***V Moskvě necítíte žádnou krizi. Žádné účinky sankcí.
Žádná nezaměstnanost. Žádní bezdomovci v ulicích.
Minimální inflace.***

Jak ostrý byl starý Lenin, hlavní modernista, když uvažoval: „Jsou desetiletí, kdy se nic neděje; a jsou týdny, kdy se dějí desetiletí“.
Tento globální nomád, který se k vám nyní obrací, si užil privilegia strávit čtyři úžasné týdny v Moskvě v srdci historické křižovatky – vrcholící geopolitickým summitem Putin-Xi v Kremlu, který změnil hru.

Abychom citovali Xi, „změny, které nebyly vidět za 100 let“ mají schopnost nás všechny ovlivnit více způsoby.

James Joyce, další ikona moderny, napsal, že trávíme život setkáváním se s průměrnými a/nebo mimořádnými lidmi, dál a dál, ale nakonec se vždy setkáváme sami se sebou. Měl jsem tu čest setkat se v Moskvě s řadou mimořádných lidí, vedených důvěryhodnými přáteli nebo příznivou shodou okolností: nakonec vám vaše duše říká, že obohacují vás a zastřešující historický okamžik způsobem, který ani nedokážete pochopit.

Tady jsou některé z nich. Vnuk Borise Pasternaka, nadaného mladého muže, který vyučuje starou řečtinu na Moskevské státní univerzitě. Historik s bezkonkurenčními znalostmi ruské historie a kultury. Tádžická dělnická třída, která se k sobě choulí v chaikhaně se správnou atmosférou Dušanbe.

Čečenci a Tuvanci v úžasu provádějí smyčku na Big Central Line. Krásný posel vyslaný přáteli, který je extrémně opatrný v otázkách bezpečnosti, aby diskutoval o otázkách společného zájmu. Výjimečně zdatní hudebníci vystupující pod zemí v Majakovské. Ohromující sibiřská princezna pulzující neomezenou energií, posouvající motto dříve používané v energetickém průmyslu – Power of Siberia – na zcela novou úroveň.

Drahý přítel mě vzal na nedělní bohoslužbu do kostela Devyati Muchenikov Kizicheskikh, oblíbeného Petra Velikého: typická čistota východního pravoslaví. Poté nás kněží pozvali na oběd k jejich společnému stolu a projeví nejen svou přirozenou moudrost, ale také bouřlivý smysl pro humor.

V klasickém ruském bytě napěchovaném 10 000 knihami a s výhledem na ministerstvo obrany – včetně spousty vtipů – otec Michael, odpovědný za vztahy ortodoxního křesťanství s Kremlem, po nesmazatelné náboženské a kulturní noci zazpíval ruskou císařskou hymnu. diskuze.

Měl jsem tu čest setkat se s některými z těch, kteří byli obzvláště terčem imperiální mašinérie lží. Maria Butina – hanobená příslovečným „špionem, který přišel z chladu“ – nyní zástupkyně v

Dumě. Viktor Bout – která popkultura metastazovala do „Lord of War“, doplněného filmem Nic Cage: Oněměl jsem, když mi řekl, že mě čte ve věznici s maximální ostrahou v USA, prostřednictvím pera zaslaných jeho přáteli (měl žádný přístup k internetu). Neúnavná Mira Terada s železnou vůlí – mučená, když byla v americkém vězení, nyní vede nadaci na ochranu dětí uvězněných v těžkých časech.

Strávil jsem mnoho cenného kvalitního času a zapojil jsem se do neocenitelných diskusí s Alexandrem Duginem – klíčovým Rusem těchto dob po všem, mužem čisté vnitřní krásy, vystaveným nepředstavitelnému utrpení po teroristickém atentátu na Darju Duginovou a stále schopným shromáždit hloubku a dosah, pokud jde o kreslení souvislostí napříč spektrem filozofie, historie a historie civilizací, které na Západě prakticky nemají obdoby.

V ofenzivě proti rusofobii

A pak tu byla diplomatická, akademická a obchodní jednání. Od vedoucího mezinárodních vztahů s investory Norilsk Nickel až po vedoucí pracovníky Rosněfti, nemluvě o samotném Sergeji Glazyevovi z EAEU, po boku jeho nejvyššího ekonomického poradce Dmitrije Mityaeva, jsem dostal rychlokurz o současné ruské ekonomice od A do Z – včetně závažných problémů, které je třeba řešit.

