neocons. Literally replace Arab expert with Zionist and Arabist with neocon.

@The Dominican

Where did you find the quote by Eric Blair?

I don't disbelieve it, but had always assumed that his use of 'Emmanuel Goldstein' was simply a remnant of his having signed up for the POUM militia (loyal to Lev Bronstein, 'Leon Trotsky') in the Spanish Civil War.

As for Vonnegut, I would believe the reply that he gave to you and others, but the P.o.W. scenes, including the horror bombing were clearly autobiographical.

Perhaps a shame that he didn't write a separate account of it. I recall reading his statement that those parts were his true experience.

Slaughterhouse Five as it is, is still a masterpiece, as was the film.

His short story, *Harrison Bergeron*, was a great prediction of 'woke' bullshit, also made into a so-so television drama (the story is much better, but the TV drama is also quite good).

Wokists and Jewish chauvinists: Kurt Vonnegut, to the memory hole, A.S.A.P.!

JFYI

The list includes "You Suck", unsurprisingly.

The Russian government has compiled a list of countries that "contradict traditional Russian spiritual and moral values."

The list published by the Cabinet of Ministers includes 47 countries:

Albania, Andorra, Australia, Austria, Bahamas, Belgium, Bulgaria, Great Britain (including the British Crown Dependencies and British Overseas Territories), Germany, Greece, Denmark, Iceland, Ireland, Italy, Japan, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Micronesia, Monaco, Netherlands, New Zealand, North Macedonia, Poland, Portugal, Republic of Korea, Romania, San Marino, Singapore, Slovenia, Spain, Sweden, Switzerland, Taiwan (China), Ukraine, United States of America, Estonia.

Earlier, Putin signed a decree that will allow citizens of countries where "traditional spiritual and moral values" are violated to obtain a residence permit in Russia.

It's not that _candidates_ don't understand, it's that the so-called 'electorate' do not understand.

They've been told overtly and subliminally what the jewish/Masonic plan is.

If they don't get it, or refuse to see it our of fear or insurgent IQ, that's no fault of the jew-masons.

Fatmericans (in the literal, intellectual, and spiritual senses) are truly ignorant of their own history. WHY, do you think, did there use to be an ANTI-MASON PARTY? For no reason at all?

Maybe it should be revived, and under the same name, with the same precepts and goals, while recognizing that you can't now, as then, have an Anti-Jew party, yet still seeing the true enemy for what it is?

Meh, perish the thought that the Fatmericans should think outside the box into which they've been tossed.

And here we have an Israel full of cowardly Jewish soldiers, if one would call them such, ready to enlist others to fight their wars. Surely, the smallest book ever written would be that of Jewish war heroes.

Without blindly slavish nations as the U.S. and Western European nations to brutalize others for Jewish aspirations, the world would be more at peace. Without these humanity hating masters, our fighters dead and maimed would be far less and our military budget reduced for better causes. Here, our political process would be less warlike and our politicians more honest and less deceitful.

Jewish reign in our corrupted country has pit Americans against each other and created a legal and illegal mixed society ill-conceived to go forward as a great nation.

“Constitutional Democracy” has failed, utterly. It’s too easily corrupted. We have to think in terms of what is best for racial survival. The experimental form of governance that my ancestors created in the 18th Century, died in the 19th Century and has been subverted to exterminate us and possibly the world with us.

The strength and success of the currently successful races and nations are based upon their homogenous cohesion. What has worked for them is National Socialism, without that particular label. It worked miraculously well for Whites, which was why it had to be eliminated. It’s elimination has proven to be miraculously successful in bringing Whites to the brink of extinction.

Jewish control of the media and entertainment (as Jewish propaganda) is the key, and it's analogous to the tiny parasitic jewel wasp as one of nature's true horrors. The tiny jewel wasp stings and takes control of the antennae of its immeasurably larger prey, enabling the tiny parasite to direct the prey to its nest where the prey will be fed upon until nothing is left but an empty husk, which is about all that's left of Legacy America.

