Společnost White Hats potvrdila zprávy, že FEMA a Havajská národní garda na Maui brání konvojům pomoci občanům dodávat jídlo, vodu a další životní potřeby vysídleným osobám, které se po ostrově potulují jako zombie od doby, kdy podezřelé požáry proměnily tropický ráj v nevyhnutelný únik. peklo.

V pondělí se na sociálních sítích začala objevovat videa ukazující, jak málo se FEMA zajímá o lidi, kterým agentura slíbila pomoc. Civilní lodě připlouvající s bednami s konzervami a balenou vodou mají nařizeno vrátit se na moře. Strážný křičí přes bullhorn, že byl oprávněn použít smrtící sílu k vynucení blokády.

Takové povolení přišlo od Joshe Greena, havajského demokratického guvernéra a loajálního stoupence Bidena, který nařídil uzavření silnic, čímž znemožnil útek, protože vysoké plameny zničily obytné a rekreační komunity, jejichž přežití závisí na cestovním ruchu.

V úterý TikToker Raylene Short zveřejnil [video, které ukazuje občany, kteří se snaží proniknout přes bariéru FEMA/Národní gardy](#) .

Přestože se čluny FEMA vyhnuly Havaji – možná proto, že White Hats za poslední rok potopily dva z nich – agenti se hojně vyrojili vnitrozemí a pobřeží Maui, kde spolu s příslušníky národní gardy zřídili mobilní velitelská centra. Zdroj z kanceláře generála Smithe odhaduje, že Maui nyní okupuje 2500 FEMA.

Zajímavé je, že FEMA přišla neozbrojená, zatímco gardisté byli viděni nést pušky a křížovat spálené ulice v Hummereich s kulomety a granátomety M19.

V červenci dal generál Smith ředitelce FEMA Deanne Criswell mrazivé ultimátum: Pokud FEMA dorazí do oblastí katastrofy se zbraněmi a vakcínami nebo bude terorizovat či okrádat občany, White Hats se podle toho pomstí.

"Tohle by mohl být Criswellův způsob, jak otestovat odhodlání generála Smithe," řekl náš zdroj. "Mohla by tady argumentovat, že lidé nedrží zbraně, že je to stráž, a tvrdit, že jejich činy jsou mimo její kontrolu."

Generál Smith, dodal, vidí FEMA a Havajskou národní gardu jako entity spojené kriminálními tajnými dohodami do soudržného, destruktivního týmu.

Řekl, že generál posílá síly na Maui a chování FEMA bude diktovat rozhodnutí White Hat.

Otázky zůstávají nezodpovězené, například proč by Josh Green a Deep State rozpoutali FEMA na svých vlastních lidech, protože Havaj je historicky modrý stát a Maui je domovem mnoha hollywoodských elit a bohatých politiků.

Na závěr jsme se zeptali našeho zdroje, zda si White Hats myslí, že Deep State Directed Energy Weapons (DEWs) byly katalyzátorem zuřící ohnivé bouře.

"Žádný oficiální komentář, ale odpovězte mi na toto: Pokud má Deep State přístup k orbitálním zbraním, proč se nezaměřit na Mar-a-Lago nebo Trump Tower, něco jako šílený vrchní inspektor Dreyfus vypařil OSN ve filmu Údery růžového pantera." Znovu, pokud mi nechcete říct, že Trump má kolem svých nemovitostí magický, mystický energetický štít."

Michaele Baxtere, zajímalo by mě, proč nemohu najít článek týkající se zatčení generálního ředitele společnosti Pfizer Alberta Bourly?

Remember Biden from the beginning
wouldn't comment on the fires in
Hawaii. maybe he knew what was going on
from the beginning. Just saying.

Sure, if they are bold enough do evil
acts against our own, what would stop
them from trying to destroy places
like Mara- lago?

What people need to realize is that you are not dealing with human beings in many if not most cases !!!! I happened to catch a little of the movie Rogue starring Megan Fox—now will sound crazy but she makes a big effort to show her throat and neck—She pulls her hair back and has a large Adams apple but the big thing was her neck which was undulating and swelling up and down like a lizard—ok some will be quick to call me crazy but watch the movie—Shape shifters and even with someone as good looking as her—It is said that about 90% of world leaders are not human—not hard to believe—
Don't want to believe then read the bible !!!! How does it start—Satan is snake in the garden—I wonder why and what does G-d do—curses him and tells him that in Gen 3:14/15 enmity between her seed and his (Satan) seed—Satan is trying to destroy man's dna/seed and it is plain to see if you have eyes to see !!!!

