„V mých více než sedmdesáti letech od roku 1946 do současnosti chór keců vyvolávajících strach nikdy neustal – jen zesílil. Vtip je na nás. Ha ha ha.“

– Oliver Stone, *Chasing the Light*

Možná je mlčení tou nejlepší odpovědí na nekonečnou kavalkádu oficiálních lží, která je historií Spojených států. Internet a digitální technologie umožnily exponenciální nárůst počtu a četnosti těchto lží, což má za následek, že mysl lidí se stala jako obchody 7-Eleven, otevřené 24 hodin denně, 7 dní v týdnu pro „novinky“.

Ale jakmile si uvědomíte, že jsou to lži ve dne v noci, rozvíří vám to hlavu a ponoří vaši duši do hlubin zoufalství. Jste v pokušení ustoupit od takových znalostí a řečí o stromech a drobnostech. Ale vy se stydíte za svou zemi. Je těžké se smát. Máte pocit, že se topíte. Tlouštíte se a lapáte po vzduchu. Díváte se kolem sebe a divíte se, proč je většina lidí schopna jít svou veselou cestou věřit lžím a pískání ve tmě. Národ nevyžádaných zpráv, opravdu.

Ano, existují alternativní hlasy, které říkají pravdu, ale jejich publikum a finanční podpora jsou velmi malé nebo žádné ve srovnání s korporátními mainstreamovými médii a těmi, kteří křičí a křičí po internetu, když berou spoustu peněz od naivních následovníků. . Nedávná odhalení o bohatství Alexe Jonese jeho zaryté fanoušky nejspíš netrápí, ale měla by. Stejně tak je důležité znát zdroje financování webových stránek a autorů různých

přesvědčení, protože odhalují možné zaujatosti v jejich práci. Prodejci hadího oleje jsou samozřejmostí a na jejich zboží čeká mnoho naivních zákazníků.

Bohatství a moc jsou hlavními hybateli mediální šikany, která uchvátila tolik myslí. Spisovatelé by samozřejmě měli být za svou práci spravedlivě placeni, ale v tomto internetovém věku jich většina není. Stejně jako u filmů a vydávání knih je rozdíl v příjmech mezi velkými jmény – hvězdami celebrit – a méně známými spisovateli, i když jejich práce je vynikající, obrovský.

Některé weby a autoři vydělávají hodně peněz, ale kdo to je, je jen hádanka. Nikdo nemluví. Někteří svým čtenářům pravidelně říkají, že pokud nedostanou dostatek příspěvků, nebudou moci pokračovat v psaní nebo publikování, i když weby nezaplatí svým příspěvatelům. Zda se jedná o dobrý marketing nebo ohrožení příjmu, je na spadnutí. Ať je to cokoli, zdá se, že to funguje, pokud mohu říci, že tito autoři a webové stránky nezmizí.

Peníze jsou špinavým tajemstvím všech zpráv a komentářů. Abych někoho parafrázoval: Je velmi obtížné získat pravdu od spisovatelů, jejichž příjem závisí na tom, aby potěšili ty, kteří je financují.

Možná jste si všimli, kolik bývalých vojenských důstojníků, agentů CIA, mainstreamových novinářů, manažerů farmaceutických společností a různých dalších vládních a korporátních bigwigů se objevuje v mainstreamových a alternativních **médiích**, aby podpořili nebo oponovali vládní politice. Ti mainstreamové dělají propagandu, kterou dělali vždy, zatímco ti alternativní se jeví jako konvertité k disidentské víře. Nikdo nikdy nevysvětlí, jak a kým jsou tito lidé financováni nebo jak jejich lukrativní penze ovlivňují jejich svědomí. „Bývalý“ je legrační slovo. Ha ha ha.

Sebevědomí „muži“ přicházejí ve všech tvarech a velikostech a nikdo nemluví o penězích.

Tak mě nech se přiznat. Minulý rok jsem obdržel asi 200 dolarů na podporu pro můj web edwardcurtin.com. Nic před tím a ani cent za posledních 5-6 let za mnoho stovek článků, které se objevily velmi

široce na internetu. Před internetem byly publikace placeny za práci, moje a další. Teď ne, alespoň pro mě. Kolik peněz autoři dostávají a kdo podporuje jejich stránky, je tabu.

Takže přemýšlím o prodeji hrnků na svých stránkách s mým jménem a hrnkem na nich a řadou doplňků, které zvýší hladinu testosteronu a estrogenu ve stejné míře, aby se v této éře jemných citů nikdo neurazil. Ha ha ha. Ano, vtip je na nás. Identifikuji se jako muž, protože jím jsem. Nenechte se urazit.

Vtipy stranou, jak zpíval Leonard Cohen:

"Ach, jako pták na drátě
Jako opilec v půlnočním sboru
jsem se snažil být volný"

Pokud jste dostatečně tvrdohlaví a máte to štěstí najít inspiraci od těch statečných disidentů, kteří nás předcházeli, a těch, kteří nás nadále vedou, uvědomíte si, že ticho je zrada a že musíte promluvit, i když se vám to někdy zdá beznadějné. I když vám nikdo neplatí, nebo možná přesněji, protože vám nikdo neplatí. I když je to beznadějné, i když není. To je další tajemství. Je jich mnoho.

Je to dvacet let, co USA brutálně napadly Irák. Když George W. Bush na zinscenované pseudo-události v Cincinnati 7. října 2002, když připravil Američany na invazi do Iráku v březnu 2003, řekl: „Vzhledem k jasným důkazům o nebezpečí nemůžeme čekat na konečný důkaz, kouřící pistole, která by mohla mít podobu houbového mraku,“ nikdo se mu z domu nesmál. Jeho tvrzení bylo prostě zlým vtipem, který byl označen za pravdu. Všechno to byl předvídatelný, do očí bijící podvod. A média si pohrála s takovou absurditou, což je jejich práce a co vždycky dělají. Upozorňoval jsem na to tehdy v novinovém sloupku, ale kdo poslouchal hick spisovatele v regionálních novinách.