So analogously, by taking control of the media, which is man's antennae of communication with the outside world, the Jew directs his human prey with the same power the jewel wasp has over its insect prey. One proof of this is the ability to take an American-hating, wine-besotted moron like Kamala Harris, who couldn't garner 2% of hardcore Dem voters during the 2020 primaries, and induce people to believe she's leading in the race for president among the other 98% of the electorate. By definition that amounts to control over a prey's contact with the outside world, exceeding even the jewel wasp's power in its horror.

Nothing will change, of course, so long as the Republican Party functions to prevent an alternative and, moreover, is now working with the Democrats in the Senate to criminalize simply expressing an opinion on this. The jewel wasp, incidentally, nips off the top of the prey's antenna much as the Jews are nipping off the business end of the Constitution, its First Amendment right to free speech.

There's a lot of clues for you just in this article and the comments. I'm not sure we've ever been as "self governed" as the propaganda would have everyone think. I'm not certain the majority wanted the Revolution. We immediately had a Whiskey Rebellion that was harshly suppressed. Southern states rightfully and legally left a federal government that was becoming a totalitarian monster. That was suppressed and genocidal ethnic replacement was immediately implemented to help ensure against future dissent. "Democracy" was subverted from the beginning. It was delusion based upon the idea that the democratic and egalitarian functions of the Freemasonic lodge could be applied to the general population, for the good of all. That was naive and didn't take many things into consideration.

The novel, now quaint, feature of the Constitution vesting authority to declare war in the people and not the executive, was doomed from the start by the march of science, technology and industry. It maybe made sense when wars were fought with muskets and wooden, wind-powered ships and defense consisted of stone forts. Under those conditions the Founders could well disparage standing armies as a threat to democracy, as many of them did. But with every advance in weaponry it became ever more impossible to muster and equip a military from civilians upon their declaration of war. Probably impossible from the beginning except for Pollyannas.

In any event the people's war power went limp when their representatives voted to evade it in exercising their power of the purse. They voted time and again to maintain a standing army. Most egregiously, under FDR they voted not only to fund the "arsenal of democracy" (jobs!) but also to man it with a military draft. Congress then sealed their abandonment of their war power with their duplicitous War Powers Resolution, giving the President the authority to launch a war "to fulfill the intent of the framers of the Constitution."

Does anyone think an all-out American war against Iran or Russia will be preceded by a Congressional declaration of war? Ironically, it could be, given the majority of Likudniks in Congress.

@Che Guava

The POUM were not Trotskyists except in the loose sense of being anti-Stalin. Trotsky himself thought they were not ideologically pure enough. Orwell depicted his own enlistment in the POUM as almost accidental and he expressed impatience about the bitter ideological disputes among the left in Spain, at least initially.

Hahaha. There hasnt never been "true America". Its like explaining that communism would work, but it was just implemented wrong until now. American and british have always been going to kill, rob, rape and terrorize others their entire history. However, they havent never been some kind of brave fighters who confront openly and honestly. They have always been coward terrorists and thieves, who run away as soon as somebody starts to legally shoot at these animals.

We are just disgusted what these animals have always been. Never surrender and never submit to american and british, as well as to some of their elite jewish allies.

Drive the american and british enemy to the sea with legal means. No mercy and no rest for the american and british terrorists!

The first big lie was the Constitution itself and the idea that there was some glaring need to replace the Articles of Confederation. Not true. It is not difficult to see that for many of the framers, particularly of the Hamiltonian (federalist) persuasion, the Constitution was designed principally to create the conditions for a strong national government and to eliminate those principles set forth in the Articles which prevented this. The States were the principal actors in the creation of the Union, not the people. While the ratification of the Constitution initiated the process of centralizing power, it was Mr. Lincoln's War which signaled the death of state sovereignty and exposed the many weaknesses of the Constitution, particularly regarding the 10th Amendment. As we see now, when you build upon a faulty foundation (lies), the attacks on liberty and the true vision of the American republic just go from bad to worse. There is no fix for this nation in returning to Constitutional principles because it is upon those principles (or lack thereof) that the current empire is built.

