"Alláhu Akbar," křičel v pondělí ráno odsouzený zločinec Moncef Slaoui, když stál na šibenici v zálivu Guantánamo a hrozivě se pošilhával po muži, kterého považoval za zodpovědného za nařízení jeho bezprostřední smrti.

Pod ním viceadmirál Darse E. Crandall a několik vysoce postavených důstojníků mlčky sledovali, jak mu oběšenec stojící vedle Slaouiho navlékal kolem krku pletený provaz. Slaoui bojoval, ale nemohl se rovnat tyčícímu se vojákovi, který si bez námahy přišpendlil Slaouiho zápěstí na záda a pak je svázal zipem. Slaoui plivl vojákovi do tváře.

"Sbalte vězně," nařídil admirál Crandall a voják nasadil Slaouiovi přes hlavu černou kápi.

"Jak probíhá to odvolání?" zařval adm. Crandall.

Na konci Slaouiova tribunálu minulý čtvrtek jeho právník Omar Akbar slíbil, že se proti verdiktu odvolá k blíže nespecifikovanému orgánu. Zachytil první let odlétající z GITMO ve čtvrtek odpoledne a od té doby o něm nebylo slyšet; Slaouiho hovory do Akbarovy kanceláře v DC zůstaly bez odezvy.

"Kdysi mě ohromilo, pane Slaoui, jak málo si vy lidé vážíte lidského života." Stejně jako ostatní, kteří stáli tam, kde teď jste, jste byli pohlceni chamtivostí, která vedla k tomuto nevyhnutelnému osudu. "Neposadil jsem tě na šibenici." dal jsi se tam," řekl admirál Crandall a pokynul vojákovi, aby stiskl tlačítko.

Ale pantové dveře pod Slaouiho nohama se neotevřely.

"Je to rozbité, pane," řekl voják.

"Alláh mluví," zamumlal Slaoui zpod kapuce. "Ještě není připraven mě přijmout."

Admirál Crandall řekl: "Bude připraven, jakmile sem dostanu elektrikáře, takže si nedělejte naděje."

Zatímco čekali na příjezd elektrikáře US Army Corps of Engineers, Slaoui vrhl na admirála arabské kletby a nazval ho bezbožným nevěřícím, rouhačem a nepřitelem Alláha. Řekl, že Alláh a jeho posel ho pomstí.

Elektrikář dorazil o 30 minut později a otestoval krabici, stiskl zelené a červené tlačítko poté, co voják odsunul Slaoui stranou. Sundal kryt a začal si hrát s dráty a poznamenal, že jeho návštěva znamenala podruhé za dva roky, kdy se uvolnilo spojení. Opravil to za pět minut, pak otestoval obvod, stisknutím zeleného tlačítka otevřel dveře a červeným je zavřel.

"Vše hotovo, admirále," řekl a opustil plošinu.

Voják umístil Slaoui, který nezavřel ústa, nad dveře.

Admirál Crandall měl vhodná závěrečná slova pro architekta operace Warp Speed. "Ať dosáhnete svého dalšího cíle ve warpu 9."

"Alláh je gre..." začal Slaoui, ale než měl šanci dokončit větu, praskl mu krk.

Lékař amerického námořnictva prohlásil Slaoui za mrtvého v 10:47 EST.

Wonderful. The imbecile bastard is no more. That's the way they have to be take away and annihilated. Good riddance to a bastard criminal.

Thank you so very much Michael Baxter for telling us ... me when justice is served. I started to feeling hopeless, thinking that the evil always get away with their evil deeds. This is reassuring that justice is being served. Thank you again Mr. Baxter

A job well done Admiral Crandall. Thanks Michael Baxter for sharing. Warp 9, make it so number one.

I'm making \$90 an hour working from home. i was greatly surprised at the same time as my neighbour advised me she changed into averaging \$100 however I see the way it works now. I experience mass freedom now that I'm my non-public boss. Everybody must try this job now by just using this website.. <http://www.Payathome7.com>

The best way to control people is through the deity of their choice. Some people are so gullible, making them very dangerous.

Same sort of brain defect as his other akbar buddies. Hanging is the best therapy, often requiring only one visit.

