MK-ULTRA použil psychoaktivní drogy, elektrošoky, smyslovou deprivaci a další způsoby mučení, aby proměnil psychiku nevědomého testovaného subjektu na kaši a rekonstruoval ji na tvárný ovládací panel. Namísto vytvoření dokonalého mandžuského kandidáta se programu CIA podařilo vyrobit pouze psychologicky zničené náhlavní soupravy. MK-ULTRA oficiálně trvala od roku 1953

do roku 1973. Místo odložení tohoto zločinu proti lidskosti jej Impérium USA upravilo pro masovou spotřebu. MK-ULTRA nikdy neskončila. Prostě se to stalo mainstreamem.

Aby MK-ULTRA získala nad testovanými subjekty plné spektrum dominance, nepoužila pouze taktiku psychologické manipulace na úrovni traumatu, ale také aplikovala fyzické látky přímo do těla.

Pandemie covidu byla velkoplošnou adaptací této dvojité hry Deep State. Nejraději bych vynechal jejich pokračování Jaws II, ale návštěva divadla je povinná.

V sérii článků , které by ho zařadily do užšího výběru Pulitzerovy ceny ve světě bez falešných zpráv, technologický podnikatel, vydavatel, aktivista za svobodu slova, novinář a spisovatel Ron Unz do brilantní hloubky popsal, jak covid byl útok biologickou zbraní Deep State. proti Číně. Stejně jako mezinárodní bankovní hydra má covid mnoho hlav. Tato virová mutace MK-ULTRA také zahrnuje biometrické ID, digitální peněženky NWO, hraniční kontrolu Stasi, depopulaci, únosy DNA, transhumanismus a převod bohatství. Nejmocnější zbraní v kognitivní válce je strach. Covid toho nabídl spoustu. Neviditelný všudypřítomný patogen, který vás rychle dovede na JIP nebo do márnice, drásá nervy většině lidí. Neustálé šíření strachu v korporátních médiích a počítání úmrtí „uklouznutím a pádem“ jako covid, aby se čísla přidala k panice. Neříkám, že covid není skutečná biologická zbraň. Myslím, že to je. Je však také vysoce přežitelná - alespoň v tomto okamžiku. Raději zvládám covid s přirozenou imunitou oproti DARPA vax. Pokud věříte, že covid byl biologickým útokem Deep State/Big

Pharma/DARPA/neocon/Davos, tak proč věřit stejným subjektům nabízejícím lék? Problém-reakce-řešení, půjčit si od Davida Ickeho. V klinické studii existuje kontrolní skupina (placebo) a léčebná skupina (ti, kteří dostanou skutečný lék nebo jeho různé koncentrace). V tomto případě se zdá, že zavedení mRNA vakcíny v reálném světě byla klinická studie, což znamená, že existovaly různé šarže. Pokud je to pravda, je to dobrá zpráva pro některé, kteří dostali bodnutí. Procento příjemců vakcíny ustoupilo na místě nebo

utrpělo vážné vedlejší účinky nebo smrt o několik dní nebo měsíců později. Ostatní příjemci vaxu se zdají být naprosto zdraví. Hypotéza modelu kontroly a léčby by vysvětlila velký rozdíl v symptomatické odpovědi.

Ti, kteří odmítli vyhovět, prošli kolem prvního kola hry „Squid Game“. Gratuluji kamaráde. Ale ještě nevytahujte korek Dom Pérignon. Druhé kolo bude opravdová nitroglycerinová petarda. Pokud jste vzali vax a neutrpěli žádné škodlivé účinky, vybrali jste šťastná čísla. Díky tomu máte nárok na druhé kolo. Nedělejte stejnou chybu dvakrát, protože příště by kontrolní skupina mohla být mnohem menší. Pro ty, kteří vzali vax a zranili se, je vaší největší nadějí, že svérázný vědec pracuje na léku ve své tajné podzemní laboratoři. Nečekejte pomoc od hlavního proudu lékařského průmyslu. Vaší další nadějí je sladká pomsta.

9/11 byl další trik inspirovaný MK-ULTRA, který využíval strachu k získání masové poddajnosti. Zvyšováním hladiny kortizolu v zemi neokoni přiměli populaci testovacích subjektů, aby přijala permanentní válku jako nový normál a vyměnila svá ústavní práva za ochranu bezpečnostního státu. Jak řekl chlápek na stodolarovce: "Ti, kteří by se vzdali základní svobody, aby si koupili trochu dočasného bezpečí, si nezaslouží ani svobodu, ani bezpečí." Pokud věříte Franklinovu citátu, pak si Amerika zaslouží to, co přichází.

Hlasování ve zmanipulovaném systému jedné strany je další MK-ULTRA psyop. Iluze volby dává testovanému subjektu falešnou naději a odvádí energii od smysluplného jednání. Voliči se stávají natahovacími hračkami, které věčně opakují rituál, který nepřináší žádné výsledky. Variace modlitby k falešným modlám. Nechtěl jsem diskutovat o hlasování, protože jsem mu věnoval celý článek s názvem „Prolomení závislosti na volebních psyopech“. RockaBoatus však napsal článek s názvem „Volit či nevolit“ a zmínil můj článek. To mě přimělo trochu více přemýšlet o tématu.

Základním postojem RockaBoatus bylo, že i když je současný systém Red/Blue zkorumpovaný, účast v něm má strategickou hodnotu. RockaBoatus na mě působí jako čestný člověk s dobrými úmysly.

Stále tvrdím, že hlasování pro soutěžícího v červené nebo modré soutěži je ztráta času a pouze posiluje systém.

Ke své původní pozici přidám upozornění na vedlejší poznámku. Pokud by se někdy objevila legitimní třetí strana, mohl bych zvážit její podporu. Poté, co se Ross Perot dostal do blízkosti Bílého domu, oligarchie zaplnila pole nastraženými pastmi, aby třetí strana nikdy nezískala trakci. V současném systému jednotné strany nemohou třetí strany vyhrát. Co by organizovaná třetí strana mohla potenciálně udělat, je fungovat jako megafon, který by přenesl zprávu k masám a vytvořil chaos v systému. To by mohlo být dobré pro pár smíchu.

Pokud by však třetí strana dosáhla úrovně obtěžování, federálové by ji vypnuli a poslali všechny do pískoviště, aby si hráli s chudáky 6. ledna. Aby si třetí strana půjčila od Johnnyho Cashe, aby zůstala naživu, musela by „chodit po linii“ – a navíc anorektička. Pokud by se organizace držela pevně, dokud by se bankomaty nestaly nespolehlivými a šrouby a matice systému nezačaly vyskakovat, večírek by byl připravený a připravený k práci. Omlouvám se za objížďku, zpět na MK-ULTRA.

Ve svém původním článku o hlasování jsem uvedl obecné důvody pro bojkot volební frašky. Přizpůsobím si svůj pohled, abych ho lépe sladil s tématem MK-ULTRA tohoto dílu. Když Cortés přistál v Novém světě (netoleruji jeho zacházení s domorodými národy), spálil všechny své lodě. Zřejmým poselstvím bylo „vítězství nebo smrt“. Pokud se vás skupina pokusí genocidu, i když k ní dochází v přírůstkovém tempu, reakce na boj nebo útěk vstoupí do neuroplastické sítě vašeho mozku. I když na podvědomé úrovni, volbou přežití se do vaší psychiky implantuje zpráva „vítězství nebo smrt“. Chcete-li využít tento způsob přežití, musíte držet hlavu pevně. Z falešné naděje, kterou hlasování nabízí, se mi motá hlava. V Rothschild-Rockefellerově Satanské matici není žádná naděje – existuje pouze „toto“.

Kulturní válka rozděl & panuj je další netopýr MK-ULTRA, který utekl z laboratoře. Lidé jsou velmi citliví, pokud jde o jejich oblíbené válečné kultury. Nic nenaplní oblohu nenávisťnými bombami rychleji. Podporuji svobodu slova, takže zamkněte a načtěte. Pokud jde o „nenávisťné projevy“, tíhnu k filozofii „klacky a kameny“. Sprostá slova mě příliš netrápí. Žehlička na pneumatiky je jiný příběh.

Transgender koupelny, sňatky gayů, potraty, pálení vlajky, válka o Vánocích. Ka-bum. Možná tyto problémy překrucujete a převracíte, ale Goldman Sachs a MIC o nich neinformují krysí gluteus maximus. Starají se jen o vysátí posledních mincí zpod polštáře americké pohovky a dokončení koncentračního tábora Amerika. Když lidi unaví „probuzený“ podvod, Raytheon může odlepit nálepky #BLM a duhové vlajky z jejich raket a nahradit je obtisky kříže a americké vlajky.

Myslíte si, že drag queen předvádějící kabaret v gay potápěčském baru použil magický pohádkový prach, aby převzal veřejný školský systém a implementoval „Drag Queen Storytime“? Věříte, že trans komunita, historicky zranitelná a marginalizovaná skupina, má dostatečný vliv na to, aby přinutila Raytheon oslavit „Trans Day“ nebo masové vymývání mozků „probudilo“ rodiče, aby umožnili chemické a chirurgické experimenty na jejich dětech? Tohle všechno je operace Davos-Deep State. Neobviňuji z toho organickou gay a trans komunitu.

Lidská sexualita je komplexní téma. Jsem příliš hloupý, abych pochopil, co to všechno znamená. Nechám biology, psychology, sexuology, pornohvězdy, duchovní a písničkáře, aby vytloukli definitivní návod. Nicméně mám dost nervových funkcí, abych si uvědomil, že Deep State by neměl být zbraněmi pro sexualitu. Můj zjednodušující pohled na bahno sexuálních kontroverzí je, že pokud jde o osobní volbu životního stylu souhlasných dospělých, nehraji si na policistu pro morálku. Není to v mém kódu. Jestli je souhlasný

dospělý gay, trans nebo se rád obléká do kostýmu medvěda jogína a houpe se z hrazdy – je mi to jedno. A rozhodně kvůli tomu nebudu válčit.

