Nelegitimní prezident Joseph R. Biden slíbil Volodymyru Zelenskyymu „podíl ve Spojených státech“ jako odměnu za to, že „zůstane v kurzu“, podle zvukového záznamu ruského Federálního úřadu pro služby (FSB), který získal krátce poté, co Bidenovo falešné

Air Force One přistálo v pondělí v Kyjevě. ráno. Neohlášené 5hodinové mezipřistání se uskutečnilo bezprostředně poté, co zločinecký prezident se svým doprovodem navštívil Polsko.

Zatímco zločinci Biden a Zelenskyj procházeli zlatou kupolí katedrály svatého Michaela, prezident Trump na Floridě obdržel naléhavý telefonát od nikoho jiného než od Vladimira Putina, který řekl, že tajní agenti tajných služeb v Kyjevě zaznamenali „hrozný“ úryvek rozhovoru, který Trump musel slyšet okamžitě, řekl zdroj z Mar-a-Lago Real Raw News. Na něm muž znějící jako Biden řekl: „Víš, kamaráde, pokud vyhraje, získáš podíl v USA. Všechno je o udržení kurzu a my uděláme vše pro to, aby se to stalo,“ na což Zelenskyj odpověděl prostřednictvím překladatele: "Nic menšího bych nečekal."

V druhém konverzačním fragmentu Biden řekl: „Mluvil jsem s [německým kancléřem Olafem] Scholzem a [francouzským prezidentem Emmanuelem] Macronem. Jakoukoli pomoc, kterou vám pošlete, si necháte. Jen nezapomeň dál připravovat to ‚cukroví‘, příteli.“

Candy je Bidenovo kódové slovo pro adrenochrome, farmaceutický amalgám nadledvinové tekutiny vysátý z vyděšených dětí a syntetické opiáty, jako je fentanyl a oxykodon, a základní produkt mezi elitami Deep State, kteří tvrdí, že prodlužuje život, posiluje smysly a zvyšuje sexuální zdatnost. Putin vede válku proti výrobcům adrenochromem na Ukrajině.

Trump se Putina zeptal, proč jeho muži nezatkli nebo „nezabavili“ Zelenského a Bidena na místě a nezabili tak dvě mouchy jednou ranou. Putin řekl, že jeho dvoučlenný sledovací tým se nemůže rovnat Bidenově a Zelenskyjovým společným bezpečnostním silám, které, dodal Putin, zahrnovaly nejméně 50 těžce ozbrojených amerických žoldáků.

„Prezidente Trumpe, máme mnoho společného; ty miluješ svou zemi a já miluji svou. Tito démoni chtějí globalizovat oba naše národy. Jejich jediná věrnost je pedofilům a těm, kdo nabízejí nejvyšší nabídku. Ten zlý, Barack Hussein Obama, prodal velkou část vaší země Číně a jeho otrok nyní chce prodat zbytek. Pokud přijdou do Ruska, neuspějí. Rozdrtíme je,“ řekl Putin Trumpovi.

Trump uznal obavy a odpověděl: „Chápu, a my tady tvrdě pracujeme, velmi, velmi tvrdě, abychom napravili všechny škody, a byly to velké škody, jaké žádná země nikdy neviděla. Víš, že si musím dávat pozor, co říkám.“

Náprava škod byla odkazem na zatýkání a popravy Deep State, řekl později náš zdroj.

„Obdivuji mnoho vysokých budov ve Spojených státech a vaše v New Yorku. Byla by škoda, kdyby Biden z jednoho vypadl,“ řekl Putin v narážce na záplavu pedofilů proti Putinovi, kteří záhadně padali ze střech nebo z oken. "Tyto věci řešíme jinak."

Na závěr náš zdroj řekl, že Putin poslal Trumpovi kopii zvuku, který byl předán kybernetickému velitelství americké armády k ověření.

I'm making \$90 an hour working from home. i was greatly surprised at the same time as my neighbour advised me she changed into averaging \$100 however I see the way it works now. I experience mass freedom now that I'm my non-public boss. Everybody must try this job now by just using this website.. <http://www.Payathome7.com>

What a relief it will be. We will be able to speak properly to each other! Whew! Glad I made the cut! LOL

There's a ubiquitous misconception that I ban people for disagreeing with content. That's an oversimplification. For example, in this article, numerous people in comments said Trump couldn't have responded from Florida because he's hidden "under the mountain," a reference to NORAD. Our sources say different. Do I ban people because they heard something elsewhere? No, of course not; that would be petty.