This is a fantasy. There are no reptilian shape-shifters.

Some people are just evil. You don't need to invoke reptilians or aliens or demons. There are some people who are just bad. Always have been, always will be.

question—do you ever read the bible ???? Try reading the first 6 chapters of Gen—then tell me there is no possibility—Why did Satan appear in the Garden as a snake—just answer me that —He could have been anything but a snake——

You're spot on, that clown will wake up with a red pill enema soon.

Correct. Father Jesus said he created evil humans and evil angels to punish His "beloved offspring" humans whenever disobedient to Him. Those evil beings have no option but hell because they're designed to enjoy evil.

Goodness ! Does anyone read the Bible ? God never said he created evil humans. Only Adam and Eve and they were perfect before they disobeyed him and fell into sin. Them being our parents gave us our sinful nature from birth. But those who want to give their lives to Jesus and be saved, take on our Father's "divine" nature. No longer human nature.

Evil deeds always spiral the person downward and they "wax worse and worse" as the Bible says. God never created aliens or half reptiles – half humans. Just as God called the condition before the flood, so does he call it the same today. "men's hearts r continually on evil." Because of their leader, Satan – not because they were created to be. There is no partiality with God (& says we r not to be). All are equal or God would be a very unfair and partial God.

Spell alien and take off the n. It's a trick to distract us with such garbage.

My comment is true and fact because I do not possess either the Jew Masoretic or Talmud edited bibles. Check the book you're reading. Likewise, I didn't say anything of "aliens" but since you brought up the topic, nine-foot ANGELS [Goliath] were among humans until Father Jesus drown them and their offspring.

News yesterday: another Recycling plant catches fire. One caught fire near us last week, and it never made the news. et cetera et cetera...

I'm thinking maybe Donald J Trump is being protected by unseen forces. George Washington had many horses shot out from under him. Native Americans believed that he was being protected somehow. Who knows how Washington survived? I don't have a clue, but I am grateful.

God bless President Trump!

In NWO-UN smart cities and One World Government plans, Hawaii will likely be reserved as a redeveloped playground and secure location for the elitist predator class rich, and others, commoners and locals who do not serve them will be exported to the mainland to a less beautiful stack and pack location or eliminated one way or another is my guess.

This shouldn't have happened at all. Yet, it is becoming increasingly obvious that this is all planned and we ain't seen nothin' yet...

The worlds big cities have 10+ to 37+ million plus people. They obviously can't touch them and just do smaller cities. If I lived out there, I would squat on the land. Lot's of people do that in Hawaii. They want to call them zombies. What's that exactly? Addicts that can't get a fix and handed over zombie drugs they settle for? There's always a land grab in these town destructions. There isn't a town without a vast secret underground going down under. Everything on the surface, especially traffic is watched closely on cameras. Hospitals included have a like 22 levels underground. That's not wiped out but they figured it out in Syria DEW attack in that war, they actually got underground and made a video of scores of tunnels and side doors.

I think the White Hats are letting this story build up a bit more before they drop the hammers on these bastards. The build-up and responses are to re-train the general public and the skeptics about what has been happening to the World since the illuminati has gained more and more control.. Since we are more than just spectators, everyone must have some skin in the game lest they forget.

I've been given such a hard time by qanons and delusional military fans who just wouldn't believe me. I'm not going to cry with you all when you are sobbing 😭 that your heroes are frauds.

They have always been liars but why do so many follow them? Because they refuse to hear or see truth. There are no excuses. They judge people based on the accolades placed upon them by Satan himself: "Respected High Level Officer" "Good Christian/Saved" "Former Intelligence with Connections". They only fall for people the world has approved and only go where a crowd has already formed.

👉 I'm not like that and I'm not sorry either. Many people have been cruel to me but I'll be laughing 😂😂 when the truth comes out. I'll laugh harder and better and I'll have the last laugh. 🌟

Over 2,000 citizens missing, unaccounted for, were ordered by authorities to "**shelter in place**", suspected incinerated in their homes and cars, most likely by DEW weaponry. Authorities officially now claim only whole bodies will be counted as dead. Really? FEMA is forecasting 2,000 dead mostly in Lahaina, the expensive land area owned by native Hawaiians, wanted by Globalist investors for their Utopian '**15-minute city**', numbers likely to go far higher. Incinerated bodies might only leave teeth behind. Is this to help bribe-offering insurance companies? Billionaire, millionaire mansions were spared.

