Celý svět si vybírá strany.

Buď s duhovou vlajkou jsi, nebo nejsi. Není to těžká volba.

RT :

Washington je nespokojen s novým výběrem bělehradského šéfa špionáže a má v úmyslu pozastavit spolupráci se zpravodajskými službami, dokud Srbsko nepřehodnotí svá „personální řešení“, prohlásila v pátek místní pobočka CNN N1 s odkazem na nejmenované diplomatické zdroje.

Aleksandar Vulin byl na začátku prosince jmenován šéfem Bezpečnostní a zpravodajské agentury (BIA). Dříve vedl ministerstvo vnitra, ale v rámci obměny kabinetu si vyměnil místo s bývalým šéfem BIA Bratislavem Gašičem.

Podle **N1** USA opakovaně Srbsku signalizovaly, že se jmenováním nesouhlasí, naposledy na schůzce amerického velvyslance Christophera Hilla a ministra zahraničí Ivica Dačiće minulý týden.

„Důvěryhodné zdroje“ uvedly, že Hill pohrozil „hlubokým zmrazením“ ve spolupráci mezi BIA a americkou zpravodajskou komunitou, přičemž poznamenal, že Vulin představuje pro Washington „velký problém“.

Hill údajně řekl Dačićovi, že by USA místo toho raději spolupracovaly s ministerstvem vnitra, na což Dačić údajně odpověděl, že zařídí, aby Gasić brzy navštívil Washington.

Pobočka CNN tvrdí, že USA považují Vulin za proruského. Jako důkaz N1 poukázala na Vulinovy četné schůzky s Nikolajem Patruševem, tajemníkem ruské národní bezpečnostní rady, když měl na starosti policii. Přinesli také obvinění ruského opozičního aktivisty Vladimira Kara-Murzy, že ho Vulin nechal odposlouchávat jménem Moskvy. Vulin obvinění popřel a řekl, že bude žalovat Kara-Murzu za urážku na cti.

Po Hillově schůzce s Dačićem minulý týden učinil srbský prezident Aleksandar Vučić **tajemnou poznámku** o Bělehradě prolezlém špionem a nazval srbské hlavní město „nová Casablanca“ s odkazem na slavný hollywoodský film z druhé světové války.

Mohu potvrdit, že je to pravda. Žil jsem v Bělehradě v letech 2012-2013 a tito lidé prostě přijdou a začnou s vámi mluvit v barech. Jako, já si ani nemyslím, že jsem byl cíleně zaměřen – v té době jsem nebyl zrovna slavný. Jen vím, jak vypadají špióni. Alespoň ty zjevné – mají řadu otázek, které kladou, a velmi specifickou psychologickou techniku, jak se snažit vypadat sympaticky.

Tito lidé by měli být vyhozeni ze Srbska a nahrazeni ruskou armádou. Když tato strana skutečně začne a ukrajinská válka se rozšíří mimo Ukrajinu, Srbsko čeká na přímou invazi. Prakticky všichni jejich sousedé jsou negativní.

Upřímně řečeno, Rusko mělo v Řecku financovat barevnou revoluci v americkém stylu. Řekové jsou dobří lidé, antianální a proruští. Pokud by Řekové byli v týmu Rusko, situace by byla drasticky odlišná.

Srbsko je v současnosti jedinou ruskou základnou ve vlastní Evropě (kromě Běloruska) a není spojeno s žádnými přáteli.

Možná je Maďarsko stále přátelštější, ale to vlastně ničemu nepomáhá. Musí existovat nějaký plán, aby Srbsko jen tak úplně nevypadlo. Miluji Srbsko.

Srbsko je ve stejné pozici jako bílý křesťan a dokonce i normální, přičetná, pozitivně orientovaná rodina v Americe: obklopená satanskými nepřáteli; obklopený semitskými satanisty a jejich zdegenerovanými loutky.