We've always known~ it's been purposeful, imho. Yet one more way to control the masses, by instilling fear, which weakens a population significantly. The deepstate has used simple tactics- we just didn't know how far they'd gone. The exposure we've experienced these past few years is horrific, yet invaluable. The only way evil can triumph is via deceit, embellishment, etc- like pufferfish...or the tiny guy behind the curtain. Important to remember that "they" are actually few, We the People are many, & God is mighty.

I'm glad the electrician didn't leave them hanging... well, except for Deep State shithead. Another unsung hero helping to crush the traitors.

Slaoui wanted to have the right to live, but he did not want the many, many others that he helped kill to have that right, nor even to know of or to change the evil covid plan.....he can call on his false god all he wants, but only Lord God Almighty has the keys to life and death.....Just think he had another extra 30 minutes to call out to the God who made him and had a more perfect plan for his life, but he refused..... and leaned to his own understanding.....

Michael,

You may not be the person to ask for an answer to my question. These people are evil to their very core. Sometimes, if they have families, their families "MAY NOT" be aware of their evil deeds. Some are known to be active players in their partner's evil schemes or at least know of it and go along with it by keeping silent. When the evil, treasonous traitors are arrested, executed and assets frozen and seized, what happens to their family, are they deported(if not citizens)? If citizens are they allowed a place to keep, money to survive?

I know it's not all cut & dry. I just wonder if there are known innocents on the evil's side and what courtesy is allowed to them.

Good questions. It wouldn't be the first time that husbands and fathers lied to their families about what was going on. This would be a genocide textbook example of "never bring the office home" — only this is global genocide.

We'll see if my post is taken down again. Like I said before..... ***the only GOOD Muslim....is a DEAD Muslim.*** Let this be a *lesson....*for all the fucking Muslims in our country. Maybe my post was taken down before.....because Michael is *afraid* of Muslims. Why be *afraid....*they are nothing but ***filthy animals...*** anyway.

Like all catholics are pedophiles

I'm white 55

Catholic

Do you know any Muslims

Out of 1.8 billion

One or two are deranged

Same with blacks

Same with whites

Stop the hate

Find some common ground

They are not the enemy

Freemasons who accept any colour or religion are your and my enemy

Also the enemy of Muslims

The enemy of my enemy is my friend

I don't hate them, but I am aware of their tendencies and backgrounds for violence. I can smile at them, while my other hand is on my Glock, ready to defend life and limb.

Imagine his horror on the other side in finding out allah is really Satan. Allah is a transliteration of Ba'al Ba'alla. A God of chaos & war. And it is not a generic name for the word "god." It is a specific deity, and it is not the God of creation Yahweh Jehovah. allah will not be avenging anyone as he burns in an eternal lake of fire with his false prophet who was a pedophile sinner.

Sounds about RIGHT to me. Like I said....before Michael took down my *post*....

the only GOOD Muslim....is a DEAD Muslim. I'd like to send them ALL back to the Middle East.....especially the bitch Congresswoman from Dearborn, Michigan.

Speaking of Muslims....it would not surprise me at all....if AOC is actually a damn Muslim.

Killing millions for money power . All who are involved in this Horror Show to depopulate the Earth should rot in Hell

Let's see ... who's ghost would be capable of messing with the physical realm ... did they execute an authentic witch? Or maybe you have a spy in your midst?

They should be doing 10 a day not 1. Even at 10 a day it will take 30 years to go through them if you have 300k sealed indictments.

Wouldn't it be nice if they started to use the 3,000+ guillotines that Obama had stashed away in the FEMA camps that they were going to use on us – to now use on them.

Last edited 8 hours ago by Gina

France has not used the guillotine since 1981 and they abolished the death penalty. Last execution was 1977. I thought it was 1940 when the Nazis invaded Paris!

They were all out of big and tall coffins, so Jim had to get a bit shorter to fit into a standard sized one.

I'm sure he was shipped back, with his head somewhere in the box as well. .

Chanel put their name on the Obama model, or somebody did and Chanel fired them for it.

“Mrs. Krabappel and Principal Skinner were in the closet making babies and I saw one of the babies and the baby looked at me.”

That they should have used on him—Obama) but I heard he got firing squad a bullet to the back of the head—That was too good for him

MORE LIKE TEN AT A TIME , Hang'em HIGH , talk to Clint he will tell you how to do it. He learned some shit doing those spaghetti westerns ...in ITALY.

