Bývalý komisař FDA a odsouzený zrádce Stephen K. Hahn vydechl v pondělí ráno, když stál na šibenici poblíž letiště Leeward Point v zálivu Guantánamo. Na vrcholu plošiny se smyčkou omotanou kolem krku zíral dolů na kádr vojenských mosazů, kteří se přišli podívat na jeho popravu. Zdálo se, že jeho skleněné oči na okamžik upřely každého ze šesti důstojníků, jejichž bezvýrazné tváře událost nezaujatě sledovaly; pokud vůči Hahnovi chovali osobní nepřátelství, nedali to najevo. Byli přítomni, protože přísahali, že budou dodržovat ústavu a chránit národ před všemi nepřáteli, zahraničními i domácími.

Ačkoli se zdálo, že důstojníci postrádají emoce, prezident Donald J. Trump, který stál vedle viceadministrátora Darse E. Crandalla, vážně zavrtěl hlavou, jako gesto znechucení, když podrážděně vydechl.

"Ze všech lidí, Stephene, jsem ti věřil," řekl Trump. "Prokázal jsem ti hodně důvěry a ty jsi mě zradil." Nejen já, ale i tato krásná země. Jsi zbabělec, ten největší zbabělec. Vaše lži zabily obrovské množství lidí."

Hahn směřoval svá poslední slova na prezidenta Trumpa: „Udělal jsem chybu. Můžeš to zastavit."

Trump se usmál. "Tohle je mimo mé ruce, a i kdybych mohl, neodpustil bych ti. Dostali jste se do velkých ligových problémů, obrovských problémů a jste velký propadák stejně jako ostatní."

Když se ho viceadmirál Crandall zeptal, jestli chce Poslední obřady, Hahn řekl: "Jaký to má smysl?" a zavřel oči.

O chvíli později Hahnovi praskl krk a lékař námořnictva zaznamenal čas smrti – 1030 hodin, pondělí 16. ledna 2023.

(Návštíveno 58 571krát, dnes 8 646 návštěv)

Je rodina těchto lidí zapřísáhla mlčenlivost. Co se jim říká o jejich milovaných odsouzených k smrti, jen zvědavost

Good question. Would be curious to know the answer to that question too but I'd wager it would either be threat of meeting the same rope, or loss of access to moneys own by the now cold corpse. This is kind of a morbid curiosity but what are they doing with all the bodies of these traitors? Cremation and into the sea?

I get paid over \$85 per hour working from home with 2 kids at home. I never thought I'd be able to do it but my best friend earns over 12,000 bucks a month doing this and she convinced me to try. The potential with this is endless. Everybody must try this job now by just using this website.. <http://www.Payathome7.com>

Maybe put on ice to be served at the next Davo's meeting. No thank you, I'll have checken.

NO , the ice that is served at Davos, is urinated on by clones just before they are released into the WORLD. Its ceremonious and apparently a big deal for these deranged satanist assholes that attend this Davos insanity. Klaus is always creeping around with a huge tumbler full of ice, chomping on it ,with those baggy jowls of his flapping incessantly with urine from the crushed and melted ice drooling all over the fucking place. Supposedly it's some great honor for these sick fuckes to be drooled on by Klaus. These Davo's club members are kooks.

I believe all the assets of these traitors are impounded. Homes, cars, bank accounts, everything is stripped from them. The families are left with nothing, because the majority of them knew what was going on and did nothing to stop it.

That might be true, I have wondered the same thing..... Bible does say that ill gotten gain will turn into gravel in your mouth. It is sad to be born into a family of criminals..... sad for the wife if she did not know, but how can she not know ...

If a man is honorable, he wouldn't have done it for their sake. And that goes for females too.

Xena,

Not true, with the wives of DS guys, often they are one step above and the handlers of the guys. Q said several times “Follow the wives,” and he meant it. DeSantis’s wife for example is likely one step higher than Ron.

They once had a list of the one hundred worst Cabal women on 8Chan, and HRC was only 4th of the worst. Ron’s wife has worked for Blackrock plus 2 other extreme Cabal companies.

Women like these instruct their husbands how to be more Evil.

I had heard that DeSantis’s wife had worked for Blackrock. Also, I’ve also read several sources that claimed Big Mike was actually Obama’s handler.

And who was handler of Big Mike?

Capers Funnye – head of “Black Hebrew Israelites who are a feeder group for SEIU and “Black Lives Matter”.

Who is Capers Funnye? ...”spooky” ....

From what I have seen during this covid scam the amount of women that are full on sickos and want to kill everyone with the poison jab and the worst part is they all for killing the kids

I’m so glad some of you post Q and remind me of what he/they said. You’re right! Still, It boggles my mind to think of woman being so evil.

She looked pretty chic in her designer clothes during the Obama years. EXCEPT for during that dance with Ellen.

The wives are in on it, the kids like Hunter profet off their powerful connections as well. It turns into a family thing.

Insider tradeing for anone in the congress or senate, believe me Nancy isn’t the only one.

With the lotteries, I wouldn't be surprised if its run just like the McDonalds thing where friends, family and people that were bribed win. Then the moneys are distributed thought out to people we never knew about.

Every system is rigged and we the people are none the wiser.

Depends if she's an idiot or not. Many people see the evil but not any significant resistance to it, so they just assume evil will win and they do nothing or join the evil. Anyone who has been aware of this stuff for a long time has felt that pressure. For some, like me, serving Satan is not possible, and we resist whatever comes. It's not even a choice and it never was, even back when I thought there was no hope at all. For others it is.

Ask her if she got jabbed: bet she has not, or the rest of his family.

Hopefully not. The traitors deserve it, but not the innocent, because they may have kids. Many of the executed traitors were parents themselves. Like Bancel, Gates and Chelsea.

When your bank accounts start getting enriched by the sums these folks were being paid for their treasonous acts, I would think that SURELY their spouses would start seriously questioning where the additional monies came from. Especially when their employment situations weren't changing.

Many of the deep state traitor's wives either get lied to, or learn not to ask. Like Mafia wives, they can't tell anyone; even the Nazi wives could not tell anybody what was really going on.

Reiner Hoess's grandmother was married to Rudolf Hoess, the Auschwitz camp commandant. They had a villa right next door to that camp, and they grew strawberries. The Hoess kids loved strawberries, but the crematoria in the camp next door were working 24/7 and spewed ashes everywhere. Mama Hoess would tell the kids, "make sure you wash off those strawberries before you eat them because they are full of ashes." She didn't say what kind of ashes or

where the ashes came from. She knew her husband was burning dead bodies of Jews, gypsies, homosexuals, dissidents, Slavs, ethnic minorities, intellectuals, anybody who fought the Nazis or rejected their laws or ideologies. HE WAS FOLLOWING ORDERS LIKE ALL THE NAZIS DID.