Srbové jsou v těžké situaci, válka se nerozšíří za Ukrajinu a jsou uvězněni s nepřáteli všude kolem nich a brzy se rozpadnoucí EU ovládající region. Až válka na Ukrajině skončí, očekávejte, že se Rusové zcela obrátí na východ. Srbové mohou jen doufat, že se NATO tak úplně zhroutí, že mohou získat zpět část svých ztracených zemí.

Proč by měla srbská rozvědka spolupracovat s americkými zpravodajskými agenturami? Írán právě ukázal, jak jednat s vysokými úředníky, jako je bývalý náměstek ministra obrany, za spolupráci se zahraničními zpravodajskými agenturami.

Ano, Srbsko je v horší pozici než při vypuknutí 1. a 2. světové války, zcela obklopeno nepřáteli v paktu NATO. Alespoň během první světové války se její armáda mohla evakuovat přes Albánii do Řecka, přičemž Černá Hora jí hlídala záda, a na začátku druhé světové války mohla uprchnout do Řecka a připojit se k Britům, než Řecko padne do rukou mocností Osy. Nyní jsou všechny bývalé jugoslávské republiky nepřátelé s výjimkou jedné poloviny Bosny.

Amerika používá všechny své zdroje k negrifikaci celého světa. Znečitlivění celého světa, ukončení bílé rasy a šíření sodomie a degenerace je cílem číslo 1 ekonomické zóny bez hranic známé jako „Spojené státy americké“

Říká se tomu „GloboHomo“ nebo „GAE, globalistické americké impérium“. Nutí ostatní země, aby dávaly práva fešákům pomocí finančního a ekonomického nátlaku. Jeho ministerstvo zahraničí bylo zamořeno fešáky od prvního funkčního období černochoa Obamy. Armáda je nyní zcela faggotizována, což je proces urychlený podvodem COVID a vakcinačními mandáty. Stejně tak důležité je, že celá říše uctívá u nohou černochoa a další černo-hnědé dvounožce, takže *de facto* politikou zmíněného impéria je fyzické vytěsnění a nahrazení zakládajícího bílého kmene hnědo-černým odpadem z zbytek planety. Zdánlivými vůdci zmíněného Impéria jsou bílí, ale skutečnými mocnostmi jsou Židé. Stačí se podívat na kabinet císaře Bidena.

Though the core problem is Egalitarianism. Sodomites are merely a useful cudgel.

Everyone is identical, therefore anyone is just as good as a homosexual fornicator, see?

However, sodomites are already getting thrown under the bus, because the left simply can't help but betray everyone it ever meets. Sodomites think pussy can't be male, and thus don't want former-women at their orgies. Heresy! Faggot activists most affected.

Chetnik families maybe? Serbs who didn't like Tito?

I was thinking about the Serbs watching some of these films about medieval Ukraine. "The Rising Falcon"...Very heavy handed stuff. the Mongols are running around with a crest of a Russian style Double Headed Eagle dangling around their necks razing villages. The double dealing Christian Duke of Galichia is Mongol vassal. The Kievan hero Maksim a Perun worshipper kills a giant Bear...Anyway. The Serbs do appear to be these unsophisticated combative rustics in the context of Balkan politics. they have born the brunt of Western attack. Their bigger cousin abandoned them.

One thing Yeltsin ought to have done was to directly shoot at NATO in Bosnia. He Flinched. Serbs would have rallied to him. Now they are surrounded and cut off like an Island with Catholic and Muslim sharks sponsored by the Yankees circling them.

| The ancient Greeks were pro-anal weren't they?

To fags everyone is either a fag or secretly wants to be one.

The slander of ancient Greeks as pedophiles and sodomites was the product of the pornographic imaginations of a 19th C English archaeological clique that had been raised to pederasty in the English public school system.

In fact, in ancient Greece homosexual activities were heavily disapproved of and – under the laws of Solon – heavily punished, by being stripped of political rights, by banishment or even by death.