They could be doing a thousand a day for all we know. I say, do as many as you can until the threat is gone and the guilty are punished.

Greed, and it seems like financial set up on earth is some kind of thing that causes delusion. Did this guy get any warnings ahead of time that he was doing evil?

As far as we know the body double, clone whatever hasn't don't anything wrong. It's not illegal to be ugly, stupid, greedy which is all it's done so far.

The wife is the one being punished now. She probable just made a lot of money to never tell the truth. She could get a divorce and move on, but they will probable offer her a position in the next election cycle and a lot of money.

A doppelganger/actor/clone are still in violation of the law – fraud, impersonating an official. Association of conspiring to commit fraud, deface the public = treason, sedition

What divorce? The man is dead. she's not married to the body double, unless it's for optics. She could just take the money and walk. Nothing hushes people up faster than cash.

Crandall is an Admiral in the US Navy so being a Boss comes with the job I guess.

I'm addicted to RRN! Love seeing these scumbags get what's coming to them. Shout out to our soldiers...God bless them!

I'm not a gambler but I'll bet this dude was awfully surprised to find out he wasn't going to meet Allah

Won't he be surprised when he finds out his "allah" has a forked tongue & horns?!

Hey Ann...you took the words right out of my mouth. So glad we agree!!

I think Allah is just a meaning and It means "God" in Arabic. They say "Allah Akbar" which translates to "God is Great".

I never understood what God, just God. I'm not sure what the name of their, "Muslim" God is.

I'm not a Arabic expert, and for all I know he could be like the "Father" in Christianity.

I don't think the Muslims have the holy trinity like Christianity does with "The Father, Son and the Holy Ghost".

They just have the God, The Great One, The Father, I'm not a religious expert.

I just know that Allah is usually used to say "God" and they pair it with the words "is Great", "Akbar"

You are actually incorrect. Allah is Enki also known as Lucifer, Poseidon, and many other names. The Bible usually refers to him as Lord. Enki is the Annunaki who had sex with Eve and was Canes real father. Adam was Abel's father and that line had a less Annunaki genes.

God in the Bible is usually referring to Enlil. Also know as Jehovah, Yahweh, Zeus, Jupiter, and many other names. He was against making humans sentient and was the one who didn't warn the Nephilim of the reset event which was the biblical flood.

Enki warned Noah.

What is happening is Enki's forces have begun their invasion of America.

It's why the Guidestones were blown up. People thought the Guidestones were cabal but the stones mentioned separate nations and the Cabal wants a One world government. So they didn't put it up...

Enlil's forces did. It was intended for after the coming pole shift (our reset event a bit over a decade out). Enlil killed the Nephilim but is allowing some humans to bridge the pole shift (others will ascend or reincarnate as you are immortal)

Some people say that allah is the devil, so maybe he was happy about that.

Adios! Now comes the BIGGEST surprise of finding out there ain't NO Allah in the afterlife. Well done WHs!!

"Whose your god?" The balancer god for now I guess. They bark that "Whose your god" at anybody they can, that doesn't go to their mosque party every morning at 4 AM. It's required they tell me. Not a religion, just a huge cult. These guys can't get out of muslim land and my investigative theories show me, some were wealthy white guys in previous lives.

Rich people that get a life in Pakistan and come screaming to the USA looking for money they came from in a previous life. It's not out there. That life is over forever. Their karma has to be lived out. How many lifetimes ugly and in poverty they have to live for degrading other's out of what they needed in life?

Shouldn't rather simple mechanisms like a door release be checked & tested prior to use? And then guarded until use is required? Failing on two different occasions seems peculiar indeed. Thank you for honest reporting. Prisoner murdered millions. But NOT alone.

I would have thought that the electrician showed the person in charge which wire and how to tighten it so he wouldn't have to be called again.

maybe they should have a 'manual ' back-up.. if power goes out... release it manually.. just like the old-fashioned ones...

Just put a rope around the condemned's NECK and pull the plank it's that simple, no big deal. Why are people getting so hung up on this, no pun intended of course.

The rope broke on the cock -sucker , if I remember correctly or was that some other cock-sucker. Makes no difference as long as the EXECUTION is successful

Look, if the trapdoor doesn't work and he has to be executed, just get the firing squad out and finish the job,

No bullets because they are all going to the Ukraine and Z-bitch & Co.? Bring out the Obama favorite — the guillotine.