Irák očividně neměl žádné jaderné zbraně ani sebemenší schopnost vystřelit na USA byť jen petardu, ale mainstreamová média, senátor Joe Biden, spousta politiků, celebrity jako Oprah Winfrey se svým hostem, nakonec zneuctěná Judith Miller z New York Times, opovrženímhodný Tony Blair a spol. všichni podporovali Bushovy

nehorázné lži. Colin Powell, „hrdina“ útočné války v Perském zálivu z roku 1991 vytvořené pro televizní vysílání proti Iráku, provedl Colin Powell v OSN svůj Pinocchiův akt a americká armáda vyrazila pro Saddáma Husajna, zlé dvojče Usámy bin Ládina. , oba poslední Hitlerové, dokud je nevystřídal Vladimir Putin. Myslím, že jsem přeskočil některé další, jako je Muammar Kaddáfí a Bašár Al-Assad. Noví Hitlerové se množí tak rychle, že je těžké je sledovat. Ha ha ha. Vtip je na nás.

Jak každý ví, nebo by měl, více než milion Iráčanů zemřelo kvůli George W. Bushovi, ale kolik z nich to zajímalo? Koho to zajímalo, když jakmile byl Bush pryč, Barack Obama, podporovaný a podporovaný chechtající se Hilary Clintonovou, zničil Libyi a podnítil válku proti Sýrii? Chcete příklady? Je jich tu příliš mnoho na to, abychom je mohli jmenovat. Ale řekněme, že tyto lži pokrývají všechny americké administrativy, ať už je to Bill Clinton neustále bombardující Irák a Srbsko přes Trumpa bombardující Sýrii a Somálsko, až do současnosti, kdy Biden útočí na Rusko přes Ukrajinu atd. Všichni tito prezidenti jsou lháři, ale jejich následovníci se k nim chovají jinak. Biden říká, že ho Jimmy Carter požádal, aby pronesl jeho smuteční řeč. co ti to říká? Zasmějeme se? Zpívat?

Jasně pochopení

, že se něco takového může stát.

Budeme se smát?

Zasmějeme se?

Zasmějeme se?

Budeme se smát ještě víc, když zmíním propagandu Covid-19 a všechny ty spisovatele, kteří se jí ani nezabývali, protože nedokázali zpochybnit 11. září a další zjevné oficiální lži? Není zřejmé, že kdyby tak učinili, jejich peněžní toky by mohly vyschnout? Zde a dále není rozšířené pravidlo, protože musí dodržovat hranice stanovené „zodpovědným myšlením“ a zónami „no go“, kterými si svazují ruce, aby měli plnou peněženku.

Pokud budete mít štěstí jako já, když jste mladí, zjistíte, jak se bojíte svobodného myšlení a jak jsou naše institucionální orgány zkorumpované. Nestrávíte desítky let hodováním z kořisti těchto institucí, abyste se „probudili“, jakmile si uděláte jméno a zajistíte své jmění, což se zdá být způsob mnoha moudrých osobností internetového věku, kteří se buď snaží uklidnit jejich svědomí, když se chystají kopnout do vědra nebo nás možná nasazují.

Když mi bylo dvacet čtyři let, přijal jsem své první učitelské místo na malé katolické vysoké škole, kde jsem učil teologii. Byl jsem vyškolen v nejnovější a nejlepší vědecké práci nejuznávanějších mezinárodních teologů. Spíše než abych své studenty indoktrinoval z paměti, naučil jsem je široce číst a hluboce přemýšlet v tradici vzdělávání svobodných umění. Chcete-li hledat nejlepší stipendium. Ale to se rychle stalo zjevným pro vysokou školu a církevní autority, které uvízly v inkvizičním věku poslušnosti nebo jinak a žádné myšlení nedovolovalo. Přestože moji studenti milovali mé kurzy a poprvé se cítili svobodní, aby mohli přemýšlet o svém duchovním životě, byl jsem pronásledován, abych napravit své kacířské učení, což jsem samozřejmě odmítl udělat.

V jednu chvíli, když jsem byl na obědě v jídelně, jeptiška, která byla profesorkou, ukradla můj kufřík s mými poznámkami a opustila jídelnu. Jeden z mých studentů ji viděl dělat a pronásledoval ji do dámského záchodu, kde se jeptiška schovala ve stánku. Jeptiška neustále splachovala záchod, aby studentku vystrašila, ale studentka ji nepustila ven, dokud aktovku nevrátila. Ha ha ha. Vyprávění zní legračně, ale byl to příklad mé zkušenosti na této vysoké škole.

Někdo poničil dveře mé kanceláře a strhl protiválečné plakáty, které na nich byly. Brzy poté jsem z té vysoké školy odešel. Hodně mě to naučilo. Poslechnout nebo jinak.

Kacířství: Latinské slovo je z řeckého *hairesis*, braní nebo volba pro sebe, volba.

V jiném učitelském zaměstnání o rok nebo tak později jsem měl mnohem mrazivější zkušenost. Byl jsem známý jako protiválečný aktivista, odpůrce námořní pěchoty z důvodu svědomí atd., a

jednoho dne, v pátek pozdě odpoledne, když tu bylo jen málo lidí, požádal správce, aby se se mnou sešel na opuštěném schodišti, kde pokračoval tlumeným tónem. zkuste mě přesvědčit, abych se k němu přidal k armádní zpravodajské službě a špehoval ostatní. Řekl, že bych byl pro tu práci perfektní, protože jsem byl známý jako protiválečný disident. Řekl jsem mu, ať se vysere, ale byl jsem šokován jeho dvojitým životem a jeho žádostí.

Od té doby jsem se dozvěděl, že tento špión nebyl žádnou anomálií, protože lidé s důvěrou ve vládu jsou rozšířeni.

Měl jsem mnoho dalších takových raných zkušeností, za které jsem velmi vděčný, i když když jsem byl propuštěn z práce a přišel o příjem, bylo to tehdy traumatizující. Ve svých třicátých letech jsem věděl, že systém je zkorumpovaný až do samého základu a následné zkušenosti tento závěr jen potvrdily. Vtip jsem pochopil.

Vyprávím o těchto příhodách ne proto, že by mé zkušenosti byly ojedinělé a že jsem výjimečný, protože ostatní potkal stejný mladistvý osud. Ale takové štěstí vás může posílit na celý život nebo zlomit vašeho ducha. Pokud jste první, nečekejte, až odejdete do důchodu, abyste se postavili proti všem lžím nebo litovali své minulosti.