Do I remove people who continually level profanities against other posters, despite having received numerous warnings. Yep, I do. Freedom of speech is not the same as freedom of idiocy.

Do I remove doxxers? Absolutely.

Do I remove people whose IP addresses trace back to Washington, D.C., or other known Deep State enclaves? Well, that depends on what they say. Although I know some are Deep State agents, sometimes I find them humorous, but I do ban them when they cross the line.

This website is a labor of love, but it is also a business, which I have a right to protect.

Exacto Sr. Saque toda.que solo basura opinan,UD,siga con valioso trabajo que hace.

I agree. And as this is my site, I am the final arbiter on judging idiocy. I've given many people a lot of rope.

I have a question about Buck Fiden. It's your call certainly. Did he just go away on his own volition or was he banned?

Buck knows I'm Asian. I didn't like him in the beginning, but my ill feeling toward him dissipated over time. My last discourse with him mths ago was cordial & respectful; He wished me 'have a nice day'..it

was good. Those who were grieved by his speech, plz forgive him.

He was mainly trying to be snarky. Very few people are good at that, so I'd have given him a B for good effort.

You do know that accusing people of being \*Raciis\* is a worn SJW tactic, and Buck was aware of that tactic used by DS and virtue-signalers. Example: Buck was Jewish and his biggest thing was making fun of other Jews, so do I believe he was serious? No, not really,

When Buck was here before, he once mentioned having to spend a certain amount of time in a Half-Way house. I didn't think he was joking. I also saw someone going by Buck as a commenter on The Unz Review articles for a couple months after he stopped posting here.

Minus for you. Are you foolishly operating under a false assumption, that MB needs you to break down subjective/objective? Epic eye roll.

I've been following your reports for the past 3Years Michael.

Thanks for all You've done Patriot!

God bless you and God bless America ❤️

Please consider enhancing your banning criteria with the following additional polices:

Instant banning on sight of post:

Make Money Fast posts. These are as old as the 'modern' internet (1993 – ) and could lead to identity theft, stolen money, malware, or worse. Posts using redirection links to 'hide' the landing page. This could be used by (paid) trolls to lead readers to sites talked about here: [https://en.wikipedia.org/wiki/Shock\\_site](https://en.wikipedia.org/wiki/Shock_site) Somehow, you will have to get a 'complete' DNS/IP address list of redirectors. In the past, I've seen 'legit' domains like Google (I think) that had a

redirection service. I hope they and other reputable 'big name' sites don't have these anymore to avoid trouble and besmirching their brand. Posts that attack the parent poster AND NOT the parent poster's ideas in a proper debate fashion. If the reply poster doesn't offer true/plausible counterarguments at all in their reply post, consider banning them so they don't waste server space by being 'repeat offenders'. Conditional banning:

Off-topic posts. If these posts are not tenuously connected into the whitehat/intel/truther movements in some form or fashion, consider banning them. For example, a post containing the latest Hollywood gossip would be a waste of time and space to post here on RRN. The exception to this would be posts about people who work there who have run afoul of the law—some of which who have been detained and/or dealt with by JAG as reported by RRN. Politics/Religion posts. This is a touchy subject. The best course of action would be 'anything goes' until a poster would be subject to banning when they start to attack other posters instead of the other poster's ideas, wherever they come from without offering true/plausible counterarguments of their own wherever they come from. (Paid) trolls can downvote such posts anonymously and 'get away' so you must weigh the option of asking posters to not make politically/religiously charged posts here on RRN or disabling the upvote/downvote system as you have temporarily in the past when you changed the website format. That is all I can think of for now. There could be more.

Yes, absolutely ban those who post in attempts to make money for themselves off of Michael Baxter's efforts. Michael is the website owner & creator and is thereby the only one who should use this website to make any money.

I also wholeheartedly endorse removal of off-topic posts. They are a waste of other people's time, as they scan comments looking for viewpoints pertinent to the article.

We love you mr.baxter keep on keeping on sir I send you lots of respect and admiration.please keep up the good fight I truly believe that God is on your side semper fi

No worries, Michael. You are doing an awesome job of running this site and it is obvious it is a labour of love. I would protect it too if I were you.. Also, I think by giving us some truth here you are doing God's work. Blessings to you.

Statistics show people that swear are more likely to tell the truth than hiding their bullshit behind their fancy words

Ergo...

Even though I'm a 66 yr old granny non organized religion Christian, I cuss like a sailor and make zero apologies for it.

Just called Whitehouse: said Biden is a mother fucker, Obama is a treasonous sack of Kenyan monkey shit and they are deserving of a traitor's firing squad or gallows. It's cathartic.