According to the laws of Solon, any man practising homosexuality was

- banned from becoming a member of the council of nine
- banned from standing for elections as a priest
- banned from being a citizen's advocate
- not allowed to exercise power inside or outside the city of Athens
- not permitted to be sent [as] an emissary of war
- banned from expressing his opinions
- banned from entering public temples
- banned from being wreathed in races
- not allowed to enter the agora

All of these violations were punishable by death, according to Solon's Law.

<https://www.tornosnews.gr/en/greek-news/society/22150-were-ancient-greeks-gay-or-not-according-to-solon%E2%80%99s-9-laws.html>

So, no, ancient Greece was not a giant bathhouse foam room filled with boy slave catamites and oiled up musclemen, despite what the faggot mafia of Eton and Oxbridge would have us believe.

Globohomo propaganda has been around a very, very long time.

Both Greece and Rome got stigmatized — Rome did it to Greece, and then Christianity did it to Rome — and the caricature stuck to this day without a lot of historical accuracy. It was just a way of saying “hey, look at how degenerate they were and how moral we are.”

On the other hand, it’s reasonable to think that the very reason Solon was so motivated was that pederasty (which may or may not have even been legally considered “homosexuality” to people of the Ancient world) was so out of control in 5th Century Athens... whose laws, of course, didn’t apply to any of the other Greek city-states (Thebes and Sparta especially would have had an issue with banning teh buttsecs).

Not saying you’re wrong, but maybe look for a source that isn’t a tourism industry marketing publication. Very little of Solon’s writings survived, and most of what did was translated and interpreted by people with varying degrees of reliability.

And BTW there are still 11 US states where sodomy is illegal, including “Bird Cage” Florida. Homosexuality was illegal in NY state until 1980... and we all know the buttsecs capital of the world was NYC during the 1950s-70s. Laws on the books, enforcement of those laws, and actual conditions on the ground are VERY different things...

Indeed, they're always trying to find vindication for their vile practices some of which have long entered common parlance, like "circle jerk" and "daisy chain". Just imagine, these are such common practices among the upper class deviants in the old boy networks, an essential part of their growing up. While other normal kids play all kinds of wholesome games the rich bastards play homo games denoted by those terms. So after a sports match in the their upper class colleges' changing rooms they'd be deciding whether to have a circle jerk or a daisy chain. And then some stupid upper class slags marry these guys and give them children to further abuse and mould in their own likeness to perpetuate this vile system. And then the worst of it all, the common people look up to this scum, are impressed by their wealth, and even vote for them, when by all rights they should be stripped of all their possessions and titles and driven out of society into the wilderness.

Bonne chance

Universities would have always had the misfits in society. But the real bully boys of the era would have been making life unbearable for sissy types who'd have retreated to Church Life.

The Private Boarding Schools would have been suitable for a lot of what you are referring to, but if George McDonald Fraser's research for Flashman is accurate enough this sort of homosexual culture was frowned on at Rugby. Both before and after Arnold reformed the dump.

The most likely places for it would have been the Navy for obvious reasons and in port cities with bordellos especially while slavery was practiced.

Russian philosopher, sociologist, geopolitician and founder of the idea of a new Eurasianism, Alexander Dugin, who is considered to have a great influence on the foreign policy of Russia and President Vladimir Putin, pointed out that his country has a “huge debt” to Serbia.

Dugin stated that the first walls of Eurasia were built in Serbia.

– Serbs are the only people in Europe who fought against the Western Empire. When the Western thalassocracy rushed towards our borders like a storm, then a shield and a flag of freedom were raised on the Serbian mainland. The first walls of Eurasia were erected in Serbia. Koshare (*) are Thermopylae of Eurasia. In 1999, the Serbs took the blows that were intended for us – the Russian political philosopher pointed out.

Dugin emphasized that Russia owes Serbia the return of Kosovo, and that it must repay that debt in the near future.

– Our debt to the Serbs is huge. If the Serbs had not opposed the West, the minds inside the Kremlin would not have awakened in time and Putin’s Russia would have been late. We owe Kosovo to the Serbs. To make Kosovo Serbian again: that is the historical and moral duty of Russia. We have our Kulik field, the Serbs have their Kosovo field. But in spirit, it is one and the same field where we will meet and defeat the enemy in the last battle on Earth – Dugin concluded.