Zjistíte, že je to všechno dobré a život vás zavedl na kacířovu cestu svobody a volby. Uvědomujete si, že to, čím jste prošli, není absolutně nic ve srovnání s lidmi na celém světě, kteří trpí a nadále trpí v rukou amerického vojenského průmyslového komplexu.

Uvědomujete si, že vaše zkušenosti jsou v širším rozsahu triviální a že jednání vaší vlády nelze odsuzovat. Je to ohavnost. Stydíte se žít v zemi, kde je zabíjení hrou.

Sociolog Peter Berger to dobře vyjádřil ve své malé klasice *Pozvánka do sociologie*, když pojednává o zkušenostech, které vedou k prohlédnutí herecké povahy společenského života:

Takovéto zkušenosti mohou vést k náhlému zvratu v pohledu na společnost – od úžasné vize stavby z masivní žuly až po obraz hračkářství překerně složeného z papírové hmoty. I když taková proměna může být znepokojivá pro lidi, kteří až dosud velmi důvěřovali stabilitě a správnosti společnosti, může mít také velmi osvobozující účinek na ty, kteří více inklinují k tomu, aby se na ni dívali jako na obra, který na nich sedí, a ne. v tom nutně přátelský obr. Je uklidňující zjištění, že obr je postižen nervovým klíštětem.

Všimněte si klikajících očí obra George W. Bushe, když přednáší své „jasné důkazy nebezpečí“ lži pro invazi do Iráku. On a jeho prezidentští dobří přátelé jsou kartonové kreslené postavičky, jejichž oči prozrazují jejich zlé úmysly. „Je to svět Barnuma a Baileyho/Tak falešný, jak jen může být,“ ale všechno by se zhroutilo na kusy, kdybychom my a vy nebyli schopni prokouknout všechny špatné herce, nejen prezidenty, ale celé obsazení. postavy, které zaplňují podívanou zpráv a názorů.

Rusové přicházejí! Ha ha ha. Ano, Olivere, vtip je na nás. Ale není to opravdu vtipné, kromě toho nejsardoničtějšího a nejtemnějšího způsobu, protože nyní skutečně čelíme **jasným důkazům nebezpečí** v důsledku Bidena a jeho bláznivých předchůdců, kteří tak dlouho řídili americkou zahraniční politiku. Přivedli nás na pokraj jaderné války s Ruskem tím, že obklopili Rusko základnami NATO a jadernými zbraněmi, zatímco totéž udělali s Čínou. Bertolt Brecht měl pravdu ve své básni „Těm, kteří se narodili poté“:

*Opravdu žiju v temných časech!
Upřímná řeč je naivní. Hladké čelo
naznačuje necitlivost. Muž, který se směje,
prostě ještě neslyšel
tu hroznou zprávu.
Jaké jsou to časy, kdy
mluvit o stromech je skoro zločin,
protože to znamená mlčet o tolika hrůzách?
Když ten muž tam klidně přechází ulici
Už je možná mimo dosah svých přátel
Kdo jsou v nouzi?*

But once you become conscious that it's lies night and day, it sets your head aswirl and plunges your soul into depths of despair. You are tempted to retreat from such knowledge and talk of trees and trivia.

It's disheartening to see even smart writers fail to understand that the U.S. started the Ukraine war and could end the war with some very reasonable concessions to Russia.

How much money writers are receiving, and who is supporting their sites, is a taboo subject.

Substack is transparent about how many paid subscribers its writers have and how much monthly revenue they get.

Alternative sites like this one depend on the generosity of their readers for donations, and also depend on their readers' desire for the readership grow.

Now is about the time when the leaves start to return to the trees up north. Everyone talks about how beautiful fall foliage is, but spring is the best season.

I am a tradesman, and I am sometimes semi-grateful for affirmative action. Had I been given the positions that I had clearly earned through civil service exam scores, had I not seen the dullards who were my competition for the jobs, I might have sailed easily through life, doing my job, collecting my pension, and trusting institutions to do right. Instead, I was permitted to see the corruption up close and know the world as it really is. Thank you, Mr Scumbag from Personnel who rolled your eyes and sighed as you invented a reason to hire diversity over competence. You taught me a lot.

As everyone knows, or should, more than a million Iraqis died because of George W. Bush, but how many cared?

It's important to name and shame the Jewish architects of the Iraq war.

Robert and Frederick Kagan as well as Kenneth Pollack are influential academics who ginned up support for the war in Washington. Michael Ledeen forged evidence that Iraq had WMDs and advised Karl Rove on foreign affairs.

The Iraqis referred to U.S. troops as “The Jews”.

| recent revelations about Alex Jones's wealth probably don't bother his diehard fans,
| but they should

He's stuck his neck out there, day after day, for all these years and deserves every penny and more. Why should whore celebrities that popularize drug use and other anti-social behavior get all the big bucks? How much is fake Hannity worth even as he lies about the Ukrainian tragedy and sells atrocity porn?

| join him in Army Intelligence to spy on others

The best way to channel the opposition is to lead it. It's all infiltrated and subverted from within, everything. The government has trillions at its disposal and spends freely to make sure it stays in the saddle. This includes the propaganda tsunami of recent years but is not limited to words alone. The government murders people who are a problem, individually or in mass. Just look at the actual record. The US has had no problem in atomically vaporizing huge numbers of non-combatants or dropping hideous weapons that burn civilians to death in massive terroristic attacks. But it's others who are the terrorists, not the holy US of A.

You are living in an Empire of Lies that starts in childhood, the education system being a huge part of managing the minds of the populace. There is nothing about the US that isn't a lie, nothing. People develop a sense of morality and wish policy to be informed by it but that's not the case. Most Americans are living in a fantasy world.

Hard to believe (or maybe not) that Ron Unz, OffGuardian, Lew Rockwell, et al, don't actually throw a few crumbs to those contributors that keep their websites alive, relevant and interesting.

I know that Ron pays his bloggers, and probably also pays his columnists. So why not pay for the content provided by contributors such as Ed Curtin, Laurent Guynot, and so many other that you include and even feature on this little gold/data mine?

So many comedians to make us laugh or cry Mr Curtin. On our better days we laugh.

Much love and respect to you,

| Those old Black and White Twilight Zone presentations

Those old black & white buggers. They do that.

Slick stuff made since just don't and I wonder why. Very possible that time's distance and the cheap and rushed look reek of authenticity. Rod Serling tapped a vein of what Americans were fearing in the late Eisenhower years. The thought pops up that the heart of the USA was a lie too big to examine, left safe in fantasy.