But like a good Nazi wife, similar to Mafia wives Gotti or Lucchese or Gambino, she never told ANYONE what she knew. Of course, she didn't participate in the high crimes against humanity, she was innocent of that, but even a simple uneducated housewife can figure stuff out. But she had to keep silent in order to avoid getting killed. Mafia wives get killed for spilling the beans, too, whether they are simple, uneducated housewives who cook and clean and stay home all day doing nothing, or educated women or independent working women or not.

No wonder her grandchild, Reiner Hoess, was mad when he found out his family were Nazis and one of many Nazi families whose husbands, fathers and brothers killed millions of people just for who they were, who they prayed to, or what they did in freedom's name. He learned the truth about his grandfather Rudolf the commandant, whom his family forced him to revere and honor at his portrait on the wall. He hated him and the rest of them upon learning the truth, because they lied to him about who Rudolf Hoess really was. They told him Rudolf Hess was the Nazi who parachuted in England and betrayed the cause, and not the Nazi commandant at Auschwitz. But a gardener at the school where he was a student started bullying him and attacking him and told him who his grandfather really was. He was very upset and told the teacher he was being harassed by the gardener and asked why was this guy reviling him. The teacher told Reiner the truth about what his grandfather, death camp commandant Rudolf Hoess, did during the Holocaust.

Reiner also found out the truth from a couple of books in the library at his home. His father caught him reading the books and beat the living crap out of him for that. But later he went back and read the books, and corroborated the facts in them with the facts his teacher

told him, and what the gardener told him. HE HATED HIS FAMILY, because not only they were Nazis who killed innocent people, but they lied to him. He packed a bag, left home at 17 and never went back. He never forgave them. He disowned them.

He wears a Star of David to identify with the Jewish people his Fascist grandpa killed, in opposition to him and rightfully so, because he is not like those Nazis and other fascistic people Rudolf Hoess killed. Commandant Hoess was tried and convicted at Nuremberg and was hanged at the very same camp where the crematoria was that spewed out the ashes of innocent Jews and other valiant opponents to the Nazis his wife told the kids to rinse off the strawberries, without telling them the real truth.

HOW CAN KID HANDLE THAT?!

One time he traveled to Israel, but the immigration/passport control authorities gave him a hard time because of his name, he had to explain he was not those Nazis he despised. The name was not his fault. He got in.

He travels the world, he writes books, he speaks to students at colleges, and he warns us all, be careful who you vote for, so this never happens again.

Reiner knows evil firsthand, not to mention the fact that his father was very abusive and broke his nose and locked him in his room when he asked his permission to attend a friends' Seder for Passover. Until he found out the truth, he never understood why his family hated Jewish people so much.

Reiner's four children now support him in exposing the evils of fascism.

He never forgave his family for what they supported Rudolf Hoess for doing at Auschwitz. He said if his grandfather were alive, he would kill him. He would piss on his grave. WHO CAN BLAME HIM?

He became friends with Eva Moses Kor, another Holocaust survivor before she died. She adopted him as her son. This is the remarkable saint of a woman who forgave the Nazis for murdering her family

members during the Holocaust, and caught major hell for forgiving Josef Mengele, who did horrific treatments to her and her sister and many twins. She encouraged Reiner to forgive his Nazi family, too. But most people will not.

Always White knighting for women, so soon you'll be saying that had to be HRC's husband that did all those horrible things to little girls, and he's responsible for Benghazi too, and Ron's wife needed a job so it's okay that she worked for some of the worst Cabal companies.

No, the truth is many, many Cabal women belong to witches covens, and it's not me accusing them of such beliefs, as it was their own Satan worshiping beliefs. The wives of many of the worst traitors are not even close to innocent, as they shoved their relatively innocent husbands into much deeper evil. "Follow the wives" wasn't said lightly as they were often the furthest directors of Cabal Evil. These women still gather in groups and hiss curses and incantations against people against the DS.

"Follow the money," will expose most of them for their complete involvement in the most Evil crimes. The good thing is, it's not too bright to curse anyone trying to do the right things.

Add-on:

Let me ask you an honest question: How many of those 1970's and 1980's "strong Feminists" will have money sunk deeply into Cabal roots, and enough to prove they are at least a player with DS intent, and should be good for a couple decades of hard time.

Billy -boy doing horrible things to little girls, like dippin cigars up snatches, yeah Billy-boy is a sick twisted asshole, NO DOUBT ABOUT THAT!

The Kids were told to wash -off the strawberries before they ate them because the dogs had been pissing on them. Ashes ...what bullshit.

Either their accounts get enriched by the sums, or their ass gets filled by the cums, sometimes both. But whatever the case they're in it for something. Gas , grass or ass, no one rides for FREE, bros or bitches.

My husband, whom I love deeply, was dealing drugs on a rather large scale. He never told me that, in fact he vehemently denied it every time I confronted or accused him of it. But I knew and told him it had to stop immediately, or I was going to LEO. He didn't, so I did. The wives know.

In the old testament we see where the whole family was killed along with the transgressor. Eg Aichan.

But when the wife/family look for a place to life, car to drive, open an account or cash a check what are they saying their reason is? How are they answering questions? Curious.

They're on ice for burial later. Many of the families may be glad. Freedom from the madness.

I would think that the monies gained by these traitors in payment for their crimes would be confiscated by the White Hats and used to help the people they harmed — whether it be those who are suffering from adverse effects of the jab or the families of those who have died. Videos of the executions and photos of the dead bodies must be made and kept to prove this has been done. We will need it for the sheeple. What broke Hahn into confessing were photos of his pals, Fauci and Collins hanging from a rope.

I heard yesterday that all the monies from the whole world were from all the black hats being arrested were going into one pot then divided and shared with all of humanity. It's through Gesara/Nesara. Millions we will be getting. From crimes against humanity

That is why we Americans need to be familiarized with our Constitution. The corrupt government make all Americans be naive so that they can do all the corruptions they want. Derek Johnson is

now out there speaking and educating the Americans what is our lawfully rights according to the constitution. People are started to wake up. Salute to all the patriots who is guarding the constitution. The military great reveal is coming!

Let's not forget the Old Testament states that kidnapping is a capital crime, even is the deep state wants us dumb and stupid to their high cries against children and steals them whenever they want for their paedophilia and adrenochrome parties.

It is no accident that when Charles' Lindbergh's kid was kidnapped. Congress immediately passed a law the very next day that stated anybody kidnapped another person with get 20 years in the clink, and if the victim was killed, that perp would get executed. They killed Bruno Richard Hauptmann for kidnapping the child of the world's greatest aviator at the time, a friend of France and America and England.