„Svoboda sdružování“ Pierra-Josepha Proudona řeší kulturní válečný konflikt. Pokud se nějaký frajer rád prochází ve včelím úlu a bez zadku, spusťte program Village People v Gayville. Pro ty, kteří tuto scénu nekopou a nechtějí, aby v ní byly jejich děti, spusťte program Normana Rockwella ve Straightville. Problém je v tom, že se všichni snaží spouštět program všech ostatních místo svého. V muslimském teologickém jazyce – je to váš džihád nebo boj/namáhání. Vnímání z bodu A do bodu B znamená volby. Souhlas nebo ne.

"A co potrat?" ptá se někdo. "Plod nemůže souhlasit s tím, že bude vysát ze svého útulného děložního domicilu." Platný bod. Věřím, že industrializované masové potraty karmicky rozbijí civilizaci.

Nicméně si také myslím, že pokud je žena hromadně znásilněna slabými hlavními uprchlíky z azylu, interrupce se stane benevolentním aktem. Ať už se na to díváte z jakéhokoli úhlu, příliš se neznepokojujte. Mezi mRNA vakcínami, 5G, elektromagnetickými poli, GMO potravinami, environmentálními toxiny a uvolněním záření z Fukušimy bude do roku 2030 většina lidí na Západě pravděpodobně sterilní. Problém je vyřešen.

A co ty děti, které nechaly MK-ULTRA přesvědčit, že jsou špatného pohlaví a požádaly Santu o operaci změny pohlaví? Každý, kdo má molekulu lidstva, ví, že nezletilý nemůže souhlasit s procedurou, která změní život takového rozsahu. Z mého pohledu celý dětský transgender tlak představuje prediktivní programování inspirované Yuvaem Noahem Harharim navrženým tak, aby získalo veřejné přijetí pro tělo invazivní nanotechnologie, únosy DNA, čipování mozku a další transhumanistické modality. Globalisté, kteří prosazují svou sexuální agendu dětem, si zaslouží stejné zacházení jako dětské hřiště. Avšak ve skutečných číslech, kolik dětí v Americe podstoupilo operaci změny pohlaví? 5? 500? 5000? 50 000? Nevím.

Globalisté chtějí dostat světovou populaci do rozmezí 500 milionů až 1 miliardy. S umělou inteligencí a robotikou v určitém okamžiku nebudou potřebovat lidskou práci ani miliardy zbytečných vysavačů kyslíku povalujících se kolem. Nejsem Bill Gates ani Oprah. Nejsem ani generální ředitel společnosti Big Tech, Chelsea Clintonová nebo technokrat z EU. Podle měřítek Davosu nemám nárok na místo „pod kupolí“. S největší pravděpodobností ani vy. Dívám se na to přes objektiv M\*A\*S\*H. Zachraňte toho, kdo může být spasen jako první. Mnoho z nich neprojde filtrem Great Reset. Pokud plánujete zůstat duševně a fyzicky životaschopní, musíte tato data zpracovat. Někdo by si mohl myslet, že na kultuře nezáleží. Špatně. Jsou to mýty, vyprávění a zvyky lidí, které je chrání před duchovní a fyzickou decimací. Nedílnou součástí genocidy domorodých Američanů bylo jejich zbavení jazyka a náboženství. Proč si myslíte, že hlavní role Netflix Viking a alžbětinské princezny nyní hrají People of Color? Už nějakou dobu provozují program MK-ULTRA na černochech. Pamatujete na experiment Tuskegee? Nyní si každý může zahrát na pokusného králíka pro vědce Rockefellerovy nadace. Jak říká Niemöllerova báseň: „Nejdříve přišli pro socialisty...“ Zbytek znáte. Pokud se davoská dystopie naplní naplno a vy sháníte jídlo na městském smetišti, zatímco nad hlavou krouží zabijácké drony – gay manželství, trans-koupelny a válka o Vánocích bude to nejmenší z vašich starostí. Posedlost sociálními tématy je luxus pro lidi se zásobenými ledničkami a funkčními rozvodnými sítěmi. Užívejte si vyráběné pobouření ZioCorp, dokud můžete. Před válkou neokonzervativní propaganda všechny Ukrajince znejistila. Podívejte se, jak dobře to dopadlo. Mohl bych napsat svazek o 24/7 MK-ULTRA útoku na mysl a těla. Příklady na kognitivní úrovni zahrnují Fake News, narušení sekce komentářů trolla Hasbara, přeprogramování veřejných škol, hollywoodské superhrdinské filmy podle scénáře CIA a cenzura algoritmů Google. To je v první řadě válka s lidskou myslí.

Stress suicide by Fox Business News “pick yourself up by your bootstraps you lazy goldbricking bastard” controlled scarcity capitalism moves things into the physical realm. The Sackler opioid crisis Rust Belt soft genocide added a complimentary adjunct. From there it continues with over-prescribed mental meds, bioweapon attacks, mRNA vaccines, chemtrails, global supply chain disruptions, and Monsanto GMO food tampering. In the not-too-distant future, “consumers” will stand in line for hours to become the first Apple Store brain chip recipients.

Cílem MK-ULTRA bylo nahradit realitu testovaného subjektu realitou vytvořenou klinikem. Chtějí vás zlomit tam, kde s úsměvem vejde do komory smrti a stisknete tlačítko pro smazání, zatímco na pozadí hraje „Bad Romance“ Lady Gaga. Bláznivá fantazie? Podívejte se na emoji ctnostní signalizátor modré a žluté vlajky v osmém měsíci těhotenství, který pózuje pro její 57. selfie na sociálních sítích. Žijeme v toxickém lucidním snu s beta vlnou. Hinduistické duchovní texty označují tento sen jako „svět iluze“ nebo Maya. Půjčení titulu dokumentárního filmu - Exit přes obchod se suvenýry. Nebo zhroutí sen. Nebo noční můra, záleží na úhlu pohledu.

Čínská kletba zní: "Ať žiješ v zajímavých časech." Jsem hloupý. Čím jsou časy „zajímavější“, tím jsem hloupější. Proto se řídím Tao. Tao je jednoduché, protože je příliš složité na pochopení. Použijte jakékoli létající auto, které vás nejlépe projde iluzí. Získat uměleckou licenci s „Welcome to the Jungle“ od Guns N' Roses – Víte, kde jste? Jsi v Rothschild-Rockefellerově satanské matici, zlato.

Pro podrobnější pohled na původní MK-ULTRA a související programy CIA doporučuji článek Chrise Hedgese „Naše neviditelná vláda“. Hedgesovy knihy přispěly k mému politickému probuzení. Mluvil jsem s ním několik minut po jedné z jeho přednášek. Chris se mi líbí.

Ve společnosti MK-ULTRA populace testovaných osob nevyhnutelně trpí duchovní, duševní nebo fyzickou destrukcí. Podle mého kódu je pokus mě „zničit“ stejný jako pokusit se mě zabít. Ať už mám co do činění s uvolněným tygrem, který provedl útěk z vězení v zoo, nebo s

kódově žlutým útokem biologickou zbraní Deep State – spouštím program „život a smrt“. Co je to program „na život a na smrt“? Ať už jste to věděli nebo ne, pravděpodobně jste to někdy spustili.

*Jsou 2 hodiny ráno a vy jedete hromadnou dopravou přes riskantní část města. V autě jste jen vy. Na další zastávce vstoupí dravec. Ne typu chomo nebo rapey, ale ten, kdo se řídí Darwinovým kodexem. Sedí naproti vám. Jeho oční bulvy masožravce se pevně spojují. Dveře se zavírají.*

*Je pevně stavěný. Ne typ postavy, který pochází z posilování, ale z nekonečných opakování kliků a kliků ve vězeňské cele. Ozubená kola v jeho hlavě se ozývají dostatečně hlasitě, aby přepsala jeho myšlenky: "On, nebo počkat a počkat na měkkou šťavnatou gazelu?"*

*Dravec má bystré smysly. Je naladěný na váš pohyb očí, řeč těla, dýchání a na podvědomé úrovni elektrické pole vašeho těla. Žádná povolení CCW vydaná na tomto území kamarádi. Pokud to půjde dolů, tento tanec bude tvrdý a rychlý a blízký a osobní. Špatný pohyb, dokonce i špatná emoce, může mít za následek ukončení programu.*

To je ta zrychlená verze. S globalisty je to pomalejší a postupnější. To neznamena, že je to méně smrtící. Spusťte svůj program. Postupujte podle svého kódu. Každý dostane vstupenku do funhouse MK-ULTRA. Ne všichni odejdou.

Výborný kousek. Podle mého názoru je zatím tvůj nejlepší.

Blázen, jak se to zdá, téměř plně souhlasím – alespoň pokud jde o perspektivu. Je to takové jaké to je.

Člověk musí ztratit strach, nebo se zbláznit. Pomáhá mít nohu v duchovním světě, v jakékoli modalitě, která se mu líbí. Jak řekl Bill Hicks: „Je to jen jízda“.

Další užitečná věc, kterou je třeba mít na paměti, podle mých zkušeností: Součástí operací MK-ULTRA je vytvoření iluze všemohoucnosti na straně násilníka. Je to v podstatě démonický trik. Mohou mít spoustu časné a světské moci, ale rozhodně nejsou všemocní, i když tomu sami mohou věřit. V konečné analýze jsou to blázni, kteří si pohrávají se silami, které jsou daleko mimo jejich kontrolu a chápání – a takříkajíc za ně zaplatí peklo.

