To je teď... trestný čin??

Jak je to skutečné??

CNN :

Španělský státní zástupce podal stížnost na suspendovaného prezidenta španělské fotbalové federace Luise Rubialese za „zločiny sexuálního napadení a nátlaku proti Jennifer Hermoso“, uvádí tisková zpráva .

V úterý hvězda La Roja Hermoso podala oficiální stížnost u státních zástupců proti Rubialesovi kvůli nechtěnému polibku po finále Světového poháru žen, což vedlo k tomuto novému vývoji.

Stížnost prokuratury – součást španělského právního procesu – připravuje španělský národní soud cestu k zahájení formálního vyšetřování Rubialese, který odmítl odejít z funkce prezidenta Královské španělské fotbalové federace (RFEF), a k zahájení shromažďování důkazů. , což by mohlo vést k případným poplatkům.

„ Stížnost je podána poté, co se 5. září hráčka v doprovodu svého právníka dostavila k prokurátorovi a výslovně podala stížnost na události, které se podle jejího vyjádření staly bez jejího souhlasu,“ uvádí tisková zpráva státního zástupce . kancelář přidána.

Podle tiskové zprávy prokuratury Hermoso „ve svém prohlášení také odkazovala na to, že ona i její blízcí trpěli neustálým a opakovaným tlakem ze strany Luise Rubialesa a jeho profesního prostředí.

" Prokurátor se domnívá, že toto obtěžování by mohlo představovat trestný čin nátlaku ."

Jsem člověk číslo jedna, který nevěří, že v hlubinách, kam se demokracie propadne, existuje nějaké dno... a to šokuje i mě.
Vážně, co je tohle?

Vždycky jsem říkal, že po ukřižování Harveyho Weinsteina bylo možné všechno... ale oslavný polibek je teď trestný?

To je dobrý příklad pro tu hajzly, kteří tvrdí, že kdyby Hitler neudělal to, co udělal, nebylo by to tak špatné jako teď. Španělsko se nepřipojilo k 2. světové válce a Franco vládl Španělsku dlouho poté, ale zákeřná židovská rakovina se nakonec rozšířila do Španělska a změnila ho v to, čím je nyní, proti bílé, proti tradici, proti katolíkům, pro imigraci atd.

„Rape Griff“ neustále roste, je to podobné jako „Tragic GoFundMe“, kde propagandistické techniky mohou být kombinovány se sociálním zápalem pro určité memy a archetypy, aby se cynicky získalo peněžní odměnu za to, že jste se zapojili do nějaké události, o které Outrage/Grievance Economy se může sama namazat. Ženy na celém světě jsou naprosto znechuceny myšlenkou, že s nimi někdo zachází jako s tímto fotbalovým termagantem, ale také dostávají bezstarostné, imaginární rozhořčení při pomyšlení, že vládnou tomu, že byly obtěžovány všemi a vším, co jim stojí v cestě. Tato psychodynamika je úrodnou půdou pro extrakci payoly. V poslední době se vyskytlo několik případů, kdy byli američtí sportovci obviněni ze znásilnění vlastními manželkami a vypláceli obrovské výplaty + přišli o kariéru.

The BBC were the people who started making a big thing about this.

Of course, it is completely unconnected with the fact that Spain beat England in the woman's football game. The BBC invested an ***ENORMOUS*** amount of energy hyping up women's football – for all the usual woke anti white male reasons.

{The BBC were the people who started making a big thing about this.}

Fair enough.

But as poster [Zarathustra] noted in #5, a kiss on the lips should be a No-No, No?

If nothing else, the Spanish coach is “guilty” of gross stupidity: I mean, is he living in a cave?

Doesn't he know what's going on in the Woke West?

He really stepped in deep doo-doo, and will get smeared with S___.

Like it or not, that's today's Woke West reality.

But really: why is it even an issue that he is being scolded?

No stranger man has the right to kiss a woman on the lips*.

@Trinity.

He said much, much worse on the Stormer for years, like women deserve to be raped and put into cages, is it ironic and does he really think it who knows, but he said/says it multiple time, and also that we need a “White Shariah”, this one’s probably one of (((Weev’s))) “good” idea, also remember he was saying that dissident had to maintain “good optics”.