The super-rich must have a direct prayer line to GOD.

Electrical cabling as the cause of fires is bullshit.

Climate change cause is utter nonsense.

DEW shots hitting the cabling is something else.

DEW weaponry melts aluminum wheels, melts aluminum engine blocks, melts glass, incinerates people, can destroy homes while leaving trees untouched between destroyed homes, left a gas station untouched in California. The boats destroyed anchored away from shore were probably DEW operators in aircraft or helicopters (rumored that drones can fire DEW lasers now) taking pot shots for fun against orders. Also rumored that DEW heat buildup has been solved, and no longer need cooloff periods, can remain on, ready to fire without heat buildup. Lots of military DEW-Laser-Microwave Laser information on the internet.

With its pinpoint accuracy, I call this event, controlled burn just like the controlled demolition of the twin towers. I also think, another controlling factor was storm/hurricane Dora that fanned the flames. HAARP may have something to do with the storm's path. Count on the guilty being in full bore cover-up mode. I enjoin all to pray that the Light of The World who is Jesus, will expose the guilty for the world to see. Blessings,

Could there be DUMBs (Deep Underground Military Bases) or large tunnels to the mainland on Maui or Hawaii or other islands?

Since all 5 Hawaiian volcanos are active, none at present erupting, but their cauldrons filled with molten lava, I do not see how DUMBs or tunnels to the mainland 2,500 miles away could be on the islands. Mauna Loa is the tallest mountain on Earth, measured from its base on the sea floor, 19,700 feet below sea level. So a tunnel to the Hawaiian Islands would have to be very deep, with deep water between the islands.

We do have tunneling machines capable of digging tunnels big enough to drive semi-trailers through. However, heat would be the machine's worst enemy, and those islands deep down would be very hot. But who knows for sure. The Globalist Deep-State definitely finds Maui very important for some reason. Incidentally, there is an Air Force site on Maui which researches Directed Energy Weaponry. (Air Force Maui Optical and Supercomputing (AMOS), with another site in New Mexico.

What we have here is a satanic attack by those filled w evil, just like 9/11 was.

So why the hell are the white hats being so gentle in their takedown with these fucking parasites. Kill them all let God sort them out

They did the same shit to my ancestors the native American they took our land and put us on reservations starved us to death.. oh trust the plan.. ; /

Under NESARA and GESARA, those atrocities will never happen again. Native Americans will receive many payments for their losses, anger, sorrow and loss of their homeland and culture. It won't replace what you have lost in the past, but it can make amends that you will never be abused, abandoned, lost and forgotten again. Your tribal lands will be preserved and expanded where it is possible, and special projects will happen to make your peoples prosperous and happy again. I pray for all of you.

There's not enough money on this planet to make up for what they've taken they murdered our women and children regularly

I pray for this whole world that these evil parasites are whip from the face of this planet one and for all

Michael do you have any information about what happened, what truly happened to Robert David Steele and Zev zelenko 2 men who were very closely associated to General Michael Flynn and there was another lady who was making YouTube videos exposing the Deep State all three of them die mysteriously

Why the fuck aren't the White hats doing fly overs with black hawk helicopters with 50 cal's on the side mowing these FEMA parasites down.. you're going to let these animals burn these people out and now you're going to let them starve them to death.W. T. F

The weather was normal despite a hurricane many miles away. Some videos show what appears to be a flash right before all the fires started. Some people are saying that citizens are being approached by people to buy up their land. Others are saying that there is some plan to turn this historic area into a 15 minute city. Others claiming that they are being told their insurance is no good and not going to cover their loss. Some of the cars that burned also liquified into ground. Some locals are begging the people not to

sell land to outsiders. Even the governor said in interview that he was hoping the local government/state could buy/take possession of Lahaina before entities from overseas do. The “math ain’t mathing” as they now say.

I lived and worked in Hawaii while my husband was stationed there. I know that you cannot buy land in Hawaii unless you can prove you have Hawaiian Blood. Unless that law changed. What you CAN do is lease land for 99 years. So there is a heck of a lot more to this than it appears.

That’s not true. You can buy land there just like in any other state.

I heard that they passed something not too long ago saying that the only way the land can be bought is if a natural disaster destroys the land.