(*) Koshare – Serbian border units consisted mostly of young conscripts, stopped 10 times stronger secret infantry invasion of US and NATO from Albania in the greatest battle of the sc. ‘Kosovo war’ on the Kosovo mountains border. Many of young soldiers got killed but the enemy, who also encountered massive losses, was stopped and pushed back to Albania.

Hope, Putin (and Surovikin) read these Dugin’s lines.

Unfortunately, the Serbian leadership is an American vassal, but at the same time it is afraid of the people's reaction to unpopular decisions. The current leadership is under enormous pressure to impose sanctions on Russia (they are currently the only European country besides Belarus that has not done so) and as a reward they will have to recognize the independence of Kosovo, they will have to stop supporting the Serbs in Bosnia and Herzegovina and they will be allowed to organize an extraordinary European Pride festival.

Dugin is correct, but the significance of the war against Yugoslavia was that it showed Russia and the world what NATO is and what are its plans although many countries did not learn from this or take appropriate action to counter it. But as far as Serbs go the sacrifice of those at Koshare and elsewhere was pointless in the end as NATO did occupy Kosovo and handed it over to the Albanians, as well as installing puppet regimes in Belgrade. It is also worth noting that the only Muslim countries that supported the Serbs against their enemies were also viciously attacked and destroyed by US, UK, NATO: Iraq and Libya.

I guess you are a Catholic convert living in Nazi Croatia, spouting lies and slander here on TUR?

Serbian heroism and strength have rare parallels in history. Here's one example for you: Kaiser Wilhelm sent a telegram to the Bulgarian Tsar Ferdinand fuming about the outcome of the battle. "Disgraceful! 62,000 Serbs decided the war," wrote Germany's emperor. His assessment was remarkably astute.

Yes Serbs changed history in those days, and that we was neither the first nor the last time. Vatican heretics/schismatics, Catholic AHE, and Nazi Germany never forgot that the Serbs messed up their colonial/imperial plans through history. They hate Orthodox Christian Serbia and Serbs with passion!

Serbs brave fight against NATO in 1999 also woke up Russia, and dismantled any illusions Russians may have had about the West up to that point, as Aleksandr Solzhenitsyn clearly stated in one of his interviews. That is when they started building all those doomsday weapons including Belgorod (Belgrade in Russian) K-329 [1].

Also, didn't Julian Assange say the following about Serbia: "That is the place where the future comes first."

Occupied Kosovo will be freed when the time comes.

It appears that those primitive Shqiptars aka Albanians just built a monument honoring one of their WW2 Nazi “heroes” in Occupied Kosovo! Yes, those “victims”, just like all other “victims” from the Balkans in the 90s (Catholic Croats, Bosnian Muslims, and Catholic Slovenians) were WW2 partners of Nazi Germany!

Of course, since they are all useful butchers and terrorists for the West, Western MSM is mostly quiet about this brazen display of their true nature.

Here’s another example, this time from Catholic Croatian “victims”

Yes, in 2000, Serbia was occupied/captured in a color revolution, and puppets were put in place! Putin actually helped the West with that color revolution by collaborating with Bill Clinton!

Once the West finished the Regime Change (TM) in Serbia, i.e. once one traitor (Milosevic) was replaced with even bigger ones (“democrats”, etc.), Serbia was completely occupied, looted, army weakened. etc., and has been in the process of being dismantled into even smaller pieces territory-wise ever since (Vojvodina, Sandzak/Raska, Kosovo/KiM). US gave EU strict orders never to accept Serbia into EU, as Serbia is supposed to be cut into pieces as a punishment for its brave, tough, and rebellions fight against NATO and the NWO.