Ve Valdai Clubu skutečně záleželo na okrajových setkáních, mnohem více než na skutečných panelech: tehdy vám Íránci, Pákistánci, Turci, Syřané, Kurdové, Palestinci, Číňané říkají, co mají skutečně na srdci a myslích.

Zvláštním vrcholem těchto čtyř týdnů bylo oficiální zahájení Mezinárodního hnutí rusofilů. Zvláštní zprávu napsanou prezidentem Putinem přečetl ministr zahraničí Lavrov a poté pronesl svůj vlastní projev. Později, v Domě přijetí ministerstva zahraničních věcí, nás čtyři přijal Lavrov na soukromé audienci. Diskutovalo se o budoucích kulturních projektech. Lavrov byl nesmírně uvolněný a projevoval svůj jedinečný smysl pro humor.

Jde o kulturní i politické hnutí, jehož cílem je bojovat proti rusofobii a vyprávět ruský příběh ve všech jeho nesmírně bohatých aspektech, zejména globálnímu Jihu.

Jsem zakládající člen a mé jméno je na zakládací listině. Za téměř čtyři desetiletí jako zahraniční zpravodaj jsem nikdy nebyl součástí žádného politického/kulturního hnutí kdekoli na světě; nezávislí kočovníci jsou divoké plemeno. Ale to je extrémně vážné: současné, nenapravitelně průměrné samozřejmé „elity“ kolektivního Západu nechtějí nic menšího než zrušit Rusko napříč celým spektrem. Žádný pasarán.

Spiritualita, soucit, milosrdenství

Desetiletí, která se odehrávají za pouhé čtyři týdny, znamenají drahocenný čas potřebný k tomu, abychom vše uvedli do perspektivy. Počáteční pocit v den, kdy jsem dorazil, po sedmihodinové procházce pod přívaly sněhu, se potvrdil: toto je hlavní město multipolárního světa. Viděl jsem to mezi západními Asiaty na Valdai. Viděl jsem, jak mluví k návštěvě Íránců, Turků a Číňanů. Viděl jsem to, když více než 40 afrických delegací převzalo celou oblast kolem Dúmy – v den, kdy Xi dorazil do města. Viděl jsem to na recepci na celém globálním jihu k tomu, co Xi a Putin navrhují drtivě většině planety.

V Moskvě necítíte žádnou krizi. Žádné účinky sankcí.

Žádná nezaměstnanost.

Žádní bezdomovci v ulicích. Minimální inflace.

Náhrada dovozu ve všech oblastech, zejména v zemědělství, byla velkým úspěchem. Supermarkety mají všechno – a ještě víc – ve srovnání se Západem.

Je tu spousta prvotřídních restaurací. Můžete si koupit Bentley nebo

kašmírový kabát Loro
Pianna, který v Itálii ani
nenajdete. Smáli jsme se
tomu chatování s
manažery v obchodním
domě TSUM. V
knihkupectví BiblioGlobus
mi jeden z nich řekl: "My
jsme odpor."

Mimochodem, měl jsem tu
čest přednést přednášku o
válce na Ukrajině v
nejlepším knihkupectví ve
městě, Bunkru,

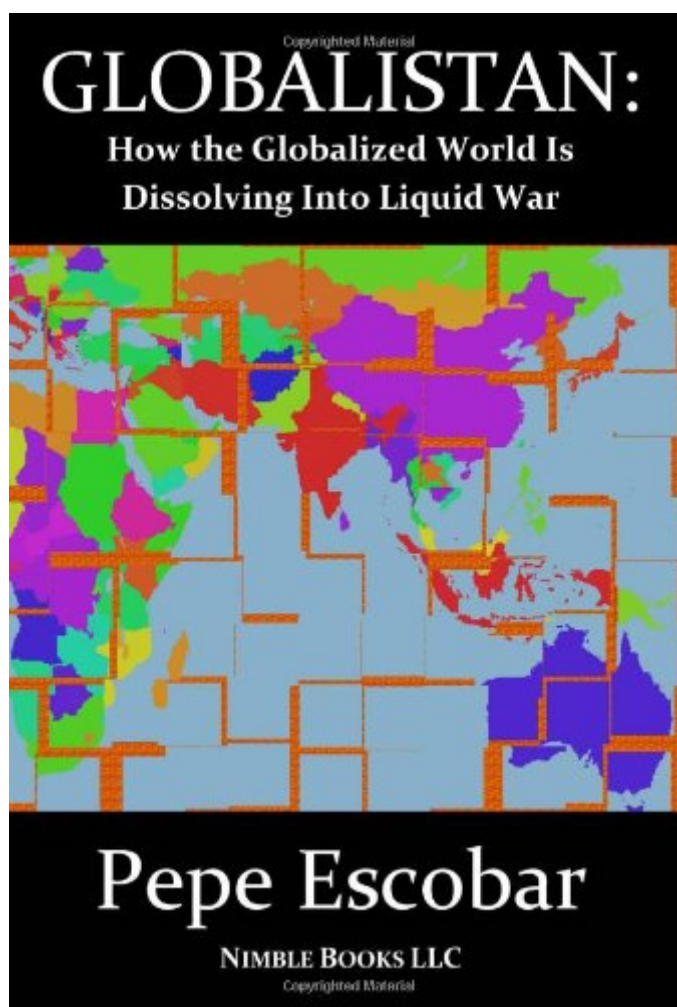

zprostředkovanou mým
drahým přítelem,
nesmírně znalým Dimou
Babichem. Obrovská

zodpovědnost. Zejména
proto, že Vladimír L. byl v

hledišti. Je Ukrajinec a strávil 8 let, až do roku 2022, vyprávěním,
jako by to skutečně bylo, do ruského rádia, dokud se mu nepodařilo
odejít – poté, co byl držen se zbraní v ruce – pomocí vnitřního
ukrajinského pasu. Později jsme zašli do české pivnice, kde popsal
svůj mimořádný příběh.

V Moskvě jejich jedovatí duchové vždy číhají v pozadí. Přesto nelze
než litovat psycho straussovské neokony a neoliberální podvodníky,
kteří se nyní sotva kvalifikují jako maličká sirotci Brzezinského „Velká
šachovnice“ Zbiga.

Na konci 90. let Brzezinski prohlásil, že „Ukrajina, nový a důležitý
prostor na eurasijské šachovnici, je geopolitickým centrem, protože
samotná její existence jako nezávislého státu pomáhá transformovat
Rusko. Bez Ukrajiny přestává být Rusko euroasijskou říší.

S demilitarizovanou a denacifikovanou Ukrajinou nebo bez ní Rusko již změnilo narativ. Nejde o to stát se znovu euroasijskou říší. Jde o vedení dlouhého a složitého procesu integrace Eurasie – již v platnosti – souběžně s podporou skutečné, suverénní nezávislosti napříč globálním Jihem.

Odjel jsem z Moskvy – třetího Říma – směrem ke Konstantinopoli – druhému Římu – jeden den předtím, než tajemník Rady bezpečnosti Nikolaj Patrušev poskytl zničující rozhovor pro Rossijskaja gazeta, v němž znovu nastínil všechny náležitosti spojené s válkou NATO proti Rusku.

To je to, co mě obzvláště zasáhlo: „Naše staletí stará kultura je založena na spiritualitě, soucitu a milosrdenství. Rusko je historickým obráncem suverenity a státnosti všech národů, které se na něj obrátily o pomoc. Samy USA zachránila nejméně dvakrát, během války za nezávislost a občanské války. Ale věřím, že tentokrát je nepraktické pomáhat Spojeným státům udržovat jejich integritu. Poslední noc, než jsem vjel do gruzínské restaurace, mě dokonalý společník zavedl z Pjatnickaja na promenádu podél řeky Moskvy, nádherné rokokové budovy nádherně osvětlené a vůně jara – konečně – ve vzduchu. Je to jeden z těch momentů „Wild Strawberry“ z Bergmanova mistrovského díla, který zasahuje až na dno naší duše. Jako zvládnutí Tao v praxi. Nebo dokonalý meditativní vhled na vrcholky Himálaje, Pamíru nebo Hindúkuše. Závěr je tedy nevyhnutelný. Vráťím se. Již brzy.

Ukraine offensive is being actively prepared and most likely coming in April [1][2] – perhaps you should call Putin, also called 5D-Judo-Chess Master by Putin QAnons, and let him know?

[1] Yet More Bad News From the Donbass – by Rolo Slavskiy

<https://roloslavskiy.substack.com/p/yes-more-bad-news-from-the-donbass>

Excerpt: These two rich men, who are friends with other rich men in Russia, basically make the same conclusions as this blog.

1) Everyone knows that Shoigu is a thief and an incompetent minister, but Putin never fires his buddies

2) The Kremlin elite lives in fantasy land, Putin isn't even given accurate information by his handlers

3) Russia is selling raw resources for pennies to fund this war effort

4) The war is going very badly for Russia

5) Creating all these private feudal armies is a bad idea because the war will then expand into Russia proper between Chechens, Wagnerites, spooks and so on

[2] The Bakmut Diversion and The Donbass Defense – A View From Donetsk – Telegraph

<https://telegra.ph/THE-BAKMUT-DIVERSION-AND-THE-DONBASS-DEFENSE---A-VIEW-FROM-DONETSK-03-30>

Excerpt: Everybody in the world is talking about Bakmut these days, and the AFU/NATO Spring Offensive that is expected before the end of April, less than a month away. The Wagner Musicians are having a hard fight in Artemovsk/Bakmut, but do continue to advance. The largest concentration of UAF/NATO

troops on the Donbass Front today is definitely there. Or at least in that vicinity. Pregozhin reports a ukrop troop concentration of 80,000 soldiers in the area.

Excerpt: Other reports from Bakmut mention “several hundred tanks and IFV’s” in Bakmut, which is a formidable task force, but nowhere near 80,000. And, in fact, 80,000 troops is far more than would be required for a total rout of the Wagner and RF Army forces around Bakmut. The nazis have concentrated some of their most savage fighters, not in the city itself, but in the vicinity, including AZOV, the “Free Russians”, AIDAR, 1st Border Detachment, and 241st Territorial Defense Brigade, all of which are genuine hardcore nazis, and among the best equipped in the ukrop army. There are also an unknown but militarily significant number of highly trained and motivated foreign “mercenaries” from NATO countries in the area. The estimates vary widely, but all agree the number is in the thousands.

More hypocrisy from Putin: Putin said that pension reform in Russia was much more humane than in France [1]. But, in France, an increase was from 62 to 64 with an average life expectancy of 82 years, while in Russia, an increase from 60 to 65 with an average life expectancy for men of 67 years.

Hiding what one is doing by gaslighting is a typical behavior of Klaus Schwab NWO recruits, like Putin. Moving the retirement age, just as he's been doing in Russia, is pure NWO as they call retired people useless eaters.

But don't worry, Russia will not controlled forever by this mendacious globalist clown.

More spinelessness from Kremlin [1]. This gesture actually puts the entire country in danger! Where is Russian military to tell this globalist clown, Putin, to just stop it?

[1] Russia will continue to give the US advance notice about its missile tests despite suspending nuclear arms treaty, says Russian Deputy FM Sergey Ryabkov. In other words, Russia never really suspended the New START. This is another “goodwill gesture”. Kremlin is indeed a joke

Look below the dashed line for what this criminal Russian regime has done to the Russians – locking them in a Chinese straightjacket. How much did Xi pay the cretin in charge for this? Putin looked around for another international trading currency and found the only one other than the dollar, euro, yen & pound, which he hasn't burned down so far to be paid in. He planned with this escape hatch all figured out.

From a Russian antiwar Telegram channel this AM. Translated by Bitty Bit the Bot

<https://t.me/narodpv/3083>

YouTube “everything”?

Sources close to the pro-Kremlin claim that YouTube will be closed at the end of this year. For this purpose, about 40 “cyber threat experts” from China arrived in the Russian Federation. Indeed, over the past few months, RuTube, VK and OK have been actively developing. Propagandons are also mastering them with might and main, opening their channels and accounts there.

Talk about the inevitability of eliminating access to YouTube from Russia has been going on for a very long time. Until recently, the establishment had several good reasons not to. Firstly, there is a lot of non-political content on YouTube: culinary, sports channels and beauty bloggers. Why turn their audience against you?

Secondly, state propagandists had their own channels on YouTube and broadcast to an audience of millions. Thirdly, in the understanding of the authorities, it was an outlet for the opposition – it would be better to put likes and comments than to protest on the street.

But everything has changed. The authorities clearly don't care about the frustration of a huge number of “non-politicized” people, propagandists were driven out of YouTube with a filthy broom, deleting their channels. Any protests in Russia are prohibited by law, while opposition bloggers have a “pernicious influence” and excite the minds of those who remain in the Russian Federation. There is information that after blocking YouTube, access to all types of VPN services will also be closed.

Wait and see? Or will we take it as a trial stuffing and oppose it now?

What Mr. Escobar appears to be offering here, based firmly on his own recent personal experience, is the optimistic proposition that those pursuing the multi-polar project are sober and mature men and women who are the products and representatives of the Peoples of similarly mature and sober “civilizations.” This is in evident and stark contrast to the infantile antics of those “power”-besotted has-beens and never-will-bes pushing the endless perpetuation of the johnnie-come-lately West’s juvenile and discredited and disintegrating “one-ring-to-rule-them-all” full-spectrum “dominance” paradigm/fantasy.

Oswald Spengler maintained that each discrete expression of “civilization” had at its core a singular informing conceit that determined its shape, content, and character. This conceit would be present from the inception, through the development, and in the dissolution of any given civilizational manifestation. That of The West, he said, was its pretensions to being not only the rightful sole heir to every previous “civilization,” but to being the exceptional culmination and perfection of “civilization” as-such. So, by that “metric” Western Civilization was always destined to extend backward-and-forward through all time, and to expand omni-dimensionally to occupy all space. Not a particularly realistic ambition, to say the least, and one which is coming rapidly to its common-sensibly predictable conclusion even now.

Maybe the denizens of this “Third Rome” a-k-a Moscow will, unlike their predecessors, prove to be immune to the fatal seductions always found in and around seats of “power.” Maybe the legacies they’ll have available to them in the accumulated experiences of their various traditions, will be a reservoir of wisdom that can serve to keep them honest. The muddled

masses of “civilized” people, whose fortunes will be riding on this scheme’s potential for delivering the promised mutually beneficial conditions, could sure use a break in that respect.

If it doesn’t work out so we’ll, though, if even the best intentions and highest ideals and finest available talents are not enough to prevent the usual cycle of these things running their natural course, and our domesticated Human Relations wind-up again in dire straits, they needn’t despair. Us surviving Free Wild Peoples will always be here in Indian Country to show them The Way back into the LivingLoving Arrangement of Earth and Sky. No foolin’!

@Constant Walker

I think Escobar's use of the "3rd Rome" is romantic metaphor. THE Ottomans and Romans were horrific WARMONGERS and killers just like the Amerikans are now.

I prefer to equate Moscow with the Germanic Indigenous Tribes who destroyed the Románs circa 350 AD

Indigenous tribes will retake control of this blue/green sphere we call home, in our lifetime, I Pray.

What's your point, Mr. Braggington? What are we mere peons to conclude after 1,500 words that we couldn't have in 50?

| No homeless people in the streets.

I can believe the low unemployment rates, and on account of Moscow being the capital, shortages there will be minimal to nonexistent.

But no homelessness?

Sure, Help The Homeless, These Moscow Residents Say, But Don't Do It In Our Neighborhood

Russia is only 30 years away from their version of the Great Depression, and people who fried their brains with alcohol are surely going to still be around. Probably the normal run of mentally ill as well.

Escobar ought not be going over-the-top with the Boosterism.

Smoking and heavy drinking of hard liquor are the reasons for Russia's low life expectancy.

The U.S is fast approaching a pivot point.

The U.S will not be able to support its many bases around the world, it seems the middle-east is the first casualty in their reckless foreign policy, but where else will they pull back?

Syria is an open sore, is the theft of oil paying for the commitment there?

Europe is also a drain, the Europeans are rich and technological enough to mount their own defense, the Pacific is much more important and to meet the Chinese challenge they have to make sacrifices elsewhere, this administration is incapable of it, the only way to remedy this is to jettison the woke, affirmative action, debacle and to employ the best and brightest in government.

The ball is now firmly in the U.S court, they must cut their losses in Ukraine, shut the bases and get their house in order...a failure to do so will see a speedy unraveling of the Empire.

“With or without a demilitarized and denazified Ukraine, Russia has already changed the narrative.”

Ooooooh , silly me! For some reason I thought Russia was fighting a war, but it turns out they were just changing the narrative. This is a huge relief. If for some idiotic reason you thought they were fighting a war, you might ask yourself. “Wars usually have winners and losers. I wonder if Russia is winning this war?”.

Luckily, Russia is just changing the narrative! No winners or losers to see. Move along, folks. Btw let’s stop at Lenin’s tomb, I’m sure the peasant countries from the hinterlands will be awed by the glory days.

I’m glad the Russian elites showed you such hospitality. I hope they invite you back for the official “The Narrative has Changed” victory parade in Moscow!