Where did you hear this? Do you remember what this law was called?

And We Know made a video I think it was day before yesterday where he played different scenes from individual journalists and mainstream where this law was talked about. I’m almost positive that’s where I heard about that.

That witch, Oprah must have claimed she has Hawaiian blood. She owns 1000 acres there.

I’ve got my first check for a total of 13 thousand bucks. I am so energized, this is whenever I first really acquired something. I will work much harder now and I can hardly hang tight for the following week’s installment. Go to the Home tab for more detail. I highly recommend everyone to apply.. Payathome7.com

Makes sense given what I’ve been seeing in TikTok videos of people questioning the Lahaina narrative.

It’s put-up, or shut-up time for the so-called White Hats.

Maui is straw that broke camels back, depraved indifference.

White Hats must launch a post-haste counter-offensive by whatever means necessary, proving their existence and worth.

Now’s the time for the alleged Commander in Chief to publicly make his presence and authority known, the charade must end, enough already.

Lock and Load, acquire firepower, the stakes have been raised, next catastrophic event coming to a neighborhood near you.

Doobie Brothers: “taking it to the streets”.

Why is a woman from Texas being arrested for calling the Judge in Trump’s DC case? We can’t call people anymore? Jeesh. Can’t talk about the Pfizer CEO and can’t call judges...what CAN we do?

It looked like some type of accelerant was sprayed prior to the direct energy weapon that was used to start the incinerating fires that destroyed over 2000 buildings with cement foundations & cinder block structures burnt to the ground.

It looked like a war zone completely carpet bombed.

Their homes, their livelihood, their neighborhoods are completely destroyed.

A chemical analysis of the soil to find out what type of accelerant they use to start the fires.

A woman from Hawaii who was interviewed on the weather channel with a shocked look on her face said it was like a bomb going off.

Chemical accelerant – Aluminium oxide particles, arsenic, barium titanates, cadmium, calcium, chromium lead, lithium salts, mercury, methyl aluminium, nano aluminium coated fibreglass, nitrogen trifluoride, nickel, polymer fibres,, radioactive cesium, radioactive thorium, Selenium, Seratia Marcescens, sharp titanium shards, silver, streptomycetes, Strontium, submicron particles, sulphur dioxide,, Uranium.

The same national guardsman who are supposed to be under command of the CIC who is Trump? If Trump and White Hays are supposedly over NG then why is it they arent bringing aid to American citizens? Does this look like white hats are in control? Not to me and not to millions of others. More lies, never ever any truth.

Maybe they are not real National Guard soldiers, actors in Hollywood stage costume uniforms. Wouldn't be the first time. Resident Biden has lots of military around wearing improper uniforms, actors from the striking Screen Actors Guild. Maybe the strike is needed for more actors to replace continuously missing politicians. **Central Casting.**

Commander-in-Chief Trump has been often hinting in his rallies that many of his opponents are replaced by Central Casting, supposedly actors from the now striking Screen Actors Guild. Could HollyWood produce thousands of their great very real appearing silicone full facemasks for the actors? Of course they could, obviously have been, even more so with the strike shutting down movie making.

“And thank you to Vice President Pence. He has been so wonderful to work with. He’s a real talent, a real guy,” Trump said. “And he is central casting, do we agree? Central casting. He’s been great.” (spoken by CIC Trump in some speeches)

<https://www.usatoday.com/story/news/politics/2019/02/25/donald-trump-often-uses-central-casting-describe-those-around-him/2981978002/>

I heard that Space Force has one of their headquarters there. President Trump has said all along “We have it all”. Deep State could have been after that facility as one of their motivators to use the Direct Energy Weapon. Might also be that they wanted to show they can and will use it.

Absolutely highlights the Urgent importance of taking all kinds of weather engineering technology out of the hands of the deep state. That should be task number one because they will continue to use it against humanity

If we “have it all” why didn't White Hats stop this? Lahaina was a beautiful town and it grieves me to think of it being destroyed like this.

What's going on currently is many layered.

Remember there's an underground war that started in 2016.

Although Russia have been going much longer.

The Earth Alliance includes off World Forces as Human's can't win that war on Earth.

Please expand one's thinking.

There's been underground explosions there for a long time, please check it out on World EarthQuakes web sites.