That kidnapping law is so strong, even today, that when a woman named Zenaida, or Zanny was falsely accused by Casey Anthony of being the nanny that kidnapped her daughter, Caylee (whom she murdered and covered up the crime), that even though she was in the clear, she lost her job, her friends, her reputation, and no one would have anything to do with her because word got out she was a suspect in the disappearance of that precious child. She sued Casey for damages after she was acquitted, but the most hated woman in America at the time had filed bankruptcy, and therefore had no money to pay.

yeah that Kidnapping law is SO STRONG that child trafficking is a MASSIVE CRIME in the USA and World wide today. The kidnapping law has NOT MADE a FUCKING DENT in the numbers of children and humans' being trafficked today. NOT A FUCKING DENT! enough with peddling the BULLSHIT

Well the schools stopped teaching CIVICS CLASSES quite some time ago from my understanding. So that's part of the problem. Who was the FUCKING Brain Trust that started that bs? I will bet it starts

with.....a jew. ODDS anyone,?.....it started with a jew.....odds?

First the kids who were raped, sodomized, trafficked, tortured and exsanguinated for adrenochrome. They need med beds and new families.

They are going to need a WHOLE LOT MORE THAN THAT, but it's cool you are thinking of them.

I recall reading one of Trump's EO, the property of those found guilty of treason, crimes against humanity, are confiscated.

My understanding is that all the bodies are "on ice" for now, in an undisclosed location,

I've asked these same questions many hangings before, and I've heard nothing. Just maybe it's all top secret?

MOST of the NAZIs came to the USA through OPERATION PAPER CLIP. How many do you think were hanged?

NOW that you thought about it Xena, 10 ,....YES 10 NAZI WAR criminals were hanged at Nuremberg, 10 NAZIs hanged at Nuremberg. This is for all you folks that would like to see Nuremberg style JUSTICE for these Deep State ASSHOLES AND DEGENERATE PEDOPHILES. this being said GITMO is the way to GO. STICK WITH GITMO! OR KILL THESE CRIMINAL FUCKS ON SIGHT. THEY'RE ENEMY COMBATANTS, THEY CAN BE EXECUTED ON THE BATTLE FIELD. THIS IS HOW THINGS SHOULD BE HANDLED.

I don't think they get to KEEP any of their ill-gotten gains from the TREASON they perpetrated upon the citizens and our country. It will all be forfeited into the republic's treasury to be disbursed when the rightful president is again seated. As far as the bodies of these folks, I think I read here that they are being kept on ice. Good thing, since they are going to HAVE to determine if they were real or clones.

NO doubt there's some clones mixed in there, especially when Berger was in charge, yeah ...some clones got by , on Berger's Watch. Berger claimed he thought clones were Santa Clause bullshit, so no doubt clones made it past Berger.

They should loose any and all moneys, houses, cars, all assets should go into a big bank for when it can be distributed to the remaining peoples.

All the peoples lives that where ruined so this guy could make millions, and some making billions just to give it to their families. The people are loosing loved ones daily still and we don't know how long or how much damage is going to be done by the time its safe for the whole truth to come out.

Things like the chicken farmers that had their farms full of chickens destroyed should be reimbursed now, to get things going again.

Peope who lost loved ones that where the bread makers in the family should be reimbursed now if possible so they can survive.

The world is crashing, the problem is, it's doing it in slow motion, and a lot of innocent people are getting destroyed.

I know none of the above will happen but things like this should be done, rather then paying for crime families to be silent.

Common sense says they would keep them as proof of their execution. Otherwise Deep State, MSM, etc could deny anything without a body as they do now using CGI, Doubles, Masks, Deep Fake videos, etc but in time will not be able to do.

I read here that they are all still preserved in because when they found that cloning center where Biden and Fauci were found they examined the cloned and the real and found out something that verified ,the executed one were real and not cloned...so they are still there preserved for at the end to be cremated!

Can't imagine family members who just lost a loved one to an extrajudicial killing would be willing to take any vows of secrecy. Just the opposite – they would be shouting from the rooftops

Wozz, it's entertaining to watch you have a conversations between each of your multiple personalities with fake troll turd names on here in a feeble attempt to sow doubt. Very conversational, almost believable with the exception of the subtle linguistic giveaways that you're too dense to catch.

Lmao at the fake name cunt saying " other people have fake names".

It would be funny if you weren't such a little bitch

They're not "extrajudicial killings", fucktard. These criminals are being tried, convicted and executed under the authority of the Insurrection Act, which Trump invoked prior to leaving office.

Trump wins.

You lose.

Game over.

Really? Where can I find a copy of this signed Insurrection Act declaration? Where can anyone find it for that matter? Answer: It never happened. So go fucktard yourself.

Wouldn't one be able to look under the DOD or under the War of Law Manuel that was revised in I think 2016? You can also go look at what Derek Johnson says about it and he is Military an Expert in Military Law so ya! President Trump did sign the Insurrection Act.

Unfortunately Johnson is a confirmed member of the nwo and a direct descendant of the Bush crime family. Blondie Broadcast on bitchute out him and Lindell for that matter, along with GaYteway Pundit, Mr. Jim Hoft who married a young boi!

Try to be nice — and where have you been ? Lots of us know that

Aww poor little Wozz is all butt-hurt now, and in a tantrum on a par with a spoiled 3 year old in the candy aisle, it is demanding to see things it is not entitle to see. Really entertaining to watch.

Who would it benefit to broadcast it? For Biden and his fellow Nazis it would make them look weak and illegitimate, for DJT it would bring everything to the surface too soon. Better to deal with this quietly.

Anyway, a proper media analysis is what you need. The CIA-MSM said Trump didn't sign Insurrection Act = he signed the insurrection Act. If he hadn't signed it they would say he did. That's how the media works now. Whatever the truth is, the exact opposite of that is what they will say. That's what you get when you let CIA crackheads like Bush loose on the media.

We understand the World is under Marshal Law and some other laws suspended in The Hague.

So Military can deal with all matters as required to save Humanity on Earth.

I think the U.S. Military is only concerned with defending the republic and the constitution against ALL enemies, foreign and domestic.

Not true, read your Bible. We're toast and nobody is coming to save America. All we are is a modern day Rome. Plus, all we are is dust in the wind.

Lol you're hilarious, this is BS. This site is BS and fake. Just like wrestling, time to wake up people .

They are not asked to take any vows. If I were them I wouldn't be shouting it from the rooftops either.

***Even better. Tell the world , i dare you.. It can only make things worst for them.. Honestly. I dont care two shits about theyre family. All the people they killed. FUCK THEM.***

Would you? If my people were executed for treason, I wouldn't say a word. The shame of it for all time. The name Biden, Clinton, Bush, Sotomayor, Pelosi, etc. Ruined names. Better to cut all ties and hope nobody finds out.