After all these experiences with Bush and Powell's test tube with anthrax, have we overcome such imbecile constructions and raised our level of thinking? Mission accomplished? Obviously, we didn't. Here we have a compact group that bombards us with Bush's rhetoric every day. True, similar characters wrote those speeches for Bush as well. We also have several free shooters here who carry on the best traditions of Bush and have a similar cognitive level of ability. There is also no shortage of frustrated Fkng morons. We have it all.

All the lies purportaded perpetrated are merely a cohencidence. The US has lied all throughout its existence in the name of hegemony. The Jews ARE the architects, but manage to blame others. There's no al-Qaida, nor ISIS. Just the Mossad. These shapeshifters are not loyal to their country as many are dual citizens of the US and the terror state of Israel. Most likely, they'll remain unpunished because I think we've come to the point in America where there's not even a way to dismantle them from their influence and power. The truth is not likely to reveal now.

I remember realizing that Rush Limbaugh was compromised when he prepared his audience in the fall of 2002 for the “last resort” invasion of Iraq by George Bush in March 2003.

He had been to Israel and was a guest at the White House.

Disgusted, I mailed his books I had bought to his office.

I quit listening after tuning in daily for over 10 years.

Every big Newsie Corporation is tied to the CIA/Mossad Intel Syndicate. Even Yahoo is owned by the CIA/Mossad. In other words , every so called ” journalist” is now an alleged Spy, working against those countries that have been targeted by the One World Order. And Gershkovich can blame the Zio USG , if he is indeed innocent, which the Rooskies said – they caught him “Red” handed.

So all you Americanos are supposed to leave Russia – Again. Go back to the States – and be forced to take the Phyzer/Moderna death jab before seeing if your name is on any of those 10 — No Fly, No walk , No Run hit lists. Perhaps everything has been a lie from the beginning and that is why it has never been possible to tell the truth. For centuries the West has based its development and well-being on killing and robbing other racial groups, and it should not be easy to face the criminal nature of that reality.

“They have brought us to the edge of nuclear war with Russia by surrounding Russia with NATO bases and nuclear weapons, while doing the same to China.”

The downside of victory is it ultimately brings defeat – to all.

That should be a salient lesson to everybody as we teeter on the brink of WW III.

It is even more important to name the people who actually did the killing. It's the good patriots and nationalists that volunteer to join the US killing machine and further demand public adoration plus a life time of perks and more than 30 pieces of silver for their crime's against humanity.

Are the members of the US military somehow absolved in complicity for all the actual on the ground slaughter they caused?

Iraq obviously had no nuclear weapons or the slightest capability to deliver even a firecracker on the U.S. But the mainstream media, Senator Joe Biden, politicians galore, celebrities like Oprah Winfrey with her guest, the eventually disgraced Judith Miller of the New York Times, the despicable Tony Blair, et al., all supported Bush's blatant lies.

Mainstream media? You mean the lügenpresse, no? I wonder what powerful group runs this purveyor of truths?

As everyone knows, or should, more than a million Iraqis died because of George W. Bush

Because of W?

You must've missed reading this article, **White Man's Burden**:

Is the Iraq war the great neoconservative war? It's the war the neoconservatives wanted, Friedman says. It's the war the neoconservatives marketed. Those people had an idea to sell when September 11 came, and they sold it. Oh boy, did they sell it. So this is not a war that the masses demanded. This is a war of an elite. Friedman laughs: I could give you the names of 25 people (all of whom are at this moment within a five-block radius of this office) who, if you had exiled them to a desert island a year and a half ago, the Iraq war would not have happened.

<https://www.haaretz.com/2003-04-03/ty-article/white-mans-burden/0000017f-e398-d804-ad7f-f3fa5d520000>

You realize that what you went through is absolutely nothing compared to people around the world who have and continue to suffer at the hands of the U.S. military industrial complex.

It's the MIC, goy!

But it's not really funny, except in the most sardonic and dark way, for we now do really face clear evidence of peril as a result of Biden and his crazy predecessors who have run U.S. foreign policy for so long.

POTUS's don't run US foreign policy. AIPAC and other Jewish Supremacist Organisations do.

In an interview at PBS, the interviewer asked the Jewish mafia terrorist, Paul wolfowitz: is the U.S. better off today as a result of that war? Are Iraqis better off? He lied again and said:

{I think the right question to ask is, are we better off today than if Saddam Hussein or his sons were still in power in Iraq? And, for me, the answer to that is definitely yes. I believe it was the right thing to do. And I think we're much better off as Americans today because Saddam Hussein is not running the second most important country in the Persian Gulf.}

<https://www.pbs.org/newshour/show/the-long-lasting-impact-of-the-u-s-invasion-of-iraq>

wolfowitz has NO shame to hide the motif behind the invasion which was the interest of the Jewish mafia and Israel. He is not only a liar but a terrorist where should be arrested along with other criminals such as bush and tony Blair and other neocons pro Israel and put on trail as traitors, where in many countries including US will receive life sentence.

Then, wolfowitz gave his biggest lie ever to the following question:

{Tell us why you think that is. What do you think the threat would be today?}

wolfowitz without any shame gave the following response:

{Look, I — let's start with a fact which is indisputable. There has not been a repetition of the 9/11 attacks or anything like it in the 20 years since.

That was President Bush's main concern, as it had to be, I believe. President Clinton had been warning about the danger of Saddam Hussein's weapons of mass destruction back in the '90s.}

wolfowitz must understand that NO one believe a word of it. You are a liar because you know 9/11 was designed and implemented by the Jewish neocons/Israel/USG including bush regime. 9/11 was an inside job, that's why we didn't get another 9/11. You cannot implement 9/11 every day, like Israel's bombing of Syria. Israel must be bombed now. Death to Jewish mafia and its supporters.

He continued his LIES:

{And I honestly believe that there's been a misunderstanding, partly caused by our inadequate intelligence, the belief that there was stockpiles of various things in Iraq.}

shame on you liar terrorist. the fucking intelligence was FAKE because you and USG made it up idiot.