No better time than now to execute and destroy all of those people, committes, governments, etc. behind this atrocity. That includes the WEF, NWO, Committee of 300, and any proponents of smart cities. Kill them all. If Hawaii ever needed to become an Independent Kingdom again, this is the time. Expel all foreigners and governments, especially those that demonstrated harm to the Hawaiian people. Take back your lands from the invaders, including scum like Oprah, Bezos, and everyone that is sidled up with the burn out and land grab of Maui.

I call 🐮 🍌 on while Guardsmen have been seen toting rifles and cruising the scorched streets in Hummers topped with machine guns and M19 grenade launchers, if that was really True someone has got a boat and a nice camera with a big lens on it that they can film what's been going on there, come on I'm calling bluff, come on let's see video, Tired of the Stories, let's see the proof?

You should go to Fake News for your proof, because you sound like you are one of their biggest fans.

Why because he dare to question the story almighty MB prints out? That makes anyone with questions a problem? Wow flipping the script much.

you aren't there. Go yourself. I've read reports and seen videos of citizens reporting exactly what Michael Baxter reported. The citizens that live there also stated children go missing all the time. Child trafficking spot for sure. 😞

Did you also read it from that site in Bangladesh who copies/pastes Mike's stories?

Saw it on "The Weather Channel" while they were getting footage of the burned out homes, etc. Truth is always stranger than fiction.

Hey remember that FEMA ship that was destroyed off the coast of Commiefornia last month? White Hats said it was unusual to see a FEMA ship off the West coast, as they usually were off the East coast. Well, was that ship getting ready to head to Hawaii? I think that these fires were a planned false flag attack by the deep state, and that FEMA ship knew what was coming, and was going to be used in Hawaii to participate in evil operations for the deep state.

Lahaina is prime real estate that someone/s want. Eminent domain would've been too obvious, the area was rich in generational history so acquiring properties would take far too long. This was definitely planned for a quick turnover. The crazies always use war and devastation to take control.

Too the White hats and others what happened in Hawaii could possibly happen anywhere. It's you want us all to be Patriots but I think we are fast losing faith in the people that are supposed to be in control. Just my opinion.

The fire chief was off Island? Pictures of rays coming from the sky . Now the demonic Governor wants to sell their land .Developers are calling victims wanting their property. It was a planned attack. Truly evil murderous mutants not human

The deep state does yes. I think Oprah should be made to give up the land she bought and go to jail for collusion in this mess.

Too bad Putin isn't our president. He would have them all strung up on tge beaches by now.

lol, the Marines are just as good as having Putin!!! Didn't you read the stories in FL?

Yeah but they don't give the orders they follow them. Even Berger and Smith check in with the CIC.

"..why Josh Green and the Deep State would unleash FEMA on their own people.." There are the indigenous Hawaiians and the whites who've settled there. The power is really held by whites despite sending brown DEM politicians to D.C. The land title question hasn't been settled yet since the original treaty has been violated as with the Indians. The Hawaiian king is going to take this issue to the UN for airing and resolution. Whites are scared of losing their pilfered real estate and destroyed all the relevant documents by razing the public buildings with the records to the ground with a DEW.

Shame on the white hats for not stepping in. People are being murdered and we still have no ebs or military take over. Its disgusting. Who will answer for Lahaina mass deaths?

Every where is supplied.problem was communication.we the people of Maui can take care of our own! There's no real emergency here as of today roads open!now is there dark people at work here? Yes they call themselves I.E.E.E these are our enemy!and there are no marines boots on the ground here!what we

need bad is everyone that lost there home should be released from there debt and pre approved to rebuild.Anything less will not be taken as a take over!!!!

Prayers for you and all the people in Lahaina/Maui and all Hawaiians who are and/or will be affected by this catastrophe.

DEWs for sure just like what they did here in Commifornia few years ago and other places. Evil Deep States!!!!!!

I don't understand the last statement. There's a video of a message from Maui saying last month IN THIS AREA was a meeting about turning Maui into a Smart Island without electricity and having 15 minute cities.

I don't understand why I got down votes for asking a question. I just wanted to know what happened to the Bourla story. Can anybody tell me?

Removed due to threats. No one's talking about it "on purpose"- "Target" practice hurts, esp when you land a bullseye. Read between the lines 😊

MB was kind of forced to remove it and he asked that no one discussed in here. They are trying to get his site removed.

I don't remember much about the comment section...Did you guys want to execute him or something?

Are we allowed to talk about how we'd like the Pfizer CEO to die?

Many people are saying this, it's hypothetical, but would be a fun team-building exercise.

