Dva muži, kteří odposlouchávali majetek prezidenta Donalda J. Trumpa v Mar-a-Lago, byli v sobotu večer zadrženi operátory Delta Force, řekl zdroj z Mar-a-Lago Real Raw News.

Podle něj si Trumpova ochranka Delta všimla „podezřelé“ dodávky zaparkované na South Ocean Boulevard, která vede souběžně s klubem a je častou zastávkou pro Trumpovy příznivce a odpůrce – fanoušky a nenávistníky, kteří při křižování po plážové silnici vlají transparenty.

Nebývalo však obvyklé, že by poblíž prezidentova sídla ve 22:30 parkoval nákladní vůz Ford E Transit bez SPZ, zvláště ten s parabolickým mikrofonem trčícím z otevřeného okna.

Delta Force, řekl náš zdroj, se přesunula na dodávku poté, co upozornila Trumpa na možné vniknutí. Obešli dodávku, trhnutím otevřeli její dveře a mrštili řidiče a spolujezdce na chodník.

Obyvatelé tvrdili, že jsou turisté z New Hampshire na výletě po Floridě, a řekli, že se zastavili v Mar-a-Lago, aby zjistili, zda je ve skutečnosti tak luxusní, jak se zdálo v televizi a na obrázcích. Delta však o jejich příběhu pochybovala z několika důvodů:

- Žádné poznávací značky
- Žádná identifikace
- Mikrofon s dlouhým dosahem
- Dva drony DJI Mavic 3 Thermal v autě

Podezřelí byli neozbrojení a ve vozidle nebyly nalezeny žádné zbraně.

"Zvláštní čas dne na prohlídku města," řekl údajně jeden z Deltý podezřelým, přičemž oba byli muži, kteří vypadali na něco kolem 40 let.

Delta Force zatkla podezřelé pro „podezření ze špionáže“ a přivedla je do kanceláře JAG na jižní Floridě.

"Deep State obvykle není tak zřejmý, ale potřebujeme tyto lidi identifikovat, zjistit, kdo jsou a pro koho pracují," řekl náš zdroj.

Real Raw News poskytne další informace, jakmile obdržíme další informace.

The deep state operatives are not known for their IQ levels, because of rampant inbreeding and other low intelligence challenged problems. Looks like these two fellers might have been card carrying members to “The Dumb Fukkers Club” of New Hampshire, or some other deep state shithole....

If no one claims these drones , I hope they can be tagged & we find out who employs them. If no progress quickly then I think they need swimming lessons. **Piranhas need company while swimming** Nick , NavyBlueSmoke , LST-1195

Dr Deborah Birx AKA The Scarf Lady was shot after being found guilty of treason, crimes against humanity & other things as well. She was executed at GUAM a while ago.

We live in Ohio. It would be great if you could give us some insight into what the heck is going on with this TRAIN DERAILMENT that would be wonderful! I remember you saying you haven't had any good intel yet or something similar. Still nothing? From what I've been hearing it has something to do with Nickel oxide and the NEW light rail smart system train the new world order wants installed. I heard they were trying to get everyone to get the new MY ID, which is a wearable fob 2 weeks prior to this disaster! Any response would be greatly appreciated!

Thank you Michael for all your hard work!

Hello, I don't have anything substantive to give. There other other alternative sites covering it depth. If I learn something beyond what's been shared, I will.

Doctor Lee Merritt of Iowa, "The Medical Rebel," has done a recent deep dive on this. The precis is that there's not much to worry about. She breaks it all down chemically. By the way, I'm on her CL 02 regimen now for 4 weeks and all is well. Her site is dr lee merritt dot com and she is also on rum ble. Mr. Baxter will not allow the actual link. Check it out, highly recommend.

Aware of that Dr. and think he's done some good. If it's the same doc I'm thinking of, big medicine attacked him heavily over his anti-vaccine stance.