You may have noticed how many former military officers, CIA agents, mainstream journalists, pharmaceutical company executives, and sundry other government and corporate bigwigs appear in the mainstream and alternative media to support or oppose government policies. The mainstream ones doing the propaganda they always did, while the alternative ones appear as converts to the dissident faith. No one ever explains how and by whom these people are financed or how their lucrative pensions affect their consciences. “Former” is a funny word. Ha Ha Ha.

I’m tellin’ ya, these people that make a career in government, then as soon as they retire the moral light comes on, apparently, and then they turn to pointing out all of the corruption that they played along with silently, all for money/wealth/pension/mammon of course.

Funny how one’s eyes are opened the second they’re not getting paid.

Existential angst seems to me the result of having too much free time, from my personal experience, and not enough perspective on our brief moment in time. If you think humans were put here by an invisible man in the sky for some arcane purpose, of course you'll be disappointed with "life on life's terms." But if you reckon we are a naturally evolved primate species whose primary social order, like our nonhuman cousins, is male dominance hierarchies, it all makes sense. And look at the spectacularly unnatural environment we live in. Urban life a very recent development in human history, as are incredible luxuries such as automobiles, central heating, indoor plumbing, telephones, even living indoors itself. And our time is not "the end of history" at all. The tremendous strain on the environment to enable this complex infrastructure and massive human overpopulation is unsustainable. Our clever paws have outwitted our facile but very poorly constructed brains, I daresay. Personally I prefer the eastern "spiritual" approach, rather than the institutionalized OCD of western religion – to be in the moment as fully as you can manage, accepting what is without judgment as best you can, while understanding that you can never fully achieve this goal.

Rush was a scam. He bowed to his masters like a dog rolling over on its back for its owner. I lost respect for Rush around 15 years ago when Israel had “courageously” gunned down more Palestinian children and I tuned into Rush talking about those noble and brave and brilliant Israelis fighting against adversity and evil Arabs. That’s when I knew Rush was a fraud, and just an empty boosterist huckster for the Tribe. What’s remarkable is that, when he lay dying, the people who were the most vociferous in wishing him a speedy demise were Jews. Savage, for example, attacked him publicly for crying on air. Kinda says it all about the tribe, doesn’t it? Trump has bent over for the jews for decades, and they still hate him, and he even has jew grandchildren. In order to make this whole medical dictatorship thing run smoothly, the term “dignity” has been narrowly derived from a sense of duty rather than a selfish, individualistic demand for human rights. Where did this harebrained “spirit of militarism” idea come from, that humans must be coerced into uniformity and subjugation as noble acts of decency, that people must be uprooted and cast across oceans, that borders, traditional cultures and national pride must be erased?

Look no further than those who want to emulate German culture:

In 1915 Nahum Goldmann, founder of the World Jewish Congress, wrote a book called the Spirit of Militarism, which he admiringly equates with German culture. (The original in German is called “Der Geist des Militarismus”).

“...the primary thing is not the rights which the individual can demand from the whole, but the duties which he must fulfill towards it.” Demanding rights is “plebeian taking”, whereas the spirit of militarism is a noble sense of selflessness and duty.... because war is NEVER about aggressively taking.

Full text, in German and English:

“The historical mission of our world revolution is to rearrange a new culture of humanity to replace the previous social system. This conversion and re-organization of global society requires two essential steps: firstly, the destruction of the old established order, secondly, design and imposition of the new order. The first stage requires elimination of all frontier borders,

nationhood and culture, public policy ethical barriers and social definitions, only then can the destroyed old system elements be replaced by the imposed system elements of our new order.

The first task of our world revolution is Destruction. All social strata and social formations created by traditional society must be annihilated, individual men and women must be uprooted from their ancestral environment, torn out of their native milieus, NO TRADITION OF ANY TYPE SHALL BE PERMITTED TO REMAIN AS SACROSANCT, TRADITIONAL SOCIAL NORMS MUST ONLY BE VIEWED AS A DISEASE TO BE ERADICATED (transgenderism, anyone?), the ruling dictum of the new order is; nothing is good so everything must be criticized and abolished, everything that was, must be gone.

After destruction of the old order, construction of the new order is a larger and more difficult task. We will have torn out the old limbs from their ancient roots in deep layers, social norms will be lying disorganized and anarchic so they must be blocked against new cultural forms and social categories naturally re-emerging. The general masses will have been first persuaded to join as equals in the first task of destroying their own traditional society and economic culture, but then the new order must be forcibly established through people again being divided and differentiated only in accordance with the new pyramidal hierarchical system of our imposed global monolithic new world order.

Capitalism must be condemned as a fundamental misfortune caused by the wealth of capitalist power exploiting the false separation between the high rulers and the oppressed exploited masses. The masses must be induced to repudiate the concept of personal wealth and personal rights, this second task will also be solved only by virtue of the great guiding principle of the subordinating militaristic spirit in which superior ranks impose

order on inferiors, new world order: “which will bring the true aristocratic principle of “might is right” in that those who can rule – shall rule”.”

Yours is the continuation of the fiction that the Joos did it all by themselves, working in a basement somewhere, presumably. The turdth is that “Whites” stampeded into both wars with blood curdling enthusiasm, eager to kill the “Hun”, “Kooks”, “Slant Eyes”, etc. Whites are the sheep herd and Jews the herders and shepards. Hyaa! Git along lill’ doggies, it’s your misfortune and none of my own”, goes the lyrics to a classic Country and Western song.

As long as Whites project their inadequacies, weakness, cowardice, and denial/repression of who and what they are and did and did not do, the process will continue. The decline will never end.

Wake up and change yourself, just like soldiers and athletes have to do, and quit projecting and picking apart the opposing forces or teams.

I agree that Edward Curtin is a smart writer, but I think you should read what he wrote again.

I will requote his words in defense of what you accused him of Chebyshev: “It’s disheartening to see even smart writers fail to understand that the U.S. started the Ukraine war and could end the war with some very reasonable concessions to Russia.”

Edward Curtin: ” latest Hitlers until Vladimir Putin replaced them”

I think you misunderstood, the flow of what Curtin was writing in that paragraph, and maybe stopped reading the rest..as you thought he was comparing Putin to Hitler – maybe he was, but that is not how I read it.

Then

Edward Curtin:”up to the present day with Biden attacking Russia via Ukraine, etc. All these presidents are liars”

How is he failing “to understand that the U.S. started the Ukraine war” ?

Great Article!