Company lawyers are sweeping this site every day looking for evidence to back their case. And you just gave them some additional ammo. Well done Granny.

Thank God White Hats are on the scene.

Prayers for Your Safety & the People of Maui.

We are With You in Spirit.

| Thank God White Hats are on the scene.

Are they? Are they really?

Or is that just wishful thinking, more True Believer affirmations?

Hey, don't shoot the messenger – Dave shevling is on the scene, on location, and he said...

| ... and there are no marines boots on the ground here!

So what exactly is Mary "thanking God" about???

Face it, folks, ain't no White Hats coming to the rescue.

The ONLY "White Hats" are THE PEOPLE THEMSELVES collectively organising and working to SAVE THEMSELVES. Open your eyes and USE them, folks.

And deal with it.

Martin Armstrong says we've got another EIGHT YEARS of this genocidal Globalist BS to survive, folks. And FWIW, all the poor dumb schmucks sitting in their basements typing away on their keyboards cheering on the mythical White Hats just aren't going to make it.

Now let's brace ourselves for the inevitable avalanche of downvotes from the True Believer brigade – and that's only if Mr. Baxter allows this comment to last long enough to actually GET any downvotes.

😂🤔😏😅 and just how do you know for sure. Marines don't announce where they are. Many stealth missions are in place. THE ART OF WAR. Also PEADS. Actually I'm wasting my time attempting to explain what's obvious to anyone doubting the war that's being fought. If you know, you know..... 😞

You Tube has a lot of different videos on this from different people. I doubt this is a false flag. Pele is probably really pissed!

I just copied this from someone on Twitter that tweeted a video of this happening:

“THIS IS PURE EVIL!!! I Have Obtained New Footage From Maui Fire Ground Zero That Shows Hawaii Police Officer SHUTTING DOWN A CITIZEN DONATION CENTER FOR VICTIMS OF THE FIRES. The Officer Says (Not Knowing He is Being Recorded) THAT THE “POWERS THAT BE” ARE RESPONSIBLE”

I think it is too. And the behavior of the national guard and local law enforcement only confirms my suspicions.

It isn't there. IMO the Hawaiian's should confiscate all the land that those rich fat Haoli's have their hands on. Change lease from 99 years to 20 years. Run them out!!!! BTW I am a Haoli who lived there and love their culture.

The DEW scandal which is being swept under the rug. Do not dare call the fire a DEW attack on innocents. Chaos is what the DS is fomenting. Face it, DS you have lost control over the world, your central banks have no resources as most of the money laundering has been stopped. Your gold from tunnels have been removed and sent their respective nations. Like a wild animal, confused and angry you are lashing out at the people. Your tactics may kill, maim and destroy. You have lost the plot and war to annihilate humans.

I had heard that FEMA and Red Cross were the only two entities being allowed in, which I thought was odd. But knowing armed National Guard members are present—is concerning. Folks need to pay close attention to this. They might be located thousands of miles from us, it doesn't mean we want to ignore what the DS is trying to pull off.

The governor, national guard , and law enforcement are too. This proves the Deep State declared war on Hawaii. Likely because Hawaii declared it's independence from the Deep State/Cabal.

AN I WITNESS SAYS THE COPS BLOCKED PEOPLE FROM ESCAPING FRONT STREET LAHAINA ON ORDERS AND THEN OPENED FIRE ON THEM . . . GAB

Just in case you hadn't noticed, “police” ain't police.

They're hired mercenary stooges working for private armies for the corporatocracy owned by the World Economic Forum.

That's why they'll do ANYTHING that they're ordered to do – they're hired guns working for their thirty pieces of silver.

We know this full well here in Australia.

The so-called “police” forces in every Australian state and territory are actually CORPORATE ENTITIES with registered ABNs (Australian Business Numbers) and trading under the names of the respective “police services” in each state and territory.

Your "police" are NOT police – they are HIRED MERCENARIES working for PRIVATE OCCUPYING ARMIES owned by the long arms of the World Economic Forum who just happen to be IMPERSONATING police.

BTW, folks, this all amounts to HIGH TREASON, and the penalty for treason is DEATH.

We just have to figure out how to get these bastards arrested, tried, convicted and swinging from lamp posts, seeing as how whatever judicial system we thought we had is ALSO now owned lock stock and barrel by the World Economic Forum, and ain't no-one coming to save us but OURSELVES.