She, Andreas Kalcker, and Jim Humble each make convincing cases for a new way of thinking about disease, particularly cancer. I am tolerating Chlorine Dioxide (the one our hero President was ridiculed over through an intentional twisting of the CL component) and have had the predictable positive reactions. In my case, prophylaxis only, thank God. Interesting that the Cabal pushed anti-oxidants so hard when it turns out that oxidation with a low voltage (0.74V is nice to normal cells but mean on cancer) will put Bio-pharmas back into 10-digit revenue companies. I'd give you the link but your software would put the message into moderation. I'd like to see a Q & A on here between you and Kerry Cassidy. You might be poised to do great things. We are very restless. wwg1wga

real peace comes from a path of RIGHTIOUS unity that has been sown in HOLY righteousness and cleared by blood sweat and tears, lives of honorable men and women built by honorable people our nations foundation has been and is built on lies. but truth honor and holy righteousness are its future the only path to true freedom is enlightenment to the truth and a righteous path AND A NATION WILLING to walk it. IT'S TIME WE start a new foundation. Built upon Jesus Christ THE BEST FOUNDATION A NATION CAN HAVE. for a nation to stand strong it needs JESUS CHRIST AT IT'S CORE AT IT ROOTS AND real intelligent RIGHTIOUS education, and a free nationally open market unrestricted and unbiased to be self-sufficient if our nation does not come out of this completely self-

sufficient not just nationally but individually then we will be no different than WE ARE now, a nation of dependents looking for handouts just to have our necessities we were a nation of self-sufficient people warriors frontiersmen adventurers, inventors explorers. but now we are a nation that has been held back forced down choked out, wall upon wall has been built to block slow down and stop us from prospering everything you can imagine has been done to us to dumb us down miss direct us and stop us from prospering and being holy. they have been blinding us numbing us making us evil and cold hearted dark stony hearted divided. sometimes the poisonous trees and tares have to be cut down and plucked up dug up and burned to save all that is good. sometimes in a nation's history the righteous have to rise up against the evil who have become so greatly evil that all that is good is and will be completely destroyed. **THE STRONG STAND FOR THE INNOCENT THE WEAK, TO HAVE A TRULY RIGHTIOUS NATION THE EVIL MUST BE REMOVED STOMPED OUT PLUCKED UP AND REMOVED SO THE INNOCENT CAN LIVE FREE IN SAFTY. I FOR ONE AM TIRED OF LIVING IN A NATION TO WERE Its PEOPLE ARE LIVING UNDER THE ILLUSION OF FREEDOM AND SAFTY BUT TRULY ARE LIVING CONTINUALLY IN DANGER AT ALL TIMES, I LONG FOR THE TIMES WHEN PARENTS COULD LET THERE KIDS PLAY IN THE YARD AND AMERICANS COULD LEAVE THERE HOMES DOOR AND WINDOWS OPEN AND UNLOCKED AND KNOW THAT NO ONE WILL TOUCH ANYTHING INFAC THE NABOURS WOULD LOOK OUT FOR EACH OTHER CARE FOR EACH OTHER LOVE EACH OTHER HELP EACH OTHER . WE WALKED AND LIVED IN UNITY PEACE AND FREEDOM AND LOVE .**

I can't help but wonder if this was a diversion for something we are not aware of yet. No one can be that stupid and still walk the streets in the US and be alive. This sounds like the Keystone Kops. These

imbeciles were begging to be caught. This is beyond being amateurish. The FBI would cover their tracks. Being caught was their objective to distract us from some other event.

I don't know, but Deep State has lost access to some things they had before—access to satellites, for instance. Also, we don't know whether there may be personnel changes at the agency where they don't have people willing to take certain risks anymore. Don't give too much credit for intelligence when you have to be very foolish to join the deep state.

Watch 'em use the “we were just following orders” excuse when it's revealed that they were working to undermine Trump and the Patriotic Americans.

New Hampshire 🤔 wow what's the chances ... just learning about how big DS corruptions .. New Hampshire is big central point of nefarious k-mafia crimes/control – Most are owned by DS even many locals, \$\$\$ pit/laundering, drugs, weapons, human trafficking, alien/hit men border crossings, etc... sure sounds like more to this¹ – could be really big – just saying !!!

🤔 Where did they fine (after year) Ms G.Maxwell (house bought/hiding/captured) comfortably, when arrested – New Hampshire 🤔

“But that story I'm not buying cause it's all over but the crying It's all over but the crying I never would have thought you were lying”

What happened to Hank Williams JR?

Motivated by commentators and for the record, I'll restate an axiom that I had stitched together during the first of the squabbles about RRN during the Autumn of 2021: Real Raw News is true or is as true as Q allows it to be. A world in which Real Raw News is fiction would be too bitter to contemplate.

Best comment..., you put into words what I haven't been able to, "As true as Q allows it"..

Thanks for this Michael Baxter. I appreciate all your reports. So, on this one I found it odd that the "spies" were so blatant about it. Well now we will find out soon enough why that is.