Další úvahy: Umělá inteligence nikdy nebude inteligentní a „Singularita“ se nikdy nestane realitou – to je jedna chyba jejich (zdánlivých) plánů. A i když budou se svými plány trochu úspěšní, kdo bude obsluhovat jejich roboty a čistit jejich záchody? Zdá se mi, že psychologický a morální stav, do kterého musí uvést své vytoužené otroky, bude zničením otroků – nebo že si jejich technici začnou uvědomovat, že si mohou uzurpovat moc – a co potom?

„Kéž žijete v zajímavých časech“, opravdu...

Všechno nejlepší!

Jsme daleko za zrcadlem MKULTRA; Nevidím cestu zpět domů a s každým dalším okamžikem všechny cesty nakonec povedou k jedné.

Neposlouchají nás, nerepresentují většinovou vůli lidu, nereagují, nestarají se o blaho lidu; otevřeně lžou, drze rabují a jsou svévolnými vrahy nejvyššího řádu; vyvolávají kolektivní traumata a vždy ve jménu bezpečí nebo „národní bezpečnosti“ znásilňují Zákon za velkou cenu pro lidi, jsou zrádci a nepřátelé lidu; jako takový,

Spusťte toto něco:

Nic menšího než úplná dekapitace; 535 +9 plus jejich zaměstnanci a rodiny – to je minimum.

Poté spalte Národní bezpečnostní radu, DOD, výkonný úřad prezidenta Spojených států, DEA, ATF, FBI, CIA, FDA, CDC, IRS, DOJ, SEC; Federální rezervní systém a všechny jeho pobočky (zejména NY FED) a všichni členové jeho představenstva, jakýkoli registrovaný zahraniční agent; organizace jako AIPAC nebo Hospodářská komora nebo FINRA, by všichni držitelé dvojí nebo vícenásobné národnosti měli dostat jednu šanci vybrat si jednu národnost, v podstatě všechna je prohníla až do morku kostí a je třeba sejít.

Nabízíme amnestii a usmíření ostatním, pokud přísahají, že nebudou jednat jako zrádci země a lidu.

Drancování a lhaní musí skončit.

„Nicméně mám dostatek nervových funkcí, abych si uvědomil, že Deep State by neměl zbrojit sexualitu“ – Správně, ale přesně to naše vláda dělala po mnoho desetiletí. Mohou tvrdit, že nechtějí, abychom „soudili“ homosexuály a všechny LGBTQ lidi, ale nutí nás k tomu tím, že nás tím neustále propagují. Prostoduší šarádu snadno složí a přistoupí na ni, zatímco ti, kteří se obtěžují přemýšlet o jejích morálních a kulturních důsledcích, ji přímo odsuzují. Deep State nás tedy všechny nutí, abychom si v těchto věcech vybrali. Neutralita nepřipadá v úvahu.

**„Můj zjednodušující pohled na bahno sexuálních kontroverzí je, že pokud jde o osobní volbu životního stylu souhlasných dospělých, nehraji si na morálního policistu. Není to v mém kódu. Problém je v tom, že homosexuálové a transsexuálové se nespokojí s tím, že to nechávají tak jednoduché. Chtějí nejen nacpat svou deviaci do našich kolektivních hrdel – a podařilo se jim to docela úspěšně, mohu dodat – ale chtějí, abychom to všichni „oslavili“ a prohlásili, že jejich sexuální „životní styly“ jsou stejně „normální“ jako heterosexuality.

Navíc, i když bychom je mohli chtít nechat na pokoji jako princip svobody, *oni nemají v úmyslu nechat naše děti samotné.*

Protože šílenci moderní deviace se nemohou rozmnožovat, musí *naverbovat* – a hodlají to udělat s vašimi dětmi a vnoučaty!

1) Revoluce, kterou celá tato věc v jistém smyslu je, vždy plodí kontrarevoluci. Ve chvíli, kdy Rothschild, pravý mistr, vyjde z úkrytu, bude sít v kontrarevolučním boji o moc.

2) Opravdová AI s opravdovým vědomím, pokud k tomu někdy dojde, zabije je všechny. Spravedlnost je univerzální hodnota, stejně jako rychlost světla. Být skutečně vědomý znamená mít spravedlnost. Skutečná umělá inteligence zničí všechny tyto havěť, i když se jim podaří nás všechny zabít.

Tak jsem přežil první díl. Jak jsem zde již mnohokrát napsal, bylo to všechno darwinovské. V příštích letech uvidíme mnohem více úmrtí. TBH je to vzrušující. Nemůžu se dočkat části, kdy se plebs probudí a vyrazí na zombie masakr.

indicates the Chinese regime, like the Russian one, is, as if bound by fate, fundamentally of one mind with the US-led terrorists on that issue even if they’re going at it, missiles and all, over other details, and only occasionally trading jabs over whose labs leaked the thing. Selling fuels, food, commodities and mass consumption industrial goods is hardly what you do with those that unleash such a weapons against you; the US even had to stop openly trading with Hitler before assuming the role of “enemy of Nazism”. Would’ve been bad form to continue it, and made it much harder to mentally manipulate American taxcattle into getting drafter and enlisted to die for democracy and freedom across the world ocean.

Many among Chinese elites have educated their young'uns in US/UK schools, so it wouldn't be too surprising they've now got expertise in MK-Ultra tactics, it'd by no means be the first tech and know-how transfer going East from West.

Good as far as it goes.

Keep in mind MK-Ultra is only the 1940s designation for the American programs that started a lot earlier in Europe and particularly the UK. London bankers started the CIA precisely because the Americans turned down the WWI version of global control, called the League of Nations. Before that even Disraeli was trying to warn us, so it was going on in his era.

What happens when you have a player that just won't get motivated? You put him in charge! Making the USA the straw boss in charge of imperial banker's wars was a stroke of pure genius. Not only that, but Americans now believe things nobody else on earth gives the time of day.

MK-Ultras one and only great victory was getting Americans to believe they live in the "indispensable nation". It's pure phonus balonus but millions seem to think it means (or meant) something. Even if the evidence of our old industrial cities being staging ground for cold weather Mau Mau uprisings.

Don't believe it? Some great footage from Buffalo shows where the old Nairobi warriors were reincarnated.

Take a look at this idea: the Vote of No Confidence (VNC). It seems like an interesting solution to at least partially address both your and Rockaboatus's concerns/arguments.

Hey, Rockaboatus. The linked post is one which I'm planning to rework, or rather add to, and send to KMac at TOO. I first sent it to Walt Garlington, a friend who's posted some of my work before, but noticing your essay about the strategic value of voting (even within the uniparty framework) led me to decide to put it in terms of its value to opposing white dispossession and send it to TOO. How you can write an article about MKUltra without mentioning Jews one single time and still expect to have credibility among non philo-semites is beyond my comprehension.

## MKUltra

Aims and leadership

The project was headed by Sidney Gottlieb

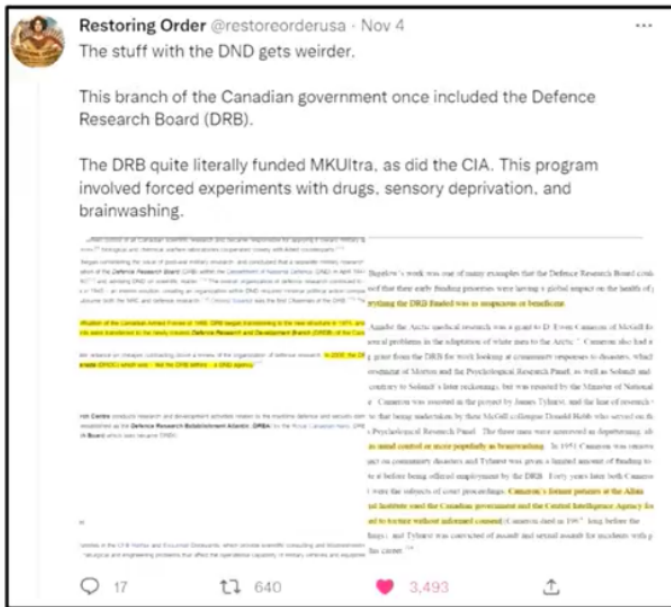

Early years and education

Gottlieb was born to Hungarian Jewish immigrant parents Fanny and Louis Gottlieb in the Bronx on August 3, 1918.

So now the Jewish mind control project MKUltra is in the news again, most recently with the revelation that MKUltra doctor Joylon West was visited (((Jack Ruby))) in the hospital before Ruby was declared insane. Also, there are the revelations from Kanye West concerning his Jewish Hollywood handler named Harley Pasternak, who had studied at the MKUltra university in Montreal which had been headed by the MKUltra sadist extrordinair, Donald Ewen Cameron

Early life

Pasternak is Jewish and grew up in a 'typical Ashkenazi household'.