His pal Fuentes surely knows how to maintain “good optics”, like going on a (totally ironic, trust me bro) date with this guy :

Or how laughing about dead white little girls is just top optics too :

<https://dailyrake.ca/2021/11/24/waukesha-amnats-not-even-once/>

Or that “America First” “leadership” are pretty much all faggots, or pedo faggots :

<https://occidentaldissent.com/2023/07/26/america-first-optics/>

And that’s what Anglin has to say :

We’re all here for Nick.

He’s the man.

We are loyal to Nick.

We are a cult.

America First is Nick First and it’s really time to clear out anyone who doesn’t recognize that. We need loyalty tests and purges.

Many American White women — of all ages — kiss in the mouth of a dog (i.e., *Canis lupus familiaris*).

But, American White women get offended when a man put his mouth on their lips.

American White women do not need men (i.e., biological males) anymore; because, American White women need more and more dogs to sleep with every day and night.

There are American White women who put their mouths in the rear-ends of dogs too!

American White women live with dogs, sleep with dogs, play with dogs, and even fornicate with dogs when no man is around.

So, the Spanish football-player naturally got distracted and offended by a man kissing her lips instead of a dog or a cat putting its mouth on her lips!

Over the years I have observed few nasty habits amongst Indian “Hindus” and one of them is accusing people for “Public display of obscenity” (e.g., publicly kissing and publicly hugging by opposite sexes), which I think — scholars may disagree with me here — came from approximately 800 years of Islamic rule in various parts of Indian subcontinent where “Hindus” were subjected to Islamic custom of male-female separation in public arena.

When American actor hugged and kissed Indian actress Shilpa Shetty in 2007, Indian “Hindus” went berserk.

In Vedic culture, the biological creation of male and female actually compliments each other whereas, in Islamic culture, biological females were created — by fictitious Islamic Allah — for domestic work and for the pleasure of biological Muslim males!

But, Indian “Hindus” are so selfish and insular in their mindsets that, it is a total waste of time to talk about original Vedic culture of Bharat Rashtra with them.

I always said that after Harvey Weinstein's crucifixion, anything was possible...

they did the same thing to Bill Crosby!

/s

just because a lot of women today use the 'me too' movement to destroy innocent men, doesn't mean a lot of guys like Weinstein weren't guilty of serial sexual abuse.

Maybe the twelve year old girl from the trailer park agreed to get on Epstein's jet, but I still don't think that absolves him of rape.

It's when bitches like this one, (and the lying bitches during the **actual** crucifixion of Brett Kavanaugh) tell their lies, that it destroys it for the honest women who really are victimized by predatory scumbags like Weinstein and Crosby and Epstein.

I don't paint all women with the same brush. Some of them do get raped by scumbags.

But this cunt, who was laughing about it on that video, clearly isn't one of them.

And she should be shamed and ostracized for the lying bitch that she is. That is, if women ever want to be taken seriously, when they are actually abused.

But therein lies the rub. Because just as guys like Anglin will knee-jerk support the man, (even a disgusting rapist like Weinstein), so too many women will support this cunt, just because she's a woman.

I agree . I've never thought of kissing some woman on the mouth , just because . I don't kiss women on the cheek because honestly it's a faggoty thing to do .

With that kissing a woman isn't a crime imo . It's rude as hell and no one should invade your space . However I've about had it with this me too bullshit , and so has every straight white woman I know .

Some asshole my mom worked with back in the 70s whipped his dick out , mom told him to put it away or next time he'd be walking with a limp . A few days later this dumbass does it again . She squared him in the nuts with her right boot . He wouldn't even look at her after that . Of course my 6'4" 250lb biker father wanted to go kill him , mom knew better and wouldn't tell my dad who did it .

This me too shit is a bunch of narcissistic twits seeking attention. The so called college rape culture has been thoroughly debunked as well . Women bitch because no one will believe them anymore , well no shit ladies , you did it to yourselves .

Of course if a woman is raped then the perp should have his balls removed with a straight razor and then blasted by the firing squad. That won't happen as the do gooder leftist don't believe in capital punishment.

also directed at Rich — “It’s a freaking kiss.”