So it's the Serbian people alone against their puppet gov (i.e. colonial administrators) and the West that controls it in all aspects. With such bravery and persistent resistance – more than 22 years + 10 years during the civil war in former YU, Serbs cannot lose. When the time comes, people's uprising will most likely ensue to free Serbia, triggered by some event – perhaps Pope's (the unholy see) visit to Belgrade – the city on two rivers! [1]

Nazi Germany's Expansion Eastward (TM) for some Living Space (TM) has never been abandoned. Germany is also not sorry for anything they have done in the past. The only apologizing/reparations done was when they had to. Quite contrary, Germans are even more angry for they have been proved losers again and again.

As one can learn from the events in the Balkans in the 90s, i.e. civil war in former YU, nothing has changed. Again, just as in the WW2, Nazi Germany is roaming the Balkans with its old buddies (primitive Shqiptars aka Albanians, Catholic Croats, Bosnian Muslims, and Catholic Slovenians) as still not done with its sick revenge plans towards Orthodox Christian Serbs [1][2] as they blame the Serbs as one of the main causes for them losing both WW1 and WW2 – which is correct.

But fear not, as these Germans, i.e. FakeAryans, will pay the price for their evil deeds, again, but without learning anything in the process, again.

Serbs were good soldiers and for much of their history fought for other empires: Austro-Hungarian, Ottoman, Russian, only fighting for their own state before and after the long period of servitude to the Ottomans.

My own view is that Serbia is not in any position to start thinking about war which requires resources Serbia doesn't have. It is completely surrounded by members of an enemy block, NATO and its exist to the seas is cut off by the fake Montenegrin state. So how would Serbia obtain supplies from any friendly state when even Lavrov cannot visit there? Now if Albanians start killing Serbs in Kosovo and KFOR doesn't do much to protect them I suppose they will have to send their forces there regardless of consequences and could end up getting pounded yet again by NATO. Unless Russians can conquer Romania, or Bulgarians overthrow their regime and re-establish friendly relations with Russia, which seems unlikely, it looks very bleak for Serbs, including those in Bosnia. It really all depends on the West; if they want to start another war there they could do it anytime they feel like it by using their proxies in Bosnia and Kosovo. And then NATO would do to Serbia what Russia is doing to the Ukraine.

So did Eisenhower. Mostly because the Wehrmacht had the best warriors.

Then came TTWNCBM (“The Tribe Whose Name Can’t Be Mentioned”). It neutered the *volk*, guilting them for shekels. Why? For doing what Juden did historically. And now...especially in Palestine.

Germans have devolved into pitiful pansies and cowardly cucks who cravenly serve Zionistan. They back the West, which continues to bugger their backsides.

Hi Mike, thanks for commenting.

Well, with long range weapons, territorial connection is no longer required. Once both Serbia and Russia are free from their puppet governments, the end will come to Putin’s “partners”. I.e. once NATO snake is taken care of, local WW2 Nazi partners (Shqiptars aka Albanians, Catholic Croats, Bosnian Muslims, and Catholic Slovenians) will be defeated and disperse like the cowards they are.

Not true.

If Serbia is attacked, again, by NATO attack dogs, Russia is quite capable of helping Serbia remotely by precision-striking enemy targets inside Serbia, as Russia has clearly demonstrated in Ukraine.

However, Serb military will need massive amounts of small arms ammunition, artillery shells, all sorts of war matériel. Armored personnel carriers, tanks,....

Food, fuel,.....

Air cargo transport is very vulnerable to shootdowns.

Russia needs a land corridor to supply Serbia adequately in a real war.

There is no other way.

{*NATO perfidy is the source of all the problems of Europe,* }

You are correct, in a way.

But NATO is just a front.

NATO is run by US+UK, i.e. Anglo-Americans.

NATO is the attack dog of the Anglo-American Empire.

For a couple of centuries England was the quintessential “*Perfidious Albion*”, sowing mischief and trouble all over the world, safe and secure in their island fortress. After WW2, US took the mantle: safe and secure behind vast oceans, while her military bases are sited in every corner of the world.

English have despised, hated Russia/Russians for a very long time.