I think it's become pretty clear that our "government" is intent on getting us into a larger war, before the 2024 elections. War time powers are just too intoxicating, and it's also good cover for our house of cards financial system, our bankrupt currency, and the perfect vehicle for crushing state suppression of dissidents. You know, "Us".

They are willingly breaking the dollar, so they can blame it on China/Russia (who are playing their part by getting out of it), and most likely, the "solution" will be a central bank digital currency, which will be the best weapon of suppression every foisted on mankind.

Perhaps they think they can keep that war conventional, by fighting it the way we have the last few- limited engagements, keep it very regional, never try to win outright, but make sure not to lose too bigly.

Basically, WWIII, but fought more like Korea-Vietnam-Afghanistan-Iraq. You know, a "limited" war; Just enough to keep the MIC money flowing, kill a few million of "them", and only a few hundred thousand of "us".

The destroyed economy and currency can be blamed on them, and as with all things "government", the cure will be worse than the disease.

They probably think that having a limited war against China and Russia, will be a lot like fighting in Afghanistan and Iraq at the same time. Just some money making regional skirmishes, that

cost a few thousand American lives, while keeping the MIC coffers over-flowing, and add a hearty dose of jingoism, to make the sour medicine of domestic tyranny go down a little smoother.

And... if you think it was dangerous/unpopular to be anti-war during Vietnam, or the run up to Iraq, just watch what they do after they claim that China & Russia, destroyed our economy and currency, launched a few cyber attacks, and probably give us a couple of Pearl Harbors-9/11's, etc., to get this ball rolling! You'll be an official, LEGAL TRAITOR, if you dare to oppose this war! It'll be like siding with Soviet Russia in 1953.

Do you see what they are putting in this TikTok Bill? They want to make it illegal, to access ANY internet content from outside the United States! i.e. the only info you can get, legally, is state sponsored pro-war propaganda! It's a dream come true for the deep state, pro-war, neocon tyrants and manufacturing consent class.

If you want to know why it looks like our government is trying to start a war with Russia and China at the same time, it's because they are. Ever wonder why we are convincing the world to dump the dollar? It's so we can blame "them", and get to that CBDC.

WWII wouldn't, and couldn't have happened without the preceding world wide economic collapse, and thus, WWIII needs the same thing.

In the long lens of history; Assuming anyone is around to write it, WWI, WWII, and WWIII will all look like sequential chapters in the same book.

Only this time, the "horrible dictator and tyranny" will be in the US, during and after the "war", not before, unlike terrible Hitler in Germany, but more like Soviet Russia after the war. It's all the same game, just the roles changing. The script is identical. Instead of goading Germany into invading Poland, we goaded

Russia into the Ukraine, and instead of goading Japan into attacking Pearl Harbor, we are goading China into attacking Taiwan.

Tariffs, trade wars, currency wars, alliances, jingoism, declaring “them” bad, “us” good... it’s the exact same playbook. The only hiccup is the free and open internet, where people might actually be able to get some truth and perspective, so that’s gotta be nailed shut, ASAP! (you know, like banning RT!)

Not that there is much time left, but if you read volumes of text about the conditions, pre-WWI, and pre-WWII, it’s like watching a three part movie, and WWIII is being hinted at in the teaser “This summer, the action adventure thrill ride of the year, a mind blowing sequel to WWI & WWII, comes WORLD WAR THREE, the final chapter, this time it’s personal!!”

The table cloth is starched and laid out, the dinner plates are neatly placed, the silverware is carefully arranged, and the guy with the water glasses and champagne flutes is on his way over.

The entire stage is set and ready, now, we are just waiting for the lights to dim, the curtain to rise, and the mayhem and explosions to indicate that it has started!

Three... Two.... One... and ACTION!

Nobody was ever punished or held legally accountable for the unjust attack on Iraq. All the dead and wounded, the destruction. Cheney, Bush and all the others live lives of comfort wealth and luxury. No international courts, no arrests. Nothing. The American political elite and its Jewish puppet masters just do whatever they want. Drop bombs on Serbia for 78 days? Hey, no problem. Attack Iraq with bogus accusations? You got it. No moral hazard. Only the elites of Washington can get away with this.

Ed,

Few Americans awake from the illusion they are born into. Even their selected voices of conscience, as you call them, alternative voices, mislead them. I stopped my TV habit in 2000 and kicked my addiction to being lied to and deceived on the internet a few years ago. I use three websites for leads to stuff I don't take seriously. These days I feel lucky to be apart from the bullshit eaters, but I'm lonely since few people agree with me when I tell them it's all one massive lie.

From 2008 to 2019 I lived in Burma/Myanmar, and that was real. There was little access to media and the internet when I arrived. That changed rapidly from 2011 on when the socialist military government let the internet loose. Looking back fondly, teaching in Burma when there was no interference from mobile phones and the internet was divine, really. Students read books and journals, debated, had conversations! Plus, Burma was where I learned what freedom is and the lengths people would go to have it, if only for a short time. I called Aung San Suu Kyi my friend, and she enjoyed teasing me for not seriously learning Burmese.

Now I'm writing stories about Burma, and I could use an honest critical person or editor to tell me what I need to hear about my work. Since I live in North Adams, would you be he that could help? Or point me toward someone locally who can? I'm on Quincy Street.

“The US didn’t start the Ukraine war, the Jews controlling the US did”

What is the obsession with “Jews” ?

If you used the word neocon or “Straussian” aka Leo Straus “German-American scholar of political philosophy who specialized in classical political philosophy. Born in Germany to ‘Jewish’ parents”, then I might have agreed with you...

But the vast majority of people recognised as Jewish in Europe and the USA, with some exceptions in eg Camden Town in North London, aren’t even Jewish – in the traditional sense, like having any ethnic connection whatsoever to what is now known as The Apartheid State of Israel.

They are more genetically connected to Genghis Khan.

“The Mongol campaigns started by Genghis Khan saw widespread destruction and millions of deaths in the areas they conquered.”

So much the same now.

The vast majority of supposedly Jewish people, I have met, even real Jews, I have found to be extremely nice, intelligent, artistic, graceful and peaceful.

The people causing all the problems currently are Neocons, and most of them are Americans

Us English get blamed all the time, and we do share some guilt, but hardly any of us are Jewish in any sense of the word.

Blame us instead. Our current Government is even more useless, than what you poor Americans have to tolerate.