Which man?

this one..

or this one?

and many (well, *some*) women would be offended if even Pitt kissed them on the lips without some kind of invitation

a kiss on the hand, is generally allowed, a kiss on the cheek or forehead, would generally be fine in the situation in question. But a kiss on the lips is intimate, and should only be done when you know she's willing, (as from the video in the bus, it certainly seems so).

No, you're the moron. So the guy should lose his job and even be prosecuted for a peck?

It's retarded, sorry. Women are not dumb, fragile angels, much less in sexual stuff. They know very well how to get or avoid a kiss — and, in the last case, a slap works, too.

What clearly happened here is a famous case where the woman “thinks about it” later and decides that the kiss was “unwanted” — women get to define consent after it happened. Which makes sense, in a way, because, with women, you have to touch/kiss first to see if she likes it and you can go on.

“Consense”, if it exists at all, is always non-verbal. No one asks “can I kiss you now?”, “can I touch your breasts now?” It would completely turn off any woman.

The only possible problem here is that it was public, and that the guy was her boss, but an apology should suffice.

It's even worse than that. This guy lost his job, also the main coach was fired, in his place they hired a female coach (probably a lesbian). The replacement for the serial kisser will be a female/lesbian too.

The whole story dampened all celebrations and the Spanish papers are only talking about the stupid kiss and not the victory.

Now led only by women and with drama-queens having free rein without any male authority, it's unlikely that the Spanish team will ever win anything again.

If they were smart they would have realised the bigger picture and stopped all this silliness earlier

Like they say, big cats are dangerous but a little pussy won't hurt anyone. That being said, any woman who LIES about being raped should "go right to fucking jail"—Al Pacing in And Justice For All. And for every rape hoax, how many men force themselves on a woman aka rape without her consent and these rapes are never reported?

Back to the kissing and other acts. How many men want an ugly woman or a woman they are not attracted to at all, walk up and grab them by the balls? Would you be offended if Whoopie Goldberg kissed you? Now a good looking woman? Hell no, but that is why men and women are different.

Women bitch because no one will believe them anymore , well no shit ladies , you did it to yourselves .

I was supportive of the original 'me too' thing, because I'd heard Wienstien was a disgusting lech for a long time. And I believed the accounts of Bill Cosby being a serial rapist. For too long, powerful scum like Ted Kennedy and Bill Clinton have gotten away with terrible wrongs committed against powerless women. Rape in the case of Clinton, and (cowardly, heinous) negligent homicide in the case of Kennedy.

I don't care how willing a thirteen year old girl from the trailer park was after being groomed by Epstein's female professional groomers, I'd have prosecuted every last one of those middle-aged, flabby, rich slobs for statutory rape.

If prince Andrew can't get a date, being a prince!, for Christ's sake, then he should settle for porn, or expensive, (but of legal age) escorts.

Subjecting those girls to men like Dershowitz, seems to me a kind of depraved and degrading sexual torture.

I was all for seeing them finally held to account.

But then these women had all this general sympathy, from average guys like me, and what do they do with it?

They march into the courtroom, at the height of the 'Me too' movement, and then these rotten lying bitches perjure themselves, and accuse a man of sexual crimes he didn't commit, because a potential Supreme Court Justice might be more conservative than they would prefer.

And the whole 'me too' movement was supporting these lying bitches, and in doing so, destroyed every scintilla of credibility they had fought for- for generations, and finally achieved, at long last, and then dashed every bit of it on the rocks of dishonest and self-serving Identity Politics. Wokeness. The same wokeness that I've seen feminists toss rape victims under the bus for, if the rapist was a Negro and the victim white, Negroes of course being their fellow wokeness eternal victims of 'evil white men'.

It was a sad day in the hood.

Of course if a woman is raped then the perp should have his balls removed with a straight razor and then blasted by the firing squad

yes, but it depends on what is meant by 'rape'

Holding the door for a feminist, does not qualify, even if they say it does.

whereas taking out your frustrations for 'centuries of slavery', and 'systematic racism' that pervades our white privileged society- on the evil white man's daughters, would no-doubt be excusable to the women of the View, but I'd be all for your straight razor in that case.

@Trinity

| To be fair would you want an ugly broad to kiss you?

I have allowed it. Maybe it's the fat bridesmaid at a wedding, and she's a little toasted, and all the other bridesmaids are getting kisses, and so I do my duty and allow a kiss on the lips. Come on, it means that much to her, how could I not?

I have turned my head, btw, when it's an old women, like a teacher from high school, and I give her a hug because she was nice, and then she goes for the lips, and I react as with a lightning reflex. Not going to happen!

| That being said, any woman who LIES about being raped should "go right to fucking jail"

I don't understand why they don't.

The Twana Brawleys, and that lying bitch from the Duke "rape" case, and so many others.

Didn't one of the lying bitches from the Kavanaugh hearings admit she was lying?

| How many men want an ugly woman or a woman they are not attracted to at all, walk up and grab them by the balls?

I've been in some seedy bars, (years ago, alas), when a particularly solicitous lass have done exactly that. It does have a way of getting your attention. Who knows, maybe I'd had enough to drink by then, she wasn't *that* bad looking.

Men and women are different you know. I've never been offended when a saucy gal was too aggressive. Even grabbing body parts, is more or less Ok when a women does it to a man.

It's like if you found out your seventeen year old son had been seduced by his pretty math teacher, attaboy!

vs. your seventeen year old daughter, seduced by her male teacher, and they find him in pieces from the pond behind the football field to the garbage dumpsters.

| Now a good looking woman? Hell no, but that is why men and women are different.

exactly

{Where do you live, Ghattotown? }

Nope: not even close.

Sorry, no hood rats in my town.

Very traditional.

Old school.

Something like this:

[Frank beats up shopkeeper for shoving his daughter (the Irishman)]

Watch Video At: <https://youtu.be/KOisMk2oTvk>

{But it's not a big deal either way.}

Since you were not on the receiving end of the misbehaviour, you are in no position to say “*no big deal*”. If and when she publicly announces that it was no big deal, and she’s OK with it, then case closed.

The BBC are absolutely correct in making this event the biggest story of the last fortnight. In the same period hundreds if not thousands of men have suffered violent death in the Ukraine conflict but that is of no importance in comparison to the world changing event of the male football manager giving the female footballer a kiss on the lips. I earnestly hope that we hear about this for the next sixty years. Maybe they could build a memorial or even a museum.

Come on, Avery, didn't any guy ever give you an unwanted kiss? Did you knee him, slap him or punch him? Any girl in my family would've known what to do, but this wasn't even done with amorous intent. The guy kissed her in celebration. An adult woman should know how to easily dissuade that, and not try to be a super victim. He apologized, and that should be the end of it.

Like all of these sort of beat ups, you have to read between the lines. In the past there has been turmoil in the team with the players striking because of the coaches regime causing emotional distress. They won the finals without their best team I believe. So the coach obviously already had a target on his back.

Here as it transpired the news crew even asked the player about the kiss, and she said that it was OK. She gets home and look what happens. An opposing faction probably got into her ear and everyone is out. Out with old and in with the new.

There is a scene in *Heat* (1995) where 55 year old 5' 6" Al Pacino defeats hulking, ripped 34 year old 5' 9" Henry Rollins. It looks a little bit silly.

In fact, here it is, timestamped:

Seemingly recorded with the proverbial potato.

The BBC is engaged in an Orwellian project.

Women's football is popular.

Women's football has *a/ways* been popular.

Women's football is just as interesting as men's (if not that little bit better).

Meanwhile, back in boring old reality, no one really cares about women's football.

People seem to be missing the obvious in the homo, tranny, meetoo and toxic masculinity world even a mild heterosexual act cannot go unpunished. The next thing you know, he may start opening doors for women, offering an underdressed woman his coat in cold weather or (gasp) pulling out her chair at a fancy restaurant when seating her!

I was once admonished for not pulling a chair out in such circumstances. My date was from Eastern Europe and it was the early 90's. That is when I realized that we were already feminized in the west while women from former communist countries were still....women! They certainly dressed, looked (kept slim) and acted like it. God, I miss those early days. No such luck now.

Will Smith can haul off on Chris Rock on a larger international forum with not the slightest hint of the law getting involved (the perp was actually being consoled afterwards) and this Spanish chap gives a quick congratulatory kiss and the law, in obedience to almighty wokeness moves in to prevent 'crimes' like this from ever occurring again.

