Vyslání amerických vojáků na Tchaj-wan je „na stole“, říká předseda Sněmovny reprezentantů pro zahraniční věci USA Michael McCaul pic.twitter.com/b5EDQ7d3Rr

Tak to se vyostřilo rychle.

Vážně – před pár lety byl prezidentem Donald Trump a celá diskuse o Číně se týkala obchodu. Teď jen otevřeně vyhrožují Číně válkou?

Jaký je účel tohoto?

[RT](#) :

Americký Kongres by povolil přímou vojenskou konfrontaci s Čínou, pokud by Peking zahájil útok proti Tchaj-wanu, řekl v pátek večer Fox News předseda zahraničního výboru Sněmovny reprezentantů Michael McCaul . Republikánský zástupce Texasu hovořil z Tchaj-peje během třídenní návštěvy delegace obou stran na samosprávném ostrově.

Američtí zákonodárci by souhlasili s položením bot na zem, pokud lidé v USA toto opatření podpoří , řekl McCaul, aniž by upřesnil, jak přesně by se taková podpora měla měřit. „Pokud by komunistická Čína napadla Tchaj-wan, bylo by to jistě na stole a něco by bylo projednáno v Kongresu a s americkým lidem,“ řekl a dodal, že „pokud to americký lid podpoří, Kongres bude následovat.

Jo, protože diskutovat o věcech s americkým lidem je něco, co se v Americe děje.

Mimochodem, jsem sarkastický. To se nikdy nestane. Vláda si dělá co chce a lidé to prostě musí vzít.

To znamená, že v tomto bodě jsou Američané tak tlustí a tak posedlí análním sexem, že pravděpodobně podporují válku s Čínou, protože považují všechny zdravé heterosexuály za existenční hrozbu pro svou existenci.

McCaul však trval na tom, že „konflikt je vždy poslední možností“ a návštěvu americké delegace popsal jako způsob, jak „poskytnout Čínu odstrašení“. Americko-čínské vztahy již dříve narušily návštěvy amerických delegací na Tchaj-wanu, který Čína považuje za nezcizitelnou součást svého suverénního území.

Zástupce také tvrdil, že diskuse o potenciálním použití síly Amerikou v indo-pacifickém regionu slouží jako „odstrašující prostředek pro mír“, protože „v Pacifiku nemáte NATO“.

Jinak by to znamenalo pozvat „agresi a válku“, tvrdil McCaul.

Dobrá takže.

Uvidíme.

Je tu tolik různých vrstev keců. Je to všechno velmi zřejmé a pro mě dobře srozumitelné, ale zjevně to není zřejmé každému.

Za prvé, myslím, že každý pochopí, že celá věc s „obranou demokracie“ je nesmysl. Demokracie nikoho nezajímá a nikdo ani neví, co to slovo znamená. Civilní zastánci demokracie ji podporují, protože milují gay sex, zatímco vládní lidé to používají jako záminku pro válku a terorismus.

Je zřejmé, že jde o nějaké „strategické cíle“. Ale to je také úplná blbost a já vám řeknu proč.

Každý chápe, že Tchaj-wan je fakticky americkou okupací částí Číny. USA pomohly nacionalistům uprchnout na Tchaj-wan během komunistické revoluce Maa ve 40. letech a po ní a poté jej založily jako americkou základnu vlivu v Číně. V té době se tvrdilo, že tchajwanská vláda je konkurenční vládou – „Čínská republika“ je v kontrastu s pevninskou „Čínskou lidovou republikou“. Cílem bylo, aby se tchajwanská vláda nějak nakonec stala vládou celé Číny.

Obecně se však Tchajwancům líbilo být součástí tohoto projektu ne kvůli nějakým vágním, matoucím, spleťtým „hodnotám“, ale proto, že na tom byl Tchaj-wan finančně lépe než pevnina. V posledních letech, kdy pevnina zavedla lepší kvalitu života a lidé velmi bohatli, se linie mezi Tchaj-wanem a pevninou začaly rozpouštět. Mezi těmito dvěma místy panoval otevřený pohyb se všemi druhy obchodů tam a

zpět. KMT, což je strana nacionalistů, kteří založili Tchaj-wan, do značné míry podporuje úplné znovusjednocení pod pevninskou vládou Si Ťin-pchinga, protože to je považováno za to, co je pro obyvatele Tchaj-wanu ekonomicky a kulturně nejlepší.

Takže vše bylo v pořádku a v pořádku. Tyto dvě části Číny směřovaly ke znovusjednocení. Byl tam však jistý neklid a pevnině to bylo vlastně jedno. V 70. letech 20. století USA již uznaly „politiku jedné Číny“, která říká, že Čína je pouze jedna a cílem je případné znovusjednocení. Nebylo potřeba spěchat.

Věci se začaly zhoršovat v roce 2016 zvolením té ošklivé staré feny Tsai. Je to postava válečného štváče, spojená s neocony.

Ale ačkoli její zvolení bylo negativní událostí, všichni si uvědomili, že nebude u moci dlouho, protože vlny se obrátily k míru mezi Číňany. Pak zničehonic nastoupí Joe Biden do úřadu a začne totálně šílet. S touto příšernou ženou Tsai začne bezdůvodně účelově pohoršovat pevninskou vládu. Začne plout válečnými loděmi dovnitř a ven, začne létat s válečnými letadly tam a zpět, začne pronášet všechna tato nehorázná tvrzení, v jednu chvíli jde tak daleko, že prohlásí, že Tchaj-wan je nezávislá země. Toto tvrzení vláda ČKS považuje za válečný akt, protože ve skutečnosti jde o jakési měkké vyhlášení války.

Biden nejprve v roce 2021 zrušil všechna omezení omezující vztah USA s Tchaj-wanem. Pak začal agresivně vyzbrojovat tchajwanskou vládu a vyslal Nancy Pelosiovou, aby vytvořila tuto strašnou, ponižující scénu pro ČKS.

Čína na to samozřejmě musela reagovat a začala vojenská cvičení a dostanete se tam, kde jsme nyní.

Jde o to, že celý problém vytvořily Spojené státy. Problém vznikl poprvé ve 40. letech – možná s dobrými úmysly – a ten se přirozeně vyřešil, dokud v roce 2021 nezačali eskalovat agresi.

Nyní jsme v bodě, kdy vláda otevřeně vyhrožuje Číně válkou.

Pokud mají USA na Tchaj-wanu „strategické cíle“, nebyly tyto cíle ohroženy, dokud USA nezačaly situaci zhoršovat a nedonutily Čínu reagovat.

Jediný způsob, jak cokoli z toho dává smysl, je, pokud je zřejmé, že je pravda: Spojené státy mají v úmyslu svrhnout vládu Číny a používají Tchaj-wan jako klín k vyvolání konfliktu, který, jak se domnívají, vyústí v kolaps pevninské vlády.

Důvod, proč by to chtěli, je ten, že chtějí jasnou globální dominanci a nechtějí žádný jiný systém ohrožující jejich „demokratický“ řád gay sexu, feminismu a podřízení se Židům a židovským hodnotám.

Svržení cizích vlád, zvláště když nejsou nepřátelské a byly donedávna považovány za spojence, není platným „strategickým cílem“ ve světě spolupracujících národů. To jsou činy zlotřilého státu.

Jde o to, že celý svět vidí, co USA dělají. Všichni, kromě tlustých, homosexuálních Američanů, jsou schopni vidět, že Čína není agresor, Čína projevila extrémní zdrženlivost a USA byly fixovány na vytváření a následné eskalování napětí.

Obecně je světu dost špatně z toho, že Spojené státy chodí po světě a dělají lidem problémy. Žijeme v technologické době. Neexistuje žádný důvod pro zaostalé barbarství, které USA představují. Národy mohou a měly by spolupracovat jako nezávislé národy, ale USA jsou fixovány na globalistický řád, kde neexistují žádné národy, žádné rasy, žádná náboženství ani identity – chtějí, aby vše bylo podřízeno bezbožnému světovému systému ovládanému Židy.

Duhová vlajka je absolutním symbolem židovské nadvlády nad národy. Podpora gay análního sexu je neslučitelná s jakýmkoli náboženstvím, s každou tradiční identitou. Pokud vyvěsíte duhovou vlajku, zcela se podřizujete globalistickému systému tím, že popíráte každý aspekt své identity. To je důvod, proč jsou tak posedlí gay sexem a proč se zdá, že gay sex je hlavním významem „demokracie“. USA jsou spojenci všech zemí, které vyvěšují vlajku gayů, a jsou nyní nepřátelské vůči každé zemi, která vlajku gayů nevyvěšuje. Dříve měly USA vztahy s islámskými zeměmi, které byly proti gayům, ale tyto vztahy téměř skončily.

To vše se zjevně dostává do nějakého druhu, vzhledem k tomu, že USA se stávají stále více izolovanými a stále nepřátelštějšími vůči vnějšímu světu (všichni mimo Evropu, Austrálii a Japonsko).

Za to všechno mohou USA. Všechny ostatní národy – včetně Severní Koreje – se pokusily uzavřít mír s USA a USA zahnal všechny podobná gesta.

Pamatujete si, když Trump chtěl znovu sjednotit Koreje a Kim s tím byl na palubě? Pamatujete si, když do toho šel John Bolton a sabotoval celou věc, doslova z jiného důvodu, než je sklon ke globální válce?

Toto je skutečně jádro rozdílu mezi Trumpem a každým dalším americkým politikem: chtěl mírový a prosperující svět, kde je dovoleno existovat národům a kde všichni ostatní v americké vládě – včetně a možná dokonce především republikánů – chtějí dominovat. svět a přinutit všechny mít gay sex s muži.

Jediným řešením v tuto chvíli je, aby USA padly na hubu, byly odstraněny ze světové scény a aby se nezávislé národy spojily a odmítly být součástí tohoto „análního světového řádu“.

Vidíme, že se to nyní děje. Všichni se scházejí, kromě západních národů, které jsou hluboko v análu.

Situace se vyřeší mírovou cestou nebo masivní světovou válkou, ale bude vyřešena poměrně brzy.

Jsem přesvědčen, že lid Tchaj-wanu se nenechá zatáhnout do války jako lid Ukrajiny. Tchaj-wan je svobodná společnost a viděli, jak životní úroveň lidí v Iráku, Sýrii, Libyi a na Ukrajině následuje naši „pomoc“ při jejich osvobození od všeho, co si naši váleční štváči představovali.

Washington DC opravdu, opravdu chce, aby Tchaj-wan šel do války s Čínou, a stejně jako oni byli trpěliví a vytrvalí s Ukrajinou, naši váleční štváči se jen tak nevzdají.

Koneckonců, utrácíme 800 \$ + miliardy dolarů ročně na naši armádu, takže abychom ospravedlnili pokračování těchto masivních rozpočtů, potřebujeme neustálou válku, a v případě Tchaj-wanu potřebujeme válku v záloze pro případ, že by Ukrajina zmoudřela a řekla ne mas.

It's no wonder that non western world governments are turning away from the US now that there is an alternative available. A foreign policy of building stuff in your country is more attractive than a foreign policy of blowing stuff up.

“This is really the core of the difference between Trump and every other American politician: he wanted a peaceful and prosperous world, where nations are allowed to exist...”

Every good Republican businessmen, whose products could benefit from exposure to foreign markets, knew that peace was good for business. Formerly, the goal of Republican meddling in other country’s affairs was to open them to American business.

The goal of Democratic meddling is to open foreign markets up to acceptance of corrupt sexual practices. The successful spread of the entire American media project depends upon preparing the soil of the targeted country for acceptance of loose sexual mores. Only a society that has been corrupted by a loss of sexual decency would tolerate Hollywood’s and American computer software influence. And with the Trojan Horse of tolerance for sexual deviance, a foreign nation opens itself up to corrupt influence in every corner of its life. This is what Freud meant by saying sex is the key to everything. Bernays knew this. Soros knows this.

Once you make a pervert of a person, their sense of shame drives them to rationalize their behavior by “tolerance” for virtually anything. So as not to kill themselves, a person who has shamed themselves is driven, by a strange dialectic, to forgive and forget any and everything. Once you’ve sinned against yourself, you must, if you won’t or can’t receive absolution, carry on in a state of condemnation while acting as though everything is permissible. You must not judge.

This is what Soros means by an “open” society. It is a society of corrupted, deeply self-ashamed people who dare not look themselves in the mirror and see what is really there. To conceal their shame from themselves, they adopt all manner of

disguises: some sporting green or purple hair; some, masochistic piercings and defiling tattoos; some even going so far as to alter their sex through surgical mutilation. The face looking back at them from the mirror must not remind them of who they had been before they indulged themselves. A modern *Rake's Progress*, they too end in madness.

With every new issuance of dollars, the value of the dollar declines. \$800 billion here, and \$800 billion there and pretty soon you're talking about a hyperinflated currency. It's easy to see that whoever is behind this shit means to absolutely ruin the USD and to bring about a collapse.

All this warmongering is just the pretext. The goal is a financial collapse. The BRICS+ countries are escaping the crash that is coming, which shows that at least some sanity remains.

No, it's not Anglin who is obsessed with anal....it's the loony weirdo jews that run the whole shitshow.

Everything he says regarding the anal regime is 100% true.

It's absolutely INSANE the way the small hats push buttsex on the rest of the world as if it's humanities' highest value.

In fact, from the looks of it, the jews' obsession with anal will be the reason for their downfall and loss of power, because most of the world does NOT view homosexuality as normal and beneficial.

China rejects buttfucking, Russia doesn't want it, Iran and Saudi Arabia don't want it, etc.

The BRICS have more common sense decency than the small hat regime that lords over us. Personally, I would be happy if I didn't have to hear another word from the LGBTQ community. They should go back into the closet and stay there.

| What is the purpose of this?

There is no well-defined purpose to much of anything being pursued by our elites except their own personal gain. The elite in Western societies are just largely incompetent and/or uncaring now. They do not have political philosophies, they do not think for themselves, they chose from a limited selection of ideas that exist in the media landscape and run with them. The decline of educational standards and the decline of objective selection metrics in society has produced an elite who do not deserve to rule by their own merits.

It would be one thing if we were being ruled by 160 IQ Machiavellian psychopaths that were well studied in history and political economy – I could at least respect the fact that I couldn't compete in that world and I couldn't handle that position of power/authority. But we are ruled mainly by midwits who had their positions in life arranged for them by others, a great many of which are unimpressive Jews who did not deserve to go to elite colleges and do not deserve their station in life.

The well defined purpose is to destroy white Christian people worldwide, to be sure that we do not do anudda shoah. (Of course, I would argue that we didn't do the first one)

The goal is to holocaust-proof the western world by wrecking Christendom with crazy wars, fag rights, feminism, outsourcing, abortion, inflation, demoralization, election fraud, persecution, censorship, and general marxist tyranny.

all china has to do is go full embargo on taiwan, if they give them any shit. that's right sanctions, oh how i'd love to hear the butthurt, zioneocons howl about how that's illegal and then try to explain how it's any different than what they've done to cuba for the last six decades. hopefully the chinese will figure out how toothless, the paper tiger really is and start to have some fun with the situation, further humiliating the impotent former hegemon.

Does Anglin know how many homosexuals there are in China?

Does Anglin know what percentage of people in China were forced to get “vaccinated” against a non-existent “disease”?

Does Anglin know that Winnie the pooh is banned in China because Xi Jinping wanted it so (2013)?

Does Anglin know what percentage of Chinese citizens who are not ethnic Han (Chinese)?

And the last question. Anglin campaigned for Trump (openly pro-Jewish, pro-Israeli, absolute servant of the god of Capital), for Putin (pro-Jewish, pro-Islamic, pro-Chinese, anti-Slavic, anti-(ethno)Russian), for Xi Jinping (absolutely pro-Chinese national capitalist/fascist, an anti-European buyer and monopolizer of everything he can reach in Europe and on the whole planet), Anglin is still “obsessed” with the “good angel” who appeared to him (2017?) and “revealed the truth” and showed the way to “God” and explained what he should do (ānjǐeryòng rénmínbì fù duōshǎo qián?)?

@Robert Dolan

They know that the way to control a man is to “influence” his lusts, his appetites. Just as Freud advised, arouse a man’s passions, put his SuperEgo to sleep with drugs or booze and you can lead him around by the ring in his nose. So they control(led) the vices: gambling, prostitution, pornography, liquor distribution, the numbers rackets, horse racing, illegal drug distribution etc. Their aim is to deprive the mark, European man, of his rational and moral faculties. Aided and abetted by their stranglehold on the Media, the average person doesn’t stand a chance. Make a man an addict to his own appetites and he is your slave.

“Well, if he doesn’t want to partake, he’s free to abstain. No one’s forcing him to.”

Of course, that’s disingenuous. It’s pretending that the manipulator is offering the mark a free choice between reasonable alternatives when actually, the table is tilted; the mark has already been seduced because of his susceptibility to the cravings of his appetites. And they know this. The entire study of behavioral psychology is devoted to manipulating—“learning” they call it—an animal via its appetites. Running a maze, pressing a button or pulling a lever, the experimental subject “earns” its “reward” while the white-lab coated experimenter looks down from his Olympian heights, not interfering directly, just “influencing” through offering different fundamental rewards and punishments. How benevolent! “Simply letting them make their own ‘choices,’” he would say.

As for Taiwan, the USA recognises Taiwan as a part of China and that’s the reason they do not have an embassy in Taiwan.

The goal is to holocaust-proof the western world by wrecking Christendom with crazy wars, fag rights, feminism, outsourcing, abortion, inflation, demoralization, election fraud, persecution, censorship, and general marxist tyranny.

The “Holocaust” (as I suspect you know) has nothing to do with it. Look at this list of “expulsions” concocted by the Jews (which includes the “Holocaust”).

https://en.wikipedia.org/wiki/Expulsions_and_exoduses_of_Jews

No note of the context in any case. This is a list of Jews being Jews (which means agitating dumb goyim, by design, to keep themselves a lean, mean, fighting machine) and then rewriting history to claim they were “persecuted.”

Jesus Christ said: *Enough of this crap. You will never be at peace, because not only is Jewing about tribalism, but its become primarily about money, corruption and inside jobs, and maintaining these Talmudist freaks, perverts and money-crazed psychopaths as the moral authority.*

They promptly had him executed, which was the biggest mistake they’ve ever made. We’ve come to live in the the Christian era ever since (look at the year: AD).

These little kikes and their stooges are trying to reformat history. These little kikes and their stooges include a lot of corrupt little shabos goyim who know exactly what the ((jews)) are doing, and wanted to dip into the wealth of the minority organized crime and shakedown racket and moneychanger scheme, from Zionist right to Marxist left.

The Anglosphere has always lacked Christian integrity, and it has finally succumbed to wholesale Marxist-Zionist gangsterism.

I want to reformat the saboteurs and deviants to put us back in alignment with the modern Christian era we're living in.

Good overview of the situation.

“...The situation will be resolved peacefully or through a massive world war, but it will be resolved relatively soon.”

The situation will be resolved peacefully. Why? Because America is weak and the rest of the world knows it now, due to Gramps' feckless and absurd foreign policy.

In Afghanistan, Gramps merely cut and ran leaving American allies to be slaughtered by the Taliban.

Sucks to be an Afghan ally of the US.

In The Ukraine, Gramps has again demonstrated the US' weakness and worthlessness as an ally. Putin is proving that he can defeat and destroy the best that US-led NATO armed forces can offer even with 8 years for the Ukro-nazis to prepare, using only the Wagner Group, a private group of mercenaries, without having to use the actual Russian Army. Gramps is going to cut and run from his Ukro-nazi allies sometime this year to avoid having the issue for the 2024 elections.

Sucks to be a Ukro-nazi ally of the US.

As a bonus, Gramps bombed the Nordstrom pipelines cutting off any potential economically viable source of natural gas to Germany. No doubt Germany thought it was an ally of the US. Turns out the US views the relationship between the two countries not as a partnership, but rather the relationship between a pimp and his whore.

Sucks to be a German ally of the US.

Russia is brokering a peace between Syria and Turkey, bringing Syria back into the Arab League after which they will expel the oil-stealing American military from NE Syria and America's

Kurdish allies will get the shaft just like the Afghans and Ukro-Nazis.

Sucks to be a Kurdish ally of the US.

Russia and China are spreading peace and prosperity around the globe including brokering an end to Gramps' murderous Yemen adventure, helping resolve disputes with India and building rail links from Shanghai through Central and South Asia and ultimately through a pacified Ukraine to Europe.

And the Taiwanese look at this and ask themselves “do we want to be like the Ukrainians and sacrifice ourselves on the altar of American globalist pretensions?”

I think we all know the answer. The Taiwanese will say to themselves “sucks to be a US ally” and quickly agree to be annexed by China.

And the US will do absolutely nothing, nothing at all about it, other than blather.

As a modern master of the Philippic, Anglin knows his rhetorical techniques. And anal is an apt synecdoche of CIA crime. He knows the CIA regime exterminated homos with AZT. But the anal wink of an aging cocksucker is a good symbol of CIA's terminal collapse.

If there is an irreducible core to this regime, it's a dick that you cut slits in, over a period of weeks, so it scars over and blows up like a balloon dachshund at one of John Wayne Gacy's birthday party clown shows. Because that's what CIA fights wars to protect. Dickslitting to elicit false confessions for war propaganda.

lost me at “Trump wanted a peaceful and prosperous world”.

Is the “writer” a troll or an idiot? Trump was desperately trying to start a war with Iran on Khazarian’s orders from his “smart son-in-law”, was trying to aggravate CHina anyway he can, was fine with sending weapons to Ukraine, aggravated and humiliated Russia by seizing the embassy (while pretending to be pals with Putin for which he got smeared), attacked Syria with missile, etc. I firmly believe if Trump had gotten a second term, he would have attacked Iran, Iran would have responded by attacking Israel, and human civilization might not even be existing right now.

Madame Tsai's Democratic Progressive Party has been opposed to the One China policy advocated by both Mainland China and the rival Kuomintang Party. This is basically a disagreement between the long-time Chinese inhabitants of Taiwan and the relative newcomer (post 1949) Kuomintang supporters. The Kuomintang is dedicated to the one China charade, while the DPP supports the *de facto* independence of Taiwan. Of course, this support has also been *de facto*, since a declaration of independence would be tantamount to a declaration of war with China. As suggested by their "progressive" title. Madame Tsai and her party are supporters of sodomy as well as *de facto* independence.

You’re intellectually dishonest.

”

Fleeing the Manchurian conquest of the Ming dynasty (1368-1644), Ming loyalists under Zheng Cheng-gong, or Koxinga, drive out the Dutch from Taiwan and establish authority over the island.

Taiwan under Qing rule refers to the rule of the Qing dynasty over Formosa (coastal areas of modern-day Taiwan) from 1683 to 1895. The Qing court sent an army led by general Shi Lang and annexed Taiwan in 1683. It was governed as Taiwan Prefecture of Fokien Province (Fujian) until the declaration of Fokien-Taiwan Province in 1887.”

McCaul insisted [snip] “...something that would be discussed by Congress and with the American people”

man, that is funny. Just because this posturing on Taiwan isn't fake enough, they're pretending that the Jew.S. Congress still has such power?

It wasn't too long ago that the chew puppet McCaul “led over 100 Republican House Members in a letter to President Biden supporting Israel's right to self-defense. The letter calls on the President to maintain U.S. security assistance to Israel without any added conditions. The letter also urges the President to undertake efforts to weaken Hamas, including by targeting Iran's support for Hamas and sanctioning Hamas for its use of civilians as human shields.”

He sure does mention it a lot – but, to be fair, it is hard to deny that sodomy is at the center of American establishment propaganda. The fact that top politicians in Washington are willing to alienate such important countries as Saudi Arabia by lecturing them on the importance of man-on-man butt sex might seem surreal, but it is happening.

That aside, what I really want to comment about is Andrew’s “obsession” with anal sex. I think a lot of folks reading these articles on UR do not quite understand what Daily Stormer is. Most of the readers here at UR are well into their adult years. But Daily Stormer is not written for adults. It is written to appeal to young men in their formative years – i.e. teenage boys, high schoolers and middle schoolers. Its main target audience is Gen Z and younger.

So Andrew’s articles may seem a bit repetitive and it might seem like an obsession that he boils everything about American foreign policy down to GloboHomo. But that is because he understands that his target audience is not going to pay much attention to scholarly explanations about why war with China or whoever is a stupid idea. Instead he is trying to build a critical mass of young men who oppose these stupid things by associating war with faggotry. Remember if things actually end up popping off with Russia and China it is these kids who are going to be the cannon fodder. They don’t need lectures about the petrodollar and China-dependent supply chains; they need it drummed into their skulls that WWIII is a war for “kikes, faggots and niggers.” That is something they can easily understand and an effective anti-war message for a generation of white males who have faced anti-white/anti-straight propaganda their whole lives. And heck, it’s true enough.

I am sure Andrew would rather write profound novels or other great works, but few of us ever achieve what we really want. When he gets to the pearly gates and asks God, “Why did you condemn me to a life of anal sex jokes for 15 year olds?” God will say, “because you were my holiest clown.”

However, McCaul insisted that a “conflict is always a last resort” and described the US delegation’s visit as a way to “provide deterrence to China.

I wonder if the moron realises that normal people who live outside the West’s mental matrix take that as typical bully language: “if you submit, we won’t beat you”. Well, methinks that the rhetoric isn’t going to work with China.

Perhaps I am unique at Unz Review regarding how I see the world, but I think Andrew Anglin should see the world as an evolutionary competition between the Ashkenazim and Gentiles. The Ashkenazim have not conquered China as yet, but they are trying. Can they succeed? Now, in a conventional war between the Ashkenazim and China (not using nuclear/chemical/biological weapons), who would win? Would China even fight? China has virtually no experience in war since they never go to war – they talk about Taiwan belonging to them, but for decades they refuse to take the island back by force. They refuse to use military force to prevent the Ashkenazim from entering the South China Sea. And they refuse to go to war against India. So, without going into the genetic personality profile of the Chinese, I will just say that it appears that China will not ever have a real war, even against aggressors. I speculate that if the Ashkenazim just went ahead and made Taiwan a member of NATO and the EU, and even the fifty-first state of America, China would do nothing of consequence. Emperor Xi is all bluff.

So, if China will not even have a conventional war, then surely they will never have a nuclear/chemical/biological war. As I understand it based on brain science, China mostly consists of Individually Selected Genetic Sociopaths, so they are not willing to sacrifice themselves in an actual war with the Ashkenazim. China is a nation that has no religion – they are officially an atheist nation. They have no Spirituality/Religiosity/Monumentalism/Open-to-Experience, thus they have no reason to die for some “Greater Collective Good.” Each Chinese just lives for personal hedonism, gluttony, and debauchery. This is my understanding based on listening to Professor Edward Dutton, PhD, and Dr. Michael Woodley of Menie, PhD.

So, the Ashkenazim should just go ahead and do what they must regarding Taiwan and China. And let China know that if they can't have Taiwan, then no one can, meaning that the Ashkenazim will just annihilate Taiwan with a nuclear carpet bombing instead of letting China have it.

“We (the United States) didn’t want Russia to attack Ukraine. That was an exclusive Russian decision and choice”.

It’s common knowledge within non Western world governments that the US has been trying to get Russia into a war, any war, for at least 20 years. Russia under Putin was becoming too successful in business dealings with Europe and specifically with Germany. A unipolar world government does not like competition so Russia had to be curtailed. Therefore the US using NATO and Ukraine pushed, and pushed, and pushed Russia into a corner until Russia came out of the corner swinging. Nuland, Blinken, Sullivan got what they they had worked at for so many years. And then came the Unintended Consequences.

Unfortunately for the US, governments representing 80% of the worlds population didn’t support our sanctions and Russia’s alliance with the 1.4 billion people of China rendered the sanctions much less harmful than anticipated. And when, to the shock and dismay of everyone in the Biden Administration, the 1.4 billion people of India sided with Russia, the fate of the sanctions was sealed.

We’re in a multi polar world and it came at a shockingly fast pace. Russia and China refer to ” the new reality” and DC needs to adjust to it rather than continue to fight it.

If you allow this crap in your society you are playing with fire. I think so many nations put themselves in this risk, is because of a cargo cult mentality that wants the kind of prosperity they see in Brady Bunch reruns. (Heck even Myanmar just aborted such a near miss in the nick of time.) I think they are finally figuring out that post war Anglo-American prosperity occurred despite feminism and democracy, not because of it, and are seeing it's end result as that world has decayed to nothing but degenerates and drug addicts in tents as the ugly face of what exactly the US regime really is behind the mask.

Except, if you remember, anyone who was going to amount to anything was more than capable of following scholarship in their teenage years.

Blaming an idiot's idiocy on being a teenager only forgives them for being an idiot. Forgiveness is unsuitable; they cannot stop. They can't repent any more than a manlet can repent of being short.

You're arguing that Anglin's target audience is useless idiots who will never know anything. Or, by inspection, influence anything. This sort of thing is often called 'grifting.'

Americans are very fond of propaganda that claims non-juveniles are children. Indeed childhood now extends, in the latest catechism, to 29 or so. In reality you are competent (if usually inexperienced) by around 15. A 50-year-old who can command warships can also command them when he is 16. It's not an issue.

Plato; the old shall admire and Envy the young. By inspection, the old will pretend to be young as long as possible.

Conveniently this also justifies a lot of nanny-State behaviour. And justifies additional confiscation from the irresponsible children.

Yes, Satanism does seem inordinately fond of sodomy. Satan was certainly of the opinion that it's utterly perverse, and I think he would have known. That was definitely a major area of expertise.

And that's exactly why you don't need to mention it all the time.

The Sun is "obsessed" with rising in the morning. Why, it does it practically every day. That doesn't mean you should mention the Sun rose this morning in every article. On the contrary. It's so obvious it doesn't bear mentioning at all.

The Sun is at least beautiful and glorious. If you do mention it every day, you associate yourself with glory, however weakly.

If you mention sodomy every day, the one primarily being associated with sodomy is not the subject of the piece, but the writer of the piece.

It does bear mentioning occasionally. The Sun never claims that it didn't rise. You don't hear heavenly voices at noon going, "It's not daytime." As such, when Satanists directly lie, it should be contradicted. That sort of thing.

Funny how many White men in the Anglosphere — and savage apes in general — are willing to sell their souls to "kikes, faggots and niggers" for a couple of Judas shekels.

This is why this war is between Christendom and Zoglodyte trash. And I include a lot of fake-"Christians" in Zoglodyte trash. This is why Andrew also keeps contrasting true Christianity with ZOG freaks.

Christendom is being honed to a fine point, which will be the tip of the spear. Trash with a history of Zoglodytism will be impaled on that spear.

"Can't happen"? It already did, and will again. It's happening right now, here.

Mathew 34 "Do not think that I came to bring peace on earth. I did not come to bring peace but a sword. 35 For I have come to 'set[a] a man against his father, a daughter against her mother, and a daughter-in-law against her mother-in-law'; 36 and 'a man's enemies will be those of his own household.'

Zoglodytes better start sleeping with one eye open. Christendom is actually about the right kind of violence against the right kind of apes and trash, and their soulless string-pullers.

| A 16 commanding warships? Sounds like a comic book

Yes, real life often sounds fictional to Americans, so that fiction can sound to them like real life.

David Glasgow Farragut was trusted with captaining a seized ship back to port at the age of 12. A junior role for a junior, you might say. If they had put an idiot in charge, it would have gone on a joycruise and probably sunk.

Alexander the Great started as regent of Macedonia at 16. He started commanding an entire nation's army at 21. He didn't exactly screw it up, either.

DG Farragut got his first full command at 22, for reference. There are two reasons anyone waits that long. First and most important, jealousy. Secondly, they are poor judges of character and need a lot of time for evaluation. Have to run the numbers over and over until they can get them to start being consistent.

Have you not read “Culture of Critique” by Professor Kevin MacDonald? He explains that the Ashkenazim don’t personally see homosexuals and transsexuals as a positive thing, but rather they use them as a genetic weapon to weaken the Gentiles’ genetic fitness. In other words, if the Gentiles’ gene pool is saturated with homosexual and transsexuals, then they become very genetically weak, making it much easier for the Ashkenazim to conquer and control them. This is the only reason they promote homosexuality and transsexuality. It’s also the reason the Ashkenazim promote genetic diversity, multiculturalism, immigration, and anti-eugenics policies.

There are a lot of idiots and writing them off completely is a silly way to go about making any kind of societal change. Why do you think the regime spends so much effort pumping out propaganda to appeal to the lowest common denominator? Because without the buy-in of the very large number of not-so-bright people out there, it becomes a lot harder to maintain control. That's why outlets like the Daily Stormer do good work. We have plenty of big brain types writing excellent scholarly articles, we need propagandists appealing to the grugs as well, because like it or not, having them onside makes getting anything done a lot easier, and denying that resource pool to the enemy to the largest extent possible is a critical objective, if only because there's so damn many of them. Putin leads and represents a people who include at least 15-18 million native-born Muslim citizens, plus millions more legal RF residents from central Asia.

Fertility rates are terribly low across Russia, in both more-Slavic/Christian European Russia and less-Slavic/Christian Asian Russia.

But Chechnya is almost the only oblast in the Russian Federation with a total fertility above replacement level. Chechnya has a small population and its fertility rate has declined a lot in recent years too, but it keeps growing while the population of almost every other oblast ages and shrinks.

More important than Chechnya's unique population growth is ongoing immigration from neighboring Turkic central Asian nations (Kazakhstan, Tajikistan, Uzbekistan, Kyrgyzstan, and Turkmenistan). (I've also met and spoken with two Turkish men who spend part of each year living in Russia for construction and renovation work, but I don't know that any meaningful number of actual Turks are allowed to settle in Russia as permanent residents, let alone citizens.)

Thus, the RF's population is slowly but inexorably becoming more Muslim and Turkic, and less Christian and Slavic. This would still be happening, though much more slowly, if central-Asian immigration were restricted.

Putin builds churches, attends church, enacts laws against homosexual propagandizing of minors, and praises traditional Christian mores and "scriptures." What would you have Putin do

to disfavor Muslims or downgrade or disparage Islam's role in Russian society ... that would not cause sectarian resentment and violence and break his country apart?

SPECIFICALLY what would you do in Putin's position to avoid being branded as impermissibly "pro-islamic"? Deny permits to build mosques? Tear down existing mosques? Discriminate against Muslim Russian citizens in government employment and contracting? Pick a fight with a Muslim country and murder its men, women and children in their homes like the US does? Impose economic sanctions and cut off trade with Muslim countries? WHAT?

Irresponsible.

The only change you'll produce with this kind of attitude is additional Satanism.

Rather obviously pro-Egalitarianism voter-style propaganda.

The Amish don't need 'societal change.' If they need their bishop to change the rules, they go talk to the bishop. And then, knowing them by their fruits, the bishop, a specific person with a specific name and address, makes the right decision.

Who is your King? Who is your Pope?

| Why do you think the regime spends so much effort pumping out propaganda to appeal to the lowest common denominator?

Because it is irresponsible.

Even if it worked, everyone would line up to be the next usurper in a frenzy of infighting...

Thanks for the reply.

And you are right that Russia could repair the pipeline pretty quickly, but there is no point to do so since the Germans are committed to their self-destructive American-mandated sanctions policy and besides, the US would almost certainly just bomb the pipelines again.

From the first, immediately after the bombing, I've felt that it was at least 80% probable that the US did it. With that passage of time, that probability has increased to 100% certainty.

The Globalist Managerial State, the Biden State Department, the CIA, MI5, Denmark et al all know exactly the facts behind America's terrorist attack on Russian industrial infrastructure and have known since it happened or shortly thereafter.

If the terrorist responsible for the attack was anybody other than the US, we would have gotten a detailed description of the attack. The "six men in a boat" fairy tale was a laughable demonstration that the US did it and nobody has a realistic alternative explanation.

Another piece of evidence that cements this truth in my mind is the plain incompetence of America's terrorist attack. The same gang of geniuses that organized the abandonment of Afghanistan managed to only blow up 3 of the four pipelines.

My understanding is that your comment is invalid, since Putin is not even interested, ideologically speaking, in Ethno-Nationalism. Putting aside the creation of Ethno-Nationalist laws, Putin does not even let Russians know about the reality of ethnic competition in this war. He still orders all the Russian media to tell Russians that they are at war with National Socialists and Anglo-Saxons, instead of the Ashkenazim. And schools are not ordered to require students to read the books of Richard Lynn, J. Philippe Rushton, Kevin MacDonald, Michael Woodley of Menie, etc. Putin even passed laws making it illegal to question events of WWII such as the Ashkenazi Holocaust. And he made it illegal to talk about ethnic differences. He also created a false history of WWII and the Bolshevik Revolution and made it legally mandatory for all Russians to believe this false history. For example, Putin claims that the Russian Bolsheviks were the “good guys,” while the German National Socialists were the “bad guys.” Putin ordered all of Russian media and schools and libraries to omit the fact that the Russian Bolshevik leaders were Ashkenazi, and that these Ashkenazi Bolsheviks were in charge of Russia during WWII and instigated a war against Germany since these Ashkenazi Bolsheviks were allied with the international Ashkenazi community and shared the same goal of destroying Germany. Putin has banned all of this information from Russia.