I have never before come across such a bunch of cretins, but almost none of them claim to be Jewish.

I was brought up as Roman Catholic, so don't blame me. I gave up religion at the age of 15, as I suspect most Jews did at least in England.

What kind of times are these, when
To talk about trees is almost a crime
Because it implies silence about so many horrors?

once you come to realize that it was our own government, at the highest levels, and including the entire length and breath of our mainstream media, including our courts and universities, (excepting the University of Alaska Fairbanks), who're *all* complicit, if for no other way, their collective sniveling silence...

to this crime

I can understand what the author means when it seems almost a crime to talk simply of trees, when we are all now living in a nation where evil, mass-murdering psychopaths rule in absolute terms, and use that power to wage illegals wars all over the planet, slaughtering millions of innocents, all based on obvious (((lies))).

To put it in a religious context, it's like we're standing at the foot of the Cross, with His blood dripping down, and how it would be impossible to speak of the goat that went missing, or what's for dinner.

Or, finding out that your step-dad, was the one who raped and murdered your sister, how do you take another normal breath, *knowing* something like that?

how can we live our lives in any kind of normal way, even as these same psychopaths are fomenting WWIII? And doing so in our name, as Americans.

How can any of us ever look at that American flag, in the same way?

Whatever it used to mean, now- today, it means a nation of murderous cowards, indicting a former president- not for complicity in 9/11, (where the Manhattan district attorney would certainly have jurisdiction, and CAUSE!),

but rather some petty non-crime- as a vulgar insult to everyone's intelligence and character.

They're saying, with a bullhorn, that 'we know we did 9/11, and used America to slaughter and maim untold millions of innocents, but now we're going to use our media to drag you all through a grotesque and obscene exercise of our raw power.

All just to rub it all in all of your faces, as we toss more billions of your money and bodies into ((our)) current slaughter-fest in Ukraine.

And there's nothing any of you can do about it.

But talk of trees..

| Existential angst seems to me the result of having too much free time, from my personal experience, and not enough perspective on our brief moment in time.

But the alternative is working to death. What's the good in that? Keeping busy today means doing a corporate, computerized job which is soul destroying. At least back in the day when man farms he could feel proud of the hard toil in the sun(not to mention it was better for him physically/health-wise).

I think the purpose of life is to be loved/be in a belonging and to try and find the meaning of life rationally. Probably the answer will come from outer space. Astronomy isn't given much focus and attention. Building giant radio discs to catch/send signals should be a top priority.

The problem is no government seems to prioritise all this and create a system that enriches the personal life and the intellectual.

everything mentioned in your comment is the reason Putin went into Syria

and it is the reason Russia and China and the entire non-ZOG aligned world, (including increasing numbers of those citizens living under ZOG's boot), are supporting Russia in this conflict.

In the same way that WWII set the tone for the ZOG dominated post-war world, now it is the war in Ukraine that is going to determine if the power you speak of, (ZOG), is going to prevail as the 'unilateral' power, where all the things you rightly catalog, are going to be manifest over the entire planet, for at least the 21st century, and beyond..

If the world's people, including (perhaps especially) all the citizens of Europe and North America – (and especially Poland and Germany and Ukraine!), do not want to live in the kind of world were the (((perpetrators of 9/11))) are free to destroy nation after nation, while operating a torture camp for anyone who objects, then they should be supporting Russia, as with their every heartfelt breath or hope for any kind of future.

To simplify, the war in Ukraine is a war of the non-aligned world vs. the ZOG-aligned world – ((the West))..

..to determine if the 21st century is going to be ruled in absolute terms by ZOG, or whether or not China and Russia and India and all the rest, (including all the honorable people still languishing in ZOG nations like the ZUS and Canada and France, etc..) can prevail against this fiend, and make the 21st century a multi-polar world, with ZOG as a defeated zhid, licking his shekels in eternal, existential angst.

Some have said that, in the modern era, *almost no one* makes it to the very big time in America without being controlled. In entertainment, media, celebrity world in general, maybe professional sports (not sure), politics, big business, etc.

When you think of mediocre ‘talents’ like Oprah, Limbaugh, Rogan, many cinema stars, some Congress critters and sooo many others and wonder how they became so successful and rich — well, supposedly, they were *allowed* to as long as they play ball.

Apparently, even the very talented ones will be managed in a way that if they don’t cooperate, they won’t get the opportunities or funding required to become mega successful.

I think that whole premise ^^^ is likely more accurate than not.

Are the members of the US military somehow absolved in complicity for all the actual on the ground slaughter they caused?

Obviously, American troops are responsible for any killing they do during a war. But their moral culpability for this war in particular and its disastrous consequences is close to zero, given that they were sent overseas under false pretenses.

The Bush administration and the media fed the general public, including the military, tons of propaganda about how Saddam was a looming threat to America because he was gearing up to attack America with nuclear or biological weapons. If you were a sophisticated news consumer, then you probably knew these were all lies. But military enlisted men and even officers, like most Americans, simply believed what their government was telling them. So, from their perspective, all the destruction they caused on the ground in Iraq was necessary in order to prevent future massive terrorist attacks in America. This was wrong, but you can't expect the average grunt in 2004 to recognize that.

Of course, the troops were responsible in a purely kinetic sense for the bloodshed, since they were the ones firing the rifles. But members of the military are always going to participate in a war when their government tells them it's a just one – that's why the mostly Jewish neoconservatives who instigated the war deserve the overwhelming majority of the blame.

You can't eat them, but you can burn them – keep you warm. We have got a chimney.

I would thoroughly recommend, as it was my book at bedtime, when it came out.

It’s the rationalizations like yours that keep the same crimes occurring over and over again. Of course the grunts are totally responsible for their actions. The lies told at least since Vietnam should have told anyone with an ounce of intelligence that the stories were bullshit.

Further, the US military is a volunteer force of self identifying moral cretins willing to follow any order given to them and their actions prove that they do indeed do whatever they are told.

If memory serves, the US has had only 16 years without a war in it’s entire history. To claim Innocence when killing people not on US soil, in their country, is the act of an aggressor not a defender.

The US tacitly admitted to war crimes recently when Lloyd Austin didn’t want to press for Russian war crimes in Ukraine, since the US has done orders of magnitude more.

One must be aware that one's actions are criminal before one can be found guilty of the crime.