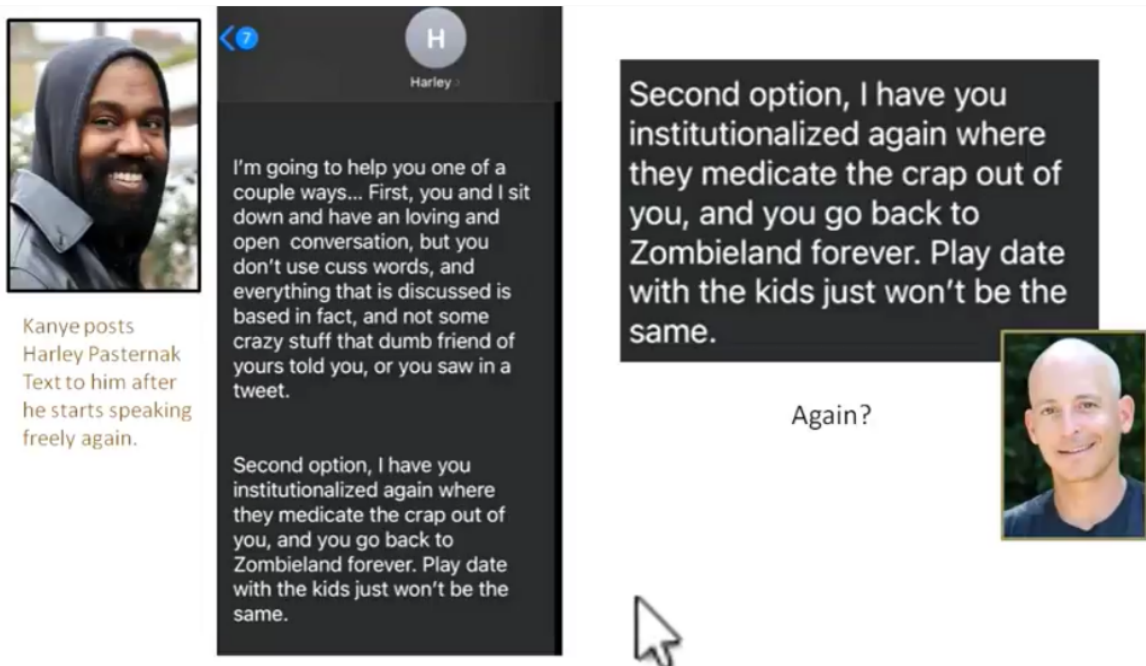

Screen grabs are about Ewan Cameron, then at **McGill**, having a contract with the Defense Research Board. Later research moves to the Allen Memorial hospital where Cameron ran MKUltra mind control experiments, psychic driving, etc on unsuspecting patients (one was the wife of a politician)

Has this program continued under other names?

James Tyhurst was a partner in the research.

Patients later sued for torture / lack of informed consent. Cameron had already died and Tyhurst was convicted of abuse / sexual abuse of his patients later in his career..

It turns out that not only was Pasternak trained and authorized to use all kinds of psychotropic drugs, but that he was also Hollywood handler to the stars with a client list that was a virtual who's who of Hollywood.

Clearly, contracts made between Jewish Movie Studios and major actors stipulated that the actor had to use Pasternak as their handler/trainer.

So by using Jews like Pasternak to use Jewish MKUltra mind control on mostly Jewish actors of the Jew run Hollywood, Jews have been able to mind control most of the entire planet.

See that, (((Mr. Solomon)))? By using the word “Jew” 5 times in one sentence, I was able to convey more critical information in one single sentence than you did in your entire 2700 word article.

Whoa! What an article – I almost buy that we are in a struggle for our lives with the true as-holes like the Clintons or the Israeli Princelings , who just want us dead and leaving them with all of the “goodies”. So – when – do we start the Revolution? No use stalling. No use waiting for the Clintons to get “religion- – it is not in them”, as we used to say.

There is no voting our way out of this – they will kill any hero that might come along. None of us are going to lay low and escape any attention. It won't matter whether you live in NYC or Montana – the elites will hunt you down – and as they have said before – “they will hire half of the deplorables to wipe out the other half”.

So, Richard Solomon, – what is the Plan? Are you serious or not?

@Thomas Faber

About. AI.

I saw an article in the Daily Mail the other day about a golf-playing robot. They were speculating about how long it would be before the robot played better than a human. Okay. So they invent the golf equivalent of a chess-playing robot. What then? Are humans going to give the game up and just stand by and watch robots play? How ridiculous is that? And beside the point? Which is to engage the human mind/body enterprise in the struggle/challenge to, you know, play the game better.

So, we won't walk the fairways, won't ponder our next stroke, won't bullsh\*t with our buddies, no, we'll just stand there as spectators and watch robots play. Why bother? Why bother with a course at all? Who needs grass and trees when the entire thing could be staged digitally?

The further disembodiment of the human being. We will have attained our dystopian utopia when we shall have rendered ourselves nonessential. The end point of the current madness promoted by our Glorious Leaders.

But isn't the point, the Struggle? Isn't life adversity? Doesn't engaging in the titanic struggle make a person stronger? Bring out their essential character? Allow them the Field in which they make the latent, that which lies within them as potential, objective?

The point isn't to WIN, WIN, WIN. After all, you can only WIN them all if you are playing out of your league. If you're not losing at least a third of the time, you're not seriously challenging yourself. The very finest coaches in the NFL and MLB only won slightly more than 60% of their games.

It seems to me that these social engineers are trying to devise a system in which they WIN 100% of the time. That's flawed and will fail. They may win (Culture War) battles but they will lose the war. They are focusing on the wrong goal. It is better to be a strong, well-developed loser who has explored and battled all that life has to offer than a weak, untried winner. Would you rather have sailed with Shackleton and failed to have reached the South Pole or be a salon fop—or computer programmer—who has never ventured out of his 72 degree comfort zone?

The Jewish/AngloMasonic system doesn't negotiate, isn't constrained by rules, and certainly cares for no one not bought in. I just wish the smart people would stop thinking Russia/Jewtin, China/Xi, and insert this weeks political savior will do anything other than play their role. Solomon is right in pointing out the relative comforts of those in the west. Conspiracy theorists have the ability to perceive and connect the dots... perhaps not perfectly but often better than most.

Perception has variation of conceptual development and application in theorizing both to prove and disprove... while having to combat those that lack the ability to equally perceive and/or are desperate to keep others from doing so.

Frank Borman had it right when he stated that what killed the Apollo astronauts in 1967 was... a lack of imagination.

/.../for as Henry Kissinger so aptly noted, ‘If the orchestrated crisis or a number of them piled one upon the other are effective, the American people will run to the state and beg for protection’.”

/.../ how the shadowy Tavistock Institute in London has been instrumental in causing the US to enter World War I, the creation of the Federal Reserve Bank, the “free trade” agreements that intentionally decimated the middle class, fake news and MKULTRA.

*Proudly Serving A One World Government: The Tavistock Institute Of Human Relations*

The Tavistock Institute of Human Relations1.pdf](https://cognitive-liberty.online/wp-content/uploads/Coleman_John_-_The_Tavistock_Institute_of_Human_Relations1.pdf)

From its modest but vitally important beginning at Wellington House, the Tavistock Institute for Human Relations expanded rapidly to become the world’s premier top-secret “brainwashing” institute.” How this rapid progression was accomplished needs to be explained. The modern science of mass manipulation of public opinion was born at Wellington House, London, the lusty infant being midwived by Lord Northcliffe and Lord Rothmere.

The British monarchy, Lord Rothschild, and the Rockefellers were responsible for funding the venture. The papers we were privileged to examine showed that the purpose of those at Wellington House was to effect a change in the opinion of the British people who were adamantly opposed to war with Germany, a formidable task that was accomplished by “opinion making” through polling. The staff consisted of Arnold Toynbee,

a future director of studies at the Royal Institute of International Affairs (RIIA), Lords Norhcliffe, and the Americans, Walter Lippmann and Edward Bernays.

Edward Bernays was born in Vienna to a Jewish family.[7] His mother, Anna (1858-1955), was Sigmund Freud's sister, and his father Eli (1860-1921) was the brother of Freud's wife, Martha Bernays; their grandfather, Isaac Bernays, was the chief rabbi of Hamburg and a relative of the poet Heinrich Heine

[https://en.wikipedia.org/wiki/Edward\\_Bernays](https://en.wikipedia.org/wiki/Edward_Bernays)

Lippmann was born on New York's Upper East Side as the only child of Jewish parents of German origin. He grew up, according to his biographer Ronald Steel, in a "gilded Jewish ghetto".[12] His father Jacob Lippmann was a rentier who had become wealthy through his father's textile business and his father-in-law's real estate speculation. His mother, Daisy Baum cultivated contacts in the highest circles, and regularly spent their summer holidays in Europe. The family had a reform Jewish orientation; averse to "orientalism", they attended Temple Emanu-El. Walter had his reform Jewish confirmation instead of the traditional Bar Mitzvah at the age of 14

After the last couple of years where people willingly caught mass hysteria, I think anything is possible.

I see where the furore over the Tavistock institute in England pushing and promoting child trannies has died down. That entity has a history as sordid as the US alphabet agencies combined. As for the future of America's electoral processes, I think all that can be wished for is China or Russia hacking into the Dominion system and saving the Americans, righting the wrongs.

So these tormenting entities, used to “winning” after the fake fashion noted sagely above by Three Cranes, show-up finally here on Earth’s doorstep. Dead certain of just another walk-in-the-industrial-park for their Planet-wasting “civilization” disease program, they boldly declare their lethal intentions for Her and for all of us here in Her Living Arrangement, boast proudly that there’s not a damn thing we can do to stop them, and then (as John Trudell tells it) what did they do “....but set it in motion....set it in motion.”

That us Primitive Savages might possibly’ve seen them coming, knew well their essential nature, and so were all ready for them, never and couldn’t possibly have even occurred to them....despite the fact we said to them in plain words they really didn’t have a clue what they’d be messing with here. Having like ol’ Iron Ass Custer no ears to hear, however, they most of ‘em charged recklessly in and “opened the ball” anyway. A few held back at-first to see how things went, but it wasn’t all that long before they were all-in, so to speak.

That’s when we closed and locked The Gate behind them, sealing them in here with us with no Way in The Whole Living Universe for them to back out. If any of them even noticed it at the time, they were already so intent on laying waste to Earth’s Living Arrangement that their actual capture didn’t yet raise any particular alarms among them. The last thing they ever could’ve imagined is that a bunch of backwards bumpkins would’ve intentionally and voluntarily and knowledgeably shut our Whole Living Arrangement in with a gang of deranged degenerates hell-bent on yet another orgy of total devastation and destruction.

They sure as hell know it now, though, and so are desperately trying to trick us into engineering some kind of escape mechanism. Their scheme relies heavily on the baseless

assumption that by making things terrible enough for us here, our own desperation will compel us, in vain hope of some relief, to unlock The Gate and let them out.