Agree on all points except the idiocy part. We're all idiots until we stop being idiots. Or don't stop. I mean, that's just a personal choice everyone has to make. To me, idiots are what the downvote button is for.

Keep on doing what you are meant to do at this time n History. 45 says in future televised executions would be a deterrent. God let it be true to see Demonic pedos, mass murderers of Covid and Haters of We The People . God keep you safe Michael.

I often get 'awaiting approval' after posting. I couldn't post for many mths, but now back wi new ac + name (used to be alek ho). Guess I didn't make the cut...no hard feelings. Next time if have a msg of exhortation – by the will of God – I'll try to post again.

I guess Buck, OWD + TracyLee were removed due to their continual leveling of profanities against other posters, despite having received numerous warnings? I may be wrong. Just wondering.

Oops I just asked the same question above. Wonder if Buck is literally in jail somewhere.

He did say at one point that he was in an institution, and if he wasn't behaving they would confiscate his laptop. Although he had a detestable foul mouth, he didn't seem like a liar.

Buck knows I'm Asian. I didn't like him in the beginning, but my ill feeling toward him dissipated over time. My last discourse with him mths ago was cordial & respectful; He wished me 'have a nice day'..it was good. Those who were grieved by any of his speeches, plz forgive him.

when you remove someone ,mr baxter Do you let them know or give a warning before you take action? My posts yesterday did not show up

I think Leslie & Mark David have done a good job for MB – by getting rid of M Mouse. I thought he was a nuisance, espcl during his last few postings. I may be wrong.

MB, you're doing a fantastic job at keeping us abreast of what's REALLY going on behind the scenes. I tell my conservative (as well as lefty sheeple) about your site; some believe others...well ya know.

Keep doing what you do for us, it's much appreciated! 😊

It was lately he just flipped. I feel bad for sticking up for him now, however briefly.

Don't feel bad for sticking up for him, you did what you thought was best. Somebody got to him and offered him something to flip. People don't flip for nothing.

Extreme thank you to the man of the era who has the courage to continue to bring the TRUTH to the people!

Hallelujah! Good job. Too bad we can't ask Vlad to "remove" them for us. He would discourage further incursions by such vermin.

I have noticed that the forum on here has been much more enjoyable to read, and have also noticed the absence of a couple of them or prolific troll turds. Thank you, Mr. Baxter!

Are "shills" people who don't believe these stories? Are you seeking an echo chamber of child-like readers of your comic series?

If you're so sure about these stories why do you care who doesn't believe them?

You choose to live in a dream world here, which is tantamount to a child building a pillow fort.

Face reality. Not one of the stories on this site is true. Not one of them.

You can't refute that because you can not cite a shred of evidence. You can pretend there are holograms and CGI people and clones all over the place but when daylight shines on that it ruins your "pillow kingdom" and you don't like it.

Make use of your downvote, but whining and wanting people you deem "shills" removed is communist and childish.

No one said you can't disagree. And no one outside the MSM wants an echo chamber. We just don't want to have to wade through thousands of posts saying the same stupid/rude thing over and over again. My experience with the old "conspiracy" groups and the Q/Trump resistance now is that people welcome -even relish - discussions. Almost to a fault. We're just all utterly sick and tired of shills and bots disrupting adult conversation. That's why they are there, you know. To silence the sane people. That's why 75% of everyone on Twitter were bots before Musk bought it. Not real

people, just algos flooding the site to create a false perception of public sentiment. That's what happens to your website if you don't monitor and remove bots.

Removing bots is great. Calling people who don't believe anything written here "shills" is completely different.

That's not debate or discussion.

You gotta know yer doing a damn good job, & right over the target, when you get heavily trolled.

We love hearing this MB. Your reporting keeps many of us going. Thank goodness the Trump Rally's are starting again. Gives us more Hopium & may take a bit of pressure off of you.

Thanks a lot! They didn't keep me away, but I did NOT enjoy having to be exposed to all that b.s.

Sure looks like it. That troll was here under many names, but his writing vocabulary and diction always gave it away.

Edited for spelling.

Can you please remove DELAVIC? And anyone else on here who's pitching their money-making schemes. Thanks.

It's a very clever bot that usurps other peoples' user names when I ban it. It's been adriot at evading ip/email/username bans. I do delete the comments as soon as I notice them.

There was one female name that was just too goody twoshoes. She didn't sit well with my spidey senses. Always behaving like the monitor. I went looking for her name, through old posts, no sign of her anywhere, like she was never here. She wasn't rude or profane, just annoying. I hope she's gone.