At the same time, american and british-led terrorists have been trained, armed and funded in Myanmar etc. numerous regions, ready to commit terrorism for american and british terrorists. These are cowards who mostly hide in the shadows and use proxies to fight for them. You normally very rarely see american and british cowards and because of this, its very hard to attack american and british terrorists and war criminals with legal means. Now also in Ukraine and Finland, american and british are completely running the countries, but they always hide in the shadows and behind curtains. If local people even touch american and british civilian, soldiers or spies with legal means, they make you pay heavily for it, but local people do not have any protection against these terrorists, robbers and war criminals. They have fixed corrupt treaties with their completely corrupt local puppet governments that give american and british terrorists immunity from local investigations and prosecutions. USA even threatened to put sanctions on anybody investigating their or their allies war crimes (also Israel) and on their family members. Thats why you see very little done about Israel, because american and british terrorists will come after you and your family.

The big gov and their whacking stick is an onerous blob of hate, arrogance and selfishness on a MEGA scale. One law could fix this planet.

Make any form of lying by anyone in a leadership position over local, state and federal communities an onerous hate crime. For misleading people on any issue, this would deserve a 100,000 to 100,000,000 fine and 10 years in prison. Better yet, make it 25% of their current wealth. Lying leads to everything else nasty. Everything. Also subject them to lie-detector testing. I would even throw in some water boarding if I could enable that personally, especially for the slimy politicians.

So there ya go....a final solution. In fact, when we see these lying bastards in public we should all just point at them and continue to batter them verbally with, Lier Lier Lier over and over, nice and loud so they are unable to talk over you. Doesnt matter whether its the lying media, lying CEOs and of course, the best in the profession....lying politicians.

Expecting change from inaction is nothing more than early forming insanity and the ultimate complacency. Both of which are prevalent and easily observable in the USA.

IT'S THE JEWS...IT'S ALWAYS THE JEWS...

Observe the number of countries that have made ANY discussion of the so-called jewish "*holocaust*[™]" outside of the "*commonly accepted narrative*" a CRIME.

The JEWS would love to do the same thing within the USA but are still relatively constrained from doing so with that pesky **Constitution of the united States of America** being in the way.

JEWS are making inroads into doing so with the enactment of so-called "*civil-rights*" laws which abrogate true "*freedom of association*" as well as attaching "*hate crimes*" enhancements to ordinary criminal laws.

One must not forget the taxpayer-funded jewish freak shows, known as "*holocaustianity*[™] *temples*" which violate every Constitutional precept of the "*separation of church and state*". *Jewish menorahs*[™] displayed on public property are also a Constitutional violation as their presence is promotion of one religion over another.

Our "*jewish problem*" will not be solved until enough Americans realize that JEWS ARE INDEED THE PROBLEM.

[@WellRedMan](#)

The Constitution of the united States of America needs to be reread and understood, NOT rewritten or abandoned.

The **Constitution of the united States of America** no longer performs its intended function as it has been so bastardized and in many ways rendered irrelevant, politicians and moneyed interests doing whatever they want.

It appears that you need an education in “*original intent*” of the Constitution of the united States. I will attempt to “*educate*” you.

The **Constitution of the united States** is a “*Charter of Negative Rights*” which puts limits on what government may do and limits the powers that the government possesses.

The **First Amendment to the Constitution** starts out with the declaration: “*Congress shall make NO LAW...*” This in itself is proof that the Constitution of the united States is supposed to be a limiting force on government.

There is no other country in the world that has such a “*Charter of Negative Rights*”.