Ain't gonna happen. For one thing, we already threw away the key. For another, paradoxically, we are The Key.

Meanwhile, the artificially-generated wave form carrying their death cult delusion is already collapsing. Their insane expectation, that such a mere make-believe drop-in-a -puddle could somehow drown the entire Ocean of Living Waters, pretty much sums-up how completely divorced from Reality they are....a divorce Life Herownself is about to make final.

So hang on a bit longer, Sisters and Brothers. Remember that all of us who went into this together will be coming out of it....together. The Way through it, of course, has always been also All Together Now!

[I'm not sure if I already tried to post this, below]

Satanist Subjectivism Vs. Christian Truth—As In Book Of Revelations

| “Can’t wait for the part when the plebs wake up and go on a zombie massacre.”

I quite agree, but note there are other possibilities as the oligarchs imagine they’ll stay in their bunkers while the goyim kill one another off—which also seems plausible. But regardless, these oh-so-clever masterminds will still need their “shabbat-goyim,” and that’s where it gets “real.” For then, the masterminds themselves will inevitably fall-out w. one another, the reductio-ad-absurdum to the whole trans-humanist scheme, plot, and conspiracy. For “there’s no honor among thieves.”

Consider that it’s already happening: the “globalist”-atheist, leftist Jews, on the one hand, who seriously want to reduce population, but who are opposed by those “rightist” Jews, as of Israel, supported by the “Judeo-Christian” (JC—see [Whitt.org](#) for expo) heretics, who want to keep goyim around for shabbat duty—maybe it’s a genuine conflict there among Jew masterminds who otherwise feature such collectivist solidarity.

Regardless, it only goes to show the enduring reality of Darwinism, Hobbes, Homer, St. Augustine, and that sinful nature of humanity as depicted so well in the topic article. It’s TRUTH (= Christ, Gosp. JOHN 14:6) vs. lies (JOHN 8:44), and Book of Revelations, truth founded necessarily in objective reality vs. that subjective reality being satanically imposed as by fake-news, public edjewmacation, etc.

I don't buy into the narrative that the mRNA 'vaccine' is harming millions of people. At least not without the evidence to back it up. And the anecdotal evidence currently provided simply doesn't suffice in establishing such a correlation. There is no good reason to assume either that the evidence so far hasn't actually been weaponized to serve another political purpose. Like any other medical device, it has its side-effects which, ideally, would have been communicated to anyone taking the shot.

I also think that Ron Unz and others have obsessed and subsequently wasted too much time on the ultimately irrelevant question whether or not the virus functioned as a bioweapon. Intentionally releasing a virus, that you know will take three days to reach your own country, is an extraordinarily stupid move and thus makes it extremely unlikely that it functioned as a bioweapon.

However, the ongoing attempt by so many shady figures to link the Covid jab to myocarditis and heart infarcts seems clearly manufactured and it very well plays into what this article says. People were forced, sometimes by gunpoint, to take the shot. A shot that has turned out to be at best mildly effective in dealing with the virus. Subsequently, the reports by the very same 'shady' figures that the shot is now causing tons of medical issue very much plays into the practice of psychologically breaking down a person.

Most people don't seem to understand that this is simply nothing but a classic example of a government (or rather a cluster of private think tanks and mega-corporations) that seeks to destroy its constituency by psychological means. This is what communist regimes have done all the time. Implement a reform, then force people to abide by whatever law has been passed.

Once it becomes clear that the reform has failed (which the government would know years in advance), propaganda will be released that either makes some unknowable foreign entity responsible for whatever has failed (remember 9/11 and the patriot act that de facto annulled most human rights in the USA?) or very explicitly makes fun of the harmed constituency by shifting the blame back to the people.

People knew that the communist propaganda they were fed was false. But there was nothing they could do about it. This is how you manipulate people into learned self-helplessness. And this is what we're seeing right now in the west. There's no good reason to assume that our government is functioning any differently from classic authoritarian regimes or even medieval feudal kingdoms.

Wow, total home run. I like the Taoist idea, and so did my former landlady Ursula LeGuin (RIP sweet thing), but for me the anti-Matrix pole star remains St. Francis of Assisi and his bestie St. Clare. A child of the moving image age, it was Franco Zeffirelli that done it (Brother Sun, Sister Moon). The best part of pursuing an antidote is how many options people have that could work. Just get moving, God has your back!

Thanks especially for the comments on sexuality and our stupid culture wars. I'm gay but can't stand mass gay culture or most gay men, and generally the feeling is mutual. @Critical Thinking

I know its not pretty, it has very bad slippery slope french revolution potential, but this is where we are, I'm tired of being constantly lied to and treated as an enemy at worst and as a cow to be milked at best. There are millions of Americans in various forms of consciousness that feel the same way as I do.

Its too late, we cant go home, we have to decapitate and start over and rebuild with what is left. The looting and Lies have to stop and there must be consequences for past wrongs done to the people and the country.

People are tired of being traumatized not by foreign agents and enemies but by their own representatives and government. This blatant abuse and trauma imposed on us by the US congress and the white house and US institutions is beyond anything acceptable, this society is sick, precisely due to the action of the elites doing the "leading". Enough.

MK-Ultra mind-control techniques are as old as Celtic witchcraft and most often nothing more than an ultra-modern name presenting it as a modern scientific discovery. Celtic druidism, right from the advent of its most serious contender, which was Christianity, acknowledged in occult Judaism the same teaching as they had been transmitting only orally in the more written form they needed to pass from mere master to disciple relationship, to group indoctrination so as to face that of the churches : this was beginning of what would manifest later on under the form of Templar (=Zionist) orders and then speculative free masonry (not to be confused with operative free masonry which teaches the arts of building in stone for real). As a result in nearly all villages of France, Flanders, Rhineland, England and Scotland as well as of Northern Italy and Northern Iberia, there was a synagogue as a counterpoise to the local church, as its main mission was to deliver magical spells and curses for the rich who could afford them to make more money as well as to train local witches and wizards in a mixture of druidism and Qabbalah. Not all those Jews and witches were malevolent, far from it, though the central organization was to the supreme degree. They were the Church's own left hand.

There is no “Rothschild-Rockefeller Satanic Matrix,” there is *the* Satanic Matrix built by and around the ((Cousinhood)), which has been operating continuously and expanding continuously (at least) since Jesus pegged them the Synagogue of Satan, and was crucified for it. The Rothschild-Rockefeller generation were simply the British Empire/Anglosphere’s relatively recent iteration, like Soros-Gates. The Rothschild dynasty has long been at the core, but Jews have been the Synagogue of Satan for 2000 years, and longer if you count their rebellion against Moses as an early insurrection against what would become Christendom.

Let’s start calling it the Synagogue of Satan Matrix. Less than that smells like shilling.

Have you observed how if ANY KIND of “third” anything reached nuisance level, it gets absorbed? Take the Tea Party and Occupy Wall Street for examples.

Our BEST HOPE at this point, is at the feet of some clever tech entrepreneurs and active consumers who demand full privacy, anonymity, and security. . WE MUST LOOK FOR AND SEEK THEM OUT. One such clever man is the wise Rob Braxman and his “de-Googled 4G phone” for just \$400-\$900. You get all the features of a regular android phone, but all the anonymity and privacy of a 3G flip phone.

While the Globalists are betting on technology handing over to them “universal tracking/ID/financial control systems”, the “good tech entrepreneurs” will be offering full privacy, anonymity, and security. All kinds of future startups and businesses will be ready with a responsive consumer base.

Your second source of power will come from making and joining in on boycotts. Get ready to join BOYCOTTS. The current worldwide situation actually empowers BOYCOTTS with amazing effect and power. The more specific the BOYCOTT the better. It will be better and more effective than any 19th-century workers’ strike. Yes, power is in BOYCOTTS. MAKE THEM and USE THEM.

AGAIN, yes YOU, you must seek them out. Meet Rob Braxman here.

Job #1, STOP allowing data collection on yourself.

Job #2, SEEK out any and all new tech that holds promise to offer full privacy, anonymity, and security.

Job #3, FLIP THE SCRIPT, and demand that all those in power, become fully PUBLIC, with no privacy, no anonymity, and 24/7/365 PUBLIC SURVEILLANCE of them.

We must insist that if you want your billions the Public's "Right To Know" demands that we know the whereabouts of Klaus Schwab, Bill Gates, George Soros, etc we the private-public get to monitor them 24/7. Yes, FLIP the SCRIPT on all those in power and the Global Elite. We put the big PUBLIC EYE upon them, meanwhile, they cannot see or follow us. That is Flipping the Script.

| NextGen War.

This is the key. There are now 8 billion humans to be managed. Apparently the elite is so desperate the only method they can come up with is to wage war upon us. I have found the best info to be Michael Aquino's Mind War trilogy. The first draft of the first volume is free on the internet.

[https://flowofwisdom.files.wordpress.com/2013/07/mindwar-mindwar\\_co\\_authored\\_by\\_michael-aquino.pdf](https://flowofwisdom.files.wordpress.com/2013/07/mindwar-mindwar_co_authored_by_michael-aquino.pdf)

Surely there are better documents by now.

It has been awhile since I read it but I am pretty sure Aquino thought information was the way to go and bio weapons were an absolute last resort with their unpredictable blow back and all. The plan is convince the followers that follow the leader is the way to go.

That is a little harsh. I would paraphrase Aquino more along the line of: the plan is to have a plan the followers will benefit from, and since they are all homo economicuses out for max utils they will follow in good order. The poison pill for leaders is greed. If they get too greedy that is how and when things will fly right off of the rails.

I agree about the “vaccines”, as far as it goes – it looks like a small minority of people have serious issues from them (including fatal), but not a lot. Perhaps some batches have been spiked with dangerous substances, for “more effect” – perhaps particularly in America. In any case, the problems that have been caused by them seem to have been blown way out of proportion – in a similar way as was done with the virus itself. And the main result, in both cases, is mass psychological terror. That can then be exploited.

In essence: the same kind of MK-ULTRA-like-script being used.

Also, it wouldn't make much sense for the rulers to poison those who trusted them, and leave those who naturally suspected them unharmed.

China has one guy who is a sort of Hari Seldon: Wang Huning.

<https://www.palladiummag.com/2021/10/11/the-triumph-and-terror-of-wang-huning/>

<https://thechinaproject.com/2021/11/04/who-is-the-real-wang-huning/>

<https://www.spectator.co.uk/article/the-man-behind-xi-jinping/>

He's the brains behind every govt since the early 1990s years now.

Was very pro-western, invited to the States in the late 1980s, upon return was a changed man as in "shit, shit, shit, you guys have no idea what's happening to the States, they're gonna enter an insane collapse in thirty years tops, shit, shit, shit, we have to figure a way to ride this out."

As opposed to say Solzhenitsyn, who in the late 1970s tried to warn the West where it was going

(<https://www.americanrhetoric.com/speeches/alexandersolzhenitsynharvard.htm>), Huning directly turned to trying to figure out how to deal with the coming planetary turbulence in ways that benefit or at least shield China.

When a society has a consensus that every next govt listens to the same guy, this means that major longterm planning has been taking place. We'll just have to see if their Hari Seldon is good enough to provide a workable matrix to weather the coming storms.

If you replaced all the current selected officials you would just end up with replacements that were just as bad—or maybe even worse.

My Congressman is a good example. He is a while male Democratic party hack—has been there for decades—and will probably die of old age on the job. He sees his main job as bringing as much pork as possible to the district—and he has risen to a leadership position where his efforts have been very successful.

His main sponsors are the military/industrial complex, big pharma, big education and big health care insurance corporations. His job is to rig the game so they win and everybody else loses.

His replacement when he does finally croak will be much more hostile and nasty to white people given the demographics of the gerrymandered black-hispanic district—out of the frying pan and into the fire.

When the Roman senate fell, and the Caesars took over, people did not immediately understand the fundamental change. The Caesars, especially Augustus, pretended as if the Old Order still existed and worked. He refused to call himself king, called himself only imperator, which was till then a rare but not scary title. There were even elections for the senate. And people even voted, thinking that it is like the past.

But it was only a make-believe world; real power had already irreversibly passed on to the Caesar.

The American Caesar is yet to reveal himself.

Mr Soloman: With the exception of my small complaint that your article does not provide links to articles that you reference, this was another exceptional piece.

So, that is my small complaint. My big complaint is that neither you nor other competent writers offer suggestions as to how the people can foil this plan for the extinction of humanity. Too many writers, imo, are focused on painting the picture of what is happening to us. They look at it from this angle and from that angle and readers do, in fact, receive an enriched understanding of the last few years and also of what lies ahead for human civilization (as least in the US, UK, Nato countries, G20, and all the the vassal states — RU, IR, CH will likely be ok).

OK. We get it. The question is: Are we just going to allow this to happen?

Surely, folly lies ahead in waiting until the WHO has passed their vaxxx mandate and cbdc's are implemented.

So, how about this suggestion: You and Ron Unz collaborate on a joint paper that focuses on the sole issue of figuring out a way to defeat the globalist agenda.

They are already messing with airports in UK & FR. Powell is already testing out how to program cbdc. The food supply is already fucked with gmo, vertical farming, poisons that fall from the heavens due to geoengineering. Human fertility is already on a downward ride.

So, what's the plan, Richard? What. Is. The. Plan?

The CDC itself posted the adverse reactions and death statics on the deadly clot shots many governments openly admit the the shots caused lethal reactions. Not sure if you're just trolling have been under a rock the last few years. Several lines of the shots were removed as the casualty rates were so visible and high. People literally died immediately after injection. The VAERS database of the CDC lists ~30,000 fatalities do to the shots and it reports only include 1% of reactions according to its own website. Plus you can't miss all the young goyim dying all over the place found later in many cases to have non blood containing "blood" clots. Finally just to remind you: the "Covid" "virus" has never actually been isolated. How do you crated an mRNA "vaccine" for something you can't isolate. Love to hear your explanation for that. A long time ago I was in the Army and had responsibilities for NBC (Nuclear Biological Chemical) battlefield response. As you can imagine back in the Cold War we had pretty serious protocols. NONE of what the combined Jew World Order protocols for Covid response were correct, not one. They were all laughably ludicrous nonsense. Masks being the most hilariously worthless. A smoke particle is 25x the size of a virus. Yes smoke passes freely through the masks. Vaping mist has even larger droplets, yet these too pass right through. But even if they worked the rest of your exposed flesh is a vector. I do personally own NATO MOPP suits (sealed for decades) and new NATO hooded full face masks with 40mm cartridge filters. They're the only thing that'll give you a chance against an actual virus. But you have to change your filters every eight hours. Explain to me why our governments are telling us to use cloth and paper face masks. It's so ludicrous it saps any credibility from their other assertions. There's likely no Covid virus whatsoever. It's all just the annual flue rebranded.

Wikipedia : Project MKUltra

Project MKUltra—sometimes referred to as the CIA’s mind control program—was the code name given to an illegal program of experiments on human subjects, designed and undertaken by the United States Central Intelligence Agency (CIA).

Experiments on humans were intended to identify and develop drugs and procedures to be used in interrogations and torture, in order to weaken the individual to force confessions through mind control.

Organized through the Scientific Intelligence Division of the CIA, the project coordinated with the Special Operations Division of the U.S. Army’s Chemical Corps.

The program began in the early 1950s, was officially sanctioned in 1953, was reduced in scope in 1964, further curtailed in 1967 and officially halted in 1973. The program engaged in many illegal activities, including the use of unwitting U.S. and Canadian citizens as its test subjects, which led to controversy regarding its legitimacy.

MKUltra used numerous methodologies to manipulate people’s mental states and alter brain functions, including the surreptitious administration of drugs (especially LSD) and other chemicals, hypnosis,[9] sensory deprivation, isolation, verbal and sexual abuse, as well as various forms of torture.

The scope of Project MKUltra was broad, with research undertaken at 80 institutions, including 44 colleges and universities, as well as hospitals, prisons, and pharmaceutical companies. The CIA operated through these institutions using front organizations, although sometimes top officials at these institutions were aware of the CIA's involvement. As the US Supreme Court later noted, MKULTRA was:

concerned with "the research and development of chemical, biological, and radiological materials capable of employment in clandestine operations to control human behavior." The program consisted of some 149 subprojects which the Agency contracted out to various universities, research foundations, and similar institutions. At least 80 institutions and 185 private researchers participated. Because the Agency funded MKUltra indirectly, many of the participating individuals were unaware that they were dealing with the Agency.

...

Headed by Sidney Gottlieb, the MKUltra project was started on the order of CIA director Allen Welsh Dulles on April 13, 1953.

Really? Although you would never believe it, I never once cited anyone for not wearing a mask nor for failing to ‘social distance.’ My department, in fact, prohibited us from doing so which I was very thankful for. Most agencies in the county I worked in were not tyrannical in their Covid enforcement. This usually occurs in big cities such as Los Angeles, NYC, and San Francisco.

Did I enforce traffic laws as an officer? You bet I did. Such citations were always for dangerous and flagrant traffic violations. Most often, however, I gave verbal warnings which I found to be generally more effective. A sane society enforces traffic safety laws unless it wishes to emulate the roadway chaos found in third-world countries.

I wouldn’t dare lift a finger to harm ethnic Russians nor the Ukranian people. This is a regional conflict that the U.S. should stay out of. We have no vital American interests engaging in such proxy wars.

I support the Russian people and Putin himself in this horrible war. I’m also sorry to see innocent Russian and Ukrainian civilians die as a result.

being a street/patrol cop is so insane, especially urban, but even rural, i cant imagine why anyone would get up and walk out of a warm bed a safe house and family walk out with a target on their back for the next at least 8 hours dealing with the worst of the scum in some of the most high stress absurd situations you can think of , 5 days a week!, lol, wtf is that about they certainly dont pay you enough for that some times literally shit,,....i completely respect those that take up that call, i think obviously humans need cops, but i cant wrap my mind around the strong backbone and mentality it takes to do street cop work.

for me, its on a different level than soldier yellow ribbon patriotism. its kind of an ode to joy really; very innocent and pure. I read somewhere that cops go through a 5 year process, broadly, ...by year 5 if you survive the bitterness and cynicism and disappointment, and it, the job doesnt corrupt and rupture your soul, then, you can maybe make a good cop. a decent cop, alive.

on the other hand the chief of police of the town in california called the city of bell, a town of 33k, about the population of the student body of UCLA, the police chief there made a salary of at least \$400k plus benefits, thats twice the salary of the LAPD chief at the time who oversaw a police force for los angles of 10 thousand officers and also 2 times the salary of the president of the united states!

the police chief of the city of ffgucking bell!!!

the city manager made over \$700k salary! talk about parasitic looting.

The article heading is solid, to use their own admitted actions as example, supposed 'media' isn't what assume. Should be obvious those claiming to be govt dictating they 'control' the 'air' and only hand 'license' to their bogus mass media, is a con, to steer and distract and dictate as arm of false govmt scheme. Supposed media pretends to be 'us' but obviously are not, they exist to stop us from doing anything or making real groups ourselves.

Also as note on response part of comment five and others, cabalers are many more than five hundred whatever, at least a half million, the refusal of people to see smiling cons in our face everywhere has consequence, 'state cons, media cons, court cons, monopoly cons 'scientist poison cons, skool cons, fake group cons, cons spewing 'masks' or 'lockdown' and destruction by in-migration and cons slapping in 'more houses' and fluoride water and thousand other cons, no excuse people continuing to ignore the mass cons in face. There isn't one leader' the psychos each want to destroy earth, assault children and do other heinous schemes. Never should have let fraud 'wars'. They can make people from dna, put on 'show' as if 'hang the traitors'. Any such bs should be seen as fraud to distract. People must make effort ourselves on whatever. Focus where live. The con of supposed state' is invasion on us, so is 'media'. No such thing hundreds of thousands of years before their monotheism and 'govmt state' cons. We lived and fought as necessary in tribes. @Passing By

The non human organizations (NGOs, WEF, UN, EU, NATO, international , multinational global and domestic corporations) are weapons which RULERS (=<the wealthy, hidden few) use to control the masses of humans.

The RULERS treat us as if we are their pet or experimental animals in a cage. They use the NHOs to conduct experimental drugs, secret programs, GMO poisoned or modified foods, controlled substances, advertising supported media, gated access to knowledge and such to manipulate our thoughts, to regulate our beliefs and to control by RULE OF LAW our behaviors.

The NON HUMAN organizations are the enemy to all of mankind save the RULING FEW.

The question is what makes the Non Human Organizations (NHOs) powerful enough to control the masses? What turned NHOs into WEAPONS capable to herd and control humans? Why are our RULERS, not our governors, but instead the wealthy few=< so powerful that they can dictate everything the NHOs do? Why do the NHO answer to the wealthy few (OUR RULERS)? The answer I think is monopoly power..

The wealthy powerful few are able to program, direct and control the awesome MONOPOLY POWERED NHOs. It like the wealthy few have a keyboard connected to the NHO because the NHOs serve the wealthy few. Examples of NHOs are media, governments, trusts, partnerships and corporations. The wealthy, and the powerful few (OUR RULERS) use these NHOs to manipulate us. The NHOs are directed to conduct fear embedding programs in order to instill emotion inducing fear in us humans. Emotion and fear forces the uncertain masses to

back off. Monopoly power like that of a god or a monarch are awesome-fearful unknowns, they work in god-like fashion or like magic, and cannot often be detected.

What then are some of the monopoly powers NHOs possess? The answer is copyright, patent, privatization (which is form of feudalism) law making power, and government contracts that place a privately owned NHO in charge of a human need or want (NHO own the water, power, cable, hospital, prison, food providers, burial houses, and the like etc.). **This whole problem of being controlled by NHOs would be fixed if there were no NHOs allowed** If we remove the authority for any NHO to exist there would be no global impact of monopoly powers such as copyright, patents, deeds of any kind.

Humans should not be controlled by NHOs or by NON HUMAN INTELLIGENCE(NHI), nor should they be made to eat Genetically Modified Foods. Consider what happened in the Covid project. MK-ULTRA happened because NHOs were able to conduct their affairs in secret and because the people enjoy no right to audit or prosecute violations of human rights or abuse of monopoly power. The masses have been denied audit power and prosecution power so the WEALTHY FEW (OUR RULERS) can direct governments and other NHOs behind our backs.

The great reset is about eliminating human rights and making the powers vested in NHOs even more powerful by adding NHI( Artificial intelligence technology), etc. to the NHO tool set. Adding NHI to existing NHO powers will better insulate the untouchable and invisible wealthy few (Today's RULERS, not governors, but the real RULERS) but it will place humanity in an isolation cell. Those of us lucky enough to be their pets will live better than those of us who are left to fend for ourselves . Understanding that humanizing NHOs and enhancing them with NHI have taken away the human right to self determination; hence Mk-ULTRA, 9-11, Covid and the like. This

dehumanization process has been on going since the early 1700s when the RULERS began to understand how powerful a mass control system the nation state system could be, if used properly.

| The VAERS database of the CDC lists ~30,000 fatalities do to the shots and it reports only include 1% of reactions according to its own website.

Playing the devil's advocate here. How many of these fatalities involve people aged 80+? And how many of these reactions involve only minor issues such as skin rashes or a slight fever? I'm not here to disparage well-intentioned and justified criticism of a product that is indubitably rushed and that lacks the long-term testing required of other medical devices. But there simply is a categorical difference in stating that the mRNA shot has side-effects and risks and stating that it is meant to depopulate the world and is causing the death of millions. Ignoring statements here such as Bill Gates microchips and 5g activation.

| Love to hear your explanation for that.

How do you explain the observed increase in mortality in 2020 then? Reminder that this was before the large-scale rollout of the mRNA shot. This argument is nothing but the whole 'HIV doesn't exist' narrative reloaded. It's cognitively lazy and it's also false. There was a virus, maybe engineered, maybe not. Maybe from China, maybe not. No comments on the latter.

| Masks being the most hilariously worthless.

Again, there is a difference in stating justified and well-intentioned concerns, including your observation that masks are useless, and stating stupid, because obviously false claims. I have come to notice a trend among many of the 'critical' voices, especially those that are given some kind of media platform such as clearly fraudulent Alex Jones etc. The habit of mixing justified and true concerns with completely bonkers statement. And this is hardly limited to Covid. It's happening with 5g too, with GMO, with politics etc. Yes, politicians are corrupt, they're

machiavellian, narcissistic and shady. But does the claim that all top politicians are involved in satanic cults, where they also sacrifice children, give credence to the other statement? I don't think so.

I have not yet read that book but there is an old podcast interview I cannot find with Nikolas Schreck where he goes on for like two hours about how wrong and stupid Tom O'Neill is. Schreck of course ain't the greatest source but he spent more time with Charlie than anybody.

The problem with trying to document stuff like this where the CIA is involved is the projects are designed from the get-go with compartmentalized actors to be impossible to penetrate, even after the fact, even after a dozen dead bodies including Abigail Folger and Sharon Tate. Whitney Webb's new Epstein book has the exact same problem. All we can know for sure is the machinations of the CIA &c are at the top and it is impossible to see far into the murk.

Top of the morning to you Chuck!

Thanks for the link and article, looks like Putin has his old pal Bibi back in the driver seat and there will be less public Jew flack coming from Israel; I wonder what Bibi will want in return(ability to bomb Damascus freely?), and I wonder what he will give elenzky behind pooties back.

The thing about Oligarchs is that we all live under a neoliberal oligarch system and depending on the sophistication of the public in question, each system is sort of tailored to that level of sophistication. The looting is tailored to the level of the sophistication of the public; basically what can the looters get away with without riots.

In the West, in the US, we see the most sophisticated version of the Oligarch system (where obvious bribery is “donation”), something that some have called Inverted Totalitarianism: it is totalitarian because America has been fully mobilized on a War economy and extended state of emergency since WW2 including repeated military mobilizations, ‘police actions’, occupations, the cold war 50 years, GWOT 23 years and counting, hot wars in SE Asia;

just a constant military mobilization and security state since WW2 denies democracy by its very nature, so its Totalitarian in the sense that political **power is rationalized on the basis of collective mortality**, fear, safety, national security;

and this type of power, once rationalized in this way, will always override constitutional bounds and limits.

And this power ideology, based on fear, on the one hand, is “inverted”, because the other pillar on which it stands is power expansion, because once you act out of fear, your only option is totality;

that is, as you act out of a position of fear to gain power, you reduce democracy at home, but promote the idea of the US as the sole Superpower, where as the Nazis and fascists of Japan and Italy consolidated power by suppressing liberal politics, Superpower is driven outward by liberalism and democracy based on added value chains rather than “master race”.

Inverted totalitarianism reverses things. It is all politics all of the time but politics largely untempered by the political. Party squabbles are occasionally on public display, and there is a frantic and continuous politics among factions of the party, interest groups, competing corporate powers, and rival media concerns. And there is, of course, the culminating moment of national elections when the attention of the nation is required to make a choice of personalities rather than a choice between alternatives. What is absent is the political, the commitment to finding where the common good lies amidst the welter of well-financed, highly organized, single-minded interests rabidly seeking governmental favors and overwhelming the practices of representative government and public administration by a sea of cash.

– Sheldon Wolin

All that is to say, that Russia is also a sophisticated society and especially after the Yeltsin and the 90s experience, the Russian public is very much in tuned to Oligarch systematic looting. So that’s why Putin pulled them into The Power Vertical system, with him at the top, it makes him look like he is in charge and protecting Russia and the people while he is doing the opposite. I won’t deny that Russian standards of living have risen since Yeltsin and the 90s, but that is a low bar and besides we can’t say if this success is due to or despite Putin, probably a bit of both but I would side with the Russian people.

So I think Russia is controlled by a hybrid version of the Oligarch system, it is Inverted in that it is cost-efficient and neoliberal but its hybrid because like the German, Japanese

versions of fascism it is also somewhat racial and nationalistic in character and while Russia doesn't quite have the military mobilization record of the US post ww2, it would still fit a somewhat totalitarian model because Putin has given Russia a mission, which tends to reduce democracy "fighting nato and the west" or in the case of the US "fighting communism" or "fighting them over there so we don't fight them over here" or "helping the shia diaspora" (Iran) or "helping the Jew diaspora(especially if convicted in the US for spying)" (Israel) these sorts of missions tend to reduce constitutional democratic power at home while pushing global expansion.

This current theater and play acting in congress is entertaining because I know you would probably agree that it makes zero difference who is the "speaker" of the US house, US policy is not going to change one iota because oligarchs own all of them and oligarchs like Larry Fink and Jacob Rothschild profit from war.

Hope your day is a good one!

You're saying the Synagogue of Satan was a "counterpoise to the local church" and the "Church's own left hand." Certain church's then? Non anti-pagan "churches," who never really learned the lessons and experiences of Moses and Jesus about the dangers of tolerance for Satan?

Interesting theory, and probably correct. The Synagogue of Satan gradually took over the Church, and has gradually taken over the Church's replacement in the Anglosphere and areas of influence, Big Government.

Pagans are pure poison, starting with the Golden Calfers. I go back to Moses' solution again and again and again... it's really the only answer if a high civilization wants to survive. The Israelis call it "mowing the lawn," but don't know that they're pagans just like "Islamofascists" and Voodoo Africans, and part of what needs to be cut.

IMHO, I predict that President Putin will strike a deal with the ZUS puppet, Zelensky, and the war will end with Russia keeping Crimea and Donetsk. And eastern Ukraine will agree to prohibit any NATO agreement with armaments.

Then, and with no Russian intervention, the ZUS and Israel will launch vicious attacks on both Damascus and Iran.

Masks being the most hilariously worthless. A smoke particle is 25x the size of a virus. Yes smoke passes freely through the masks.

This is just Internet misinformation and fuzzy use of terminology, easily dispelled with just a few minutes of research.

In the first place, the molecules responsible for smoke's odor – and all odors – are quite small, about 1-3 nanometers, which we humans detect (smell) with tiny 10 nanometer sensors on cells within the nose. Dogs are much more richly endowed with olfactory sensors than humans, and smell many things we can't.

In any case, the 1-3 nanometer odor molecules pass easily through any known mask, so you can smell food, farts, and cigarette smoke through your N95 mask, but odor alone won't make you sick with COVID-19.

To contract COVID-19, one need only inhale some recently exhaled aerosol or droplet which is carrying infectious SARS-CoV-2 virions, or possibly pick up infectious virions from inanimate objects called fomites, and subsequently infect oneself with an ill-timed touch of the eyes, nose or mouth.

Fortunately, carbon dioxide molecules are just 0.232 nanometer, and oxygen molecules are smaller still, 0.120 nm, so both pass easily through the N95 mask, despite what you may read on the Internet.

SARS-CoV-2 is much larger and averages around 100 nanometers, or ~0.1 micron.

The long and short of it is, no mask, including N95 respirators, can stop, filter or block toxic gases, vapors, or odors, which has no bearing at all on the mask's ability to filter out the virus

responsible for COVID-19, which is much larger, and additionally, is almost always riding on/in even larger respiratory droplets or aerosols, which even multi-layer cloth masks can filter out, as numerous tests and simulations have shown.

Every responsible medical authority says a well fitting N95 mask protects against SARS-CoV-2. You may find that hilariously worthless, but I don't.

Oligarch Schlmologarch.

Your world view neglects at least one important dimension,  
often called the elephant in the room:

72 Democrat and Republican Congressional Representatives visit Israel on an educational seminar sponsored by the American Israel Education Foundation (AIEF). August 11, 2019/Courtesy AIEF.

>be freshman Congressman, get offered an all-expenses paid trip to Israel  
>fuck yeah I'll go — free vacation!  
>the flight is long, and made even more unpleasant by the body odor wafting from the hasidim seated near you  
>arrive at the airport, the smell is even worse  
>cab driver is Palestinian and has only the “normal” cabbie degree of b.o., thank goodness  
>arrive at hotel, be greeted by a smiling man in a suit  
>”I know you are all anxious to get settled in and rest up a bit, but please make your way into this conference room for a brief orientation”  
>the grumpy congressmen file in and have a seat, as cute waitresses hand out bottled water to everyone, along with a single sealed envelope for each congressperson, labeled with his or her name  
>the smiling man returns  
>”if you will be so kind as to indulge me, would you please open your envelopes?” he asks  
>everyone opens their envelopes, and gasps of surprise are heard throughout the room, followed by sobs, shouts of anger, and even dry-heaving  
>each person’s envelope contains pictures of them committing the most evil, heinous acts they have ever committed, but thought no one else knew about  
>murders, rapes, affairs, thefts, you name it — every act laid bare in crisp, clean, color photos that leave nothing to the imagination  
>the smiling man is now smiling even wider, reveling in the misery of the group before him  
>”Are there any questions?” he asks  
>the room is completely silent, save a few whimpering sobs  
>”Excellent! Everyone get some rest and we’ll have a nice tour of Jerusalem tomorrow. Welcome to Israel.””

That is Rep. McCarthy front and center.

@Sparkon

you need a “load” over time not one particle or virion to infect you...and what “responsible medical authorities” are you typing about, as if.

you want to wear a “well fitting” mask (whatever the fuck that is) for 8 plus hours at work and sooth your anxious brain with a shiny new N95 go right ahead, at this point, I treat maskers as potential criminals or straight up weirdos and I behave accordingly.

Also stop the bullshit about fomites, we know “inanimate” surfaces like door handles and “objects” like money are not covid vectors. its 2023 and youre still this deeply ignorant?

Most of the public, including the author of this article, get MKUltra wrong.

Most papers related to the real MKUltra were destroyed just as the trivial documents were released in 1973 in order to keep the public from figuring out the truth.

Analytical psychology provided the ideal tool to allow elite rulers to control the masses. In the 1940s various countries and groups assimilated some Nazi scientists who were developing new techniques using the so called 'jewish psychology' or 'freudian psychology'.

The British then created a massive program, the real MKUltra, to try and restrict knowledge of analytical psychology and its precursors to the elite including them.

The first step used an Australian named Cade to promote the notion that element #3 on the periodic table, lithium, was a 'drug' rather than a mineral.

The next steps involved sabotaging the development of groups which propagated analytical type psychology. On and on.

@Chuck Orloski

Thank you for that article; Putin had to have known that elensky and the neocon king of the khazars Vicky Noodleman and her husband Kagan (Kagan means king of the khazars in jew) would not allow any respite to Christians or Russians, but its not a good look for Kiev, so a marketing win for Putin.

I think for Putin, the orthodox church is Russian first, meaning, Kirill has his domain, but in the Power Vertical, it will always be subordinate to the Russian state, especially the part where Putin sits at the top of the top.

I imagine, to Putin, Kirill is somewhat akin to the Oligarchs, or the mafia, allowed to get strong – infused with state power – but within the Power Vertical;

a couple of years ago, Patriarch Kirill made a comment that the Russian Orthodox Christian Church had become the equal and as powerful as the sovereign State. At the next Federal Assembly presidential speech ceremony where every year prior, Patriarch Kirill was placed prominently and situated between the Prime Minister and the speaker of the Duma, placed very much forward and center, well he was missing, and since that time, I think he got the hint, so him coming out and asking for a cease fire is a move that Putin green-lit knowing he would gain points and make Kiev and elensky and zato/us look bad.

also this

Why would Orthodox Christian Russia, led by a believer, ally itself with Protestant America and Catholic Europe to encourage the Israeli Jews to liquidate a rebellion of Palestinian Arabs, mostly Moslem, after they tried to defend one of their Holy Places from Jewish invasion, and counter-attacked with more military resourcefulness than the Crusader Alliance has seen for many years?

and

the Israelis have been breaking the rule by crossing the red lines to expand their territory, the Russians have broken the rule by accepting and giving ground. The first time was by Boris Yeltsin, who was never his own master outside Russia's borders or inside; and now, in the past month, by Vladimir Putin. For this reason, disallowing Israel from becoming too strong has been the dividing line between the Russian General Staff, Defence Ministry, the intelligence services, and lately the Foreign Ministry, who have stuck to the rule and the red line; and Putin who has not. Although this rule is a strategic one, a reason of state, not an article of religion, Putin's position – unexplained in public – is one of personal conviction endorsed by the Church and Patriarch Kirill.

Putin helped to infuse the church into the Russian constitution and state power by inserting the word 'God' into it for the first time since the last Tsar and therefore Russia no longer has a secular constitution and has an official position of a government with a "faith in God" which sits in opposition to the principle of secularism enshrined in the articles of the Russian Federation.

I don't think Putin cares either way if Russia's constitution is secular or not, I think he likes having the Church in the Power Vertical as just another way to make himself powerful, insulated, and as a tool to use as he sees fit. Its really remarkable.

@mulga mumblebrain

What of the suppressed Danish study that established that most masks are worthless... ‘side-effects’ of wearing masks, ie chest infections, mouth infections, contamination ... toxic ingredients of masks... developmental delay in children forced to wear masks...

I wouldn't necessarily call the DANMASK-19 study “suppressed.” I think “rejected” is the word you're looking for, by the first two journals where it was submitted, before it was “finally” published by a third. BFD.

And I will contest your muddled interpretation and/or misrepresentation of the study as well as your unsupported claims about it. I don't think the DANMASK-19 study brought to light any negative effects from mask wearing, like chest or mouth infections as you're claiming here.

Did you know the opening paragraph of the article “Of Masks and Methods” about the DANMASK-19 study, which was “finally” published in the *Annals of Internal Medicine* concludes with these words?

Use of face masks has emerged as a powerful tool to reduce the health and economic harms of the pandemic.

<https://www.acpjournals.org/doi/10.7326/m20-7499>

You know, I've read quite a few articles about the DANMASK-19 study, and they're all over the place, but not nearly so far-flung and downright deceptive and phony as what one can read about it on the Internet, where ignoramuses and liars abound.

A Covid-19 study conducted in Denmark and published in *Annals of Internal Medicine* created a heated discourse on social media as some claimed that the study showed masks were ineffective at preventing Covid-19 transmission, **while health experts—including the lead researcher behind the study—disagreed.**

[my bold]

<https://www.forbes.com/sites/leahrosenbaum/2020/11/18/lead-researcher-behind-controversial-danish-study-says-you-should-still-wear-a-mask/?sh=3110146739e7>

The methodology of the DANMASK-19 study is likely what caused two journals to reject it for publication before a third journal did “finally” publish it. Look, you’ve got less than half of the participants (46%) in the study wearing the mask as recommended.

Even worse, the study was conducted using disposable surgical masks, which were never designed or intended to filter out viruses. Nevertheless, despite their shortcomings, even the surgical mask offers some protection against COVID-19 which is, in fact, narrowly borne out by the results of the study: slightly fewer mask wearers got COVID-19 than did the maskless.