I can't wait to hear who these wannabe spies are!! It sounds like they were obvious in their amateurish attempt!! They may never see "New Hampshire" again!! They have vanished. Not having license plates is a big red flag. Messing with our President is not allowed idiots!! Go spy on the fake Biden. Prayers for the continued protection of DJT and the White Hats!!

They could be testing alertness and response of Mar-A-Lago security. Probing, or distracting. No license plates is amateurish.

Listen and be shocked out of your shoes. No, it's not William Cooper Behold a Pale Horse. It is "Silent Weapons for Quiet Wars" and it is the original program for the 1954 initial Bilderberg Group meeting: [Behold a Pale Horse by Milton William Cooper – Audio book](#) ([bitchute.com](#))

Behold a Pale Horse can never be read too many times. It is my prayerbook. This audio jumps over Cooper's "foreward" and that is a shame as it is quite charming. Cooper was a very decent man and Mr. Kennedy, Jr. is very lucky to have known him. Good work, James. Delenda Est Coniurati. wwg1wga

Someone else made the same comment. Maybe they ditched it along the way, or near Mar-a-Lago.

Tourists not. Gitmo for these two. What do we do to foreign agents caught spying?

Water boarding will get the answers White Hats need. What dumb assholes these “tourists” are! No license plates? No ID? Parabolic dish? Fricken drone? What more do we need to convict and execute these two imbeciles?

Thank you Michael ‘ ‘for the information ‘Sorry about my sloppy writing but I;ve been very sick.

I am downwind of it and live close to the disaster. My friend’s home is next to the railroad tracks where it happened. It’s very frightening here!!

Michael....*GREAT REPORTING*. We all appreciate that you are on top of things.

Maybe these two guys deserve a trip to GITMO.... for **interrogation**.

No license plates

No identification

The long-range dish microphone

Two DJI Mavic 3 Thermal drones in the truck”

at 10:30 pm? I say the deep state snakes are out to play again.

The slithering slimy DS demons are always out to play!! They can be really sloppy and ignorant too.

This is one of the most upbeat reports, I’ve seen in months. DS BS used to be a well-funded and devious enterprise. This report suggests, DS ranks have drained to the level of BEMs. (bugger eating morons). And if they’re using off-the-shelf technology, driving unlicensed fleet cars, they’ve reached endgame. May I humbly suggest: cremation?

It’s no wonder they tried to ram that Ukraine deal as fast as possible for them to get paid and leave. They knew the end was near and brought a-hole zelensky in to seal the deal...

Zelensky has his days numbered. Russia will never let that child torturing and murdering monster live on this earth...I would love for the White Hats to hang his behind high!!

Once identified it will all make sense. Another team of FBI Dumber and Dumber.

Hi I'm Darrel, this is my brother Darrel and my other brother Darrel.

Obvious decoy sent there to get a response then gather intel from that response. Just who sent the decoy,.....that will have to be figured out. This very well may be repeated from there on out.

Makes sense. I'd have gone by water, on the Lake Worth side. God Bless and keep our hero President.

True. On 11-15-22, the one that walked in with Melania was 4" too short. I suspect he's in the mountain. So, that raises yet another question, was this episode merely part of the on-going "Senior Class Play" or is the SES operating in parts & pieces and without C & C?

I wonder if it is for him like living inside the "war room" in the Dr. Strangelove movie? If so, big change from Trump Tower, but a "World Historical Figure" (to use the Philosopher Hegel's term) should be up to it.

Reports on alternative news have said DJT is safely tucked away in the Cheyenne Mountain facility, and has been there quite awhile. Many doubles being used the last several years.

They sound like "Mission Rediculous" guys, acting out a movie spy fantasy, but probably a couple of dumb fucker black hatters blowing their orders to have a looksey at a white hat's pad.....

The littlest incident could lead to something big... Not stone unturned is what I say... Thank you so much Michael Baxter, as always very intriguing...

Be wary, these two obvious inept “spies” could be a distraction from a professional group operating somewhere else. Obviously these two were a couple of useful idiots for the deep state.

How in the world did the Deep State ever become powerful with stupidity like that in their midst? No license plates are a complete giveaway of evil lurking inside.

Pane Baxtere, myslíte si, že by vám Q mohl dovolit zveřejnit fotky Windward Point Gallows v NS Guantanamo Bay? Nejen, že by to mohlo ulevit oceánu úzkosti Patriotů, ale mohlo by to mít užitečný „probuzení“ na ostatní. Díky.

PS: Příští víkend by to byl pěkný „nedělní celovečerní příběh“.