Can't blame them. People have renounced their family ties and changed their names for even less, inside and outside of the family courts. But to have the military come after their loved ones and have them tried and executed? They would be scarred for life.

Remember when James Comey suggested the guillotines be used for Obama's enemies because the rest of the surviving family would be too afraid to retaliate? I think the same principle applies here.

And these traitors ALL are worried about their legacy. George Herbert Walker Bush died by lethal injection trying to preserve his legacy. What they don't get is when the truth about what they DID comes out into the public eye, their LEGACY is ruined and they will only be known for the scum that they were.

Same for Noname. And his daughter Meghan and widow Cindy STILL will never forgive Trump for telling the truth and doing his job to execute traitors. Noname is a saint in their eyes and they will not tolerate anyone calling their family member a traitor. Even if the traitor covered it up and they found out later.

There will be plenty of nefarious information coming out about Cindy & her family who were closely involved with the Clintons. I read that they held all the contracts for the beer/alcohol used by the U.S. military worldwide. That is not news. It has just been covered up for some time. As for NoName's daughter, Meghan, she is an irrelevant waste of space.

I wonder if your reasoning isn't the reason why Hunter 2.0 doesn't want his illegitimate daughter to have his last name.

NDA's are a real problem. They inhibit all truth and so pervasively. Outlaw NDA's! It is one of the most important ways that the lamestream media is silenced and bought. And everything else too...

Exactly. That's what prevented Jeffrey Epstein's victims from seeking justice for his abuses and trafficking, and prevented the male hookers from talking about Senator Lindsey Graham, whom they allegedly serviced until he stood for conjugal marriage, and they hate him for it. Trust me, he paid them well. But after the marriage thing, one of them said screw the NDAs and expose him. it went viral.

I am not sure WHAT they know. You will recall looking around that there are STILL people out there who believe Biden won the election by a landslide. Whatever they see on their MSM they believe to be true. Many people are NOT able to distinguish FACT from fantasy any longer.

I can't imagine millions of people that were dead due to these bastard treasonous and criminal acts, they all committed genocide, can't imagine what the families members of those who are dead due to their lies and act will do when they discovered that Covid was brought to depopulate the masses.

Maybe the family members, mistakenly or otherwise, think that they will end up the same way. So they stay quiet.

Shout TOO loud and cause TOO much trouble, they might LOOK a little deeper and see if these folks were actually involved! You will recall from the RRN articles, SOME of the spouses testified AGAINST their mates.

Families of traitors are put on a gag order not to squeal to the press or anyone....or else...

They can shut people up in ALL manners and methods , Smokey. You know this, how have they been getting people to be quite and silenced all these years. WTF the Families have kept quiet up till

NOW, What changed? except for their deranged degenerate criminal asshole relative is dead, having been EXECUTED. Really how many Family members want to reveal their relation and connection to these EVIL ASSHOLES? Smokey , take your head out of your azz. Shouting from the roof tops. LoL yeah ” hey everyone my dad tried to kill all of you , he only killed 1,3 MILLION of you so far, so have some sympathy for the EVIL, Seriously you people out there , give it up for the evil fucks and genociders , you now they'd do ... you!

CNN's crap is better for ya huh? Lefty's swoon when they come up with their lies to tell people.

I don't watch CNN and have never said anything about CNN, imo I think CNN blows too. It doesn't make RRN real lol

I never said anything about CNN, imo CNN sucks and I never watch it. That doesn't make RRN real, lol

This site has been operating for a couple of years after writing that Hillary Clinton was hanged. Do you really think that would be possible? Are there a lot of other sites where randos' trials and executions are being broadcast? I'm unaware of any, but maybe you know better. Seems to me you'd be sued by the families until you were manning the oars of a slave galley if you made something like this up. Don't you think so?

I believe what is written here because they have NAMED a Rear Admiral (Darse Crandall) as the JAG prosecutor of these folks. NO ONE has come forth to say that Crandall does NOT hold the rank of a rear admiral nor has anyone come forth in two years (like Crandall himself) and said none of this is true! Someone would have said by now if it weren't true!

1. There are zero sites that are broadcasting trials or executions. Do you see any broadcasts here?

2. This is the internet dude, people can say whatever the fuck they want. If it was like Fox News making up stories about Hillary being hanged then yes they would be sued, because they are an actual corporation with reach and influence. This is a WordPress blog run by a nobody. Barely anyone reads or believes it. No one MB writes about cares enough to waste their time trying to shut it down.

3. According to my sources, Former President Donald Trump hosts massive gay orgies at Mar-a-lago every night. Reportedly he sucks at least 20 dicks per orgy. His record is sucking 58 dicks in one night, according to my anonymous source.

Now tell me, Redskin, is the Trump family going to sue me into oblivion for posting that “news report” here? Of course not, nobody gives a shit.

Look up what ‘broadcast’ means. Publicize, talk about etc. Also, only a communist thinks you can say whatever you want on the internet. Real people know better after the last two decades of censorship, shadow banning, biased algos etc. Conservatives and anti Derp Staters can specifically not say whatever they want on the internet. Personally I have been yeeted off entirely by Google for broadcasting awkward information. I can still speak here, on Bitchute and a few other places, but not on anything infested by communist Google. No youtube, can’t access my email etc. This is normal stuff for anyone who isn’t a brainwashed communist.

Excellent post. The troll turd names of Ron, Wozz, Lloyd, Dav1d Hoffer, Nobody, Smokey Stover, et al are all the same person.

“Hey mom! Where’s Dad. He didn’t come home from work tonight?”

“Well son, he just went out for, ah, um, cigarettes. He’ll be back later. And he definitely isn’t in Cuba being hanged or anything.”

The family will not tell anyone if their loved hung because they were traitor to this country... imagine what would happen to them especially their kids if they said that their loved were traitors and words will spreading out and fast like a lightning to shame them outright

You are right, wonder why they're so many stupid comments here..... shameful things are never boasted about, to think that they are boasted about by the shamed family, is real dumb

How about all the dead FEMA and CIA "heros" that died "fighting for their country" ? (Ok—sarc/off)

Just like in ther 1950s when people came out of the closet or a girl came home pregnant, they were kicked out and disowned, even lied about when people asked. They knew the people they rejected exist but they don't talk about them.