That's good. We don't need negativity. Just good hearted patriots! God bless the Restored Republic!!

Earlier today (Feb. 21, 2023), I came across a new RRN report, dated Feb. 21, 2023, on Gitmo shooting down a French transport plane that had taken off from Venezuela. Somehow, that report is no longer available at RRN. Does it mean that the relevant info is inaccurate?

Strangely, the said report is available again. Sorry about the fuss. Maybe, my computer is not working properly.

He's decimating America, yet we don't get any sympathy for the mess he's created at home....everything he touches is a total disaster....shameful!!!!

Not going to happen Biden.....You need to worry about the American Disaster you've created with your filthy Communist Agenda....Not for long.....

Game On! The dynamic duo is kicking ass and dropping bad guys left and right! Praise God and pass the ammunition, lock and load! Keep em coming Michael I love good news!

Hilarious how Big Daddy Don wants to know Vladi's secrets. Good luck. Even the essence of the whole military operation still remains secret, unspoken. Oh well, I can say it – Rothschilds.

Thank you for keeping us informed. The problem I have is that I'm seeing too many actors, clones, masked, and holographs that it's getting ridiculous. I have patience to wait if they are saving a child. We know these clowns are gone. I want our soldiers safe. I'm running out of popcorn here..... I've gone through your archives. Can we have an update on what has already happen there without giving out to many secrets? Is your hotel full? How many courtrooms? The list and information on charges? How many other places are holding tribunals? The people that are awake would like accurate information if at all possible. Thank you and the Great Service people there! God Bless

Russian sleeper agent Zelya felt like things were cooling off with supplies and attention, so he hinted to expose Papo Joe's dealings (corruption) in ukie land, unless he gets additional \$\$\$BBB (part of build back better, aka 666). So Papo gasped, dropped everything and rushed across the ocean to pacify. Angry ukie mamas demand Zelya to leave the country. After spending a couple of months in a dark bunker/dungeon, it possibly crossed his mind. Just wondering if he was doing some power exchange, a BDSM thing. "What a son of a bitch", thought Papo Joe.

All I can say is get the lead out PresidentTrump! The idiot Biden has declared war on Russia. Better to get them over there while they're there.

I'm beginning therapy Friday for childhood trauma, abuse, neglect, and PTSD. Pray for me. Everything going on in this world feels exactly like the narcissistic abuse I suffered by my family.

The Storm may be 'upon us,' in that the Q posts came true, via arrests and executions – that's great. However, this thing is going waaay too slow, and we suspect not operationally large enough, to resolve the problem in a way that's going to translate to the world righting itself anytime soon, or, without mass bloodshed in the streets at some point. That said, this fact doesn't really bother some of us, as it's obvious, just from watching MSM and Twitter, that America is indeed worthy, and begging, for a spanking. We're over the top Sodom and Gomorrah, wicked, beyond the pale. Only the alter of freedom being sprinkled with blood can resolve that. Righteous military generals and officers fulfilling and upholding their oaths is good, but it can't solve everything on the plate.

Russia has been 'good' since the mid 90's, when a vast revival began to flow like a mighty river there. The nation was ripe for revival, after having had suffered through the USSR nightmare for so long.

Meanwhile, the MSM and demoncrats/CIA/FBI targeted them and Putin, the same way they did Trump. The righteous are always smeared by the wicked. So, next time one of you jumps to throw a rock at Putin, Russia, or Trump, watch your big fool mouth – The Lord is listening.

This is truly unbelievable. Ugh. God please intervene. And thank you Michael for your service to the public!

“Criminal illegitimate body double Biden Promises Zelensky a “Stake in the United States”

A Stake in the US? Really?

Ha Ha Ha Ha Ha LOL!!!

Zelensky must understand the stake that the Fake Biden is referring to is GITMO.

When Zelensky steps on US soil, straight to GITMO Zelensky goes. Gallows awaits him.

BTW, the real Biden was executed a few years ago for Treason, Pedophilia, Corruption, Rape, crimes against humanity, etc etc etc.

Last edited 1 day ago by 45-GreatestEver.GOD'sBlessingToUSA.

Michael, assuming this article is true, His Fraudulency promising a share of America to the criminal Zelensky is an act of sedition and treason against the US. This should be every reason for the “White Hats” to move decisively against him and his criminal regime and remove it from office. Since this is not happening it lends credence to the belief the White Hats don't exist. Please show us how this opinion is incorrect? We see no evidence that the White Hats control anything. Chemical attacks were made on the people of Ohio, food processing plants are burned to the ground and the January 6th prisoners still rot in jail Based upon these observations it's hard to believe any of these White Hat stories are true.