I think most of our warriors are too stupid to know that they have committed crimes.

Like the real world said, no one gets far without controllers.

Mobbed-up bankers like Jamie Dimon are no exception. Dimon evidently could shoot the president and get away with it, in fact that's the only felony he hasn't committed yet. And when bots start saying that CIA works for bankers, don't waste your breath, just kick them in the nuts. Whitney Webb, Dave McGowan's heir as the one who figured out how the world works, has dissected Dimon's elevation by transnational organized crime, i.e. CIA.

Your comment threw me back several years to when I spent several months with the Macuxi Tribe in Northern Brazil. Afterwards I wrote a whole article for a newspaper but they refused to publish it because it denigrated our wonderful society and argued that “primitive” people know a lot more than we give them credit for.

Basically, the Indians were initially seduced by the White Man’s world and possessions only to find the cost too high. Some examples:

-A tribesman wants a shotgun for hunting but one shell costs the equivalent of \$10 US. He must work for that. All too often, his employer pays him a salary and then deducts this that and the other leaving the poor Indian with nothing. Besides, a shotgun makes a lot of noise sending all animals fleeing. A blowgun or bow/ arrow costs nothing and is silent. Several kills can be made in the same area

-The Tribesman may not own the latest Cadillac but he is free. Whether The Fed raises the rates or not, whether there is a supply problem from China is irrelevant to him. The bush provides all he needs and he does not have to kiss anyone’s ass to live.

-The Indian is a jack of all trades and dependent on no one, he can plant, build his own house etc. The bush provides all the medicines he needs. There is a tree that produces a gum used to seal and disinfect wounds, another gum is used in dental cavities. This seals the cavity and causes the tooth to crumble. Hence no thousand dollar bill for extraction.

-There was no crime in the village. Miscreants are driven out and even murdered. There are a lot of problems buried in the Savannahs.

We in the civilized world are headed into dangerous times. We depend on the Government and Companies to provide all we need. I often wonder what will happen when water, heating, food, internet etc is unavailable in our mega cities. We have people who have never seen a cow and believe that potatoes come from the supermarket. It seems to me we live in golden cages and when the bird keepers dont give us feed and water the rabble is going to run amok. The Antifa riots of a few summers back is going to be child's play.

It is with real amusement I read and hear about Preppers. People who live in the city cannot survive in the bush, I dont care how many videos or how much prepping they do, these people live in a fantasy world !!!

The high flying high faluting city slicker scorns the knowledge of the Indigenous People. The day is coming I fear when we will have a few precious moments to rue our arrogance before we die.

Our society has evolved into one where we are useless and depend on “experts” for our basic needs and extravagances. I have a nasty feeling we have set ourselves up for our own destruction.

The Western MSM is a SEWER of lies. How could it be otherwise, being entirely owned by the real rulers of the West, the parasite elites? Chomsky and Herman outlined how it was a propaganda system for those elites thirty years ago, in 'Manufacturing Consent', and it has grown far worse since. And it's not so much that the presstitute vermin lie, although they often do. They simply follow orders, because their well-paid jobs, in a era of increasing mass poverty, are at stake. These orders need not be explicit. They can be communicated by a warning when Thought Crime raises its head, or when an honest colleague is ousted for telling the truth. Moreover, the scum are carefully selected these days, with the old danger of apostasy from those recruited from the pleb strata, having been eliminated. Graduates from the 'best' universities and schools only, thank-you.

A perfect example is the behaviour of the rabid hyenas of the Austfailian MSM. In 2011 they gave Assange the Walkley Award, their highest acknowledgement, yet within a year he was assailed en masse as a 'rapist'. The she-male feminazis led the charge, but NONE, male, female or 'trans', dared speak in his defence, and now, as he is slowly murdered by our US and UK masters, he has been disappeared entirely. These are among the very worst filth that humanity produces, yet their self-serving arrogance simply grows and grows.

The Planet-wasting disease called “civilization” lays-waste first and foremost to the half-lives of those Humans who fall prey to its seductions...the cold comforts and crippling conveniences mentioned by “Anon” here being prominent among them. Once reduced to effective helplessness within the Natural World, these captives are put to work, by the tormenting entities whose “process” presents here in the LivingLoving Arrangement of Earth and Sky as “civilization,” degrading the material expressions of Living Forms into the various types of degenerate energy upon which they subsist.

In its terminal stages the disease process no longer needs the “help” of hapless Humans, and they are dispensed-with through such “mechanisms” as war, famine, and sickness. This latest and last outbreak of the disease is deep in its terminal throes now. So the dire prognosis of “Anon” here is all too likely to be an accurate one.

There is, though, something else going on here in our LivingLoving Arrangement. It is the HeartSong and MatingDance of Life Herownself and Love Hisownself, in whose image and likeness, Male and Female, we are HumanKind and most every Kind, made.

We are given a place in The LivingLoving Arrangement, an Organic Function to fulfill. We all have our specific Organic Form in which abides the Organic Integrity essential to fulfilling our Function.

The Organic Function of HumanKind as-such is that of a component of the Living Arrangement’s natural immune system. Our Organic Form has no word for it in “modern” languages. The languages of most surviving Free Wild Peoples do have

specific words for it. In Lakota, for instance, it is Tiyoshpaye. It is the name for that biological and social configuration of Humans that contains all the needed knowledge and skills and genetic diversity enabling its members all together to engage in a mutually beneficial Way with the Whole Living Arrangement, and to come together with other Tiyoshpayes in that certain Way that brings healthy new members into them....so that they can remain over generations fulfilling our Function within The LivingLoving Arrangement.

The immune-suppression regime of the wasting disease targeted the Human component of the immune system. By infecting susceptible Humans with a wannabe parasitical “self,” the disease rendered them organically dysfunctional. They became the agents of what today would be called auto-immune disorder. Once essential to the operations of the disease process, they are now, as mentioned earlier, redundant and slated for elimination.

Yet, even co-opted and compromised, our domesticated Sisters and Brothers remain Human in their essential nature. By getting over the organically crippling sickness that is their own too-precious “self,” they can regain their capacity to come spontaneously together with each other, recovering the Form and Integrity essential to fulfilling our Function.

So that we might yet together arrest the “progress” of the wasting disease short of its end state. Even if we don’t quite get there, though, we sure as hell haven’t anything better to do. So let’s!