Do notice that when the media hype moves in lockstep (plandemic, Ukraine), it is the big boys playing again. I heard about the kiss and only then found out about women having had some kind of footie tournament.

Cheers-

A kiss was really over the top. What was the guy thinking? He should have drawn the line at fondling her shoulders, sniffing her hair, and maybe just taking a shower with her. Then he could have at least stood a chance to become, VP, or even President.

What does Kim Kardashian have anything to do with this issue, homes?

And do I detect a large measure of jealousy there?

You sitting in obscurity in some basement writing posts to UNZ **anonymously**, presumably trying to do what? Shame me?

You are living in some mobile home park while Kim is worth \$1.7 Billion, living in a mansion with servants.

Good or bad, she has enormous influence in America: nobody other than you cares how she makes her money.

If more than a dozen people did, she would not have accumulated a net worth of \$1.7 Billion.

She even met POTUS Trump and convinced him to pardon some woman (...don't remember what crime), while you are rotting in your mobile home dump, feeding stray cats for entertainment.

You will die in obscurity, and no one will know you existed.

Kim Kardashian and her sisters are the product of the decadent American environment.

Nobody other than the Amish perhaps can escape its tentacles.

There is very little to none of traditional Armenian values in her, other than her name.

Having said that, so what's the issue here? That she and her sisters like famous black guys?

How does that hurt you or anyone?

How many people have been killed by Kim and her sisters?

Would you rather she was a world famous Jewish woman like Victoria Nudelman for example, responsible for the deaths of hundreds of thousands of people by proxy?

Or world famous Anglo Hilary Rodham Clinton, also responsible for the deaths of hundreds of thousands of people by proxy (Libya, Syria,...) ?

Go back to feeding your stray cats, loser.

Conservatives strongly disapprove of all this public sex behavior. They believe that men and women should behave modestly and with self-control. The way they used to when societal norms were enforced.

Well, I mostly agree with that. But it is not what is happening today, nor in this case. What is happening is that today MEN are forbidden all kinds of sexual expression (in public or otherwise), while women are free to flaunt their genitals and do whatever they want or like, with no consequences.

I seriously side with the woman. I remember when I was 20 something and I had a 50 something year old woman make a move on me. As a man I could stop her advance but a woman cannot physically stop a man in most cases. This wasn't some "cougar", just an average 50 something female, chunky, way past her prime. Now put yourself in a this girl's shoes. Some old dude grabs and you lays a kiss on your mouth? Gross, man.

In high school I was leaned back against the wall with my eyes closed and this Black girl kissed me right on my White boy lips. Everyone started laughing. I never lived that one down. I am sure MOST young women don't want to be kissed by 50-60 something year old man on the lips, peck or not. I'm 62 and I would shake the young girls hand.

If you look at the video that [Twitter/X] by the handle NEXTA posted, this is what you'll see:

1. The coach gave her a long, tight hug: Great, no problem.
2. He kissed her on the cheek for a while: Fine, no problem.
3. Then for some reason only known to him, he decided to close the deal by giving her a tight kiss on her lips, while holding her head close to him with his hands.

Very bad optics.

Note: the woman in red dress hugged another player, and that was it.

I think that I read a discussion where Rock wouldn't necessarily have to press charges to have Smith arrested for some derivative crime that the assault represented. The reasoning was to get around situations where the victim would be afraid to do so for fear of a more severe retribution, a woman, a child, a mentally defective etc...

What if somebody is beaten so bad as to have brain damage or a blackout of the event?

My essential point was that assault can be words, touching (a mere finger) and the police readily arrest on the slightest pretext or evidence as shown many times on Youtube. To have some asshole walk up on stage and without reason (forget Jayda) smack somebody in front of the world and not have ANY legal consequences whatsoever shows the selectivity in the application of the law. As Teddy R famously said "no man is above the law, and no man is below it". I would have thought that they would have at least fig-leafed the situation with a 'disturbing the peace' or some-such (later to be dropped because of his alleged state of mind).

As to your previous post, as a 62 year old, if you went and shook this young girl's hand, my thinking is that you yourself would get arrested-ha!

Cheers-