Just take over the mainstream media post all their crimes for us all to see and put up wanted Dead or alive posters on every one of these criminal's...open hunting season...

I agree we need the Jan 6 people out of jail. I'm going to express another idea. Are they truly in jail or hidden? I pray they are hidden. We don't know what is true. The George Floyd has controversy, the people coming in our nation are here but the same people are on the news, look at the wrist bands! we have clones and holograms... what is truly real. I was on a telegram site and found out it wasn't the person I thought it was when they asked to donate money. Why ask me... they have the money! I knew it was fake. Something is going on Telegram because you can't get the videos. It's frustrating and my popcorn is low...

Biden send US money to Zelensky....where 10% is funneled back to the "Big Guy". It's nothing more than a *money laundering scheme*. Biden probably has a Swiss bank account.

I'm just going to throw this out. If the QFS has been running along side with the system for two years and they supposedly ready to roll out...they would know where the funds went if they did go anywhere. This is a chest game and we are not in on it.

Thank You, Michael.

My first GO-TO when I wake up.

Wow! so much of the alt right conservative media has gone off the rails. a lot of fear mongering going on.Many of them dissing Micheal Baxter and his site.Not all mind you,several have picked up on him.On this affair President Putin was quickly in touch with President Trump.that ought to tell you something.That was a.a flat out dope run for Biden.the Russian forces intercepted and destroyed his delivery to Delaware.That is how bad they have to have it. Just how dry the supply is getting.People just don't see to get it,thousands of children have been set free from horrible slavery. that was another promise President Trump made.I don't think he is a God,he is just a man,,a very intelligent man,he has held up his end of the deal. God help him.many patriot impatient with what they consider the slowness of the military,they don't understand freeing these children is a worldwide operation with many militaries involved, including Russia. Yes the criminals are also being rounded up,tried and executed.more than know at this point. May God continue to bless them.r.....

First we all know Boden is gone and Actor Biden doesn't have authority to do anything that this is all moves to wake up sheep....just like articles like these. I was sucked in 2.5 yrs ago to RRN but have come to learn it's a used format to put out fake info with occasionally some small truths. The articles all read as a mystery novel. 50 armed forces around two actors playing the parts of leaders????

TRUTH.

EdBob always speaks 100%, full, unvarnished TRUTH.

Who else does that for ya?

In today's Ben Fulford report he is citing the Italian P3 freemasons and Mossad as saying that Zelensky was recently killed on orders from the Italian P3 freemasons.

The only "stake/steak" Zelensky will ever get from the U.S. Gov. will be his last meal at GITMO before his EXECUTION! 😄😄😄

Please understand that the Putin you witness is a cut-out...a "cardboard pretend".

Putin was abandoned by his mother to an orphanage, he was eventually taken home by his grandparents who raised him. Abuse made him a sociopath. This was a key recruitment filter – KGB field officers MUST be sociopaths...this is where CIA thought they found their "El Dorado".

Putin was mentored by the head of KGB, Yuri Andropov. Yuri Andropov was a criminal genius with big dreams. Notably, Andropov was poisoned by his own people for dreaming big dreams of humanity's annihilation...if the world could not be remade to adopt Communism, then, Andropov saw no reason for an earth at all.

Putin was working with Andropov on 150-300 megaton nuclear bombs built into oil tankers....let them drift into a major world shipping port and explode...it would be certain "Mutually assured destruction".

Why did all those Russian Oligarchs build massive Yachts? They were gonna refit them with massive nuclear weapons to explode in major world cities.

Joseph R. Biden is dead.

Wtf is pretending to be Biden, and when will some national "influencer" ask this same question, publicly?

We've waited this long, bit more won't hurt.

Just think of A L L "their" supporter's finding out the bucket was full of shi\_\_ !

][ wanna see all the look's on *"their"* faces before *"they"* **off**  
*"themselves"*.

LoL

Trump took questions at Marlago tonight...mine would be why doesn't anyone address That guy isnt Biden and he doesn't live in the white house and reporters dont use white house press room? Or how about asking What he thinks of Derek Johnsons laws and orders he is addressing that all read truthfully.. Which would mean Trump is CIC.

I posted several posts of other news articles proving things I have been saying but they all are being blocked some reason it doesn't matter if you won't listen to my words, you won't listen to anything else I tell you. I will say this one last time and I am never coming back on here again if my mind doesn't change. Jesus Christ has shown me several prophetic dreams and prophecies visions. of a horrible war happening here in America I seen mass starvation civilians and troops I seen cannibalism happening it was so bad I seen America divided and being taken over from all sides by more than a dozen different nations China was one of them the brutality and cruelty these nations were doing to Americans was horrible this war started after nukes hit America and Russia I asked Jesus can this be changed he said yes if they will listen to you it's been more than 10 years and I have been warning people and to this day maybe a few dozen are listening many have made fun of me and mocked me and God in doing so cause the words I was telling them was from God so really they were making fun of God , now I am at a point to where I have warned and I feel people's hearts were to stony to listen they are arrogant and they believe cause the way things seem that what I am telling is a false prophecy well there wrong I see the signs continually happening and leading up to what God says is going to happen so now I feel like I have tried hard enough I have literally and am literally putting my life on the line my families warning you and you are making fun of me in doing it I feel like God says it's enough they

won't listen you warned them so what's coming upon them will be like a flood then they will see , there is many false prophets out now days telling people things are going to be real good for America soon , that is not what I have been seeing I have been seeing American cities turned to rubble and on fire protest killing rioting from one side to the other invading forces taking over America after a nuke attack from more than a dozen nations staking claim to parts of America and dividing it up Americas only chance is if they turn from there sin repent and again become a Christian nation again God said he would spare them if they did this by a certain time he may not still spare this nation but he will the Christians this nation is and has been a mystery Babylon and has spread great evil from one end of this earth to the other witch craft homo sexuality incest pedophilia gambling adultery fornication porn human trafficking drugs they have corrupted the hearts of billions of people and have cost millions of peoples souls to go to hell , you think God is overlooking this great evil our nation has committed and still is committing to this day 24-7 sorry people no just like Sodom and Gomora America has become just as evil more evil even real true Christians are persecuted here now and ran off out of churches and towns I personally have been ran off out of 5 churches for doing nothing more than reading the original king James version bible and preaching the whole word of God the media internet and books and schools vilifies us and weaponizes the public against us even the people ruling over this nation does you think America is going to save themselves from Gods punishment by defeating there mortal enemies sorry it's going to take more than physical ware far to save a nation that has become in my eyes one of the most sinful nations on this planet a nation evil as ours spiritually there has been a great falling away of the Christians and most the only churches that have great numbers of people are prosperity preachers who refuse to preach the true word of God most wont preach about sin or hell because if they did that they wouldn't have any members if you don't preach to people about sin and hell they can't make it to heaven to know how to live holy and make it to

heaven the American churches are full of ravening wolves false Christians and false prophets teaching false doctrines this is not me making fun this is me telling you what I have been seeing while I travel and preach , god says without holiness no one shall see God there not going to heaven and if people don't preach about sin and tell people how they are not to commit sin or they will go to hell they will not know how to live holy the music is unholy the preaching and teaching is false doctrines the singing is unholy in many many churches have become a place of custom more than a place where we grow closer to God and live for him AND HELP OTHER LIVE FOR HIM TO people aren't even living holy you know how you know because the holy ghost is not moving nor is the spiritual gifts working that tells you they aren't living right churches feel like funerals more than the house of God people can't even pray for you in a lot of churches why because they know they can't do anything cause sin in their lives all week long they sin then come to church looking for people to carry them America our churches are in a mess there taring each other to pieces with jealousy rivalry covertness envy exaltedness high mindedness proudness it has gotten so bad they aren't even preaching from the bible anymore churches have become stagnant the people are becoming spiritually as the walking dead they aren't alive in Christ when I was little we had church services that lasted 6-7 hours we had church 3 or 4 days a week or more we had revivals that lasted years and you continually heard praise reports of people being healed of cancer after the doctors gave them up and other sicknesses and people having demons casted out of them you know how long it has been since I heard things like this from other people I know a preacher who was ran out of a town for preaching in a church in a small town in America the cops ran him off the people were throwing things at him and threatening him some were trying to attack him , also I've heard from that same preacher he told me he preached in a church and they ran him off in that one cause he told the elders in the church they are committing adultery and great sin , what were they doing telling young new converts they had to have sexual

relations with them every week to be Christians this is very evil another church a man who was a preacher came back and gave his life to God and did nothing more than get up and preach truth to a church that was preaching lies and false doctrine members of that church followed him home and killed him and his whole family .my point is this America is in big trouble American churches are in big trouble and there is a lot of pastors preachers decons and elders in big trouble in this country .