The first one I remember hearing about being executed was John McCain ... he stopped cancer treatments on Friday and was dead Sat morning. They knew what happened and they were filled with anger and hatred. They couldn't say a word. Next George H W Bush...now that was a tense funeral filled with hatred and fear when the traitors all got letters with SOON written on them. I don't know what they said but their faces all told a story. The humorous part was when Jimmy Carter was searching through his program for a letter and looked so confused!! Jebby and Laura were shooting daggers at President Trump!! I watched it over and over. Pence was gifted too!!

Families were not told when soldiers die on the battle field during secret operations, families are always given "national security" as a reason. The families of the people these evil people have killed are not even told that. Instead they are told "suicide, Covid, heart attack, or even we have no idea" ....so no, families will not be told. Besides, #DeepState will say they are alive so will make up some reason... traveling etc..

RRN site is accessible to everyone. Most likely it might be brought to the attention of the families.

missed the opportunity to use “bigly”. mb failed bigly. i wouldn't say that but some people are saying that

Most likely some are BUT – Would you want the world to know that your spouse was a traitor and was hung for it????

There are relatives of Hitler who have hidden their names, and relocated to this country so they could live out the rest of their lives unharassed.

Sworn to secrecy? Count on it and they swore with hands on top of a pile of dollar bills. That was the case with the family of the victims of 911 and probably Sandy Hook. The Sandy Hook brought down Remington firearms as the judgement cost them \$30M dollars according to sources in the know. No it was not Alex Jones. Lord help us.

As I understand it they receive Gag Orders and violating them is immediate imprisonment in a military prison.

I saw a short video on Telegram of Obiden's granddaughter explaining that he 'died' a few years ago (knowledge of the big lie), but because of all the years of his political tenure the establishment opted to keep up appearances and get someone who looked like him to play the part. So yeah the family is in on the deception to the American people and of course okay with it; think of all the benefits from that. You can view it on Marilyn Monroe Q's Telegram page – Jan. 14th.

Hopefully they stay disappeared and just get dumper in the ocean. Fish need to eat too.

Sir, These statements here are not true, it is just a product of the imagination of Mr. Baxter. What I cannot understand is why do people believes that all of it is true.

I sent an email to the wife of the guy who died in custody last month... Never heard back!

I have wondered the same thing but figured that it was pointless posing this question..Maybe the families never cared about each other, of course I can understand why. I know that clones are used or body doubles but that doesn't solve certain problems, I don't think,,,

I doubt that any family member wants to speak too loudly about those family members whom have been executed for Treason . If their so-called loved one was known for helping humanity rather than trying to destroy it ..... They'd probably be a whole lot more energetic about chirping up & sharing their thoughts ! Severe Deserved Judgments do tend to make one dwell on whether one will escape ones own punishment , when Standing Before Creator God at The Judgment Throne .

I suspect the family members know how traitorous all who have been arrested tried and executed have been.

True words from Trump.

The fact he went to witness the hanging shows what a big deal this is.

Everyone hates disloyalty or betrayal, but it's an especially big thing with Trump.

yeah he does. thats why he literally appointed satanists to most top positions and the supreme court. his vp he choose is a gay satanic child fucker.

Uh huh..keep trusting the plan while the world burns.

By the way...pence was a gay satanic child fucker long bf 2016.

You didn't need a sting to get him

From limited observation, it seems to be in the character of these people, that they never back down, all they know how to do is double down.

IMO it goes hand in hand with a lack of conscience or any sense of remorse or accountability- which in a paradoxical sense, substantiates the sentence after the fact.

1 Timothy 4:2 Speaking lies in hypocrisy; having their conscience seared with a hot iron;

At the Bohemian Grove there is a ritual where they remove all care & concern.

It's called the "Cremation of Care" Wikipedia.

I thought that too! I guess they don't know right from wrong. So sad. They are people of Satan.

Exactly,. Typical child like attitude. I am glad that this POS Mass Murderer has been PUNISHED  
What a TRAITOR to our country !

He did say he made a mistake & was sorry but ya he should of atleast asked the LORD to forgive him. It's appointed unto man once to die and after this the judgment. It's important to know where you spend eternity.

Hahn is not Christian. He doesn't believe in Jesus. Had he, he would have done the right thing and reported Fauci and Collins trying to pressure him.

Yep. Given how much trust Trump put in him, he could have stopped the whole thing.

Even unsaved people cry out to God for mercy. Believe it or not, Podesta actually did when he was shot.

I doubt God sent any angels to that one. Podesta! I read that he made his little victims scream out his name, over and over again until they screamed it loud enough while he was killing them. And it took a long time. I also stumbled on this monstrous video one day, and I have never been able to unhear it. He is a monster, and theology

aside, nothing but demons would have come for him, no angels accept to make sure he went in the right direction..... as he had given his soul to the demons completely.

He may have been the one Jeffrey Epstein banned for his paedo island became he was being too abusive to the kids. Imagine an evil guy being ejected from the circle of evil because he was more evil than they are. And that gold-domed temple on the island was used by Hillary for her own violent and sadistic sacrifice of children herself, which were videotaped by the way. What a crock!

It is part of the plan, but knowing that you are a Troll  
You are being kept in the dark , damp basement ,  
where you and your kind belong..

ha. the fake name cunts always talk so much . youre literally such a coward that you post under a fake alias and yet you still talk shit to random strangers on a small internet forum.

And you're a pathetic fake name bitch so afraid of the world you post under fake name on small internet forums.

I know what you mean but it is right here for all with eyes to see.

MONEY!! A lot of money! These people sold their souls to the devil for money!

What good is it for a man to gain the whole world but lose his soul.  
Matthew 16:26

because hahn failed at trump u, didn't like trump  
vodka/steaks/trump casinos/trump airlines/the apprentice/the new jersey generals/cancer charity trump's kids stole from

And this is HIS REWARD...He earned it !  
I AM GLAD HE HAS PAID the PRICE...

Because he lied about the shot making it seem that people wouldn't be harmed. On that note it should be a required knowledge regarding the Nuremburg Trials & the Nuremburg Code so that this never ever happens again because apparently no one paid attention the first time around when it happened to the Jews and Non-Jews in Nazi Germany and now history is repeating itself.

You got that right. And the doctors and nurses and military deliberately disregarded when they force-vaxxed everyone, even pregnant women., all for a pie of the Baphomet pie that the Rothschilds and Klaus Schwab is serving up.

Let's just say they don't work for God and they have to pay their piper and the currency is evil deeds.

Last edited 17 hours ago by oshi

Thanks Michael for updating us at what's happening at GITMO. Good to hear another evil cog in the D/S's wheel is gone!

Hey Michael, I've been interested for a while now as to how did you come by yr sources in the JAG office? Genuinely want to know.

It's fine you want to know, but really, it's none of your business and you should feel foolish for even asking.

This is an open forum, any comments listed here are WIDE OPEN for the prying eyes of the DS. That info is MB's guarded secret. Not for public display.

