

BREAKING: Největší raketový útok zaměřený na Sevastopol, ostřelování zesílilo v Belgorodu

 southfront.press/breaking-largest-missile-attack-targeted-sevastopol-shelling-intensified-in-belgorod/

zaprvé, zasloužil sis to, protože pokaždé, když tam na stejném místě přiletí globální jestřáb, pak tě bombardují, už se to dělá více než 20krát, příště to zastřelíš a nebude žádná útočná idiocie Rusů

to je typický košer byznys židovských satanistů. chazarové jsou proslulí svými teroristickými aktivitami po celém světě. chazarská mafie ovládá Evropskou unii a Jewmeriku.

NATO silně využívá slabiny Ruska. příliš se bojí nato... v boji musíte tvrdě udeřit, aby vás soupeř vyděsil...

nebojí se NATO, pokud odpoví, bude to taktickými atomovkami a pak ještě většími zbraněmi, všichni zemřou včetně vás. doufejme, že Rusko je dostatečně chytré, aby ukončilo ukrajinský stát, takže od nás/francie/uk nebudou doručovat žádné další rakety, pokud je nebudou chtít doručit do rukou Rusů.

no need to project. it is nato that is scared of russia that's why they can only do proxy wars instead of taking russia head on. western and zio cowards pussies and narcissistic psychos.

the usa and before them the british have successfully operated with proxy wars all the time. why should they risk their own if they dont have too. i mexico would have attacked the us and a chinese awacs would send them target intel the next day all chinese planes civilian and military would be shot down anywhere near the american continent. if you play the game of thrones you either win or die. putin gives me ned stark vibes.

this is the attack from nato, not from ukro, is russia still in illusion?

is is technichely not a nato operation cause the west ist very good at hiding things. probably all former nato personal now in security companies who rented some decomissioned equipment and having a token ukrainian to push the button after the target is locked.

stop the special operation and start the real war, plus this big attack happens just after the massacre at the concert, too much is too much

the entire ukrainian leadership including the president zelensky and the prime minister shmygal are jewish. victoria newland and the others who orchestrated the coup are jewish. sbu is nothing but a front for mossad. the israeli lobby aipac openly brags on their website that they select 98% of political appointees in the us. the jewish supremacists own 97% of the western mass media and use it to foment russophobia. russia needs to understand who the enemy of russia is.

yes my friend. you named the enemy of the mankind with surgical accuracy. this is a typical kosher business of the jewish satanists. khazars are famous for their terrorist activities around the globe. khazarian mafia is controlling the european union and jewmerica.

1/2 after the balfour declaration, around the same time that the bolsheviks overthrew the russian empire, they had plans to move the zionists to crimea. why did the bolshevik lenin hand over so much russian territory to build up ukraine? why in the 1920s did they send thousands of zionists to crimea? giving them land belonging to the tatars, which ended up with the tatars being exiled.

2/2 then the first priority of the bolshevik krushchev, when he became leader of the soviet union communist party, was to gift russia's crimea to ukraine. 1947, after the war, those behind the bolshevik overthrow of russia, the same year the cia was formed, they took part of the middle east, in order to create isr*el. why are they so obsessed with crimea?

well look for the same signs in the so called global south and you will realise that this is just a game of thrones of different oligarchs worldwide using their assigned territories to fight each other. and yes they all believe in the same god. well besides soros who believes he is a god himself.

this was a nato attack those ukrainian nazis don't have the capabilities to throw storm shadow missiles about willy nilly russia hit those bastards hard.

putin /russia needs to be more proactive impose a no fly zone over the back sea so their global hawks can be shot down without a warning problem fixed same in syria

“ukrainians should get ready for the upcoming russian response.”

patience sf readers, all in good time...

take out the kiev political and military leadership! to start with then start identifying the ceos of the arms firm's supplying the kiev regime and eliminate them!

not exactly anglo-masters, but their real jewish masters, behind the scenes in the shadows.

from mexico to san diego military base with 120mm mortars, or better 240mm mortars.

and turn uk ship in red sea into sinking wreckage.

hey people, educate yourself. the real scums are the jewish masters, behind the scenes in the shadows.

10 missiles would suggest at least several aerial platforms launching such missiles. so are these warplanes flying into ukraine from nato airbases?

putin needs to stop pussy footing around and shoot down these nato uavs

shoot down every single british and american drone over the black sea. how many more attacks will you put up with? britain and america deserve to be smashed

den schwarze meer bis vor istanbul und die küste von nord-türkei schließen. alles andere hat keinen sinn. den ganzen schwarzen meer zu machen.

nex time red hawk flies over there cut the chase. just shoot it down. show some heart.

amerikan vermin same as their nato submissive vassals—germs danes etc having been defeated by russia solidify russian unity and ensure that these inferior vermin are eradicated from ukraine—the cowards obviously morons must die in the thousand before they retreat to their ugly cesspool and admit their humiliation

if i were the president i would bomb the ukranian cities around the clock until there is peace .

al tanf is another great target turn it into ashes and the us terrorists cant call for nato because they are occupiers there , then support huthis give them everything they need to sink the angloamerican tranny war ships . in irak there are also many us military bases support the katib hezbollah there and destroy these bestards what are you waiting for .thats the only language the us terrorists understands , the us state is bankrupt thats why they want war .

ahhh my dear anglo scum capitalist paedophilic genocidal perverse and pervert tom the satanic wanker ,note that your satanic race along with your “friend” into perversions and genocide the khazarian filth very soon will be deleted from the face of earth from baby future genocidal capitalist exploiter to the actual adult paedophilic! we the rest we will kill your scum races one by one the ones who will not be vaporised by chinese and russian nukes ! amen !

the fascist capitalist paedophilic and genocidal both scum races the anglo and the khazarian jew extremely soon will be deleted from the face of earth. those 2 perverse \pervert capitalistic parasitic entities will be eradicated as they are satanic,paedophilic,abusers, feudalistic and unnatural! amen!

shoot nato reconaisense planes and drone frnce,usa and britain are deidperate.attck france and britain.this is what snowden used to warn modcow for whom putinsaid should bblaming west just to earn killer trump support,

odkud se toto odpalování rakety definitivně ze špionážních letadel putin přestává líbit nato, jste přesným povzbuzením k jejich zločinům proti Rusům a ruské armádě. ustupte stranou, aby to převzal Medveděv. protože se tak obáváte jaderné hrozby NATO. což také víte Rusko vyhraje, ale prohraje kvůli vašemu zmatenému přístupu, s méně informacemi od hloupé inteligence a generálů

Nechápu, jak Rusko nerozpoutává všechnu svou zuřivost tím, že bombarduje nejen letiště, přístavy, vojenská zařízení, měli by zničit i celou ukrajinskou elektrickou a jadernou energetickou síť, navíc zasáhli velitelská centra NATO na ukrajinském území a pokusili se zlikvidovat celé vojenské vedení Ukrajiny včetně loutky