A good example of this is **Canada**, our neighbor to the north. Although Canadian citizens enjoy their “*charter of rights*”, they are actually “*permissions*” that can be revoked at the stroke of a pen at the whim of government officials.

Witness the “*truckers strike*”, Canadians exercising their “*rights*” which were brutally suppressed with seizure of bank accounts, their trucks and homes, and threats to remove children from their parents for merely protesting government policies.

The Constitution began fraying, especially under President Abraham Lincoln who usurped powers that were not his to possess.

Keep in mind that in pre-Civil War times, the united States of America was a loose confederation of states, most powers held at the state level. The few duties that the federal government possessed were to *run a post office, coin lawful money and assemble troops to repel outside aggression*, nothing more.

A citizen within the united States of America regarded himself to be a citizen of whatever state he resided in. A citizen living in Virginia considered himself to be a “*citizen of Virginia*”, NOT a citizen of the united States. That all changed after the Civil War when the federal government gained powers originally not Constitutionally valid.

The “coup de gras” was finally imposed with the creation of the Federal Reserve System, privatizing our monetary system, and the imposition of the income tax, all done by Constitutional Amendments, maybe legal, but definitely misguided. Checks and balances were destroyed, the states being emasculated by the direct election of Senators, which previous to the 17th Amendment were appointed by the “several states”.

A prime example of abandonment of Constitutional principles was the so-called “drug war” of the 1960s and beyond which banned “certain substances” by Congressional and presidential fiat rather than by the Amendment process.

Keep in mind that alcohol was banned, (1920) requiring the use of the Constitutional Amendment process. Repeal of the Volstead Act (1933) was achieved by the same method. The same process should have been followed for the 1960s and beyond “drug war”.

@saggy.

The US has always had the right to take over your life 100%, draft you into the military, and send you anywhere on earth to kill or be killed for any reason they dream up. All in defense of the Bill of Rights. Can it get any more absurd than that?

that's a good point

As for covid, it was, unlike the Bill of Rights, real.

and unlike the draft, *it* actually was a perfectly sound and moral rationale to order people around and demand they do this and that, up to and including being forced, (on pain of losing one's livelihood), to get an experimental vaccine with dubious benefits, at best.

Huh?

9/11 truthers are examples of the same phenomenon and have the same effect, making the hoi polloi **unable to think** ... which... it never had in the first place

if you accept the government's official explanation for 9/11, you're dumber than dog piss.

I won't elaborate any more than that.

‘Senate Majority Leader Chuck Schumer has “assured” [Rep Gottheimer] that he plans to bring the [Antisemitism Awareness] Act to the Senate floor for a vote “before the end of the year.” — Dr Philip Giraldi

The version passed by the House in May is listed here. Click Roll call no. 172 to see how your Congress Clown voted:

<https://www.congress.gov/bill/118th-congress/house-bill/6090/all-actions?overview=closed&q=%7B%22roll-call-vote%3A%22%7D>

The Senate has its own version of the legislation, sponsored by Senator Tim ‘Stepin Fetchit’ Scott, a/k/a ‘Lawn Jockey of the Jews’:

<https://www.congress.gov/bill/118th-congress/senate-bill/4127>

It’s entirely plausible that Schumer will whoop S.4127 through the lame-duck Senate in November or December. Then a quick conference with the House will follow to harmonize the two bills, or simply to select one or the other as the vehicle.

Naturally the senile self-proclaimed zionist currently impersonating the president will sign it, de facto nullifying the First Amendment. Then no one will dare even to speak of the Jews, except in hushed tones of worshipful reverence for their self-appointed role as teachers and moral instructors to the lowly *goyim*, their barely sentient human cattle and Shabbos light switch flippers.

Israel is our misfortune.

Since at least 1913 the ZUS has been a foreign controlled regime under zionist communist bolshevik control via the jewish banksters control of the money creation via their privately owned FED and IRS aka their central bank and their graduated income tax, which are 2 of the 10 planks of the communist manifesto, and with these, America became a zionist plantation and we became slaves on the zionist plantation, and now the end is near and we will end up just like the Palestinians unless Americans wake the hell up.

In fact Washington DC is a foreign owned corporation and has been since the Act of 1871, made DC a corporation and a sovereign regime owned and by the zionists and the ZUS is a corporation, not a country and is zionist communist bolshevik controlled.

If anyone doubts any of this, do the research, it is all sadly true and this is why America is being destroyed.

Likewise, no matter who wins the election in the US in November, the Israeli tie that binds will continue to be in place

The Israel-wary Arab media are reporting that Trump has made a secret agreement with Netanyahu. They would have agreed that Netanyahu will reject any Gaza ceasefire proposition made by the Biden clique, so as to ensure that the Democrats will reach the November 2024 election with the worst possible foreign policy record, maximising Trump's chance to be elected.

I have no doubt that Netanyahu is making other similar "secret" agreements with the Biden administration in parallel.

garbage in = garbage out

Biden Did Not “Fail” To Get A Ceasefire; He Never Tried by Ms Caitlin Johnstone!

<https://caitlinjohnstone.com.au/2024/09/21/biden-didnt-fail-to-get-a-ceasefire-he-never-tried/>

If you look at the entire global behavior of the United States empire as a whole, the difference between what it would look like if Trump were president and what it would look like under Harris is probably something like one tenth of one percent- and even that is being generous.

Whereas if either party ran candidates who stood for peace, justice, equality and a healthy environment, the world would be so drastically changed as to become almost unrecognizable.

Which is why neither party ever runs such a candidate.

Both parties exist to maintain the corrupt, abusive, warmongering, imperialist, ecocidal capitalist status quo. The oligarchs and empire managers who really run the United States government will do whatever they need to do to ensure that only candidates who will preserve that status quo ever get anywhere near the Oval Office.

Elections are a phony performance put on every few years to let United States of Americans believe they have some meaningful control over the most important decisions that will be made by their government.

Looking at what IS NOT on the ballot instead of looking at what is makes this immediately obvious.

The arabs/muslims can end israel if they do this and finally solve all the problems in the middle east and beyond. With a million men from morocco to bangladesh, they first need to overthrow the fake puppet kings in saudi arabia, jordan, uae, qatar, and kuwait, overthrow the puppet sisi in egypt, THEN use their militaries and equipment to launch a war to end all wars on israel and finish this insanity.

The first domino to fall should be jordan, then sisi, then the fake gulf kings and crown princes

Wanna do a little research on why China's electronics aren't allowed in the US ? Maybe because of backdoor access – no shit. Then look at all the parts in the transportation hub that have Israeli chips, electronics etc. Even your cars brakes or accelerators can have the sabotaged parts manipulated – as in what happened to one of President Putins driver. How about airplanes – you couldn't do anything to my cessna electronically, but a heavy hauler – it's all computer run. Israel has more Hi Teck parts sold around the world than most other countries. Why was Pavel hijacked in Paris – because they wanted a B D.

Don't let that fantasy of someone else using your own backdoor – mess with the reality of why everything went hi tech and now it is used to murder certain people – it's been happening for decades already. No Joke

Exactly. The cost of living is through the roof but few people object to giving billions to the Ukies and israelis year after year after year.

Too bad our Solons believe in israel First instead of America First. Only very sick people would give mass murderer Bibi 58 standing ovations.

Aussie, Brendon O’Connell has spoken about this at great length for many years. He calls it Israel’s “Kill switch diplomacy” and refers to it as being part of their Talpiot program. He, at times, seemed a little wired up and over the top but I believe his overall information has been quite good. Also, the recent pager and other electronics attack by Israel is not a new phenomenon with them. They’ve been at it for some time <https://www.middleeasteye.net/news/what-kind-booby-traps-has-israel-used-lebanon>

https://www.youtube.com/@Talpiot_Program/videos