Do you honestly think MB would give up his confidential sources?

Respectively, you might be a DS troll, at the very least logic eludes you by asking the question.

Doubt he used his plane. I am sure military picked him up. You can't track them.

That would mean a military jet landing at the Palm Beach airport and Trump's motorcade coming out to meet it. There's a whole cottage industry of Trump Trackers down there who watch his every move. If he flew out on a military jet, or any jet for that matter, he would have been spotted.

True, but for my money, the Trump in that house is not the hero president. During the November 15th announcement, he was obviously four-inches too short. Plus, the eyebrows, mouth, and nose. We don't know who's real and who's not, who's alive and who's dead, who's there (or if not there then where). Our guy may still be in the mountain. Finally, there is a shelf life on everything (but we don't even know which shelf is real). New day; same Epistemological crisis.

transponder for airplanes. a transducer converts motion to a proportional signal. little known fact that even if you switch off your planes transponder, the engine manufacturer has placed another transponder in his engine which pings once per hour with the location and rpm and only the manufacturer receives this info

I'm sure the military picked him up & YES we can track their planes as long as their transponder is active which is most of the time – This avoids near misses & mid-air collisions. We just don't know who is on these planes.

Weak. You and your alter-ego Ron and all the other fake-ass names you have to try to stage fake conversations with. It's really easy to see through your fake BS conversations.

Air Force 1 is the radio call sign of the aircraft containing the current president. The aircraft itself is a gigantic and very noticeable 747 with a tail number of 28000 or 29000 depending on which of the two planes is being used. If either of those planes flew to Florida, MonkeyFarts or whoever that guy is who tracks airplanes would have noticed immediately. So Trump did not take one of those VC-25A's

Seems Hahn acquiesced to his fate and didn't freak like most of the rest. Should've taken last rites though. It may have save him from Hell. Not a nice place.

having an intermediary praying to a 'saint' ain't gonna cut it, bruh. You got to pray to JESUS CHRIST, YOURSELF for Forgiveness of sin.

That's not how it works, saying sorry at the last minute hoping it's going to impress God and his angels. If he was genuinely sorry, that would be noted in spirit, because God will forgive him. But he's got to go where he belongs, and then in some future age return here to put things right.

I hope to soon see the traitors on the Supreme Court hang who betrayed their oath of office and hear the case that would return our lawful President, Trump, to the Presidency.

Personally I believe we have a whole new Supreme Court just my guess if Trump did return us to a new Republic. Just make sense under the original constitution non of these folks can hold that office as they are from the bar which is a foriegn system of the Crown. The DOJ and all agencies of the Crown be gone . be gone Satan!

They have been holding up NESARA since the 90's. They put a gag order on anything pertaining to NESARA. They are sitting on the money mandated to help enact NESARA. It has probably disappeared, because SCOTUS judges are so righteous. RIGHT!!!! There is not one SCOTUS judge without shady dealings in their past. But, they are the top court in the land to help the American citizens. They need to be disbanded. They are committing treason against the taxpayers and using taxpayer money to do it.

What? The point is that he has an Eternal soul. Why drop into Hell without even a meek and desperate, "forgive me" to GOD? Those who died at last with curses upon their lips have condemned themselves,

defiantly like maniacs. Wretches as we are without Christ. Without Jesus!

| Can't know what he said alone in his cell, although I doubt he repented.

It's all about choices

As much as I love President Trump, am I supposed to believe he doesn't know the script? I do believe he's a good guy, but isn't he an Igigi himself?

Oh he knows the script but he isn't Igigi/Anunnaki... He is annoited by God as his David... He's just sad that evil human nature of greed can be so blind from killing others.... (here's several million dollars, just approve the EUA – KNOWING the true test results)

LMAO... SO now god told him to pimp the vaccine...

lmao... god didnt let him know the vaccine was bad?

if youre not severely vaccine youre one of the most ignorant people on the planet.

SNAP, CRACKLE, POP...Correction you did not make a mistake, you committed murder, treason and betrayal. Hail to the Chief a 45 Gun Salute in order.

No. Trump has been in this since the '70's. He has had full knowledge every step of the way. In short, he could NOT have trusted Hahn. Mr. Baxter, when can we talk? When can I submit to you a list of questions for my show? When do the forces of consciousness stop treating us like we're retarded? For instance, IS treating us like we're retarded a PART of the THERAPY? Having spent a very long life trying to reason with people and finding it at least impractical if not nearly impossible, I would buy into that strategy. And the "news" today is almost completely asinine. Etiology is seeking to assign a

cause during the search for the limits and validity of knowledge during our struggle to understand our own existence. My questions for you would be in pursuance of that. wwg1wga

This NOVUS ORDO SECLORUM has been planned for 1000 plus years. The satanic practice of murder of children in horrorable ways. And their plan of death of billions of us. Maybe you should focus on why. Where we go one we go all. As a means too and end of this madness they seek.

The council of Nicea 315 AD is a convenient date. Constantine saw a hierarchy and they cannot work outside a hierarchy. The first Punic War was caused by Carthaginian infant sacrifice vs the “Roman Familia.” Historians use the excuse of the Mamertines or even Pirus 280 BC, but I disagree. You ask me to assign a cause. Etiology. Been working that for 65 of my 75 years. Next life, maybe. wwg1wga

Nah, it’s much older than that. The Gyppos had these ideas, as did the Babylonians later. Then Alexander, the Romans, the transvestite Popes and so on.

That’s the very same thing verbatim that Nancy Pelosi said when she attacked a reporter at a press conference once. That proves she was secret society if not Illuminati.

at least you admit the military and trump both knew the vaccine was deadly and didnt care.

You surrender your soul to who ever. I’ll surrender mine to our Father,the Son and the Holy Spirit.

RRN news to say we won’t ask you for money. Now before you exit the sight we are being hounded for money. strange.

It doesn’t matter who you are and who you know. All of us need to eat and a place to sleep. Besides hope this website provides definite information and let’s face it, entertainment. Don’t muzzle the ox that grinds the grain. Hopefully we can keep Michael Baxter from

starving before this is over. He is a pretty good writer. We have a front row seat in the most interesting show around except for the Gospel of our Lord and Savior Jesus Christ. Plus, it is interesting that it is a true story like the Gospel is. If it isn't true I would be totally surprised because all of the people he has reported on would be suing the crap out of him for all kinds of stuff by now. He seems to have no fear of that happening.

The people he writes about are what the Supreme Court calls "public figures," and as such they cannot sue for defamation unless they can prove actual malice which is pretty hard to do. And his disclaimer that says this site is parody, humor, and basically made-up stories gives him some scant legal cover. Another consideration – why spend thousands of sue some guy who has no assets worth seizing?

True. Or, the disclaimer could be part of the therapy. One cannot give another person the truth. They must always earn it for themselves.

If it wasn't true the military would shut it down. It contains quotes from top generals +.

Have you heard about the First Amendment? It's part of that Constitution thingy. MB can say whatever he likes about the generals and make up as many quotes as he likes because the Constitution protects him. Even from the military

I love it when communist bots start lecturing us about the same Constitution they have been destroying for the last century as if it actually applies.

DJT needs to PUBLICALLY come clean and admit his mistakes in trusting these DS whores, and his mistakes in NOT trusting the chorus of qualified voices worldwide who advised against the scamdemic paranoia and against the clotshot campaign.

By FAR the best thing he could do. It's a crazy maker or moreso it is another form of lie to just keep doing the pretend game with Biden being treated as anything other than a fraud.

that will never happen until the deep state / media turns the table on the jab.... which to quote many q retards will happen " very shoon'.

Better to be neither actually.

6 years in..keep trusting the plan.

Apparently " they felt it smart " to right in the middle of the plan have 4/5 billion people die.

All part of the plan right q retard.

Hopefully your bloodline died as well..since you support the mass.murder death plan.

It's way deeper than that, so many levels unavailable to us at this time. You can't fool Trump. They know the 'future'.

I would think dealing with those who lied to him is a precursor to that. Although this is done by military, Trump would be the one most aware of what they did.

He deliberately allowed Americans, rather people worldwide to be killed for personal profit yet asks for mercy for himself. Cowardice on top of narcissistic arrogance. Hell is getting fuller each day.

Hahn would have best shared his last words with Jesus, asking for forgiveness, saving his soul from eternal destruction – because man, President Trump in this case, will always let us down, showing no mercy, even though we should show mercy as God has shown us mercy.

Don't get me wrong, justice has been served ... just relaying a distinction between Hahn and say Loretta Lynch for example, asking God and those carrying out her sentence to forgive her; she will live

on, Hahn will not – unless prior to Jesus in private.

Had a chance, but had no remorse in the heart. You can't reach out to the Lord while being defiant. I believe the poor soul missed the opportunity to come clean many many times. I don't agree that Trump was acting maliciously. This dude killed millions, ok? Trump gave him his trust, and he blew it. He gone. No need to add more false witness into the matter.

I'm saying Hahn may or could have from his cell, or like I said in place of referring to Trump ... and/or in addition.

I never said Trump acted maliciously; I said he acted as any man in the flesh would act; some showing mercy, some not showing mercy, for man is fallible, and God is not.

And if no sin is bad enough for God to forgive, who are we in the flesh to not forgive ... show mercy; again apart from being in the flesh where we are weak.

We are not the Creator. We have no ability to rightfully judge the soul of any man. God Himself gave the death penalty for various crimes. God is the ultimate judge and I trust that more than anything else. We need to worry about our own eternal destination instead of touting the destination of others. Hahn broke the law and has now paid the price. So be it. He went foolishly though.

Witnessing/sharing the gospel message of salvation is a major role of the Christian faith; and in this case, I being a Pastor, or Christian layperson, was curious as to what he could or may have done ... a sensitive concerning said salvation of others.

And yes, Rose Mary, he did break the law, as have we all (sin is sin), and yet, we were forgiven, as so could have Hahn, no matter his crimes right up to his last breath; the first will be last and the last will be first – or could have been in this case

God bless you, Sister!

Good points addressed, Rose Mary! And as a Christian, apart from being a Pastor, we have a responsibility to share the good news of salvation; doing this in our own unique way that fits our DNA, if you will – the great commission (Matthew 28:18-20), right!

And indeed, Hahn chose the wrong team, paid the ultimate price, that at last minute, could have been avoided, yet appearing not to be the case, a foolish way to go.

I hope the other Khazarian Pharma Eugenicists known what happened to Hahn and realize they are all next.

The military, being in charge of the tribunal, gave the sentence. God gave to governments the responsibility to take blood for blood. There is no place in the Bible where repentance automatically stops capital punishment. Justice for the dead and injured is scriptural.

Again my friend ... I never said that . I saying moments before he died, he could have called out to Jesus to forgive him and he would have been saved, just like the thief on the cross moments before he died; TODAY, YOU WILL BE WITH ME IN HEAVEN! Amen, thank you, Jesus

A thief is one thing, a thug ordering the killing of masses of people is another. And no matter how he called out to Jesus, he would not have been saved from his karma. He has to atone for each and every life he claimed. His soul will be treading that wheel for quite some time and the same goes with all these other killers. That is their hell. And this is ours.

yeah, I despaired when he left office, despite being constitutionally obliged to remain and conduct another election because of the fraud.

My dad is dying today from MODERNA. I am getting histological samples and I will be in touch with MODERNA once their liability gets stripped. Hang them all. They can never be in a position to hurt people again.

who is going to strip their liability? the same folks that just allowed them to murder 2/3 the planet?

truly sorry for your loss .

Pharmacology comes from the Greek word for 'poison'. They have never hid any of this.

I'm praying that your dad has a peaceful passing, Heath. I'm so sorry for the loss to your family.

I wish there was a way to know if these stories are true. In the meantime the three letter agencies are targeting Christians, conservatives and Trump supporters. My advise is to follow the law and be careful what you say.

Big league loser.

Well said 45!

Rot in the hell that you chose Hahn.

White Hats for justice, we're with you!

It is amazing the extent to which person will go for financial gain. "What good is it for a man to gain the whole world and yet forfeit his very self?" (Luke 9:25)

While he didn't gain the whole world, that is the goal of the globalists.

If RRN was TRULY 100% 'fanfiction', why all the constant intermittent website/server reliability problems? Just now (2023-01-18) before I got into RRN and this (latest) story, I had try about 3 times with my browser to get through while getting assorted 'error messages'. In comparison, I RARELY have a problem when I visit fanfiction on the net domain, a site basically filled with 100% fictional stories.

Because of the constant technical troubles RRN has to deal with along with certain circumstantial evidence useable in a court of law and 3rd party confirmation from other truthers, I am convinced

there is REAL TRUTH here at RRN and that it has to weather all sorts of online attacks at the protocol and paid troll post levels done to get people discouraged to no longer come here to obtain/share information.

The bad guys are likely using routers they control along with a critical hardware backdoor put into all PC's since 2006. Please read my comment #371410 at the RRN story 'Inside Biden's Billion Dollar, Drunken Gala Dinner' for full details, it is VERY important.

On top of all that, after #44 handed over control of the internet to the UN before he left office, RRN and other truther sites now are at risk of being censored right off the internet at the DNS level. See YouTube video ID qFFEI6oSThU for further details. Only using a dedicated IP address can circumvent this attack. This is what truther Jim Stone (voterig on the commercial domain) did in the past with one of his news websites. The bad guys tried to censor him at the DNS level but it didn't fully censor his site. He pointed this attack out on his site and the bad guys, now 'outed', stopped attacking his site at the DNS level.

**BONUS:** Please use tiktake on the org domain to download the two YouTube clips referenced in two of the above paragraphs to archive/share them should they ever 'disappear' from YouTube in the future.

Only because he already admitted he was guilty when he was trying to save his life

It's never ceases to amaze me how these DS hacks show no remorse, no sign of true repentance, just lame excuses or profanity. I have no words for these vermin but, thank God Justice is finally served!!

I heard that these elite pedophiles /satanist monsters have a ritual called the Cremation of Care. Is that not where you voluntarily end your ability to empathize, and have compassion? Then end the ritual with a mock or real child sacrifice, and a homosexual action. Why

would the Satanic Elite NOT choose for their own people with no conscience whatsoever to join their ranks? Disposable minions, useful idiots.

From perspective of a “cult of covert narcissists”, their rituals of sexual dysfunction are emblematic of theatric re-enactment of debasement of the Ego....but for the narcissist, such an attack on their ego cannot be endured, so, they pleasure themselves instead....underscoring their incessant desire for self-gratifying masturbation over advancement of mankind.

No matter what's being reported in these articles as a consolation that some justice is being done, the fact of the matter is that criminals are still very much in power of about all the nation's levers of power(which they should've been immediately vanquished from and neutralized for)and continue with their revolutionary fanatic plans in totally destroying the USA's original foundations of life,liberty,and pursuit of happiness.Because of the Marxist created Dominion election systems initiated in Venezuela,etc.leavened throughout the USA plus multiple variations of rigging and more non properly addressed and stopped schemes(Statists successfully bar and control the courts keeping proper discovery and thus adjudication from occurring)even if Trump were to exceed eighty million legal USA citizens-which I believe he most likely did actually do in the twenty twenty elections-he will be successfully obstructed from his rightful second term and the Marxist Statist dems and rinos will remain effectively empowered to continue destroying and consuming all things which we should be able to enjoy from conception.These sausage grinding, piecemeal operations in no way wipes away the swath of their mycelium of wickedness and domination they've been allowed to construct over the last six decades.

Immediately vanquished and neutralize those you have found to be guilty and many will escape. They are atill identifying themselves, I think. Patience is needed. And prayer?

Prayer should always come first. I believe trusting ourselves before God got us into this mess in the first place. Look at what we did to our educational system.

We are ultimately the ones who allowed such government corruption. Hard as it may have been to stop them. Although, it does help to know, that these evil types have been honing their skills at destruction for thousands of years, & we had no real idea what they were up to. We more naive & innocent people are honest & trusting. This is a wake up call for us, as well as an awakening. We must NEVER let this happen again on our watch. We have to be smart, savvy, mature, & capable. Read our Constitution & its Bill of Rights. Be willing to serve our communities locally, volunteer, run for office, fight the good fight.

Notice how these DS hacks show no sign of remorse, no true repentance, no empathy for their many victims. I have no words to say but thank God justice prevails & justice has been served!

where is trump empathy or repentance for his role in warp speed? its been years and ive heard none. sadly hes admitted more than trump.

TEACH WHAT DS really IS...use the real name that goes back 15,000 – 17,000 years ago when the Sons of Saturn (Satan) came to earth. KHAZARAINS ARE STILL WITH US. This is now the KM KHAZARIAN MAFIA... KM now the umbrella term for for all satanic religions and cults....Illuminati, Jesuits, Vatican and hi Catholic priests into the snake of Satanism. Nazism etc etc.

World leaders used to meet at Bohemian Grove in N. CA for the ‘Ritual of Cares’ for doing secret deals and having some satanic romping with males and sacrificing a small child –but they called it– an effigy. Was it?

**THIS IS KHAZARIANISM –KILLING, SACRIFICING – WEIRD**

SEX, AND SPARE YOUNG PEOPLE [SLAVES] BROUGHT FOR THE PLEASURE OF FAMOUS GOVT. KHAZARIANS. YOU KNOW THE NAMES.

Far as I know they are still doing it. The Cremation of Care. Why would they stop?

WOW....I feel something for Hahn....BUT he didn't just make a MISTAKE; HE MADE A CHOICE and he betrayed Trump and did kill many many people.

The guy had two separate medical specialities and was the head of an important government agency with Trump having put the highest trust in him! And he risks it all for money! He was one of the most highly paid people in Government. Didn't he know "you can't take it with you?" Guess he probably does now!

He took the money to avoid immediate extortion and jail.

"...if they can't be bribed, they can be extorted".

Anyone take a closer look at the new and improved Brian Stelter and notice anything different about him? Like he looks a tad more masculine, and of course he's asking questions like, "How do I prove I wasn't executed?" ....LOL.... BTW, not the same dude IMO as this "stand in" doesn't have the same super white teeth nor the same feminine demonic look.

Brian "KID DIDDLER" Stelter hung his hat on being a MAP, minor attracted person. In hell, Brian may be the victim, with the roles reversed. Funny how well karma must work, if you believe in God and there being divine justice.

I looked into doubles long ago, noticing awhile ago that Paul McCartney was allegedly replaced by secret service agents with Faul, and have been fascinated by the process.

The double comes in and, voila, the franchise goes on as normal, you who notice the changes in the double are roundly criticized as a nut job conspiracy theorist and, end of story, mission accomplished. Same with Stelter, Hillary, Gavin Gruesome, Joe Brannon, Crazy Nancy, you name it. The franchise is in place, the real person is a side issue. Clone factories are a thing, as reported here, on the real deal, Real Raw News.

Nah bro the best one was Gavin Newsom's execution story with the demon voices and shit. That one was rad

I'm still quite fond of the day early surprise execution of the second Bill Gates..... Newsom's was also quite good....LOL.

2 Peter 3:9 The Lord is not slack concerning his promise, as some men count slackness; but is longsuffering to us-ward, not willing that any should perish, but that all should come to repentance.

Surrender?

Why the f would they do that?

They just murdered half the population.

Of a brainwashed q dipshit could believe they aren't in full control.

Are we absolutely certain this was the real Trump and not a clone?  
Did Crandall inspect his back molars?

lmao... of course it doesnt mean that. Its still a beautiful vaccine and he recommends everyone take it. let me know when you hear otherwise.

According to reconnaissance reports they were recently spotted sitting in a tree. It has not yet been confirmed whether they were also K-I-S-S-I-N-G.