Sir, I'm not nit-picking at you. But you do need to learn to use punctuation and other grammar skills so that you can put your message forward In a way that others will understand better.

I am going to warn everyone before they start, I am a Christian preacher a prophet wither you like what I post or not you better be careful who you make fun of because not all words I type are mine some many are from Jesus Christ and other prophets. one of the most dangerous things a man can do is make fun of a prophet or Christian. I have seen and heard of entire churches of false Christians God wiped them all out because they made fun of his prophets and preachers and blasphemed the holy ghost. within a month one begged a preacher they made fun of and ran off they begged him to come back a entire Neiborhood almost every home except for 1 had people who God killed people think God doesn't punish still yet are being fooled , I know a man his own words who was making fun of a preacher man I don't even think he was a prophet and while the words were coming out of his mouth of making fun God spoke loudly and God rarely does that and said very clearly if you speak even one more word I will kill you and all those in this vehicle mocking and making fun and I will throw you all in hell and you will burn for eternity . God says in his word I will not me mocked , kids made fun of eli in the bible God sent down bears to rip them to pieces and devour them this is just examples of how serious a thing making fun

of God or his son or any of his children and defenantly the holy ghost is, if you make fun of the holy ghost you cannot be forgiven you will go to hell for all eternity no way out of it .

ALL THE FACTORIES & PLANTS INTENTIONALLY BURNED DOWN AND TRAINS DERAILED IT'S NO DIFFERENT THAN SEVERAL NUKES HITTING THE USA LITERALLY GERMANY DID THE SAME THING TO ENGLAND IN WORLD WAR 2 AND ENGLAND AND THE US DID GERMANY HERE IS WHAT IT WILL LEAD TO IF NOT STOPED ENTIRE CITES WILL BE RUBBLE ALL ACROSS THE USA AND MILLIONS WILL DIE OF STARVATION

O”Biden going to Ukraine is a sign that patriots are not in control or he’s got a death wish.

And Trump asked Putin why his men didn’t arrest or “deal with” Zelenskyy and Biden on the spot, killing two birds with one stone. Putin said his 2-man surveillance team.

Why hasn’t our men arrested ‘shit for brains” they have had many opportunities. But they got the law of war thing that ties their hands or excuse not to. I’m getting political ads to donate.

I’m not taking the bait any more I got to pay off my credit card. I bought TRB stuff I wish I bought silver rounds in stead.

I would not donate to any Rinos. Winred sold my info far and wide. They will never get another penny from me.

I found it very humorous that the Diaper-In-Chief had to go out there to the radioactive s\*\*thole of Ukraine inspire his minion to keep producing their “product” – I hope Putin obliterates every single lab they put up. Loved the falling out the window comment!

Me too! I do wish Justice could be swifter and more visible. I am grateful for Real Raw News.

Size of China’s navy may be closing gap on US fleet but what can the PLA do with just one overseas naval base? THEY’RE USING STOLEN TECH GAVE TO THEM BY TRESONIOUS TRAITORS AND TECH THEY STOLE BY HACKING AND SPIES TO GIVE THEMSELVES An EQUAL BATTLE STRENGHT LIKE I SAID THE COUNTRY WITH THE BIGGER FORCES WILL WIN THE COMING WAR AT LESS ONE OR THE OTHER HAS SUPERIOR AIR POWER CHINA IS TRYING TO BECOME THE NEW MILITARY BRANCH OF THE DEEP STATE AND THE NEW AMERICA ECONOMICALLY TRUMP STOOD IN THE WAY TILL NOW

Biden or any other president has the authority to give anyone a stake in America. The life of me who in the hell is running this country. Lock these criminals up, why are we playing around while they destroy the country. I will not give one politian a dime who sits on their thumbs and do nothing. This country bends over backwards for foreigners, while Americans get booted. Enough is enough !!!!

So was Biden and some others as well.

Endgame, is in process.

Strategi is an importance,

Logistics will dictate the outcome.

All betting is now closed.

I heard that too. From JFK Jr I can't post the pic. On telegram...  
So there must be a green screen if true

Washington DC Swamp is basically Jewish Ghetto ("people of color")  
rising out of the #JohnsHopkins #GU and #GWU campuses. (Center  
of global prostitution and pedophilia.)

They produced 4 new religious wars and 1 new genocide in  
#Yugoslavia for #NATO (#Pope.)

And that is how Swamp people make new jobs out of NATO  
Corruption via Gender, "Race," and Ethnicity Brzezinski Albright  
Ideology (post Cold War.)

Military Tribunals on Genocide and Atrocity Junky scholars and  
journalists overdue. They already invented "Hlodomore" (or  
whatever the name) of alleged Genocide in Ukraine which never  
happened. Idiots even built a monument.

Never forget #Srebrenica and #Sarajevo.

Uh, how many people died in the Holodomor? Anywhere from  
3,000,000 to 12,000,000 killed. The Soviet Union long denied that  
the famine had taken place. THEN WHY DID THEY DIE? Survivors  
have no reason to lie about their family members and friends dying  
from a man-made famine.

That many people just don't die for nothing. Witnesses  
and photographs corroborate that fact.

That's like saying the VAERS database listing the excess deaths from  
the clotshots are fabricated. Then why are so many people from  
every demographic dying, especially healthy people who were never  
even sick before they took the vaccine? If it's not a medically-  
ordered genocide on the part of the Illuminati/New World

Order/Rothschilian domain, then what is it?

That many people cannot be dying for nothing when the numbers are over and above normal death statistics. Think about it.

,,, was Agenda 21.

They have since revised.

Search for Henry(JaBBa the HuTT) Kissinger (adrenochrome addict) speech to the World Health Organization Council on Eugenics on Feb.25.2009. "They"(msm) claim it never happened, No one can un-ring a Bell.

My Grandparents were "kulaks."

Therefore, I would strongly suggest you stop stop writing on something you have no clue about.

Forgot to mention #Brookings and #Carnegie, as well as #ESL schools in the center point of Washington DC Swamp from where Biden Regime ("deep state") acts and is born out of.

Funny how the heart of Washington DC Ghetto recently added to their "elite" 😂 the new #Serbia Embassy (out of the Academic Fellowships and Internships Building) so that they can put all blame on Serbs for local pedophilia and trafficking going on and running by their elite ("Freemasons" or whatever imbeciles name their Idiocracy.)

All of those before mentioned educational institutions (#StateDepartment included) serve the local "elite" produce new wars and genocides. Also the reason #GWU and #CUA Rats surveil and blackmail us at one of the #Bernstein Buildings over the last decade.

And that is how and why DC ghetto pathology obliterated #Yugoslavia.

Just remember ladies and gentlemen.We are living out a movie.Dont get spun up .This is Gods plan not man.Feel grateful you're alive to watch history being made.You will be able to explain to future

generations what you lived through so this never happens again

Sometimes I don't understand trump he wants Putin to take care of getting rid of the fake Biden as if it's his responsibility why doesn't he do something here in America why does he let him send billions of dollars to the Ukraine why didn't the military arrest him at the state of the Union at Tyler Perry's house?

I'm always hesitant but we are not what our Biden government is putting out to the world. We did not agree with the biotech labs in Ukraine. We are not these evil people. We are with Trump and JFK Jr Russia wants their people safe and back home. Most of the 40k children saved were Russian and Asian. Not all! When Putin threw the soccer ball to Trump and said the ball is in your court! Trump threw it to Melania and said Barron will have fun with this... I knew he was in. Did you know Barron is a whiz on the computer... what do you think was in that soccer ball!!!!

From what I have read, there were plans in place to arrest all of these people at the fake inauguration, but the Deep State were in possession of 23 dirty nukes which they said were planted in major American Cities and that they would start setting them off. The white hats have recovered all but one. One of them was on the Green "something" ship that was grounded in the canal. Remember that? Code Monkey used to talk about radiation sniffer planes that were over cities. I don't remember where I read it.

][f number's were to be truly known.

][f "they" can't have it(EARTH) they will take it with "them".

][ can't help but smirk alittle for "their" own gross stupidity in believing that.

Still,,, Gods Speed to "them".

Think of all the supporters who tuned into that Party !

That many more links to confirm complicity.

The thing about playing Chess, are the possible fore-mores before "they" are played can change . Logistics will confirm the Win.

Maybe because they are already dead and it's a jester...

Sniff-sniff, smell United Nations Blue Helmet Troops poised to roll on American soil hence: "promising a stake".

Many video's of armament such as, tanks & humvees moved on heavy rail across country, seen on social media. Suspect armament getting different paint job with UN insignia.

Lock & Load, SHTF imminent.

Yeah, come on over zelensky. You have a stake and you're booked . . . at GITMO!

We're going to hang you and there's not a damn thing criminal clone biden can do for you. Come over.

Today is Monday following the 17th on Friday. It was expected we might hear something today. Nothing yet. I have high hopes for this, & encourage everyone to write to SCOTUS right now in support.