Or, just for kicks, send him to Russia and let our friend Vladimir execute him — he'll really be scared of Putin, since the shots also maimed his daughter.

He'll be finished off one way or another, don't even worry.

NO need for all that bullshit ,just cave the condemned head in and call it a day. NEXT

Loose connection from all the droppings... I'm surprised they didn't solder or epoxy the connections. Actually they should epoxy the whole thing due to the tropical-salt weather.

Send a memo to Admiral Crandall and tell him how to do it. NO DOUBT he will listen to YOU. LoL

I wondered but it is like a sign but it's not much, he was supposed to get another 30 minutes of life. Everything he said during those minutes did not save his life.

I can't wait for the WEF, WHO, UN Leader members, Royal Crown Families, to be starting to arrive GITMO. Hmmm...maybe that's why it's taking so long to put back the rightful POTUS because they are cleaning this country (USA) first before they go overseas.

According to other sites, the WHs in other countries have been taking out Royal leaders since this all started. Queen E of England was supposedly the last. T/F? Who knows for sure? I read it, file it away and wait for conclusive evidence.

“We will see” or ” or “Let's see what happens” are Trumps favorite expressions, when commenting on “the bad guys” !

Charles seem to be enjoying himself, he is not acting like he has been executed

When he got to the Other Side, he didn't find 72 Virgins like he wished for... Turns out they were Catholic Nuns who beat him to a pulp the minute he arrived.

EWWW, that's criminal! Imagine if that stereotype was real. The poor goats!!

Would-be Zoophile: “I need you for about five minutes.”

Mr. Goat (consternation upon being approached): “Hey buddy, I'm married! You can't do me like that!”

Would-be Zoophile (lawless): “So am I, but my wife is still pissed after I insulted her and her sister.”

Mr. Goat: “Can't you see I'm an animal? I got horns and hooves. So take it to your other wives.”

Would-be Zoophile: “I can't, my other 4 wives won't speak to me and they are siding with her.”

Mr. Goat: “Not interested, I don't do humans. I have a wife and 4 kids already and she's pregnant again, plus begging me for a 6th. So

take another wife, then.”

Would-be Zoophile: “I can’t get any more wives. All the women in town are either married or pregnant already.”

Mr. Goat: “No way, Jose, My head is sore from another head-butting job for the last 48 hours to feed these varmints. So marry the mullah’s daughter.”

Would-be Zoophile: “I can’t marry the mullah’s daughter because the imam tells me I owe child support for the other 45 kids, and after 17 months of no action, I’m desperate!”

Mr. Goat (indignant): “Sorry pal, my body’s not for sale.”

Mrs. Goat (comes in angry): “Hey, humanoid, what are you doing to him? He’s MINE!! Take it to YOUR wife!”

Zoophile (despairing): “I can’t, she still won’t talk to me! I’ve run out of women to marry, and the Prophet had 23 wives, more than me!”

Mrs. Goat: “And I don’t care. It’s not going to happen, buddy. You’re going back to your wife, and you will apologize to her and her sister, and you will behave yourself. Do you hear me? GO HOME!!”

Would-be Zoophile skulks off back to the main house to irate first wife and first 9 kids, irate sister in the next room with her husband and five kids.

Having a door malfunction and making the prolonged execution more stressful for Moncef Slaoui seems to be a good idea. More malfunctions please! Or.... pretend there is a malfunction so they relax just a tiny bit, then... oops, SURPRISE!!!

LOL I am never surprised at the screw ups that happen at gitmo. who’s job was it to make sure it worked?

Thank you, Admiral Crandall and JAG, for your service. I have lost many friends, neighbors and family to this poisonous vax. I have many people in my life who are very sick since getting them. These tribunals help me heal, knowing someone is fighting for Justice. May God protect all of you.

Admiral Crandall, you may wish to consider using a 24 volt dc linear actuator and an IP-66 junction box with terminal block and din rail to house also the 24vdc power supply unit (which operates off 460/60/3 but you might find one operating off household current). Few moving parts; very strong, push or pull actuation, ingress protection rating for seaside environment. Consider also hot-dipped galvanized for salt spray protection including on conduit (superior to 316 s.s.) and also “strain relief” for electrical connections. Keep us posted.