Western Imperialists have coveted Russia’s natural wealth for a couple hundred years at least.

The thieves succeeded spectacularly during the drunkard reign of the doofus Yeltsin: 100s of \$billions were looted from Russia and spirited West, mostly London.

They hate Putin with a passion, because he and other patriotic Russians put a stop to it.

Putin jailed or expelled the chief looters*. Others fled*, before the FSB could grab them.

Now the criminals have bared their teeth and are openly threatening Russia with the Mailed Fist.

Except Russia has in turn shown them her own Nuke Fist.

So we have to see how all this ends.

Meanwhile, defenseless, innocent bystanders like Serbia may be blooded by NATO to cause more problems for Russia.

* e.g. Boris Berezovsky, Mikhail Khodorkovsky,.....

I am surprised France is so determined to support, arm, and train the Ukrainians considering they refused to get involved in the invasion of Iraq. As far as the war against Russia is concerned they are no less belligerent than USA and UK.

If NATO decides to attack Serbia I am afraid there is nothing much that can be done. If they give Serbia an impossible ultimatum, and Serbia accepts all its points, they'll just lie that Serbia didn't accept and keep on bombing. If Serbia capitulates they could just lie that it didn't and keep on bombing. I wouldn't put any perfidy beyond them. They have repeatedly shown that they are capable of inventing monstrous lies just to keep bombing, like the many lies about WMDs in Iraq, like who did 911 so as to invade Afghanistan, etc. If they attack Serbia again they won't leave the job half finished like last time but go all the way.

I see the situation differently. The US will not have the consensus to attack Serbia again under another false pretext. First, they do not have infantry and would be afraid to attack even if they had. Second, aircrafts will also not be able to fly freely since Serbia now has a Russian anti-air defense system that did not have before and could not shoot upper to 5000 m freely. However, they managed to shoot down several planes, including the 'invisible' one.

Then, the US will not be able to fly from all sides as before, but only from Italy via Bosnia. So, all they can do is to fire tomahawks from the Adriatic. They can be stopped, but still, they can demolish civil infrastructure (e.g. the electricity industry). Serbia has a well-developed military industry and sizeable exports, so it does not need anything, even though the former puppet government vassals destroyed a large number of tanks.

In case of war, Serbia can conquer Kosovo in one day despite Bondsteel. Furthermore, when it conquers Odessa, Russia becomes a de facto neighboring country and can use the Danube as an international river to supply arms to Serbia. It is most likely that the US will bluff and create low-intensity local conflicts through the Albanians in Kosovo and less likely through the Muslims in Bosnia. Serbia is still the strongest in the Balkans, it can resist the entire NATO (basically US and Britain), but it cannot protect the civilians in Kosovo in the current situation. That's why they have to hold out until the Russians enter Odessa.

@Commentator Mike

The fact is that the US brought their vassals to power in Serbia with a color revolution after the 1999 war. But the Serbian conscripts on the Koshare did not die in vain.

First, Serbian weapons won, the occupation of the country was prevented, and that remains to be remembered forever.

Second, US was forced to sign a peace contract in which Kosovo remains part of Serbia (US don't respect that, but that's the legal situation).

Third, according to that contract, Serbia can have 1,000 soldiers in Kosovo to protect civilians, cultural heritage and borders (US again does not respect that, but it exists as a legal document of the United Nations).

Fourth, NATO is present in Kosovo only as a peacekeeping mission of the United Nations and not as a NATO occupier (although they behave like the occupier).

Fifth, the US failed to join Serbia to the NATO pact, they were not allowed to enter and be outside the Serbian law as they demanded and had immunity for rapes and all other wrongdoings as in other occupied areas and, in addition, to being exempt from all costs of its stay.

So, Serbian recruits, border guards, stopped the invasion of much more numerous NATO infantry on the border with Albania, in a battle at 2000 m above sea level, and thus entered history and legend like the Battle of Kosovo. Their surviving comrades from Koshare recently held a commemoration for their fallen comrades and marked the 20th anniversary of the famous battle:
