Kulturní revoluce se valí dál a drtí vše před sebou pod svými mocnými koly: národnost, meritokracie, křesťanství, svoboda slova a sdužování, rovná spravedlnost pod zákonem, ... všechny rekvizity západní civilizace. My normáči sledujeme koloběžky, doufáme a modlíme se za nějakou známku kontrarevoluce, za důkaz, že obyčejní, nepřiliš političtí občané nevstoupí do dobré noci high-tech anti-bílého autoritářství.

A v poslední době dostáváme z Irska nějaké povzbudivé signály.

Kulturní revoluce v této zemi postupuje mnohem rychleji a bezohledněji než jinde. Částečně je to proto, že Irsko mělo ještě před sebou. Sám už léta píšu o tom, jak se Irsko před padesáti lety, tehdy asi kulturně nejkonzervativnější bílý národ, po vstupu do EU v roce 1973 proměnilo v Srdce bdělosti.

Za okolností, že Irsko vstoupilo do aspektu globalismu Open-Borders, není příliš překvapivé.

O to méně překvapivé je, když si vzpomenete, že tři sta let tam bylo Irsko se svou chudobou a vysokou plodností dítětem z plakátu pro e - migraci do Británie , USA , Austrálie a Nového Zélandu .

No, věci se možná mění. V posledních dnech došlo k velkým demonstracím proti irským otevřeným hranicím. Ve středu tento týden nám vlastní korespondent VDARE, Pádraic O'Bannon, poskytl skvělý sestřih klipů z Twitteru, které ukazují obyčejné irské lidi, kteří bojují proti své demografické náhradě.

#Irsko

Šokující video ukazuje, jak soupeřící migranti ozbrojení baseballovými pálkami a mačetami proměňují město ve válečnou zónu, když vypukne rvačka

To je důvod, proč #IrelandSaysNO . Jejich ulice se mění k nepoznání a Irové toho mají dost. [pic.twitter.com/FyOgHoCpPE](https://pic.twitter.com/FyOgHoCpPE)

Pro hlubší ponor do politiky situace – a mluvím zde jako člověk, který se věnuje politickým komentářům o Irsku více než dvacet let – doporučuji nedávný sloupek Petera Ryana na Unherd.com:

...[G]rassroots anti-migrantské protesty se šíří po celé zemi a shromažďují se kolem hesla „Irsko je plné“. V roce 2022 se konalo 307 protestů proti migrantům, zatímco v roce 2023 jich bylo již 64. Na poslední demonstraci v Dublinu v úterý [6. února] vyšlo do ulic více než 2000 demonstrantů.

[ Vzestup irských protestů proti migrantům , 9. února 2023]

Stejně jako zde a v Británii je irský establishment odhodlán nedělat s přílivem vůbec nic a pomlouvat, obtěžovat a v případě potřeby zatknout ty, kteří proti němu demonstrují.

Bylo to pro ně snadné, protože Irsko bylo sto let pod nadvládou Uniparty.

V tomto dlouhém období držely moc dvě velké politické strany. Fianna Fáil je přibližně americká Demokratická strana s větší podporou dělnické třídy; Fine Gael je přátelštější k podnikání, jako naše GOP.

To je ovšem vysoce teoretické. V praxi mezi oběma stranami nebylo po desetiletí žádné denní světlo. Nyní jsou sjednoceni v globalismu, odhodláni ponechat hranice otevřené a plné zlostných odsuzování „krajní pravice“.

Zní povědomě?

Velká kuriozita v této situaci: menšinová strana Sinn Féin. Před tříadvaceti lety jsem popisoval Sinn Féin – samozřejmě správně – „jedinou přijatelnou nacionalisticko-vlasteneckou stranu v Irsku“. Sinn Féin byla natolik nacionalisticko-vlastenecká, že v jednu chvíli prosazovala odchod Irska z Evropské unie. Byli tak nacionalisticko-vlastenečtí, že sloužili jako politická fronta pro teroristy provádějící bombové útoky a atentáty v Brity ovládaném Severním Irsku. Nacionalisticko-vlastenecký? Ach jo.

Takže Sinn Féin vede kontrarevoluci proti otevřeným hranicím a zničení irského národa, že?

Není.

Současné vedení Sinn Féin je zcela zajedno s Uniparty a podporuje globalismus Open-Borders. Současná prezidentka Sinn Féin, Mary Lou McDonald, je bojovnicí za sociální spravedlnost ze střední třídy. Zastupuje dělnický volební obvod v Dublinu, hlavním městě Irska. Žádný z novinových článků a komentářů k demonstracím z tohoto týdne si nevšiml, že...

Neschopnost [Sinn Féin] poskytnout nacionalistický postoj k těmto otázkám znamená, že jsou často nejvíce nenáviděni demonstranty; plakátový obrázek Mary Lou MacDonald se slovem „zrádce“ byl chlípně vypískán na původním protestu v East Wall.

[ Úplná ztráta kontroly vyprávění, Conor Fitzgerald; Substack, 8. února 2023]

Mohla by v Irsku, v národě, který kdysi horlivě chránil a uchovala svou národní identitu, vzniknout skutečně nacionalistická strana? Jeden už ano: pět let stará Irish Freedom Party.

IFP se zatím příliš neprosadila a trpěla všemi slabostmi a osobnostními problémy, které vždy postihnou malé nové strany; a irská vládnoucí třída samozřejmě udělá vše pro to, aby je rozdrtila. Jsou tam ale a ne házejí bomby nebo střílejí na policajty ve stylu Sinn Féin. Uvidíme, co se vyvine.

Irsko, jak jsem psal před všemi těmi lety, je *zajímavé*, místo, které stojí za to sledovat.

*John Derbyshire* [ pošle mu e-mail ] píše neuvěřitelné množství na nejrozumnější témata pro všechny druhy prodejen. Movie Idea.....Shamrock Dancers dressed as leprechauns arise to conquer the Emerald Isle back with the leadership of a reincarnated Saint Patrick who drives them to the sea.

What the movie company actually produces....a Black refugee works gallantly in school, outshining the Irish dullards, he takes a leadership position on a town council. He rescues the local economy by substituting High Technology for potato cultivation. All the Irish lasses compete for his affection and he picks a beautiful redhead. And produces masses of mulatto babies to people the island.

Well said, except I wouldn't call the Sinn Fein of 23 years ago nationalist. In my opinion, they stopped being nationalist by the time Gerry Adams took over, possibly before. It's easy to find out what Irish nationalists have thought of Adams since at least the 90s.

This was inevitable, by joining the EU they were really just becoming a ZOG puppet. The same fate awaits those morons in Poland and Hungary that naively think they can be part of the ZOG construct and somehow not share the same fate as all the other lands conquered by the jew.

Meanwhile the media pump out the idyll of Irish immigration bollocks. Currently airing on BBC is ‘The North Sea Connection’, about drug running in the west of Ireland, more or less. Well, in this drama in the wind- and rainswept sliver of olde whitey Ireland, black(ish) characters pop up like potatoes in a good harvest year. Two mixed race girlfriends, both (of course) smart, strong, yet weepily endearing (and partnered to feckless white Irish stock, naturally). Plus a very black adoption agency chap lording his power over adoptees (even though one is the solid-as-a-rock mixed race lady mentioned). White Irish characters are one or all of: villainous, irresponsible (one woman sells her baby), or stupid. Good woke craic!

An Irish friend recently visited his engineer brother in Ireland. His brother is a manager for a well known international engineering firm. He told me every employee of the firm is African black. Not a Pale, freckled face redhead in the bunch. Ireland’s population is 5 million, if they keep letting in non-Irish it will only take a few years before the Irish as a unique genetic people disappear from the face of the earth. How’s that for “diversity”?

This all comes down to the money, doesn't it always,

Ireland signed up to the AMIF (asylum, migration and integration fund) in 2021, this gives Ireland access to 9.8 billion in EU funding for the purpose of flooding the country with bogus asylum seekers and economic migrants,

The political classes of every party and their buddies in the business community have their snouts in this trough of money,

The legal profession are making a killing representing all those who are refused asylum or commit crimes and we have a NGO sector who live off government funding pushing the diversity agenda,

It won't end well.

@Reverend Goody

That very movie idea could have been bashed around 100 years ago in London high society and arts worlds, as such people among had been confident that the Numinous Negroes were superior to the Irish.

Derbyshire is wrong in saying that Ireland's decline began with joining the EU. Very small changes took any rot until after the Republic has made it clear that its Elites wanted no part ever again of anything that was truly Irish Nationalism, which meant it would become aggressive against all those who promoted demands for the Brits to leave Ulster. After that, it was very easy for the Irish too assimilate fully into what WASP culture was then, which was not just post-Christian but universalist in every sense.

The Irish problem today is that it surrendered to WASP assimilation in the hope of having peace in the back yard.

Philo-Semitic Derbyshire likely cannot ever see any of that very well.

The implausible self-mutilation that forms the basis of the Banshee movie is a good metaphor for the Irish demographic self-mutilation. And by the way, Korea's "Decision to Leave" is the best movie of 2022 – – not Banshee. Ironically, it is the Korean movie, and not the Irish movie, that captures the intelligent, playful wit of old Ireland.

The Irish people want to close the borders at home, but insist other countries open theirs. They have very strong opinions about American immigration law, and these opinions fit somewhere between Nancy Pelosi and La Raza. Of course, if we closed our borders how would we attract such talented Oirish colleens as Samantha Power?

To Irish American lobbyists and pressure groups we largely owe the disaster that has been the diversity visa program. Back in the 90s Irish Americans wanted more visas for their own kind. Channeling through Ted Kennedy, instead of simply demanding, say 50K visa for Irish per year, they allowed themselves to be bullied by Chuck Schumer who pointed out that specifically singling out Irish for special benefit would be “raciss” (ha, Chuck Schumer calling out special pleading. Chutzpah), so the diversity visa scheme was cooked up where special points would be given to certain applicant characteristics, eg. speaking English. Didn’t occur to the dimwitted Irish Americans (but it surely did to Schumer) that there are about 300 million Indians, Pakistanis and Bangladeshis that speak perfectly good English, not to mention the 10s of millions of Africans and even South Americans (Guyanese). Alas, the Irish scooped up a pittance of these diversity visas, the lion’s share going to the motley others. And since that time these diversity visa recipients have become just more anchor points for that interminable scam known as “family reunification.” Yeah, so thank you Irish Americans, you played a really good part in destroying this country. Thank you very much. You did the damage to the rest of of us, but how does it feel to be Chuck Schumer’s chump?

Good points, but we need to be clear on something—the Irish lobby consists of citizens of the Republic of Ireland and their expats who moved here. People like Niall O’Dowd. American citizens of Irish descent have nothing to do with this!

I have followed the Irish troubles for almost 50 years as an armchair historian. Likewise I have followed the Quebec situation up there in Canada from the days of its beginning with the FLQ story. Both the Irish and the French situation is very puzzling. They fought for decades using violence or politics to get what they wanted. Both enemies were basically white Anglo/British. Mostly the Irish Catholics and the French Catholics got what they wanted through bombs and politics. But now their women are materialistic and spoiled and are having few if any kids when they used to have dozens...the Catholic Church is in decline or is nothing anymore and both places are allowing an invasion of black immigrants in to swamp them, who care nothing for their heritage that they fought for for centuries. Go figure that. French Quebec is in a death spiral..and the English Canadian and American internet is only expediting it; Ireland while slightly different is sinking for similar reasons.

Lol, try this political science 101. Assume as a theory, that countries are ran by lodges. Nationalists getting independent means for them get their own lodges.

But the teachings in the lodges are the same, and to advance they would need to outkuk their former masters. Especially true for colonies without their own culture or old Elites or at least own Religion. I.e., Afrika has their demon societies, India has their cults, Iran has their shia orders.

They have something else than to promote equality and brotherhood and freedom. What culture Irish or Quebecua has? None whatsoever. Peasants. Being Catholic does not mean much since Vatican 2. So, nothing is puzzling at all there.

That's quite funny. The fighting Irish complaining about migrants fighting. Not too long ago they were the ones Anglos complained about fighting outside bars. Maybe the difference is these migrants aren't the drunken kind, they fight perfectly sober. Where are they from? Africa? Mideast? Pakistan?

About ten years ago a friend told me her Indian niece went to Ireland to study medicine — for free, and married an Irish man. So many universities in Europe are now providing free education to foreign students, from Germany to Belgium to Ireland, and the Subcons in particular are taking full advantage. Everywhere you go now in Europe you run into Indian “students” and tech workers, just like in the US. Except Europe is giving them free education and easy work visa.

Stupid gullible Europeans are being conned into this extermination of their own race and culture by the Jews running their media, banks, and EU. I recalled reading about a Jewess “Irish” immigrant from the US (Irish dad, Jewish mom) — forget her name, moved to Ireland and helped put Ireland on the path to globalism enlightenment, just like the Jewess Barbara whats her name who moved to Sweden and put them on the path of globalist destruction.

Jews, the cancer that keeps on spreading.

The official answer to “Ireland is full” is that Ireland is relatively underpopulated, but with a housing shortage that’s being exploited by sinister far right elements.

The PM Varadkar has recently suggested some hard humanitarian measures like deporting failed asylum seekers – this to assure the anxious public that their concerns are being listened to, and to prevent the real danger which is not the demographic erasure of European peoples, but that European peoples identifying their own ethnic interests.

The protesters have picked up on the idea that it’s socially approved for women to express worries about predatory men, but as we’ve seen from *To Kill a Mockingbird* and Rotherham, it’s not socially, approved for white trash women to express such anxieties.

The principle that the Irish are a people and the Swedes are a people with special rights in their own ethnic homelands, and not obliged to “include” uninvited guests, the principle without which Ireland and Sweden cease to be meaningful entities, that principle is hard to find articulated. Everyone is marinated in TV and anxious to prove that they’re “not racist”.