Putin has also banned eugenics/transhumanism in Russia. It does not matter what non-Slavs live in Russia right now – eugenics/transhumanism can be applied to all of them equally to improve all of their genetic qualities. Any race can practice eugenics/transhumanism. If Africa did it, they could become a real Wakanda.

Finally, while it may be too politically “extreme” to kick out all non-Slavic citizens from Russia, Putin does not even prevent new non-Slavs/Europeans from becoming citizens of Russia. He has no interest in the well being of his race, and just sees humans as individual economic units that can be used for labor, and he does not care where these “economic units” come from, as long as they can perform their jobs adequately. This is why Putin does not allow Africans to migrate to Russia – he knows that they can’t do anything in a satisfactory manner, and are too crime-prone. But, he is okay with various Asian races moving their.

Putin is a fraud, an extreme Genetic Sociopath, just like Emperor Xi and Donald Trump.

Seems difficult, Indians are convinced that the Chinese will be even worse than the Americans as global leaders. Qandeel Baloch, I never found that attractive. She was killed by her brother, but interestingly enough, her father disowned the son for killing the daughter, and spoke very highly of Qandeel, despite her antics.

However, the real voluptuous Pakistani 'Kim Kardashian' is Mathira Mohammad:

<https://en.wikipedia.org/wiki/Mathira>

She has more of a body type of a Kardashian. Qandeel was a bit thin by comparison. I remember Mathira doing Durex commercials on Pakistan TV. While she may not really 'twerk' on TV, she does dance with some provocative hip shaking. She has definitely become a lot more curvaceous ever since she had a kid.

The more attractive 'Baloch' is Mahnoor Baloch. She's over 50, but she still looks like she's in her 30s.

Really? How do you exactly know how the Chinese will act or not? Listening to some PhDs who have dubious motives to cast aspersions on their target? Maybe the PhDs are agents of the Ashkenazim?

Surely you must know that the easiest way to lose the initiative, is to respond exactly to how your enemy expect you? The IQ barometer mustn't raise very high, does it?

The Chinese have responded, just not in the flashy manner you are used to. They have brokered a major peace between the Saudis and Iranians. Result: less disruption to energy supplies. Also good for them: The OPEC has now reduced the oil production. Extra money to the Russians.

They have pushed the de-dollarisation of major sales (UAE, Brazil, France). Slowly, slowly then quickly the USD ponzi scheme will collapse, and then the support for the US arms will atrophy. The Chinese are attacking the source discreetly, while the Russians challenge physically. They are playing to type but their actions are co-ordinated against the war-mad USA. Of course, the sooner they do the quicker we can leave the claws of the beast.

Because I saw others factually addressed your error already. So I decided to attack your error at the post 1949 era when you claim China had no sovereignty over Taiwan when Taiwan literally represented all of China until the 1970's internationally . You were simply wrong on both ends. But I will touch on one issue. China has always had “autonomous” areas. Which led to the instances the others already noted to you. Same with the islands of South China Sea (a European name btw): It wasn't until France took possession of them as punishment for China trying to help Vietnam escape the French yoke – did China need to “claim” them. Japan in turn took them from France. China began to do things the western way. So we see what we see now

| ‘Because I saw others factually addressed your error already.’

I don't think they did, and I don't think it was an error.

To be strictly accurate, the Ch'ing did establish some authority over the western plains of Taiwan for about a hundred years — although even then it was known as ‘the land of a hundred rebellions’ or something. However, they never even attempted to rule the mountainous east.

To say that Taiwan ‘is part of China’ is a gross distortion of the truth. Historically, it generally wasn't.

One would hardly claim that Alaska ‘is Russia,’ or that Algeria is France (although that proposition was advanced for a while). While no two national histories are precisely comparable, it's ridiculous to see Taiwan as China, and it's not at the moment, so why should it be incorporated into China? Do the inhabitants want to join?

Cut the garbage. It's the same dumb argument over Tibet. When the Brits wanted reparations they didn't go to the Dalai Lama. They went to the emperor in Beijing. When Japan invaded Taiwan (and the Diayou islands) how did they legally claim it. They forced the emperor of China to sign it over. Many rebelled because they didn't want to be part of Japan and didn't want the emperor to give them up – so they formed their own Republic – which was put down by Japan. Japan held it for 50 years until it had to surrender them back to China as per its terms of surrender.

The other people provided you the dates for the Ming and Qing era. But this is the real show as to who was sovereign was who Japan had to deal with to assert sovereignty. It wasn't the aborigines – but Qing Dynasty China. As to the original inhabitants – those people all live in the hills. All that makes “Taiwan” coveted as a western partner is from the migrants from Mainland China. It is a ridiculous assertion really. When Japan gives back Okinawa to the Ryuku people and the US vacates Guam and Hawaii and Diego Garcia and Puerto Rico then maybe you can pretend to care about the original inhabitants. Taiwan was a part of China before those were parts of Japan and the U.S. respectively.