Last edited 13 hours ago by WrongWayCorrigan

I like electrical gadgets as much as any ham radio operator or electrical engineer, and you could hook the whole thing to blue tooth so Crandall could push a button on his cell phone. But I also see a certain virtue in simplicity. So how about a lever attached to a pin, and then a rope to pull the trap door back into place?

Hal, the linear actuator is essential a “pin,” but needs no lever only a closed electrical connection. I used to use models of average size and even they could bend 11 ga. t-316 s.s. channels if it should happen that I had an inadvertant “bending-moment” in the design.

Last edited 12 hours ago by WrongWayCorrigan

I like the idea of a random number generator attached so you can get him cursing them in mid-sentence before the door opens after the right quantum action kicks the actuator solenoid open ;>)

Some of us also find paper ballots entirely adequate for voting & suitable for same-day counting IN PRECINCT. Simple is better – reliable, trackable & checkable. Voting & executions are basic. Neither needs to be rocket science.

Just put them on a stool snug up the Rope then Kick the stool out from under them. yes it may take them a little longer to die and it is more painful but they need to suffer the worst Pain for what they

have done.

FUCK just push the son-of-bitch down a flight of stairs till their neck breaks . LoL

I am cautiously optimistic that by the will of God, all forms of slavery on earth courtesy of the CABAL, will be over. I trust in God alone.

Blessings, 🙏🙏🙏

I'll stick to my guns and state that its more cost efficient to just throw the Clowns into the ocean and drown them.

I'm in Australia and I've seen White Pointer sharks take people. It's the most horrific death for the one who is taken. It would be a whole lot scarier for them than being hung. And it would be very painful.

Maybe we can arrange a dinner date with Sonny's Australian shark crew for Lori Lightfoot and his fake wife if either one gets sentenced to hang?

No, I wouldn't say that. But I'm not naive, nor am I credulous.

Last edited 10 hours ago by Will Caulfield

Sparky, the ingress protection rating will take care of all of that with one quick spec. The first number is ingress of dirt and the second number is ingress of liquid. This is for enclosures wherein there may be multiple and on-going entry for adjustment and maintenance.

If you are going to bring that much electrical power to the site, just electrocute the fucker and be done with it.

Ha – army corp. of engineers, so called: electricians, LoL.

They should try using a soldering iron, and shrinkwrap wire covering, and insulate wire from weather.

Twice now having wiring issues – eh. Loose wire, LoL, I say, Salt Corroded, no different to car battery terminal.

Suspect before military service those alleged electricians were Home Depot weekend warriors as glorified ceiling fan installers.

Hey Mike I know you got a bur under your saddle for me but you better inform your contacts again about HAARP. If push comes to shove as they say and the bad guys get their backs against the wall they are liable to use it in Yellowstone at Yellowstone Lake. In case you don't know they just had 8 small quakes under it and it just happens to be the LARGEST super volcano on earth !!!! How difficult would it be to cause it to erupt. Why don't you check out what the consequences would be—catastrophic !!!! But hey what do I know —Now I know there are other sources to create cause and effect but this is in our own back yard. I am actually on your side—

The prophets say God has delivered a message to the bedrooms of the bad guys you refer to that is that they had better take two steps back. Almighty God, the creator of Yellowstone Lake and the park is also the creator of the volcanos and CONTROLS directs the weather and the elements much better than HAARP! If you are going to fear ANYTHING, FEAR GOD! That is the beginning of wisdom according to the scriptures.

Yes, a healthy fear of God. Fear him not because he is vindictive but because he loves us with an everlasting love and wants nothing more for us than to spend eternity with him in heaven. Can Inger a witness? Blessings, 🙏🙏🙏

I'm mad at HAARP for messing with ski weather and taking our lovely snowstorms away. they make fake snow and we can't enjoy the real stuff. These days, people are so spoiled that if they see one flake, they lose it, while the other side claims it's climate change nonsense, not realizing it's HAARP. Years ago, entire cities were blanketed with the white stuff for days, but LBJ had to mess everything up.

Last edited 9 hours ago by Xena

You are CORRECT bringing this to attention. I am not a geologist, just some basic knowledge and self study. These 8 small quakes could have been induced to relieve pressure and geological stress in that region possibly. Just a thought.
